

I want to thank Eddie for showing us what people who are visually impaired can do, and actually each one of us can do, when given the opportunity.

**TIME TO STOP THE GRAVY TRAIN TO COMMUNISTS**

(Mr. TRAFICANT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TRAFICANT. Mr. Speaker, news reports say China and Russia will sign a treaty opposing U.S. policy. China and Russia say, and I quote: "America is too powerful and we must stymie their missile shield."

Now, if that is not enough to spike our vodka, we give Russia billions of dollars a year in aid. China now takes at least \$10 billion a month out of the American trade surplus. Some experts say it is as high as \$20 billion a month.

Mr. Speaker, we have a trade deficit of \$40 billion a month. Think about it. It is time to stop this gravy train to these Communist pimps, so help me; half a trillion dollars a year, and they have missiles pointed at us.

I yield back the fact that America, with a half a trillion dollars in trade deficit, is an America looking at a financial disaster.

**CONGRATULATING HEBREW HOMES HEALTH NETWORK, UNITED FOUNDATION FOR AIDS, AND SOUTH SHORE HOSPITAL FOR HELPING FROSENE SONDERLING CREATE THE JACKSON PLAZA CENTER**

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, Frosene Sonderling's wish came to fruition in my hometown of Miami when Hebrew Homes Health Network and United Foundation for AIDS opened the Jackson Plaza Nursing and Rehabilitation Center.

The center is dedicated to persons battling diabetes, Alzheimer's, cancer, and Frosene's main cause, the elimination of HIV-AIDS.

In association with South Shore Hospital, the beneficiaries of the Jackson Plaza Center will now have access to direct patient care, to housing, to community service, and to education. The center is becoming a home to many in our community in helping to preserve the quality of so many lives.

Mr. Speaker, today I congratulate Hebrew Homes Health Network, United Foundation for AIDS, and the South Shore Hospital for championing this cause in our South Florida community, and for making Frosene Sonderling's dream a reality.

Frosene was a former constituent of mine who worked tirelessly to raise

funds for AIDS research. She was a noted contributor to organizations that help people infected with HIV, and she harbored her selfless passion to help this infirm population. Her donations benefited medical research for AIDS treatment; and before her death, Frosene shared a dream of a state-of-the-art facility. We are now very proud that it is in our midst.

**THE BUSH TAX CUT IS TOO BIG**

(Mr. GEORGE MILLER of California asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GEORGE MILLER of California. Mr. Speaker, it is becoming very clear that whether one is old or young, the Bush tax cut is too big and will not allow us to meet the priorities of this Nation.

For those parents who want a decent education, a first-class education for their children, who want quality teachers in every classroom, who want modern schools, who want to make sure that in fact we can reduce class sizes because we now know that children learn better in smaller classes, the Bush tax cut is crowding that out.

For the elderly, the Washington Post points out today that the Bush tax cut is a raid on the Medicare trust fund, that Medicare is being raided for the purposes of paying for the tax cut. So both the young, who we seek to provide educational reforms for and a quality program, and the elderly, who we seek prescription drug benefits for, who seek to have their health care coverage taken care of, those funds are now being raided to pay for the Bush tax cut.

We should not allow it. We should understand the priorities of this Nation; and the priorities of this Nation are that people want Social Security and Medicare protected, and they want a first-class education system for America's children.

We cannot have that if we have the Bush tax cut.

**AMERICA MUST BE ON GUARD AGAINST RUSSIA AND ROGUE NATIONS**

(Mr. STEARNS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. STEARNS. Mr. Speaker, the President of Russia recently concluded an agreement with the Ayatollah of Iran. Russia has been helping Iran in the development of a nuclear power plant, and that cooperation will continue.

It is curious why a nation such as Iran, a major petroleum producer, would need nuclear power. I fear that the answer is found elsewhere. This agreement with Russia is also a major

arms pact. Iran is seeking advanced military equipment from the Russian government.

Global stability depends on isolating rogue nations, such as Iran, North Korea, Libya, and Syria. The Russians are providing arms and technical assistance to a terrorist state which intends to expand its reach throughout that vital region.

The recent espionage case involving a top FBI official underscores the fact that Russia's intentions towards the United States are not benign. We still live in a dangerous world and the Russian government is making that world less secure. We must be on our guard.

**BROKEN PROMISES BY PRESIDENT BUSH**

(Mr. INSLEE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. INSLEE. Mr. Speaker, that wrenching sound we heard from Pennsylvania Avenue yesterday was President George Bush breaking a promise to the American people. Last September President Bush promised the American people he would work to reduce carbon dioxide pollution from generating plants. Yesterday he broke that pledge.

Despite the fact that since last September the evidence has accumulated rapidly, the global climate change is occurring due to carbon dioxide pollution. Even though that evidence has increased, unfortunately, so has the administration's willingness to follow the dictates of the oil and gas industry.

For a President who said that the reason he did this is that he is worried about an energy crisis, we find that laughable in the West, because for the last 2 months we have been asking the President of the United States to do something about energy prices, to impose a short-term wholesale price cap, and he has refused to even consider it.

We are going to urge him to reconsider that, because I can promise the Members this, this President broke his promise. It has not broken our spirit to bring Americans clean energy at a reasonable price.

**THE QUALITY CHEESE ACT OF 2001**

(Ms. BALDWIN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. BALDWIN. Mr. Speaker, today I will introduce the bipartisan Quality Cheese Act of 2001, a bill that will prohibit the use of dry ultra-filtered milk, of casein, and milk-protein concentrates in the making of standardized cheese.
