Ten years ago, March 28, 1991, the Federal debt stood at $3,460,371,000,000. Three trillion, four hundred sixty billion, three hundred seventy-one million dollars and ninety-nine cents, during the past 15 years.

Fifteen years ago, March 28, 1986, the Federal debt stood at $1,981,783,000,000. One trillion, nine hundred eighty-one billion, seven hundred eighty-three million dollars, seven hundred fifty-two billion, seven hundred million, which reflects a debt increase of almost $4 trillion.

We celebrate the dedication of these Purdue women's basketball teams.

Mr. LUGAR. Mr. President, two years ago I rose to commend Purdue University's women's basketball team for winning the 1999 National Collegiate Athletic Association basketball championship. Today I again rise to honor the Lady Boilermakers for again making a trip to the NCAA Final Four. And this year, I also want to honor the women's basketball team of the University of Notre Dame as Indiana is exceptionally proud to have not one, but two women's basketball teams reaching the 2001 NCAA Final Four.

Notre Dame last represented Indiana in the women's NCAA Final Four in 1997. This year the Notre Dame women have achieved an exceptional sixth consecutive tournament appearance and eighth overall tournament appearance under Head Coach Muffet McGraw, Coach McGraw and All-American, Big East Player of the Year Ruth Riley have led the team to an outstanding 32–2 record, a school high for victories in one season.

Purdue's women have persevered through adversity to achieve success as they suffered the loss of team member Tiffany Young in a 1999 traffic accident. Team members experienced other personal losses and serious injuries, yet with skill and determination they have become the first team to reach the Final Four under three coaches: Lin Dunn in 1994, Carolyn Peck in 1999, and now current Coach Kristy Curry. Coach Curry, Big Ten Player of the Year Katie Douglas, and the rest of the Lady Boilermakers hold an impressive 30–6 record.

We celebrate the dedication of these women, their victories, and the tradition of sportsmanship and excellence present throughout Indiana. We send these two teams our best wishes as they proceed to their respective semifinal games.

BRYANNA HOCKING WINS MITCHELL SCHOLARSHIP

Mr. SMITH of Oregon. Mr. President, I am delighted to congratulate an Oregon citizen and former intern in my office, Bryanna Hocking, of Eugene, OR, on her selection as a recipient of a George J. Mitchell Scholarship to study in Ireland beginning in the fall.

“Remarkable, competitive, and an example of American citizenship, the Mitchell Scholarship enables American university graduates to pursue a year of study at institutions of higher learning in Ireland and Northern Ireland. These scholarships are awarded to individuals between the ages of 18 and 30 who have shown academic distinction, commitment to service, and potential for leadership.

Bryanna will be an excellent student ambassador to Ireland. In May 2000, she received a Bachelor of Science in Foreign Service from Georgetown University's Walsh School of Foreign Service. An active member of her community, she was founder and co-chair of the Georgetown Women's Guild, which organized forums and discussions at the University on women's issues and served on the executive board of the Georgetown College Republicans.

Bryanna is an aspiring journalist, an ambition sparked by her concerns about how the media dealt with the Balkans, Rwanda, and other areas where ethnic strife led to genocide. Bryanna hopes that she can combine her passion for journalism and international affairs in a career in which
she contributes to increased harmony among the world's peoples. I congratulate her and wish her luck in her peace development studies at the University of Limerick.

DR. GEORGE W. ALBEE,
DISTINGUISHED VERMONTER

Mr. LEAHY. Mr. President, on Friday April 5, a distinguished retired Vermonter, Dr. George W. Albee will receive the American Psychological Association's Presidential Citation for the work he has done in the field of psychology over the last 50 years.

Dr. Albee and his family moved to Vermont in the early 1970's, after a long and prolific career at Case Western Reserve University in Cleveland. He taught and wrote at the University of Vermont for the next 25 years, and was an active and influential member of Vermont's academic community.

Dr. Albee's career began in a small office at APA's national headquarters in Washington in the early 1950's. In the fall of 1953, he went to Finland after landing a Fulbright Professorship at Helsinki University. He returned to accept a job in the Department of Psychology at Western Reserve University, and was named George Trumbull Ladd Distinguished Professor of Psychology in 1958.

Under President Eisenhower, Albee was the Director of the Task Force on Manpower of the Joint Commission on Mental Illness and Health. The book that he wrote, coupled with the recommendations of the commission, helped lead to the establishment and development of community mental health centers.

He also served as a consultant to the U.S. Surgeon General, the Peace Corps, and headed President Carter's Commission on Mental Health in 1977.

Prior to moving to Vermont, Albee was elected President of the American Psychological Association where he served with distinction during a turbulent time of change in the psychological and psychiatric communities.

He was always known in Vermont as a leader also willing to wade into controversy and fight for the causes he believed in. In 1977, he began an annual conference at UVM on the Primary Prevention of Psychopathology, which over the years have brought scholars and policy makers from around the country and around the world to discuss ways to shape local state and national policies on a range of important public policy areas.

In addition to his prolific writings, Dr. Albee taught thousands of undergraduate and graduate students at UVM. His contribution to Vermont and our nation has been profound. I am honored to consider him and his wife Margaret friends—and am proud that he has raised four children, all of whom are contributing in their own ways to making this world a better place.

A previous award Dr. Albee received articulated better than I his contribution to the field of psychology. Its says:

Dr. Albee has had an active role in plotting the direction and independence of professional psychology. He saw and articulated early the need for an independent profession of psychology, freed from the domination of older professions and older models. His "Declaration of Independence for Psychology" has been reprinted endlessly. His argument and clinical psychology students should be trained in a service center operated by psychology was widely accepted. His study of the nation's manpower needs and resources in mental health was one of the major influences in developing the community mental health center movement. He has been a frequent critic of the mental health establishment, but he has been as sharply critical of his own field when it seemed tempted to yield principle for power and status. At times of greatest crisis, however, George W. Albee has had the courage and sense of values and principles which have held psychology together.

I congratulate Dr. Albee for this award.

MESSAGES FROM THE PRESIDENT

Messages from the President of the United States were communicated to the Senate by Mr. Williams, one of his secretaries.

EXECUTIVE MESSAGES REFERRED

As in executive session the Presiding Officer laid before the Senate messages from the President of the United States submitting sundry nominations which were referred to the appropriate committees.
