she contributes to increased harmony among the world’s peoples. I congratulate her and wish her luck in her peace among the world’s peoples. I congratulate him and his wife.

Dr. Albee has had an active role in plotting the direction and independence of professional psychology. He saw and articulated the need for an independent profession of psychology, freed from the domination of older professions and older models. His “Declaration of Independence for Psychology” has been reprinted endlessly. His argument and conceptual psychology students should be trained in a service center operated by psychology was widely accepted. His study of the nation’s manpower needs and resources in mental health was one of the major influences in developing the community mental health center movement. He has been a frequent critic of the mental health establishment, but he has been as sharply critical of his own field when it seemed tempted to yield principle for power and status. At times of greatest crisis, however, George W. Albee has had a flair for compromise which have held psychology together.

I congratulate Dr. Albee for this award.
