COMMENDING THE 3M FOUNDATION FOR ITS PRESERVATION EFFORTS

HON. BILL LUTHER
OF MINNESOTA
IN THE HOUSE OF REPRESENTATIVES
Tuesday, April 3, 2001

Mr. LUTHER. Mr. Speaker, I would like to take this opportunity to mention a recent action by a corporation based in my home State of Minnesota that will go a long way toward improving the quality of life of our residents.

On March 20, 2001, the 3M Foundation gave the Nature Conservancy of Minnesota a gift of $3.2 million to preserve and restore two areas of grassland in the State. Appropriately, it was also the first day of spring. This is the largest gift ever given to the state chapter. The gift will be used to purchase prairie and forest land and to promote community-based conservation efforts. This effort will have a significant and long-lasting impact on Minnesota’s wildlife and vegetation. 3M’s gift is one that will truly keep giving, offering current and future generations access to some of Minnesota’s finest natural treasures.

I commend 3M for its commitment to preserving Minnesota and it is my hope that the good work 3M does will serve as a national example to increase corporate giving and involvement in communities across the country.

THE 15TH NATIONAL DISABLED VETERANS WINTER SPORTS CLINIC

HON. CLIFF STEARNS
OF FLORIDA
IN THE HOUSE OF REPRESENTATIVES
Tuesday, April 3, 2001

Mr. STEARNS. Mr. Speaker, I recently had the privilege to participate in an extraordinary event, the 15th National Disabled Veterans Winter Sports Clinic. This year it was held at Snowmass Village at Aspen, CO. Sponsored by the Disabled American Veterans, the Department of Veterans Affairs, and others, this event provides disabled veterans the chance to engage in various outdoor and indoor sports activities.

More than 300 severely disabled veterans took to the ski slopes, tackled rock climbing, went scuba diving, or played sled hockey. This wonderful program is much more than a source of fun and athletic challenges; it is designed to assist in the rehabilitation of veterans with severe disabilities. Physical activities are essential to improving physical fitness, refining motor skills, and building self-confidence.

Many of these men and women at one time thought that their disability ended hopes for an active, vibrant life. Instead of viewing their physical condition as a barrier to recreation, these individuals saw the opportunity to overcome the obstacle posed by their disability.

The men and women at the clinic did not dwell on adversity; rather they eagerly engaged in the physical trials of sports. This event demonstrated the courage and abilities of these veterans. It also serves as an inspiration to others to be bold in redefining what the disabled can do.

I had the privilege of being Chairman of the Veterans’ Health Subcommittee and I now serve as its Vice Chairman. I worked with the VA, the DAV, and other wonderful groups in strengthening the services provided to veterans and I look forward to continuing this cooperation. The Veterans are the only group of Americans that have earned their benefits, they didn’t just happen to be here, they earned it on the battlefield, they earned it in service to America.

Serving America’s veterans means exploring new options for enhancing their quality of life. The Winter Sports Clinic exemplifies an innovative approach to honoring the men and women who served in uniform.
