of people and their animals. The success of the organization has made the term ASPCA synonymous with “animal rescue”, “animal shelter”, “animal adoption”, and “humane education.”

In my homestate of Illinois, the ASPCA has an Animal Poison Control Center—the first and only non-profit animal-poison control center in the U.S. In 1996, the ASPCA acquired the center from the University of Illinois in Champaign-Urbana. The center is committed to relieving pain, fear and suffering in animals who have been poisoned, and to provide education on toxicology.

The ASPCA continues to educate adults and children that kindness, caring and respect for all creatures benefits both humans and animals. In addition, millions of Americans have participated in “Prevention-Of-Cruelty-To-Animals” activities in the month of April through their schools and civic organizations.

I ask my colleagues in the Senate to join me in congratulating the staff, directors and volunteers at The ASPCA on a successful 135 years of service.

(ii) for real economic stimulus the 1-year tax cut should equal approximately 1 percent of the gross domestic product, or $59,100,000,000;

(iii) a meaningful economic stimulus must reach as many taxpayers as possible, or at least 120 million people;
