NATIONAL SHAKEN BABY SYNDROME AWARENESS WEEK

On April 3, 2001, the Senate amended and passed S. Res. 55, as follows:

S. RES. 55

Whereas the month of April has been designated National Child Abuse Prevention Month as an annual tradition initiated in 1979 by former President Jimmy Carter;

Whereas the rate of child fatalities resulting from child abuse and neglect in 1998 was 1.6 per 100,000 children; and

Whereas the most recent Government figures show that almost 1,000,000 children were victims of abuse and neglect in 1998, causing unspeakable pain and suffering to our most vulnerable citizens;

Whereas among the children who are victims of abuse and neglect, more than 3 children die each day in this country;

Whereas the rate of child fatalities resulting from child abuse and neglect in 1998 for children aged 1 and younger accounted for 40 percent of the fatalities, and for children aged 5 and younger accounted for 77.5 percent of the fatalities;

Whereas head trauma is the leading cause of death of abused children, including the trauma known as Shaken Baby Syndrome;

Whereas Shaken Baby Syndrome is a totally preventable form of child abuse, caused by a caregiver losing control and shaking a baby that is usually less than 1 year of age;

Whereas Shaken Baby Syndrome can result in loss of vision, brain damage, paralysis, seizures, or death;

Whereas an estimated 3,000 children are diagnosed with Shaken Baby Syndrome every year, with thousands more misdiagnosed and undetected;

Whereas Shaken Baby Syndrome often results in permanent, irreparable brain damage or death to an infant, and more than $1,000,000 in medical costs to care for a single, disabled child in just the first few years of life;

Whereas the most effective solution for ending Shaken Baby Syndrome is to prevent such abuse, and it is clear that the minimal costs of education and prevention programs may prevent enormous medical and disability costs and untold grief for many families;

Whereas prevention programs have been shown to raise awareness and provide critically important information about Shaken Baby Syndrome to caregivers, day-care workers, child protection employees, law enforcement personnel, health care professionals, and legal representatives;

Whereas prevention of Shaken Baby Syndrome is a societal issue, groups such as the Shaken Baby Alliance, an organization which began with 3 mothers of children who had been diagnosed with Shaken Baby Syndrome, and whose mission is to educate the general public and professionals about Shaken Baby Syndrome and to increase support for victims and victim families in the health care and criminal justice systems;

Whereas a year 2000 survey by Prevent Child Abuse America shows that ½ of all American children before age 11 who are abused and neglected is the most important issue facing this country compared to other public health issues; and

Whereas Congress strongly supports efforts to protect children from abuse and neglect: Now, therefore, be it

Resolved, That the Senate—

(1) designates the third week of April, as ‘National Shaken Baby Syndrome Awareness Week’ for the year 2001 and all future years; and

(2) requests that the President issue a proclamation urging the people of the United States to remember the victims of Shaken Baby Syndrome and participate in educational programs to help prevent Shaken Baby Syndrome.

MEASURE READ THE FIRST TIME—S. 700

Mr. STEVENS. Mr. President, I understand S. 700 is at the desk. I ask for its first reading.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 700) to establish a Federal interagency task force for the purpose of coordinating actions to prevent the outbreak of bovine spongiform encephalopathy commonly known as mad cow disease and foot-and-mouth disease in the United States.

Mr. STEVENS. I now ask for its second reading and object to my own request.

The PRESIDING OFFICER. Under the rule, the bill will receive its second reading on the new legislative day.

Mr. STEVENS. Mr. President, for those reading this, this is the Campbell-Kohl-Hatch Mad Cow and Related Diseases Prevention Act of 2001.
