NATIONAL SHAKEN BABY
SYNDROME AWARENESS WEEK

On April 3, 2001, the Senate amended and passed S. Res. 55, as follows:

S. Res. 55

Whereas the month of April has been designated National Child Abuse Prevention Month as an annual tradition initiated in 1979 by former President Jimmy Carter;

Whereas the most recent Government figures show that almost 1,000,000 children were victims of abuse and neglect in 1998, causing unspeakable pain and suffering to our most vulnerable citizens;

Whereas among the children who are vic-
tims of abuse and neglect, more than 3 chil-
dren die each day in this country;

Whereas head trauma is the leading cause
of death of abused children, including the
trauma known as Shaken Baby Syndrome;

Whereas Shaken Baby Syndrome is a to-
tally preventable form of child abuse, caused
by a caregiver losing control and shaking a
baby that is usually less than 1 year of age;

Whereas Shaken Baby Syndrome can re-
sult in loss of vision, brain damage, paral-
ysis, seizures, or death;

Whereas an estimated 3,000 children are
diagnosed with Shaken Baby Syndrome every
year, with thousands more misdiagnosed and
undetected;

Whereas Shaken Baby Syndrome often re-
sults in permanent, irreparable brain damage
or death to an infant, and more than $1,000,000 in medical costs to care for a
single, disabled child in just the first few years of
life;

Whereas the most effective solution for
ending Shaken Baby Syndrome is to prevent such abuse and it is clear that the minimal
costs of education and prevention programs
may prevent enormous medical and dis-
ability costs and untold grief for many fami-
lies;

Whereas prevention programs have been
shown to raise awareness and provide criti-
cally important information about Shaken Baby Syndrome to caregivers, day-
care workers, child protection employees,
law enforcement personnel, health care pro-
fessionals, and legal representatives;

Whereas prevention of Shaken Baby Syn-
drome is a concerted effort by groups such as
the Shaken Baby Alliance, an organization
which began with 3 mothers of children who
had been diagnosed with Shaken Baby Syn-
drome, and whose mission is to educate the
general public and professionals about Shak-
en Baby Syndrome and to increase support
for victims and victim families in the health
care and criminal justice systems;

Whereas child abuse prevention programs
and ‘National Shaken Baby Syndrome Aware-
ness Week’ are supported by the Shaken Baby Alliance, Children’s Defense
Fund, American Academy of Pediatrics,
American Medical Association, Child Welfare
League of America, Prevent Child Abuse
America, Brain Injury Association, National
Child Abuse Coalition, National Exchange
Club Foundation, American Humane Asso-
ciation, Center for Child Protection and
Family Support, Inc., National Association
Of Children’s Hospitals and Related Institu-
tions, and many other organizations includ-
ing the National Basketball Association
which is sponsoring a series of ‘NBA Child
Abuse Prevention Awareness Night 2001’
events to generate public awareness about
the issue of child abuse and neglect during
National Child Abuse Prevention Month 2001;

Whereas a year 2000 survey by Prevent
Child Abuse America shows that ½ of all
Americans believe child abuse and neglect
is the most important issue facing this country
compared to other public health issues; and

Whereas Congress strongly supports efforts
to protect children from abuse and neglect:
Now, therefore, be it,

Resolved, That the Senate—
(1) designates the third week of April, as
‘National Shaken Baby Syndrome Aware-
ness Week’ for the year 2001 and all future
years; and

(2) requests that the President issue a
proclamation urging the people of the United
States to remember the victims of Shaken
Baby Syndrome and participate in edu-
cational programs to help prevent Shaken
Baby Syndrome.
