For thirty-five years, Larry has enjoyed an illustrious career as a journalist with the Portsmouth Herald serving as a news reporter, sports editor and city editor for the newspaper. Larry has been a mainstay at the newspaper and has earned the respect and admiration of his peers. Early in the 1990's Larry opened the York bureau of the Portsmouth Herald and worked to establish the Herald's identify as a newspaper in Maine as well as one in New Hampshire.

It has been a pleasure for me to work with Larry on the issues that affect the citizens of New Hampshire, especially those which concern the Portsmouth Shipyard. Larry has always approached the issues that we have discussed with professionalism and fairness. I am proud to have known him and to have worked with him during my tenure in public office.

An exemplary community contributor, Larry has been active in following the progress of hometown young people in athletic and cultural activities, always supporting their achievements by writing updates for Herald readers to enjoy.

I also commend Larry for his service to his state and nation in the United States Air Force, where he served in Japan and was stationed at Pease Air Force Base in New Hampshire.

IN RECOGNITION OF SAUL A. GREEN

• Mr. LEVIN. Mr. President, I am delighted to speak today to acknowledge

a lawyer, from my home State of Michigan, who has dedicated his life to serving the citizens of Detroit, Saul A. Green. On May 2nd of this year, hundreds of people will gather to pay tribute to Saul A. Green for his service as U.S. Attorney for the Eastern District of Michigan.

Saul Green has dedicated his life, both professionally and personally, to the service of his community. Since graduating from the University of Michigan law school in 1972, Saul has been a lawyer dedicated to serving the public interest. He began his career in the law as an Assistant United States Attorney. However, he quickly became chief counsel for the Detroit Field Office of the U.S. Department of Housing and Urban Development. He served in this capacity from 1976 until 1989 when he was asked to serve as the Wayne County Corporation Counsel.

It was while serving as corporation counsel that President Clinton nominated Saul to be the U.S. Attorney for the Eastern District of Michigan. His nomination was confirmed by the Senate on May 6, 1994. The position of U.S. Attorney is not an easy one for it requires that one enforce and interpret the laws of our great Nation. Difficult as this position may be, for nearly 7 years Saul capably and honorably served as U.S. Attorney.

In addition to these activities, Saul Green is a leader in his church and with numerous community projects. He has worked on several Weed and Seed projects in the Eastern District of Michigan, sponsored an Explorer Scouts Troop and worked with a Drug Education Youth Camp. On account of his leadership with these projects, he received the Damon J. Keith Community Spirit Award. Saul is also a life member of the NAACP.

Saul has been an active alumnus of his alma mater, the University of Michigan. In addition to serving on the university's board of directors, he currently is the vice president of the U of M alumni association. His devotion to the maize and blue was acknowledged in 1994 when the University of Michigan awarded him the Leonard F. Sain Esteemed Alumni Award.

I hope my Senate colleagues will join me in saluting Saul A. Green for his career of public service, particularly the commitment to justice and law enforcement he embodied while serving as U.S. Attorney for the Eastern District of Michigan for nearly 7 years.●

RETIREMENT OF BILL GEORGE AS CEO OF MEDTRONIC CORPORATION

● Mr. WELLSTONE. Mr. President, I rise today to praise Bill George, a constituent who is a valued member of the Minnesota community and a good friend, on the occasion of his retirement as CEO of Medtronic Corporation.

The first comment I should make is that there is something very unique about Bill George and that uniqueness has translated into the way he has led Medtronic.

Medtronic is one of the world's leading medical technology companies, providing lifelong solutions for people with chronic disease. Its preeminence is due in large part to the leadership of Bill George, its CEO since 1991. During his tenure, Bill George has transformed Medtronic into a company that employs 25,000 people in 120 countries, and has scientific, manufacturing, education, and sales facilities worldwide.

The company has extended its core technological competencies so that they now make pacemakers and a whole host of devices for patients facing cardiac arrest and heart failure. The company also makes devices for patients dealing with spasticity associated with cerebral palsy, cancer and cancer pain, neurological disorders like Parkinsons, and women's health conditions like incontinence. Bill George's philosophy of excellence has led the company to seek those opportunities where it can excel. The products it has produced and the relief it has brought to patients testify to the success of Bill's philosophy.

I am told that every three seconds, somewhere in the world, a Medtronic product is used to save or enhance someone's life.

Bill George doesn't just think about his company and its future. He has a vision for the health care system in this country and has worked to align the company's goals with that vision. His vision of holistic, patient-centered care that is enabled by the technological leaps we are making today is reflected in the planning he has done for the future. Bill instituted Vision

2010 to focus Medtronic on the nexus of the rapid developments happening in medical technology, computer technology, drug therapy and gene therapy in order to develop even better, more advanced treatments for chronic diseases in the next 10 years.

During Bill's tenure, Medtronic has encouraged innovation by launching a "Science and Technology Are Rewarding" program, with \$3 million in grants. Under Bill George's leadership, the Medtronic Foundation has reached out to patient groups in unprecedented ways, giving \$12 million in grants to non-profit organizations in communities worldwide last year. I want to single out the Patient Summit that the Medtronic Foundation sponsored in Washington, D.C. last year. I had the honor of speaking at that meeting, whose purpose was to encourage a dialogue between patients, policymakers, and advocacy groups about the role patients can play in directing their own health care.

As a fellow Minnesotan, I've watched Bill's personal efforts in the community with much admiration. His service as chair of the board of the United Way of Minneapolis and vice chair of the board of the Minneapolis Institute of Arts, as well as his work on the boards of the American Red Cross and the Carnegie Endowment for International Peace show Bill's dedication and breadth of interests.

Bill's lifestyle, his mission, and his vision are all reflected in the recognition Medtronic regularly receives. Fortune Magazine designated Medtronic as one of the "Best Companies to Work for in America". Industry Week's ranked it as one of the "Best Managed Companies." Money magazine chose Medtronic as one of the "Best Investments in 2000 and Beyond." Business Ethics recognized the company for its demonstrated leadership in ethics and social responsibility with its "General Excellence in Ethics" award.

In his 10 years as CEO, Bill George has helped to expand Medtronic to an even higher plane as an organization that is dynamic, creative, and passionate about its mission of restoring people to full life and health.

As the Senior Senator from Minnesota, I thank him for his dedication to his work, for his service to his community—and I don't mean just Minneapolis or Minnesota, but the whole international community in which he is engaged, and for his friendship. I wish him well as he continues his active life which not only will include chairing Medtronic's board and involvement in community service, but also writing and teaching.●

These high school students competed on the State level for the opportunity to represent New Hampshire at the national competition, and were among more than 1,200 students from 49 States and the District of Columbia to participate.
