

programs like TB control. Mr. Speaker for just \$20 to \$100 invested in a quality TB program, a life can be saved. This is one of the most cost-effective health interventions available today. In FY2001, Congress provided \$60 million for international TB control, a solid step towards addressing this killer. More must be done this year. Fifteen million people in the U.S. are infected with the TB bacteria, and nearly two million people perish world-wide each year. In addition, eight million people are afflicted with this disease annually and every second of every day, someone in the world is infected with the disease.

TB is the biggest killer of people with AIDS, and TB rates have skyrocketed in sub-Saharan Africa due to the AIDS/TB co-epidemics. Direct Observed Therapy treatment or "Dots" is one of the most cost-effective ways to prolong and improve the lives of people with HIV. As we increase resources for HIV and AIDS, it makes sense to increase funding for TB control as well.

If we do not act promptly, new deadly drug-resistant strains of TB and rising HIV rates will make TB very difficult or impossible to control. I have asked that we provide \$200 million in the FY2002 foreign aid budget for the international TB control program.

Mr. Speaker, as a member of Congress from an international border city, I know the importance of combating TB at our borders. Now is the time to combat tuberculosis and eradicate this horrible disease before it begins more impacting on our population.

HONORING METRO SCHOOLS DIRECTOR, DR. BILL M. WISE, ON THE OCCASION OF HIS RETIREMENT FROM THE METROPOLITAN NASHVILLE-DAVIDSON COUNTY PUBLIC SCHOOL SYSTEM

HON. BOB CLEMENT

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 22, 2001

Mr. CLEMENT. Mr. Speaker, I rise today to honor Metro Schools Director, Dr. Bill M. Wise, on the occasion of his retirement from the Metropolitan/Davidson County/Nashville, Tennessee school system after 31 years of outstanding service to students, teachers, and personnel.

Dr. Wise is to be commended for the impact he has made on the local, state, and national levels through his tireless work to achieve unity during legal battles over court-ordered desegregation busing. His leadership proved pivotal in the successful resolution of this important matter. Leaders from across the Nation have sought his advice and expertise in this area and he has offered consultations and hope in times of crisis to schools in Texas, South Carolina, Mississippi, Georgia, Kentucky, North Carolina, and Alabama. Wise is also recognized nationally for his successful management skills and expertise in school facilities management.

His philosophy has always focused on what is best for students and student achievement including improving physical conditions in

school facilities and fostering morale. Because of his strong leadership skills combined with character and courage, Wise's efforts have proven extremely fruitful.

A native Tennessean, Bill Wise was educated at the University of North Alabama in Florence, where he received a Bachelor of Science in 1963, and a Master's Degree in 1965. He continued his education at the University of Tennessee in Knoxville, earning a Doctorate of Education in 1970.

Wise began his career as an Alabama school teacher in 1963 working for the Florence City School system and later moving to the university level as an instructor and coach at the University of North Alabama until 1968.

After a two-year stint as a Ford Foundation Fellow at the University of Tennessee, Wise was named Assistant Superintendent for the Metropolitan Nashville-Davidson County Public School System in 1970. He was promoted to Deputy Superintendent, where he served from 1994-1997. He then became Interim Director of Schools and nine months later was named Director of Schools.

As Director of Schools, Wise has been responsible for an operating budget upwards of \$300 million and a capital budget of nearly \$100 million, while implementing and overseeing The Strategic Plan for the Metropolitan Nashville Public School District. The school district includes more than one hundred twenty-five public schools with thousands of students from all walks of life.

Wise has been honored numerous times by his peers. Recent awards include: the Council of the Great City Schools First Annual Bill Wise Award in 2000; the National Football Foundation and College Hall of Fame, Middle Tennessee Chapter, Distinguished American Award in 2001; and the Tennessee School Plant Management Association's Superintendent of the Year for 2001.

Additionally, he has been active in numerous professional organizations including: the American Association of School Administrators; the Tennessee Association for Supervision and Administration; the Council of the Great City Schools, Business Officials Group; the Southeastern Association of School Business Officials; Phi Delta Kappa; Iota Lambda Sigma; and Council of Educational Facility Planners.

His civic contributions include involvement on the Board of Directors for the following organizations: Green Hills YMCA; Nashville Chapter of the American Red Cross; National Kidney Foundation of Middle Tennessee (Past President); Nashville Institute for the Arts; Cumberland Science Museum; Boy Scouts of America's Middle Tennessee Council; Junior Achievement of Middle Tennessee, Inc.; and Metropolitan Nashville Public Education Foundation.

With the obvious challenges and changes that Wise has faced during his career in public education, I am pleased to honor him for facing adversity with courage and using the tools available in an imperfect system to craft a successful educational program for students in our community. I respect his philosophy of focusing on learning, support systems and appropriate settings for equity and excellence for all students and promoting change as positive and necessary for continual personal improvement.

In closing, Dr. Wise is to be commended for building a solid foundation for those who will follow in his footsteps and strive to meet the goal of improving educational opportunities for all Tennesseans. I have no doubt that his dedication and service to our community, our state, and our nation, will be remembered for many years to come.

SECTION 245(i) EXTENSION ACT OF 2001

HON. ELTON GALLEGLY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 22, 2001

Mr. GALLEGLY. Mr. Speaker, yesterday, I voted in favor of H.R. 1885, a bill sponsored by Immigration and Claims Subcommittee Chairman GEORGE GEKAS, which will extend by four months the time illegal immigrants may apply for legal residence while remaining in the United States. The measure requires illegal immigrants who utilize Section 245(i) of the immigration law to have been in the United States as of December 21, 2000. In addition, H.R. 1885 requires that the family relationship or employment existed by April 30, 2001. These two important provisions contained in H.R. 1885 will ensure that the extension of Section 245(i) does not provide future incentives for illegal immigration or punish legal immigrants waiting in line for their applications to be processed.

I supported this short-term extension of Section 245(i) because it will assist those immigrants who were eligible to apply for a green card as of April 30, but were unable to meet the deadline due to administrative problems, such as the INS not issuing regulations on Section 245(i) until March of this year. At the same time, H.R. 1885 will not reward those who enter illegally with the hope of becoming legal without first returning to their native country. Most importantly, it will send the message that legal immigrants, who waited in line and obeyed our immigration laws, should get first priority in the processing of immigration applications.

Although I supported this four-month extension of Section 245(i) for the reasons discussed above, I will not support any extension beyond this time period. This is not the first time that this ill-conceived provision has been extended. Section 245(i) was first added to the immigration law in 1994. Since that time, it has been extended on numerous occasions, including most recently in December of last year. This has provided persons who wanted to apply for permanent residency status more than enough time to submit their application to INS.

A longer extension than the period of time contained in H.R. 1885 will further encourage illegal immigration and punish legal immigrants waiting for their application to be processed. Also, because U.S. State Department consular officers are better suited than INS employees to determine if the illegal immigrant has a criminal background, a longer extension of Section 245(i) will undermine the important law enforcement goal of preventing criminal aliens from remaining in our country.
