

opening concessions by the Government of Korea in this round of negotiations and we expect to see the result in the form of actual and significantly increased sales of U.S. vehicles and parts in Korea.

After five years of bilateral negotiations and two major trade agreements, imported automobiles are still locked out of Korea. This situation is unacceptable to the United States Congress and to the American people and it has to change. We expect and hope that the Korean Government will quadruple the effort that is required of them in order to ensure an open Korean market to U.S. automotive products. The nearly 2.5 million men and women working in the largest manufacturing and highest exporting industry in our country deserve nothing less.
