Americans. From the time that he joined the Citizens Commemorative Coin Advisory Committee in 1993 until he departed in January of 1996, he continued to be the voice in the wilderness, and later finding that if defeat is an orphan, victory has a thousand fathers.

The story about Mayor Ganz which appeared in the June 4, 2001, edition of The Record is a fascinating and interesting one, and I ask that it be reprinted in the CONGRESSIONAL RECORD.

Mr. Speaker, The Record editorial about Mayor Ganz that was printed on June 5, 2001, says that one man can make a difference, and he certainly has. I am proud to call this man my Mayor, and to pretend to know him as a friend. I ask that this editorial be reprinted in the CONGRESSIONAL RECORD as well.

A GREAT TWO-BIT IDEA

It would be an exaggeration to say that David Ganz's achievement reflects the power of one man to change history.

But it would not be overstated to say that Fair Lawn's mayor has brightened everyone's life a little—not to mention the not inconsequential achievement of adding roughly $5 billion a year to the nation's Treasury.

Mr. Ganz, a 49-year-old lawyer and lifelong numismatist, was the engine behind all those fascinating achievements we've been finding in our pockets over the last two years—the ones that celebrate the nation's 50 states. The commemorative coins have been issued at the rate of one per year since 1999, and the U.S. Mint will continue issuing new coins through 2008, when there will be one for each state.

The achievement has added a little adventure to the daily chore of handling change, and it has regenerated interest in coin collecting. By setting the Mint's presses into overtime in production of five times more quarters than usual to meet demand, the new coins have added $5 billion a year to the Treasury's coffers. Each quarter costs 3 cents to produce, leaving 22 cents as profit for the Mint.

Mr. Ganz's idea wasn't unusual. A lot of people have had the vision that the Mint could issue commemorative coins to celebrate interesting events in history. But bureaucrats resisted, content to issue the occasional limited-production commemorative that only collectors would buy and save.

Mr. Ganz's prominence, energy, and perseverance as a member of former Treasury Secretary Lloyd Bentsen's Citizens Commemorative Coin Advisory Committee dismantled those bureaucratic hurdles. By so doing, the Fair Lawn mayor has added this sort of color to our lives: Trips to change makers at the laundromat now have possibilities for serendipitous encounters with pieces of history instead of hurried chores to feed the dryer.

EXTENSIONS OF REMARKS

JA ELEMENTARY VOLUNTEER OF THE YEAR

HON. PATRICK J. KENNEDY
OF RHODE ISLAND

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 26, 2001

Mr. KENNEDY of Rhode Island. Mr. Speaker, I rise to speak today about a distinguished member of my district who is being honored by an organization which has had an immeasurable impact on America. Jeannine Howard, a retired Bell Atlantic Pioneer from Rumford, Rhode Island, is Junior Achievement's National Elementary School Classroom Volunteer of the Year. She has volunteered for Junior Achievement for four years and taught 25 classes in that time. Ms. Howard always goes above and beyond her classroom duties, as she works to gradually increase the amount of power World War II veteran Ganz gives Fair Lawn.

Mayor Ganz recently wrote a book entitled The Official Guide to America's State Quarters, published by Random House, as a mass-market paperback which tells the compelling story of initially being a voice in the wilderness, and later finding that if defeat is an orphan, victory has a thousand fathers.

The Official Guide to America's State Quarters was the result of initially being a voice in the wilderness, and later finding that if defeat is an orphan, victory has a thousand fathers.

of my colleagues to join with me in saluting this truly remarkable citizen of Sacramento.

Born in Atlanta, Georgia, Mrs. Enomoto graduated from Booker T. Washington Senior High School, where she shared valedictorian honors with the late Dr. Martin Luther King, Jr. Mrs. Enomoto attended Clarke College, now Clarke Atlanta University, where she attained Senior status before she was forced to withdraw for family and economic reasons.

In hopes of securing a better future for herself and her children, Mrs. Enomoto moved to California. In time, Mrs. Enomoto obtained a Correctional Officer's position with the California Department of Corrections, where she rose through the ranks and became a trailblazing pioneer. During her tenure at the California Department of Corrections, Mrs. Enomoto became the first African American woman to manage a California Department of Corrections inmate. In 1997, Mrs. Enomoto was also the first African American woman to hold the position of Deputy Director in the Department.

Following her retirement, Mrs. Enomoto has remained active and dedicated to making Sacramento a better place for all. Mrs. Enomoto is currently a Commissioner on the Sacramento City and County Human Rights/Fair Housing Commission, having served as Chair in 1997. In addition, Mrs. Enomoto is also co-chair of the Greater Sacramento Area Hate Crimes Task Force. Mrs. Enomoto's considerable expertise on the issue of hate crime prevention prompted her appointment by President Clinton to a national hate crime conference.

Widely touted as one of Sacramento's most cherished and prominent citizens, Mrs. Enomoto has been recognized with numerous awards over the years. Some of these include the United Negro College Fund Frederick V. Patterson "Outstanding Individual of the Year" award in 1994 and her induction into the African American Criminal Justice Hall of Fame in 1994. In addition, she is the recipient of the "Bridgebuilder" award from the Jewish Community Relations Council in 1997 and the 1994 Sacramento YWCA "Outstanding Woman of the Year" award.

Mr. Speaker, as Mrs. Dorothy Enomoto's friends and family gather for the commencement, I am honored to pay tribute to her contributions to the city of Sacramento. I ask all of my colleagues to join me in wishing Mrs. Enomoto continued success in all her future endeavors.

HONORING JOHN S. KOZA
HON. JAMES A. LEACH
OF IOWA
IN THE HOUSE OF REPRESENTATIVES
Tuesday, June 26, 2001

Mr. LEACH. Mr. Speaker, I rise today to introduce my colleagues to John S. Koza of Iowa City, Iowa. Junior Achievement National Middle School Volunteer of the Year.

Over the past 12 years, John has taught 38 classes in basic business methods as a Junior Achievement instructor. His open, honest and caring teaching style creates a fun, relaxed environment in which students both learn the skills needed to become successful entrepreneurs and are imbued through John's example with the importance of giving back to your community.

John's work in the Junior Achievement exemplifies the history of program as a quintessential American success story.

As the exodus from farm to city accelerated in this country at the beginning of the 20th century, so did the need to prepare young people for the demands of a changing workplace. Junior Achievement was founded in Massachusetts in 1919 as a collection of small, after school business clubs to help meet that need, with students learning how to create business plans, to set up appropriate accounting procedures, and to learn basic manufacturing, advertising and marketing techniques.

In 1925, President Calvin Coolidge hosted a White House reception to kickoff a national fundraising drive for Junior Achievement, and by the late 1920's there were nearly 800 JA clubs with 8,000 participants in 13 cities throughout New England.

During World War II, enterprising students in JA business clubs applied their ingenuity to aid the war effort. In Chicago, JA students won a contract to manufacture 10,000 pants hangers for the Army; in Pittsburgh, JA students developed a specially lined box to dispose of incendiary devices which was approved by Civil Defense and sold locally; elsewhere, they organized drives to obtain badly needed scrap metal.

The 1950's saw Junior Achievement increase five-fold, with President Eisenhower declaring the week of January 30 to February 5, 1955, "National Junior Achievement Week." By then, Junior Achievement was operating in 139 cities in most of the 50 states. By 1982, JA's formal curricula had expanded to Applied Economics, Project Business and Business Basics; by 1988, more than one million students were participating in its programs.

Today, through the efforts of more than 10,000 volunteers like John Koza in the classrooms of America, Junior Achievements reaches over 4 million students in grades K to 12 annually. JA International takes the free enterprise message of hope and opportunity to more than 1.5 million students in 111 countries.

Mr. Speaker, I congratulate John Koza of Iowa City for his outstanding service to Junior Achievement and the young people of Iowa. He is a wonderful example for us all.

TRIBUTE TO LOLA QUENSENBERRY
HON. ROBERT E. ANDREWS
OF NEW JERSEY
IN THE HOUSE OF REPRESENTATIVES
Tuesday, June 26, 2001

Mr. ANDREWS. Mr. Speaker, I rise today to honor Lola Quensenberry. Since she celebrates 19 years of service with the USDA Natural Resources Conservation Service (NRCS) through the Earth Team volunteer program. Lola has logged over 18,000 hours of service since she began volunteering in Bythe, California where she worked with the Palo Verde Resource Conservation District.

While in California, Lola assisted with the development of an intensive agricultural irrigation water management program. Her primary role was to operate a Campbell Pacific Nuclear neutron probe, which is an accurate method of monitoring soil moisture, at over 200 sites. Lola also assisted with the evaluation of over 50 irrigation systems, helping the farmers to optimize their water use and thereby conserve our precious water resources.

She was also involved with the development of the McCoy Wash PL566 Small Watershed project—a project that is currently under construction.

Upon moving to New Jersey in 1987 to help care for her invalid mother-in-law, Lola continued her Earth Team involvement by volunteering for the South Jersey Resource Conservation, and Development Council. Lola's major responsibility is assisting with the development of the Resource Information Serving Everyone (R.I.S.E.) program. This fully functional program includes operation of eighteen Campbell Scientific weather stations located in seven southern New Jersey counties and four Campbell Scientific water quality stations. R.I.S.E. features a comprehensive Internet web site to disseminate irrigation scheduling to farmers, homeowners, and facilities managers, while also providing environmental education to interested organizations and schoolchildren.

Lola actively participates in numerous watershed projects in New Jersey. She attends meetings and provides a unique perspective to the NRCS-led Millstone watershed project, the proposed Repaupo Creek watershed project, and the Delaware Valley Regional Planning Commission's two projects—Crosswicks WMA 20 and the Lower Delaware Tributaries WMA 18.

Lola has volunteered time to assist the Bear Creek Conservancy/Stewardship Association with the creation and maintenance of a fresh water marsh for waterfowl habitat. She also volunteers to the South Jersey Chapter of Quail Unlimited to help create upland wildlife habitat.

For over 19 years, Lola Quensenberry's volunteer spirit, together with the synergy gained from working with other Earth Team members and resource conservation professionals, has helped to conserve resources and improve the environment in California and New Jersey.

PERSONAL EXPLANATION
HON. JAMES H. MALONEY
OF CONNECTICUT
IN THE HOUSE OF REPRESENTATIVES
Tuesday, June 26, 2001

Mr. MALONEY of Connecticut. Mr. Speaker, due to business in my district, on Monday, June 25, 2001, I missed rollcall votes Nos. 186, 187, and 188. Had I been present, I would have voted "Aye" on rollcall No. 186. "Aye" on rollcall No. 187, and "Aye" on rollcall No. 188.
