Now, there is a proposal that Michigan is currently moving forward which would allow directional drilling under the Great Lakes.

**IT IS TIME FOR ENERGY SOLUTIONS**

(Mr. WALLINGER asked and was given permission to address the House for 1 minute.)

Mr. WALLINGER. Mr. Speaker, it is very unfortunate that Californians have to go through these blackouts, and it is unfair to the people in California to say that what is really unfair is that Californians have a Governor who refuses to take leadership and responsibility for this problem.

California politicians have done a disservice to the Californians. Gray Davis has been asleep at the switch. It is time to stop pointing fingers and start solving problems. Instead of spending $30,000 a month on political consultants and polls, and instead of pointing fingers, Gray Davis needs to find solutions to increasing electricity in his State to stop blackouts. Governor Davis should put people before politics.

Mr. Speaker, blackouts in California leave the State's economy dead. When California dies, America's economy becomes seriously ill. What we need is answers and solutions, not partisan, attack-style politics. We all need to work together, both Democrats and Republicans, to solve California's problems.

Creating a balanced, fair and comprehensive energy plan for the future that utilizes our coal and our natural gas will safeguard our national economy and secure an adequate livelihood for all Americans.

**COMPREHENSIVE ENERGY POLICY**

(Mrs. BIGGERT asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. BIGGERT. Mr. Speaker, when politicians talk about needing a comprehensive energy policy instead of price controls, I bet a lot of Americans wonder what we are talking about.

Well, consider this fact: ninety-seven percent of the power plants currently under construction are natural gas-fired power plants trended to meet the increased demand for electricity. Natural gas that is typically produced during the summer for storage and later used during the winter is, instead, being used for electricity generation.

Basically, we use natural gas to keep our electricity rates lower in the summer, but in the end we pay higher rates on our natural gas use in the summer. Not a very comprehensive policy, is it?

President Bush has proposed the first comprehensive energy plan in a decade that will increase efficiency, improve how our energy is delivered, diversify our energy sources, protect the environment, and assist low-income Americans through these current price increases.

Americans want affordable energy and a clean, safe environment.

**WORKING TO SOLVE CALIFORNIA'S ENERGY CRISIS**

(Ms. SOLIS asked and was given permission to address the House for 1 minute.)

Ms. SOLIS. Mr. Speaker, I would just like to let our colleagues know that today in the State of California, one of the newest generators just went online. Governor Gray Davis has done a tremendous job in trying to make sure that the energy and our lights do not go out in the State of California. He visited with us last week and met with the Senate Committee on Energy Oversight and talked about all the earnest effort that he has made, and Californians, to conserve energy.

Now, we deserve more attention and support by FERC and this administration. We should provide more energy funding for renewable energy, for conservation, and obviously provide relief for those ratepayers, the people that pay the bills. We expect to see a refund. Maybe it will not be the $9 billion that Gray Davis is asking for, but surely the people of California and the Western States that are suffering from this energy crisis deserve the very best attention. They are grappling with this problem. They need to have our support.

Mr. Speaker, I ask all Members today to sign the discharge petition, because it is necessary for us to send a message to all citizens of the United States that we are with them on the energy conservation measures.
June 27, 2001

CONGRESSIONAL RECORD—HOUSE 12093

HONORING JOHN J. DOWNING,
BRIAN FAHEY, AND HARRY FORD, WHO LOST THEIR LIVES IN DUTIES AS FIREFIGHTERS

Whereas two civilians and dozens of firefighters were injured by the blaze, including firefighters Joseph Vosilla and Brendan Manning who were severely injured;

Whereas John J. Downing of Ladder Company 163, an 11-year veteran of the department and resident of Port Jefferson Station, and a husband and father of two, lost his life in the fire;

Whereas Brian Fahey of Rescue Company 4, a 14-year veteran of the department and resident of East Rockaway, and a husband and father of three, lost his life in the fire; and

Whereas Harry Ford of Rescue Company 4, a 27-year veteran of the department from Long Beach, and a husband and father of three, lost his life in the fire: Now, therefore, be it

Resolved. That the House of Representatives—

(1) honors John J. Downing, Brian Fahey, and Harry Ford, who lost their lives in the course of duty as firefighters, and recognizes them for their bravery and sacrifice;

(2) extends its deepest sympathies to the families of these three brave heroes; and

(3) pledges its support and to continue to work on behalf of all of the Nation’s firefighters who risk their lives every day to ensure the safety of all Americans.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Virginia (Mrs. JO ANN DAVIS) and the gentleman from Illinois (Mr. DAVIS) each will control 20 minutes.

The Chair recognizes the gentleman from Virginia (Mrs. JO ANN DAVIS).

GENERAL LEAVE

Mrs. JO ANN DAVIS of Virginia. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on H. Res. 172.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Virginia?

There was no objection.

Mrs. JO ANN DAVIS of Virginia. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of House Resolution 172, and I commend its sponsor, the distinguished gentleman from New York (Mr. GIOVACCHINI) for introducing it.

This resolution honors three fighters, John J. Downing, Brian Fahey, and Harry Ford, who lost their lives fighting a fire in Queens, New York, earlier this month.

The resolution also expresses the deepest sympathies of this House for their families. Finally, Mr. Speaker, it pledges that the House will continue to support and work for all American firefighters who risk their lives every day to keep us all safe.

On June 17, 2001, 350 firefighters and numerous police officers responded to a 911 call that sent them to Long Island General Supply Company in Queens, New York; and an explosion in a two-story building had turned the 128-year-old, family-owned store into a heap of broken bricks, twisted metal, and shattered glass; whereas all those who responded to the scene served without reservation and with their personal safety on the line;
