June 24, 2001, Jack was killed on his way home from a training session with the Volunteer Fire Department of West Pueblo. Jack was born in the nearby community of La Junta. He graduated from La Junta High School, and started his career as a firefighter at the La Junta Volunteer Fire Department, following in the footsteps of his father and grandfather. After moving to Pueblo West in 1978, Jack then joined the Pueblo West Volunteer Fire Department where he was quickly promoted to Lieutenant. After serving only two short years on the Pueblo West squad, Jack was named Captain. Not only did Jack fulfill his duties as Captain, but went above and beyond these duties, by taking many courses that enhanced his career, Highway Emergency Response, Colorado Division of Disaster Emergency Services, and Emergency Response to Hazardous Materials. Incidents to name a few. With all the extra time Jack put into his position at the Pueblo West Fire Department, he was the obvious choice for Fire Chief in 1983.

The dedication to his community did not stop with his position on the Fire Department. Jack also volunteered with the Columbine Council Girl Scouts and spent time at the local schools. Jack loved to spend time with his daughters, Allison and Caitlyn, so he never missed an opportunity to volunteer for activities the girls were involved with. Jack balanced his commitment to his community and his family well. This charismatic man was loved by all that knew him. His dedication to Pueblo West and its citizens has left a lasting mark on the community, not to mention the State.

A life dedicated to the service of others, is why I stand before you today, Mr. Speaker, asking Congress to give this man the recognition he so justly deserves. He will be greatly missed by friends, fellow fire fighters and his family, but the State of Colorado will also feel the loss of this man. I would like to offer my family, but the State of Colorado will also feel the loss of this man. I would like to offer my family.

Friends of Disabled Adults and Children received its 501(c)(3) non-profit status in November 1987. Private donations, annual golf tournaments, and community fund raisers help it remain open and able to furnish medical equipment to those who truly need it. On numerous occasions, my staff members have referred disabled adults and children to this agency. It may take a little time to acquire a certain piece of medical equipment, but Friends of Disabled Adults and Children usually is able to accommodate these individuals. Recently a single mother, who has Multiple Sclerosis, was able to get out and watch her son play baseball, because she had received an electric scooter from Friends of Disabled Adults and Children. A senior citizen recently received a new walker, fitted just for her, because her old one was broken.

This organization distributes computers to those who are disabled. This sometimes allows the disabled to learn job skills. In fact, the agency employs many disabled adults. It has a community reentry program for those who suffer from an acquired brain injury. By volunteering at Friends, these people are provided with a caring environment in which they can regain crucial skills needed to once again become productive members of society.

The Butcharts give God full credit for the growth of the center and for the many blessings they have received over the years. The 15th anniversary celebration of Friends of Disabled Adults and Children will be held on September 23rd at Mount Carmel Christian Church in Stone Mountain, Georgia. Mr. and Mrs. Butchart, and their staff, are to be commended for their diligence, hard work, and big hearts. The facility is now housed in the Seventh District of Georgia, who have been served by this fine organization, join me in congratulating them, and thanking them for their kindness.

IN HONOR OF REV. KURT W. KATZMAR

HON. DENNIS J. KUCINICH
OF OHIO
IN THE HOUSE OF REPRESENTATIVES
Thursday, June 28, 2001

Mr. KUCINICH. Mr. Speaker, I rise today to honor and recognize Rev. Kurt W. Katzmar for his many years of dedicated service to the First Congregational United Church of Christ.

Rev. Katzmar has been the pastor of the First Congregational United Church of Christ since May 1991. As a young boy raised in Strongsville, Rev. Katzmar attended the church he now pastors. He, along with thousands of others, including his family, received his ordination in the First Congregational Church of Strongsville.

Rev. David Hawk, founded the Berea Minister's Emergency Relief fund, a precursor to Church Street Ministries. This was one of many examples of his tireless support to the City of Berea, the people of Berea, and the ministry among the people of Berea.

Rev. Katzmar is a founder of the Berea Church's Church Street Ministries program. Together with Bob Dreese, Rev. Katzmar joined the church’s Youth-at-Risk program and the Second Mile Thrift Shop together as one ministry. When the businesses in the 17-19 Church Street building decided to move, they designed a combined program that could move into the building, enabling an expansion of the program to include the refugee-resettle ment and crisis-response ministries. Rev. Katzmar made presentations to the boards, committees, and congregation, and after the grant was made, the Church Street Ministries was formed and dedicated on May 14, 1994 in a ceremony led by Rev. Katzmar.

My fellow colleagues, please join me in congratulating Rev. Katzmar on all his achievements in helping to create a welcoming atmosphere in the First Congregational United Church of Christ. His love and dedication to serving the Church has touched the hearts of all in the community.

PROTECTING AMERICAN STEEL

HON. KEN LUCAS
OF KENTUCKY
IN THE HOUSE OF REPRESENTATIVES
Thursday, June 28, 2001

Mr. LUCAS of Kentucky. Mr. Speaker, America’s steel industry has been hit by an unprecedented flood of low-priced, imported steel. As a member of the bipartisan Congressional Steel Caucus, I have become increasingly frustrated as I have watched this flood of low-priced imports force our steel producers to either slow production or close up shop. That is why I was pleased by the Administration’s recent decision to heed the advice of the Congressional Steel Caucus of the recent decision to heed the advice of the Congressional Steel Caucus, I have become increasingly frustrated as I have watched this flood of low-priced imports force our steel producers to either slow production or close up shop. That is why I was pleased by the Administration’s recent decision to heed the advice of the Congressional Steel Caucus of the Congressional Steel Caucus.

I am pleased to report findings within 120 days, the least. Although a Section 201 investigation is periodically frustrated as I have watched this flood of low-priced imports force our steel producers to either slow production or close up shop.
