Mr. PAELTZ is a veteran of World War II and, since he was discharged from the Army 55 years ago, Edward Paeltz has spent countless hours helping veterans in need of care. With the help of his wife, Nancy, he frequently visits the VA hospital in Alton, Illinois, to honor Mr. Edward Paeltz of Godfrey, Illinois.

A TRIBUTE TO HERB OBERMAN

HON. HILDA L. SOLIS
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Tuesday, July 10, 2001

Ms. SOLIS. Mr. Speaker, I rise today to recognize the retirement of Mr. Herb Oberman, who will step down from his job as a Los Angeles County social worker on July 12, 2001. A dedicated public servant, Herb has served the people of Los Angeles County for the past 35 years.

Herb has proven that he truly cares about protecting children’s rights. He received his Master’s Degree of Social Work from the University of California Los Angeles in 1966 and spent seven years dedicating himself as a Children’s Service Worker in the Foster Care Program. In 1973, he participated in the formation of Community Service Centers.

Herb has served on the board of directors of several social service organizations. He is the past president of the Santa Clarita Valley Girls and Boys Club and served on the board of directors of the Los Angeles Regional Foodbank between 1973–1993.

Herb Oberman’s contributions have received recognition for his programs, which include the Los Angeles Efficiency and Productivity Program administration of the Los Angeles Children’s Assistance Grant; the Ford Foundation’s “Innovations in State and Local Government” award in 1986 for his administration of the county’s Federal Food Commodities Distribution Program; and the Parents Fair Share Project, a national demonstration project which helps noncustodial parents find employment and pay.

As Herb moves on to new pursuits, I would like to thank him for his remarkable work. I ask my colleagues to join me in honoring his hard work and extraordinary contributions and wish him luck on his retirement.

ENERGY AND WATER DEVELOPMENT APPROPRIATIONS ACT, 2002

SPEECH OF
HON. TOM UDDAL
OF NEW MEXICO
IN THE HOUSE OF REPRESENTATIVES
Wednesday, June 27, 2001

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 2311) making appropriations for energy and water development for the fiscal year ending September 30, 2002, and for other purposes:

Mr. UDALL of New Mexico. Mr. Chairman, I would like to explain my position on the Kucinich amendment that would reduce funding for the National Ignition Facility at Lawrence Livermore National Laboratory and move some of the NIF money into the non-proliferation programs of the national Nuclear Security Administration. There is clearly a need to avoid the damage that would occur to our nonproliferation programs if funding is not increased. The President made a mistake in his budget when he made deep cuts in the non-proliferation programs. The cuts make little sense in a world where many nations have the capability and desire to develop weapons of mass destruction including nuclear, chemical and biological weapons. We therefore increase our capability to monitor developments around the globe in this area.

The President’s budget already cuts the NIF programs. I support that cut given the troubling history of this program. I am very concerned about the recent report findings, which concluded that not only will NIF cost at least $1 billion more than planned and take six years longer than expected to begin operations, but also that the program poses a serious number of unresolved technical problems. Moreover, because of the critical nature of the GAO findings, the agency reportedly is doing a follow-up report, which it intends to submit to Congress.

Mr. Speaker, furthermore, in an article in the Albuquerque Tribune, the Director of Sandia National Laboratory, Mr. Paul Robinson, criticized NIF suggesting there be a reduction in its design and cost to protect other nuclear weapons program components. Moreover, a report by Dr. Robert Civiak, a physicist and former OMB Program Examiner for the Department of Energy, spells out the need to cancel NIF before any further spending occurs.

For these reasons and others, Congress needs to closely examine the NIF program and determine whether it warrants future funding. That is why I am voting NO on the Kucinich amendment.

PROJECT VOTE SMART

HON. HENRY J. HYDE
OF ILLINOIS
IN THE HOUSE OF REPRESENTATIVES
Wednesday, July 11, 2001

Mr. HYDE. Mr. Speaker, I was recently informed of the efforts of an organization called Project Vote Smart—a group of dedicated individuals who work tirelessly in a non-partisan fashion to develop dependable facts about various national and state issues affecting all Americans while encouraging eligible citizens to vote. I am pleased to share some background information about the organization, which I hope my colleagues will find interesting and beneficial.

PROJECT VOTE SMART

A few years ago a handful of people, a mixture of young energetic students and retired

EXTENSIONS OF REMARKS

July 11, 2001

Although the flag came down on the San Antonio Air Logistics Center on July 13, 2001, it was not the end of the story. Kelly’s legacy will live on. For generations, Kelly was a place where people from all backgrounds came together to roll up their sleeves and work for a united cause—our country’s freedom. For 85 years Kelly AFB made major contributions to the military strength of the United States and the world. Kelly was the largest single employer in San Antonio and South Texas for over 50 years, and year-after-year Kelly was the largest contributor to the Combined Federal Campaign within the city. Kelly was a place where the workers prospered, purchased better homes, and provided family members the resources to pursue more education and more opportunities. Kelly Field provided tens of thousands of civil service jobs, and was the birth and backbone of the Hispanic middle class in the Alamo City. Generations of Hispanic families were employed at Kelly throughout its history, and today many of the city business leaders and even congressional members have their roots as Kelly families.

For decades the men and women of Kelly AFB dedicated their hearts and lives to the service of their country. From its beginnings as a farmer’s cotton field in 1916, Kelly became the largest recruit and aviation training camp in the United States during World War I. In the interwar years, Kelly served as the Alma Mata of the Air Corps while its neighbor Duncan Field provided repair and supply support for America’s small air arm.

Following World War I, Kelly became one of the country’s largest logistical supermarkets, supporting the Air Force around the globe. During the most recent conflicts of JUST CAUSE, DESERT SHIELD/DESERT STORM, and Kosovo, the Kelly employees had the greatest logistical support of all the ALCS, shipping more components, more engines, and more munitions. From the beginning of Kelly Field to the end of the San Antonio Air Logistics Center, the logistical impact and support of Kelly and its employees were vital for the United States to be successful in completing the mission. Today, Kelly transitions again, becoming KellyUSA, an industrial, commercial park for the 21st century. But, through this tradition of service remains and will continue to be—Kelly Forever!
