IN THE HOUSE OF REPRESENTATIVES
Wednesday, July 11, 2001

Mr. STARK. Mr. Speaker, I would like to pay tribute to the 18th Annual Fremont Festival of the Arts sponsored by the Fremont Chamber of Commerce. The two-day Festival, to be held on July 28 and 29, 2001, is expected to attract over 450,000 attendees and has become a model of success for the modern festival. This single event provides some $400,000 in contributions to non-profits for the betterment of communities in Fremont, California.

Over 780 artists, 35 culinary selections and 20 bands will be featured at the Festival. Three thousand volunteers give willingly of their time to contribute to the Festival’s success.

It takes generous and concerned individuals, such as the volunteers, to reach out and make a difference, ensuring promise and opportunity for this and future generations. It also takes the support of business sponsors and patrons to ensure the success of the Festival.

The Festival typifies the spirit of community service, which is alive and thriving in Fremont. I am proud to salute the efforts of this year’s Festival Chairman, David M. O’Hara, the organizers, the volunteers, the sponsors and the patrons of the Fremont Festival of the Arts for their generous and untiring efforts to ensure continued success.

PAYING TRIBUTE TO THE LAN- SING BOARD OF WATER & LIGHT

HON. MICKEY ROGERS
OF MICHIGAN
IN THE HOUSE OF REPRESENTATIVES
Wednesday, July 11, 2001

Mr. ROGERS of Michigan. Mr. Speaker, I rise to honor the proactive efforts of the Lansing Board of Water and Light in Lansing, Michigan, to develop a program aimed at using environmentally friendly energy to generate the electricity it provides in the Lansing metropolitan area.

The Board of Water and Light has launched a Green Wise Electric Power program that encourages customers to voluntarily pay an additional minimal fee to cover the added cost of purchasing electricity from “clean” sources. The program allows the municipal utility to buy some or all of its electricity from clean, renewable sources such as wind, water and biomass generation. While the cost of cleaner electricity may be higher than that provided through conventional sources such as coal or natural gas, the environmental advantages make this a highly worthy program.

As America struggles to meet its environmental challenges, the Lansing Board of Water and Light has shown extraordinary vision and commitment to protecting our precious resources while continuing to meet the electric power needs of its customers. They are working hard to achieve that balance between environment and economy which is essential for the future of every community across the nation.

I urge my colleagues in the U.S. House of Representatives to join me in congratulating the Lansing Board of Water and Light and to extend to its board of directors and staff our admiration for their service in the interest of the nation, the State of Michigan, and their own community. We wish them well in their future endeavors.

PROCLAMATIONS

HON. RICHARD HENRY LEE "DICK" KOPPER, 1948–2001, A JOURNALIST, A PRESS SECRETARY AND A FRIEND IS REMEMBERED

HON. ZACH WAMP
OF TENNESSEE
IN THE HOUSE OF REPRESENTATIVES
Wednesday, July 11, 2001

Mr. WAMP. Mr. Speaker, on July 17, the University System of Maryland Board of Regents will honor civil rights pioneer Dorothy Irene Height with the sixth annual USM Regents’ Frederick Douglass Award.

Justice Mosk was born in San Antonio, Texas, graduated from the University of Chicago Law School, and in 1953 he moved to California. Justice Mosk served for his country in WWII before returning to his family and career as a judge of the Superior Court in Los Angeles. Justice Mosk was elected Attorney General in 1958 with an overwhelming million vote majority—the largest of any election that year. During his six years as the Chief Law Officer of the State of California he argued before the United States Supreme Court in the Arizona water case and other landmark cases before the California Supreme Court. In 1961 Justice Mosk was credited with persuading the Professional Golf Association to admit African American golfers. In 1964 Justice Mosk was appointed to the California Supreme Court by Governor Pat Brown.

Justice Mosk was an astute, independent thinker whose tenure as a California Supreme Court Justice was both brilliant and controversial. As Mosk’s former colleague California Chief Justice Ronald George stated correctly, “Stanley Mosk was giant in the law”. He revealed that status by writing nearly 1,500 opinions while serving for 37 years, the longest tenure of any California Supreme Court Justice. Stanley Mosk continued his tireless efforts until his last day. Each year in the last decade, Justice Mosk authored more opinions than any other Supreme Court Justice. Although widely considered a liberal, he chose not to abide any of his limitations on his opinions. On several occasions, Justice Mosk’s decisions stunned the legal and political community.

As Justice Mosk traveled extensively, he observed the South-West Africa case at the World Court, on behalf of the State Department. He lectured throughout Africa thereafter. Justice Mosk traveled to the Netherlands in 1970 to participate in summer sessions of The Hague Academy of International Law at the Peace Palace. Justice Mosk lectured at Universities throughout the United States as well.

Justice Mosk was valued and respected by his colleagues. He will be remembered as a passionate proponent of the will of the law. Justice Mosk was one of the most influential figures in shaping the law and his death brings a void to the bench that will not easily be filled. Justice Mosk was confirmed for a new twelve-year term in November of 1998. Sadly, he was not able to fulfill the wishes of the California people. The death of Justice Stanley Mosk is a tremendous loss to the California Supreme Court, to California, and to America’s judicial system. My thoughts and prayers are with Justice Mosk’s wife Kaygey, and his son Richard. We will all miss him greatly.
