TRIBUTE TO ARCADIA UNIVERSITY

HON. JOSEPH M. HOEFFEL OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 12, 2001

Mr. HOEFFEL. Mr. Speaker, I rise today to recognize and congratulate Arcadia University on officially changing its name. Formerly known as Beaver College, Arcadia University is located in Glenside, Pennsylvania and for almost 150 years has provided students with a first rate education.

Founded in 1853, Arcadia University originally began as the Beaver Female Seminary in Beaver County, Pennsylvania located north-west of Pittsburgh. It was one of the first institutions to offer a curriculum for women only. The school became co-educational in 1872, and in 1907 adopted the name of Beaver College. The college had outgrown its campus space, and moved east in 1925 to Jenkinstown, Pennsylvania. This new location provided a larger campus, as well as development opportunities. Owing to the success of the school more land was needed, and a second campus was opened in nearby Glenside.

Today, Arcadia University has an enrollment of more than 2,800 students and boasts a student to faculty ratio of 12 to 1. 88% of the faculty hold doctoral or terminal degrees. There are over 30 undergraduate degrees offered and 11 masters degree programs. The university also operates a continuing education program with evening and weekend classes. The study abroad program is nationally recognized and offers students the opportunity to study in a foreign land. U.S. News and World Report has ranked Arcadia in the top twenty regional universities in the North. The school attained university status in 2000 after completing requirements to attain the new name.

Arcadia University has been a premier institution in Pennsylvania for many years. Our community is very fortunate to have such an outstanding educational presence in our area. I am honored to celebrate this special day with Arcadia University.

Mr. BACA. Mr. Speaker, I rise to honor William E. Leonard, of the Inland Empire of California, on the occasion of the dedication of the William E. Leonard Interchange (the Interchange of the 210 and I–15). Mr. Leonard was instrumental in the design and funding of this freeway (extension of the Foothill Freeway). William has a long history of involvement in California transportation issues. He served as a member of the California State Highway Commission from 1973 to 1977 and on the California Transportation Commission from 1985 to 1993. William’s productive career includes founding and operating the Leonard Realty and Building Company since 1946, as well as developing, owning, and operating various city auto parks, apartment complexes, land subdivisions, and the San Bernardino public golf course.

AGRICULTURE, RURAL DEVELOPMENT, FOOD AND DRUG ADMINISTRATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2002

SPEECH OF

HON. HILDA L. SOLIS OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 11, 2001

The House in Committee of the Whole on the House on the State of the Union had under consideration the bill (H.R. 2330) making appropriations for Agriculture, Rural Development, Food and Drug Administration, and Related Agencies programs for the fiscal year ending September 30, 2002, and for other purposes.

Ms. SOLIS. Mr. Chairman, I rise in support of the Olver/Gilchrest amendment to strike the provision prohibiting funds from being spent to implement the Kyoto treaty on global warming.

The Bush Administration’s stance on the Kyoto treaty has called the United States’ credibility into jeopardy. Because of this Administration’s denial of the Kyoto treaty, the U.S. has become the laughing stock of the world and—more importantly—we have seriously put into question our leadership role on global warming and environmental issues.

This amendment would allow for the U.S. to stay involved in negotiations and send a strong message to the world that—although the President has given up on this important agreement—this nation and its other leaders have not.

I encourage my colleagues to support his amendment and commend Mr. Olver and Mr. Gilchrest for their important amendment, which will help to ensure the United States’ environmental leadership position.

THE PILOT RANGE WILDERNESS ACT

HON. JAMES V. HANSEN OF UTAH

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 12, 2001

Mr. HANSEN. Mr. Speaker, I am pleased today to introduce the Pilot Range Wilderness Act which designates lands within the Pilot Peak range as wilderness.

My home state of Utah is blessed with some of the most beautiful scenery this country has to offer. While we often disagree on the best way to preserve these lands for future generations, sometimes those disagreements are used by outside groups to infer that there is only one way to protect these lands and that wilderness designation, I have often disagreed with those that take this position, and on occasion with great fervor. I believe all of us agree that preservation is, indeed, a noble goal. Many of my friends from the east come to Utah, see the wonders of nature we have there, and want so much to protect it that they advocate placing a good deal in not all of it into wilderness.

Wilderness designation taken to the extreme would severely harm the local economies and...
