

□ 1715

Mr. McDERMOTT and Ms. WOOLSEY changed their vote from "yea" to "nay."

Mr. BUTTERFIELD changed his vote from "nay" to "yea."

So (two-thirds having voted in favor thereof) the rules were suspended and the concurrent resolution was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

### HONORING THE TUSKEGEE AIRMEN

The SPEAKER pro tempore (Mr. LAHOOD). The pending business is the question of suspending the rules and agreeing to the concurrent resolution, H. Con. Res. 26.

The Clerk read the title of the concurrent resolution.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Alabama (Mr. ROGERS) that the House suspend the rules and agree to the concurrent resolution, H. Con. Res. 26, on which the yeas and nays are ordered.

This will be a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 423, nays 0, not voting 10, as follows:

NOT VOTING—10

□ 1724

So (two thirds of those having voted in favor thereof) the rules were suspended and the concurrent resolution was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mr. MICA. Mr. Speaker, I was unavoidably detained and was unable to vote on rollcall vote No. 25. Had I been present, I would have voted "yea" on this measure.

### SUPPORTING GOALS AND IDEALS OF NATIONAL BLACK HIV/AIDS AWARENESS DAY

The SPEAKER pro tempore (Mr. LAHOOD). The pending business is the question of suspending the rules and agreeing to the concurrent resolution, H. Con. Res. 30, as amended.

The Clerk read the title of the concurrent resolution.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Georgia (Mr. DEAL) that the House suspend the rules and agree to the concurrent resolution, H. Con. Res. 30, as amended, on which the yeas and nays are ordered.

This will be a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 422, nays 0, not voting 11, as follows:

□ 1730

So (two thirds having voted in favor thereof) the rules were suspended and the concurrent resolution, as amended, was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

REPORT ON RESOLUTION PROVIDING FOR FURTHER CONSIDERATION OF H.R. 418, REAL ID ACT OF 2005

Mr. SESSIONS, from the Committee on Rules, submitted a privileged report (Rept. No. 109-4) on the resolution (H. Res. 75) providing for further consideration of the bill (H.R. 418) to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, and to ensure expeditious construction of the San Diego border fence, which was referred to the House Calendar and ordered to be printed.

SPECIAL ORDERS

The SPEAKER pro tempore (Mr. BOUSTANY). Under the Speaker's announced policy of January 4, 2005, and under a previous order of the House, the following Members will be recognized for 5 minutes each.

MERCK SAW VACCINE RISKS

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Indiana (Mr. BURTON) is recognized for 5 minutes.

Mr. BURTON of Indiana. Mr. Speaker, over the past 4 or 5 years, I have, as chairman of the Committee on Government Reform and chairman of the Subcommittee on Health and Human Rights, held a number of hearings regarding mercury in vaccines and what kind of an impact it had on children.

When we first started having the hearings, we were concerned that there was an epidemic of autism and other neurological disorders in children, and

we found from scientists who testified before the committee over the years that there was no doubt that one of the major contributing factors to neurological problems, including autism among children, was the mercury in vaccines under the title of Thimerosal, which is a preservative.

Thimerosal is a preservative which contains 50 percent ethyl mercury, and as children got more and more vaccinations, as many as 30 now before they start in the first grade, the incidence of neurological disorders, autism and other childhood mental problems, grew dramatically. It used to be 1 in 10,000 children were autistic, according to the Centers for Disease Control. Now it is 1 in 150. We have an absolute epidemic of autism.

The pharmaceutical companies for years have said that there is no correlation between the mercury in vaccines and the autism and other neurological childhood disorders, and things like Alzheimer's in adults. But this past week on the front page of the Los Angeles Times there was a very, very long article, and I want to read to you, Mr. Speaker, some of the things that were in that article.

The title of the article was "91 Memo Warned of Mercury in Vaccines and Shots." '91 was the year. The March 1991 memo, obtained by the Times, shows that nearly a decade before our Federal health agency first publicly disclosed the potential dangers of mercury in vaccines, senior executives from Merck & Company, a major pharmaceutical company, were already aware that infants were getting an elevated dose of mercury in vaccinations containing the widely used preservative Thimerosal, a preservative containing nearly 50 percent mercury by weight.

In fact, the memo clearly states, "If eight doses of Thimerosal-containing vaccine were given in the first 6 months of life, the mercury given, say to an average-size infant of 12 pounds, would be 87 times the daily allowance of mercury for a baby of that size." Eighty-seven times.

The memo further states, "It is reasonable to conclude that Thimerosal should be removed from single-dose vials when it can be removed, especially where use in infants and young children is anticipated."

At the time this memo was written, U.S. health authorities were recommending an aggressive expansion of the immunization schedule for children in their first 6 months of life, adding five new shots to the schedule. And many of these shots, as well as shots already included in the vaccine immunization schedule, contained mercury and Thimerosal.

What did the pharmaceutical company do after learning this? They did nothing. Absolutely nothing. It took 8 years before they started removing
