The motion was agreed to.

The PRESIDING OFFICER. A quorum is present.

The majority leader.

MOTION TO RECESS

Mr. FRIST. Mr. President, I modify the pending motion to recess until 5 p.m. I send the motion to the desk.

The PRESIDING OFFICER. The motion is so modified.

Mrs. BOXER. I ask for the yeas and nays.

The PRESIDING OFFICER. Is there a sufficient second?

Mr. FRIST. I ask unanimous consent that at 5 p.m., Senator MIKULSKI have 5 minutes before the cloture vote.

The PRESIDING OFFICER. Is there objection?

Mrs. HUTCHISON. Reserving the right to object.

Mr. WARNER. Mr. President, as a cosponsor, I would like to have 2 minutes.

The PRESIDING OFFICER. The Senator from Texas.

Mrs. HUTCHISON. Is the Senator saying we are going to go immediately to cloture on the whole bill or the Mikulski amendment at 5 o'clock?

Mr. FRIST. For clarification, at 5 o'clock Senator MIKULSKI will be given 5 minutes before the cloture vote on her amendment.

Mrs. HUTCHISON. I thank the Senator.

The PRESIDING OFFICER. Is there objection?

Mr. WARNER. Mr. President, as a cosponsor, may I have 2 minutes?

Mr. FRIST. Mr. President, I think that will be fine, with the leadership on both sides for 2 additional minutes, Senator MIKULSKI for 5 minutes, and Senator WARNER for 2 minutes.

The PRESIDING OFFICER. Without objection, it is so ordered.

Is there a sufficient second?

There is a sufficient second.

The question is on agreeing to the motion. The clerk will call the roll.

The legislative clerk called the roll.

Ms. STABENOW. I announce that the Senator from Illinois (Mr. DURBIN) and the Senator from Illinois (Mr. OBAMA) are necessarily absent.

The result was announced—yeas 56, nays 42, as follows:

[Rollcall Vote No. 100 Leg.]

RECESS

Thereupon, the Senate, at 3:16 p.m., recessed until 5 p.m. and reassembled when called to order by the Presiding Officer (Mr. GRAHAM).

EMERGENCY SUPPLEMENTAL APPROPRIATIONS ACT, 2005—Continued

AMENDMENT NO. 387

The PRESIDING OFFICER. Under the previous order, the Senator from Maryland, Ms. MIKULSKI, will be recognized for 5 minutes, and the Senator from Virginia, Mr. WARNER, will be recognized for 2 minutes.

The Senator from Maryland.

Ms. MIKULSKI. Mr. President, I rise to ask my colleagues to support cloture on the amendment I offered last week on the H–2B visas. This amendment is desperately needed by small and seasonal business throughout the United States. This amendment is identical to the bipartisan bill I introduced in February called the Save Our Small and Seasonal Business Act. It is designed to be a temporary solution to the seasonal worker shortage that many coastal and resort States are facing.

My amendment helps keep American jobs, keep American companies open, and yet retains control of our borders. Small and seasonal businesses all over our country are in crisis. They need seasonal workers before the summer can begin so they can survive. For years they relied on an H–2B visa program to meet their needs. The program allows businesses to hire temporary seasonal foreign workers with a mandated return to their home country when no other American workers are available. But this year they can't get temporary labor. They have been facing this for the last couple of years because they have been shut out of the program because there is a cap and the cap is reached by the wintertime.

My amendment will help these employers by doing three things. One, it temporarily exempts good actor workers from the H–2B cap so employers can apply for and name employees who have already come back and forth to the United States. It protects against fraud, and it provides a fair and balanced allocation of the H–2B visas between winter and summer people.

Let me be clear about my amendment. First, it protects American jobs. Second, it is a short-term remedy because it is only a 2-year solution. What it does is exempt seasonal workers from the cap. That means there are no new workers. There are no new immigrants. It means no more new guest workers. It means people who have worked here before, who have played by the rules and gone back home, are the only ones who will be eligible. They have to have been here in the last 3 years, worked in absolute compliance with the law, and returned back home to Mexico as required. So it is not new people who will be exempt. It is an employment program for them and for us.

The employer has to go through the whole Department of Labor and Homeland Security process so we are in compliance with labor rules and we also ensure our national security.

Like my colleagues, I worry about fraud, so we have very strong antifraud provisions. We also make the system better by creating this fair allocation. We recognize that States need them in the winter, but summertime people need them, too.

There is a crisis. Thousands of small businesses are affected by this. Hitting the cap so early had a great impact on my own State of Maryland. We had a lot of summer seasonal business, particularly over there on the Eastern

Shore, working that wonderful, fabulous Chesapeake Bay I share with my colleagues from Virginia. Many of our businesses used this program year after year. First they hire all the American workers they can find. Then they turn to the H–2B to find additional workers. I could give example after example, but I can tell you, if they don't get this legislation, they will have to either lay off their permanent workers or close their doors.

So what my legislation is all about is a simple legislative remedy with strong bipartisan support. It is realistic. It is specific. It is narrow. It stands up for American companies, protects our borders.

I know there is great urgency about this. We absolutely need it. Many of my companies have been around for 100 years working in the Chesapeake Bay. Many of them provide the livelihoods not only on the Eastern Shore but because of our fabulous seafood processing industry. We provide jobs also in Baltimore and Bethesda and other parts. We have to pass this legislation because if they can't start to hire within the next few weeks, we are going to close American companies and end up with an even more porous border.

I urge the adoption of my amendment, but now I urge my colleagues to vote for cloture.

I yield the floor.

The PRESIDING OFFICER. The Senator from Virginia.

Mr. WARNER. Mr. President, I thank my distinguished colleague from Maryland. We have in the Senate a great respect and admiration for the junior Senator from Maryland for her commitment for the little person. I cannot think of another example in her long and distinguished career in the Senate where there is a clearer case for the small business, that individual who is struggling to make an honest living and provide jobs for others.

We have before us today a tremendous challenge as it relates to immigration on a wide range of issues. This program works. It is very small in comparison to others, but it works. It serves the small businesses, not only seafood, which we have talked about before in the context of this amendment, but other small things—the bed and breakfasts, the small hotels that are so important in our respective States and elsewhere in America.

I say to our colleagues, as they come to join us, it is essential that we pass this to help this category of small businesspersons and to lend credence to a program that works. For every one of these individuals who is brought in, it would be my judgment—and I concur, with my distinguished colleague—that there are two or three permanent American workers whose jobs are supported by their efforts. Oftentimes most of these come in for a short period, some several months, largely in the summertime; some in the fall. Then they go back to their homes beyond the borders of the United States. But the American worker then takes their work product and it enables them to have a full-time, 12-month means of employment.

This is one on which my colleagues will be proud to vote for cloture. In effect, it will enable this legislation to pass.

On behalf of the leadership of the Senate, I ask unanimous consent that the filing deadline for second-degree amendments be extended until the beginning of the cloture vote on the Mikulski amendment.

The PRESIDING OFFICER. Without objection, it is so ordered.

Ms. MIKULSKI. Mr. President, I yield whatever time I have remaining to the other Senator from Virginia.

Mr. WARNER. Do I not have a bit of time on mine? On behalf of my colleague from Virginia, I ask unanimous consent that he proceed for 2 minutes.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Senator from Virginia.

Mr. ALLEN. Mr. President, I thank my colleague from Virginia and the Senator from Maryland. I urge my colleagues to support the cloture motion on this amendment. It is an immigration issue, but it is more importantly a small business issue.

There are a lot of small businesses that are seasonal in nature. It may be construction, landscaping, tourism, or the seafood industry. It is vitally important that we get this immigration, this H–2B visa issue, in order logically. These are law-abiding citizens who want to keep their small business in operation, providing the services that people in their communities so desire.

I thank the Chair and my colleagues. I hope all colleagues will vote for small businesses, to keep them operating in States all across the Nation and bring some common sense with this temporary remedy, to bring some common sense and reasonableness to a program that every year ends up in a crisis. I thank Senator MIKULSKI of Maryland and my colleague from Virginia, Senator WARNER, of course. All of us are working together for the betterment of many family businesses.

Mr. WARNER. Mr. President, the two Senators from Virginia accept the challenge of the Senator from Maryland to a cookoff on crabcakes. Before we started this, the Senator talked about her mother's formula. We have ours.

Ms. MIKULSKI. I thank the Senator from Virginia. I accept the challenge. If it takes two of you to take me on, so be it.

Mr. WARNER. With that, I yield the floor.

CLOTURE MOTION

The PRESIDING OFFICER. Under the previous order, the clerk will report the motion to invoke cloture.

The legislative clerk read as follows:

CLOTURE MOTION

We, the undersigned Senators, in accordance with the provisions of rule XXII of the Standing Rules of the Senate, hereby move to bring to a close debate on the Mikulski amendment No. 387 to H.R. 1268.

B.A. Mikulski, J. Lieberman, Jon Corzine, Jeff Bingaman, Byron Dorgan, Ron Wyden, Ken Salazar, Hillary Clinton, Mark Pryor, Dick Durbin, Bill Nelson, Chuck Schumer, Barack Obama, Frank Lautenberg, Patrick Leahy, Debbie Stabenow, Chris Dodd.

The PRESIDING OFFICER. By unanimous consent, the mandatory quorum call has been waived.

The question is, Is it the sense of the Senate that debate on amendment No. 387, offered by the Senator from Maryland, shall be brought to a close? The yeas and nays are mandatory under the rule. The clerk will call the roll.

The legislative clerk called the roll.

The PRESIDING OFFICER. Are there any other Senators in the Chamber desiring to vote?

The yeas and nays resulted—yeas 83, nays 17, as follows:

[Rollcall Vote No. 101 Leg.]

YEAS—83

Akaka	Dole	McCain

NAYS—17

Alexander	Ensign	McConnell
Brownback	Frist	Roberts
Bunning	Grassley	Sessions
Byrd	Hutchison	Shelby
Cochran	Inhofe	Vitter
Cornyn	Lott	

The PRESIDING OFFICER. On this vote, the yeas are 83, the nays are 17. Three-fifths of the Senators duly chosen and sworn having voted in the affirmative, the motion is agreed to.

Ms. MIKULSKI. Mr. President, I ask for the yeas and nays on my amendment.

The PRESIDING OFFICER. Is there a sufficient second?

There is a sufficient second.

The yeas and nays were ordered.

Mr. ENZI. Mr. President, I rise today in support of the Save Our Small and Seasonal Business Act, offered as an amendment by Senator MIKULSKI to the Supplemental Appropriations Act.

As many of my colleagues have stated, this amendment is very simple and straightforward. It is a temporary fix and does not reward illegal workers. It basically allows those workers who have followed the rules and returned home at the end of their season to come back to work in the United States and not count against the H–2B visa cap.

As the situation stands right now, the many businesses across our Nation that use the visas are limited by how many can be approved each year. The demand of the visas is high and the Department of Labor has certified that there are positions that cannot be filled locally. With the cap being for the entire fiscal year, those businesses with their season in the fall and winter have a better chance of getting the employees they need. In Wyoming, we have strong summer and winter seasons. Our winter businesses have been able to get their workers and yet see the impact of not having enough employees in the summer.

The H–2B visas are used in Wyoming by small businesses in a variety of areas. I have heard from hotels, restaurants, touring companies, hunting companies, art and framing stores, and others. Many of these people depend on their return workers to keep their businesses going. While some may consider this unskilled labor, a return worker who knows the job and knows the customers is invaluable for a small business.

This amendment is about helping our small and seasonal businesses survive another year—to give them a chance to stay in business until the Senate can fully debate needed changes in immigration reform. It does not provide amnesty or benefit those who have broken our laws.

This type of visa actually puts such a high level of responsibility on the employers that we should consider putting some of these requirements on other types of visas. Under Federal law, the employer must certify that they cannot hire locally, the employer must guarantee wages, and the employer accepts responsibility for the worker. The amendment we are considering today keeps that built-in protection. It also increases fraud protection to help us ensure that those who have the visa applications approved are those who need the employees.

The support we have already heard for this amendment is evidence of the wide impact of the H–2B visa program. Businesses from mountain States and coastal States are in need of help. We have an opportunity to take positive action in support of the small businesses that drive our economy. I encourage all my colleagues to support the Mikulski amendment.

AMENDMENT NO. 555

Mr. KYL. Mr. President, I have an amendment at the desk, No. 555.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Arizona [Mr. KYL] proposes an amendment numbered 555.

Mr. KYL. Mr. President, I ask unanimous consent that reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To modify the criteria for excluding certain H–2B workers from the numerical limitations under section 214(g)(1)(B) of the Immigration and Nationality Act)

On page 2, strike lines 5 through 11, and insert the following:

''(9)(A) Subject to subparagraphs (B) and (C), an alien counted toward the numerical limitations of paragraph (1)(B) during any 1 of the 3 fiscal years prior to the submission of a petition for a nonimmigrant worker described in section 101(a)(15)(H)(ii)(b) may not be counted toward such limitation for the fiscal year in which the petition is approved.

''(B) A petition referred to in subparagraph (A) shall include, with respect to an alien—

''(i) the full name of the alien; and

''(ii) a certification to the Department of Homeland Security that the alien is a returning worker.

''(C) An H–2B visa for a returning worker shall be approved only if the name of the individual on the petition is confirmed by—

''(i) the Department of State; or

''(ii) if the alien is visa exempt, the Department of Homeland Security.''.

The PRESIDING OFFICER. The question is on agreeing to the amendment.

The amendment (No. 555) was agreed to.

Mr. KYL. Mr. President, I move to reconsider the vote, and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

VOTE ON AMENDMENT NO. 387, AS AMENDED

Ms. MIKULSKI. Mr. President, there is no further debate on the amendment. I yield all of my time and, therefore, request a vote on my amendment, as amended.

The PRESIDING OFFICER. The question is on agreeing to the amendment, as amended. The yeas and nays have been ordered. The clerk will call the roll.

The legislative clerk called the roll.

The result was announced—yeas 94, nays 6, as follows:

[Rollcall Vote No. 102 Leg.]

YEAS—94

Akaka	Carper	Dodd

NAYS—6

Byrd	Nelson (FL)	Shelby
Inhofe	Sessions	Vitter

The amendment (No. 387), as amended, was agreed to.

Mr. COCHRAN. Mr. President, I move to reconsider the vote.

Mr. ENSIGN. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

The PRESIDING OFFICER. The majority leader is recognized.

Mr. FRIST. Mr. President, the next vote will be on invoking cloture on the bill. I hope we will, in fact, invoke cloture. If cloture is invoked this evening, it will be the last vote of the evening. This will give the two managers time to work through the pending amendments to determine which are germane. We will resume consideration of the bill tomorrow and complete action on it. I say this in advance of the cloture vote. If cloture is not invoked tonight, then we would have additional votes this evening.

The PRESIDING OFFICER. The Senator from Mississippi.

Mr. COCHRAN. Mr. President, for the purpose of completing action on cleared amendments, there are two amendments that do not require a rollcall vote. Senator HUTCHISON has an amendment and Senator CHAMBLISS has an amendment. I ask unanimous consent that it be in order for them to offer those amendments at this time.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Senator from Texas.

AMENDMENT NO. 379, AS MODIFIED

Mrs. HUTCHISON. Mr. President, I call up amendment No. 379 and send a modification to the desk.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Texas [Mrs. HUTCHISON], for herself, Mr. SCHUMER, and Mr. DOMENICI, proposes an amendment numbered 379, as modified.

Mrs. HUTCHISON. Mr. President, I ask unanimous consent that reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment, as modified, is as follows:

(Purpose: To make unused EB3 visas available to bring nurses to the United States through Department of State procedures)

On page 231, between lines 3 and 4, insert the following new section:

RECAPTURE OF VISAS

SEC. 6047. Section 106(d)(2)(A) of the American Competitiveness in the Twenty-first Century Act of 2000 (Public Law 106–313; 8 U.S.C. 1153 note) is amended—

(1) in paragraph (1), by inserting before the period at the end of the second sentence ''and any such visa that is made available due to the difference between the number of employment-based visas that were made available in fiscal year 2001, 2002, 2003, or 2004 and the number of such visas that were actually used in such fiscal year shall be available only to employment-based immigrants, and the dependents of such immigrants, and 50% of such visas shall be made available to those whose immigrant worker petitions were approved based on schedule A, as defined in section 656.5 of title 20, Code of Federal Regulations, as promulgated by the Secretary of Labor''; and

(2) in paragraph (2)(A), by striking ''and 2000'' and inserting ''through 2004''.

Mrs. HUTCHISON. Mr. President, this is an amendment to recapture unused EB–3 visas. Senator SCHUMER, Senator KENNEDY and I have worked on this to try to assure that 50 percent of the unused EB–3 visas help resolve our serious nursing shortage. It is very important. These visas go out of existence and cannot be recaptured except by an act of Congress. They have already been authorized. We need to recapture the unused visas from 2001 to 2004, add to the number of nurses we can bring to our country, as well as the EB–3 engineers and educated workforce that are waiting in the wings.

Mr. President, I ask all of my colleagues to support this amendment.

The PRESIDING OFFICER. The Senator from New York.

Mr. SCHUMER. Mr. President, I thank my colleague from Texas. This is an amendment we have worked on together. As she said, it fills some badly needed positions without increasing the overall number. I hope we will support it.

I yield the floor.

The PRESIDING OFFICER. The question is on agreeing to the amendment, as modified, of the Senator from Texas.

The Senator from Georgia.

AMENDMENT NO. 418, AS FURTHER MODIFIED

Mr. CHAMBLISS. Mr. President, I ask unanimous consent to further modify my amendment No. 418 with the changes that are at the desk, and also add a number of cosponsors whose names are also at the desk.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment, as further modified, is as follows:

On page 169, between lines 8 and 9, insert the following:

PROHIBITION ON TERMINATION OF EXISTING JOINT-SERVICE MULTIYEAR PROCUREMENT CONTRACT FOR C/KC–130J AIRCRAFT

SEC. 1122. No funds in this Act may be obligated or expended to terminate the joint service multiyear procurement contract for C/KC–130J aircraft that is in effect on the date of the enactment of this Act.

Mr. CHAMBLISS. I thank the Chair.

Mr. PRYOR. Mr. President, I stand with Senator SAXBY CHAMBLISS and strongly support his amendment to ensure the C–130J contracts continue without interruption this year.

The C–130J has quickly been adapted to play vital and unique roles in our national defense efforts. Today, both U.S. and Allied C–130Js are performing operational missions in CENTCOM with a mission capable rate of over 90 percent. The J performs missions in Iraq in 1 day that requires the C–130E or H model 2 days. It is equally critical for relief operations like the Tsunami effort in Asia, where lives were spared due to the C–130Js quick capabilities.

I have made several visits to the Little Rock Air Force Base, the premier training facility for the C–130J, and I have seen first hand the J model's new features and capabilities. The C–130Js climb higher and faster, flies at higher cruise speeds, takes off and lands in a shorter distance, and is easier, safer and cheaper to operate than its predecessor.

The military officials and troops who I have talked with want to continue using C–130Js and they depend on the model's new features on the ground. Cutting production of the C–130Js would not only deny our soldiers the cutting-edge technology they need on today's battlefield, but it would leave the Air Force and Marine Corps with an aging and far less capable tactical airlift.

As I am sure my colleagues are aware, the Air Force recently grounded or severely restricted the flying of 90 C–130s due to old age. Eighty-four of these carriers are assigned to the Active-Duty Air Force. By further terminating the contracts for C–130Js, we would be leaving the Air Force unable to meet its future tactical requirements. The Air Force will be 116 aircraft short of requirement and the Marine Corps will be short 18 aircraft.

Terminating the C–130J contracts is short-sighted from a tactical standpoint, but it is also foolish from a financial standpoint. Terminating the current contracts could cost taxpayers more than the cost of building new carriers. Liability fees for ending the C–130J multiyear contracts are estimated at $1.3 billion for the Air Force and $0.3 billion for the Marine Corps for a total of $1.6 billion. This estimate does not include the increased costs of maintaining aging planes.

I urge my colleagues to support this amendment and help ensure our military has the equipment it needs to effectively and safely carry out their missions, now and in the future.

AMENDMENT NO. 379, AS MODIFIED

Mrs. HUTCHISON. Mr. President, I ask for a voice vote on my amendment. We need to dispose of amendment No. 379, as modified.

The PRESIDING OFFICER. The question is on agreeing to the amendment, as modified.

The amendment (No. 379), as modified, was agreed to.

Mrs. HUTCHISON. I move to reconsider the vote.

Mr. STEVENS. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

CLOTURE MOTION

The PRESIDING OFFICER. Under the previous order, the clerk will report the motion to invoke cloture.

The legislative clerk read as follows:

CLOTURE MOTION

We the undersigned Senators, in accordance with the provisions of rule XXII of the Standing Rules of the Senate, do hereby move to bring to a close debate on Calendar No. 67, H.R. 1268.

Bill Frist, Mitch McConnell, Elizabeth Dole, Olympia Snowe, Norm Coleman, Pat Roberts, Orrin Hatch, John Cornyn, Craig Thomas, Michael Enzi, Larry E. Craig, Trent Lott, George V. Voinovich, Bob Bennett, Pete Domenici, Richard Burr, James Talent.

The PRESIDING OFFICER. By unanimous consent, the mandatory quorum call has been waived.

The question is, Is it the sense of the Senate that debate on H.R. 1268, the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005, Humanitarian Assistance Code of Conduct Act of 2005, shall be brought to a close?

The yeas and nays are mandatory under the rule.

The clerk will call the roll.

The yeas and nays resulted—yeas 100, nays 0, as follows:

[Rollcall Vote No. 103 Leg.]

YEAS—100

Akaka	Dole	McCain
Alexander	Domenici	McConnell
Allard	Dorgan	Mikulski

The PRESIDING OFFICER. On this vote, the yeas are 100, the nays are 0.

Three-fifths of the Senators duly chosen and sworn having voted in the affirmative, the motion is agreed to.

Mr. COCHRAN. I move to reconsider the vote.

Mr. MCCAIN. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

The PRESIDING OFFICER. The Senator from Arizona.

Mr. MCCAIN. Mr. President, I ask unanimous consent to yield to the Senator from West Virginia for the purposes of proposing an amendment and then following that, I regain the floor.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 516

Mr. BYRD. Mr. President, I thank the very distinguished Senator from Arizona for his characteristic courtesy.

I call up amendment No. 516 and ask that it be stated and temporarily laid aside.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from West Virginia [Mr. BYRD] proposes an amendment numbered 516.

Mr. BYRD. Mr. President, I ask unanimous consent that the reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To increase funding for border security)

On page 187, after line 4, insert the following:

REDUCTION IN FUNDING FOR DIPLOMATIC AND CONSULAR PROGRAMS

The amount for ''Diplomatic and Consular Programs'' under chapter 2 of title II shall be $357,700,000.

IMMIGRATION AND CUSTOMS ENFORCEMENT

SALARIES AND EXPENSES

For an additional amount for ''Salaries and Expenses'', $389,613,000, of which $128,000,000, to remain available until September 30, 2006, shall be available for the enforcement of immigration and customs laws, detention and removal, and investigations, including the hiring of immigration investigators, enforcement agents, and deportation officers, and the provision of detention bed space, and of which the Assistant Secretary for Immigration and Customs Enforcement shall transfer (1) $179,745,000, to Customs and Border Protection, to remain available until September 30, 2006, for ''SALARIES AND EXPENSES'', for the hiring of Border Patrol agents and related mission support expenses and continued operation of unmanned aerial vehicles along the Southwest Border; (2) $67,438,000, to Customs and Border Protection, to remain available until expended, for ''CONSTRUCTION''; (3) $10,471,000, to the Federal Law Enforcement Training Center, to remain available until September 30, 2006, for ''SALARIES AND EXPENSES''; and (4) $3,959,000, to the Federal Law Enforcement Training Center, to remain available until expended, for ''ACQUISITION, CONSTRUCTION, IMPROVEMENTS, AND RELATED EXPENSES'', for the provision of training at the Border Patrol Academy.

Mr. BYRD. Mr. President, I ask that the amendment be temporarily laid aside.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. BYRD. Mr. President, I thank the distinguished Senator from Arizona.

The PRESIDING OFFICER. The Senator from Arizona.

Mr. MCCAIN. Mr. President, I am obviously always glad to accommodate the most distinguished Member of the Senate from West Virginia.

The emergency supplemental appropriations for Defense, the global war on terror, and tsunami relief for 2005 provides critical resources for our men and women in uniform and for our foremost foreign policy priorities. While I recognize the importance of its timely passage, I am concerned it includes a number of provisions that do not constitute ''emergency spending.'' These items clearly should be debated and funded under the regular order.

Before I go further, I would like to congratulate the distinguished chairman of the Appropriations Committee for the hard work that he and his staff have done in putting together this very vital appropriations measure to pursue the war on terror and, of course, the war in Afghanistan and Iraq.

We ought to ask a basic question: What is the purpose of emergency appropriations? It is twofold. First, it is supposed to provide funding for critical expenditures beyond what was anticipated in the President's annual budget request; second, it is supposed to pay for vital priorities that simply cannot wait until next year's budget.

What are the common elements? The unexpected and the time sensitive. Simply put, the purpose of the supplemental appropriations bill is to fund our country's urgent and unanticipated needs.

We have to consider this in the context of a couple of comments that have been made recently. At a conference in February, David Walker, the Comptroller General of the United States, said:

If we are to continue on our present path, we'll see pressure for deep spending cuts or dramatic tax increases. GAO's long-term budget simulations paint a chilling picture. If we do nothing, by 2040 we may have to cut federal spending by more than half or raise federal taxes by more than two and a half times to balance the budget. Clearly, the status quo is both unsustainable and difficult choices are unavoidable. And the longer we wait, the more onerous our options will become and the less transition time we will have.

Is that really the kind of legacy we should leave to future generations of Americans?

Referring to our economic outlook, Federal Reserve Chairman Alan Greenspan testified before Congress:

(T)he dimension of the challenge is enormous. The one certainty is that the resolution of this situation will require difficult choices and that the future performance of the economy will depend on those choices. No changes will be easy, as they all will involve lowering claims on resources or raising financial obligations. It falls on the Congress to determine how best to address the competing claims.

He said it falls on Congress. The head of the U.S. Government's chief watchdog agency and the Nation's chief economist agree we are in real trouble. We are in real trouble. Here is a radical idea for my colleagues to consider to help secure our economic future: Stop using scarce Federal dollars, taxpayers' dollars to fund unnecessary earmarks and all the other frivolous projects that do nothing to provide for the greater good of our Nation.

A case in point of what this legislation is and should be all about is the urgent need of Balad Air Base in Iraq, a U.S. Army camp on the very front line of the war on terror. The service members who live there have nicknamed it ''Mortaritaville'' because of the frequency of insurgent mortar attacks. Balad is quickly becoming a hub for military operations in the Sunni Triangle and is home to more than 20,000 U.S. troops. As a result, the camp's infrastructure is becoming overwhelmed and requires more than $63 million to remain functional and effective. This camp needs emergency funding.

The Department of Defense listed construction of a hospital facility, command and control buildings, and related equipment among its emergency needs for Balad, and appropriators in the House and Senate have rightly agreed to such funding. The DOD and our appropriators recognize these improvements to Balad are critical to our efforts in Iraq and the broader war on terror, and this is why we have an emergency supplemental appropriations bill to fund these types of needs.

The bill includes many important provisions such as increased death benefits, military operational costs, recapitalization of equipment, and research and development associated with the war on terror to which I lend my strongest support.

For example, this bill provides $1.285 billion in assistance to the security forces of Afghanistan; $5.7 billion for the security forces of Iraq; $227 million for counternarcotics activities in Afghanistan and Pakistan; and $44 million for humanitarian assistance in Darfur, Sudan.

The foreign affairs provisions of this bill are remarkably free of pork. As one who supports ensuring that taxpayers' dollars are spent properly, I commend my colleagues and the chairman for their restraint in this area. Unfortunately, due to its ''must pass'' nature, a number of unauthorized provisions and funding not requested by the President and unrelated to defense or foreign affairs have been included in this bill, and literally hundreds of amendments have been attempted to be added

to the bill. The administration's proposed definition of an emergency requirement is ''a necessary expenditure that is sudden, urgent, unforeseen, and not permanent.''

We should do everything in our power to ensure this bill passes. But we must also ensure every item in it is of a true emergency nature.

It is evident that some of my colleagues misunderstand the purpose of supplemental appropriations, and continue to seek to add spending to this bill that should be addressed as part of the regular appropriations process. In fact, there is an unmistakable trend turning emergency supplementals into a second budget request. Many programs that should be in the baseline budget are somehow finding their way into this supplemental. We must not allow this trend to continue—we must not allow the supplemental to become a de facto second budget.

Let's look at a few examples of the kind of non-emergency spending that has found its way into this bill.

There is $10 million for the University of Hawaii Library. I was unaware that the war in Iraq and Afghanistan was also being fought at the University of Hawaii's library.

There is $2.4 million to the Forest Service to repair damage to national forest lands—surely a necessary expense—but one that should be funded through the proper process, beginning with an authorization and testimony by officials from the Forest Service in a public hearing.

There is $23 million to the Capitol Police for the construction of an ''offsite delivery facility.'' I'll be the first one around here to praise the U.S. Capitol police for the good work that they do—I am sure this facility is a high priority to them. But, again, let's provide funding for this through the proper process—public hearings, authorizing legislation, and the proper appropriations vehicle.

There is language in the bill to increase authorized funds for a fish hatchery in Fort Peck, Montana, from $20 million to $25 million. I would like to know how a ''multi-species fish hatchery'' is related to the War on Terror. Does the author of such language believe the hatched fish may enlist in our armed forces? Was it requested by the President as an emergency need? No. Is this authorization related to the stated purpose of the supplemental? No.

The bill also includes language authorizing the Secretary of the Interior to analyze the viability of a sanctuary for the Rio Grande Silvery Minnow in the Middle Rio Grande Valley. The Rio Grande Silvery Minnow is a stout silvery minnow with moderately small eyes and a small mouth. Adults minnows may reach 3.5 inches in total length. Perhaps the silvery minnow could enlist with the Fort Peck, MT fish. I will await the Secretary's study.

The bill includes $500,000 for a study of wind energy in North Dakota and South Dakota. I believe we can all agree that this expenditure earmark is not urgent. In fact, I am not certain there is a need for a study as the wind energy potential in the Dakotas is well-established. And I don't know what it has to do with fighting the war on terror or aiding the tsunami disaster victims.

Another $500,000 is earmarked to the University of Nevada Reno for the Oral History of the Negotiated Settlement project. I ask my colleagues, how is this useful to the war on terror? How is this an emergency need?

No bill would be complete without several projects for the State of Alaska. The bill includes language that addresses how the Agriculture Department pays dairy farmers in Alaska. I certainly don't wish to neglect our Alaskan dairy farmers, but I cannot support prioritizing their payment issues over the needs of our soldiers.

The bill includes $175,000 not requested by the President to remove the sunken vessel *State of Pennsylvania* from the Christina River in Delaware. That particular vessel has been at the bottom of the Christina River for more than a decade, is not endangering commercial traffic on the river, and I am sure Congress can wait to fund its removal during the regular appropriations process.

Another $55 million is earmarked for a wastewater treatment facility in Desoto County, MS. How exactly does this help the troops?

Not only do I have concerns with some of the provisions the Appropriations Committee included in this bill, as I have highlighted, I am very troubled by some of the amendments being proposed. I am well aware that many of my colleagues—and their staffs—have expressed frustrations about my objections to their amendments. I have, and will continue, to object to adopting certain amendments by unanimous consent. This is an ''emergency supplemental''—its not a Christmas wish list. I frankly do not understand the managers willingness to agree to some of these proposals. Some of them sound reasonable, but who can be sure? That is why the President's request is so important—it is thought out and designed to carry out specific objectives that are urgent and necessary. I do not particularly care for being in the position of ''bad cop'', but so be it. But I cannot agree to unanimous approval of amendments that appear more wishful and urgent. For example, $1 million for lobster disease in the northeast. I do not doubt that this may be a problem but it simply does not belong on an emergency supplemental appropriations bill to fund the war. There is legislation regarding State regulation of hunting and fishing. I support this concept, and even cosponsored a bill last year to reaffirm the authority of State governments to regulate their own hunting and fishing programs. But the simple fact remains that tacking this legislation onto a war-time emergency supplemental is both inappropriate and unnecessary. We can and should pass this bill through the regular legislative process.

Tomorrow I will be joining with my friend from Oklahoma, Senator COBURN, in offering amendments to strike the most egregious, unnecessary, and non-emergency provisions from this bill. I urge my colleagues to support our efforts to keep this important legislation free from non-essential, pork barrel projects.

Let me close by noting that I appreciate the hard work of the Appropriations Committee and their staff. Field visits were conducted in Afghanistan and the Middle East as the Committee diligently researched the DoD's many requests pursuant to the war on terror. But I am concerned about their decision to include unnecessary, non-emergency earmarks in this bill and the accompanying report. When considering military construction projects like those in Balad, Iraq, consideration was taken to determine whether the project was truly of an emergency nature. Why did the Committee not apply the same consideration to the fish hatchery in Montana?

As I mentioned, on tomorrow I have a couple of amendments we will be seeking votes on. I hope we realize we have a looming deficit, a trade deficit, and unanticipated expenses concerning the war in Iraq. There was one high-ranking Defense official at the time of the beginning of the war in Iraq who said the oil revenues would pay for United States expenses. We are now up to close to $300 billion and we are not yet able to reduce our forces. I think we ought to take into consideration the fact that we will have continued, very significant expenses associated with the conflict in Iraq and in Afghanistan before we begin appropriating money for fish hatcheries and for libraries.

I yield the floor.

The PRESIDING OFFICER. The Senator from Pennsylvania.

Mr. SPECTER. I thank the Chair.

(The remarks of Mr. SPECTER and Mr. LEAHY pertaining to the introduction of S. 852 are located in today's RECORD under ''Statements on Introduced Bills and Joint Resolutions.'')

The PRESIDING OFFICER. The Senator from Nevada.

AMENDMENT NO. 440

Mr. REID. Mr. President, on behalf of Senator BIDEN, I send an amendment to the desk.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Nevada [Mr. REID], for Mr. BIDEN, proposes an amendment numbered 440.

Mr. REID. Mr. President, I ask unanimous consent that reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To appropriate, with an offset, $6,000,000 for the Defense Health Program for force protection work and medical care at the Vaccine Health Care Centers)

On page 169, between lines 8 and 9, insert the following:

FORCE PROTECTION WORK AND MEDICAL CARE AT VACCINE HEALTH CARE CENTERS

SEC. 1122. (a) INCREASE IN AMOUNT FOR DEFENSE HEALTH PROGRAM.—The amount appropriated by this chapter under the heading ''DEFENSE HEALTH PROGRAM'' is hereby increased by $6,000,000.

(b) AVAILABILITY OF AMOUNT.—Of the amount appropriated or otherwise made available by this chapter under the heading ''DEFENSE HEALTH PROGRAM'', as increased by subsection (a), $6,000,000 shall be available for force protection work and medical care at the Vaccine Health Care Centers.

(c) OFFSET.—The amount appropriated by chapter 2 of this title under the heading ''GLOBAL WAR ON TERROR PARTNERS FUND'' is hereby reduced by $6,000,000.

Mr. BIDEN. Mr. President, I rise to offer amendment No. 440 on behalf of myself, Senator BINGAMAN, and Senator CARPER to fully protect the health of our military personnel. Let me explain. The military regularly protects our troops by vaccinating them. There are vaccines to keep personnel healthy in the face of common illnesses like the flu and to protect them from biological warfare agents such as anthrax or smallpox.

These force protection measures are important. Equally important is the recognition that not every person will react positively to a vaccination.

Vaccines, even those generally considered safe, are still drugs put into the body. There will always be a small number of personnel whose bodies have an adverse reaction to a safe vaccine. In order to deal with this, the Vaccine Health Care Centers Network was established in 2001.

The centers act as a specialized medical unit that can provide the best possible clinical care to any military member, active duty, Guard or Reserve, or their family that has a severe reaction. They also advise the Department of Defense regarding vaccine administration policies and educate military health care professionals regarding the safest and best practices for vaccine administration. Their overall mission is to promote vaccine safety and provide expert knowledge to patients and physicians.

Why is this so important? As many of my colleagues know, the number of adults who get regular vaccines is fairly small. While we have specialists who deal with childhood vaccinations and problems that might develop, the population of adults regularly vaccinated with anything more than the flu vaccine is small.

In the military, the reverse is true. Military personnel are regularly vaccinated for travel, for threats relating to their theater of operation, and for thinks such as the flu.

For this reason, it is essential that the military have a centralized place to capture the information on those who experience severe problems. In particular, because serious problems are rare, it is difficult for the average base physician to develop the expertise needed to provide the best treatment.

Let me give my colleagues more specifics.

In fiscal year 2004, the centers responded to over 120,000 emails and other consultation inquiries.

They managed over 600 cases of prolonged adverse events, which means literally over 58,000 pages of medical information reviewed. These are very complex and specialized medical cases. They require personnel with expertise and the ability to dedicate significant time.

Since beginning operations in 2001, the total number of cases managed through fiscal year 2004 is 1,341.

Without the centers, that is over one thousand military personnel who would not have gotten the care they deserve. The best possible care we can provide.

In addition to providing care and consultative services, the centers developed clinical guidelines and aids for physicians and nurses giving vaccines. Over 28,000 immunization ''tool kits'' were distributed. They have also provided ongoing education at bases through lectures and training.

In addition, they have worked collaboratively with outside researchers to get the best possible analysis of the trends in cases that they do see.

This has all been done by an extremely small staff—only one full-time doctor, three nurse practitioners, and five educators and support staff at each of the four regional facilities. The value and medical services they have provided to the entire military family—Army, Navy, Air Force, Marines, and Coast Guard—has been extraordinary.

Military personnel and their dependents are more confident in the vaccination programs and reports from those who do suffer adverse reactions are extremely positive regarding the care they now get from the centers.

Why do we need to provide $6 million on the emergency supplemental for this? The reason is simple. The centers are in danger of losing part of their funding this fiscal year. They are currently funded with Army global war on terror money.

I applaud the Army for recognizing the need for the centers and providing those funds from their wartime allocation. But the Army is only the executive agent for what is a defense-wide service. They cannot be the sole funder. I am very concerned that the funding this year is being redirected because other services have not budgeted for the centers' work, despite the fact that 46 percent of their cases were related to Air Force, Navy, and Marines personnel.

Clearly, force protection in this time of war demands a good vaccination program. Equally clear, that program must include quality care for those who suffer adverse events in every service, not just the Army.

In addition, as we look ahead, we all anticipate a growing need for biological defenses, particularly vaccines. We established Project BioShield for that very reason.

At this point, there is no civilian equivalent to the Vaccine Health Care Centers Network, but I think we are going to need to consider setting up some collaborative effort to take advantage of their knowledge should a mass civilian inoculation become necessary.

Let me also remind my colleagues that the Department of Defense asked for and received an emergency authority from the Department of Health and Human Services to begin administering the anthrax vaccine.

I will not go into the technicalities of that, but it basically allows the military to vaccinate personnel with informed consent. If the Department believes it is an emergency to resume that vaccine, how can we consider preserving the Vaccine Health Care Centers any less?

At the end of the day, this is very simple. We simply cannot mandate that military personnel take these vaccines and then abandon them when a problem arises.

This is the same as providing a prosthesis to someone who loses a limb.

If military personnel are injured because of their service to this Nation, we have an absolute obligation to give them the best possible care. Anything less is unconscionable.

I urge my colleagues to support this amendment.

The PRESIDING OFFICER. The Senator from Mississippi.

Mr. COCHRAN. Mr. President, we have some requests to make on behalf of the managers of the bill with respect to amendments that have been cleared on both sides of the aisle. We understand there has been a review undertaken by staff to try to ensure that the amendments which are going to be presented to the Senate are consistent with the vote taken on cloture earlier in the day.

AMENDMENT NO. 343

With that information, I call up amendment No. 343 on behalf of Mr. PRYOR regarding Camp Joseph T. Robinson.

The PRESIDING OFFICER. Without objection, the pending amendment is laid aside.

The clerk will report.

The legislative clerk read as follows:

The Senator from Mississippi [Mr. COCHRAN], for Mr. PRYOR, proposes an amendment numbered 343.

Mr. COCHRAN. Mr. President, I ask unanimous consent that reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To release to the State of Arkansas a reversionary interest in Camp Joseph T. Robinson)

On page 231, between lines 3 and 4, insert the following:

SEC. 6047. The United States releases to the State of Arkansas the reversionary interest described in sections 2 and 3 of the Act entitled ''An Act authorizing the transfer of part of Camp Joseph T. Robinson to the State of Arkansas'', approved June 30, 1950 (64 Stat. 311, chapter 429), in and to the surface estate of the land constituting Camp Joseph T. Robinson, Arkansas, which lies east of the Batesville Pike county road, in sections 24, 25, and 36, township 3 north, range 12 west, Pulaski County, Arkansas.

Mr. COCHRAN. Mr. President, I know of no request for debate on the amendment.

The PRESIDING OFFICER. If there is no debate, the question is on agreeing to the amendment.

The amendment (No. 343) was agreed to.

Mr. COCHRAN. Mr. President, I move to reconsider the vote, and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 427, AS MODIFIED

Mr. COCHRAN. Mr. President, I call up amendment No. 427 on behalf of Mr. DURBIN regarding Iraqi security services.

Mr. President, I also send a modification of the amendment to the desk.

The PRESIDING OFFICER. Without objection, the amendment is modified.

The amendment (No. 427), as modified, is as follows:

On page 169, between lines 8 and 9, insert the following:

REPORTS ON IRAQI SECURITY FORCES

SEC. 1122. Not later than 60 days after the date of enactment of this Act, and every 90 days thereafter, the President shall submit an unclassified report to Congress, which may include a classified annex, that includes a description of the following:

(1) The extent to which funding appropriated by this Act will be used to train and equip capable and effectively led Iraqi security services and promote stability and security in Iraq.

(2) The estimated strength of the Iraqi insurgency and the extent to which it is composed of non-Iraqi fighters, and any changes over the previous 90-day period.

(3) A description of all militias operating in Iraq, including their number, size, strength, military effectiveness, leadership, sources of external support, sources of internal support, estimated types and numbers of equipment and armaments in their possession, legal status, and the status of efforts to disarm, demobilize, and reintegrate each militia.

(4) The extent to which recruiting, training, and equipping goals and standards for Iraqi security forces are being met, including the number of Iraqis recruited and trained for the army, air force, navy, and other Ministry of Defense forces, police, and highway patrol of Iraq, and all other Ministry of Interior forces, and the extent to which personal and unit equipment requirements have been met.

(5) A description of the criteria for assessing the capabilities and readiness of Iraqi security forces.

(6) An evaluation of the operational readiness status of Iraqi military forces and special police, including the type, number, size, and organizational structure of Iraqi battalions that are—

(A) capable of conducting counterinsurgency operations independently;

(B) capable of conducting counterinsurgency operations with United States or Coalition mentors and enablers; or

(C) not ready to conduct counterinsurgency operations.

(7) The extent to which funding appropriated by this Act will be used to train capable, well-equipped, and effectively led Iraqi police forces, and an evaluation of Iraqi police forces, including—

(A) the number of police recruits that have received classroom instruction and the duration of such instruction;

(B) the number of veteran police officers who have received classroom instruction and the duration of such instruction;

(C) the number of police candidates screened by the Iraqi Police Screening Service screening project, the number of candidates derived from other entry procedures, and the overall success rates of those groups of candidates;

(D) the number of Iraqi police forces who have received field training by international police trainers and the duration of such instruction;

(E) a description of the field training program, including the number, the planned number, and nationality of international field trainers;

(F) the number of police present for duty;

(G) data related to attrition rates; and

(H) a description of the training that Iraqi police have received regarding human rights and the rule of law.

(8) The estimated total number of Iraqi battalions needed for the Iraqi security forces to perform duties now being undertaken by the Coalition Forces, including defending Iraq's borders, defeating the insurgency, and providing law and order.

(9) The extent to which funding appropriated by this Act will be used to train Iraqi security forces in counterinsurgency operations and the estimated total number of Iraqi security force personnel expected to be trained, equipped, and capable of participating in counterinsurgency operations by the end of 2005 and of 2006.

(10) The estimated total number of adequately trained, equipped, and led Iraqi battalions expected to be capable of conducting counterinsurgency operations independently and the estimated total number expected to be capable of conducting counterinsurgency operations with United States or Coalition mentors and enablers by the end of 2005 and of 2006.

(11) An assessment of the effectiveness of the chain of command of the Iraqi military.

(12) The number and nationality of Coalition mentors and advisers working with Iraqi security forces as of the date of the report, plans for decreasing or increasing the number of such mentors and advisers, and a description of their activities.

(13) A list of countries of the North Atlantic Treaty Organisation (''NATO'') participating in the NATO mission for training of Iraqi security forces and the number of troops from each country dedicated to the mission.

(14) A list of countries participating in training Iraqi security forces outside the NATO training mission and the number of troops from each country dedicated to the mission.

(15) For any country, which made an offer to provide forces for training that has not been accepted, an explanation of the reasons why the offer was not accepted.

(16) For offers to provide forces for training that have been accepted by the Iraqi government, a report on the status of such training efforts, including the number of troops involved by country and the number of Iraqi security forces trained.

(17) An assessment of the progress of the National Assembly of Iraq in drafting and ratifying the permanent constitution of Iraq, and the performance of the new Iraqi Government in its protection of the rights of minorities and individual human rights, and its adherence to common democratic practices.

(18) The estimated number of United States military forces who will be needed in Iraq 6, 12, and 18 months from the date of the report.

Mr. COCHRAN. Mr. President, I know of no requests for debate on the amendment as modified.

The PRESIDING OFFICER. If there is no further debate, the question is on agreeing to the amendment, as modified.

The amendment (No. 427), as modified, was agreed to.

Mr. COCHRAN. I move to reconsider the vote.

Mr. LEAHY. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 399

Mr. COCHRAN. I call up amendment numbered 399, on behalf of Mr. DORGAN, regarding the independent counsel investigation of Henry Cisneros.

I know of no requests for debate on the amendment.

The PRESIDING OFFICER. If there is no further debate, the question is on agreeing to the amendment.

The amendment (No. 399) was agreed to.

Mr. COCHRAN. I move to reconsider the vote.

Mr. LEAHY. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 560

Mr. COCHRAN. I send to the desk an amendment on behalf of Mr. SHELBY, regarding judicial security enhancements.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Mississippi, [Mr. COCHRAN], for Mr. SHELBY, for Mr. KENNEDY, for himself, Mr. DURBIN and Mr. OBAMA, proposes an amendment numbered 560.

Mr. COCHRAN. I ask unanimous consent the reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To clarify funding for judicial security enhancements)

On page 184, line 16, after ''$11,935,000,'', insert ''for increased judicial security outside of courthouse facilities, including priority consideration of home intrusion detection systems in the homes of federal judges,''.

Mr. COCHRAN. I know of no requests for debate on the amendment

The PRESIDING OFFICER. If there is no further debate, the question is on agreeing to the amendment.

The amendment (No. 560) was agreed to.

Mr. COCHRAN. I move to reconsider the vote.

Mr. LEAHY. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 561

Mr. COCHRAN. I send to the desk an amendment on behalf of Mr. REID of Nevada—technical in nature—and ask it be reported.

The PRESIDING OFFICER. The clerk will report.

The assistant legislative clerk read as follows:

The Senator from Mississippi, [Mr. COCHRAN], for Mr. REID of Nevada, proposes an amendment numbered 561.

Mr. COCHRAN. I ask unanimous consent the reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To modify the provision relating to agricultural and natural resource conservation activities in the Walker River Basin, Nevada)

In section 6017(b)(1)(A), insert ''appurtenant to the land'' after ''water''.

Mr. COCHRAN. Mr. President, I know of no requests for debate.

The PRESIDING OFFICER. The question is on agreeing to the amendment.

The amendment (No. 561) was agreed to.

Mr. COCHRAN. I move to reconsider the vote.

Mr. LEAHY. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 562

Mr. COCHRAN. My final request is to send to the desk another amendment on behalf of Mr. REID of Nevada that is technical in nature. I ask that it be reported.

The PRESIDING OFFICER. The clerk will report.

The assistant legislative clerk read as follows:

The Senator from Mississippi [Mr. COCHRAN], for Mr. REID of Nevada, proposes an amendment numbered 562.

Mr. COCHRAN. I ask unanimous consent the reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To modify the provision relating to the water lease and purchase program for the Walker River Paiute Tribe)

In section 6017(c)(2), strike subparagraphs (A) and (B) and insert the following:

(A) acquired only from willing sellers;

(B) designed to maximize water conveyances to Walker Lake; and

(C) located only within the Walker River Paiute Indian Reservation.

Mr. COCHRAN. Mr. President, I know of no requests for debate.

The PRESIDING OFFICER. If there is no further debate, the question is on agreeing to the amendment.

The amendment (No. 562) was agreed to.

Mr. COCHRAN. I move to reconsider the vote.

Mr. LEAHY. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

The PRESIDING OFFICER. The Senator from Mississippi.

Mr. COCHRAN. Mr. President, I thank the distinguished Senator, my friend from Vermont. He is a valuable member of the Appropriations Committee.

Mr. President, I am pleased with the progress we have been able to make on this supplemental appropriations bill today. The Senate is working hard to ensure we consider requests that have merit which should be included in this bill.

The focus of the bill, as everyone realizes, though, is on assisting and providing for our troops, the Department of Defense facilities that are located in Iraq, trying to help ensure we protect the forces we have there, giving them what they need to bring these operations to a successful conclusion. We have made tremendous progress there, as well as in Afghanistan, bringing an opportunity for peace and freedom to the people of both of those countries. It is quite amazing to see the success that has been achieved in that direction, as those nations continue to work to build the infrastructure for democracy and a growing economy.

Our troops still need additional assistance, and that is why it is important for us to respond in a positive way to the requests of the administration to fund those needs and provide that assistance which will play such a critical role in their success.

The funds appropriated in this bill will provide support, pay in allowances. It will provide additional equipment, more modern and more effective equipment, so that the chances of success will be enhanced.

We do not want to drag out this supplemental unnecessarily. We need to complete action on the bill so we can go to conference with our counterpart committee, the Appropriations Committee in the House, and work out differences between the two bodies on this bill.

We do not want to delay this supplemental. We do not want to endanger our troops and our national interests in those areas of the world and here at home by unnecessary delay.

We appreciate the cooperation of all Senators. I thank everyone who has played a part today in our success in moving forward with this legislation.

Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. STEVENS. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

MORNING BUSINESS

Mr. STEVENS. Mr. President, I ask unanimous consent that there now be a period of morning business, with Senators permitted to speak therein for up to 10 minutes each.

The PRESIDING OFFICER. Without objection, it is so ordered.

LOCAL LAW ENFORCEMENT ENHANCEMENT ACT OF 2005

Mr. SMITH. Mr. President, I rise today to speak about the need for hate crimes legislation. Each Congress, Senator KENNEDY and I introduce hate crimes legislation that would add new categories to current hate crimes law, sending a signal that violence of any kind is unacceptable in our society. Likewise, each day I have come to the floor to highlight a separate hate crime that has occurred in our country.

Last March, 29-year-old Jason Gage, who is gay, was beaten and stabbed in his home. According to police reports, his attacker acknowledged striking Gage twice with a bottle in the head and stabbing him with a piece of glass. There have been reports that the victim was targeted solely because of his sexual orientation.

I believe that the government's first duty is to defend its citizens, to defend them against the harms that come out of hate. The Local Law Enforcement Enhancement Act is a symbol that can become substance. I believe that by passing this legislation and changing current law, we can change hearts and minds as well.

HONORING OUR ARMED FORCES

SPECIALIST SASCHA STRUBLE

Mr. BAYH. Mr. President, I rise today with a heavy heart and deep sense of gratitude to honor the life of a brave young man from Hanna. SPC

Struble, twenty years old, died on April 6 in a military helicopter crash near Ghazni city, 80 miles southwest of Kabul. With his entire life before him, Sascha risked everything to fight for the values Americans hold close to our hearts, in a land halfway around the world.

Two years out of high school, Sascha had joined the Army in the hopes of getting the education he needed to become a paralegal, even working in the Army Judge Advocate General unit while stationed in Afghanistan. A former teacher recounted that Sascha was ''a terrific kid . . . Sascha made us all want to be a better person.'' Described as a father figure to his younger siblings, Sascha never liked conflict and was often the family peacekeeper. His younger sister described Sascha to a local television station as ''always a happy person, always making us laugh. I can't think of a time that he wasn't smiling.''

Sascha was killed while serving his country in Operation Enduring Freedom. He served in the 1st Battalion, 173rd Airborne Brigade, 508 Infantry.

Today, I join Sascha's family and friends in mourning his death. While we struggle to bear our sorrow over this loss, we can also take pride in the example he set, bravely fighting to make the world a safer place. It is his courage and strength of character that people will remember when they think of Sascha, a memory that will burn brightly during these continuing days of conflict and grief.

Sascha was known for his dedication to his family and his love of country. Today and always, Sascha will be remembered by family members, friends and fellow Hoosiers as a true American hero and we honor the sacrifice he made while dutifully serving his country.

As I search for words to do justice in honoring Sascha's sacrifice, I am reminded of President Lincoln's remarks as he addressed the families of the fallen soldiers in Gettysburg: ''We cannot dedicate, we cannot consecrate, we cannot hallow this ground. The brave men, living and dead, who struggled here, have consecrated it, far above our poor power to add or detract. The world will little note nor long remember what we say here, but it can never forget what they did here.'' This statement is just as true today as it was nearly 150 years ago, as I am certain that the impact of Sascha's actions will live on far longer than any record of these words.

It is my sad duty to enter the name of Specialist Sascha Struble in the Official Record of the United States Senate for his service to this country and for his profound commitment to freedom, democracy and peace. When I think about this just cause in which we are engaged, and the unfortunate pain that comes with the loss of our heroes, I hope that families like Sascha's can find comfort in the words of the prophet Isaiah who said, ''He will swallow up death in victory; and the Lord God will wipe away tears from off all faces.''

May God grant strength and peace to those who mourn, and may God be with all of you, as I know He is with Sascha.

FAMILY ENTERTAINMENT AND COPYRIGHT ACT OF 2005

Mr. LEAHY. Mr. President, I am pleased that today the House has voted to pass the Family Entertainment and Copyright Act of 2005, clearing the way for the President to sign this important bill into law. That signature will mark the completion of our unfinished intellectual property business from last year. As we work to enact an equally ambitious intellectual property agenda in this new Congress, we have started off on the right foot.

The Family Entertainment and Copyright Act will help protect the rights of our innovators and support efforts at preserving America's cultural heritage. Title I of the bill, the ''Artists' Rights and Theft Prevention Act,'' will criminalize a growing scourge: the use of camcorders to surreptitiously swipe movies from the big screen. Theft of intellectual property does not involve stealing something tangible, but the economic impact is very real. According to the Motion Picture Association of America, our film industries lose $3 billion annually due to piracy. We already know of high profile examples of movies showing up in other parts of the world on DVD while still in theaters in the United States. Theft of intellectual property is a global problem, and we need to ensure that our own IP house is in order even as we continue efforts at stronger international enforcement.

I have long been an enthusiastic proponent of the Library of Congress's efforts at protecting and promoting our nation's rich and diverse film heritage. Thus, I am particularly pleased that the bill passed today also contains the National Film Preservation Act, legislation that I sponsored in the last Congress to continue support for this extraordinary project. It reauthorizes a Library of Congress program dedicated to preserving precisely those types of films most in need of archival preservation: ''orphaned'' works that do not enjoy the protection of the major studios. The movies saved include culturally significant silent-era films, ethnic films, newsreels, and avant-garde works. The Act will allow the Library of Congress to continue its important work, and to provide assistance to libraries, museums, and archives in preserving films and in making these works available to researchers and the public. We know that more than 50 percent of the works made before 1950 have disintegrated and that only 10 percent of films made before 1929 still exist. Once these works are gone, they are lost to history forever. The Librarian of Congress, James Billington, has referred to our film heritage as ''America's living past.'' The National Film Preservation Act will help ensure that this past is accessible in order to entertain and enlighten future generations.

I am also glad that a small but significant component of the bill is the Preservation of Orphan Works Act, which corrects a drafting error in the Sonny Bono Copyright Term Extension Act. Correction of this error will allow libraries to create copies of orphan works, copyrighted materials that are in the last 20 years of their copyright term, are no longer commercially exploited, and are not available at a reasonable price. The last provision in the bill is the Family Movie Act, which ensures that in-home viewing of movies can be done as families see fit.

I noted when this bill was introduced that while I might well have drafted specific components of this package differently, the Family Entertainment and Copyright Act was built around collegiality and compromise, both across the aisle and between chambers. As a result, we have produced good law worthy of the broad support it has enjoyed. I thank the bill's Senate cosponsors, Senators HATCH, CORNYN, FEINSTEIN, and ALEXANDER, for all of their hard work. I also wish to thank in particular Chairmen SENSENBRENNER, Congressman CONYERS, Congressman SMITH, and Congressman BERMAN, without whose efforts this bill could not become law.

EQUAL PAY DAY

Mr. CORZINE. Mr. President, I stand today to speak in support of an issue that affects every woman in this country—the fight for equal pay for men and women.

Today is Equal Pay Day—the day when the wages paid to American women ''catch up'' to the wages paid to men last year. So, essentially, women have to work almost four months more than men who do the same job just to bring home the same amount of income.

Until the early 1960s, newspapers published separate want-ads for men and women. Some newspapers even printed the same job in the male and female listings, but with separate pay scales. Full-time working women would earn on average between 59–64 cents for every dollar their male counterparts earned doing the exact same job.

Finally, in 1963, Congress passed the Equal Pay Act making it illegal to pay women lower rates for the same job strictly on the basis of gender. Since its passage, we have made significant progress in the fight for equal pay.

Women now earn 76 cents for every dollar earned by a man in the same position.

While we have improved over the last 40 years, however, we still have a long way to go. Apparently this Administration, however, thinks we can stop fighting for equal pay. The Department of Labor quietly eliminated its Equal Pay Matters Initiative, removed all information about narrowing the wage gap from its Web site, and refused to use available tools to identify violations of equal pay laws.

Today, we teach our young girls that they can be anything they want to be, that no job or career is out of their reach. What we do not tell our young girls is that once they get that job and start their career, they will make 24 percent less than their fellow male coworker even if they do the same exact and work just as hard. And if they are women of color, they will make 34 percent less. If the U.S. Department of Labor thinks that this is acceptable, then we may as well tell those young girls to stop dreaming because their work will not be valued as much as their brother's will.

I think we should continue to encourage women who are in the workforce and young girls who will be in the workforce that working hard will payoff. That is why I am proud to be a cosponsor of two bills that will move this country toward equal pay for women—Senator CLINTON's Paycheck Fairness Act and Senator HARKIN's Fair Pay Act.

The Paycheck Fairness Act will enforce equal pay laws for Federal contractors and prohibit employers from retaliating against employees who share salary information with their coworkers. This bill also addresses what is known as the ''negotiation gap.'' Women are eight times less likely to negotiate their starting salaries then men. In order to empower women to negotiate their salaries, the Paycheck Fairness Act creates a training program to help women strengthen their negotiation skills. Finally, the bill requires the Department of Labor to continue collecting and disseminating information about women workers.

While the Paycheck Fairness Act addresses pay inequity among men and women for performing the same job, the Fair Pay Act addresses the problem of women not getting paid what they are worth for doing jobs that may be different than those performed by men, but are of equal value to the employer. The Fair Pay Act requires employers to provide equal pay for jobs that are comparable in skill, effort, responsibility and working conditions. The Fair Pay Act would apply to each company individually and would prohibit companies from reducing other employees' wages to achieve pay equity.

This issue is not just one of equality among men and women—it is a bread-and-butter issue for working families. According to the National Women's Law Center, if working women earned the same as men, those who work the same number of hours; have the same education, age, and union status; and live in the same region of the country, their annual family incomes would rise by $4,000 and poverty rates would be cut in half. As we all know, family earnings determine where and how a family lives, the education of their children, the family's health care, their standard of living, including whether workers have a pension on which to retire comfortably. We're talking about serious consequences to this pervasive problem.

Since the beginning of my tenure, I have been very involved with this issue. When the administration wanted to eliminate the Equal Pay Initiative within the Department of Labor's Women's Bureau, I wrote a letter to President Bush expressing my outrage at the Department's actions. In addition, I was also a co-sponsor of the Civil Rights Act of 2004, which included the Paycheck Fairness Act.

I commend my colleagues, Senator CLINTON and Senator HARKIN, for their commitment to the equal pay issue. I am proud to join them as co-sponsors of the Paycheck Fairness Act and the Fair Pay Act. I believe that these two pieces of legislation will help put an end to the pay disparity between men and women and bring us closer to the year when we celebrate Equal Pay Day on January 1.

COMMEMORATING THE LIFE OF MARLA RUZICKA

Mrs. FEINSTEIN. Mr. President, I rise today to commemorate the life and work of Marla Ruzicka, a remarkable woman and humanitarian who was killed last Saturday in a car bomb blast in Baghdad.

My thoughts and prayers go out to her parents, Cliff and Nancy, her siblings, and her friends and coworkers. She will be sorely missed.

Born and raised in Lakeport, CA, Marla dedicated her life to helping the innocent victims of war who needed a voice and needed a champion.

She traveled to war zones like Afghanistan and Iraq on her own and at her own risk to document civilian casualties and find ways to provide the needed humanitarian assistance.

Two years ago, at the age of 26, she founded the Campaign for Innocent Victims in Conflict to ''mitigate the impact of the conflict and its aftermath on the people of Iraq by ensuring that timely and effective life-saving assistance is provided to those in need''.

A tireless and relentless advocate for her cause, she talked to anyone who would listen and would win over doubters with her smile, kindness, and compassion.

In fact, in no small part to her own initiative, she helped convince Congress and the U.S. military to provide $30 million for innocent victims of the wars in Afghanistan and Iraq, something that had not been accomplished before.

Few have done so much and helped so many at such a young age.

Her father said he would remember her as a ''lady with a tremendously open heart and warm feelings toward the people who've been in conflict and war.''

As we mourn the loss of a loving and caring American, let us also celebrate the life of Marla Ruzicka and rededicate ourselves to the cause she personified. In her memory, let us reach out to Afghan and Iraqi civilians who have suffered in silence and be their voice and champion.

I can think of no finer tribute.

ADDITIONAL STATEMENTS

CONGRATULATING EL CAMINO REAL HIGH SCHOOL

• Mrs. FEINSTEIN. Mr. President, I rise today to congratulate El Camino Real High School of Woodland Hills, CA, on winning the prestigious U.S. Academic Decathlon for a second year in a row an astonishing achievement for all the students, teachers, and parents involved.

Each year, the U.S. Academic Decathlon brings together some of our Nation's brightest students for 2 days of competition on a broad range of subjects including mathematics, literature, economics, art, science, and music. I am very proud to report that in the 24 years of this competition, schools representing California have finished first or second every year except for one.

El Camino's tremendous victory represents an incredible fourth title in the last 8 years. Only one other school in the Nation has been more successful. El Camino is the first school to win back-to-back championships since their fellow Californians, Palo Alto High School, achieved that distinction in 1982 and 1983.

This triumph is the result of much effort and sacrifice. These amazingly dedicated students have given up spring and summer vacations and spent up to 10 hours a day preparing. Their hard work and commitment have certainly paid great dividends.

El Camino finished first with 49,009 points out of a possible 60,000, beating their nearest opponent by 723, and were led by their top scorer—Laura Descher.

It is important to note that the Academic Decathlon is set up to award versatility and breadth of knowledge, requiring each student to prepare for all the various academic events. This means that each student has developed

a diverse and robust degree of scholarship rather than just specializing in one given topic.

The nine students whose effort and determination have made our State so proud are Micah Roth, Benjamin Farahmand, Jihwan Kim, Lindsey Cohen, Laura Descher, Lindsay Gibbs, Sean Follmer, Brian Hwang, and Kevin Rosenberg.

A great deal of the credit must be given to the dedicated coaches—Christian Cerone and Lissa Gregorio. This whole experience has certainly been just as memorable for them as it has for their students.

Of course, no congratulations would be complete without mentioning the contributions of the parents and family members who have been there each step of the way to cheer these young people on and support them in their lofty goals.

Again, I congratulate El Camino Real High School on this great achievement and wish all the students involved continued success in whatever they decide to do. You have made your State, your parents, your school, and your Senator very proud.●

MRS. SUE PANETTA-LEE

● Mr. BOND. Mr. President, Mrs. Sue Panetta-Lee will soon be installed as president of the Business and Professional Women's Clubs, Incorporated, of Missouri for 2005–2006. Sue is dedicated to the mission and vision of Business and Professional Women, BMW, and supports the legislative platform at the State and national levels.

Sue has been an active member since 1990 when she was introduced to BMW through the Young Careerist Program. She is a member of the St. Louis Metropolitan BMW in good standing and has served on and chaired many committees. Sue has experience in grant writing, program creation and implementation. She has presented training on numerous occasions in the community and for BMW on leadership, legislation, and many other topics of interest. Sue was instrumental in planning the state legislative conference in February 2000.

Sue is a team player and is a self-starter with decision making and leadership abilities. She has experience as a mentor and is devoted to empowering all persons to be equal as human beings. Sue is a dedicated and creative person who will speak up for ideas that promote BMW and women's issues. She believes that we grow more from embracing our differences and learning from each other's experiences and knowledge.

Sue is currently self-employed since 1998 in private practice as a Licensed Mental Health Therapist. Prior to that, Sue was clinical director for a community health agency for eight years. She has worked in other capacities as a social worker in the community for hospitals and in long-term care facilities, working with all age groups. Sue has a total of 22 years of work experience in the mental health field.

Currently Sue is serving as part of the Executive Board in the position of First Vice President, and is a member of American Association of University Women, Illinois Counselors' Association, and the Illinois Coalition to End Homelessness. Sue was a Young Careerist representing her district at the state level. She has held all positions at the local level with the exception of treasurer. At the state level Sue has served as Legislative, Membership, and Fund-raising Chairs. At the National level Sue has served on the Governance Task Force Committee.

As President of BMW, Sue will make executive committee and various other appointments. She will represent the State Federation at numerous national and state functions, and interpret the BMW/USA programs, policies, procedures, and objectives to the State Federation. I commend Sue for her outstanding service to the St. Louis Metropolitan Area. I wish Mrs. Panetta-Lee and her husband all the best.●

KEN MURPHREE

● Mr. COCHRAN. Mr. President, I am pleased to commend Ken Murphree of Tunica for his distinguished service as president of Delta Council this year.

Delta Council is an economic development organization representing the 18 Delta and part-Delta counties of northwest Mississippi. Delta Council was organized in 1935 to bring together the agriculture and business leadership of the region to focus on the challenges which face the economy and society of the Delta.

Ken Murphree has served admirably as president of Delta Council; and with his distinguished record of public service as a county administrator for DeSoto County during its early years as a growth-area for the Memphis metropolitan region, and more recently, as the county administrator for Tunica County, MS, he has provided careful and responsible leadership for orderly economic growth in our State. The growth of the local tax base in Tunica County, MS, resulting from the rapid expansion of the gaming industry in that area, has ben characterized as a model and a standard by which other rural growth areas are measured.

Ken Murphree has been a strong proponent of Delta Council's programs of education and health care during the past year. His history of involvement in transportation improvements has served Delta Council well this year. The progress being registered on the development of Interstate 69 and the U.S. Highway 82—Mississippi River Bridge has also benefited from his leadership.

Ken has coordinated the activities of Delta Council in a way which has brought consensus throughout the region in areas such as flood control, industrial development, higher education funding, and transportation improvements.

Ken has been a leader in his community, and as he concludes his year as president of Delta Council I congratulate him for the contributions which he has made to this special region of our country. I look forward to his future contributions in improving the quality of life for our citizens in the Mississippi Delta.●

NEW MEXICO TECH

● Mr. DOMENICI. Mr. President, I rise today to congratulate the New Mexico Institute of Mining and Technology in Socorro, NM for the school's No. 2 ranking in The Princeton Review's 2006 edition of the Nation's ''best value'' colleges. New Mexico Tech is an outstanding school and I am very proud of what they have accomplished. This is a well deserved recognition for the excellent work being done by the faculty and students at this fine university.

The New Mexico Institute of Mining and Technology, known to New Mexicans as New Mexico Tech, was originally founded in 1889 as the New Mexico School of Mines. At that time the Territorial Legislature, wanting to boost New Mexico's economy, decided to establish a School of Mines to train young mining engineers. Silver and lead ores taken from the nearby Magdalena Mountains were processed nearby and the new School of Mines would allow young mining engineers to train near the eventual site of their work. The New Mexico school of mines opened with one building, two professors, and seven students.

Over the years, their mission has expanded to say the least. Today the enrollment at this university exceeds 1,800 students from different parts of the country and the world. New Mexico Tech is an outstanding research university, recognized for their excellence as a leader in many areas of research, including homeland security, hydrology, astrophysics, atmospheric physics, geophysics, information technology, geosciences, energetic materials engineering, and petroleum recovery. Students come to tech for its outstanding academic reputation, hands-on laboratory learning experiences, opportunities for employment in one of their many research facilities, and its beautiful Southwestern setting.

In the past, I have strongly supported New Mexico Tech and have helped them secure defense and homeland security appropriations funding. In return, they have provided the country with first rate research giving American defense and homeland security planners' better technology to protect

military personnel and civilians from attack. They have been on the forefront of homeland security research, antiterrorism efforts, and bringing new job opportunities to the central New Mexico region. The school's hard work and record of success has made it easy for me to convince my colleagues that New Mexico Tech is a good investment. I am very pleased with the dynamic coming out of this wonderful school and I encourage them to keep up the good work.

I ask unanimous consent that a copy of a article entitled ''New Mexico Tech Second on 'Best Value' College List'' be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

[From the ABQJOURNAL, Apr. 18, 2005]

NEW MEXICO TECH SECOND ON 'BEST VALUE' COLLEGE LIST

SOCORRO—The New Mexico Institute of Mining and Technology ranked second on The Princeton Review's 2006 edition of the nation's ''best value'' colleges.

New Mexico Tech's Web site listed its annual undergraduate cost for tuition, room and board and books as $8,750 for 2004–2005 academic year, which includes $3,280 a year in tuition and fees. Earlier this month, Tech's regents approved a 10 percent tuition increase.

Bates College in Lewiston, Maine, whose tuition, room and board costs roughly $40,000 a year, was ranked the nation's ''best value'' college. Bates, fifth in the previous year's rankings, topped the new ''America's Best Value Colleges,'' which hits the bookstores Tuesday.

The Princeton Review said all 81 schools on the list offer outstanding academics, generous financial aid packages and relatively low costs.

''It's always pleasing to be recognized and acknowledged for the good work of our faculty as well as our students,'' Dan Lopez, president of Tech, said Monday. ''It does give us a certain amount of presence in the higher education community.''

And, he said, it makes people aware of a small school in a more remote area.

''We really have an outstanding school,'' Lopez said. ''We're very proud of it.''

George Zamora, a spokesman for Tech, said it's the first time the school has cracked the top 10, although it has been on the overall ''best value'' list for years.

New Mexico Tech primarily focuses on science and engineering at both the undergraduate and graduate level.

The rest of the 2006 top 10: Brigham Young University of Provo, Utah; Hendrix College, Conway, Ark.; University of California-Los Angeles; New College of Florida, Sarasota; City University of New York-Brooklyn College; City University of New York-Queens College; William Jewell College, Liberty, Mo.; and Hanover College, Hanover, Ind.

The Princeton Review, an education services company with no connection to Princeton University, compiled the list and its book from data obtained from administrators at more than 350 colleges and from surveys of college students.

The Princeton Review said its rankings were based on more than 30 factors in four categories: academics, tuition, financial aid and student borrowing.

''Bottom line: the 81 schools that met our criteria for this book are all great college education deals,''' said Robert Franek, the company's vice president for publishing.●

MESSAGES FROM THE PRESIDENT

Messages from the President of the United States were communicated to the Senate by Ms. Evans, one of his secretaries.

EXECUTIVE MESSAGES REFERRED

As in executive session the Presiding Officer laid before the Senate messages from the President of the United States submitting sundry nominations which were referred to the appropriate committees.

(The nominations received today are printed at the end of the Senate proceedings.)

MESSAGES FROM THE HOUSE

At 5:07 p.m., a message from the House of Representatives, delivered by Ms. Niland, one of its reading clerks, announced that pursuant to 22 U.S.C. 276h, and the order of the House of January 4, 2005, the Speaker appoints the following Members of the House of Representatives to the Mexico-United States Interparliamentary Group: Mr. KOLBE of Arizona, Chairman and Ms. HARRIS of Florida, Vice Chairman.

The message also announced that pursuant to 14 U.S.C. 194(a), and the order of the House of January 4, 2005, the Speaker appoints the following Member of the House of Representatives to the Board of Visitors to the United States Coast Guard Academy: Mr. SIMMONS of Connecticut.

The message also announced that pursuant to 10 U.S.C. 4355(a), and the order of the House of January 4, 2005, the Speaker appoints the following Members of the House of Representatives to the Board of Visitors to the United States Military Academy: Mrs. KELLY of New York and Mr. TAYLOR of North Carolina.

The message also announced that pursuant to 46 U.S.C. 1295b(h), and the order of the House of January 4, 2005, the Speaker appoints the following Member of the House of Representatives to the Board of Visitors to the United States Merchant Marine Academy: Mr. KING of New York.

MEASURES READ THE FIRST TIME

The following bills were read the first time:

H.R. 8. An act Reserved.

S. 839. A bill to repeal the law that gags doctors and denies women information and referrals concerning their reproductive health options.

S. 844. A bill to expand access to preventive health care services that help reduce unintended pregnancy, reduce the number of abortions, and improve access to women's health care.

S. 845. A bill to amend title 10, United States Code, to permit retired servicemembers who have a service-connected disability to receive disability compensation and either retired pay or Combat-Related Special Compensation and to eliminate the phase-in period with respect to such concurrent receipt.

S. 846. A bill to provide fair wages for America's workers.

S. 847. A bill to lower the burden of gasoline prices on the economy of the United States and circumvent the efforts of OPEC to reap windfall oil profits.

S. 848. A bill to improve education, and for other purposes.

S. 851. A bill to reduce budget deficits by restoring budget enforcement and strengthening fiscal responsibility.

EXECUTIVE AND OTHER COMMUNICATIONS

The following communications were laid before the Senate, together with accompanying papers, reports, and documents, and were referred as indicated:

EC–1811. A communication from the Secretary of Transportation, transmitting, the report of a proposed bill entitled ''Passenger Rail Investment Reform Act'' received on April 18, 2005; to the Committee on Commerce, Science, and Transportation.

EC–1812. A communication from the Commandant, United States Coast Guard, transmitting, pursuant to law, a report of proposed legislation entitled ''Coast Guard Authorization Act of 2005''; to the Committee on Commerce, Science, and Transportation.

EC–1813. A communication from the Under Secretary, Food, Nutrition, and Consumer Services, Department of Agriculture, the report of a rule entitled ''Food Stamp Program, Regulatory Review: Standards for Approval and Operation of the Food Stamp Electronic Benefit Transfer (EBT) Systems'' (RIN0584–AC37) received on April 18, 2005; to the Committee on Agriculture, Nutrition, and Forestry.

EC–1814. A communication from the Congressional Review Coordinator, Animal and Plant Health Inspection Service, Department of Agriculture, transmitting, pursuant to law, the report of a rule entitled ''Tuberculosis in Cattle and Bison; State and Zone Designations; California'' (APHIS Docket No. 05–010–1) received on April 18, 2005; to the Committee on Agriculture, Nutrition, and Forestry.

EC–1815. A communication from the Acting Administrator, Agricultural Marketing Service, Department of Agriculture, transmitting, pursuant to law, the report of a rule entitled ''Milk in the Northeast Marketing Area—Final Order'' (DA–02–01; AO–14–A70) received on April 18, 2005; to the Committee on Agriculture, Nutrition, and Forestry.

EC–1816. A communication from the Acting Administrator, Agricultural Marketing Service, Department of Agriculture, transmitting, pursuant to law, the report of a rule entitled ''Milk in the Pacific Northwest Marketing Area—Final Order'' (DA–01–08–PNW; AO–368–A30) received on April 18, 2005; to the Committee on Agriculture, Nutrition, and Forestry.

EC–1817. A communication from the Acting Chief, Publications and Regulation Branch, Internal Revenue Service, Department of the Treasury, transmitting, pursuant to law, the report of a rule entitled ''Tax Exempt Bond Partnership Lookthrough II'' (Rev. Proc. 2005–20) received on April 18, 2005; to the Committee on Finance.

EC–1818. A communication from the Acting Chief, Publications and Regulation Branch, Internal Revenue Service, Department of the Treasury, transmitting, pursuant to law, the report of a rule entitled ''Withholding Exemptions'' ((RIN1545–BE21) (TD 9196)) received on April 18, 2005; to the Committee on Finance.

EC–1819. A communication from the Acting Chief, Publications and Regulation Branch, Internal Revenue Service, Department of the Treasury, transmitting, pursuant to law, the report of a rule entitled ''Classification of Certain Foreign Entities'' ((RIN1545–BD78) (TD 9197)) received on April 18, 2005; to the Committee on Finance.

EC–1820. A communication from the President and Chairman, Export-Import Bank of the United States, transmitting, pursuant to law, a report relative to a transaction involving U.S. exports to Kenya; to the Committee on Banking, Housing, and Urban Affairs.

EC–1821. A communication from the President and Chairman, Export-Import Bank of the United States, transmitting, pursuant to law, a report of the Bank's operations for Fiscal Year 2004; to the Committee on Banking, Housing, and Urban Affairs.

EC–1822. A communication from the Deputy Secretary, Office of the Chief Accountant, Securities and Exchange Commission, transmitting, pursuant to law, the report of a rule entitled ''Rule 4–01(a)(3) of Regulation S–X, Form, Order, and Terminology'' (RIN3235–AJ39) received on April 18, 2005; to the Committee on Banking, Housing, and Urban Affairs.

EC–1823. A communication from the General Counsel, Office of Federal Housing Enterprise Oversight, transmitting, pursuant to law, the report of a rule entitled ''Corporate Governance; Final Amendments'' (RIN2550–AA24) received on April 18, 2005; to the Committee on Banking, Housing, and Urban Affairs.

EC–1824. A communication from the Assistant Secretary, Division of Corporation Finance, Securities and Exchange Commission, transmitting, pursuant to law, the report of a rule entitled ''First-Time Application of International Financial Reporting Standards'' (RIN3235–AI92) received on April 18, 2005; to the Committee on Banking, Housing, and Urban Affairs.

EC–1825. A communication from the Principal Deputy for Personnel and Readiness, Office of the Under Secretary of Defense, Department of Defense, transmitting, pursuant to law, a report of the authorization to wear the insignia of the grade of rear admiral (lower half); to the Committee on Armed Services.

EC–1826. A communication from the Principal Deputy, Personnel and Readiness, Office of the Under Secretary of Defense, Department of Defense, transmitting, pursuant to law, a report of officers authorized to wear the insignia of the next higher grade; to the Committee on Armed Services.

EC–1827. A communication from the Under Secretary of Defense, Personnel and Readiness, Department of Defense, transmitting, the report of a retirement; to the Committee on Armed Services.

EC–1828. A communication from the Secretary of the Air Force, transmitting, pursuant to law, the report of an Average Procurement Unit Cost (APUC) breach; to the Committee on Armed Services.

EC–1829. A communication from the Director of the Defense Finance and Accounting Service, transmitting, pursuant to law, a report on Conversion of Department of Defense Commercial Activity to a Government most Efficient Organization; to the Committee on Armed Services.

EC–1830. A communication from the General Counsel of the Department of Defense, transmitting, the report of legislative proposals; to the Committee on Armed Services.

EC–1831. A communication from the Assistant Secretary of the Army (Acquisition, Logistics and Technology), Department of the Army, transmitting, pursuant to law, a report entitled ''Annual Status Report on the Disposal of Chemical Weapons and Materiel for Fiscal Year 2004''; to the Committee on Armed Services.

REPORTS OF COMMITTEES

The following reports of committees were submitted:

By Mr. STEVENS, from the Committee on Commerce, Science, and Transportation, with an amendment in the nature of a substitute:

S. 50. A bill to authorize and strengthen the National Oceanic and Atmospheric Administration's tsunami detection, forecast, warning, and mitigation program, and for other purposes (Rept. No. 109–59).

By Mr. STEVENS, from the Committee on Commerce, Science, and Transportation, without amendment:

S. 361. A bill to develop and maintain an integrated system of ocean and coastal observations for the Nation's coasts, oceans and Great Lakes, improve warnings of tsunamis and other natural hazards, enhance homeland security, support maritime operations, and for other purposes (Rept. No. 109–60).

INTRODUCTION OF BILLS AND JOINT RESOLUTIONS

The following bills and joint resolutions were introduced, read the first and second times by unanimous consent, and referred as indicated:

By Mr. FEINGOLD:

S. 838. A bill to allow modified bloc voting by cooperative associations of milk producers in connection with a referendum on Federal Milk Marketing Order reform; to the Committee on Agriculture, Nutrition, and Forestry.

By Mrs. BOXER:

S. 839. A bill to repeal the law that gags doctors and denies women information and referrals concerning their reproductive health options; read the first time.

By Mr. HARKIN (for himself, Mrs. MURRAY, Mr. KENNEDY, Ms. MIKULSKI, Mr. DURBIN, Mr. LEAHY, Mr. AKAKA, Mr. FEINGOLD, Mrs. LINCOLN, Mr. CORZINE, and Mr. KERRY):

S. 840. A bill to amend the Fair Labor Standards Act of 1938 to prohibit discrimination in the payment of wages on account of sex, race, or national origin, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

By Mrs. CLINTON (for herself, Mr. REID, Mr. KENNEDY, Mr. HARKIN, Mr. DURBIN, Ms. LANDRIEU, Mr. CORZINE, Mr. LEAHY, Mr. SCHUMER, and Ms. STABENOW):

S. 841. A bill to amend the Fair Labor Standards Act of 1938 to provide more effective remedies to victims of discrimination in the payment of wages on the basis of sex, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

By Mr. KENNEDY (for himself, Mr. SPECTER, Mr. REID, Mr. DURBIN, Mr. SCHUMER, Mr. DODD, Mr. BINGAMAN, Mr. HARKIN, Ms. MIKULSKI, Mrs. MURRAY, Mrs. CLINTON, Mr. BYRD, Mr. INOUYE, Mr. BIDEN, Mr. LEAHY, Mr. SARBANES, Mr. LEVIN, Mr. KERRY, Mr. ROCKEFELLER, Mr. LIEBERMAN, Mr. AKAKA, Mr. DORGAN, Mrs. BOXER, Mr. FEINGOLD, Mr. WYDEN, Ms. LANDRIEU, Mr. BAYH, Mr. CARPER, Ms. STABENOW, Ms. CANTWELL, Mr. CORZINE, Mr. DAYTON, Mr. LAUTENBERG, Mr. OBAMA, Mr. SALAZAR, and Mr. REED):

S. 842. A bill to amend the National Labor Relations Act to establish an efficient system to enable employees to form, join, or assist labor organizations, to provide for mandatory injunctions for unfair labor practices during organizing efforts, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

By Mr. SANTORUM (for himself and Mr. DODD):

S. 843. A bill to amend the Public Health Service Act to combat autism through research, screening, intervention and education; to the Committee on Health, Education, Labor, and Pensions.

By Mrs. CLINTON (for herself and Mr. REID):

S. 844. A bill to expand access to preventive health care services that help reduce unintended pregnancy, reduce the number of abortions, and improve access to women's health care; read the first time.

By Mr. REID:

S. 845. A bill to amend title 10, United States Code, to permit retired servicemembers who have a service-connected disability to receive disability compensation and either retired pay or Combat-Related Special Compensation and to eliminate the phase-in period with respect to such concurrent receipt; read the first time.

By Mr. DURBIN:

S. 846. A bill to provide fair wages for America's workers; read the first time.

By Ms. STABENOW (for herself and Mr. SCHUMER):

S. 847. A bill to lower the burden of gasoline prices on the economy of the United States and circumvent the efforts of OPEC to reap windfall oil profits; read the first time.

By Mr. BINGAMAN:

S. 848. A bill to improve education, and for other purposes; read the first time.

By Mr. ALLEN (for himself, Mr. WYDEN, Mr. SUNUNU, Mr. ENSIGN, Mr. LEAHY, Mr. BURNS, Mr. SMITH, Mr. WARNER, and Mr. MCCAIN):

S. 849. A bill to make the moratorium on Internet access taxes and multiple and discriminatory taxes on electronic commerce permanent; to the Committee on Commerce, Science, and Transportation.

By Mr. FRIST (for himself and Mr. LUGAR):

S. 850. A bill to establish the Global Health Corps, and for other purposes; to the Committee on Foreign Relations.

By Mr. CONRAD (for himself, Mr. REID, Mr. FEINGOLD, Ms. MIKULSKI, Ms. STABENOW, Mr. INOUYE, Mr. LEAHY, Mr. SALAZAR, Mr. ROCKEFELLER, Mr. SCHUMER, Mrs. FEINSTEIN, Mr. DAYTON, Mr. DODD, Mrs. CLINTON, Mrs. BOXER, Mr. DORGAN, Mr. KOHL, Mr. LEVIN, and Mr. NELSON of Florida):

S. 851. A bill to reduce budget deficits by restoring budget enforcement and strengthening fiscal responsibility; read the first time.

By Mr. SPECTER (for himself, Mr. LEAHY, Mr. HATCH, Mrs. FEINSTEIN, Mr. GRASSLEY, Mr. DEWINE, Mr. BAUCUS, and Mr. VOINOVICH):

S. 852. A bill to create a fair and efficient system to resolve claims of victims for bodily injury caused by asbestos exposure, and for other purposes; to the Committee on the Judiciary.

By Mr. BROWNBACK (for himself, Mr. CRAPO, and Mr. SMITH):

S.J. Res. 14. A joint resolution providing for the recognition of Jerusalem as the undivided capital of Israel before the United States recognizes a Palestinian state, and for other purposes; to the Committee on Foreign Relations.

By Mr. BROWNBACK (for himself, Mr. DORGAN, and Mr. DODD):

S.J. Res. 15. A joint resolution to acknowledge a long history of official depredations and ill-conceived policies by the United States Government regarding Indian tribes and offer an apology to all Native Peoples on behalf of the United States; to the Committee on Indian Affairs.

SUBMISSION OF CONCURRENT AND SENATE RESOLUTIONS

The following concurrent resolutions and Senate resolutions were read, and referred (or acted upon), as indicated:

By Mrs. DOLE (for herself and Mr. BURR):

S. Res. 113. A resolution expressing support for the International Home Furnishings Market in High Point, North Carolina; to the Committee on the Judiciary.

ADDITIONAL COSPONSORS

S. 173

At the request of Mr. DEWINE, the name of the Senator from Ohio (Mr. VOINOVICH) was added as a cosponsor of S. 173, a bill to amend title XVIII of the Social Security Act to provide adequate coverage for immunosuppressive drugs furnished to beneficiaries under the Medicare program that have received an organ transplant.

S. 185

At the request of Mr. NELSON of Florida, the name of the Senator from Maryland (Ms. MIKULSKI) was added as a cosponsor of S. 185, a bill to amend title 10, United States Code, to repeal the requirement for the reduction of certain Survivor Benefit Plan annuities by the amount of dependency and indemnity compensation and to modify the effective date for paid-up coverage under the Survivor Benefit Plan.

S. 241

At the request of Ms. SNOWE, the name of the Senator from Michigan (Ms. STABENOW) was added as a cosponsor of S. 241, a bill to amend section 254 of the Communications Act of 1934 to provide that funds received as universal service contributions and the universal service support programs established pursuant to that section are not subject to certain provisions of title 31, United States Code, commonly known as the Antideficiency Act.

S. 260

At the request of Mr. INHOFE, the name of the Senator from Vermont (Mr. JEFFORDS) was added as a cosponsor of S. 260, a bill to authorize the Secretary of the Interior to provide technical and financial assistance to private landowners to restore, enhance, and manage private land to improve fish and wildlife habitats through the Partners for Fish and Wildlife Program.

S. 267

At the request of Mr. CRAIG, the name of the Senator from Florida (Mr. NELSON) was added as a cosponsor of S. 267, a bill to reauthorize the Secure Rural Schools and Community Self-Determination Act of 2000, and for other purposes.

S. 337

At the request of Mr. GRAHAM, the name of the Senator from New Jersey (Mr. LAUTENBERG) was added as a cosponsor of S. 337, a bill to amend title 10, United States Code, to revise the age and service requirements for eligibility to receive retired pay for nonregular service, to expand certain authorities to provide health care benefits for Reserves and their families, and for other purposes.

S. 365

At the request of Mr. COLEMAN, the name of the Senator from California (Mrs. BOXER) was added as a cosponsor of S. 365, a bill to amend the Torture Victims Relief Act of 1998 to authorize appropriations to provide assistance for domestic and foreign centers and programs for the treatment of victims of torture, and for other purposes.

S. 378

At the request of Mr. BIDEN, the name of the Senator from Utah (Mr. HATCH) was added as a cosponsor of S. 378, a bill to make it a criminal act to willfully use a weapon with the intent to cause death or serious bodily injury to any person while on board a passenger vessel, and for other purposes.

S. 391

At the request of Mr. LAUTENBERG, the name of the Senator from Wisconsin (Mr. FEINGOLD) was added as a cosponsor of S. 391, a bill to amend the Federal Election Campaign Act of 1971 to prohibit certain State election administration officials from actively participating in electoral campaigns.

S. 420

At the request of Mr. KYL, the names of the Senator from North Carolina (Mr. BURR) and the Senator from Oregon (Mr. SMITH) were added as cosponsors of S. 420, a bill to make the repeal of the estate tax permanent.

S. 467

At the request of Mr. DODD, the name of the Senator from Massachusetts (Mr. KERRY) was added as a cosponsor of S. 467, a bill to extend the applicability of the Terrorism Risk Insurance Act of 2002.

S. 495

At the request of Mr. BROWNBACK, the name of the Senator from North Carolina (Mrs. DOLE) was added as a cosponsor of S. 495, a bill to impose sanctions against perpetrators of crimes against humanity in Darfur, Sudan, and for other purposes.

S. 603

At the request of Ms. LANDRIEU, the names of the Senator from Kentucky (Mr. BUNNING) and the Senator from Missouri (Mr. TALENT) were added as cosponsors of S. 603, a bill to amend the Consumer Credit Protection Act to assure meaningful disclosures of the terms of rental-purchase agreements, including disclosures of all costs to consumers under such agreements, to provide certain substantive rights to consumers under such agreements, and for other purposes.

S. 633

At the request of Mr. JOHNSON, the name of the Senator from New Mexico (Mr. BINGAMAN) was added as a cosponsor of S. 633, a bill to require the Secretary of the Treasury to mint coins in commemoration of veterans who became disabled for life while serving in the Armed Forces of the United States.

S. 649

At the request of Ms. MURKOWSKI, her name was added as a cosponsor of S. 649, a bill to amend the Omnibus Crime Control and Safe Streets Act of 1968 to make volunteer members of the Civil Air Patrol eligible for Public Safety Officer death benefits.

S. 806

At the request of Mr. CRAIG, the name of the Senator from Colorado (Mr. SALAZAR) was added as a cosponsor of S. 806, a bill to amend title 38, United States Code, to provide a traumatic injury protection rider to servicemembers insured under section 1967(a)(1) of such title.

S. 815

At the request of Mr. THOMAS, the name of the Senator from Kentucky (Mr. BUNNING) was added as a cosponsor of S. 815, a bill to amend the Internal Revenue Code of 1986 to allow a 15-year applicable recovery period for depreciation of certain electric transmission property.

S. 830

At the request of Mr. INHOFE, the names of the Senator from Oklahoma (Mr. COBURN), the Senator from Kansas (Mr. ROBERTS) and the Senator from Texas (Mr. CORNYN) were added as cosponsors of S. 830, a bill to amend the Federal Water Pollution Control Act to insert a new definition relating to oil and gas exploration and production.

S.J. RES. 7

At the request of Mr. KENNEDY, the name of the Senator from Minnesota (Mr. DAYTON) was added as a cosponsor of S.J. Res. 7, a joint resolution proposing an amendment to the Constitution of the United States relative to equal rights for men and women.

S. RES. 64

At the request of Mr. JEFFORDS, the name of the Senator from New York (Mrs. CLINTON) was added as a cosponsor of S. Res. 64, a resolution expressing the sense of the Senate that the United States should prepare a comprehensive strategy for advancing and entering into international negotiations on a binding agreement that would swiftly reduce global mercury use and pollution to levels sufficient to protect public health and the environment.

AMENDMENT NO. 338

At the request of Mr. KERRY, the name of the Senator from New York (Mrs. CLINTON) was added as a cosponsor of amendment No. 338 intended to be proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 379

At the request of Mrs. HUTCHISON, the name of the Senator from New Mexico (Mr. DOMENICI) was added as a cosponsor of amendment No. 379 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 409

At the request of Mr. JEFFORDS, the name of the Senator from Minnesota (Mr. DAYTON) was added as a cosponsor of amendment No. 409 intended to be proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 418

At the request of Mr. ROBERTS, his name was added as a cosponsor of amendment No. 418 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 427

At the request of Mr. DURBIN, the name of the Senator from Minnesota (Mr. DAYTON) was added as a cosponsor of amendment No. 427 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 441

At the request of Mr. SPECTER, his name was added as a cosponsor of amendment No. 441 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 502

At the request of Mr. DODD, the name of the Senator from Oklahoma (Mr. INHOFE) was added as a cosponsor of amendment No. 502 intended to be proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 504

At the request of Mrs. CLINTON, the names of the Senator from Washington (Mrs. MURRAY), the Senator from New Jersey (Mr. LAUTENBERG), the Senator from New Jersey (Mr. CORZINE) and the Senator from Vermont (Mr. LEAHY) were added as cosponsors of amendment No. 504 intended to be proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. FEINGOLD:

S. 838. A bill to allow modified bloc voting by cooperative associations of milk producers in connection with a referendum on Federal Milk Marketing Order reform; to the Committee on Agriculture, Nutrition, and Forestry.

Mr. FEINGOLD. Mr. President, today I am re-introducing a measure that will begin to restore democracy for dairy farmers throughout the Nation.

When dairy farmers across the country voted on a referendum six years ago, perhaps the most significant change in dairy policy in sixty years, they didn't actually get to vote. Instead, their dairy marketing cooperatives cast their votes for them.

This procedure is called ''bloc voting'' and it is used all the time. Basically, a Cooperative's Board of Directors decides that, in the interest of time, bloc voting will be implemented for that particular vote. It may serve the interest of time, but it doesn't always serve the interests of their producer owner-members.

While I think that bloc voting can be a useful tool in some circumstances, I have serious concerns about its use in every circumstance. Farmers in Wisconsin and in other States tell me that they do not agree with their cooperative's view on every vote. Yet, they have no way to preserve their right to make their single vote count.

I have learned from farmers and officials at the U.S. Department of Agriculture (USDA) that if a cooperative bloc votes, individual members have no opportunity to voice opinions separately. That seems unfair when you consider what significant issues may be at stake. Co-ops and their individual members do not always have identical interests. Considering our nation's longstanding commitment to freedom of expression, our Federal rules should allow farmers to express a differing opinion from their co-ops, if they choose to.

The Democracy for Dairy Producers Act of 2005 is simple and fair. It provides that a cooperative cannot deny any of its members a ballot to opt to vote separately from the co-op.

This will in no way slow down the process at USDA; implementation of any rule or regulation would proceed

on schedule. Also, I do not expect that this would often change the final outcome of any given vote. Co-ops could still cast votes for their members who do not exercise their right to vote individually. And to the extent that co-ops represent farmers' interests, in the majority of cases farmers are likely to vote the same as their co-ops. But whether they join the co-ops or not in voting for or against a measure, farmers deserve the right to vote according to their own views.

I urge my colleagues to return the democratic process to America's farmers, by supporting the Democracy for Dairy Producers Act.

I ask unanimous consent that the text of my bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 838

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

The Act may be cited as the ''Democracy for Dairy Producers Act of 2005''.

SEC. 2. MODIFIED BLOC VOTING.

(a) IN GENERAL.—Notwithstanding paragraph (12) of section 8c of the Agricultural Adjustment Act (7 U.S.C. 608c), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, in the case of the referendum conducted as part of the consolidation of Federal milk marketing orders and related reforms under section 143 of the Agricultural Market Transition Act (7 U.S.C. 7253), if a cooperative association of milk producers elects to hold a vote on behalf of its members as authorized by that paragraph, the cooperative association shall provide to each producer, on behalf of which the cooperative association is expressing approval or disapproval, written notice containing—

(1) a description of the questions presented in the referendum;

(2) a statement of the manner in which the cooperative association intends to cast its vote on behalf of the membership; and

(3) information regarding the procedures by which a producer may cast an individual ballot.

(b) TABULATION OF BALLOTS.—At the time at which ballots from a vote under subsection (a) are tabulated by the Secretary of Agriculture, the Secretary shall adjust the vote of a cooperative association to reflect individual votes submitted by producers that are members of, stockholders in, or under contract with, the cooperative association.

By Mr. HARKIN (for himself, Mrs. MURRAY, Mr. KENNEDY, Ms. MIKULSKI, Mr. DURBIN, Mr. LEAHY, Mr. AKAKA, Mr. FEINGOLD, Mrs. LINCOLN, Mr. CORZINE, and Mr. KERRY):

S. 840. A bill to amend the Fair Labor Standards Act of 1938 to prohibit discrimination in the payment of wages on account of sex, race, or national origin, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

Mr. HARKIN. Mr. President, on behalf of myself and Senators MURRAY, KENNEDY, MIKULSKI, DURBIN, LEAHY, AKAKA, FEINGOLD, LINCOLN, CORZINE and KERRY, I am introducing the Fair Pay Act.

April 19th is Equal Pay Day. Even though the Equal Pay Act was passed more than 40 years ago, women working full time, year-round, still make only 76 cents for every dollar that a man makes. On April 19th, four days after tax returns for 2004 are due, U.S. women will finally reach the earnings mark that their male counterparts achieved by December 31st of last year. April 19th reminds us that the 60 million working women in this country are suffering economically because equal pay is still not a reality.

We've got millions of families struggling to make ends meet. The White House and the Republican House leadership believes a $750 billion tax cut for the rich is the solution, a permanent one.

I disagree. One way we can put more money in the pockets of working families is to pay women what they're worth. Nearly 40 years after the Equal Pay Act became law, women are still paid only 76 cents for every dollar a man earns.

Working women at all income and education levels are affected by the wage gap. In 2003, the GAO found that the pay gap continues to affect women in management and that, for these women, the pay gap has actually widened since 1995.

Regardless of education, the impact is the same. These women work as hard as men, but have less money to pay the bills, to put food on the table, or to save for their retirement or their child's education. That is simply wrong and it must end. We must close the wage gap once and for all.

First, we need to do a better job by enforcing and strengthening the penalties for the law that demands equal pay for equal work. That's why I support the Paycheck Fairness Act, sponsored by Senator CLINTON and Congresswoman DELAURO.

However, an even more important part of discrimination against women in the work place is the historic pattern of undervaluing and underpaying so-called ''women's jobs.''

Millions of women today working in female-dominated jobs—as social workers, teachers, child care workers and nurses—are ''equivalent'' in skills, effort, responsibility and working conditions to similar jobs dominated by men, but these women aren't paid the same as men.

That's what the Fair Pay Act—that Congresswoman NORTON and I are reintroducing today—would address. Unfairly low pay in jobs dominated by women is un-American, it is discriminatory and our bill would make it illegal.

Twenty States have ''fair pay'' laws and policies in place for their employees, including my State of Iowa. And Iowa had a Republican legislature and Governor when this bill passed into law, so ending wage discrimination against women is a nonpartisan issue.

Some say we don't need any more laws; market forces will take care of the wage gap. If we had relied on market forces we would have never passed the Equal Pay Act, the Civil Rights Act, the Family Medical Leave Act or the Americans with Disabilities Act.

I first introduced the Fair Pay Act in 1996 after the Iowa Business and Professional Women alerted me to this problem. And as long as I'm in the U.S. Senate, I will continue to fight to pass this important legislation so we can end wage discrimination against women once and for all.

By Mrs. CLINTON (for herself, Mr. REID, Mr. KENNEDY, Mr. HARKIN, Mr. DURBIN, Ms. LANDRIEU, Mr. CORZINE, Mr. LEAHY, Mr. SCHUMER, and Ms. STABENOW):

S. 841. A bill to amend the Fair Labor Standards Act of 1938 to provide more effective remedies to victims of discrimination in the payment of wages on the basis of sex, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

Mrs. CLINTON. Mr. President, I rise today to discuss the Paycheck Fairness Act, which I am introducing along with my colleagues Senators REID, KENNEDY, HARKIN, DURBIN, LANDRIEU, CORZINE, LEAHY, SCHUMER, and STABENOW. I also want to acknowledge Senator Daschle for his longstanding support of this critical issue and Congresswoman DELAURO for being a champion in the House of Representatives.

This morning I met Brenda Wholey, a plaintiff in the Wal-Mart class action sex discrimination lawsuit. Brenda came all the way to Washington from Philadelphia to share her story with us. She worked hard, put in her time, and watched as time in and time out, men were promoted above her and compensated with higher salaries.

Too often when we talk about equal pay we talk about numbers—the 76 cents on the dollar that women earn, the 54 cents that Hispanic women earn. We talk about GAO reports and violations and litigation. But what this is really about is women like Brenda. Women who get up every day and go to work so they can provide for their families. Women who work hard and play by the rules and want to build a better life for their children. Women like Brenda who just want to be treated fairly.

The Equal Pay Act was an important step forward for women. It gave women a real chance to be full, equal participants in the workforce and to earn equal pay for equal work.

In the 42 years since the Equal Pay Act was enacted, women have shattered so many barriers. And for young

women entering the workforce today, the sky is the limit. But we still have work to do to truly level the playing field.

That means making sure that employers treat men and women equally in the workplace. It also means giving women the tools they need to acquire the pay and recognition they deserve.

That is why I am pleased to be introducing the Paycheck Fairness Act—a bill that will build on the promise of the Equal Pay Act and help close the pay gap.

The Paycheck Fairness Act has three main components.

First, it prevents pay discrimination before it starts. By helping women strengthen their negotiation skills and providing outreach and technical assistance to employers to ensure they fairly evaluate and pay their employees, the Paycheck Fairness Act gives employers the tools they need to level the playing field between men and women.

Second, the Paycheck Fairness Act creates strong penalties to punish those who do violate the act. By strengthening the penalties for employers who violate the Equal Pay Act, this bill sends a strong message—Equal Pay is a matter to be taken seriously.

And finally, the Paycheck Fairness Act ensures that the Federal Government, which should be a model employer when it comes to enforcing Federal employment laws, uses every tool in its toolbox to ensure that women are paid the same amount as men for doing the same jobs.

From ending the Clinton administration's Equal Pay Matters Initiative, to halting the collection of data on women workers, to removing important information about the wage gap from the Department of Labor's website, to tying its own hands in enforcing the Equal Pay Act among Federal contractors, the Bush administration has taken this country backwards in the fight for equal pay. You might say the Bush administration has taken one giant step backwards for womenkind.

The Paycheck Fairness Act would stop the Bush administration's rollbacks and make sure, once again, that our Federal Government sets a standard of excellence for making sure women are paid the same as men.

There is no question that we've come a long way since the Equal Pay Act became law 42 years ago. And women have earned every step they have gained in the journey toward equality.

But what has made this country great is that we have never accepted that ''less discrimination'' is ''good enough.'' The history of our country is one of constant striving to live up to the ideal of our founding. And the most basic element of our American character is the belief that all of us deserve to be treated as equals.

Our country in its history has faced lots of difficult questions, questions on which reasonable people could disagree. Equal pay is not one of those hard questions. It is common sense, it is basic fairness. It is simply right.

And frankly, when it comes to equal pay, we still have a lot of work to do. Women's compensation still lags behind men's in nearly every occupation and every field. As the American Association of University Women study being unveiled today shows us, this fact is not lost on most Americans. Young, old, Democrat, Republican, male, female—there is universal recognition that a wage gap exists. Well, the Paycheck Fairness Act will do something about it.

This issue is about our mothers, our sisters, our daughters. It's about women being able to earn an equal wage for equal work. It is in all of our interests to allow women to support their families and to live with the dignity and respect accorded to fully engaged members of the workforce.

Equality works for all of us. Now is the time to make sure that we all work towards equality.

By Mr. KENNEDY (for himself, Mr. SPECTER, Mr. REID, Mr. DURBIN, Mr. SCHUMER, Mr. DODD, Mr. BINGAMAN, Mr. HARKIN, Ms. MIKULSKI, Mrs. MURRAY, Mrs. CLINTON, Mr. BYRD, Mr. INOUYE, Mr. BIDEN, Mr. LEAHY, Mr. SARBANES, Mr. LEVIN, Mr. KERRY, Mr. ROCKEFELLER, Mr. LIEBERMAN, Mr. AKAKA, Mr. DORGAN, Mrs. BOXER, Mr. FEINGOLD, Mr. WYDEN, Ms. LANDRIEU, Mr. BAYH, Mr. CARPER, Ms. STABENOW, Ms. CANTWELL, Mr. CORZINE, Mr. DAYTON, Mr. LAUTENBERG, Mr. OBAMA, Mr. SALAZAR, and Mr. REED):

S. 842. A bill to amend the National Labor Relations Act to establish an efficient system to enable employees to form, join, or assist labor organizations, to provide for mandatory injunctions for unfair labor practices during organizing efforts, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

Mr. KENNEDY. Mr. President, in recognition of our country's longstanding commitment to basic fairness for the Nation's hard-working men and women, I am introducing the Employee Free Choice Act. I want to thank my distinguished colleague, Senator ARLEN SPECTER, for also supporting this important legislation to protect workers' right to free association.

The essence of the American dream is the ability to provide a better life for yourself and your family. At the very heart of that dream are a good job, a good workplace, good health care, and a good retirement. Unfortunately, too many families today find that dream increasingly beyond their reach in today's global economy. Vast numbers of citizens suddenly find themselves in a race to the bottom against workers in other countries. Whoever is willing to work for the lowest pay gets the work.

That is why the labor movement is more important today than ever. It's not the profits of business that are being shipped overseas. They're higher than ever. It is the jobs of American workers that are being outsourced, and they're being outsourced in droves. Hardworking Americans are paying a high price for this intense new era of worldwide competition. Our economy is growing, but workers are not benefiting. Business profits are up 70 percent since 2001, but wages have been stagnant.

Labor unions have always led the fight for working families—for the 8-hour day and the 40-hour week—for overtime protections—for a fair minimum wage—for a safe and healthy workplace—for decent health insurance and a decent pension. Every working American deserves these protections. But when they try to organize, employers typically respond with threats and intimidation. They hire union-busting firms and force employees to listen to anti-union speeches. Companies close down departments—or even entire operations—to avoid negotiating a union contract.

These are not isolated abuses. Every year, over 20,000 workers are illegally fired or discriminated against for exercising their labor rights. In at least one quarter of all organizing efforts, an employer illegally fires a worker for supporting the union. For these anti-union employers, union-busting is just another cost of doing business. America's workers deserve better, and our democracy deserves better.

That is why I am introducing the Employee Free Choice Act, to protect the right of workers to choose a union. This bill seeks to level the playing field for employees attempting to organize a union or negotiate their first contract. It requires employers to come to the table to talk. And it puts real teeth in existing protections by strengthening the penalties for discriminating against workers who support a union.

These protections are long overdue. For too long, Congress has failed to act against the anti-labor, anti-worker, anti-union tactics now far too prevalent in the workplace. This bill is an important step towards ensuring that millions of American workers and their families can do better in today's economy. I urge my colleagues to join me in this fight to support the Employee Free Choice Act.

By Mr. REID:

S. 845. A bill to amend title 10, United States Code, to permit retired servicemembers who have a service-

connected disability to receive disability compensation and either retired pay or Combat-Related Special Compensation and to eliminate the phase-in period with respect to such concurrent receipt; read the first time.

Mr. REID. Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 845

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FINDINGS.

Congress finds the following:

(1) For more than 100 years before 1999, all disabled military retirees were required to fund their own veterans' disability compensation by forfeiting $1 of earned retired pay for each $1 received in veterans' disability compensation.

(2) Since 1999, Congress has enacted legislation every year to progressively expand eligibility criteria for relief of the retired pay disability offset and further reduce the burden of financial sacrifice on disabled military retirees.

(3) Absent adequate funding to eliminate the sacrifice for all disabled retirees, Congress has given initial priority to easing financial inequities for the most severely disabled and for combat-disabled retirees.

(4) In the interest of maximizing eligibility within cost constraints, Congress effectively has authorized full concurrent receipt for all qualifying retirees with 100 percent disability ratings and all with combat-related disability ratings, while phasing out the disability offset to retired pay over 10 years for retired members with noncombat-related, service-connected disability ratings of 50 percent to 90 percent.

(5) In pursuing these good-faith efforts, Congress acknowledges the regrettable necessity of creating new thresholds of eligibility that understandably are disappointing to disabled retirees who fall short of meeting those new thresholds.

(6) Congress is not content with the status quo.

SEC. 2. SENSE OF CONGRESS.

It is the sense of Congress that military retired pay earned by service and sacrifice in defending the Nation should not be reduced because a military retiree is also eligible for veterans' disability compensation awarded for service-connected disability.

SEC. 3. ELIGIBILITY FOR PAYMENT OF BOTH RETIRED PAY AND VETERANS' DISABILITY COMPENSATION FOR CERTAIN ADDITIONAL MILITARY RETIREES WITH COMPENSABLE SERVICE-CONNECTED DISABILITIES.

(a) EXTENSION OF CONCURRENT RECEIPT AUTHORITY TO RETIREES WITH SERVICE-CONNECTED DISABILITIES RATED LESS THAN 50 PERCENT.—Section 1414(a) of title 10, United States Code, is amended to read as follows:

''(a) PAYMENT OF BOTH RETIRED PAY AND COMPENSATION.—

''(1) IN GENERAL.—Subject to subsection (b), an individual who is a qualified retiree for any month is entitled to be paid both retired pay and veterans' disability compensation for that month without regard to sections 5304 and 5305 of title 38.

''(2) QUALIFIED RETIREES.—For purposes of this section, a qualified retiree, with respect to any month, is a member or former member of the uniformed services who—

''(A) is entitled to retired pay, other than in the case of a member retired under chapter 61 of this title with less than 20 years of service creditable under section 1405 of this title and less than 20 years of service computed under section 12732 of this title; and

''(B) is entitled for that month to veterans' disability compensation.''.

(b) REPEAL OF PHASE-IN OF CONCURRENT RECEIPT OF RETIRED PAY AND VETERANS' DISABILITY COMPENSATION.—Section 1414 of title 10, United States Code, is further amended—

(1) by striking subsection (c);

(2) by redesignating subsections (d) and (e) as subsections (c) and (d), respectively; and

(3) in subsection (d), as redesignated, by striking subparagraph (4).

(c) CLERICAL AMENDMENTS.—

(1) The heading for section 1414 of title 10, United States Code, is amended to read as follows:

''§ 1414. Members eligible for retired pay who are also eligible for veterans' disability compensation: concurrent payment of retired pay and disability compensation''.

(2) The item relating to such section in the table of sections at the beginning of chapter 71 of such title is amended to read as follows:

''1414. Members eligible for retired pay who are also eligible for veterans' disability compensation: concurrent payment of retired pay and disability compensation.''.

SEC. 4. COORDINATION OF SERVICE ELIGIBILITY FOR COMBAT-RELATED SPECIAL COMPENSATION AND CONCURRENT RECEIPT.

(a) ELIGIBILITY FOR TERA RETIREES.—Section of section 1413a(c) of title 10, United States Code, is amended by striking ''entitled to retired pay who—'' and all that follows and inserting ''who—

''(1) is entitled to retired pay, other than a member retired under chapter 61 of this title with less than 20 years of service creditable under section 1405 of this title and less than 20 years of service computed under section 12732 of this title; and

''(2) has a combat-related disability''.

(b) AMENDMENTS TO STANDARDIZE SIMILAR PROVISIONS.—

(1) CLERICAL AMENDMENT.—The heading for paragraph (3) of section 1413a(b) of title 10, United States Code, is amended by striking ''RULES'' and inserting ''RULE''.

(2) STANDARDIZATION WITH CRSC RULE FOR CHAPTER 61 RETIREES.—Section 1414(b) of such title is amended—

(A) by striking ''SPECIAL RULES'' and all that follows through ''is subject to'' in paragraph (1) and inserting ''SPECIAL RULE FOR CHAPTER 61 DISABILITY RETIREES.—In the case of a qualified retiree who is retired under chapter 61 of this title, the retired pay of the member is subject to''; and

(B) by striking paragraph (2).

SEC. 5. EFFECTIVE DATE.

The amendments made by this Act shall take effect as of January 1, 2006, and shall apply to payments for months beginning on or after that date.

By Mr. DURBIN:

S. 846. A bill to provide fair wages for America's workers; read the first time.

Mr. DURBIN. Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 846

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—OVERTIME RIGHTS PROTECTION

SEC. 101. CLARIFICATION OF REGULATIONS RELATING TO OVERTIME COMPENSATION.

Section 13 of the Fair Labor Standards Act of 1938 (29 U.S.C. 213) is amended by adding at the end the following:

''(k)(1) Notwithstanding the provisions of subchapter II of chapter 5 and chapter 7 of title 5, United States Code (commonly referred to as the Administrative Procedures Act) or any other provision of law, any portion of the final rule promulgated on April 23, 2004, revising part 541 of title 29, Code of Federal Regulations, that exempts from the overtime pay provision of section 7 of this Act any employee who would not otherwise be exempt if the regulations in effect on March 31, 2003, remained in effect, shall have no force or effect and that portion of such regulations (as in effect on March 31, 2003) that would prevent such employee from being exempt shall be reinstated.

''(2) The Secretary shall adjust the minimum salary level for exemption under section 13(a)(1) in the following manner:

''(A) Not later than 60 days after the date of enactment of this subsection, the Secretary shall increase the minimum salary level for exemption under subsection (a)(1) for executive, administrative, and managerial occupations from the level of $155 per week in 1975 to $591 per week (an amount equal to the increase in the Employment Cost Index (published by the Bureau of Labor Statistics) for executive, administrative, and managerial occupations between 1975 and 2005).

''(B) Not later than December 31 of the calendar year following the increase required in subparagraph (A), and each December 31 thereafter, the Secretary shall increase the minimum salary level for exemption under subsection (a)(1) by an amount equal to the increase in the Employment Cost Index for executive, administrative, and managerial occupations for the year involved.''.

TITLE II—FAIR MINIMUM WAGE

SEC. 111. MINIMUM WAGE.

(a) IN GENERAL.—Section 6(a)(1) of the Fair Labor Standards Act of 1938 (29 U.S.C. 206(a)(1)) is amended to read as follows:

''(1) except as otherwise provided in this section, not less than—

''(A) $5.85 an hour, beginning on the 60th day after the date of enactment of this paragraph;

''(B) $6.55 an hour, beginning 12 months after that 60th day; and

''(C) $7.25 an hour, beginning 24 months after that 60th day;''.

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall take effect 60 days after the date of enactment of this Act.

TITLE III—SENSE OF THE SENATE REGARDING MULTIEMPLOYER PENSION PLANS

SEC. 121. SENSE OF THE SENATE REGARDING MULTIEMPLOYER PENSION PLANS.

(a) FINDINGS.—The Senate makes the following findings:

(1) Multiemployer pension plans have been a major force in the delivery of employee benefits to active and retired American workers and their dependents for over half a century.

(2) There are approximately 1,700 multiemployer defined benefit pension plans in which approximately 9,700,000 workers and retirees participate.

(3) Three-quarters of the approximately 60,000 to 65,000 employers that participate in multiemployer plans have fewer that 100 employees.

(4) Multiemployer plans allow for greater access and affordability for smaller employers and pension portability for their employees as they move from one job to another, and permit workers to earn a pension where they might otherwise not be able to do so.

(5) The 2000–2002 drop in the stock market and decline in equity values has affected all investors, including multiemployer plans.

(6) The decline in value sustained by multiemployer defined benefit pension plans have threatened the stability of this private sector source of secure retirement income.

(7) Participating employers could face onerous excise taxes and other penalties as a result of the serious, adverse financial impact due to these market losses.

(8) In 2004, the United States Senate recognized the severity of this situation and passed by an overwhelmingly, large bipartisan margin of 86 to 9 temporary relief provisions for single and multiemployer defined benefit pension plans.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the Senate—

(1) expresses its strong support for multiemployer defined benefit pension plans;

(2) recognizes the importance of an environment in which multiemployer plans can continue their vital role in providing benefits to working men and women;

(3) recognizes that multiemployer pension plan relief must be designed for the multiemployer labor-relations environment that supports the plans; and

(4) supports legislation to strengthen and protect the viability of multiemployer pension plans for the continued benefit of current and retired members, and their families and survivors, and to strengthen the ability of all plans to address funding problems that occur.

By Mr. FRIST (for himself and Mr. LUGAR):

S. 850. A bill to establish the Global Health Corps, and for other purposes; to the Committee on Foreign Relations.

Mr. FRIST. Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 850

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Global Health Corps Act of 2005''.

SEC. 2. GLOBAL HEALTH CORPS.

Title II of the Public Health Services Act (42 U.S.C. 202 et seq.) is amended by adding at the end the following:

PART D—GLOBAL HEALTH CORPS

''SEC. 271. DEFINITIONS.

''In this part:

''(1) AGENCY.—The term 'Agency' means the United States Agency for International Development.

''(2) CANDIDATE.—The term 'candidate' means an individual described in section 273(d).

''(3) CORPS.—Except as otherwise provided, the term 'Corps' means the Global Health Corps established under section 273(a).

''(4) DEPARTMENT.—Except as otherwise provided, the term 'Department' means the Department of Health and Human Services.

''(5) DIRECTOR.—The term 'Director' means the Director of the Global Health Corps described in section 272(a)(3).

''(6) OFFICE.—The term 'Office' means the Office of the Global Health Corps established under section 272(a)(1).

''(7) PARTICIPANT.—The term 'participant' means a member of the Corps as described in section 273(e).

''SEC. 272. OFFICE OF THE GLOBAL HEALTH CORPS.

''(a) OFFICE OF THE GLOBAL HEALTH CORPS.—

''(1) ESTABLISHMENT.—There is established within the Department an Office of the Global Health Corps to assist in improving the health, welfare, and development of communities in foreign countries and regions through the provision of health care personnel, items, and related services.

''(2) PURPOSES.—The purposes of the Office are—

''(A) to expand the availability of health care personnel, items, and related services to improve the health, welfare, and development of communities in select foreign countries and regions;

''(B) to promote United States public diplomacy in such foreign countries and regions by matching the needs of such communities with the services available from the Global Health Corps;

''(C) to provide for the effective management and administration of the Global Health Corps; and

''(D) to coordinate, unify, strengthen, and focus the provision of health care personnel, items, and related services to foreign countries and regions by departments, agencies, and offices of the United States, by non-Federal volunteers, and by private voluntary organizations.

''(3) DIRECTOR.—The head of the Office shall be the Director of the Global Health Corps, who shall be appointed by, and report directly to, the Secretary.

''(b) FUNCTIONS OF THE OFFICE.—The functions of the Office include the following:

''(1) Recruiting individuals to serve in the Corps, including distributing recruiting information to colleges, universities, hospitals, clinics, and nongovernmental organizations. Such individuals may include those with fellowship or scholarship support from private or public institutions and organizations.

''(2) Processing applications for enrollment in the Corps.

''(3) Verifying the training and credentials of candidates seeking to participate in the Corps

''(4) Reviewing requests for Corps personnel and services made by the head of a United States mission, a foreign country, a nongovernmental organization, an agency of the Government of the United States or other person, as determined by the Secretary.

''(5) Matching the skills of participants with the requests for health care personnel, items, and related services described in paragraph (4) to provide such services effectively and efficiently.

''(6) Providing administrative support and management for the Corps, including—

''(A) assisting candidates in the application and training process, as appropriate;

''(B) facilitating the travel of participants to foreign countries and regions and the work of participants in foreign countries and regions;

''(C) ensuring participants have appropriate legal protections and immunities through mechanisms including bilateral agreements with agencies, organizations, or countries receiving participants, hiring non-Federal volunteers as intermittent Federal employees, or providing participants status as employees of the Government of the United States for the purposes of such protections, as appropriate;

''(D) providing strategic guidance and policy for the human resources management of the Corps;

''(E) carrying out activities to retain participants in the Corps, including maintaining a database of current and former participants; and

''(F) ensuring participants have appropriate health, security, and cultural training prior to arriving in a foreign country.

''(7) Serving as a liaison between the Corps and other appropriate persons or government agencies, including—

''(A) leading or participating in interagency working groups, as appropriate;

''(B) coordinating the activities of the Corps with activities carried out by other bureaus of the Department and by the Agency, the Department of Defense, the Department of State, the Peace Corps, and other executive department, as appropriate, to advance and promote the purpose and activities of the Corps as effectively and efficiently as possible;

''(C) meeting routinely with representatives from the Agency, the Peace Corps, the National Disaster Medical System, the Medical Reserve Corps, the Office of Force Readiness and Deployment, Volunteers for Prosperity, the Office of Foreign Disaster Assistance of the Agency, the Bureau of Global Health Affairs of the Agency, the Coordinator of United States Government Activities to Combat HIV/AIDS Globally, and others, as appropriate, to improve the health, welfare, and development of communities in foreign countries and regions through the provision of health care personnel, items, and related services on a short-term or long-term basis; and

''(D) maintaining contact with appropriate international organizations to carry out the purpose of the Corps and with foreign governments that are current or prospective recipients of services provided by the Corps.

''(8) Providing participants with appropriate training and equipment, including—

''(A) ensuring participants have the appropriate medical equipment, supplies, and other resources necessary to provide health care services under austere and challenging conditions while serving in the Corps; and

''(B) establishing, managing, and directing any training provided under section 274(e).

''(9) Maintaining contact with participants during their service in the Corps.

''(10) Establishing performance objectives for the Corps, and appropriate metrics to assess the performance of the Corps in achieving its purposes, consistent with this part, and assessing the performance of the Office in achieving its purposes, consistent with section 272.

''(11) Submitting to Congress an annual report on the objectives and metrics described in paragraph (10) and on the Corps performance in meeting such objectives.

''SEC. 273. ESTABLISHMENT OF THE GLOBAL HEALTH CORPS.

''(a) ESTABLISHMENT.—The Secretary, in consultation with the Secretary of State, shall establish a Global Health Corps.

''(b) PURPOSE.—The purpose of the Corps is to improve the health, welfare, and development of communities in select foreign countries and regions, to advance United States public diplomacy in such locations, and to provide individuals in the United States with the opportunity to serve such communities by providing a broad range of needed health care and related services in such communities.

''(c) COMPOSITION OF THE CORPS.—

''(1) IN GENERAL.—The Corps shall include the following components:

''(A) Volunteers who are not employees of the Government of the United States or enrolled in the Peace Corps.

''(B) Employees of the Government of the United States.

''(C) Peace Corps volunteers who participate in the Corps under section 5A of the Peace Corps Act.

''(D) The Director and any staff of the Office.

''(E) Any other individual that the Director determines is appropriate to include in the Corps.

''(d) CANDIDATE.—An individual may be a candidate for the Corps if such individual meets the following:

''(1) NON-FEDERAL VOLUNTEER.—A individual who—

''(A)(i) is citizen or national of the United States; or

''(ii) is a resident of the United States, at the discretion of the Secretary;

''(B) is not an employee of the Government of the United States;

''(C)(i) is a trained health care professional and meets the educational and licensure requirements necessary to be such a professional, including a physician, nurse, dentist, veterinarian, or other professional determined to be appropriate by the Director; or

''(ii) is a trained health care practitioner or other professional that meets the educational requirements determined to be appropriate by the Secretary; and

''(D) is seeking membership in the Corps and is willing to work under austere and challenging conditions.

''(2) FEDERAL EMPLOYEE.—A citizen, national, or resident of the United States who—

''(A) is an employee of the Government of the United States;

''(B) meets the requirements of clause (i) or (ii) of paragraph (1)(C); and

''(C) is seeking membership in the Corps, or is designated as a candidate by the head of the executive department that employs such citizen, national, or resident.

''(3) PEACE CORPS VOLUNTEER.—A citizen or national of the United States who—

''(A) is a Peace Corp volunteer

''(B)(i) meets the requirements of clause (i) or (ii) of paragraph (1)(C); or

''(ii) is qualified to participate in the comprehensive training program established under section 274(e)(2), as determined by the Director; and

''(C) is seeking enrollment in the Corps.

''(e) MEMBERSHIP IN THE CORPS.—

''(1) IN GENERAL.—The Director may—

''(A) enroll and accept the services of candidates who are not employees of the Government of the United States in the Corps, without regard to section 1342 of title 31, United States Code;

''(B) designate candidates who are employees of the Government of the United States as members of the Corps, with the approval of the head of the executive department that employs such employee; and

''(C) accept details or assignments of employees of the Government of the United States to serve in the Corps on a reimbursable or nonreimbursable basis.

''(2) APPLICATION.—The Director shall establish procedures for individuals to submit applications for enrollment in the Corps.

''SEC. 274. FUNCTIONS AND TRAINING OF THE CORPS.

''(a) IN GENERAL.—Participants shall be available to provide the services described in subsection (b) to individuals and communities in the locations described in subsection (c).

''(b) SERVICES.—Subject to subsection (f), the services referred to in subsection (a) are services, including assistance and training, provided to individuals and communities to carry out the purpose of the Corps, including the provision of—

''(1) health care items and related services, including dental care;

''(2) preventive care, treatment, and services;

''(3) veterinary and related services;

''(4) sanitation, hygiene, food preparation, and clean water training;

''(5) disease surveillance and basic health care services to individuals and communities affected by diseases or illnesses as identified by the Director;

''(6) education and training related to the services described in paragraphs (1) through (5);

''(7) education and training to local persons to improve health care outcomes, and to assist in the development of local and indigenous health care delivery capacity and self-sufficiency; and

''(8) other health care items and related services determined to be appropriate by the Director, including health care training, health systems development, and technical support.

''(c) LOCATIONS.—The Director is authorized to provide, with the concurrence of the Secretary of State, the services described in subsection (b) to individuals and communities in a foreign country or region if—

''(1) the Secretary of State has determined that such country or region is in need of such services; and

''(2) the Secretary of State has determined that the provision of such services may help promote a better understanding of the people of the United States on the part of the peoples served in such a foreign country or region.

''(d) PLACEMENT OF PARTICIPANTS.—

''(1) IN GENERAL.—The Director shall decide on the placement of a participant in a foreign country or region described in subsection (c) after—

''(A) determining that the location or organization is in need of the services provided by the Corps in which the participant has expertise and training;

''(B) consulting with the Secretary of State on the extent to which the placement of the participant in a particular location or organization advances the foreign policy and public diplomacy objectives of the United States; and

''(C) considering the skills, qualifications, and availability of the participant.

''(2) REQUIRED CONSULTATION.—The Director shall, prior to placing a participant in a foreign country or region, consult with—

''(A) the head of the executive department that employs the participant, if the participant is an employee of the Government of the United States;

''(B) the United States Ambassador to such foreign country; and

''(C) the head of any executive department that is providing health care or related services in such foreign country.

''(e) TRAINING.—

''(1) REQUIREMENT.—The Secretary shall ensure that appropriate training programs are available, including the comprehensive training program described in paragraph (2) and appropriate health, security, and cultural training for participants, to prepare participants to provide the services described in subsection (b).

''(2) COMPREHENSIVE TRAINING PROGRAM.—

''(A) ESTABLISHMENT.—The Director shall establish and carry out a program, either separately or jointly with a Federal, public, or private sector health care provider or health care institution, to provide members of Corps selected by the Director training in a variety of health care disciplines, including basic medical, dental, public health, nursing, epidemiological services, and veterinary care.

''(B) TRAINING PROVIDED.—The program established under subparagraph (A) shall be designed by the Director, in consultation with the Secretary, Administrator of the Agency, the Secretary of Agriculture, the Secretary of Defense, the Secretary of State and the Director of the Peace Corps, to provide comprehensive basic training for a period of not more than 6 months to each participant who is a member of the Peace Corps and each other participant that the Director determines is appropriate to enable such participant to provide the services described in subsection (b), including training in a variety of health care disciplines, including basic medical, dental, public health, nursing, epidemiological service, and veterinary care.

''(C) REIMBURSEMENT.—The Director is authorized to permit a participant who is not a member of the Peace Corps to receive training in the program established under subparagraph (A) on a reimbursable basis, unless determined otherwise by the Secretary.

''(D) PROGRAM MODEL.—The program established under subparagraph (A) should be modeled on successful public and private programs, including the Joint Special Operations Medical Training Center program conducted by the Department of Defense and those conducted by various medical and nursing schools around the country.

''(E) PROHIBITION ON PARTICIPATION IN SIMILAR TRAINING.—A participant may not participate in the Joint Special Operations Medical Training Center program conducted at Fort Bragg, North Carolina.

''(3) SERVICE REQUIREMENT.—

''(A) NON-FEDERAL VOLUNTEERS.—A participant who is not an employee of the Government of the United States or a Peace Corps volunteer and who attends a training program established under paragraph (1), other than the training program established under paragraph (2), shall be obligated to complete the amount of service in the Corps, commensurate with the type and amount of training received, that the Secretary determines is appropriate.

''(B) ALL PARTICIPANTS.—A participant who attends the training program established under paragraph (2) shall be obligated to complete the amount of service in the Corps, commensurate with the type and amount of training received, that the Secretary deems appropriate. Such service shall be at the discretion of the Director, during any 5-year period, and in a manner consistent with this part and with the concurrence of the Director of the Peace Corps if such participant is a Peace Corps volunteer.

''(f) PROHIBITION.—A member of the Corps may not carry out an activity under this part if—

''(1) section 104(f) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(f)) prohibits providing funding for such activity; or

''(2) any provision of the annual Foreign Operations, Export Financing, and Related Programs Appropriations Act that relates to abortion prohibits providing assistance for such activity.

''SEC. 275. PERSONNEL AND ADMINISTRATIVE PROVISIONS.

''(a) COMPENSATION OF PARTICIPANTS.—

''(1) NON-FEDERAL VOLUNTEERS.—A participant who is not an employee of the Government of the United States or a Peace Corps volunteer shall serve in the Corps without compensation from the Government of the United States to either the participant or to any other person.

''(2) FEDERAL EMPLOYEES.—A participant who is an officer or employee of the Government of the United States shall serve without compensation in addition to that received for their services as officers or employees of the United States.

''(3) PEACE CORPS VOLUNTEERS.—A participant who is a Peace Corps volunteer shall serve without compensation in addition to that received for their services in the Peace Corps under the Peace Corps Act (22 U.S.C. 2501 et seq.).

''(b) TRAVEL EXPENSES.—

''(1) NON-FEDERAL VOLUNTEERS.—The Director may provide a participant who is a not an employee of the Government of the United States or a Peace Corps volunteer travel expenses, excluding per diem in lieu of subsistence, at rates authorized for employees of agencies under subchapter I of chapter 57 of title 5, United States Code, while such participant is serving in the Corps.

''(2) FEDERAL EMPLOYEES.—The Director shall provide a participant who is an employee of the Government of the United States travel expenses, including per diem in lieu of subsistence, at rates authorized for employees of agencies under subchapter I of chapter 57 of title 5, United States Code, while away from their homes or regular places of business in the performance of services for the Corps.

''(3) PEACE CORPS VOLUNTEERS.—The Director may not provide a participant who is a Peace Corps volunteer travel expenses in addition to such expenses provided for under the Peace Corp Act (22 U.S.C. 2501 et seq.).

''(c) APPLICABILITY OF LAWS TO NON-FEDERAL VOLUNTEERS.—

''(1) IN GENERAL.—A member of the Corps who is not an employee of the Government of the United States or a Peace Corps volunteer may not be considered an employee of the Government of the United States, except for the purposes of—

''(A) section 272(b)(6)(C);

''(B) chapter 81 of title 5, United States Code (relating to compensation for work-related injuries); and

''(C) chapter 11 of title 18, United States Code (relating to conflicts of interest).

''(2) VOLUNTEER PROTECTION ACT OF 1997.—

''(A) VOLUNTEER STATUS.—A member of the Corps who is not an employee of the United States or a Peace Corps volunteer shall be deemed to be a volunteer for a nonprofit organization or governmental entity for the purposes of the Volunteer Protection Act of 1997 (42 U.S.C. 14501 et seq.).

''(B) INAPPLICABILITY OF EXCEPTIONS.—Section 4(d) of such Act (42 U.S.C. 14503(d)) may not apply to a member of the Corps who is not an employee of the United States or a Peace Corps volunteer.

''(d) TERMS AND CONDITIONS.—With respect to the membership of a candidate in the Corps, the terms and conditions of the enrollment, training, compensation, hours of work, benefits, leave, termination, and all other terms and conditions of the service of such participant shall be exclusively those set forth in this part and those consistent with such terms and conditions which the Secretary may prescribe.

''(e) TERMINATION.—The membership in the Corps of a participant may be terminated at any time at the pleasure of the Director.

''SEC. 276. PUBLIC HEALTH SERVICE MEMBERS IN THE GLOBAL HEALTH CORPS.

''(a) AUTHORITY TO ENROLL.—A member of the Service may enroll in the Corps and provide services as a member of the Corps described in this part.

''(b) MINIMUM NUMBER.—Not later than 2 years after the date of enactment of the Global Health Corps Act of 2005, the Secretary shall designate not less than 500 employees of the Service as members of the Corps and make such employees available to provide non-emergency, routine health care items and related services in the Corps, as the Secretary and the Secretary of State determine appropriate.

''(c) RAPID RESPONSE CAPACITY.—Not later than 2 years after the date of enactment of the Global Health Corps Act of 2005, the Secretary shall establish within the Commissioned Corps of the Service a rapid response capacity, consisting of not less than 250 individuals, to provide health care items and related services in foreign countries or regions to carry out the purpose of the Corps on short notice, in coordination with the Secretary of State. A member of the Commissioned Corps who is included in such rapid response capacity shall—

''(1) be trained, equipped, and able to deploy to a foreign country or region within 72 hours of notification of such deployment; and

''(2) be considered a participant in the Corps.''.

SEC. 3. PEACE CORPS VOLUNTEERS IN THE CORPS.

The Peace Corps Act (22 U.S.C. 2501) is amended by inserting after section 5 the following new section:

''GLOBAL HEALTH CORPS VOLUNTEERS

''SEC. 5A. (a) Volunteers are authorized to participate in the Global Health Corps, established in section 273 of the Public Health Service Act.

''(b) Not later than 2 years after the date of enactment of the Global Health Corps Act of 2005, the Director of the Peace Corps shall make available not less than 250 positions within the Peace Corps for volunteers to serve in the Global Health Corps.

''(c) A volunteer may apply and be approved for enrollment in the Global Health Corps at such time and in such manner as the Director of the Peace Corps and the Secretary of Health and Human Services require.

''(d) A volunteer who is enrolled in the Global Health Corps shall receive training under section 274(e)(2) of the Public Health Service Act, unless such volunteer meets the requirements of clause (i) or (ii) of section 273(d)(1)(C) of such Act.

''(e) A volunteer who is enrolled in the Global Health Corps shall provide services as a member of the Global Health Corps as described in part D of title II of the Public Health Service Act.

''(f) A volunteer who is enrolled in the Global Health Corps shall be subject to all other terms and conditions of service under this Act.''.

SEC. 4. VOLUNTEERS FOR PROSPERITY.

(a) FINDING.—Congress finds that the Volunteers for Prosperity program, organized pursuant to Executive Order 13317 (42 U.S.C. 12501 note), is a model to link non-Federal volunteers with non-Federal organizations to carry out important initiatives.

(b) REQUIREMENT FOR CORPS INITIATIVE.—The head of the Volunteers for Prosperity program shall establish an initiative known as the Health Care for Peace initiative within such program for the purpose of making available non-Federal volunteers to participate in the Global Health Corps established under section 273 of the Public Health Service Act.

SEC. 5. PUBLIC-PRIVATE PARTNERSHIPS.

(a) IN GENERAL.—Under the authority of subsections (a) and (b) of section 601 of the Foreign Assistance Act of 1961 (22 U.S.C. 2351) and section 635(d) of such Act (22 U.S.C. 2395(d)), the Director of the Global Health Corps may establish private-public partnerships in furtherance of the purposes of this Act and the Global Health Corps. Such partnerships may include activities such as—

(1) corporate volunteer programs;
(2) training;
(3) transportation;
(4) field support;
(5) volunteer identification;
(6) lodging;
(7) communications;
(8) fellowships and scholarships; and
(9) other activities relevant to the mission of the Global Health Corps or the operation of the Office of the Global Health Corps, as determined by the Director of the Global Health Corps.

(b) CONSULTATION.—The Director of the Global Health Corps shall consult with the Global Development Alliance Secretariat at the United States Agency for International Development to develop a model for such public-private partnerships and gain information on established best practices.

SEC. 6. REPORT ON IMPLEMENTATION.

Not later than 120 days after the date of enactment of this Act, the Secretary of Health and Human Services shall submit to Congress a detailed plan for the implementation of this Act and the amendments made by this Act. Such report shall include recommendations for improving the functioning and activities of the Global Health Corps, including the feasibility, cost, utility, and desirability of establishing incentives to recruit candidates into the Corps.

SEC. 7. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as may be necessary to carry out this Act and the amendments made by this Act.

By Mr. SPECTER (for himself, Mr. LEAHY, Mr. HATCH, Mrs. FEINSTEIN, Mr. GRASSLEY, Mr. DEWINE, Mr. BAUCUS, and Mr. VOINOVICH):

S. 852. A bill to create a fair and efficient system to resolve claims of victims for bodily injury caused by asbestos exposure, and for other purposes; to the Committee on the Judiciary.

Mr. SPECTER. Mr. President, I have sought recognition to introduce legislation which may be cited as the Fairness In Asbestos Injury Resolution Act of 2005. I do so on behalf of Senator LEAHY, the ranking member of the Judiciary Committee, Senator HATCH, the former chairman of the committee, Senator FEINSTEIN, Senator DEWINE, Senator BAUCUS, Senator VOINOVICH

and Senator GRASSLEY. There are others in the wings waiting to cosponsor, but this is a very complex bill, ranging over 300 pages. Quite a number of my colleagues have told me they are supportive of the bill and are making the final check to determine cosponsorship.

Several months ago, a discussion draft was circulated. Last week, after a great many refinements had been added, the current bill was circulated. There have been a couple of relatively minor changes which have been added to this bill, but it is essentially the same as the circulation bill which was submitted a week ago.

I compliment my distinguished colleague, Senator LEAHY, the ranking member, for his diligence, hard work and cooperation in structuring a bill with a great many moving parts, which he and I have been able to agree upon on the core principles.

We have adopted a position that we will work jointly to retain these core provisions. We are open to suggestions and amendments and modifications which do not impact on these core provisions. But it is a very difficult matter to structure an asbestos bill which can pass the Senate. There are 55 Republicans. You need at least five Democrats. It has to be a balanced bill, and it is our submission that this is a balanced bill.

A great deal of credit is due to senior Federal Judge Edward R. Becker, who until May 5, his 70th birthday, in the year 2003 was the chief judge of the Court of Appeals for the Third Circuit who wrote the opinion on the asbestos litigation which reached the Supreme Court of the United States.

When the Judiciary Committee passed out of committee legislation on asbestos in July of 2003, the distinguished Presiding Officer was on the committee at that time and can attest to the 12-hour marathon session we had. We did so significantly along party lines to move the legislation along, recognizing it had many problems. At my request, Judge Becker then convened the so-called stakeholders in his chambers in Philadelphia for 2 days in August, the stakeholders being identified as the manufacturers, the AFL–CIO, the insurance industry, and the trial lawyers.

To recite the power and diversity and difference of opinion of these groups is to suggest the complication of bringing the stakeholders together on a piece of complex legislation.

Following those 2 days of meetings in Judge Becker's chambers, we have had some 36 sessions in my conference room here in the Hart Senate Office Building where Judge Becker presided and I assisted, and we worked out a great many of the issues to the satisfaction of the stakeholders.

One of the core provisions of the bill is that there is a trust fund of $140 billion. It is always difficult on projections to be absolutely certain, but I believe there is a very high probability that this trust fund will be adequate to pay all of the claims.

In very extensive testimony from Goldman Sachs on very carefully calculated projections, it was projected that the total cost of payments would be $118 billion. There is a considerable cushion between $118 billion and $140 billion. If for some unexpected reason the trust fund is insufficient, then those who have been injured by exposure to asbestos will be able to revert to jury trials.

All of us are mindful of the very substantial factor when a claimant gives up a constitutional right to jury trial, but in a program structured largely along lines of workmen's compensation, it is our conclusion that it is a fair exchange.

When you find that there are many people who are suffering deadly ailments from asbestos, mesothelioma and other deadly injuries, who are not being compensated, this is a way to compensate those individuals whose companies have gone bankrupt. Over 75 companies have gone bankrupt at a tremendous impact to the economy. This will relieve the companies of the onerous threat of bankruptcy—and they are taking additional companies with rapidity.

On one development which candidly surprised me, last week, when we circulated the draft bill a week ago today, there was a 25-point bump in the stock market for asbestos companies. When we had a meeting later in the day and deferred production of the bill, the stock market went down to some extent. There is some consideration that the stock market is wiser even than Congress. Perhaps that would take a whole lot. But the reaction of the stock market is an indication of the importance of resolving this asbestos issue in order to give the economy a start.

The hour is late. There are others who wish to seek recognition. The distinguished chairman of the Appropriations Committee is waiting through this nongermane part of his business, and the distinguished Democratic leader, I know, wants to seek recognition.

I shall include the remainder of my statement in the RECORD and ask unanimous consent that it be printed.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

Mr. President, I have sought recognition to introduce new legislation, the Fairness in Asbestos Injury Resolution Act of 2005, FAIR Act, the successor to S. 1125 and S. 2290, the FAIR Acts of 2003 and 2004. My colleagues Senator Frist, Senator Hatch and Senator Leahy deserve enormous credit for the drafting of these acts and for the development of this legislation. There is a will in the Senate to enact legislation that should put an end to the ongoing rash of bankruptcies, growing monthly; diverting resources from those who are truly sick; endangering jobs and pensions; and creating the worst litigation crisis in the history of the American judicial system. The Congress plainly wants a more rational asbestos claims system, and I believe that this legislation offers a realistic prospect of accomplishing that result.

This legislation provides substantial assurances of acceptable compensation to asbestos victims and substantial assurances to manufacturers and insurers to resolve, with finality, asbestos claims. For more than two decades, a solution to the asbestos crisis has eluded Congress and the courts. Seventy-four companies have gone bankrupt, thousands of individuals who have been exposed to asbestos have deadly diseases—mesothelioma and other such ailments—and are not being compensated. According to The Rand Institute for Civil Justice, ''about two-thirds of the claims are now filed by the unimpaired, while in the past they were filed only by the manifestly ill.'' According to Rand, the number of claims continues to rise, with over 600,000 claims filed already and 300,000 pending. The number of asbestos defendants also has risen sharply, from about 300 in the 1980s, to more than 8,400 today and most are users of the product, not its manufacturers. These companies span 85 percent of the U.S. economy and nearly every U.S. industry, and include automakers, shipbuilders, textile mills, retailers, insurers, shipbuilders, electric utilities and virtually any company involved in manufacturing or construction in the last 30 years.

Asbestos leaves many victims in its wake. First and foremost, the sick and their families have suffered. But the flawed asbestos litigation system not only hurts the sick and their chance at receiving fair compensation, but also claims other victims. These include employees, retirees and shareholders of affected companies whose jobs, savings and retirement plans are also jeopardized by the tide of asbestos cases. With asbestos litigation affecting so many companies, this also impacts the overall economy, including jobs, pensions, stock prices, tax revenues and insurance costs. According to a 2002 study by Nobel laureate Joseph Stiglitz, asbestos bankruptcies have cost nearly 60,000 workers their jobs and $200 million in lost wages. Employees' retirement funds have shrunken by 25 percent.

In July 2003, the Judiciary Committee voted out S. 1125, a bill with many problems, largely along party lines, in an effort to move the legislation. S. 1125 created the basic structure of the legislation, and made a huge stride in working out the medical criteria. However, the bill floundered on other issues. In August 2003, at my request, Judge Edward R. Becker, a Federal judge for 34 years, convened in his chambers in Philadelphia for 2 days the so-called stakeholders—manufacturers, labor, AFL–CIO, insurers and trial lawyers—to determine if some common ground could be found. Until the preceding May, Judge Becker had been the chief judge of the Third Circuit Court of Appeals and wrote the opinion in the asbestos class action suit which was affirmed by the U.S. Supreme Court.

From September 2003 through January 2005, there were some 36 stakeholder meetings held in my conference room, with Judge Becker as a pro-bono mediator, usually attended by 25 to 40 representatives and sometimes over 75 present. I have also met 15 times since January with various officials from the administration, members of the Senate Judiciary Committee and their staffs, the Senate leadership and other various senators all in an effort to move this

bill forward. Judge Becker and I have sought an equitable bill which took into account, to the maximum extent possible, the concerns of the stakeholders and to get their input on drafting of the bill. After analysis and deliberation, we found we could accommodate many of the competing interests.

This process commenced with the blessing of Chairman Hatch and Ranking Member Leahy of the Judiciary Committee. This extended process allowed the stakeholders an extraordinary ''hearing'' process and really amounted to the longest ''mark-up'' in Senate history although not in the customary framework. We have had the cooperation of many Senators. Senators Hatch and Leahy have had representatives at all the meetings. The majority leader, Senator Hatch, and Senator Leahy have addressed this ''working group'' at our meetings. Senator Hatch and Senator Leahy's representatives have been active participants at every meeting, as well as the members of the staffs of Senators Baucus, Biden, Brownback, Burns, Carper, Chafee, Chambliss, Coburn, Cornyn, Craig, DeWine, Dodd, Durbin, Feingold, Feinstein, L. Graham, Grassley, Hagel, Kennedy, Kohl, Kyl, Landrieu, Levin, Lincoln, Murray, Ben Nelson, Pryor, Schumer, Sessions, Snowe, Stabenow, and Voinovich.

The concept of a trust fund is an outstanding idea. Senator Hatch deserves great credit for moving the legislation in the direction of a trust fund with a schedule of payments analogous to workers' compensation so the cases would not have to go through the litigation process. Under this proposal, the Federal Government would establish a national trust fund privately financed by asbestos defendant companies and insurers. No taxpayer money would be involved. Asbestos victims would simply submit their claims to the fund. Claimants would be fairly compensated if they meet medical criteria for certain illnesses and show past asbestos exposure. The trust fund would guarantee compensation for impaired victims.

Through the series of meetings with Judge Becker, we have wrestled with and have been able to solve a number of very complex issues. The size of the trust fund was always a principal issue of dispute, starting at $108 billion. The manufacturers/insurers raised their offer to $140 billion. Last October, Majority Leader Frist and then-Democratic Leader Daschle agreed to $140 billion. When Senator Frist and Senator Daschle, in an adversarial context, agreed to the adequacy of the $140 billion figure, it is difficult to exceed it even though the AFL–CIO did not contemporaneously agree.

It is not possible to say definitely what figure would be adequate because it depends on the uncertainty of how many claims will be filed. There is support for the adequacy of the $140 billion figure from reputable projections. But they are, admittedly, only projections.

The real safety valve, if the fund is unable to pay claims, is for the injured to have the ability to go back to court if the system is not operational and able to pay exigent health claims within 9 months after enactment, and all other valid claims within 24 months of enactment. Upon reversion to the tort system, the bill provides that claimants may file suits either in Federal court or State court in the state in which the plaintiff resides or State court in the state where the asbestos exposure took place.

The claimants object to any hiatus between access to the courts and an operating system; but the reality is that court delays are customarily longer than the delay structured in this system. The defendants and insurers object saying it is too short a time frame, but they have the power to expedite the process by promptly paying their assessments. I am confident that there will be no problem in administering the system and processing the claims. The leaders of the Manville Trust and the Rand Institute study and point out that the volume of claims can be efficiently administered by the fund administrator using a technique developed by the Manville Trust and other similar claims facilities that have processed asbestos claims for many years. The Manville Trust has processed as many as 150,000 claims per year. The number of exigent claims anticipated in the first 9 months of the fund is vastly smaller and even the total number of claims anticipated in the first 24 months is significantly less that which the Manville Trust has handled in a comparable period. Additionally, the bill provides the administrator with the option to contract out the exigent claims to a claims facility for expedited processing under the standards of the fund on a voluntary basis. The short time frame will prod the system to become operative at an early date. The bill sends the claims back to the fund as soon as it is certified operational with a credit for any payment of the scheduled amount.

Similarly, the defendants seek a commitment that the legislation will bar return to the courts for at least 7½ years. It is hard to see how the substantial fund would be expended in a lesser period. Here again, the legislation gives the defendant substantial assurances that the system will last at least 7½ years. If it collapses, the claimants should not bear the burden, but should reclaim their constitutional right to a jury trial. However, sunset cannot take place before there is an extensive and rigorous ''program review.'' This would give the administrator an opportunity re-fashion the program to compensate for any major shortcomings.

The claimants sought $60 billion in startup contributions within 5 years and the defendants countered with a maximum of $40 billion. The fund's borrowing power should enable it to borrow at least the balance of $20 billion because of the defendants continuing substantial financial commitments. Here again, the bill meets the standard of substantial assurances, albeit not perfect certainty, that $60 billion will be in hand within the first 5 years.

A key issue for the claimant has been that of workers' compensation subrogation. This issue is important because the value of an award to the claimant depends on whether the claimant may have to pay a substantial amount of it to others. While the precise picture is different from State to State, in general, workers' compensation laws give employers—and their insurance carriers—subrogation rights against third-party tortfeasors and a lien on the injured employee's recovery from a third-part tortfeasor. This is a big issue because workers' compensation covers the employee's medical costs.

I closely examined and considered including a proposal that would have called for a so-called workers' compensation ''holiday.'' Such a proposal would have provided for a ''holiday'' from worker's compensation payments during the period of receipt of payments from trust fund except to the extent that the compensation would exceed them, with a waiver of past and future subrogation. However, as each State has different workers' compensation laws and I concluded that such a proposal may go beyond the practice in a number of States, leaving some claimants with a significantly reduced award.

Furthermore, while not undisputed like some other matters on this legislation, there is some significant basis in the assertion by claimants that the award values in the bill were designed with the concept in mind that there would be no liens or rights of subrogation against the claimants based on workers' compensation awards and health insurance payments.

Therefore, in the final analysis, it has been determined that to be fair to victims, claimants should be allowed to retain and receive the full value of both their fund awards and workers' compensation payments. It is important that the bill must extinguish any liens or rights of subrogation that other parties might otherwise assert against the claimants based on workers' compensation awards and health insurance payments.

Another key issue for the claimants has been the legislation's treatment of asbestos disease claims under the Federal Employers' Liability Act, FELA, the workers' compensation system for rail workers. Earlier versions of the bill would have preempted FELA claims for asbestos-related diseases, limiting victim's recovery to compensation under a national asbestos trust fund. Rail labor asserts that such an approach is unfair to rail workers, since for all other workers, the bill maintains workers' compensation rights. Alternative approaches to dealing with the FELA issue have been proposed, including providing for a supplemental payment, in addition to awards under the bill, to provide compensation to rail workers for work-related asbestos diseases. The AFL–CIO's affiliates who represent workers in the rail industry have been engaged in discussions with industry on this issue, and a fair resolution has been reached. The bill provides for a principled compromise that would allow for a special adjustment for railroad workers so that the compensation award would be structured in a manner that would allow for corollary benefits—similar benefits for workers under FELA and workers compensation. It also clarifies that this legislation intends to deal solely with asbestos claims and does not in any manner impact FELA.

In these marathon discussions, plus the January 11 and February 2 hearings, I understand the deep concerns expressed by the stakeholder representatives on more concessions for their clients. On the state of the 20-year record, this choice is not between this bill and one which would give their clients more concessions. The choice is between this bill and the continuation of the present chaotic system which leaves uncompensated thousands of victims suffering from deadly diseases and litigation driving more companies into bankruptcy.

We considered at length the manufactures/insurers objections to medical screening, but concluded such a provision was necessary as an offset to the reduced role of claimant's attorney. With the previous potential of a substantial contingent fee, claimant's attorneys identified those damaged by exposure to asbestos. Absent that motivation, with the attorneys fees capped at 5 percent, it is reasonable to have routine examinations for people who would not be expected to go for such checkups on their own; so as a matter of basic fairness, such screening is provided. By establishing a program with rigorous standards, as we have done in this bill, unmeritorious claims can be avoided with the fair determination of those entitled to compensation under the statutory standard.

The legislation has closely examined the issues of so-called ''leakage'' in the fund and has provided that all asbestos claims pending on the date of enactment, except for nonconsolidated cases actually on trial, and except cases subject to a verdict or final order or final judgment, will be brought into the asbestos trust fund. Furthermore, only written settlement agreements, executed prior to date of enactment, between a defendant and a specifically identifiable plaintiff will be preserved outside of the fund; the settlement agreement must contain an express obligation by the settling defendant to make a future monetary payment to the individual plaintiff, but gives the plaintiff 30 days to fulfill all conditions of the settlement agreement.

The legislation includes language which is designed to ensure prompt judicial review of a variety of regulatory actions and to ensure that any constitutional uncertainties with regard to the legislation are resolved as quickly as possible. Specifically, it provides that any action challenging the constitutionality of any provision of the act must be brought in the United States District Court for the District of Columbia. The bill also authorizes direct appeal to the Supreme Court on an expedited basis. An action under this section is to be filed within 60 days after the date of enactment or 60 days after the final action of the administrator or the commission giving rise to the action, whichever is later. The district court and Supreme Court are required to expedite to the greatest possible extent the disposition of the action and appeal.

Claimants also expressed the need for assurances that the manufacturers payment into the fund. Therefore, the legislation also requires enhanced ''transparency'' of the payments by the defendants and insurers into the fund. The proposal provides that 20 days after the end of such 60-day period, the administrator shall publish in the Federal Register a list of such submissions, including the name of such persons or ultimate parents and the likely tier to which such persons or affiliated groups may be assigned. After publication of such list, any person may submit to the administrator information on the identity of any other person that may have obligations under the fund. In addition, there are enhanced notice and disclosure requirements included in the draft. It also provides that within 60 days after the date of enactment, any person who, acting in good faith, has knowledge that such person or such person's affiliated group would result in placement in the top tiers, shall submit to the administrator either the name of such person or such person's ultimate parent; and the likely tier to which such person or affiliated group may be assigned under this act.

This legislation deals with a number of very complex issues, one of them being that of ''mixed-dust.'' I held a hearing in the Judiciary Committee on this issue on February 2, 2005. The manufacturers fear that many asbestos claims will be ''repackaged'' as silica claims in the tort system. Evidence adduced at the hearing reflects that this has been happening in a number of jurisdictions. If a claim is due to asbestos exposure at all, the program should be the exclusive means of compensation. The stakeholders agree that this is an asbestos bill, designed to dispose of all asbestos claims but that workers with genuine silica exposure disease ought to be able to pursue their claims in the tort system. The problem is that with those claims where the point of demarcation is unclear. Silica/asbestos defendants are worried that they will find themselves in court with the burden of proving that the plaintiff's injury is due to asbestos rather than silica. This legislation makes clear that pure silica claims are not preempted, but claims involving asbestos disease are preempted. A claimant must provide rigorous medical evidence establishing by a preponderance of evidence that their functional impairment was caused by exposure to silica, and asbestos exposure was not a significant contributing factor. Although this does impose the burden on the claimant, this is no different than the burden the plaintiff or any party advancing a position has in producing medical evidence in any case that the will physician will state that a disease was caused by some condition or exposure or that it was not caused by some condition or exposure. In addition, the testimony given at the February 2 hearing on the issue established that asbestos and silica are easily distinguishable on xray and that asbestos and silica rarely are found in the same patient.

Another very complicated issue addressed this legislation, is that of providing for award adjustments for exceptional mesothelioma cases based on age and the number of dependents of the claimant. For example, a mesothelioma victim who is 40 years old with two children will be able to get an upwards adjustment in his award amount as compared to a 80 years mesothelioma victim with no dependents. The impact of such adjustments to the fund will remain revenue-neutral.

There has been a strong concern that this bill should not become a ''smokers'' bill rather than an asbestos bill—that thousands of smokers will claim to be in the Level VII compensation tier in order to get money even if asbestos had nothing to do with their disease. After long discussions with the various sides, it has been decided to remove Level VII cases from the fund, cases which had the potential to bring down the entire fund.

There has also been a concern with the legitimacy of the Level VI compensation tier. I requested that the Institute of Medicine, IOM, commence a study to assess the medical evidence so as to determine whether colorectal, laryngeal, esophageal, pharyngeal or stomach cancer can be caused by asbestos exposure. The IOM will conclude its study of Level VI causation by April 2006. With a 270-day stay on exigent cases and 2-year stay of all other cases, this has the practical impact of the IOM study results being conclusive on inclusion or exclusion of Level VI prior to any claim being filed.

Therefore, the bill retains the Level VI tier pending the IOM study conclusions but continues to provide extensive safeguards to the fund against those individuals with these diseases making claims against the asbestos trust fund. Any Level VI claim must be based on findings by a board certified pathologists accompanied by evidence of a bilateral asbestos-related nonmalignant disease; evidence of 15 or more weighted years of substantial occupations exposure to asbestos; and supporting medical documentation establishing asbestos exposure as a contributing factor in causing the cancer in question. The claim must also be referred to a physicians panel for a determination that it is more probable than not that asbestos exposure was a substantial contributing factor in causing the other cancer in question. Further, the bill mandates that the physicians panel review the claimants smoking history as opposed to ''claimant may request.''

This is a complicated bill, but one that is both integrated and comprehensive and reflective of a remarkable will to enact legislation. If this bill is rejected, I do not see the agenda of this Senate Judiciary Committee revisiting the issue. I cannot conceive of a more strenuous effort being directed to this subject that has been done over the past two years. This is the last best chance.

I remain confident that we can forge and enact a bill that is fair to the claimants and to business and that will put an end once and for all to this nightmare chapter in American legal, economic and social history. If We can summon the legislative will in a bipartisan spirit, it can be done.

Mr. SPECTER. Mr. President, I ask unanimous consent that the text of the bill be printed.

Mr. President, I ask unanimous consent between the comments I have made, which have not been made from a text, and the text of my language which I am currently stating, be included, so that those who read the CONGRESSIONAL RECORD, if anyone does, will know the repetition in the prepared text is occasioned by the fact that the initial statement was made without reference to a text and there will necessarily be some repetition in the prepared text.

I thank the Chair. I yield the floor.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 852

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''Fairness in Asbestos Injury Resolution Act of 2005'' or the ''FAIR Act of 2005''.

(b) TABLE OF CONTENTS.—The table of contents of this Act is as follows:

Sec. 1. Short title; table of contents.
Sec. 2. Findings and purpose.
Sec. 3. Definitions.

TITLE I—ASBESTOS CLAIMS RESOLUTION

SUBTITLE A—OFFICE OF ASBESTOS DISEASE COMPENSATION

Sec. 101. Establishment of Office of Asbestos Disease Compensation.
Sec. 102. Advisory Committee on Asbestos Disease Compensation.
Sec. 103. Medical Advisory Committee.
Sec. 104. Claimant assistance.
Sec. 105. Physicians Panels.
Sec. 106. Program startup.
Sec. 107. Authority of the Administrator.

SUBTITLE B—ASBESTOS DISEASE COMPENSATION PROCEDURES

Sec. 111. Essential elements of eligible claim.
Sec. 112. General rule concerning no-fault compensation.
Sec. 113. Filing of claims.
Sec. 114. Eligibility determinations and claim awards.
Sec. 115. Medical evidence auditing procedures.

SUBTITLE C—MEDICAL CRITERIA

Sec. 121. Medical criteria requirements.

SUBTITLE D—AWARDS

Sec. 131. Amount.
Sec. 132. Medical monitoring.
Sec. 133. Payment.
Sec. 134. Reduction in benefit payments for collateral sources.

Sec. 135. Certain claims not affected by payment of awards.

TITLE II—ASBESTOS INJURY CLAIMS RESOLUTION FUND

SUBTITLE A—ASBESTOS DEFENDANTS FUNDING ALLOCATION

Sec. 201. Definitions.
Sec. 202. Authority and tiers.
Sec. 203. Subtiers.
Sec. 204. Assessment administration.
Sec. 205. Stepdowns and funding holidays.

SUBTITLE B—ASBESTOS INSURERS COMMISSION

Sec. 210. Definition.
Sec. 211. Establishment of Asbestos Insurers Commission.
Sec. 212. Duties of Asbestos Insurers Commission.
Sec. 213. Powers of Asbestos Insurers Commission.
Sec. 214. Personnel matters.
Sec. 215. Termination of Asbestos Insurers Commission.
Sec. 216. Expenses and costs of Commission.

SUBTITLE C—ASBESTOS INJURY CLAIMS RESOLUTION FUND

Sec. 221. Establishment of Asbestos Injury Claims Resolution Fund.
Sec. 222. Management of the Fund.
Sec. 223. Enforcement of payment obligations.
Sec. 224. Interest on underpayment or nonpayment.
Sec. 225. Education, consultation, screening, and monitoring.

TITLE III—JUDICIAL REVIEW

Sec. 301. Judicial review of rules and regulations.
Sec. 302. Judicial review of award decisions.
Sec. 303. Judicial review of participants' assessments.
Sec. 304. Other judicial challenges.
Sec. 305. Stays, exclusivity, and constitutional review.

TITLE IV—MISCELLANEOUS PROVISIONS

Sec. 401. False information.
Sec. 402. Effect on bankruptcy laws.
Sec. 403. Effect on other laws and existing claims.
Sec. 404. Effect on insurance and reinsurance contracts.
Sec. 405. Annual report of the Administrator and sunset of the Act.
Sec. 406. Rules of construction relating to liability of the United States Government.
Sec. 407. Rules of construction.
Sec. 408. Violation of environmental health and safety requirements.
Sec. 409. Nondiscrimination of health insurance.

TITLE V—ASBESTOS BAN

Sec. 501. Prohibition on asbestos containing products.

SEC. 2. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress finds the following:

(1) Millions of Americans have been exposed to forms of asbestos that can have devastating health effects.

(2) Various injuries can be caused by exposure to some forms of asbestos, including pleural disease and some forms of cancer.

(3) The injuries caused by asbestos can have latency periods of up to 40 years, and even limited exposure to some forms of asbestos may result in injury in some cases.

(4) Asbestos litigation has had a significant detrimental effect on the country's economy, driving companies into bankruptcy, diverting resources from those who are truly sick, and endangering jobs and pensions.

(5) The scope of the asbestos litigation crisis cuts across every State and virtually every industry.

(6) The United States Supreme Court has recognized that Congress must act to create a more rational asbestos claims system. In 1991, a Judicial Conference Ad Hoc Committee on Asbestos Litigation, appointed by Chief Justice William Rehnquist, found that the ''ultimate solution should be legislation recognizing the national proportions of the problem . . . and creating a national asbestos dispute resolution scheme . . .''. The Court found in 1997 in Amchem Products Inc. v. Windsor, 521 U.S. 591, 595 (1997), that ''[t]he argument is sensibly made that a nationwide administrative claims processing regime would provide the most secure, fair, and efficient means of compensating victims of asbestos exposure.'' In 1999, the Court in Ortiz v. Fibreboard Corp., 527 U.S. 819, 821 (1999), found that the ''elephantine mass of asbestos cases . . . defies customary judicial administration and calls for national legislation.'' That finding was again recognized in 2003 by the Court in Norfolk & Western Railway Co. v. Ayers, 123 S. Ct. 1210 (2003).

(7) This crisis, and its significant effect on the health and welfare of the people of the United States, on interstate and foreign commerce, and on the bankruptcy system, compels Congress to exercise its power to regulate interstate commerce and create this legislative solution in the form of a national asbestos injury claims resolution program to supersede all existing methods to compensate those injured by asbestos, except as specified in this Act.

(8) This crisis has also imposed a deleterious burden upon the United States bankruptcy courts, which have assumed a heavy burden of administering complicated and protracted bankruptcies with limited personnel.

(9) This crisis has devastated many communities across the country, but hardest hit has been Libby, Montana, where tremolite asbestos, 1 of the most deadly forms of asbestos, was contained in the vermiculite ore mined from the area and despite ongoing cleanup by the Environmental Protection Agency, many still suffer from the deadly dust.

(b) PURPOSE.—The purpose of this Act is to—

(1) create a privately funded, publicly administered fund to provide the necessary resources for a fair and efficient system to resolve asbestos injury claims that will provide compensation for legitimate present and future claimants of asbestos exposure as provided in this Act;

(2) provide compensation to those present and future victims based on the severity of their injuries, while establishing a system flexible enough to accommodate individuals whose conditions worsens;

(3) relieve the Federal and State courts of the burden of the asbestos litigation; and

(4) increase economic stability by resolving the asbestos litigation crisis that has bankrupted companies with asbestos liability, diverted resources from the truly sick, and endangered jobs and pensions.

SEC. 3. DEFINITIONS.

In this Act, the following definitions shall apply:

(1) ADMINISTRATOR.—The term ''Administrator'' means the Administrator of the Office of Asbestos Disease Compensation appointed under section 101(b).

(2) ASBESTOS.—The term ''asbestos'' includes—

(A) chrysotile;

(B) amosite;

(C) crocidolite;

(D) tremolite asbestos;

(E) winchite asbestos;

(F) richterite asbestos;

(G) anthophyllite asbestos;

(H) actinolite asbestos;

(I) amphibole asbestos;

(J) any of the minerals listed under subparagraphs (A) through (I) that has been chemically treated or altered, and any asbestiform variety, type, or component thereof; and

(K) asbestos-containing material, such as asbestos-containing products, automotive or industrial parts or components, equipment, improvements to real property, and any other material that contains asbestos in any physical or chemical form.

(3) ASBESTOS CLAIM.—

(A) IN GENERAL.—The term ''asbestos claim'' means any claim, premised on any theory, allegation, or cause of action for damages or other relief presented in a civil action or bankruptcy proceeding, directly, indirectly, or derivatively arising out of, based on, or related to, in whole or part, the health effects of exposure to asbestos, including loss of consortium, wrongful death, and any derivative claim made by, or on behalf of, any exposed person or any representative, spouse, parent, child, or other relative of any exposed person.

(B) EXCLUSION.—The term does not include—

(i) claims alleging damage or injury to tangible property;

(ii) claims for benefits under a workers' compensation law or veterans' benefits program;

(iii) claims arising under any governmental or private health, welfare, disability, death or compensation policy, program or plan;

(iv) claims arising under any employment contract or collective bargaining agreement; or

(v) claims arising out of medical malpractice.

(4) ASBESTOS CLAIMANT.—The term ''asbestos claimant'' means an individual who files a claim under section 113.

(5) CIVIL ACTION.—The term ''civil action'' means all suits of a civil nature in State or Federal court, whether cognizable as cases at law or in equity or in admiralty, but does not include an action relating to any workers' compensation law, or a proceeding for benefits under any veterans' benefits program.

(6) COLLATERAL SOURCE COMPENSATION.—The term ''collateral source compensation'' means the compensation that the claimant received, or is entitled to receive, from a defendant or an insurer of that defendant, or compensation trust as a result of a final judgment or settlement for an asbestos-related injury that is the subject of a claim filed under section 113.

(7) ELIGIBLE DISEASE OR CONDITION.—The term ''eligible disease or condition'' means the extent that an illness meets the medical criteria requirements established under subtitle C of title I.

(8) EMPLOYERS' LIABILITY ACT.—The term ''Act of April 22, 1908 (45 U.S.C. 51 et seq.), commonly known as the Employer's Liability Act'' shall, for all purposes of this Act, include the Act of June 5, 1920 (46 U.S.C. App. 688), commonly known as the Jones Act, and the related phrase ''operations as a common carrier by railroad'' shall include operations as an employer of seamen.

(9) FUND.—The term ''Fund'' means the Asbestos Injury Claims Resolution Fund established under section 221.

(10) INSURANCE RECEIVERSHIP PROCEEDING.—The term ''insurance receivership proceeding'' means any State proceeding with respect to a financially impaired or insolvent insurer or reinsurer including the liquidation, rehabilitation, conservation, supervision, or ancillary receivership of an insurer under State law.

(11) LAW.—The term ''law'' includes all law, judicial or administrative decisions, rules, regulations, or any other principle or action having the effect of law.

(12) PARTICIPANT.—

(A) IN GENERAL.—The term ''participant'' means any person subject to the funding requirements of title II, including—

(i) any defendant participant subject to liability for payments under subtitle A of that title;

(ii) any insurer participant subject to a payment under subtitle B of that title; and

(iii) any successor in interest of a participant.

(B) EXCEPTION.—

(i) IN GENERAL.—A defendant participant shall not include any person protected from any asbestos claim by reason of an injunction entered in connection with a plan of reorganization under chapter 11 of title 11, United States Code, that has been confirmed by a duly entered order or judgment of a court that is no longer subject to any appeal or judicial review, and the substantial consummation, as such term is defined in section 1101(2) of title 11, United States Code, of such plan of reorganization has occurred.

(ii) APPLICABILITY.—Clause (i) shall not apply to a person who may be liable under subtitle A of title II based on prior asbestos expenditures related to asbestos claims that are not covered by an injunction described under clause (i).

(13) PERSON.—The term ''person''—

(A) means an individual, trust, firm, joint stock company, partnership, association, insurance company, reinsurance company, or corporation; and

(B) does not include the United States, any State or local government, or subdivision thereof, including school districts and any general or special function governmental unit established under State law.

(14) STATE.—The term ''State'' means any State of the United States and also includes the District of Columbia, Commonwealth of Puerto Rico, the Northern Mariana Islands, the Virgin Islands, Guam, American Samoa, and any other territory or possession of the United States or any political subdivision of any of the entities under this paragraph.

(15) SUBSTANTIALLY CONTINUES.—The term ''substantially continues'' means that the business operations have not been significantly modified by the change in ownership.

(16) SUCCESSOR IN INTEREST.—The term ''successor in interest'' means any person that acquires assets, and substantially continues the business operations, of a participant. The factors to be considered in determining whether a person is a successor in interest include—

(A) retention of the same facilities or location;

(B) retention of the same employees;

(C) maintaining the same job under the same working conditions;

(D) retention of the same supervisory personnel;

(E) continuity of assets;

(F) production of the same product or offer of the same service;

(G) retention of the same name;

(H) maintenance of the same customer base;

(I) identity of stocks, stockholders, and directors between the asset seller and the purchaser; or

(J) whether the successor holds itself out as continuation of previous enterprise, but expressly does not include whether the person actually knew of the liability of the participant under this Act.

(17) VETERANS' BENEFITS PROGRAM.—The term ''veterans' benefits program'' means any program for benefits in connection with military service administered by the Veterans' Administration under title 38, United States Code.

(18) WORKERS' COMPENSATION LAW.—The term ''workers' compensation law''—

(A) means a law respecting a program administered by a State or the United States to provide benefits, funded by a responsible employer or its insurance carrier, for occupational diseases or injuries or for disability or death caused by occupational diseases or injuries;

(B) includes the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 901 et seq.) and chapter 81 of title 5, United States Code; and

(C) does not include the Act of April 22, 1908 (45 U.S.C. 51 et seq.), commonly known as the Employers' Liability Act, or damages recovered by any employee in a liability action against an employer.

TITLE I—ASBESTOS CLAIMS RESOLUTION

Subtitle A—Office of Asbestos Disease Compensation

SEC. 101. ESTABLISHMENT OF OFFICE OF ASBESTOS DISEASE COMPENSATION.

(a) IN GENERAL.—

(1) ESTABLISHMENT.—There is established within the Department of Labor the Office of Asbestos Disease Compensation (hereinafter referred to in this Act as the ''Office''), which shall be headed by an Administrator.

(2) PURPOSE.—The purpose of the Office is to provide timely, fair compensation, in the amounts and under the terms specified in this Act, on a no-fault basis and in a non-adversarial manner, to individuals whose health has been adversely affected by exposure to asbestos.

(3) EXPENSES.—There shall be available from the Asbestos Injury Claims Resolution Fund to the Administrator such sums as are necessary for the administrative expenses of the Office, including the sums necessary for conducting the studies provided for in section 121(e).

(b) APPOINTMENT OF ADMINISTRATOR.—

(1) IN GENERAL.—The Administrator of the Office of Asbestos Disease Compensation shall be appointed by the President, by and with the advice and consent of the Senate. The Administrator shall serve for a term of 5 years.

(2) REPORTING.—The Administrator shall report directly to the Assistant Secretary of Labor for the Employment Standards Administration.

(c) DUTIES OF ADMINISTRATOR.—

(1) IN GENERAL.—The Administrator shall be responsible for—

(A) processing claims for compensation for asbestos-related injuries and paying compensation to eligible claimants under the criteria and procedures established under title I;

(B) determining, levying, and collecting assessments on participants under title II;

(C) appointing or contracting for the services of such personnel, making such expenditures, and taking any other actions as may be necessary and appropriate to carry out the responsibilities of the Office, including entering into cooperative agreements with other Federal agencies or State agencies and entering into contracts with nongovernmental entities;

(D) conducting such audits and additional oversight as necessary to assure the integrity of the program;

(E) managing the Asbestos Injury Claims Resolution Fund established under section 221, including—

(i) administering, in a fiduciary capacity, the assets of the Fund for the exclusive purpose of providing benefits to asbestos claimants and their beneficiaries;

(ii) defraying the reasonable expenses of administering the Fund;

(iii) investing the assets of the Fund in accordance with section 222(b);

(iv) retaining advisers, managers, and custodians who possess the necessary facilities and expertise to provide for the skilled and prudent management of the Fund, to assist in the development, implementation and maintenance of the Fund's investment policies and investment activities, and to provide for the safekeeping and delivery of the Fund's assets; and

(v) borrowing amounts authorized by section 221(b) on appropriate terms and conditions, including pledging the assets of or payments to the Fund as collateral;

(F) promulgating such rules, regulations, and procedures as may be necessary and appropriate to implement the provisions of this Act;

(G) making such expenditures as may be necessary and appropriate in the administration of this Act;

(H) excluding evidence and disqualifying or debarring any attorney, physician, provider of medical or diagnostic services, including laboratories and others who provide evidence in support of a claimant's application for compensation where the Administrator determines that materially false, fraudulent, or fictitious statements or practices have been submitted or engaged in by such individuals or entities; and

(I) having all other powers incidental, necessary, or appropriate to carrying out the functions of the Office.

(2) CERTAIN ENFORCEMENTS.—For each infraction relating to paragraph (1)(H), the Administrator also may impose a civil penalty not to exceed $10,000 on any person or entity found to have submitted or engaged in a materially false, fraudulent, or fictitious statement or practice under this Act. The Administrator shall prescribe appropriate regulations to implement paragraph (1)(H).

(3) SELECTION OF DEPUTY ADMINISTRATORS.—The Administrator shall select a Deputy Administrator for Claims Administration to carry out the Administrator's responsibilities under this title and a Deputy Administrator for Fund Management to carry out the Administrator's responsibilities under title II of this Act. The Deputy Administrators shall report directly to the Administrator and shall be in the Senior Executive Service.

(d) EXPEDITIOUS DETERMINATIONS.—The Administrator shall prescribe rules to expedite claims for asbestos claimants with exigent circumstances in order to expedite the payment of such claims as soon as possible after startup of the Fund. The Administrator shall contract out the processing of such claims.

(e) AUDIT AND PERSONNEL REVIEW PROCEDURES.—The Administrator shall establish audit and personnel review procedures for

evaluating the accuracy of eligibility recommendations of agency and contract personnel.

(f) APPLICATION OF FOIA.—

(1) IN GENERAL.—Section 552 of title 5, United States Code (commonly referred to as the Freedom of Information Act) shall apply to the Office of Asbestos Disease Compensation and the Asbestos Insurers Commission.

(2) CONFIDENTIALITY.—Any person may designate any record submitted under this section as a confidential commercial or financial record for purposes of section 552 of title 5, United States Code. The Administrator and the Chairman of the Asbestos Insurers Commission shall adopt procedures for designating such records as confidential. Information on reserves and asbestos-related liabilities submitted by any participant for the purpose of the allocation of payments under subtitles A and B of title II shall be deemed to be confidential financial records.

SEC. 102. ADVISORY COMMITTEE ON ASBESTOS DISEASE COMPENSATION.

(a) ESTABLISHMENT.—

(1) IN GENERAL.—Not later than 120 days after the date of enactment of this Act, the Administrator shall establish an Advisory Committee on Asbestos Disease Compensation (hereinafter the ''Advisory Committee'').

(2) COMPOSITION AND APPOINTMENT.—The Advisory Committee shall be composed of 24 members, appointed as follows—

(A) The Majority and Minority Leaders of the Senate, the Speaker of the House, and the Minority Leader of the House shall each appoint 4 members. Of the 4—

(i) 2 shall be selected to represent the interests of claimants, at least 1 of whom shall be selected from among individuals recommended by recognized national labor federations; and

(ii) 2 shall be selected to represent the interests of participants, 1 of whom shall be selected to represent the interests of the insurer participants and 1 of whom shall be selected to represent the interests of the defendant participants.

(B) The Administrator shall appoint 8 members, who shall be individuals with qualifications and expertise in occupational or pulmonary medicine, occupational health, workers' compensation programs, financial administration, investment of funds, program auditing, or other relevant fields.

(3) QUALIFICATIONS.—All of the members described in paragraph (2) shall have expertise or experience relevant to the asbestos compensation program, including experience or expertise in diagnosing asbestos-related diseases and conditions, assessing asbestos exposure and health risks, filing asbestos claims, administering a compensation or insurance program, or as actuaries, auditors, or investment managers. None of the members described in paragraph (2)(B) shall be individuals who, for each of the 5 years before their appointments, earned more than 15 percent of their income by serving in matters related to asbestos litigation as consultants or expert witnesses.

(b) DUTIES.—The Advisory Committee shall advise the Administrator on—

(1) claims filing and claims processing procedures;

(2) claimant assistance programs;

(3) audit procedures and programs to ensure the quality and integrity of the compensation program;

(4) the development of a list of industries, occupations and time periods for which there is a presumption of substantial occupational exposure to asbestos;

(5) recommended analyses or research that should be conducted to evaluate past claims and to project future claims under the program;

(6) the annual report required to be submitted to Congress under section 405; and

(7) such other matters related to the implementation of this Act as the Administrator considers appropriate.

(c) OPERATION OF THE COMMITTEE.—

(1) Each member of the Advisory Committee shall be appointed for a term of 3 years, except that, of the members first appointed—

(A) 8 shall be appointed for a term of 1 year;

(B) 8 shall be appointed for a term of 2 years; and

(C) 8 shall be appointed for a term of 3 years, as determined by the Administrator at the time of appointment.

(2) Any member appointed to fill a vacancy occurring before the expiration of the term shall be appointed only for the remainder of such term.

(3) The Administrator shall designate a Chairperson and Vice Chairperson from among members of the Advisory Committee appointed under subsection (a)(2)(B).

(4) The Advisory Committee shall meet at the call of the Chairperson or the majority of its members, and at a minimum shall meet at least 4 times per year during the first 5 years of the asbestos compensation program, and at least 2 times per year thereafter.

(5) The Administrator shall provide to the Committee such information as is necessary and appropriate for the Committee to carry out its responsibilities under this section. The Administrator may, upon request of the Advisory Committee, secure directly from any Federal, State, or local department or agency such information as may be necessary and appropriate to enable the Advisory Committee to carry out its duties under this section. Upon request of the Administrator, the head of such department or agency shall furnish such information to the Advisory Committee.

(6) The Administrator shall provide the Advisory Committee with such administrative support as is reasonably necessary to enable it to perform its functions.

(d) EXPENSES.—Members of the Advisory Committee, other than full-time employees of the United States, while attending meetings of the Advisory Committee or while otherwise serving at the request of the Administrator, and while serving away from their homes or regular places of business, shall be allowed travel and meal expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code, for individuals in the Government serving without pay.

SEC. 103. MEDICAL ADVISORY COMMITTEE.

(a) IN GENERAL.—The Administrator shall establish a Medical Advisory Committee to provide expert advice regarding medical issues arising under the statute.

(b) QUALIFICATIONS.—None of the members of the Medical Advisory Committee shall be individuals who, for each of the 5 years before their appointments, earned more than 15 percent of their income by serving in matters related to asbestos litigation as consultants or expert witnesses.

SEC. 104. CLAIMANT ASSISTANCE.

(a) ESTABLISHMENT.—Not later than 180 days after the enactment of this Act, the Administrator shall establish a comprehensive asbestos claimant assistance program to—

(1) publicize and provide information to potential claimants about the availability of benefits for eligible claimants under this Act, and the procedures for filing claims and for obtaining assistance in filing claims;

(2) provide assistance to potential claimants in preparing and submitting claims, including assistance in obtaining the documentation necessary to support a claim;

(3) respond to inquiries from claimants and potential claimants;

(4) provide training with respect to the applicable procedures for the preparation and filing of claims to persons who provide assistance or representation to claimants; and

(5) provide for the establishment of a website where claimants may access all relevant forms and information.

(b) RESOURCE CENTERS.—The claimant assistance program shall provide for the establishment of resource centers in areas where there are determined to be large concentrations of potential claimants. These centers shall be located, to the extent feasible, in facilities of the Department of Labor or other Federal agencies.

(c) CONTRACTS.—The claimant assistance program may be carried out in part through contracts with labor organizations, community-based organizations, and other entities which represent or provide services to potential claimants, except that such organizations may not have a financial interest in the outcome of claims filed with the Office.

(d) LEGAL ASSISTANCE.—

(1) IN GENERAL.—As part of the program established under subsection (a), the Administrator shall establish a legal assistance program to provide assistance to asbestos claimants concerning legal representation issues.

(2) LIST OF QUALIFIED ATTORNEYS.—As part of the program, the Administrator shall maintain a roster of qualified attorneys who have agreed to provide pro bono services to asbestos claimants under rules established by the Administrator. The claimants shall not be required to use the attorneys listed on such roster.

(3) NOTICE.—

(A) NOTICE BY ADMINISTRATOR.—The Administrator shall provide asbestos claimants with notice of, and information relating to—

(i) pro bono services for legal assistance available to those claimants; and

(ii) any limitations on attorneys fees for claims filed under this title.

(B) NOTICE BY ATTORNEYS.—Before a person becomes a client of an attorney with respect to an asbestos claim, that attorney shall provide notice to that person of pro bono services for legal assistance available for that claim.

(e) ATTORNEY'S FEES.—

(1) IN GENERAL.—Notwithstanding any contract, the representative of an individual may not receive, for services rendered in connection with the claim of an individual under the Fund, more than 5 percent of a final award made (whether by the Administrator initially or as a result of administrative review) under the Fund on such claim.

(2) PENALTY.—Any representative of an asbestos claimant who violates this subsection shall be fined not more than the greater of—

(A) $5,000; or

(B) twice the amount received by the representative for services rendered in connection with each such violation.

SEC. 105. PHYSICIANS PANELS.

(a) APPOINTMENT.—The Administrator shall, in accordance with section 3109 of title 5, United States Code, appoint physicians with experience and competency in diagnosing asbestos-related diseases to be available to serve on Physicians Panels, as necessary to carry out this Act.

(b) FORMATION OF PANELS.—

(1) IN GENERAL.—The Administrator shall periodically determine—

(A) the number of Physicians Panels necessary for the efficient conduct of the medical review process under section 121;

(B) the number of Physicians Panels necessary for the efficient conduct of the exceptional medical claims process under section 121; and

(C) the particular expertise necessary for each panel.

(2) EXPERTISE.—Each Physicians Panel shall be composed of members having the particular expertise determined necessary by the Administrator, randomly selected from among the physicians appointed under subsection (a) having such expertise.

(3) PANEL MEMBERS.—

(A) IN GENERAL.—Except as provided under subparagraph (B), each Physicians Panel shall consist of 3 physicians, 2 of whom shall be designated to participate in each case submitted to the Physicians Panel, and the third of whom shall be consulted in the event of disagreement.

(B) WAIVER.—The Administrator may waive the provisions of subparagraph (A) and may provide for panels of less than 3 physicians, if the Administrator determines that—

(i) there is a shortage of qualified physicians available for service on panels; and

(ii) such shortage will result in administrative delay in the claims process.

(c) QUALIFICATIONS.—To be eligible to serve on a Physicians Panel under subsection (a), a person shall be—

(1) a physician licensed in any State;

(2) board-certified in pulmonary medicine, occupational medicine, internal medicine, oncology, or pathology; and

(3) an individual who, for each of the 5 years before and during his or her appointment to a Physicians Panel, has earned not more than 15 percent of his or her income as an employee of a participating defendant or insurer or a law firm representing any party in asbestos litigation or as a consultant or expert witness in matters related to asbestos litigation.

(d) DUTIES.—Members of a Physicians Panel shall—

(1) make such medical determinations as are required to be made by Physicians Panels under section 121; and

(2) perform such other functions as required under this Act.

(e) COMPENSATION.—Notwithstanding any limitation otherwise established under section 3109 of title 5, United States Code, the Administrator shall be authorized to pay members of a Physician Panel such compensation as is reasonably necessary to obtain their services.

(f) FEDERAL ADVISORY COMMITTEE ACT.—A Physicians Panel established under this section shall not be subject to the Federal Advisory Committee Act (5 U.S.C. App. 2).

SEC. 106. PROGRAM STARTUP.

(a) INTERIM REGULATIONS.—Not later than 90 days after the date of enactment of this Act, the Administrator shall promulgate interim regulations and procedures for the processing of claims under title I and the operation of the Fund under title II, including procedures for the expediting of exigent health claims.

(b) INTERIM PERSONNEL.—The Secretary of Labor and the Assistant Secretary of Labor for the Employment Standards Administration may make available to the Administrator on a temporary basis such personnel and other resources as may be necessary to facilitate the expeditious startup of the program. The Administrator may in addition contract with individuals or entities having relevant experience to assist in the expeditious startup of the program. Such relevant experience shall include, but not be limited to, experience with the review of workers' compensation, occupational disease, or similar claims and with financial matters relevant to the operation of the program.

(c) EXIGENT HEALTH CLAIMS.—

(1) IN GENERAL.—The Administrator shall develop procedures to provide for an expedited process to categorize, evaluate, and pay exigent health claims. Such procedures shall include, pending promulgation of final regulations, adoption of interim regulations as needed for processing of exigent health claims.

(2) ELIGIBLE EXIGENT HEALTH CLAIMS.—A claim shall qualify for treatment as an exigent health claim if the claimant is living and the claimant provides—

(A) a diagnosis of mesothelioma meeting the requirements of section 121(d)(10); or

(B) a declaration or affidavit, from a physician who has examined the claimant within 120 days before the date of such declaration or affidavit, that the physician has diagnosed the claimant as being terminally ill from an asbestos-related illness and having a life expectancy of less than 1 year.

(3) ADDITIONAL EXIGENT HEALTH CLAIMS.—The Administrator may, in final regulations promulgated under section 101(c), designate additional categories of claims that qualify as exigent health claims under this subsection.

(4) CLAIMS FACILITY.—To facilitate the prompt payment of exigent health claims, the Administrator shall contract with a claims facility, which applying the medical criteria of section 121, may enter into settlements with claimants. In the absence of an offer of judgment as provided under section 106(f)(2), the claimant may submit a claim to that claims facility. The claims facility shall receive the claimant's submissions and evaluate the claim in accordance with subtitles B and C. The claims facility shall then submit the file to the Administrator for payment in accordance with subtitle D. This subsection shall not apply to exceptional medical claims under section 121(f). A claimant may appeal any decision at a claims facility with the Administrator in accordance with section 114.

(5) AUTHORIZATION FOR CONTRACTS WITH CLAIMS FACILITIES.—The Administrator may enter into contracts with claims facilities for the processing of claims (except for exceptional medical claims) in accordance with this title.

(d) EXTREME FINANCIAL HARDSHIP CLAIMS.—The Administrator shall, in final regulations promulgated under section 101(c), designate categories of claims to be handled on an expedited basis as a result of extreme financial hardship.

(e) INTERIM ADMINISTRATOR.—Until an Administrator is appointed and confirmed under section 101(b), the responsibilities of the Administrator under this Act shall be performed by the Assistant Secretary of Labor for the Employment Standards Administration, who shall have all the authority conferred by this Act on the Administrator and who shall be deemed to be the Administrator for purposes of this Act. Before final regulations being promulgated relating to claims processing, the Interim Administrator may prioritize claims processing, without regard to the time requirements prescribed in subtitle B of this title, based on severity of illness and likelihood that the illness in question was caused by exposure to asbestos.

(f) STAY OF CLAIMS; RETURN TO TORT SYSTEM.—

(1) STAY OF CLAIMS.—Notwithstanding any other provision of this Act, any asbestos claim pending as of the date of enactment of this Act, other than a claim to which section 403(d)(2)(A) applies, shall be subject to a stay.

(2) EXIGENT HEALTH CLAIMS.—

(A) PROCEDURES FOR SETTLEMENT OF EXIGENT HEALTH CLAIMS.—

(i) IN GENERAL.—Any person that has filed a timely exigent health claim seeking a judgment or order for monetary damages in any Federal or State court before or after the date of enactment of this Act, may immediately seek an offer of judgment of such claim in accordance with this subparagraph.

(ii) FILING.—

(I) IN GENERAL.—The claimant shall file with the Administrator and serve upon all defendants in the pending court action an election to pursue an offer of judgment—

(aa) within 60 days after the date of enactment of this Act, if the claim was filed in a Federal or State court before such date of enactment; and

(bb) within 60 days after the date of the filing of the claim, if the claim is filed in a Federal or State court on or after the date of enactment of this Act.

(II) STAY.—If the claimant fails to file and serve a timely election under this clause, the stay under subparagraph (B) shall remain in effect.

(iii) INFORMATION.—A claimant who has filed a timely election under clause (ii) shall within 60 days after filing provide to each defendant and to the Administrator—

(I) the amount received or due to be received as a result of all settlements that would qualify as a collateral source under section 134, together with copies of all settlement agreements and related documents sufficient to show the accuracy of that amount;

(II) all information that the claimant would be required to provide to the Administrator in support of a claim under sections 115 and 121; and

(III) a certification by the claimant that the information provided is true and complete.

(iv) CERTIFICATION.—The certification provided under clause (iii) shall be subject to the same penalties for false or misleading statements that would be applicable with regard to information provided to the Administrator in support of a claim.

(v) OFFER OF JUDGMENT.—Within 30 days after service of a complete set of the information described in clause (iii), any defendant may file and serve on all parties a good faith offer of judgment in an aggregate amount not to exceed the total amount to which the claimant may be entitled under section 131 after adjustment for collateral sources under section 134. If the aggregate amount offered by all defendants exceeds the limitation in this clause, all offers shall be deemed reduced pro-rata until the aggregate amount equals the amount provided under section 131.

(vi) ACCEPTANCE OR REJECTION.—Within 20 days after the service of the last offer of judgment, the claimant shall either accept or reject such offers. If the amount of the offer made by any defendant individually, or by any defendants jointly, equals or exceeds 100 percent of what the claimant would receive under the Fund, the claimant shall accept such offer and release any outstanding asbestos claims.

(vii) LUMP SUM PAYMENT.—Any accepted offer of judgment shall be payable within 30 days and in 1 lump sum in order to settle the pending claim.

(viii) RECOVERY OF COSTS.—Any defendant whose offer of judgment is accepted and has settled an asbestos claim under clauses (vi) and (vii) may recover the cost of such settlement by deducting from its next and subsequent contributions to the Fund for the full amount of the payment made by such defendant to the exigent health claimant, unless the Administrator finds, on the basis of clear and convincing evidence, that—

(I) the claimant did not meet the requirements of an exigent health claim; and

(II) the defendant's offer was collusive or otherwise not in good faith.

(ix) INDEMNIFICATION.—In any case in which the Administrator refuses to grant full indemnification under clause (viii), the Administrator may provide such partial indemnification as may be fair and just in the circumstances. If Administrator denies indemnification, the defendant may seek contribution from other non-settling defendants, as well as reimbursement under the defendant's applicable insurance policies. If the Administrator refuses to grant full or partial indemnification based on collusive action, the defendant may pursue any available remedy against the claimant.

(x) REFUSAL TO MAKE OFFER.—If a defendant refuses to make an offer of judgment, the claimant may continue to seek a judgment or order for monetary damages from the court where the case is currently pending in an amount not to exceed 150 percent of what the claimant would receive if the claimant had filed a claim with the Fund. Such a judgment or order may also provide an award for claimant's attorneys' fees and the costs of litigation.

(xi) REJECTION OF OFFER.—If the claimant rejects the offer as less than what the claimant would qualify to receive under section 131, the claimant may immediately pursue the claim in court where the claimant shall demonstrate, in addition to all other essential elements of the claimant's claim against any defendant, that the claimant meets the requirements of section 121.

(B) PURSUAL OF EXIGENT HEALTH CLAIMS.—

(i) STAY.—If a claimant does not elect to seek an offer of judgment under subparagraph (A), the pending claim is stayed for 9 months after the date of enactment of this Act.

(ii) DEFENDANT OFFER.—If a claimant does not elect to seek an offer of judgment under subparagraph (A), the defendant may elect to make an offer according to the provisions of this paragraph, except that a claimant shall not be required to accept that offer. The claimant shall accept or reject the offer within 20 days.

(iii) CLAIMS FACILITY.—If a claimant does not elect to seek an offer of judgment under subparagraph (A), the claimant may seek an award from the Fund through the claims facility under section 106 (c)(4).

(iv) CONTINUANCE OF CLAIMS.—If, after 9 months after the date of enactment of this Act, the Administrator cannot certify to Congress that the Fund is operational and paying exigent health claims at a reasonable rate, each person that has filed an exigent health claim before such date of enactment and stayed under this paragraph may continue their exigent health claims in the court where the case was pending on the date of enactment of this Act. For exigent claims filed after the date of enactment of this Act, by claimants who do not elect to seek an offer of judgment under subparagraph (A), the pending claim is stayed for 9 months after the date the claim is filed, unless during that period the Administrator can certify to Congress that the Fund is operational and paying valid claims at a reasonable rate.

(C) CREDIT OF CLAIM AND EFFECT OF OPERATIONAL FUND.—If an asbestos claim is pursued in Federal or State court in accordance with this paragraph, any recovery by the claimant shall be a collateral source compensation for purposes of section 134.

(3) PURSUAL OF ASBESTOS CLAIMS IN FEDERAL OR STATE COURT.—

(A) IN GENERAL.—Notwithstanding any other provision of this Act, if, not later than 24 months after the date of enactment of this Act, the Administrator cannot certify to Congress that the Fund is operational and paying all valid claims at a reasonable rate, any person with a non-exigent asbestos claim stayed under this paragraph, except for any person whose claim does not exceed a Level I claim, may pursue that claim in the Federal district court or State court located within—

(i) the State of residence of the claimant; or

(ii) the State in which the asbestos exposure arose.

(B) DEFENDANTS NOT FOUND.—If any defendant cannot be found in the State described in clause (i) or (ii) of subparagraph (A), the claim may be pursued in the Federal district court or State court located within any State in which the defendant may be found.

(C) DETERMINATION OF MOST APPROPRIATE FORUM.—If a person alleges that the asbestos exposure occurred in more than 1 county (or Federal district), the trial court shall determine which State and county (or Federal district) is the most appropriate forum for the claim. If the court determines that another forum would be the most appropriate forum for a claim, the court shall dismiss the claim. Any otherwise applicable statute of limitations shall be tolled beginning on the date the claim was filed and ending on the date the claim is dismissed under this subparagraph.

(D) STATE VENUE REQUIREMENTS.—Nothing in this paragraph shall preempt or supersede any State's law relating to venue requirements within that State which are more restrictive.

(E) CREDIT OF CLAIM AND EFFECT OF OPERATIONAL OR NONOPERATIONAL FUND.—

(i) CREDIT OF CLAIM.—If an asbestos claim is pursued in Federal or State court in accordance with this paragraph, any recovery by the claimant shall be a collateral source compensation for purposes of section 134.

(ii) OPERATIONAL FUND.—If the Administrator subsequently certifies to Congress that the Fund has become operational and paying all valid asbestos claims at a reasonable rate, any claim in a civil action in Federal or State court that is not actually on trial before a jury which has been impaneled and presentation of evidence has commenced, but before its deliberation, or before a judge and is at the presentation of evidence, may, at the option of the claimant, be deemed a reinstated claim against the Fund and the civil action before the Federal or State court shall be null and void.

(iii) NONOPERATIONAL FUND.—Notwithstanding any other provision of this Act, if the Administrator subsequently certifies to Congress that the Fund cannot become operational and paying all valid asbestos claims at a reasonable rate, all asbestos claims that have a stay may be filed or reinstated.

SEC. 107. AUTHORITY OF THE ADMINISTRATOR.

The Administrator, on any matter within the jurisdiction of the Administrator under this Act, may—

(1) issue subpoenas for and compel the attendance of witnesses within a radius of 200 miles;

(2) administer oaths;

(3) examine witnesses;

(4) require the production of books, papers, documents, and other evidence; and

(5) request assistance from other Federal agencies with the performance of the duties of the Administrator under this Act.

Subtitle B—Asbestos Disease Compensation Procedures

SEC. 111. ESSENTIAL ELEMENTS OF ELIGIBLE CLAIM.

To be eligible for an award under this Act for an asbestos-related disease or injury, an individual shall—

(1) file a claim in a timely manner in accordance with section 113; and

(2) prove, by a preponderance of the evidence, that the claimant suffers from an eligible disease or condition, as demonstrated by evidence that meets the requirements established under subtitle C.

SEC. 112. GENERAL RULE CONCERNING NO-FAULT COMPENSATION.

An asbestos claimant shall not be required to demonstrate that the asbestos-related injury for which the claim is being made resulted from the negligence or other fault of any other person.

SEC. 113. FILING OF CLAIMS.

(a) WHO MAY SUBMIT.—

(1) IN GENERAL.—Any individual who has suffered from a disease or condition that is believed to meet the requirements established under subtitle C (or the personal representative of the individual, if the individual is deceased or incompetent) may file a claim with the Office for an award with respect to such injury.

(2) DEFINITION.—In this Act, the term ''personal representative'' shall have the same meaning as that term is defined in section 104.4 of title 28 of the Code of Federal Regulations, as in effect on December 31, 2004.

(3) LIMITATION.—A claim may not be filed by any person seeking contribution or indemnity.

(b) STATUTE OF LIMITATIONS.—

(1) IN GENERAL.—Except as otherwise provided in this subsection, if an individual fails to file a claim with the Office under this section within 5 years after the date on which the individual first—

(A) received a medical diagnosis of an eligible disease or condition as provided for under this subtitle and subtitle C; or

(B) discovered facts that would have led a reasonable person to obtain a medical diagnosis with respect to an eligible disease or condition,

any claim relating to that injury, and any other asbestos claim related to that injury, shall be extinguished, and any recovery thereon shall be prohibited.

(2) EXCEPTION.—The statute of limitations in paragraph (1) does not apply to the progression of nonmalignant diseases once the initial claim has been filed.

(3) EFFECT ON PENDING CLAIMS.—

(A) IN GENERAL.—If, on the date of enactment of this Act, an asbestos claimant has any timely filed asbestos claim that is preempted under section 403(e), such claimant shall file a claim under this section within 5 years after such date of enactment, or any claim relating to that injury, and any other asbestos claim related to that injury shall be extinguished, and recovery there shall be prohibited.

(B) SPECIAL RULE.—For purposes of this paragraph, a claim shall not be treated as pending with a trust established under title 11, United States Code, solely because a claimant whose claim was previously compensated by the trust has or alleges—

(i) a non-contingent right to the payment of future installments of a fixed award; or

(ii) a contingent right to recover some additional amount from the trust on the occurrence of a future event, such as the reevaluation of the trust's funding adequacy or projected claims experience.

(4) EFFECT OF MULTIPLE INJURIES.—

(A) IN GENERAL.—An asbestos claimant who receives an award under this title for an eligible disease or condition, and who subsequently develops another such injury, shall be eligible for additional awards under this title (subject to appropriate setoffs for such prior recovery of any award under this title and from any other collateral source) and the statute of limitations under paragraph (1) shall not begin to run with respect to such subsequent injury until such claimant obtains a medical diagnosis of such other injury or discovers facts that would have led a reasonable person to obtain such a diagnosis.

(B) SETOFFS.—Except as provided in subparagraph (C), any amounts paid or to be paid for a prior award under this Act shall be deducted as a setoff against amounts payable for the second injury claim.

(C) EXCEPTION.—Any amounts paid or to be paid for a prior claim for a nonmalignant disease (Levels I through V) filed against the Fund shall not be deducted as a setoff against amounts payable for the second injury claim for a malignant disease (Levels VI through IX), unless the malignancy was diagnosed, or the asbestos claimant had discovered facts that would have led a reasonable person to obtain such a diagnosis, before the date on which the nonmalignancy claim was compensated.

(c) REQUIRED INFORMATION.—A claim filed under subsection (a) shall be in such form, and contain such information in such detail, as the Administrator shall by regulation prescribe. At a minimum, a claim shall include—

(1) the name, social security number, gender, date of birth, and, if applicable, date of death of the claimant;

(2) information relating to the identity of dependents and beneficiaries of the claimant;

(3) an employment history sufficient to establish required asbestos exposure, accompanied by social security or other payment records or a signed release permitting access to such records;

(4) a description of the asbestos exposure of the claimant, including, to the extent known, information on the site, or location of exposure, and duration and intensity of exposure;

(5) a description of the tobacco product use history of the claimant, including frequency and duration;

(6) an identification and description of the asbestos-related diseases or conditions of the claimant, accompanied by a written report by the claimant's physician with medical diagnoses and x-ray films, and other test results necessary to establish eligibility for an award under this Act;

(7) a description of any prior or pending civil action or other claim brought by the claimant for asbestos-related injury or any other pulmonary, parenchymal, or pleural injury, including an identification of any recovery of compensation or damages through settlement, judgment, or otherwise; and

(8) for any claimant who asserts that he or she is a nonsmoker or an ex-smoker, as defined in section 131, for purposes of an award under Malignant Level VI, Malignant Level VII, or Malignant Level VIII, evidence to support the assertion of nonsmoking or exsmoking, including relevant medical records.

(d) DATE OF FILING.—A claim shall be considered to be filed on the date that the claimant mails the claim to the Office, as determined by postmark, or on the date that the claim is received by the Office, whichever is the earliest determinable date.

(e) INCOMPLETE CLAIMS.—If a claim filed under subsection (a) is incomplete, the Administrator shall notify the claimant of the information necessary to complete the claim and inform the claimant of such services as may be available through the Claimant Assistance Program established under section 104 to assist the claimant in completing the claim. Any time periods for the processing of the claim shall be suspended until such time as the claimant submits the information necessary to complete the claim. If such information is not received within 1 year after the date of such notification, the claim shall be dismissed.

SEC. 114. ELIGIBILITY DETERMINATIONS AND CLAIM AWARDS.

(a) IN GENERAL.—

(1) REVIEW OF CLAIMS.—The Administrator shall, in accordance with this section, determine whether each claim filed under the Fund or claims facility satisfies the requirements for eligibility for an award under this Act and, if so, the value of the award. In making such determinations, the Administrator shall consider the claim presented by the claimant, the factual and medical evidence submitted by the claimant in support of the claim, the medical determinations of any Physicians Panel to which a claim is referred under section 121, and the results of such investigation as the Administrator may deem necessary to determine whether the claim satisfies the criteria for eligibility established by this Act.

(2) ADDITIONAL EVIDENCE.—The Administrator may request the submission of medical evidence in addition to the minimum requirements of section 113(c) if necessary or appropriate to make a determination of eligibility for an award, in which case the cost of obtaining such additional information or testing shall be borne by the Office.

(b) PROPOSED DECISIONS.—Not later than 90 days after the filing of a claim, the Administrator shall provide to the claimant (and the claimant's representative) a proposed decision accepting or rejecting the claim in whole or in part and specifying the amount of the proposed award, if any. The proposed decision shall be in writing, shall contain findings of fact and conclusions of law, and shall contain an explanation of the procedure for obtaining review of the proposed decision.

(c) PAYMENTS IF NO TIMELY PROPOSED DECISION.—If the Administrator has received a complete claim and has not provided a proposed decision to the claimant under subsection (b) within 180 days after the filing of the claim, the claim shall be deemed accepted and the claimant shall be entitled to payment under section 133(a)(2). If the Administrator subsequently rejects the claim the claimant shall receive no further payments under section 133. If the Administrator subsequently rejects the claim in part, the Administrator shall adjust future payments due the claimant under section 133 accordingly. In no event may the Administrator recover amounts properly paid under this section from a claimant.

(d) REVIEW OF PROPOSED DECISIONS.—

(1) RIGHT TO HEARING.—

(A) IN GENERAL.—Any claimant not satisfied with a proposed decision of the Administrator under subsection (b) shall be entitled, on written request made within 90 days after the date of the issuance of the decision, to a hearing on the claim of that claimant before a representative of the Administrator. At the hearing, the claimant shall be entitled to present oral evidence and written testimony in further support of that claim.

(B) CONDUCT OF HEARING.—When practicable, the hearing will be set at a time and place convenient for the claimant. In conducting the hearing, the representative of the Administrator shall not be bound by common law or statutory rules of evidence, by technical or formal rules of procedure, or by section 554 of title 5, United States Code, except as provided by this Act, but shall conduct the hearing in such manner as to best ascertain the rights of the claimant. For this purpose, the representative shall receive such relevant evidence as the claimant adduces and such other evidence as the representative determines necessary or useful in evaluating the claim.

(C) REQUEST FOR SUBPOENAS.—

(i) IN GENERAL.—A claimant may request a subpoena but the decision to grant or deny such a request is within the discretion of the representative of the Administrator. The representative may issue subpoenas for the attendance and testimony of witnesses, and for the production of books, records, correspondence, papers, or other relevant documents. Subpoenas are issued for documents only if such documents are relevant and cannot be obtained by other means, and for witnesses only where oral testimony is the best way to ascertain the facts.

(ii) REQUEST.—A claimant may request a subpoena only as part of the hearing process. To request a subpoena, the requester shall—

(I) submit the request in writing and send it to the representative as early as possible, but no later than 30 days after the date of the original hearing request; and

(II) explain why the testimony or evidence is directly relevant to the issues at hand, and a subpoena is the best method or opportunity to obtain such evidence because there are no other means by which the documents or testimony could have been obtained.

(iii) FEES AND MILEAGE.—Any person required by such subpoena to attend as a witness shall be allowed and paid the same fees and mileage as are paid witnesses in the district courts of the United States. Such fees and mileage shall be paid from the Fund.

(2) REVIEW OF WRITTEN RECORD.—In lieu of a hearing under paragraph (1), any claimant not satisfied with a proposed decision of the Administrator shall have the option, on written request made within 90 days after the date of the issuance of the decision, of obtaining a review of the written record by a representative of the Administrator. If such review is requested, the claimant shall be afforded an opportunity to submit any written evidence or argument which the claimant believes relevant.

(e) FINAL DECISIONS.—

(1) IN GENERAL.—If the period of time for requesting review of the proposed decision expires and no request has been filed, or if the claimant waives any objections to the proposed decision, the Administrator shall issue a final decision. If such decision materially differs from the proposed decision, the claimant shall be entitled to review of the decision under subsection (d).

(2) TIME AND CONTENT.—If the claimant requests review of all or part of the proposed

decision the Administrator shall issue a final decision on the claim not later than 180 days after the request for review is received, if the claimant requests a hearing, or not later than 90 days after the request for review is received, if the claimant requests review of the written record. Such decision shall be in writing and contain findings of fact and conclusions of law.

(f) REPRESENTATION.—A claimant may authorize an attorney or other individual to represent him or her in any proceeding under this Act.

SEC. 115. MEDICAL EVIDENCE AUDITING PROCEDURES.

(a) IN GENERAL.—

(1) DEVELOPMENT.—The Administrator shall develop methods for auditing and evaluating the medical evidence submitted as part of a claim. The Administrator may develop additional methods for auditing and evaluating other types of evidence or information received by the Administrator.

(2) REFUSAL TO CONSIDER CERTAIN EVIDENCE.—

(A) IN GENERAL.—If the Administrator determines that an audit conducted in accordance with the methods developed under paragraph (1) demonstrates that the medical evidence submitted by a specific physician or medical facility is not consistent with prevailing medical practices or the applicable requirements of this Act, any medical evidence from such physician or facility shall be unacceptable for purposes of establishing eligibility for an award under this Act.

(B) NOTIFICATION.—Upon a determination by the Administrator under subparagraph (A), the Administrator shall notify the physician or medical facility involved of the results of the audit. Such physician or facility shall have a right to appeal such determination under procedures issued by the Administrator.

(b) REVIEW OF CERTIFIED B-READERS.—

(1) IN GENERAL.—At a minimum, the Administrator shall prescribe procedures to randomly assign claims for evaluation by an independent certified B-reader of x-rays submitted in support of a claim, the cost of which shall be borne by the Office.

(2) DISAGREEMENT.—If an independent certified B-reader assigned under paragraph (1) disagrees with the quality grading or ILO level assigned to an x-ray submitted in support of a claim, the Administrator shall require a review of such x-rays by a second independent certified B-reader.

(3) EFFECT ON CLAIM.—If neither certified B-reader under paragraph (2) agrees with the quality grading and the ILO grade level assigned to an x-ray as part of the claim, the Administrator shall take into account the findings of the 2 independent B readers in making the determination on such claim.

(4) CERTIFIED B-READERS.—The Administrator shall maintain a list of a minimum of 50 certified B-readers eligible to participate in the independent reviews, chosen from all certified B-readers. When an x-ray is sent for independent review, the Administrator shall choose the certified B-reader at random from that list.

(c) SMOKING ASSESSMENT.—

(1) IN GENERAL.—

(A) RECORDS AND DOCUMENTS.—To aid in the assessment of the accuracy of claimant representations as to their smoking status for purposes of determining eligibility and amount of award under Malignant Level VI, Malignant Level VII, or Malignant Level VIII, and exceptional medical claims, the Administrator shall have the authority to obtain relevant records and documents, including—

(i) records of past medical treatment and evaluation;

(ii) affidavits of appropriate individuals;

(iii) applications for insurance and supporting materials; and

(iv) employer records of medical examinations.

(B) CONSENT.—The claimant shall provide consent for the Administrator to obtain such records and documents where required.

(2) REVIEW.—The frequency of review of records and documents submitted under paragraph (1)(A) shall be at the discretion of the Administrator, but shall address at least 5 percent of the claimants asserting status as nonsmokers or ex-smokers.

(3) CONSENT.—The Administrator may require the performance of blood tests or any other appropriate medical test, such as serum cotinine screening, where claimants assert they are nonsmokers or ex-smokers for purposes of an award under Malignant Level VI, Malignant Level VII, or Malignant Level VIII, or as an exceptional medical claim, the cost of which shall be borne by the Office.

(4) PENALTY FOR FALSE STATEMENTS.—Any false information submitted under this subsection shall be subject to criminal prosecution or civil penalties as provided under section 1348 of title 18, United States Code (as added by this Act) and section 101(c)(2).

Subtitle C—Medical Criteria

SEC. 121. MEDICAL CRITERIA REQUIREMENTS.

(a) DEFINITIONS.—In this section, the following definitions shall apply:

(1) ASBESTOSIS DETERMINED BY PATHOLOGY.—The term ''asbestosis determined by pathology'' means indications of asbestosis based on the pathological grading system for asbestosis described in the Special Issues of the Archives of Pathology and Laboratory Medicine, ''Asbestos-associated Diseases'', Vol. 106, No. 11, App. 3 (October 8, 1982).

(2) BILATERAL ASBESTOS-RELATED NONMALIGNANT DISEASE.—The term ''bilateral asbestos-related nonmalignant disease'' means a diagnosis of bilateral asbestos-related nonmalignant disease based on—

(A) an x-ray reading of 1/0 or higher based on the ILO grade scale;

(B) bilateral pleural plaques;

(C) bilateral pleural thickening; or

(D) bilateral pleural calcification.

(3) BILATERAL PLEURAL DISEASE OF B2.—The term ''bilateral pleural disease of B2'' means a chest wall pleural thickening or plaque with a maximum width of at least 5 millimeters and a total length of at least ¼ of the projection of the lateral chest wall.

(4) CERTIFIED B-READER.—The term ''certified B-reader'' means an individual who is certified by the National Institute of Occupational Safety and Health and whose certification by the National Institute of Occupational Safety and Health is up to date.

(5) DIFFUSE PLEURAL THICKENING.—The term ''diffuse pleural thickening'' means blunting of either costophrenic angle and bilateral pleural plaque or bilateral pleural thickening.

(6) DLCO.—The term ''DLCO'' means the single-breath diffusing capacity of the lung (carbon monoxide) technique used to measure the volume of carbon monoxide transferred from the alveoli to blood in the pulmonary capillaries for each unit of driving pressure of the carbon monoxide.

(7) FEV1.—The term ''FEV1'' means forced expiratory volume (1 second), which is the maximal volume of air expelled in 1 second during performance of the spirometric test for forced vital capacity.

(8) FVC.—The term ''FVC'' means forced vital capacity, which is the maximal volume of air expired with a maximally forced effort from a position of maximal inspiration.

(9) ILO GRADE.—The term ''ILO grade'' means the radiological ratings for the presence of lung changes as determined from a chest x-ray, all as established from time to time by the International Labor Organization.

(10) LOWER LIMITS OF NORMAL.—The term ''lower limits of normal'' means the fifth percentile of healthy populations as defined in the American Thoracic Society statement on lung function testing (Amer. Rev. Resp. Disease 1991, 144:1202–1218) and any future revision of the same statement.

(11) NONSMOKER.—The term ''nonsmoker'' means a claimant who—

(A) never smoked; or

(B) has smoked fewer than 100 cigarettes or the equivalent amount of other tobacco products during the claimant's lifetime.

(12) PO2.—The term ''PO_2'' means the partial pressure (tension) of oxygen, which measures the amount of dissolved oxygen in the blood.

(13) PULMONARY FUNCTION TESTING.—The term ''pulmonary function testing'' means spirometry testing that is in material compliance with the quality criteria established by the American Thoracic Society and is performed on equipment which is in material compliance with the standards of the American Thoracic Society for technical quality and calibration.

(14) SUBSTANTIAL OCCUPATIONAL EXPOSURE TO ASBESTOS.—

(A) IN GENERAL.—The term ''substantial occupational exposure'' means employment in an industry and an occupation where for a substantial portion of a normal work year for that occupation, the claimant—

(i) handled raw asbestos fibers;

(ii) fabricated asbestos-containing products so that the claimant in the fabrication process was exposed to raw asbestos fibers;

(iii) altered, repaired, or otherwise worked with an asbestos-containing product such that the claimant was exposed on a regular basis to asbestos fibers; or

(iv) worked in close proximity to other workers engaged in the activities described under clause (i), (ii), or (iii), such that the claimant was exposed on a regular basis to asbestos fibers.

(B) REGULAR BASIS.—In this paragraph, the term ''on a regular basis'' means on a frequent or recurring basis.

(15) TLC.—The term ''TLC'' means total lung capacity, which is the total volume of air in the lung after maximal inspiration.

(16) WEIGHTED OCCUPATIONAL EXPOSURE.—

(A) IN GENERAL.—The term ''weighted occupational exposure'' means exposure for a period of years calculated according to the exposure weighting formula under subparagraphs (B) through (E).

(B) MODERATE EXPOSURE.—Subject to subparagraph (E), each year that a claimant's primary occupation, during a substantial portion of a normal work year for that occupation, involved working in areas immediate to where asbestos-containing products were being installed, repaired, or removed under circumstances that involved regular airborne emissions of asbestos fibers, shall count as 1 year of substantial occupational exposure.

(C) HEAVY EXPOSURE.—Subject to subparagraph (E), each year that a claimant's primary occupation, during a substantial portion of a normal work year for that occupation, involved the direct installation, repair,

or removal of asbestos-containing products such that the person was exposed on a regular basis to asbestos fibers, shall count as 2 years of substantial occupational exposure.

(D) VERY HEAVY EXPOSURE.—Subject to subparagraph (E), each year that a claimant's primary occupation, during a substantial portion of a normal work year for that occupation, was in primary asbestos manufacturing, a World War II shipyard, or the asbestos insulation trades, such that the person was exposed on a regular basis to asbestos fibers, shall count as 4 years of substantial occupational exposure.

(E) DATES OF EXPOSURE.—Each year of exposure calculated under subparagraphs (B), (C), and (D) that occurred before 1976 shall be counted at its full value. Each year from 1976 to 1986 shall be counted as ½ of its value. Each year after 1986 shall be counted as 1/10 of its value.

(F) OTHER CLAIMS.—Individuals who do not meet the provisions of subparagraphs (A) through (E) and believe their post-1976 or post-1986 exposures exceeded the Occupational Safety and Health Administration standard may submit evidence, documentation, work history, or other information to substantiate noncompliance with the Occupational Safety and Health Administration standard (such as lack of engineering or work practice controls, or protective equipment) such that exposures would be equivalent to exposures before 1976 or 1986, or to documented exposures in similar jobs or occupations where control measures had not been implemented. Claims under this subparagraph shall be evaluated on an individual basis by a Physicians Panel.

(b) MEDICAL EVIDENCE.—

(1) LATENCY.—Unless otherwise specified, all diagnoses of an asbestos-related disease for a level under this section shall be accompanied by—

(A) a statement by the physician providing the diagnosis that at least 10 years have elapsed between the date of first exposure to asbestos or asbestos-containing products and the diagnosis; or

(B) a history of the claimant's exposure that is sufficient to establish a 10-year latency period between the date of first exposure to asbestos or asbestos-containing products and the diagnosis.

(2) DIAGNOSTIC GUIDELINES.—All diagnoses of asbestos-related diseases shall be based upon—

(A) for disease Levels I through V, in the case of a claimant who was living at the time the claim was filed—

(i) a physical examination of the claimant by the physician providing the diagnosis;

(ii) an evaluation of smoking history and exposure history before making a diagnosis;

(iii) an x-ray reading by a certified B-reader; and

(iv) pulmonary function testing in the case of disease Levels III, IV, and V;

(B) for disease Levels I through V, in the case of a claimant who was deceased at the time the claim was filed, a report from a physician based upon a review of the claimant's medical records which shall include—

(i) pathological evidence of the nonmalignant asbestos-related disease; or

(ii) an x-ray reading by a certified B-reader;

(C) for disease Levels VI through IX, in the case of a claimant who was living at the time the claim was filed—

(i) a physical examination by the claimant's physician providing the diagnosis; or

(ii) a diagnosis of such a malignant asbestos-related disease, as described in this section, by a board-certified pathologist; and

(D) for disease Levels VI through IX, in the case of a claimant who was deceased at the time the claim was filed—

(i) a diagnosis of such a malignant asbestos-related disease, as described in this section, by a board-certified pathologist; and

(ii) a report from a physician based upon a review of the claimant's medical records.

(3) CREDIBILITY OF MEDICAL EVIDENCE.—To ensure the medical evidence provided in support of a claim is credible and consistent with recognized medical standards, a claimant under this title may be required to submit—

(A) x-rays or computerized tomography;

(B) detailed results of pulmonary function tests;

(C) laboratory tests;

(D) tissue samples;

(E) results of medical examinations;

(F) reviews of other medical evidence; and

(G) medical evidence that complies with recognized medical standards regarding equipment, testing methods, and procedure to ensure the reliability of such evidence as may be submitted.

(c) EXPOSURE EVIDENCE.—

(1) IN GENERAL.—To qualify for any disease level, the claimant shall demonstrate—

(A) a minimum exposure to asbestos or asbestos-containing products;

(B) the exposure occurred in the United States, its territories or possessions, or while a United States citizen, while an employee of an entity organized under any Federal or State law regardless of location, or while a United States citizen while serving on any United States flagged or owned ship, provided the exposure results from such employment or service; and

(C) any additional asbestos exposure requirement under this section.

(2) PROOF OF EXPOSURE.—

(A) AFFIDAVITS.—Exposure to asbestos sufficient to satisfy the exposure requirements for any disease level may be established by an affidavit of—

(i) the claimant; or

(ii) if the claimant is deceased, a co-worker or a family member, if the affidavit of the claimant, co-worker or family member is found in proceedings under this title to be reasonably reliable, attesting to the claimant's exposure; and is credible and is not contradicted by other evidence.

(B) OTHER PROOF.—Exposure to asbestos may alternatively be established by invoices, construction or other similar records, or any other reasonably reliable evidence.

(3) TAKE-HOME EXPOSURE.—

(A) IN GENERAL.—A claimant may alternatively satisfy the medical criteria requirements of this section where a claim is filed by a person who alleges their exposure to asbestos was the result of living with a person who, if the claim had been filed by that person, would have met the exposure criteria for the given disease level, and the claimant lived with such person for the time period necessary to satisfy the exposure requirement, for the claimed disease level.

(B) REVIEW.—Except for claims for disease Level IX (mesothelioma), all claims alleging take-home exposure shall be submitted as an exceptional medical claim under section 121(f) for review by a Physicians Panel.

(4) WAIVER FOR WORKERS AND RESIDENTS OF LIBBY, MONTANA.—Because of the unique nature of the asbestos exposure related to the vermiculite mining and milling operations in Libby, Montana, the Administrator shall waive the exposure requirements under this subtitle for individuals who worked at the vermiculite mining and milling facility in Libby, Montana, or lived or worked within a 20-mile radius of Libby, Montana, for at least 12 consecutive months before December 31, 2004. Claimants under this section shall provide such supporting documentation as the Administrator shall require.

(5) EXPOSURE PRESUMPTIONS.—

(A) IN GENERAL.—The Administrator shall prescribe rules identifying specific industries, occupations within such industries, and time periods in which workers employed in those industries or occupations typically had substantial occupational exposure to asbestos as defined under section 121(a). Until 5 years after the Administrator certifies that the Fund is paying claims at a reasonable rate, the industries, occupations and time periods identified by the Administrator shall at a minimum include those identified in the 2002 Trust Distribution Process of the Manville Personal Injury Settlement Trust as of January 1, 2005, as industries, occupations and time periods in which workers were presumed to have had significant occupational exposure to asbestos. Thereafter, the Administrator may by rule modify or eliminate those exposure presumptions required to be adopted from the Manville Personal Injury Settlement Trust, if there is evidence that demonstrates that the typical exposure for workers in such industries and occupations during such time periods did not constitute substantial occupational exposure in asbestos.

(B) CLAIMANTS ENTITLED TO PRESUMPTIONS.—Any claimant who demonstrates through meaningful and credible evidence that such claimant was employed during relevant time periods in industries or occupations identified under subparagraph (A) shall be entitled to a presumption that the claimant had substantial occupational exposure to asbestos during those time periods. That presumption shall not be conclusive, and the Administrator may find that the claimant does not have substantial occupational exposure if other information demonstrates that the claimant did not in fact have substantial occupational exposure during any part of the relevant time periods.

(6) PENALTY FOR FALSE STATEMENT.—Any false information submitted under this subsection shall be subject to section 1348 of title 18, United States Code (as added by this Act).

(d) ASBESTOS DISEASE LEVELS.—

(1) NONMALIGNANT LEVEL I.—To receive Level I compensation, a claimant shall provide—

(A) a diagnosis of bilateral asbestos-related nonmalignant disease; and

(B) evidence of 5 years cumulative occupational exposure to asbestos.

(2) NONMALIGNANT LEVEL II.—To receive Level II compensation, a claimant shall provide—

(A) a diagnosis of bilateral asbestos-related nonmalignant disease with ILO grade of 1/1 or greater, and showing small irregular opacities of shape or size, either ss, st, or tt, and present in both lower lung zones, or asbestosis determined by pathology, or blunting of either costophrenic angle and bilateral pleural plaque or bilateral pleural thickening of at least grade B2 or greater, or bilateral pleural disease of grade B2 or greater;

(B) evidence of TLC less than 80 percent or FVC less than the lower limits of normal, and FEV1/FVC ratio less than 65 percent;

(C) evidence of 5 or more weighted years of substantial occupational exposure to asbestos; and

(D) supporting medical documentation establishing asbestos exposure as a substantial

contributing factor in causing the pulmonary condition in question.

(3) NONMALIGNANT LEVEL III.—To receive Level III compensation a claimant shall provide—

(A) a diagnosis of bilateral asbestos-related nonmalignant disease with ILO grade of 1/0 or greater and showing small irregular opacities of shape or size, either ss, st, or tt, and present in both lower lung zones, or asbestosis determined by pathology, or diffuse pleural thickening, or bilateral pleural disease of B2 or greater;

(B) evidence of TLC less than 80 percent, FVC less than the lower limits of normal and FEV1/FVC ratio greater than or equal to 65 percent, or evidence of a decline in FVC of 20 percent or greater, after allowing for the expected decrease due to aging, and an FEV1/FVC ratio greater than or equal to 65 percent documented with a second spirometry;

(C) evidence of 5 or more weighted years of substantial occupational exposure to asbestos; and

(D) supporting medical documentation—

(i) establishing asbestos exposure as a substantial contributing factor in causing the pulmonary condition in question; and

(ii) excluding other more likely causes of that pulmonary condition.

(4) NONMALIGNANT LEVEL IV.—To receive Level IV compensation a claimant shall provide—

(A) diagnosis of bilateral asbestos-related nonmalignant disease with ILO grade of 1/1 or greater and showing small irregular opacities of shape or size, either ss, st, or tt, and present in both lower lung zones, or asbestosis determined by pathology, or diffuse pleural thickening, or bilateral pleural disease of B2 or greater;

(B) evidence of TLC less than 60 percent or FVC less than 60 percent, and FEV1/FVC ratio greater than or equal to 65 percent;

(C) evidence of 5 or more weighted years of substantial occupational exposure to asbestos before diagnosis; and

(D) supporting medical documentation—

(i) establishing asbestos exposure as a substantial contributing factor in causing the pulmonary condition in question; and

(ii) excluding other more likely causes of that pulmonary condition.

(5) NONMALIGNANT LEVEL V.—To receive Level V compensation a claimant shall provide—

(A) diagnosis of bilateral asbestos-related nonmalignant disease with ILO grade of 1/1 or greater and showing small irregular opacities of shape or size, either ss, st, or tt, and present in both lower lung zones, or asbestosis determined by pathology, or diffuse pleural thickening, or bilateral pleural disease of B2 or greater;

(B)(i) evidence of TLC less than 50 percent or FVC less than 50 percent, and FEV1/FVC ratio greater than or equal to 65 percent;

(ii) DLCO less than 40 percent of predicted, plus a FEV1/FVC ratio not less than 65 percent; or

(iii) PO_2 less than 55 mm/Hg, plus a FEV1/FVC ratio not less than 65 percent;

(C) evidence of 5 or more weighted years of substantial occupational exposure to asbestos; and

(D) supporting medical documentation—

(i) establishing asbestos exposure as a substantial contributing factor in causing the pulmonary condition in question; and

(ii) excluding other more likely causes of that pulmonary condition.

(6) MALIGNANT LEVEL VI.—

(A) IN GENERAL.—To receive Level VI compensation a claimant shall provide—

(i) a diagnosis of a primary colorectal, laryngeal, esophageal, pharyngeal, or stomach cancer on the basis of findings by a board certified pathologist;

(ii) evidence of a bilateral asbestos-related nonmalignant disease;

(iii) evidence of 15 or more weighted years of substantial occupational exposure to asbestos; and

(iv) supporting medical documentation establishing asbestos exposure as a substantial contributing factor in causing the cancer in question.

(B) REFERRAL TO PHYSICIANS PANEL.—All claims filed with respect to Level VI under this paragraph shall be referred to a Physicians Panel for a determination that it is more probable than not that asbestos exposure was a substantial contributing factor in causing the other cancer in question. If the claimant meets the requirements of subparagraph (A), there shall be a presumption of eligibility for the scheduled value of compensation unless there is evidence determined by the Physicians Panel that rebuts that presumption. In making its determination under this subparagraph, the Physicians Panel shall consider the intensity and duration of exposure, smoking history, and the quality of evidence relating to exposure and smoking. Claimants shall bear the burden of producing meaningful and credible evidence of their smoking history as part of their claim submission.

(7) MALIGNANT LEVEL VII.—

(A) IN GENERAL.—To receive Level VII compensation, a claimant shall provide—

(i) a diagnosis of a primary lung cancer disease on the basis of findings by a board certified pathologist;

(ii) evidence of bilateral pleural plaques or bilateral pleural thickening or bilateral pleural calcification;

(iii) evidence of 12 or more weighted years of substantial occupational exposure to asbestos; and

(iv) supporting medical documentation establishing asbestos exposure as a substantial contributing factor in causing the lung cancer in question.

(B) PHYSICIANS PANEL.—A claimant filing a claim relating to Level VII under this paragraph may request that the claim be referred to a Physicians Panel for a determination of whether the claimant qualifies for the disease category and relevant smoking status. In making its determination under this subparagraph, the Physicians Panel shall consider the intensity and duration of exposure, smoking history, and the quality of evidence relating to exposure and smoking. Claimants shall bear the burden of producing meaningful and credible evidence of their smoking history as part of their claim submission.

(8) MALIGNANT LEVEL VIII.—

(A) IN GENERAL.—To receive Level VIII compensation, a claimant shall provide a diagnosis of—

(i) a primary lung cancer disease on the basis of findings by a board certified pathologist;

(ii)(I)(aa) asbestosis based on a chest x-ray of at least 1/0 on the ILO scale and showing small irregular opacities of shape or size, either ss, st, or tt, and present in both lower lung zones; and

(bb) 10 or more weighted years of substantial occupational exposure to asbestos;

(II)(aa) asbestosis based on a chest x-ray of at least 1/1 on the ILO scale and showing small irregular opacities of shape or size, either ss, st, or tt, and present in both lower lung zones; and

(bb) 8 or more weighted years of substantial occupational exposure to asbestos;

(III) asbestosis determined by pathology and 10 or more weighted years of substantial occupational exposure to asbestos; or

(IV) asbestosis as determined by CT Scan, the cost of which shall not be borne by the Fund. The CT Scan must be interpreted by a board certified radiologist and confirmed by a board certified radiologist; and

(iii) supporting medical documentation establishing asbestos exposure as a substantial contributing factor in causing the lung cancer in question; and 10 or more weighted years of substantial occupational exposure to asbestos.

(B) PHYSICIANS PANEL.—A claimant filing a claim with respect to Level VIII under this paragraph may request that the claim be referred to a Physicians Panel for a determination of whether the claimant qualifies for the disease category and relevant smoking status. In making its determination under this subparagraph, the Physicians Panel shall consider the intensity and duration of exposure, smoking history, and the quality of evidence relating to exposure and smoking. Claimants shall bear the burden of producing meaningful and credible evidence of their smoking history as part of their claim submission.

(9) MALIGNANT LEVEL IX.—To receive Level IX compensation, a claimant shall provide—

(A) a diagnosis of malignant mesothelioma disease on the basis of findings by a board certified pathologist; and

(B) credible evidence of identifiable exposure to asbestos resulting from—

(i) occupational exposure to asbestos;

(ii) exposure to asbestos fibers brought into the home of the claimant by a worker occupationally exposed to asbestos;

(iii) exposure to asbestos fibers resulting from living or working in the proximate vicinity of a factory, shipyard, building demolition site, or other operation that regularly released asbestos fibers into the air due to operations involving asbestos at that site; or

(iv) other identifiable exposure to asbestos fibers, in which case the claim shall be reviewed by a Physicians Panel under section 121(f) for a determination of eligibility.

(e) INSTITUTE OF MEDICINE STUDY.—Not later than April 1, 2006, the Institute of Medicine of the National Academy of Sciences shall complete a study contracted with the National Institutes of Health of the causal link between asbestos exposure and other cancers, including colorectal, laryngeal, esophageal, pharyngeal, and stomach cancers, except for mesothelioma and lung cancers. The Institute of Medicine shall issue a report on its findings on causation, which shall be transmitted to Congress, the Administrator, the Advisory Committee on Asbestos Disease Compensation or the Medical Advisory Committee, and the Physicians Panels. The Institute of Medicine report shall be binding on the Administrator and the Physicians Panels for purposes of determining whether asbestos exposure is a substantial contributing factor under section 121(d)(6)(B).

(f) EXCEPTIONAL MEDICAL CLAIMS.—

(1) IN GENERAL.—A claimant who does not meet the medical criteria requirements under this section may apply for designation of the claim as an exceptional medical claim.

(2) APPLICATION.—When submitting an application for review of an exceptional medical claim, the claimant shall—

(A) state that the claim does not meet the medical criteria requirements under this section; or

(B) seek designation as an exceptional medical claim within 60 days after a determination that the claim is ineligible solely

for failure to meet the medical criteria requirements under subsection (d).

(3) REPORT OF PHYSICIAN.—

(A) IN GENERAL.—Any claimant applying for designation of a claim as an exceptional medical claim shall support an application filed under paragraph (1) with a report from a physician meeting the requirements of this section.

(B) CONTENTS.—A report filed under subparagraph (A) shall include—

(i) a complete review of the claimant's medical history and current condition;

(ii) such additional material by way of analysis and documentation as shall be prescribed by rule of the Administrator; and

(iii) a detailed explanation as to why the claim meets the requirements of paragraph (4)(B).

(4) REVIEW.—

(A) IN GENERAL.—The Administrator shall refer all applications and supporting documentation submitted under paragraph (2) to a Physicians Panel for review for eligibility as an exceptional medical claim.

(B) STANDARD.—A claim shall be designated as an exceptional medical claim if the claimant, for reasons beyond the control of the claimant, cannot satisfy the requirements under this section, but is able, through comparably reliable evidence that meets the standards under this section, to show that the claimant has an asbestos-related condition that is substantially comparable to that of a medical condition that would satisfy the requirements of a category under this section.

(C) ADDITIONAL INFORMATION.—A Physicians Panel may request additional reasonable testing to support the claimant's application.

(D) CT SCAN.—A claimant may submit a CT Scan in addition to an x-ray.

(5) APPROVAL.—

(A) IN GENERAL.—If the Physicians Panel determines that the medical evidence is sufficient to show a comparable asbestos-related condition, it shall issue a certificate of medical eligibility designating the category of asbestos-related injury under this section for which the claimant shall be eligible to seek compensation.

(B) REFERRAL.—Upon the issuance of a certificate under subparagraph (A), the Physicians Panel shall submit the claim to the Administrator, who shall give due consideration to the recommendation of the Physicians Panel in determining whether the claimant meets the requirements for compensation under this Act.

(6) RESUBMISSION.—Any claimant whose application for designation as an exceptional medical claim is rejected may resubmit an application if new evidence becomes available. The application shall identify any prior applications and state the new evidence that forms the basis of the resubmission.

(7) RULES.—The Administrator shall promulgate rules governing the procedures for seeking designation of a claim as an exceptional medical claim.

(8) LIBBY, MONTANA.—

(A) IN GENERAL.—A Libby, Montana, claimant may elect to have the claimant's claims designated as exceptional medical claims and referred to a Physicians Panel for review. In reviewing the medical evidence submitted by a Libby, Montana claimant in support of that claim, the Physicians Panel shall take into consideration the unique and serious nature of asbestos exposure in Libby, Montana, including the nature of the pleural disease related to asbestos exposure in Libby, Montana.

(B) CLAIMS.—For all claims for Levels II through IV filed by Libby, Montana claimants, as described under subsection (c)(4), once the Administrator or the Physicians Panel issues a certificate of medical eligibility to a Libby, Montana claimant, and notwithstanding the disease category designated in the certificate or the eligible disease or condition established in accordance with this section, or the value of the award determined in accordance with section 114, the Libby, Montana claimant shall be entitled to an award that is not less than that awarded to claimants who suffer from asbestosis, Level IV. For all malignant claims filed by Libby, Montana claimants, the Libby, Montana claimant shall be entitled to an award that corresponds to the malignant disease category designated by the Administrator or the Physicians Panel.

Subtitle D—Awards

SEC. 131. AMOUNT.

(a) IN GENERAL.—An asbestos claimant who meets the requirements of section 111 shall be entitled to an award in an amount determined by reference to the benefit table and the matrices developed under subsection (b).

(b) BENEFIT TABLE.—

(1) IN GENERAL.—An asbestos claimant with an eligible disease or condition established in accordance with section 121 shall be eligible for an award as determined under this subsection. The award for all asbestos claimants with an eligible disease or condition established in accordance with section 121 shall be according to the following schedule:

Level	Scheduled Condition or Disease	Scheduled Value
I	Asbestosis/ Pleural Disease A	Medical Monitoring
II	Mixed Disease With Impairment	$25,000
III	Asbestosis/ Pleural Disease B	$100,000
IV	Severe Asbestosis	$400,000
V	Disabling Asbestosis	$850,000
VI	Other Cancer	$200,000
VII	Lung Cancer With Pleural Disease	smokers, $300,000; ex-smokers, $725,000; non-smokers, $800,000
VIII	Lung Cancer With Asbestosis	smokers, $600,000; ex-smokers, $975,000; non-smokers, $1,100,000
IX	Mesothelioma	$1,100,000

(2) DEFINITIONS.—In this section—

(A) the term ''nonsmoker'' means a claimant who—

(i) never smoked; or

(ii) has smoked fewer than 100 cigarettes or the equivalent of other tobacco products during the claimant's lifetime; and

(B) the term ''ex-smoker'' means a claimant who has not smoked during any portion of the 12-year period preceding the diagnosis of lung cancer.

(3) LEVEL IX ADJUSTMENTS.—

(A) IN GENERAL.—If the Administrator determines that the impact of all adjustments under this paragraph on the Fund is cost neutral, the Administrator may—

(i) increase awards for Level IX claimants who are less than 51 years of age with dependent children; and

(ii) decrease awards for Level IX claimants who are at least 65 years of age, but in no case shall an award for Level IX be less than $1,000,000.

(B) IMPLEMENTATION.—Before making adjustments under this paragraph, the Administrator shall publish in the Federal Register notice of, and a plan for, making such adjustments.

(4) SPECIAL ADJUSTMENT FOR FELA CASES.—

(A) IN GENERAL.—A claimant who would be eligible to bring a claim under the Act of April 22, 1908 (45 U.S.C. 51 et seq.), commonly known as the Employers' Liability Act, but for section 403 of this Act, shall be eligible for a special adjustment under this paragraph.

(B) REGULATIONS.—

(i) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Administrator shall promulgate regulations relating to special adjustments under this paragraph.

(ii) JOINT PROPOSAL.—Not later than 45 days after the date of enactment of this Act, representatives of railroad management and representatives of railroad labor shall submit to the Administrator a joint proposal for regulations describing the eligibility for and amount of special adjustments under this paragraph. If a joint proposal is submitted, the Administrator shall promulgate regulations that reflect the joint proposal.

(iii) ABSENCE OF JOINT PROPOSAL.—If railroad management and railroad labor are unable to agree on a joint proposal within 45 days after the date of enactment of this Act, the benefits prescribed in subparagraph (E) shall be the benefits available to claimants, and the Administrator shall promulgate regulations containing such benefits.

(iv) REVIEW.—The parties participating in the arbitration may file in the United States District Court for the District of Columbia a petition for review of the Administrator's order. The court shall have jurisdiction to affirm the order of the Administrator, or to set it aside, in whole or in part, or it may remand the proceedings to the Administrator for such further action as it may direct. On such review, the findings and order of the Administrator shall be conclusive on the parties, except that the order of the Administrator may be set aside, in whole or in parts or remanded to the Administrator, for failure of the Administrator to comply with the requirements of this section, for failure of the order to conform, or confine itself, to matters within the scope of the Administrator's jurisdiction, or for fraud or corruption.

(C) ELIGIBILITY.—An individual eligible to file a claim under the Act of April 22, 1908 (45 U.S.C. 51 et seq.), commonly known as the Employers' Liability Act, shall be eligible for a special adjustment under this paragraph if such individual meets the criteria set forth in subparagraph (F).

(D) AMOUNT.—

(i) IN GENERAL.—The amount of the special adjustment shall be based on the type and severity of asbestos disease, and shall be 110 percent of the average amount an injured individual with a disease caused by asbestos, as described in section 121(d) of this Act, would have received, during the 5-year period before the enactment of this Act, adjusted for inflation. This adjustment shall be in addition to any other award for which the claimant is eligible under this Act. The amount of the special adjustment shall be reduced by an amount reasonably calculated to take into account all expenses of litigation normally borne by plaintiffs, including attorney's fees.

(ii) LIMITATION.—The amount under clause (i) may not exceed the amount the claimant is eligible to receive before applying the special adjustment under that clause.

(E) ARBITRATED BENEFITS.—If railroad management and railroad labor are unable to agree on a joint proposal within 45 days after the date of enactment of this Act, the Administrator shall appoint an arbitrator to determine the benefits under subparagraph (D). The Administrator shall appoint an arbitrator who shall be acceptable to both railroad management and railroad labor. Railroad management and railroad labor shall each designate their representatives to participate in the arbitration. The arbitrator shall submit the benefits levels to the Administrator not later than 30 days after appointment and such benefits levels shall be based on information provided by rail labor and rail management. The information submitted to the arbitrator by railroad management and railroad labor shall be considered confidential and shall be disclosed to the other party upon execution of an appropriate confidentiality agreement. Unless the submitting party provides written consent, neither the arbitrator nor either party to the arbitration shall divulge to any third party any information or data, in any form, submitted to the arbitrator under this section. Nor shall either party use such information or data for any purpose other than participation in the arbitration proceeding, and each party shall return to the other any information it has received from the other party as soon the arbitration is concluded. Information submitted to the arbitrator may not be admitted into evidence, nor discovered, in any civil litigation in Federal or State court. The nature of the information submitted to the arbitrator shall be within the sole discretion of the submitting party, and the arbitrator may not require a party to submit any particular information, including information subject to a prior confidentiality agreement.

(F) DEMONSTRATION OF ELIGIBILITY.—

(i) IN GENERAL.—A claimant under this paragraph shall be required to demonstrate—

(I) employment of the claimant in the railroad industry;

(II) exposure of the claimant to asbestos as part of that employment; and

(III) the nature and severity of the asbestos-related injury.

(ii) MEDICAL CRITERIA.—In order to be eligible for a special adjustment a claimant shall meet the criteria set forth in section 121 that would qualify a claimant for a payment under Level II or greater.

(5) MEDICAL MONITORING.—An asbestos claimant with asymptomatic exposure, based on the criteria under section 121(d)(1), shall only be eligible for medical monitoring reimbursement as provided under section 132.

(6) COST-OF-LIVING ADJUSTMENT.—

(A) IN GENERAL.—Beginning January 1, 2007, award amounts under paragraph (1) shall be annually increased by an amount equal to such dollar amount multiplied by the cost-of-living adjustment, rounded to the nearest $1,000 increment.

(B) CALCULATION OF COST-OF-LIVING ADJUSTMENT.—For the purposes of subparagraph (A), the cost-of-living adjustment for any calendar year shall be the percentage, if any, by which the consumer price index for the succeeding calendar year exceeds the consumer price index for calendar year 2005.

(C) CONSUMER PRICE INDEX.—

(i) IN GENERAL.—For the purposes of subparagraph (B), the consumer price index for any calendar year is the average of the consumer price index as of the close of the 12-month period ending on August 31 of such calendar year.

(ii) DEFINITION.—For purposes of clause (i), the term ''consumer price index'' means the consumer price index published by the Department of Labor. The consumer price index series to be used for award escalations shall include the consumer price index used for all-urban consumers, with an area coverage of the United States city average, for all items, based on the 1982–1984 index based period, as published by the Department of Labor.

SEC. 132. MEDICAL MONITORING.

(a) RELATION TO STATUTE OF LIMITATIONS.—The filing of a claim under this Act that seeks reimbursement for medical monitoring shall not be considered as evidence that the claimant has discovered facts that would otherwise commence the period applicable for purposes of the statute of limitations under section 113(b).

(b) COSTS.—Reimbursable medical monitoring costs shall include the costs of a claimant not covered by health insurance for an examination by the claimant's physician, x-ray tests, and pulmonary function tests every 3 years.

(c) REGULATIONS.—The Administrator shall promulgate regulations that establish—

(1) the reasonable costs for medical monitoring that is reimbursable; and

(2) the procedures applicable to asbestos claimants.

SEC. 133. PAYMENT.

(a) STRUCTURED PAYMENTS.—

(1) IN GENERAL.—An asbestos claimant who is entitled to an award should receive the amount of the award through structured payments from the Fund, made over a period of 3 years, and in no event more than 4 years after the date of final adjudication of the claim.

(2) PAYMENT PERIOD AND AMOUNT.—There shall be a presumption that any award paid under this subsection shall provide for payment of—

(A) 40 percent of the total amount in year 1;

(B) 30 percent of the total amount in year 2; and

(C) 30 percent of the total amount in year 3.

(3) EXTENSION OF PAYMENT PERIOD.—

(A) IN GENERAL.—The Administrator shall develop guidelines to provide for the payment period of an award under subsection (a) to be extended to a 4-year period if such action is warranted in order to preserve the overall solvency of the Fund. Such guidelines shall include reference to the number of claims made to the Fund and the awards made and scheduled to be paid from the Fund as provided under section 405.

(B) LIMITATIONS.—In no event shall less than 50 percent of an award be paid in the first 2 years of the payment period under this subsection.

(4) ACCELERATED PAYMENTS.—The Administrator shall develop guidelines to provide for accelerated payments to asbestos claimants who are mesothelioma victims and who are alive on the date on which the Administrator receives notice of the eligibility of the claimant. Such payments shall be credited against the first regular payment under the structured payment plan for the claimant.

(5) EXPEDITED PAYMENTS.—The Administrator shall develop guidelines to provide for expedited payments to asbestos claimants in cases of exigent circumstances or extreme hardship caused by asbestos-related injury.

(6) ANNUITY.—An asbestos claimant may elect to receive any payments to which that claimant is entitled under this title in the form of an annuity.

(b) LIMITATION ON TRANSFERABILITY.—A claim filed under this Act shall not be assignable or otherwise transferable under this Act.

(c) CREDITORS.—An award under this title shall be exempt from all claims of creditors and from levy, execution, and attachment or other remedy for recovery or collection of a debt, and such exemption may not be waived.

(d) MEDICARE AS SECONDARY PAYER.—No award under this title shall be deemed a payment for purposes of section 1862 of the Social Security Act (42 U.S.C. 1395y).

(e) EXEMPT PROPERTY IN ASBESTOS CLAIMANT'S BANKRUPTCY CASE.—If an asbestos claimant files a petition for relief under section 301 of title 11, United States Code, no award granted under this Act shall be treated as property of the bankruptcy estate of the asbestos claimant in accordance with section 541(b)(6) of title 11, United States Code.

SEC. 134. REDUCTION IN BENEFIT PAYMENTS FOR COLLATERAL SOURCES.

(a) IN GENERAL.—The amount of an award otherwise available to an asbestos claimant under this title shall be reduced by the amount of collateral source compensation.

(b) EXCLUSIONS.—In no case shall statutory benefits under workers' compensation laws, special adjustments made under section 131(b)(3), occupational or total disability benefits under the Railroad Retirement Act (45 U.S.C. 201 et seq.), sickness benefits under the Railroad Unemployment Insurance Act (45 U.S.C 351 et seq.), and veterans' benefits programs be deemed as collateral source compensation for purposes of this section.

SEC. 135. CERTAIN CLAIMS NOT AFFECTED BY PAYMENT OF AWARDS.

(a) IN GENERAL.—The payment of an award under section 106 or 133 shall not be considered a form of compensation or reimbursement for a loss for purposes of imposing liability on any asbestos claimant receiving such payment to repay any—

(1) insurance carrier for insurance payments; or

(2) person or governmental entity on account of worker's compensation, health care, or disability payments.

(b) NO EFFECT ON CLAIMS.—The payment of an award to an asbestos claimant under section 106 or 133 shall not affect any claim of an asbestos claimant against—

(1) an insurance carrier with respect to insurance; or

(2) against any person or governmental entity with respect to worker's compensation, healthcare, or disability.

TITLE II—ASBESTOS INJURY CLAIMS RESOLUTION FUND

Subtitle A—Asbestos Defendants Funding Allocation

SEC. 201. DEFINITIONS.

In this subtitle, the following definitions shall apply:

(1) AFFILIATED GROUP.—The term ''affiliated group''—

(A) means a defendant participant that is an ultimate parent and any person whose entire beneficial interest is directly or indirectly owned by that ultimate parent on the date of enactment of this Act; and

(B) shall not include any person that is a debtor or any direct or indirect majority-owned subsidiary of a debtor.

(2) CLASS ACTION TRUST.—The term ''class action trust'' means a trust or similar entity established to hold assets for the payment of asbestos claims asserted against a debtor or

participating defendant, under a settlement that—

(A) is a settlement of class action claims under rule 23 of the Federal Rules of Civil Procedure; and

(B) has been approved by a final judgment of a United States district court before the date of enactment of this Act.

(3) DEBTOR.—The term ''debtor''—

(A) means—

(i) a person that is subject to a case pending under a chapter of title 11, United States Code, on the date of enactment of this Act or at any time during the 1-year period immediately preceding that date, irrespective of whether the debtor's case under that title has been dismissed; and

(ii) all of the direct or indirect majority-owned subsidiaries of a person described under clause (i), regardless of whether any such majority-owned subsidiary has a case pending under title 11, United States Code; and

(B) shall not include an entity—

(i) subject to chapter 7 of title 11, United States Code, if a final decree closing the estate shall have been entered before the date of enactment of this Act; or

(ii) subject to chapter 11 of title 11, United States Code, if a plan of reorganization for such entity shall have been confirmed by a duly entered order or judgment of a court that is no longer subject to any appeal or judicial review, and the substantial consummation, as such term is defined in section 1101(2) of title 11, United States Code, of such plan of reorganization has occurred.

(4) INDEMNIFIABLE COST.—The term ''indemnifiable cost'' means a cost, expense, debt, judgment, or settlement incurred with respect to an asbestos claim that, at any time before December 31, 2002, was or could have been subject to indemnification, contribution, surety, or guaranty.

(5) INDEMNITEE.—The term ''indemnitee'' means a person against whom any asbestos claim has been asserted before December 31, 2002, who has received from any other person, or on whose behalf a sum has been paid by such other person to any third person, in settlement, judgment, defense, or indemnity in connection with an alleged duty with respect to the defense or indemnification of such person concerning that asbestos claim, other than under a policy of insurance or reinsurance.

(6) INDEMNITOR.—The term ''indemnitor'' means a person who has paid under a written agreement at any time before December 31, 2002, a sum in settlement, judgment, defense, or indemnity to or on behalf of any person defending against an asbestos claim, in connection with an alleged duty with respect to the defense or indemnification of such person concerning that asbestos claim, except that payments by an insurer or reinsurer under a contract of insurance or reinsurance shall not make the insurer or reinsurer an indemnitor for purposes of this subtitle.

(7) PRIOR ASBESTOS EXPENDITURES.—The term ''prior asbestos expenditures''—

(A) means the gross total amount paid by or on behalf of a person at any time before December 31, 2002, in settlement, judgment, defense, or indemnity costs related to all asbestos claims against that person;

(B) includes payments made by insurance carriers to or for the benefit of such person or on such person's behalf with respect to such asbestos claims, except as provided in section 204(g);

(C) shall not include any payment made by a person in connection with or as a result of changes in insurance reserves required by contract or any activity or dispute related to insurance coverage matters for asbestos-related liabilities; and

(D) shall not include any payment made by or on behalf of persons who are or were common carriers by railroad for asbestos claims brought under the Act of April 22, 1908 (45 U.S.C. 51 et seq.), commonly known as the Employers' Liability Act, as a result of operations as a common carrier by railroad, including settlement, judgment, defense, or indemnity costs associated with these claims.

(8) TRUST.—The term ''trust'' means any trust, as described in sections 524(g)(2)(B)(i) or 524(h) of title 11, United States Code, or established in conjunction with an order issued under section 105 of title 11, United States Code, established or formed under the terms of a chapter 11 plan of reorganization, which in whole or in part provides compensation for asbestos claims.

(9) ULTIMATE PARENT.—The term ''ultimate parent'' means a person—

(A) that owned, as of December 31, 2002, the entire beneficial interest, directly or indirectly, of at least 1 other person; and

(B) whose entire beneficial interest was not owned, on December 31, 2002, directly or indirectly, by any other single person (other than a natural person).

SEC. 202. AUTHORITY AND TIERS.

(a) LIABILITY FOR PAYMENTS TO THE FUND.—

(1) IN GENERAL.—Defendant participants shall be liable for payments to the Fund in accordance with this section based on tiers and subtiers assigned to defendant participants.

(2) AGGREGATE PAYMENT OBLIGATIONS LEVEL.—The total payments required of all defendant participants over the life of the Fund shall not exceed a sum equal to $90,000,000,000 less any bankruptcy trust credits under section 222(e). The Administrator shall have the authority to allocate the payments required of the defendant participants among the tiers as provided in this title.

(3) ABILITY TO ENTER REORGANIZATION.—Notwithstanding any other provision of this Act, all debtors that, together with all of their direct or indirect majority-owned subsidiaries, have prior asbestos expenditures less than $1,000,000 may proceed with the filing, solicitation, and confirmation of a plan of reorganization that does not comply with the requirements of this Act, including a trust and channeling injunction under section 524(g) of title 11, United States Code. Any asbestos claim made in conjunction with a plan of reorganization allowable under the preceding sentence shall be subject to section 403(d) of this Act.

(b) TIER I.—Tier I shall include all debtors that, together with all of their direct or indirect majority-owned subsidiaries, have prior asbestos expenditures greater than $1,000,000.

(c) TREATMENT OF TIER I BUSINESS ENTITIES IN BANKRUPTCY.—

(1) DEFINITION.—

(A) IN GENERAL.—In this subsection, the term ''bankrupt business entity'' means a person that is not a natural person that—

(i) filed a petition for relief under chapter 11, of title 11, United States Code, before January 1, 2003;

(ii) has not substantially consummated, as such term is defined under section 1101(2) of title 11, United States Code, a plan of reorganization as of the date of enactment of this Act; and

(iii) the bankruptcy court presiding over the business entity's case determines, after notice and a hearing upon motion filed by the entity within 30 days after the date of enactment of this Act, that asbestos liability was not the sole or precipitating cause of the entity's chapter 11 filing.

(B) MOTION AND RELATED MATTERS.—A motion under subparagraph (A)(iii) shall be supported by—

(i) an affidavit or declaration of the chief executive officer, chief financial officer, or chief legal officer of the business entity; and

(ii) copies of the entity's public statements and securities filings made in connection with the entity's filing for chapter 11 protection.

Notice of such motion shall be as directed by the bankruptcy court, and the hearing shall be limited to consideration of the question of whether or not asbestos liability was the sole or precipitating cause of the entity's chapter 11 filing. The bankruptcy court shall hold a hearing and make its determination with respect to the motion within 60 days after the date the motion is filed. In making its determination, the bankruptcy court shall take into account the affidavits, public statements, and securities filings, and other information, if any, submitted by the entity and all other facts and circumstances presented by an objecting party. Any review of this determination shall be an expedited appeal and limited to whether the decision was against the weight of the evidence. Any appeal of a determination shall be an expedited review to the United States Circuit Court of Appeals for the circuit in which the bankruptcy is filed.

(2) PROCEEDING WITH REORGANIZATION PLAN.—A bankrupt business entity may proceed with the filing, solicitation, confirmation, and consummation of a plan of reorganization that does not comply with the requirements of this Act, including a trust and channeling injunction described in section 524(g) of title 11, United States Code, notwithstanding any other provisions of this Act, if the bankruptcy court makes a favorable determination under paragraph (1)(B), unless the bankruptcy court's determination is overruled on appeal and all appeals are final. Such a bankrupt business entity may continue to so proceed, if—

(A) on request of a party in interest or on a motion of the court, and after a notice and a hearing, the bankruptcy court presiding over the chapter 11 case of the bankrupt business entity determines that—

(i) confirmation is necessary to permit the reorganization of that entity and assure that all creditors and that entity are treated fairly and equitably; and

(ii) confirmation is clearly favored by the balance of the equities; and

(B) an order confirming the plan of reorganization is entered by the bankruptcy court within 9 months after the date of enactment of this Act or such longer period of time approved by the bankruptcy court for cause shown.

(3) APPLICABILITY.—If the bankruptcy court does not make the determination required under paragraph (2), or if an order confirming the plan is not entered within 9 months after the date of enactment of this Act or such longer period of time approved by the bankruptcy court for cause shown, the provisions of this Act shall apply to the bankrupt business entity notwithstanding the certification. Any timely appeal under title 11, United States Code, from a confirmation order entered during the applicable time period shall automatically extend the time during which this Act is inapplicable to the bankrupt business entity, until the appeal is fully and finally resolved.

(4) OFFSETS.—

(A) PAYMENTS BY INSURERS.—To the extent that a bankrupt business entity or debtor successfully confirms a plan of reorganization, including a trust, and channeling injunction that involves payments by insurers who are otherwise subject to this Act as described under section 524(g) of title 11, United States Code, an insurer who makes payments to the trust shall obtain a dollar-for-dollar reduction in the amount otherwise payable by that insurer under this Act to the Fund.

(B) CONTRIBUTIONS TO FUND.—Any cash payments by a bankrupt business entity, if any, to a trust described under section 524(g) of title 11, United States Code, may be counted as a contribution to the Fund.

(d) TIERS II THROUGH VI.—Except as provided in section 204 and subsection (b) of this section, persons or affiliated groups are included in Tier II, III, IV, V, or VI, according to the prior asbestos expenditures paid by such persons or affiliated groups as follows:

(1) Tier II: $75,000,000 or greater.

(2) Tier III: $50,000,000 or greater, but less than $75,000,000.

(3) Tier IV: $10,000,000 or greater, but less than $50,000,000.

(4) Tier V: $5,000,000 or greater, but less than $10,000,000.

(5) Tier VI: $1,000,000 or greater, but less than $5,000,000.

(e) TIER PLACEMENT AND COSTS.—

(1) PERMANENT TIER PLACEMENT.—After a defendant participant or affiliated group is assigned to a tier and subtier under section 204(i)(6), the participant or affiliated group shall remain in that tier and subtier throughout the life of the Fund, regardless of subsequent events, including—

(A) the filing of a petition under a chapter of title 11, United States Code;

(B) a discharge of debt in bankruptcy;

(C) the confirmation of a plan of reorganization; or

(D) the sale or transfer of assets to any other person or affiliated group, unless the Administrator finds that the information submitted by the participant or affiliated group to support its inclusion in that tier was inaccurate.

(2) COSTS.—Payments to the Fund by all persons that are the subject of a case under a chapter of title 11, United States Code, after the date of enactment of this Act—

(A) shall constitute costs and expenses of administration of the case under section 503 of title 11, United States Code, and shall be payable in accordance with the payment provisions under this subtitle notwithstanding the pendency of the case under that title 11;

(B) shall not be stayed or affected as to enforcement or collection by any stay or injunction power of any court; and

(C) shall not be impaired or discharged in any current or future case under title 11, United States Code.

(f) SUPERSEDING PROVISIONS.—

(1) IN GENERAL.—All of the following shall be superseded in their entireties by this Act:

(A) The treatment of any asbestos claim in any plan of reorganization with respect to any debtor included in Tier I.

(B) Any asbestos claim against any debtor included in Tier I.

(C) Any agreement, understanding, or undertaking by any such debtor or any third party with respect to the treatment of any asbestos claim filed in a debtor's bankruptcy case or with respect to a debtor before the date of enactment of this Act, whenever such debtor's case is either still pending, if such case is pending under a chapter other than chapter 11 of title 11, United States Code, or subject to confirmation or substantial consummation of a plan of reorganization under chapter 11 of title 11, United States Code.

(2) PRIOR AGREEMENTS OF NO EFFECT.—Notwithstanding section 403(c)(3), any plan of reorganization, agreement, understanding, or undertaking by any debtor (including any pre-petition agreement, understanding, or undertaking that requires future performance) or any third party under paragraph (1), and any agreement, understanding, or undertaking entered into in anticipation, contemplation, or furtherance of a plan of reorganization, to the extent it relates to any asbestos claim, shall be of no force or effect, and no person shall have any right or claim with respect to any such agreement, understanding, or undertaking.

SEC. 203. SUBTIERS.

(a) IN GENERAL.—

(1) SUBTIER LIABILITY.—Except as otherwise provided under subsections (b), (d), and (l) of section 204, persons or affiliated groups shall be included within Tiers I through VII and shall pay amounts to the Fund in accordance with this section.

(2) REVENUES.—

(A) IN GENERAL.—For purposes of this section, revenues shall be determined in accordance with generally accepted accounting principles, consistently applied, using the amount reported as revenues in the annual report filed with the Securities and Exchange Commission in accordance with the Securities Exchange Act of 1934 (15 U.S.C. 78a et seq.) for the most recent fiscal year ending on or before December 31, 2002. If the defendant participant or affiliated group does not file reports with the Securities and Exchange Commission, revenues shall be the amount that the defendant participant or affiliated group would have reported as revenues under the rules of the Securities and Exchange Commission in the event that it had been required to file.

(B) INSURANCE PREMIUMS.—Any portion of revenues of a defendant participant that is derived from insurance premiums shall not be used to calculate the payment obligation of that defendant participant under this subtitle.

(C) DEBTORS.—Each debtor's revenues shall include the revenues of the debtor and all of the direct or indirect majority-owned subsidiaries of that debtor, except that the pro forma revenues of a person that is included in Subtier 2 of Tier I shall not be included in calculating the revenues of any debtor that is a direct or indirect majority owner of such Subtier 2 person. If a debtor or affiliated group includes a person in respect of whose liabilities for asbestos claims a class action trust has been established, there shall be excluded from the 2002 revenues of such debtor or affiliated group—

(i) all revenues of the person in respect of whose liabilities for asbestos claims the class action trust was established; and

(ii) all revenues of the debtor and affiliated group attributable to the historical business operations or assets of such person, regardless of whether such business operations or assets were owned or conducted during the year 2002 by such person or by any other person included within such debtor and affiliated group.

(b) TIER I SUBTIERS.—

(1) IN GENERAL.—Each debtor in Tier I shall be included in subtiers and shall pay amounts to the Fund as provided under this section.

(2) SUBTIER 1.—

(A) IN GENERAL.—All persons that are debtors with prior asbestos expenditures of $1,000,000 or greater, shall be included in Subtier 1.

(B) PAYMENT.—Each debtor included in Subtier 1 shall pay on an annual basis 1.67024 percent of the debtor's 2002 revenues.

(C) OTHER ASSETS.—The Administrator, at the sole discretion of the Administrator, may allow a Subtier 1 debtor to satisfy its funding obligation under this paragraph with assets other than cash if the Administrator determines that requiring an all-cash payment of the debtor's funding obligation would render the debtor's reorganization infeasible.

(D) LIABILITY.—

(i) IN GENERAL.—If a person who is subject to a case pending under a chapter of title 11, United States Code, as defined in section 201(3)(A)(i), does not pay when due any payment obligation for the debtor, the Administrator shall have the right to seek payment of all or any portion of the entire amount due (as well as any other amount for which the debtor may be liable under sections 223 and 224) from any of the direct or indirect majority-owned subsidiaries under section 201(3)(A)(ii).

(ii) CAUSE OF ACTION.—Notwithstanding section 221(e), this Act shall not preclude actions among persons within a debtor under section 201(3)(A) (i) and (ii) with respect to the payment obligations under this Act.

(iii) RIGHT OF CONTRIBUTION.—

(I) IN GENERAL.—Notwithstanding any other provision of this Act, if a direct or indirect majority-owned foreign subsidiary of a debtor participant (with such relationship to the debtor participant as determined on the date of enactment of this Act) is or becomes subject to any foreign insolvency proceedings, and such foreign direct or indirect-majority owned subsidiary is liquidated in connection with such foreign insolvency proceedings (or if the debtor participant's interest in such foreign subsidiary is otherwise canceled or terminated in connection with such foreign insolvency proceedings), the debtor participant shall have a claim against such foreign subsidiary or the estate of such foreign subsidiary in an amount equal to the greater of—

(aa) the estimated amount of all current and future asbestos liabilities against such foreign subsidiary; or

(bb) the foreign subsidiary's allocable share of the debtor participant's funding obligations to the Fund as determined by such foreign subsidiary's allocable share of the debtor participant's 2002 gross revenue.

(II) DETERMINATION OF CLAIM AMOUNT.—The claim amount under subclause (I) (aa) or (bb) shall be determined by a court of competent jurisdiction in the United States.

(III) EFFECT ON PAYMENT OBLIGATION.—The right to, or recovery under, any such claim shall not reduce, limit, delay, or otherwise affect the debtor participant's payment obligations under this Act.

(iv) MAXIMUM ANNUAL PAYMENT OBLIGATION.—Subject to any payments under sections 204(l) and 222(d), and paragraphs (3), (4), and (5) of this subsection, the annual payment obligation by a debtor under subparagraph (B) of this paragraph shall not exceed $80,000,000.

(3) SUBTIER 2.—

(A) IN GENERAL.—Notwithstanding paragraph (2), all persons that are debtors that have no material continuing business operations but hold cash or other assets that have been allocated or earmarked for the settlement of asbestos claims shall be included in Subtier 2.

(B) ASSIGNMENT OF ASSETS.—Not later than 90 days after the date of enactment of this

Act, each person included in Subtier 2 shall assign all of its assets to the Fund.

(4) SUBTIER 3.—

(A) IN GENERAL.—Notwithstanding paragraph (2), all persons that are debtors other than those included in Subtier 2, which have no material continuing business operations and no cash or other assets allocated or earmarked for the settlement of any asbestos claim, shall be included in Subtier 3.

(B) ASSIGNMENT OF UNENCUMBERED ASSETS.—Not later than 90 days after the date of enactment of this Act, each person included in Subtier 3 shall contribute an amount equal to 50 percent of its total unencumbered assets.

(C) CALCULATION OF UNENCUMBERED ASSETS.—Unencumbered assets shall be calculated as the Subtier 3 person's total assets, excluding insurance-related assets, less—

(i) all allowable administrative expenses;

(ii) allowable priority claims under section 507 of title 11, United States Code; and

(iii) allowable secured claims.

(5) CLASS ACTION TRUST.—The assets of any class action trust that has been established in respect of the liabilities for asbestos claims of any person included within a debtor and affiliated group that has been included in Tier I (exclusive of any assets needed to pay previously incurred expenses and asbestos claims within the meaning of section 403(d)(1), before the date of enactment of this Act) shall be transferred to the Fund not later than 6 months after the date of enactment of this Act.

(c) TIER II SUBTIERS.—

(1) IN GENERAL.—Each person or affiliated group in Tier II shall be included in 1 of the 5 subtiers of Tier II, based on the person's or affiliated group's revenues. Such subtiers shall each contain as close to an equal number of total persons and affiliated groups as possible, with—

(A) those persons or affiliated groups with the highest revenues included in Subtier 1;

(B) those persons or affiliated groups with the next highest revenues included in Subtier 2;

(C) those persons or affiliated groups with the lowest revenues included in Subtier 5;

(D) those persons or affiliated groups with the next lowest revenues included in Subtier 4; and

(E) those persons or affiliated groups remaining included in Subtier 3.

(2) PAYMENTS.—Each person or affiliated group within each subtier shall pay, on an annual basis, the following:

(A) Subtier 1: $27,500,000.

(B) Subtier 2: $24,750,000.

(C) Subtier 3: $22,000,000.

(D) Subtier 4: $19,250,000.

(E) Subtier 5: $16,500,000.

(d) TIER III SUBTIERS.—

(1) IN GENERAL.—Each person or affiliated group in Tier III shall be included in 1 of the 5 subtiers of Tier III, based on the person's or affiliated group's revenues. Such subtiers shall each contain as close to an equal number of total persons and affiliated groups as possible, with—

(A) those persons or affiliated groups with the highest revenues included in Subtier 1;

(B) those persons or affiliated groups with the next highest revenues included in Subtier 2;

(C) those persons or affiliated groups with the lowest revenues included in Subtier 5;

(D) those persons or affiliated groups with the next lowest revenues included in Subtier 4; and

(E) those persons or affiliated groups remaining included in Subtier 3.

(2) PAYMENTS.—Each person or affiliated group within each subtier shall pay, on an annual basis, the following:

(A) Subtier 1: $16,500,000.

(B) Subtier 2: $13,750,000.

(C) Subtier 3: $11,000,000.

(D) Subtier 4: $8,250,000.

(E) Subtier 5: $5,500,000.

(e) TIER IV SUBTIERS.—

(1) IN GENERAL.—Each person or affiliated group in Tier IV shall be included in 1 of the 4 subtiers of Tier IV, based on the person's or affiliated group's revenues. Such subtiers shall each contain as close to an equal number of total persons and affiliated groups as possible, with those persons or affiliated groups with the highest revenues in Subtier 1, those with the lowest revenues in Subtier 4. Those persons or affiliated groups with the highest revenues among those remaining will be included in Subtier 2 and the rest in Subtier 3.

(2) PAYMENT.—Each person or affiliated group within each subtier shall pay, on an annual basis, the following:

(A) Subtier 1: $3,850,000.

(B) Subtier 2: $2,475,000.

(C) Subtier 3: $1,650,000.

(D) Subtier 4: $550,000.

(f) TIER V SUBTIERS.—

(1) IN GENERAL.—Each person or affiliated group in Tier V shall be included in 1 of the 3 subtiers of Tier V, based on the person's or affiliated group's revenues. Such subtiers shall each contain as close to an equal number of total persons and affiliated groups as possible, with those persons or affiliated groups with the highest revenues in Subtier 1, those with the lowest revenues in Subtier 3, and those remaining in Subtier 2.

(2) PAYMENT.—Each person or affiliated group within each subtier shall pay, on an annual basis, the following:

(A) Subtier 1: $1,000,000.

(B) Subtier 2: $500,000.

(C) Subtier 3: $200,000.

(g) TIER VI SUBTIERS.—

(1) IN GENERAL.—Each person or affiliated group in Tier VI shall be included in 1 of the 3 subtiers of Tier VI, based on the person's or affiliated group's revenues. Such subtiers shall each contain as close to an equal number of total persons and affiliated groups as possible, with those persons or affiliated groups with the highest revenues in Subtier 1, those with the lowest revenues in Subtier 3, and those remaining in Subtier 2.

(2) PAYMENT.—Each person or affiliated group within each subtier shall pay, on an annual basis, the following:

(A) Subtier 1: $500,000.

(B) Subtier 2: $250,000.

(C) Subtier 3: $100,000.

(h) TIER VII.—

(1) IN GENERAL.—Notwithstanding prior asbestos expenditures that might qualify a person or affiliated group to be included in Tiers II, III, IV, V, or VI, a person or affiliated group shall also be included in Tier VII, if the person or affiliated group—

(A) is or has at any time been subject to asbestos claims brought under the Act of April 22, 1908 (45 U.S.C. 51 et seq.), commonly known as the Employers' Liability Act, as a result of operations as a common carrier by railroad; and

(B) has paid (including any payments made by others on behalf of such person or affiliated group) not less than $5,000,000 in settlement, judgment, defense, or indemnity costs relating to such claims.

(2) ADDITIONAL AMOUNT.—The payment requirement for persons or affiliated groups included in Tier VII shall be in addition to any payment requirement applicable to such person or affiliated group under Tiers II through VI.

(3) SUBTIER 1.—Each person or affiliated group in Tier VII with revenues of $6,000,000,000 or more is included in Subtier 1 and shall make annual payments of $11,000,000 to the Fund.

(4) SUBTIER 2.—Each person or affiliated group in Tier VII with revenues of less than $6,000,000,000, but not less than $4,000,000,000 is included in Subtier 2 and shall make annual payments of $5,500,000 to the Fund.

(5) SUBTIER 3.—Each person or affiliated group in Tier VII with revenues of less than $4,000,000,000, but not less than $500,000,000 is included in Subtier 3 and shall make annual payments of $550,000 to the Fund.

(6) JOINT VENTURE REVENUES AND LIABILITY.—

(A) REVENUES.—For purposes of this subsection, the revenues of a joint venture shall be included on a pro rata basis reflecting relative joint ownership to calculate the revenues of the parents of that joint venture. The joint venture shall not be responsible for a contribution amount under this subsection.

(B) LIABILITY.—For purposes of this subsection, the liability under the Act of April 22, 1908 (45 U.S.C. 51 et seq.), commonly known as the Employers' Liability Act, shall be attributed to the parent owners of the joint venture on a pro rata basis, reflecting their relative share of ownership. The joint venture shall not be responsible for a payment amount under this provision.

SEC. 204. ASSESSMENT ADMINISTRATION.

(a) IN GENERAL.—Each defendant participant or affiliated group shall pay to the Fund in the amounts provided under this subtitle as appropriate for its tier and subtier each year until the earlier to occur of the following:

(1) The participant or affiliated group has satisfied its obligations under this subtitle during the 30 annual payment cycles of the operation of the Fund.

(2) The amount received by the Fund from defendant participants, excluding any amounts rebated to defendant participants under subsection (d), equals the maximum aggregate payment obligation of section 202(a)(2).

(b) SMALL BUSINESS EXEMPTION.—Notwithstanding any other provision of this subtitle, a person or affiliated group that is a small business concern (as defined under section 3 of the Small Business Act (15 U.S.C. 632)), on December 31, 2002, is exempt from any payment requirement under this subtitle and shall not be included in the subtier allocations under section 203.

(c) PROCEDURES.—The Administrator shall prescribe procedures on how amounts payable under this subtitle are to be paid, including, to the extent the Administrator determines appropriate, procedures relating to payment in installments.

(d) ADJUSTMENTS.—

(1) IN GENERAL.—Under expedited procedures established by the Administrator, a defendant participant may seek adjustment of the amount of its payment obligation based on severe financial hardship or demonstrated inequity. The Administrator may determine whether to grant an adjustment and the size of any such adjustment, in accordance with this subsection. A defendant participant has a right to obtain a rehearing of the Administrator's determination under this subsection under the procedures prescribed in subsection (i)(10). The Administrator may adjust a defendant participant's payment obligations under this subsection, either by forgiving the relevant portion of the otherwise

applicable payment obligation or by providing relevant rebates from the defendant hardship and inequity adjustment account created under subsection (j) after payment of the otherwise applicable payment obligation, at the discretion of the Administrator.

(2) FINANCIAL HARDSHIP ADJUSTMENTS.—

(A) IN GENERAL.—A defendant participant may apply for an adjustment based on financial hardship at any time during the period in which a payment obligation to the Fund remains outstanding and may qualify for such adjustment by demonstrating that the amount of its payment obligation under the statutory allocation would constitute a severe financial hardship.

(B) TERM.—Subject to the annual availability of funds in the defendant hardship and inequity adjustment account established under subsection (j), a financial hardship adjustment under this subsection shall have a term of 3 years.

(C) RENEWAL.—After an initial hardship adjustment is granted under this paragraph, a defendant participant may renew its hardship adjustment by demonstrating that it remains justified.

(D) REINSTATEMENT.—Following the expiration of the hardship adjustment period provided for under this section and during the funding period prescribed under subsection (a), the Administrator shall annually determine whether there has been a material change in the financial condition of the defendant participant such that the Administrator may, consistent with the policies and legislative intent underlying this Act, reinstate under terms and conditions established by the Administrator any part or all of the defendant participant's payment obligation under the statutory allocation that was not paid during the hardship adjustment term.

(3) INEQUITY ADJUSTMENTS.—

(A) IN GENERAL.—A defendant participant—

(i) may qualify for an adjustment based on inequity by demonstrating that the amount of its payment obligation under the statutory allocation is exceptionally inequitable—

(I) when measured against the amount of the likely cost to the defendant participant net of insurance of its future liability in the tort system in the absence of the Fund;

(II) when compared to the median payment rate for all defendant participants in the same tier; or

(III) when measured against the percentage of the prior asbestos expenditures of the defendant that were incurred with respect to claims that neither resulted in an adverse judgment against the defendant, nor were the subject of a settlement that required a payment to a plaintiff by or on behalf of that defendant;

(ii) shall qualify for a two-tier main tier and a two-tier subtier adjustment reducing the defendant participant's payment obligation based on inequity by demonstrating that not less than 95 percent of such person's prior asbestos expenditures arose from claims related to the manufacture and sale of railroad locomotives and related products, so long as such person's manufacture and sale of railroad locomotives and related products is temporally and causally remote, and for purposes of this clause, a person's manufacture and sale of railroad locomotives and related products shall be deemed to be temporally and causally remote if the asbestos claims historically and generally filed against such person relate to the manufacture and sale of railroad locomotives and related products by an entity dissolved more than 25 years before the date of enactment of this Act; and

(iii) shall be granted a two-tier adjustment reducing the defendant participant's payment obligation based on inequity by demonstrating that not less than 95 percent of such participant's prior asbestos expenditures arose from asbestos claims based on successor liability arising from a merger to which the participant or its predecessor was a party that occurred at least 30 years before the date of enactment of this Act, and that such prior asbestos expenditures exceed the inflation-adjusted value of the assets of the company from which such liability was derived in such merger, and upon such demonstration the Administrator shall grant such adjustment for the life of the Fund and amounts paid by such defendant participant prior to such adjustment in excess of its adjusted payment obligation under this clause shall be credited against next succeeding required payment obligations.

(B) PAYMENT RATE.—For purposes of subparagraph (A), the payment rate of a defendant participant is the payment amount of the defendant participant as a percentage of such defendant participant's gross revenues for the year ending December 31, 2002.

(C) TERM.—Subject to the annual availability of funds in the defendant hardship and inequity adjustment account established under subsection (j), an inequity adjustment under this subsection shall have a term of 3 years.

(D) RENEWAL.—A defendant participant may renew an inequity adjustment every 3 years by demonstrating that the adjustment remains justified.

(E) REINSTATEMENT.—

(i) IN GENERAL.—Following the termination of an inequity adjustment under subparagraph (A), and during the funding period prescribed under subsection (a), the Administrator shall annually determine whether there has been a material change in conditions which would support a finding that the amount of the defendant participant's payment under the statutory allocation was not inequitable. Based on this determination, the Administrator may, consistent with the policies and legislative intent underlying this Act, reinstate any or all of the payment obligations of the defendant participant as if the inequity adjustment had not been granted for that 3-year period.

(ii) TERMS AND CONDITIONS.—In the event of a reinstatement under clause (i), the Administrator may require the defendant participant to pay any part or all of amounts not paid due to the inequity adjustment on such terms and conditions as established by the Administrator.

(4) LIMITATION ON ADJUSTMENTS.—The aggregate total of financial hardship adjustments under paragraph (2) and inequity adjustments under paragraph (3) in effect in any given year shall not exceed $300,000,000, except to the extent additional monies are available for such adjustments as a result of carryover of prior years' funds under subsection (j)(3) or as a result of monies being made available in that year under subsection (k)(1)(A).

(5) ADVISORY PANELS.—

(A) APPOINTMENT.—The Administrator shall appoint a Financial Hardship Adjustment Panel and an Inequity Adjustment Panel to advise the Administrator in carrying out this subsection.

(B) MEMBERSHIP.—The membership of the panels appointed under subparagraph (A) may overlap.

(C) COORDINATION.—The panels appointed under subparagraph (A) shall coordinate their deliberations and advice.

(e) LIMITATION ON LIABILITY.—The liability of each defendant participant to pay to the Fund shall be limited to the payment obligations under this Act, and, except as provided in subsection (f) and section 203(b)(2)(D), no defendant participant shall have any liability for the payment obligations of any other defendant participant.

(f) CONSOLIDATION OF PAYMENTS.—

(1) IN GENERAL.—For purposes of determining the payment levels of defendant participants, any affiliated group including 1 or more defendant participants may irrevocably elect, as part of the submissions to be made under paragraphs (1) and (3) of subsection (i), to report on a consolidated basis all of the information necessary to determine the payment level under this subtitle and pay to the Fund on a consolidated basis.

(2) ELECTION.—If an affiliated group elects consolidation as provided in this subsection—

(A) for purposes of this Act other than this subsection, the affiliated group shall be treated as if it were a single participant, including with respect to the assessment of a single annual payment under this subtitle for the entire affiliated group;

(B) the ultimate parent of the affiliated group shall prepare and submit each submission to be made under subsection (i) on behalf of the entire affiliated group and shall be solely liable, as between the Administrator and the affiliated group only, for the payment of the annual amount due from the affiliated group under this subtitle, except that, if the ultimate parent does not pay when due any payment obligation for the affiliated group, the Administrator shall have the right to seek payment of all or any portion of the entire amount due (as well as any other amount for which the affiliated group may be liable under sections 223 and 224) from any member of the affiliated group;

(C) all members of the affiliated group shall be identified in the submission under subsection (i) and shall certify compliance with this subsection and the Administrator's regulations implementing this subsection; and

(D) the obligations under this subtitle shall not change even if, after the date of enactment of this Act, the beneficial ownership interest between any members of the affiliated group shall change.

(3) CAUSE OF ACTION.—Notwithstanding section 221(e), this Act shall not preclude actions among persons within an affiliated group with respect to the payment obligations under this Act.

(g) DETERMINATION OF PRIOR ASBESTOS EXPENDITURES.—

(1) IN GENERAL.—For purposes of determining a defendant participant's prior asbestos expenditures, the Administrator shall prescribe such rules as may be necessary or appropriate to assure that payments by indemnitors before December 31, 2002, shall be counted as part of the indemnitor's prior asbestos expenditures, rather than the indemnitee's prior asbestos expenditures, in accordance with this subsection.

(2) INDEMNIFIABLE COSTS.—If an indemnitor has paid or reimbursed to an indemnitee any indemnifiable cost or otherwise made a payment on behalf of or for the benefit of an indemnitee to a third party for an indemnifiable cost before December 31, 2002, the amount of such indemnifiable cost shall be solely for the account of the indemnitor for purposes under this Act.

(3) INSURANCE PAYMENTS.—When computing the prior asbestos expenditures with respect to an asbestos claim, any amount paid or reimbursed by insurance shall be solely for the

account of the indemnitor, even if the indemnitor would have no direct right to the benefit of the insurance, if—

(A) such insurance has been paid or reimbursed to the indemnitor or the indemnitee, or paid on behalf of or for the benefit of the indemnitee; and

(B) the indemnitor has either, with respect to such asbestos claim or any similar asbestos claim, paid or reimbursed to its indemnitee any indemnifiable cost or paid to any third party on behalf of or for the benefit of the indemnitee any indemnifiable cost.

(4) TREATMENT OF CERTAIN EXPENDITURES.—Notwithstanding any other provision of this Act, where—

(A) an indemnitor entered into a stock purchase agreement in 1988 that involved the sale of the stock of businesses that produced friction and other products; and

(B) the stock purchase agreement provided that the indemnitor indemnified the indemnitee and its affiliates for losses arising from various matters, including asbestos claims—

(i) asserted before the date of the agreement; and

(ii) filed after the date of the agreement and prior to the 10-year anniversary of the stock sale,

then the prior asbestos expenditures arising from the asbestos claims described in clauses (i) and (ii) shall not be for the account of either the indemnitor or indemnitee.

(h) MINIMUM ANNUAL PAYMENTS.—

(1) IN GENERAL.—The aggregate annual payments of defendant participants to the Fund shall be at least $3,000,000,000 for each calendar year in the first 30 years of the Fund, or until such shorter time as the condition set forth in subsection (a)(2) is attained.

(2) GUARANTEED PAYMENT ACCOUNT.—To the extent payments in accordance with sections 202 and 203 (as modified by subsections (b), (d), (f) and (g) of this section) fail in any year to raise at least $3,000,000,000 net of any adjustments under subsection (d), the balance needed to meet this required minimum aggregate annual payment shall be obtained from the defendant guaranteed payment account established under subsection (k).

(3) GUARANTEED PAYMENT SURCHARGE.—To the extent the procedure set forth in paragraph (2) is insufficient to satisfy the required minimum aggregate annual payment net of any adjustments under subsection (d), the Administrator may assess a guaranteed payment surcharge under subsection (l).

(i) PROCEDURES FOR MAKING PAYMENTS.—

(1) INITIAL YEAR: TIERS II–VI.—

(A) IN GENERAL.—Not later than 120 days after enactment of this Act, each defendant participant that is included in Tiers II, III, IV, V, or VI shall file with the Administrator—

(i) a statement of whether the defendant participant irrevocably elects to report on a consolidated basis under subsection (f);

(ii) a good-faith estimate of its prior asbestos expenditures;

(iii) a statement of its 2002 revenues, determined in accordance with section 203(a)(2); and

(iv) payment in the amount specified in section 203 for the lowest subtier of the tier within which the defendant participant falls, except that if the defendant participant, or the affiliated group including the defendant participant, had 2002 revenues exceeding $3,000,000,000, it or its affiliated group shall pay the amount specified for Subtier 3 of Tiers II, III, or IV or Subtier 2 of Tiers V or VI, depending on the applicable Tier.

(B) RELIEF.—

(i) IN GENERAL.—The Administrator shall establish procedures to grant a defendant participant relief from its initial payment obligation if the participant shows that—

(I) the participant is likely to qualify for a financial hardship adjustment; and

(II) failure to provide interim relief would cause severe irreparable harm.

(ii) JUDICIAL RELIEF.—The Administrator's refusal to grant relief under clause (i) is subject to immediate judicial review under section 303.

(2) INITIAL YEAR: TIER I.—Not later than 60 days after enactment of this Act, each debtor shall file with the Administrator—

(A) a statement identifying the bankruptcy case(s) associated with the debtor;

(B) a statement whether its prior asbestos expenditures exceed $1,000,000;

(C) a statement whether it has material continuing business operations and, if not, whether it holds cash or other assets that have been allocated or earmarked for asbestos settlements;

(D) in the case of debtors falling within Subtier 1 of Tier I, a statement of the debtor's 2002 revenues, determined in accordance with section 203(a)(2), and a payment under section 203(b)(2)(B);

(E) in the case of debtors falling within Subtier 2 of Tier I, an assignment of its assets under section 203(b)(3)(B); and

(F) in the case of debtors falling within Subtier 3 of Tier I, a payment under section 203(b)(4)(B), and a statement of how such payment was calculated.

(3) INITIAL YEAR: TIER VII.—Not later than 90 days after enactment of this Act, each defendant participant in Tier VII shall file with the Administrator—

(A) a good-faith estimate of all payments of the type described in section 203(h)(1) (as modified by section 203(h)(6));

(B) a statement of revenues calculated in accordance with sections 203(a)(2) and 203(h); and

(C) payment in the amount specified in section 203(h).

(4) NOTICE TO PARTICIPANTS.—Not later than 240 days after enactment of this Act, the Administrator shall—

(A) directly notify all reasonably identifiable defendant participants of the requirement to submit information necessary to calculate the amount of any required payment to the Fund; and

(B) publish in the Federal Register a notice—

(i) setting forth the criteria in this Act, and as prescribed by the Administrator in accordance with this Act, for paying under this subtitle as a defendant participant and requiring any person who may be a defendant participant to submit such information; and

(ii) that includes a list of all defendant participants notified by the Administrator under subparagraph (A), and provides for 30 days for the submission by the public of comments or information regarding the completeness and accuracy of the list of identified defendant participants.

(5) RESPONSE REQUIRED.—

(A) IN GENERAL.—Any person who receives notice under paragraph (4)(A), and any other person meeting the criteria specified in the notice published under paragraph (4)(B), shall provide the Administrator with an address to send any notice from the Administrator in accordance with this Act and all the information required by the Administrator in accordance with this subsection no later than the earlier of—

(i) 30 days after the receipt of direct notice; or

(ii) 30 days after the publication of notice in the Federal Register.

(B) CERTIFICATION.—The response submitted under subparagraph (A) shall be signed by a responsible corporate officer, general partner, proprietor, or individual of similar authority, who shall certify under penalty of law the completeness and accuracy of the information submitted.

(C) CONSENT TO AUDIT AUTHORITY.—The response submitted under subparagraph (A) shall include, on behalf of the defendant participant or affiliated group, a consent to the Administrator's audit authority under section 221(d).

(6) NOTICE OF INITIAL DETERMINATION.—

(A) IN GENERAL.—

(i) NOTICE TO INDIVIDUAL.—Not later than 60 days after receiving a response under paragraph (5), the Administrator shall send the person a notice of initial determination identifying the tier and subtier, if any, into which the person falls and the annual payment obligation, if any, to the Fund, which determination shall be based on the information received from the person under this subsection and any other pertinent information available to the Administrator and identified to the defendant participant.

(ii) PUBLIC NOTICE.—Not later than 7 days after sending the notification of initial determination to defendant participants, the Administrator shall publish in the Federal Register a notice listing the defendant participants that have been sent such notification, and the initial determination identifying the tier and subtier assignment and annual payment obligation of each identified participant.

(B) NO RESPONSE; INCOMPLETE RESPONSE.—If no response in accordance with paragraph (5) is received from a defendant participant, or if the response is incomplete, the initial determination shall be based on the best information available to the Administrator.

(C) PAYMENTS.—Within 30 days of receiving a notice of initial determination requiring payment, the defendant participant shall pay the Administrator the amount required by the notice, after deducting any previous payment made by the participant under this subsection. If the amount that the defendant participant is required to pay is less than any previous payment made by the participant under this subsection, the Administrator shall credit any excess payment against the future payment obligations of that defendant participant. The pendency of a petition for rehearing under paragraph (10) shall not stay the obligation of the participant to make the payment specified in the Administrator's notice.

(7) EXEMPTIONS FOR INFORMATION REQUIRED.—

(A) PRIOR ASBESTOS EXPENDITURES.—In lieu of submitting information related to prior asbestos expenditures as may be required for purposes of this subtitle, a non-debtor defendant participant may consent to be assigned to Tier II.

(B) REVENUES.—In lieu of submitting information related to revenues as may be required for purposes of this subtitle, a non-debtor defendant participant may consent to be assigned to Subtier 1 of the defendant participant's applicable tier.

(8) NEW INFORMATION.—

(A) EXISTING PARTICIPANT.—The Administrator shall adopt procedures for requiring additional payment, or refunding amounts already paid, based on new information received.

(B) ADDITIONAL PARTICIPANT.—If the Administrator, at any time, receives information that an additional person may qualify as a defendant participant, the Administrator shall require such person to submit information necessary to determine whether that person is required to make payments, and in what amount, under this subtitle and shall make any determination or take any other act consistent with this Act based on such information or any other information available to the Administrator with respect to such person.

(9) SUBPOENAS.—The Administrator may request the Attorney General to subpoena persons to compel testimony, records, and other information relevant to its responsibilities under this section. The Attorney General may enforce such subpoena in appropriate proceedings in the United States district court for the district in which the person to whom the subpoena was addressed resides, was served, or transacts business.

(10) REHEARING.—A defendant participant has a right to obtain rehearing of the Administrator's determination under this subsection of the applicable tier or subtier and of the Administrator's determination under subsection (d) of a financial hardship or inequity adjustment, if the request for rehearing is filed within 30 days after the defendant participant's receipt of notice from the Administrator of the determination. A defendant participant may not file an action under section 303 unless the defendant participant requests a rehearing under this paragraph. The Administrator shall publish a notice in the Federal Register of any change in a defendant participant's tier or subtier assignment or payment obligation as a result of a rehearing.

(j) DEFENDANT HARDSHIP AND INEQUITY ADJUSTMENT ACCOUNT.—

(1) IN GENERAL.—To the extent the total payments by defendant participants in any given year exceed the minimum aggregate annual payments under subsection (h), excess monies up to a maximum of $300,000,000 in any such year shall be placed in a defendant hardship and inequity adjustment account established within the Fund by the Administrator.

(2) USE OF ACCOUNT MONIES.—Monies from the defendant hardship and inequity adjustment account shall be preserved and administered like the remainder of the Fund, but shall be reserved and may be used only—

(A) to make up for any relief granted to a defendant participant for severe financial hardship or demonstrated inequity under subsection (d) or to reimburse any defendant participant granted such relief after its payment of the amount otherwise due; and

(B) if the condition set forth in subsection (a)(2) is met, for any purpose that the Fund may serve under this Act.

(3) CARRYOVER OF UNUSED FUNDS.—To the extent the Administrator does not, in any given year, use all of the funds allocated to the account under paragraph (1) for adjustments granted under subsection (d), remaining funds in the account shall be carried forward for use by the Administrator for adjustments in subsequent years.

(k) DEFENDANT GUARANTEED PAYMENT ACCOUNT.—

(1) IN GENERAL.—Subject to subsections (h) and (j), if there are excess monies paid by defendant participants in any given year, including any bankruptcy trust credits that may be due under section 222(e), such monies—

(A) at the discretion of the Administrator, may be used to provide additional adjustments under subsection (d), up to a maximum aggregate of $50,000,000 in such year; and

(B) to the extent not used under subparagraph (A), shall be placed in a defendant guaranteed payment account established within the Fund by the Administrator.

(2) USE OF ACCOUNT MONIES.—Monies from the defendant guaranteed payment account shall be preserved and administered like the remainder of the Fund, but shall be reserved and may be used only—

(A) to ensure the minimum aggregate annual payment set forth in subsection (h) net of any adjustments under subsection (d) is reached each year; and

(B) if the condition set forth in subsection (a)(2) is met, for any purpose that the Fund may serve under this Act.

(l) GUARANTEED PAYMENT SURCHARGE.—

(1) IN GENERAL.—To the extent there are insufficient monies in the defendant guaranteed payment account established in subsection (k) to attain the minimum aggregate annual payment net of any adjustments under subsection (d) in any given year, the Administrator may impose on each defendant participant a surcharge as necessary to raise the balance required to attain the minimum aggregate annual payment net of any adjustments under subsection (d), as provided in this subsection. Any such surcharge shall be imposed on a pro rata basis, in accordance with each defendant participant's relative annual liability under sections 202 and 203 (as modified by subsections (b), (d), (f), and (g) of this section).

(2) CERTIFICATION.—

(A) IN GENERAL.—Before imposing a guaranteed payment surcharge under this subsection, the Administrator shall certify that he or she has used all reasonable efforts to collect mandatory payments for all defendant participants, including by using the authority in subsection (i)(9) of this section and section 223.

(B) NOTICE AND COMMENT.—Before making a final certification under subparagraph (C), the Administrator shall publish a notice in the Federal Register of a proposed certification and provide in such notice for a public comment period of 30 days.

(C) FINAL CERTIFICATION.—

(i) IN GENERAL.—The Administrator shall publish a notice of the final certification in the Federal Register after consideration of all comments submitted under subparagraph (B).

(ii) WRITTEN NOTICE.—Not later than 30 days after publishing any final certification under clause (i), the Administrator shall provide each defendant participant with written notice of that defendant participant's payment, including the amount of any surcharge.

SEC. 205. STEPDOWNS AND FUNDING HOLIDAYS.

(a) STEPDOWNS.—

(1) IN GENERAL.—Subject to paragraph (2), the minimum aggregate annual funding obligation under section 204(h) shall be reduced by 10 percent of the initial minimum aggregate funding obligation at the end of the tenth, fifteenth, twentieth, and twenty-fifth years after the date of enactment of this Act. The reductions under this paragraph shall be applied on an equal pro rata basis to the funding obligations of all defendant participants, except with respect to defendant participants in Tier 1, Subtiers 2 and 3, and class action trusts.

(2) LIMITATION.—The Administrator shall suspend, cancel, reduce, or delay any reduction under paragraph (1) if at any time the Administrator finds, in accordance with subsection (c), that such action is necessary and appropriate to ensure that the assets of the Fund and expected future payments remain sufficient to satisfy the Fund's anticipated obligations.

(b) FUNDING HOLIDAYS.—

(1) IN GENERAL.—If the Administrator determines, at any time after 10 years following the date of enactment of this Act, that the assets of the Fund at the time of such determination and expected future payments, taking into consideration any reductions under subsection (a), are sufficient to satisfy the Fund's anticipated obligations without the need for all, or any portion of, that year's payment otherwise required under this subtitle, the Administrator shall reduce or waive all or any part of the payments required from defendant participants for that year.

(2) ANNUAL REVIEW.—The Administrator shall undertake the review required by this subsection and make the necessary determination under paragraph (1) every year.

(3) LIMITATIONS ON FUNDING HOLIDAYS.—Any reduction or waiver of the defendant participants' funding obligations shall—

(A) be made only to the extent the Administrator determines that the Fund will still be able to satisfy all of its anticipated obligations; and

(B) be applied on an equal pro rata basis to the funding obligations of all defendant participants, except with respect to defendant participants in Subtiers 2 and 3 of Tier I and class action trusts, for that year.

(4) NEW INFORMATION.—If at any time the Administrator determines that a reduction or waiver under this section may cause the assets of the Fund and expected future payments to decrease to a level at which the Fund may not be able to satisfy all of its anticipated obligations, the Administrator shall revoke all or any part of such reduction or waiver to the extent necessary to ensure that the Fund's obligations are met. Such revocations shall be applied on an equal pro rata basis to the funding obligations of all defendant participants, except defendant participants in Subtiers 2 and 3 of Tier I and class action trusts, for that year.

(c) CERTIFICATION.—

(1) IN GENERAL.—Before suspending, canceling, reducing, or delaying any reduction under subsection (a) or granting or revoking a reduction or waiver under subsection (b), the Administrator shall certify that the requirements of this section are satisfied.

(2) NOTICE AND COMMENT.—Before making a final certification under this subsection, the Administrator shall publish a notice in the Federal Register of a proposed certification and a statement of the basis therefor and provide in such notice for a public comment period of 30 days.

(3) FINAL CERTIFICATION.—

(A) IN GENERAL.—The Administrator shall publish a notice of the final certification in the Federal Register after consideration of all comments submitted under paragraph (2).

(B) WRITTEN NOTICE.—Not later than 30 days after publishing any final certification under subparagraph (A), the Administrator shall provide each defendant participant with written notice of that defendant's funding obligation for that year.

Subtitle B—Asbestos Insurers Commission

SEC. 210. DEFINITION.

In this subtitle, the term ''captive insurance company'' means a company—

(1) whose entire beneficial interest is owned on the date of enactment of this Act,

directly or indirectly, by a defendant participant or by the ultimate parent or the affiliated group of a defendant participant;

(2) whose primary commercial business during the period from calendar years 1940 through 1986 was to provide insurance to its ultimate parent or affiliated group, or any portion of the affiliated group or a combination thereof; and

(3) that was incorporated or operating no later than December 31, 2003.

SEC. 211. ESTABLISHMENT OF ASBESTOS INSURERS COMMISSION.

(a) ESTABLISHMENT.—There is established the Asbestos Insurers Commission (referred to in this subtitle as the ''Commission'') to carry out the duties described in section 212.

(b) MEMBERSHIP.—

(1) APPOINTMENT.—The Commission shall be composed of 5 members who shall be appointed by the President, by and with the advice and consent of the Senate.

(2) QUALIFICATIONS.—

(A) EXPERTISE.—Members of the Commission shall have sufficient expertise to fulfill their responsibilities under this subtitle.

(B) CONFLICT OF INTEREST.—

(i) IN GENERAL.—No member of the Commission appointed under paragraph (1) may be an employee or immediate family member of an employee of an insurer participant. No member of the Commission shall be a shareholder of any insurer participant. No member of the Commission shall be a former officer or director, or a former employee or former shareholder of any insurer participant who was such an employee, shareholder, officer, or director at any time during the 2-year period ending on the date of the appointment, unless that is fully disclosed before consideration in the Senate of the nomination for appointment to the Commission.

(ii) DEFINITION.—In clause (i), the term ''shareholder'' shall not include a broadly based mutual fund that includes the stocks of insurer participants as a portion of its overall holdings.

(C) FEDERAL EMPLOYMENT.—A member of the Commission may not be an officer or employee of the Federal Government, except by reason of membership on the Commission.

(3) PERIOD OF APPOINTMENT.—Members shall be appointed for the life of the Commission.

(4) VACANCIES.—Any vacancy in the Commission shall be filled in the same manner as the original appointment.

(5) CHAIRMAN.—The President shall select a Chairman from among the members of the Commission.

(c) MEETINGS.—

(1) INITIAL MEETING.—Not later than 30 days after the date on which all members of the Commission have been appointed, the Commission shall hold its first meeting.

(2) SUBSEQUENT MEETINGS.—The Commission shall meet at the call of the Chairman, as necessary to accomplish the duties under section 212.

(3) QUORUM.—No business may be conducted or hearings held without the participation of a majority of the members of the Commission.

SEC. 212. DUTIES OF ASBESTOS INSURERS COMMISSION.

(a) DETERMINATION OF INSURER PAYMENT OBLIGATIONS.—

(1) IN GENERAL.—

(A) DEFINITIONS.—For the purposes of this Act, the terms ''insurer'' and ''insurer participant'' shall, unless stated otherwise, include direct insurers and reinsurers, as well as any run-off entity established, in whole or in part, to review and pay asbestos claims.

(B) PROCEDURES FOR DETERMINING INSURER PAYMENTS.—The Commission shall determine the amount that each insurer participant shall be required to pay into the Fund under the procedures described in this section. The Commission shall make this determination by first promulgating a rule establishing a methodology for allocation of payments among insurer participants and then applying such methodology to determine the individual payment for each insurer participant. The methodology may include 1 or more allocation formulas to be applied to all insurer participants or groups of similarly situated participants. The Commission's rule shall include a methodology for adjusting payments by insurer participants to make up, during any applicable payment year, any amount by which aggregate insurer payments fall below the level required in paragraph (3)(C). The Commission shall conduct a thorough study (within the time limitations under this subparagraph) of the accuracy of the reserve allocation of each insurer participant, and may request information from the Securities and Exchange Commission or any State regulatory agency. Under this procedure, not later than 120 days after the initial meeting of the Commission, the Commission shall commence a rulemaking proceeding under section 213(a) to propose and adopt a methodology for allocating payments among insurer participants. In proposing an allocation methodology, the Commission may consult with such actuaries and other experts as it deems appropriate. After hearings and public comment on the proposed allocation methodology, the Commission shall as promptly as possible promulgate a final rule establishing such methodology. After promulgation of the final rule, the Commission shall determine the individual payment of each insurer participant under the procedures set forth in subsection (b).

(C) SCOPE.—Every insurer, reinsurer, and runoff entity with asbestos-related obligations in the United States shall be subject to the Commission's and Administrator's authority under this Act, including allocation determinations, and shall be required to fulfill its payment obligation without regard as to whether it is licensed in the United States. Every insurer participant not licensed or domiciled in the United States shall, upon the first payment to the Fund, submit a written consent to the Commission's and Administrator's authority under this Act, and to the jurisdiction of the courts of the United States for purposes of enforcing this Act, in a form determined by the Administrator. Any insurer participant refusing to provide a written consent shall be subject to fines and penalties as provided in section 223.

(D) ISSUERS OF FINITE RISK POLICIES.—

(i) IN GENERAL.—The issuer of any policy of reinsurance purchased by an insurer participant or its affiliate after 1990 that provides for a loss transfer to insure for incurred asbestos losses and other losses (both known and unknown), including those policies commonly referred to as ''finite risk'', ''aggregate stop loss'', ''aggregate excess of loss'', or ''loss portfolio transfer'' policies, shall be obligated to make payments required under this Act directly to the Fund on behalf of the insurer participant who is the beneficiary of such policy, subject to the underlying retention and the limits of liability applicable to such policy.

(ii) PAYMENTS.—Payments to the Fund required under this Act shall be treated as loss payments for asbestos bodily injury (as if such payments were incurred as liabilities imposed in the tort system) and shall not be subject to exclusion under policies described under clause (i) as a liability with respect to tax or assessment. Within 90 days after the scheduled date to make an annual payment to the Fund, the insurer participant shall, at its discretion, direct the reinsurer issuing such policy to pay all or a portion of the annual payment directly to the Fund up to the full applicable limits of liability under the policy. The reinsurer issuing such policy shall be obligated to make such payments directly to the Fund and shall be subject to the enforcement provisions under section 223. The insurer participant shall remain obligated to make payment to the Fund of that portion of the annual payment not directed to the issuer of such reinsurance policy.

(2) AMOUNT OF PAYMENTS.—

(A) AGGREGATE PAYMENT OBLIGATION.—The total payment required of all insurer participants over the life of the Fund shall be equal to $46,025,000,000.

(B) ACCOUNTING STANDARDS.—In determining the payment obligations of participants that are not licensed or domiciled in the United States or that are runoff entities, the Commission shall use accounting standards required for United States licensed direct insurers.

(C) CAPTIVE INSURANCE COMPANIES.—No payment to the Fund shall be required from a captive insurance company, unless and only to the extent a captive insurance company, on the date of enactment of this Act, has liability, directly or indirectly, for any asbestos claim of a person or persons other than and unaffiliated with its ultimate parent or affiliated group or pool in which the ultimate parent participates or participated, or unaffiliated with a person that was its ultimate parent or a member of its affiliated group or pool at the time the relevant insurance or reinsurance was issued by the captive insurance company.

(D) SEVERAL LIABILITY.—Unless otherwise provided under this Act, each insurer participant's obligation to make payments to the Fund is several. Unless otherwise provided under this Act, there is no joint liability, and the future insolvency by any insurer participant shall not affect the payment required of any other insurer participant.

(3) PAYMENT OF CRITERIA.—

(A) INCLUSION IN INSURER PARTICIPANT CATEGORY.—

(i) IN GENERAL.—Insurers that have paid, or been assessed by a legal judgment or settlement, at least $1,000,000 in defense and indemnity costs before the date of enactment of this Act in response to claims for compensation for asbestos injuries arising from a policy of liability insurance or contract of liability reinsurance or retrocessional reinsurance shall be insurer participants in the Fund. Other insurers shall be exempt from mandatory payments.

(ii) INAPPLICABILITY OF SECTION 202.—Since insurers may be subject in certain jurisdictions to direct action suits, and it is not the intent of this Act to impose upon an insurer, due to its operation as an insurer, payment obligations to the Fund in situations where the insurer is the subject of a direct action, no insurer subject to mandatory payments under section 212 shall also be liable for payments to the Fund as a defendant participant under section 202.

(B) INSURER PARTICIPANT ALLOCATION METHODOLOGY.—

(i) IN GENERAL.—The Commission shall establish the payment obligations of individual insurer participants to reflect, on an equitable basis, the relative tort system liability of the participating insurers in the

absence of this Act, considering and weighting, as appropriate (but exclusive of workers' compensation), such factors as—

(I) historic premium for lines of insurance associated with asbestos exposure over relevant periods of time;

(II) recent loss experience for asbestos liability;

(III) amounts reserved for asbestos liability;

(IV) the likely cost to each insurer participant of its future liabilities under applicable insurance policies; and

(V) any other factor the Commission may determine is relevant and appropriate.

(ii) DETERMINATION OF RESERVES.—The Commission may establish procedures and standards for determination of the asbestos reserves of insurer participants. The reserves of a United States licensed reinsurer that is wholly owned by, or under common control of, a United States licensed direct insurer shall be included as part of the direct insurer's reserves when the reinsurer's financial results are included as part of the direct insurer's United States operations, as reflected in footnote 33 of its filings with the National Association of Insurance Commissioners or in published financial statements prepared in accordance with generally accepted accounting principles.

(C) PAYMENT SCHEDULE.—The aggregate annual amount of payments by insurer participants over the life of the Fund shall be as follows:

(i) For years 1 and 2, $2,700,000,000 annually.

(ii) For years 3 through 5, $5,075,000,000 annually.

(iii) For years 6 through 27, $1,147,000,000 annually.

(iv) For year 28, $166,000,000.

(D) CERTAIN RUNOFF ENTITIES.—

(i) IN GENERAL.—Whenever the Commission requires payments by a runoff entity that has assumed asbestos-related liabilities from a Lloyd's syndicate or names that are members of such a syndicate, the Commission shall not require payments from such syndicates and names to the extent that the runoff entity makes its required payments. In addition, such syndicates and names shall be required to make payments to the Fund in the amount of any adjustment granted to the runoff entity for severe financial hardship or exceptional circumstances.

(ii) INCLUDED RUNOFF ENTITIES.—Subject to clause (i), a runoff entity shall include any direct insurer or reinsurer whose asbestos liability reserves have been transferred, directly or indirectly, to the runoff entity and on whose behalf the runoff entity handles or adjusts and, where appropriate, pays asbestos claims.

(E) FINANCIAL HARDSHIP AND EXCEPTIONAL CIRCUMSTANCE ADJUSTMENTS.—

(i) IN GENERAL.—Under the procedures established in subsection (b), an insurer participant may seek adjustment of the amount of its payments based on exceptional circumstances or severe financial hardship.

(ii) FINANCIAL ADJUSTMENTS.—An insurer participant may qualify for an adjustment based on severe financial hardship by demonstrating that payment of the amounts required by the Commission's methodology would jeopardize the solvency of such participant.

(iii) EXCEPTIONAL CIRCUMSTANCE ADJUSTMENT.—An insurer participant may qualify for an adjustment based on exceptional circumstances by demonstrating—

(I) that the amount of its payments under the Commission's allocation methodology is exceptionally inequitable when measured against the amount of the likely cost to the participant of its future liability in the tort system in the absence of the Fund;

(II) an offset credit as described in subparagraphs (A) and (C) of subsection (b)(4); or

(III) other exceptional circumstances.

The Commission may determine whether to grant an adjustment and the size of any such adjustment, but adjustments shall not reduce the aggregate payment obligations of insurer participants specified in paragraph (2)(A) and subparagraph (C) of this paragraph.

(iv) TIME PERIOD OF ADJUSTMENT.—Except for adjustments for offset credits, adjustments granted under this subsection shall have a term not to exceed 3 years. An insurer participant may renew its adjustment by demonstrating to the Administrator that it remains justified.

(b) PROCEDURE FOR NOTIFYING INSURER PARTICIPANTS OF INDIVIDUAL PAYMENT OBLIGATIONS.—

(1) NOTICE TO PARTICIPANTS.—Not later than 30 days after promulgation of the final rule establishing an allocation methodology under subsection (a)(1), the Commission shall—

(A) directly notify all reasonably identifiable insurer participants of the requirement to submit information necessary to calculate the amount of any required payment to the Fund under the allocation methodology; and

(B) publish in the Federal Register a notice—

(i) requiring any person who may be an insurer participant (as determined by criteria outlined in the notice) to submit such information; and

(ii) that includes a list of all insurer participants notified by the Commission under subparagraph (A), and provides for 30 days for the submission of comments or information regarding the completeness and accuracy of the list of identified insurer participants.

(2) RESPONSE REQUIRED BY INDIVIDUAL INSURER PARTICIPANTS.—

(A) IN GENERAL.—Any person who receives notice under paragraph (1)(A), and any other person meeting the criteria specified in the notice published under paragraph (1)(B), shall respond by providing the Commission with all the information requested in the notice under a schedule or by a date established by the Commission.

(B) CERTIFICATION.—The response submitted under subparagraph (A) shall be signed by a responsible corporate officer, general partner, proprietor, or individual of similar authority, who shall certify under penalty of law the completeness and accuracy of the information submitted.

(3) NOTICE TO INSURER PARTICIPANTS OF INITIAL PAYMENT DETERMINATION.—

(A) IN GENERAL.—

(i) NOTICE TO INSURERS.—Not later than 120 days after receipt of the information required by paragraph (2), the Commission shall send each insurer participant a notice of initial determination requiring payments to the Fund, which shall be based on the information received from the participant in response to the Commission's request for information. An insurer participant's payments shall be payable over the schedule established in subsection (a)(3)(C), in annual amounts proportionate to the aggregate annual amount of payments for all insurer participants for the applicable year.

(ii) PUBLIC NOTICE.—Not later than 7 days after sending the notification of initial determination to insurer participants, the Commission shall publish in the Federal Register a notice listing the insurer participants that have been sent such notification, and the initial determination on the payment obligation of each identified participant.

(B) NO RESPONSE; INCOMPLETE RESPONSE.—If no response is received from an insurer participant, or if the response is incomplete, the initial determination requiring a payment from the insurer participant shall be based on the best information available to the Commission.

(4) COMMISSION REVIEW, REVISION, AND FINALIZATION OF INITIAL PAYMENT DETERMINATIONS.—

(A) COMMENTS FROM INSURER PARTICIPANTS.—Not later than 30 days after receiving a notice of initial determination from the Commission, an insurer participant may provide the Commission with additional information to support adjustments to the required payments to reflect severe financial hardship or exceptional circumstances, including the provision of an offset credit for an insurer participant for the amount of any asbestos-related payments it made or was legally obligated to make, including payments released from an escrow, as the result of a bankruptcy judicially confirmed after May 22, 2003, but before the date of enactment of this Act.

(B) ADDITIONAL PARTICIPANTS.—If, before the final determination of the Commission, the Commission receives information that an additional person may qualify as an insurer participant, the Commission shall require such person to submit information necessary to determine whether payments from that person should be required, in accordance with the requirements of this subsection.

(C) REVISION PROCEDURES.—The Commission shall adopt procedures for revising initial payments based on information received under subparagraphs (A) and (B), including a provision requiring an offset credit for an insurer participant for the amount of any asbestos-related payments it made or was legally obligated to make, including payments released from an escrow, as the result of a bankruptcy confirmed after May 22, 2003, but before the date of enactment of this Act.

(5) EXAMINATIONS AND SUBPOENAS.—

(A) EXAMINATIONS.—The Commission may conduct examinations of the books and records of insurer participants to determine the completeness and accuracy of information submitted, or required to be submitted, to the Commission for purposes of determining participant payments.

(B) SUBPOENAS.—The Commission may request the Attorney General to subpoena persons to compel testimony, records, and other information relevant to its responsibilities under this section. The Attorney General may enforce such subpoena in appropriate proceedings in the United States district court for the district in which the person to whom the subpoena was addressed resides, was served, or transacts business.

(6) ESCROW PAYMENTS.—Without regard to an insurer participant's payment obligation under this section, any escrow or similar account established before the date of enactment of this Act by an insurer participant in connection with an asbestos trust fund that has not been judicially confirmed by final order by the date of enactment of this Act shall be the property of the insurer participant and returned to that insurer participant.

(7) NOTICE TO INSURER PARTICIPANTS OF FINAL PAYMENT DETERMINATIONS.—Not later than 60 days after the notice of initial determination is sent to the insurer participants,

the Commission shall send each insurer participant a notice of final determination.

(c) INSURER PARTICIPANTS VOLUNTARY ALLOCATION AGREEMENT.—

(1) IN GENERAL.—Not later than 30 days after the Commission proposes its rule establishing an allocation methodology under subsection (a)(1), direct insurer participants licensed or domiciled in the United States, other direct insurer participants, reinsurer participants licensed or domiciled in the United States, or other reinsurer participants, may submit an allocation agreement, approved by all of the participants in the applicable group, to the Commission.

(2) ALLOCATION AGREEMENT.—To the extent the participants in any such applicable group voluntarily agree upon an allocation arrangement, any such allocation agreement shall only govern the allocation of payments within that group and shall not determine the aggregate amount due from that group.

(3) CERTIFICATION.—The Commission shall determine whether an allocation agreement submitted under subparagraph (A) meets the requirements of this subtitle and, if so, shall certify the agreement as establishing the allocation methodology governing the individual payment obligations of the participants who are parties to the agreement. The authority of the Commission under this subtitle shall, with respect to participants who are parties to a certified allocation agreement, terminate on the day after the Commission certifies such agreement. Under subsection (f), the Administrator shall assume responsibility, if necessary, for calculating the individual payment obligations of participants who are parties to the certified agreement.

(d) COMMISSION REPORT.—

(1) RECIPIENTS.—Until the work of the Commission has been completed and the Commission terminated, the Commission shall submit an annual report, containing the information described under paragraph (2), to—

(A) the Committee on the Judiciary of the Senate;

(B) the Committee on the Judiciary of the House of Representatives; and

(C) the Administrator.

(2) CONTENTS.—The report under paragraph (1) shall state the amount that each insurer participant is required to pay to the Fund, including the payment schedule for such payments.

(e) INTERIM PAYMENTS.—

(1) AUTHORITY OF ADMINISTRATOR.—During the period between the date of enactment of this Act and the date when the Commission issues its final determinations of payments, the Administrator shall have the authority to require insurer participants to make interim payments to the Fund to assure adequate funding by insurer participants during such period.

(2) AMOUNT OF INTERIM PAYMENTS.—During any applicable year, the Administrator may require insurer participants to make aggregate interim payments not to exceed the annual aggregate amount specified in subsection (a)(3)(C).

(3) ALLOCATION OF PAYMENTS.—Interim payments shall be allocated among individual insurer participants on an equitable basis as determined by the Administrator. All payments required under this subparagraph shall be credited against the participant's ultimate payment obligation to the Fund established by the Commission. If an interim payment exceeds the ultimate payment, the Fund shall pay interest on the amount of the overpayment at a rate determined by the Administrator. If the ultimate payment exceeds the interim payment, the participant shall pay interest on the amount of the underpayment at the same rate. Any participant may seek an exemption from or reduction in any payment required under this subsection under the financial hardship and exceptional circumstance standards established in subsection (a)(3)(D).

(4) APPEAL OF INTERIM PAYMENT DECISIONS.—A decision by the Administrator to establish an interim payment obligation shall be considered final agency action and reviewable under section 303, except that the reviewing court may not stay an interim payment during the pendency of the appeal.

(f) TRANSFER OF AUTHORITY FROM THE COMMISSION TO THE ADMINISTRATOR.—

(1) IN GENERAL.—Upon termination of the Commission under section 215, the Administrator shall assume all the responsibilities and authority of the Commission, except that the Administrator shall not have the power to modify the allocation methodology established by the Commission or by certified agreement or to promulgate a rule establishing any such methodology.

(2) FINANCIAL HARDSHIP AND EXCEPTIONAL CIRCUMSTANCE ADJUSTMENTS.—Upon termination of the Commission under section 215, the Administrator shall have the authority, upon application by any insurer participant, to make adjustments to annual payments upon the same grounds as provided in subsection (a)(3)(D). Adjustments granted under this subsection shall have a term not to exceed 3 years. An insurer participant may renew its adjustment by demonstrating that it remains justified. Upon the grant of any adjustment, the Administrator shall increase the payments required of all other insurer participants so that there is no reduction in the aggregate payment required of all insurer participants for the applicable years. The increase in an insurer participant's required payment shall be in proportion to such participant's share of the aggregate payment obligation of all insurer participants.

(3) FINANCIAL SECURITY REQUIREMENTS.—Whenever an insurer participant's A.M. Best's claims payment rating or Standard and Poor's financial strength rating falls below A−, and until such time as either the insurer participant's A.M. Best's Rating or Standard and Poor's rating is equal to or greater than A−, the Administrator shall have the authority to require that the participating insurer either—

(A) pay the present value of its remaining Fund payments at a discount rate determined by the Administrator; or

(B) provide an evergreen letter of credit or financial guarantee for future payments issued by an institution with an A.M. Best's claims payment rating or Standard & Poor's financial strength rating of at least A+.

(g) JUDICIAL REVIEW.—The Commission's rule establishing an allocation methodology, its final determinations of payment obligations and other final action shall be judicially reviewable as provided in title III.

SEC. 213. POWERS OF ASBESTOS INSURERS COMMISSION.

(a) RULEMAKING.—The Commission shall promulgate such rules and regulations as necessary to implement its authority under this Act, including regulations governing an allocation methodology. Such rules and regulations shall be promulgated after providing interested parties with the opportunity for notice and comment.

(b) HEARINGS.—The Commission may hold such hearings, sit and act at such times and places, take such testimony, and receive such evidence as the Commission considers advisable to carry out this Act. The Commission shall also hold a hearing on any proposed regulation establishing an allocation methodology, before the Commission's adoption of a final regulation.

(c) INFORMATION FROM FEDERAL AND STATE AGENCIES.—The Commission may secure directly from any Federal or State department or agency such information as the Commission considers necessary to carry out this Act. Upon request of the Chairman of the Commission, the head of such department or agency shall furnish such information to the Commission.

(d) POSTAL SERVICES.—The Commission may use the United States mails in the same manner and under the same conditions as other departments and agencies of the Federal Government.

(e) GIFTS.—The Commission may not accept, use, or dispose of gifts or donations of services or property.

(f) EXPERT ADVICE.—In carrying out its responsibilities, the Commission may enter into such contracts and agreements as the Commission determines necessary to obtain expert advice and analysis.

SEC. 214. PERSONNEL MATTERS.

(a) COMPENSATION OF MEMBERS.—Each member of the Commission shall be compensated at a rate equal to the daily equivalent of the annual rate of basic pay prescribed for level IV of the Executive Schedule under section 5315 of title 5, United States Code, for each day (including travel time) during which such member is engaged in the performance of the duties of the Commission.

(b) TRAVEL EXPENSES.—The members of the Commission shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for employees of agencies under subchapter I of chapter 57 of title 5, United States Code, while away from their homes or regular places of business in the performance of services for the Commission.

(c) STAFF.—

(1) IN GENERAL.—The Chairman of the Commission may, without regard to the civil service laws and regulations, appoint and terminate an executive director and such other additional personnel as may be necessary to enable the Commission to perform its duties. The employment of an executive director shall be subject to confirmation by the Commission.

(2) COMPENSATION.—The Chairman of the Commission may fix the compensation of the executive director and other personnel without regard to chapter 51 and subchapter III of chapter 53 of title 5, United States Code, relating to classification of positions and General Schedule pay rates, except that the rate of pay for the executive director and other personnel may not exceed the rate payable for level V of the Executive Schedule under section 5316 of such title.

(d) DETAIL OF GOVERNMENT EMPLOYEES.—Any Federal Government employee may be detailed to the Commission without reimbursement, and such detail shall be without interruption or loss of civil service status or privilege.

(e) PROCUREMENT OF TEMPORARY AND INTERMITTENT SERVICES.—The Chairman of the Commission may procure temporary and intermittent services under section 3109(b) of title 5, United States Code, at rates for individuals which do not exceed the daily equivalent of the annual rate of basic pay prescribed for level V of the Executive Schedule under section 5316 of such title.

SEC. 215. TERMINATION OF ASBESTOS INSURERS COMMISSION.

The Commission shall terminate 90 days after the last date on which the Commission makes a final determination of contribution under section 212(b) or 90 days after the last appeal of any final action by the Commission is exhausted, whichever occurs later.

SEC. 216. EXPENSES AND COSTS OF COMMISSION.

All expenses of the Commission shall be paid from the Fund.

Subtitle C—Asbestos Injury Claims Resolution Fund

SEC. 221. ESTABLISHMENT OF ASBESTOS INJURY CLAIMS RESOLUTION FUND.

(a) ESTABLISHMENT.—There is established in the Office of Asbestos Disease Compensation the Asbestos Injury Claims Resolution Fund, which shall be available to pay—

(1) claims for awards for an eligible disease or condition determined under title I;

(2) claims for reimbursement for medical monitoring determined under title I;

(3) principal and interest on borrowings under subsection (b);

(4) the remaining obligations to the asbestos trust of a debtor and the class action trust under section 405(f)(8); and

(5) administrative expenses to carry out the provisions of this Act.

(b) BORROWING AUTHORITY.—

(1) IN GENERAL.—The Administrator is authorized to borrow from time to time amounts as set forth in this subsection, for purposes of enhancing liquidity available to the Fund for carrying out the obligations of the Fund under this Act. The Administrator may authorize borrowing in such form, over such term, with such necessary disclosure to its lenders as will most efficiently enhance the Fund's liquidity.

(2) FEDERAL FINANCING BANK.—In addition to the general authority in paragraph (1), the Administrator may borrow from the Federal Financing Bank in accordance with section 6 of the Federal Financing Bank Act of 1973 (12 U.S.C. 2285), as needed for performance of the Administrator's duties under this Act for the first 5 years.

(3) BORROWING CAPACITY.—The maximum amount that may be borrowed under this subsection at any given time is the amount that, taking into account all payment obligations related to all previous amounts borrowed in accordance with this subsection and all committed obligations of the Fund at the time of borrowing, can be repaid in full (with interest) in a timely fashion from—

(A) the available assets of the Fund as of the time of borrowing; and

(B) all amounts expected to be paid by participants during the subsequent 10 years.

(4) REPAYMENT OBLIGATIONS.—Repayment of monies borrowed by the Administrator under this subsection is limited solely to amounts available in the Asbestos Injury Claims Resolution Fund established under this section.

(c) LOCKBOX FOR SEVERE ASBESTOS-RELATED INJURY CLAIMANTS.—

(1) IN GENERAL.—Within the Fund, the Administrator shall establish the following accounts:

(A) A Mesothelioma Account, which shall be used solely to make payments to claimants eligible for an award under the criteria of Level IX.

(B) A Lung Cancer Account, which shall be used solely to make payments to claimants eligible for an award under the criteria of Level VIII.

(C) A Severe Asbestosis Account, which shall be used solely to make payments to claimants eligible for an award under the criteria of Level V.

(D) A Moderate Asbestosis Account, which shall be used solely to make payments to claimants eligible for an award under the criteria of Level IV.

(2) ALLOCATION.—The Administrator shall allocate to each of the 4 accounts established under paragraph (1) a portion of payments made to the Fund adequate to compensate all anticipated claimants for each account. Within 60 days after the date of enactment of this Act, and periodically during the life of the Fund, the Administrator shall determine an appropriate amount to allocate to each account after consulting appropriate epidemiological and statistical studies.

(d) AUDIT AUTHORITY.—

(1) IN GENERAL.—For the purpose of ascertaining the correctness of any information provided or payments made to the Fund, or determining whether a person who has not made a payment to the Fund was required to do so, or determining the liability of any person for a payment to the Fund, or collecting any such liability, or inquiring into any offense connected with the administration or enforcement of this title, the Administrator is authorized—

(A) to examine any books, papers, records, or other data which may be relevant or material to such inquiry;

(B) to summon the person liable for a payment under this title, or officer or employee of such person, or any person having possession, custody, or care of books of account containing entries relating to the business of the person liable or any other person the Administrator may deem proper, to appear before the Administrator at a time and place named in the summons and to produce such books, papers, records, or other data, and to give such testimony, under oath, as may be relevant or material to such inquiry; and

(C) to take such testimony of the person concerned, under oath, as may be relevant or material to such inquiry.

(2) FALSE, FRAUDULENT, OR FICTITIOUS STATEMENTS OR PRACTICES.—If the Administrator determines that materially false, fraudulent, or fictitious statements or practices have been submitted or engaged in by persons submitting information to the Administrator or to the Asbestos Insurers Commission or any other person who provides evidence in support of such submissions for purposes of determining payment obligations under this Act, the Administrator may impose a civil penalty not to exceed $10,000 on any person found to have submitted or engaged in a materially false, fraudulent, or fictitious statement or practice under this Act. The Administrator shall promulgate appropriate regulations to implement this paragraph.

(e) IDENTITY OF CERTAIN DEFENDANT PARTICIPANTS; TRANSPARENCY.—

(1) SUBMISSION OF INFORMATION.—Not later than 60 days after the date of enactment of this Act, any person who, acting in good faith, has knowledge that such person or such person's affiliated group has prior asbestos expenditures of $1,000,000 or greater, shall submit to the Administrator—

(A) either the name of such person, or such person's ultimate parent; and

(B) the likely tier to which such person or affiliated group may be assigned under this Act.

(2) PUBLICATION.—Not later than 20 days after the end of the 60-day period referred to in paragraph (1), the Administrator or Interim Administrator, if the Administrator is not yet appointed, shall publish in the Federal Register a list of submissions required by this subsection, including the name of such persons or ultimate parents and the likely tier to which such persons or affiliated groups may be assigned. After publication of such list, any person who, acting in good faith, has knowledge that any other person has prior asbestos expenditures of $1,000,000 or greater may submit to the Administrator or Interim Administrator information on the identity of that person and the person's prior asbestos expenditures.

(f) NO PRIVATE RIGHT OF ACTION.—Except as provided in sections 203(b)(2)(D)(ii) and 204(f)(3), there shall be no private right of action under any Federal or State law against any participant based on a claim of compliance or noncompliance with this Act or the involvement of any participant in the enactment of this Act.

SEC. 222. MANAGEMENT OF THE FUND.

(a) IN GENERAL.—Amounts in the Fund shall be held for the exclusive purpose of providing benefits to asbestos claimants and their beneficiaries, including those provided in subsection (c), and to otherwise defray the reasonable expenses of administering the Fund.

(b) INVESTMENTS.—

(1) IN GENERAL.—Amounts in the Fund shall be administered and invested with the care, skill, prudence, and diligence, under the circumstances prevailing at the time of such investment, that a prudent person acting in a like capacity and manner would use.

(2) STRATEGY.—The Administrator shall invest amounts in the Fund in a manner that enables the Fund to make current and future distributions to or for the benefit of asbestos claimants. In pursuing an investment strategy under this subparagraph, the Administrator shall consider, to the extent relevant to an investment decision or action—

(A) the size of the Fund;

(B) the nature and estimated duration of the Fund;

(C) the liquidity and distribution requirements of the Fund;

(D) general economic conditions at the time of the investment;

(E) the possible effect of inflation or deflation on Fund assets;

(F) the role that each investment or course of action plays with respect to the overall assets of the Fund;

(G) the expected amount to be earned (including both income and appreciation of capital) through investment of amounts in the Fund; and

(H) the needs of asbestos claimants for current and future distributions authorized under this Act.

(c) MESOTHELIOMA RESEARCH AND TREATMENT CENTERS.—

(1) IN GENERAL.—The Administrator shall provide $1,000,000 from the Fund for each of fiscal years 2005 through 2009 for each of up to 10 mesothelioma disease research and treatment centers.

(2) REQUIREMENTS.—The Centers shall—

(A) be chosen by the Director of the National Institutes of Health;

(B) be chosen through competitive peer review;

(C) be geographically distributed throughout the United States with special consideration given to areas of high incidence of mesothelioma disease;

(D) be closely associated with Department of Veterans Affairs medical centers to provide research benefits and care to veterans who have suffered excessively from mesothelioma;

(E) be engaged in research to provide mechanisms for detection and prevention of mesothelioma, particularly in the areas of pain management and cures;

(F) be engaged in public education about mesothelioma and prevention, screening, and treatment;

(G) be participants in the National Mesothelioma Registry; and

(H) be coordinated in their research and treatment efforts with other Centers and institutions involved in exemplary mesothelioma research.

(d) BANKRUPTCY TRUST GUARANTEE.—

(1) IN GENERAL.—Notwithstanding any other provision of this Act, the Administrator shall have the authority to impose a pro rata surcharge on all participants under this subsection to ensure the liquidity of the Fund, if—

(A) the declared assets from 1 or more bankruptcy trusts established under a plan of reorganization confirmed and substantially consummated on or before July 31, 2004, are not available to the Fund because a final judgment that has been entered by a court and is no longer subject to any appeal or review has enjoined the transfer of assets required under section 524(j)(2) of title 11, United States Code (as amended by section 402(f) of this Act); and

(B) borrowing is insufficient to assure the Fund's ability to meet its obligations under this Act such that the required borrowed amount is likely to increase the risk of termination of this Act under section 405 based on reasonable claims projections.

(2) ALLOCATION.—Any surcharge imposed under this subsection shall be imposed over a period of 5 years on a pro rata basis upon all participants, in accordance with each participant's relative annual liability under this subtitle and subtitle B for those 5 years.

(3) CERTIFICATION.—

(A) IN GENERAL.—Before imposing a surcharge under this subsection, the Administrator shall publish a notice in the Federal Register and provide in such notice for a public comment period of 30 days.

(B) CONTENTS OF NOTICE.—The notice required under subparagraph (A) shall include—

(i) information explaining the circumstances that make a surcharge necessary and a certification that the requirements under paragraph (1) are met;

(ii) the amount of the declared assets from any trust established under a plan of reorganization confirmed and substantially consummated on or before July 31, 2004, that was not made, or is no longer, available to the Fund;

(iii) the total aggregate amount of the necessary surcharge; and

(iv) the surcharge amount for each tier and subtier of defendant participants and for each insurer participant.

(C) FINAL NOTICE.—The Administrator shall publish a final notice in the Federal Register and provide each participant with written notice of that participant's schedule of payments under this subsection. In no event shall any required surcharge under this subsection be due before 60 days after the Administrator publishes the final notice in the Federal Register and provides each participant with written notice of its schedule of payments.

(4) MAXIMUM AMOUNT.—In no event shall the total aggregate surcharge imposed by the Administrator exceed the lesser of—

(A) the total aggregate amount of the declared assets of the trusts established under a plan of reorganization confirmed and substantially consummated prior to July 31, 2004, that are no longer available to the Fund; or

(B) $4,000,000,000.

(5) DECLARED ASSETS.—

(A) IN GENERAL.—In this subsection, the term ''declared assets'' means—

(i) the amount of assets transferred by any trust established under a plan of reorganization confirmed and substantially consummated on or before July 31, 2004, to the Fund that is required to be returned to that trust under the final judgment described in paragraph (1)(A); or

(ii) if no assets were transferred by the trust to the Fund, the amount of assets the Administrator determines would have been available for transfer to the Fund from that trust under section 402(f).

(B) DETERMINATION.—In making a determination under subparagraph (A)(ii), the Administrator may rely on any information reasonably available, and may request, and use subpoena authority of the Administrator if necessary to obtain, relevant information from any such trust or its trustees.

(e) BANKRUPTCY TRUST CREDITS.—

(1) IN GENERAL.—Notwithstanding any other provision of this Act, but subject to paragraph (2) of this subsection, the Administrator shall provide a credit toward the aggregate payment obligations under sections 202(a)(2) and 212(a)(2)(A) for assets received by the Fund from any bankruptcy trust established under a plan of reorganization confirmed and substantially consummated after July 31, 2004.

(2) ALLOCATION OF CREDITS.—The Administrator shall allocate, for each such bankruptcy trust, the credits for such assets between the defendant and insurer aggregate payment obligations as follows:

(A) DEFENDANT PARTICIPANTS.—The aggregate amount that all persons other than insurers contributing to the bankruptcy trust would have been required to pay as Tier I defendants under section 203(b) if the plan of reorganization under which the bankruptcy trust was established had not been confirmed and substantially consummated and the proceeding under chapter 11 of title 11, United States Code, that resulted in the establishment of the bankruptcy trust had remained pending as of the date of enactment of this Act.

(B) INSURER PARTICIPANTS.—The aggregate amount of all credits to which insurers are entitled to under section 202(c)(4)(A) of the Act.

SEC. 223. ENFORCEMENT OF PAYMENT OBLIGATIONS.

(a) DEFAULT.—If any participant fails to make any payment in the amount of and according to the schedule under this Act or as prescribed by the Administrator, after demand and a 30-day opportunity to cure the default, there shall be a lien in favor of the United States for the amount of the delinquent payment (including interest) upon all property and rights to property, whether real or personal, belonging to such participant.

(b) BANKRUPTCY.—In the case of a bankruptcy or insolvency proceeding, the lien imposed under subsection (a) shall be treated in the same manner as a lien for taxes due and owing to the United States for purposes of the provisions of title 11, United States Code, or section 3713(a) of title 31, United States Code. The United States Bankruptcy Court shall have jurisdiction over any issue or controversy regarding lien priority and lien perfection arising in a bankruptcy case due to a lien imposed under subsection (a).

(c) CIVIL ACTION.—

(1) IN GENERAL.—In any case in which there has been a refusal or failure to pay any liability imposed under this Act, the Administrator may bring a civil action in the United States District Court for the District of Columbia, or any other appropriate lawsuit or proceeding outside of the United States—

(A) to enforce the liability and any lien of the United States imposed under this section;

(B) to subject any property of the participant, including any property in which the participant has any right, title, or interest to the payment of such liability; or

(C) for temporary, preliminary, or permanent relief.

(2) ADDITIONAL PENALTIES.—In any action under paragraph (1) in which the refusal or failure to pay was willful, the Administrator may seek recovery—

(A) of punitive damages;

(B) of the costs of any civil action under this subsection, including reasonable fees incurred for collection, expert witnesses, and attorney's fees; and

(C) in addition to any other penalty, of a fine equal to the total amount of the liability that has not been collected.

(d) ENFORCEMENT AUTHORITY AS TO INSURER PARTICIPANTS.—

(1) IN GENERAL.—In addition to or in lieu of the enforcement remedies described in subsection (c), the Administrator may seek to recover amounts in satisfaction of a payment not timely paid by an insurer participant under the procedures under this subsection.

(2) SUBROGATION.—To the extent required to establish personal jurisdiction over nonpaying insurer participants, the Administrator shall be deemed to be subrogated to the contractual rights of participants to seek recovery from nonpaying insuring participants that are domiciled outside the United States under the policies of liability insurance or contracts of liability reinsurance or retrocessional reinsurance applicable to asbestos claims, and the Administrator may bring an action or an arbitration against the nonpaying insurer participants under the provisions of such policies and contracts, provided that—

(A) any amounts collected under this subsection shall not increase the amount of deemed erosion allocated to any policy or contract under section 404, or otherwise reduce coverage available to a participant; and

(B) subrogation under this subsection shall have no effect on the validity of the insurance policies or reinsurance, and any contrary State law is expressly preempted.

(3) RECOVERABILITY OF CONTRIBUTION.—For purposes of this subsection—

(A) all contributions to the Fund required of a participant shall be deemed to be sums legally required to be paid for bodily injury resulting from exposure to asbestos;

(B) all contributions to the Fund required of any participant shall be deemed to be a single loss arising from a single occurrence under each contract to which the Administrator is subrogated; and

(C) with respect to reinsurance contracts, all contributions to the Fund required of a participant shall be deemed to be payments to a single claimant for a single loss.

(4) NO CREDIT OR OFFSET.—In any action brought under this subsection, the nonpaying insurer or reinsurer shall be entitled to no credit or offset for amounts collectible or potentially collectible from any participant nor shall such defaulting participant have any right to collect any sums payable under this section from any participant.

(5) COOPERATION.—Insureds and cedents shall cooperate with the Administrator's reasonable requests for assistance in any such proceeding. The positions taken or

statements made by the Administrator in any such proceeding shall not be binding on or attributed to the insureds or cedents in any other proceeding. The outcome of such a proceeding shall not have a preclusive effect on the insureds or cedents in any other proceeding and shall not be admissible against any subrogee under this section. The Administrator shall have the authority to settle or compromise any claims against a nonpaying insurer participant under this subsection.

(e) BAR ON UNITED STATES BUSINESS.—If any direct insurer or reinsurer refuses to furnish any information requested by or to pay any contribution required by this Act, then, in addition to any other penalties imposed by this Act, the Administrator may issue an order barring such entity and its affiliates from insuring risks located within the United States or otherwise doing business within the United States. Insurer participants or their affiliates seeking to obtain a license from any State to write any type of insurance shall be barred from obtaining any such license until payment of all contributions required as of the date of license application.

(f) CREDIT FOR REINSURANCE.—If the Administrator determines that an insurer participant that is a reinsurer is in default in paying any required contribution or otherwise not in compliance with this Act, the Administrator may issue an order barring any direct insurer participant from receiving credit for reinsurance purchased from the defaulting reinsurer. Any State law governing credit for reinsurance to the contrary is preempted.

(g) DEFENSE LIMITATION.—In any proceeding under this section, the participant shall be barred from bringing any challenge to any determination of the Administrator or the Asbestos Insurers Commission regarding its liability under this Act, or to the constitutionality of this Act or any provision thereof, if such challenge could have been made during the review provided under section 204(i)(10), or in a judicial review proceeding under section 303.

(h) DEPOSIT OF FUNDS.—

(1) IN GENERAL.—Any funds collected under subsection (c)(2) (A) or (C) shall be—

(A) deposited in the Fund; and

(B) used only to pay—

(i) claims for awards for an eligible disease or condition determined under title I; or

(ii) claims for reimbursement for medical monitoring determined under title I.

(2) NO EFFECT ON OTHER LIABILITIES.—The imposition of a fine under subsection (c)(2)(C) shall have no effect on—

(A) the assessment of contributions under subtitles A and B; or

(B) any other provision of this Act.

(i) PROPERTY OF THE ESTATE.—Section 541(b) of title 11, United States Code, is amended—

(1) in paragraph (4)(B)(ii), by striking ''or'' at the end;

(2) in paragraph (5), by striking ''prohibition.'' and inserting ''prohibition; or''; and

(3) by inserting after paragraph (5) and before the last undesignated sentence the following:

''(6) the value of any pending claim against or the amount of an award granted from the Asbestos Injury Claims Resolution Fund established under the Fairness in Asbestos Injury Resolution Act of 2005.''.

SEC. 224. INTEREST ON UNDERPAYMENT OR NONPAYMENT.

If any amount of payment obligation under this title is not paid on or before the last date prescribed for payment, the liable party shall pay interest on such amount at the Federal short-term rate determined under section 6621(b) of the Internal Revenue Code of 1986, plus 5 percentage points, for the period from such last date to the date paid.

SEC. 225. EDUCATION, CONSULTATION, SCREENING, AND MONITORING.

(a) IN GENERAL.—The Administrator shall establish a program for the education, consultation, medical screening, and medical monitoring of persons with exposure to asbestos. The program shall be funded by the Fund.

(b) OUTREACH AND EDUCATION.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator shall establish an outreach and education program, including a website designed to provide information about asbestos-related medical conditions to members of populations at risk of developing such conditions.

(2) INFORMATION.—The information provided under paragraph (1) shall include information about—

(A) the signs and symptoms of asbestos-related medical conditions;

(B) the value of appropriate medical screening programs; and

(C) actions that the individuals can take to reduce their future health risks related to asbestos exposure.

(3) CONTRACTS.—Preference in any contract under this subsection shall be given to providers that are existing nonprofit organizations with a history and experience of providing occupational health outreach and educational programs for individuals exposed to asbestos.

(c) MEDICAL SCREENING PROGRAM.—

(1) ESTABLISHMENT OF PROGRAM.—Not sooner than 18 months or later than 24 months after the Administrator certifies that the Fund is fully operational and processing claims at a reasonable rate, the Administrator shall adopt guidelines establishing a medical screening program for individuals at high risk of asbestos-related disease resulting from an asbestos-related disease. In promulgating such guidelines, the Administrator shall consider the views of the Advisory Committee on Asbestos Disease Compensation, the Medical Advisory Committee, and the public.

(2) ELIGIBILITY CRITERIA.—

(A) IN GENERAL.—The guidelines promulgated under this subsection shall establish criteria for participation in the medical screening program.

(B) CONSIDERATIONS.—In promulgating eligibility criteria the Administrator shall take into consideration all factors relevant to the individual's effective cumulative exposure to asbestos, including—

(i) any industry in which the individual worked;

(ii) the individual's occupation and work setting;

(iii) the historical period in which exposure took place;

(iv) the duration of the exposure;

(v) the intensity and duration of non-occupational exposures; and

(vi) any other factors that the Administrator determines relevant.

(3) PROTOCOLS.—The guidelines developed under this subsection shall establish protocols for medical screening, which shall include—

(A) administration of a health evaluation and work history questionnaire;

(B) an evaluation of smoking history;

(C) a physical examination by a qualified physician with a doctor-patient relationship with the individual;

(D) a chest x-ray read by a certified B-reader as defined under section 121(a)(4); and

(E) pulmonary function testing as defined under section 121(a)(13).

(4) FREQUENCY.—The Administrator shall establish the frequency with which medical screening shall be provided or be made available to eligible individuals, which shall be not less than every 5 years.

(5) PROVISION OF SERVICES.—The Administrator shall provide medical screening to eligible individuals directly or by contract with another agency of the Federal Government, with State or local governments, or with private providers of medical services. The Administrator shall establish strict qualifications for the providers of such services, and shall periodically audit the providers of services under this subsection, to ensure their integrity, high degree of competence, and compliance with all applicable technical and professional standards. No provider of medical screening services may have earned more than 15 percent of their income from the provision of services of any kind in connection with asbestos litigation in any of the 3 years preceding the date of enactment of this Act. All contracts with providers of medical screening services under this subsection shall contain provisions allowing the Administrator to terminate such contracts for cause if the Administrator determines that the service provider fails to meet the qualifications established under this subsection.

(6) LIMITATION OF COMPENSATION FOR SERVICES.—The compensation required to be paid to a provider of medical screening services for such services furnished to an eligible individual shall be limited to the amount that would be reimbursed at the time of the furnishing of such services under title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.) for similar services if—

(A) the individual were entitled to benefits under part A of such title and enrolled under part B of such title; and

(B) such services are covered under title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.).

(7) FUNDING; PERIODIC REVIEW.—

(A) FUNDING.—The Administrator shall make such funds available from the Fund to implement this section, but not more than $30,000,000 each year in each of the 5 years following the effective date of the medical screening program. Notwithstanding the preceding sentence, the Administrator shall suspend the operation of the program or reduce its funding level if necessary to preserve the solvency of the Fund and to prevent the sunset of the overall program under section 405(f).

(B) REVIEW.—The Administrator's first annual report under section 405 following the close of the 4th year of operation of the medical screening program shall include an analysis of the usage of the program, its cost and effectiveness, its medical value, and the need to continue that program for an additional 5-year period. The Administrator shall also recommend to Congress any improvements that may be required to make the program more effective, efficient, and economical, and shall recommend a funding level for the program for the 5 years following the period of initial funding referred to under subparagraph (A).

(d) LIMITATION.—In no event shall the total amount allocated to the medical screening program established under this subsection over the lifetime of the Fund exceed $600,000,000.

(e) MEDICAL MONITORING PROGRAM AND PROTOCOLS.—

(1) IN GENERAL.—The Administrator shall establish procedures for a medical monitoring program for persons exposed to asbestos who have been approved for level I compensation under section 131.

(2) PROCEDURES.—The procedures for medical monitoring shall include—

(A) specific medical tests to be provided to eligible individuals and the periodicity of those tests, which shall initially be provided every 3 years and include—

(i) administration of a health evaluation and work history questionnaire;

(ii) physical examinations, including blood pressure measurement, chest examination, and examination for clubbing;

(iii) AP and lateral chest x-ray; and

(iv) spirometry performed according to ATS standards;

(B) qualifications of medical providers who are to provide the tests required under subparagraph (A); and

(C) administrative provisions for reimbursement from the Fund of the costs of monitoring eligible claimants, including the costs associated with the visits of the claimants to physicians in connection with medical monitoring, and with the costs of performing and analyzing the tests.

(3) PREFERENCES.—

(A) IN GENERAL.—In administering the monitoring program under this subsection, preference shall be given to medical and program providers with—

(i) a demonstrated capacity for identifying, contacting, and evaluating populations of workers or others previously exposed to asbestos; and

(ii) experience in establishing networks of medical providers to conduct medical screening and medical monitoring examinations.

(B) PROVISION OF LISTS.—Claimants that are eligible to participate in the medical monitoring program shall be provided with a list of approved providers in their geographic area at the time such claimants become eligible to receive medical monitoring.

(f) CONTRACTS.—The Administrator may enter into contracts with qualified program providers that would permit the program providers to undertake large-scale medical screening and medical monitoring programs by means of subcontracts with a network of medical providers, or other health providers.

(g) REVIEW.—Not later than 5 years after the date of enactment of this Act, and every 5 years thereafter, the Administrator shall review, and if necessary update, the protocols and procedures established under this section.

TITLE III—JUDICIAL REVIEW

SEC. 301. JUDICIAL REVIEW OF RULES AND REGULATIONS.

(a) EXCLUSIVE JURISDICTION.—The United States Court of Appeals for the District of Columbia Circuit shall have exclusive jurisdiction over any action to review rules or regulations promulgated by the Administrator or the Asbestos Insurers Commission under this Act.

(b) PERIOD FOR FILING PETITION.—A petition for review under this section shall be filed not later than 60 days after the date notice of such promulgation appears in the Federal Register.

(c) EXPEDITED PROCEDURES.—The United States Court of Appeals for the District of Columbia shall provide for expedited procedures for reviews under this section.

SEC. 302. JUDICIAL REVIEW OF AWARD DECISIONS.

(a) IN GENERAL.—Any claimant adversely affected or aggrieved by a final decision of the Administrator awarding or denying compensation under title I may petition for judicial review of such decision. Any petition for review under this section shall be filed within 90 days of the issuance of a final decision of the Administrator.

(b) EXCLUSIVE JURISDICTION.—A petition for review may only be filed in the United States Court of Appeals for the circuit in which the claimant resides at the time of the issuance of the final order.

(c) STANDARD OF REVIEW.—The court shall uphold the decision of the Administrator unless the court determines, upon review of the record as a whole, that the decision is not supported by substantial evidence, is contrary to law, or is not in accordance with procedure required by law.

(d) EXPEDITED PROCEDURES.—The United States Court of Appeals shall provide for expedited procedures for reviews under this section.

SEC. 303. JUDICIAL REVIEW OF PARTICIPANTS' ASSESSMENTS.

(a) EXCLUSIVE JURISDICTION.—The United States Court of Appeals for the District of Columbia Circuit shall have exclusive jurisdiction over any action to review a final determination by the Administrator or the Asbestos Insurers Commission regarding the liability of any person to make a payment to the Fund, including a notice of applicable subtier assignment under section 204(i), a notice of financial hardship or inequity determination under section 204(d), and a notice of insurer participant obligation under section 212(b).

(b) PERIOD FOR FILING ACTION.—A petition for review under subsection (a) shall be filed not later than 60 days after a final determination by the Administrator or the Commission giving rise to the action. Any defendant participant who receives a notice of its applicable subtier under section 204(i) or a notice of financial hardship or inequity determination under section 204(d) shall commence any action within 30 days after a decision on rehearing under section 204(i)(10), and any insurer participant who receives a notice of a payment obligation under section 212(b) shall commence any action within 30 days after receiving such notice. The court shall give such action expedited consideration.

SEC. 304. OTHER JUDICIAL CHALLENGES.

(a) EXCLUSIVE JURISDICTION.—The United States District Court for the District of Columbia shall have exclusive jurisdiction over any action for declaratory or injunctive relief challenging any provision of this Act. An action under this section shall be filed not later than 60 days after the date of enactment of this Act or 60 days after the final action by the Administrator or the Commission giving rise to the action, whichever is later.

(b) DIRECT APPEAL.—A final decision in the action shall be reviewable on appeal directly to the Supreme Court of the United States. Such appeal shall be taken by the filing of a notice of appeal within 30 days, and the filing of a jurisdictional statement within 60 days, of the entry of the final decision.

(c) EXPEDITED PROCEDURES.—It shall be the duty of the United States District Court for the District of Columbia and the Supreme Court of the United States to advance on the docket and to expedite to the greatest possible extent the disposition of the action and appeal.

SEC. 305. STAYS, EXCLUSIVITY, AND CONSTITUTIONAL REVIEW.

(a) NO STAYS.—No court may issue a stay of payment by any party into the Fund pending its final judgment.

(b) EXCLUSIVITY OF REVIEW.—An action of the Administrator or the Asbestos Insurers Commission for which review could have been obtained under section 301, 302, or 303 shall not be subject to judicial review in any other proceeding.

(c) CONSTITUTIONAL REVIEW.—

(1) IN GENERAL.—Notwithstanding any other provision of law, any interlocutory or final judgment, decree, or order of a Federal court holding this Act, or any provision or application thereof, unconstitutional shall be reviewable as a matter of right by direct appeal to the Supreme Court.

(2) PERIOD FOR FILING APPEAL.—Any such appeal shall be filed not more than 30 days after entry of such judgment, decree, or order.

(3) REPAYMENT TO ASBESTOS TRUST AND CLASS ACTION TRUST.—If the transfer of the assets of any asbestos trust of a debtor or any class action trust (or this Act as a whole) is held to be unconstitutional or otherwise unlawful, the Fund shall transfer the remaining balance of such assets (determined under section 405(f)(1)(A)(iii)) back to the appropriate asbestos trust or class action trust within 90 days after final judicial action on the legal challenge, including the exhaustion of all appeals.

TITLE IV—MISCELLANEOUS PROVISIONS

SEC. 401. FALSE INFORMATION.

(a) IN GENERAL.—Chapter 63 of title 18, United States Code, is amended by adding at the end the following:

''§ 1348. Fraud and false statements in connection with participation in Asbestos Injury Claims Resolution Fund

''(a) FRAUD RELATING TO ASBESTOS INJURY CLAIMS RESOLUTION FUND.—Whoever knowingly and willfully executes, or attempts to execute, a scheme or artifice to defraud the Office of Asbestos Disease Compensation or the Asbestos Insurers Commission under title II of the Fairness in Asbestos Injury Resolution Act of 2005 shall be fined under this title or imprisoned not more than 20 years, or both.

''(b) FALSE STATEMENT RELATING TO ASBESTOS INJURY CLAIMS RESOLUTION FUND.—Whoever, in any matter involving the Office of Asbestos Disease Compensation or the Asbestos Insurers Commission, knowingly and willfully—

''(1) falsifies, conceals, or covers up by any trick, scheme, or device a material fact;

''(2) makes any materially false, fictitious, or fraudulent statements or representations; or

''(3) makes or uses any false writing or document knowing the same to contain any materially false, fictitious, or fraudulent statement or entry, in connection with the award of a claim or the determination of a participant's payment obligation under title I or II of the Fairness in Asbestos Injury Resolution Act of 2005 shall be fined under this title or imprisoned not more than 10 years, or both.''.

(b) TECHNICAL AND CONFORMING AMENDMENT.—The table of sections for chapter 63 of title 18, United States Code, is amended by adding at the end the following:

''1348. Fraud and false statements in connection with participation in Asbestos Injury Claims Resolution Fund.''.

SEC. 402. EFFECT ON BANKRUPTCY LAWS.

(a) NO AUTOMATIC STAY.—Section 362(b) of title 11, United States Code, is amended—

(1) in paragraph (17), by striking ''or'' at the end;

(2) in paragraph (18), by striking the period at the end and inserting ''; or''; and

(3) by inserting after paragraph (18) the following:

''(19) under subsection (a) of this section of the enforcement of any payment obligations under section 204 of the Fairness in Asbestos Injury Resolution Act of 2005, against a debtor, or the property of the estate of a debtor, that is a participant (as that term is defined in section 3 of that Act).''.

(b) ASSUMPTION OF EXECUTORY CONTRACT.—Section 365 of title 11, United States Code, is amended by adding at the end the following:

''(p) If a debtor is a participant (as that term is defined in section 3 of the Fairness in Asbestos Injury Resolution Act of 2005), the trustee shall be deemed to have assumed all executory contracts entered into by the participant under section 204 of that Act. The trustee may not reject any such executory contract.''.

(c) ALLOWED ADMINISTRATIVE EXPENSES.—Section 503 of title 11, United States Code, is amended by adding at the end the following:

''(c)(1) Claims or expenses of the United States, the Attorney General, or the Administrator (as that term is defined in section 3 of the Fairness in Asbestos Injury Resolution Act of 2005) based upon the asbestos payment obligations of a debtor that is a Participant (as that term is defined in section 3 of that Act), shall be paid as an allowed administrative expense. The debtor shall not be entitled to either notice or a hearing with respect to such claims.

''(2) For purposes of paragraph (1), the term 'asbestos payment obligation' means any payment obligation under title II of the Fairness in Asbestos Injury Resolution Act of 2005.''.

(d) NO DISCHARGE.—Section 523 of title 11, United States Code, is amended by adding at the end the following:

''(f) A discharge under section 727, 1141, 1228, or 1328 of this title does not discharge any debtor that is a participant (as that term is defined in section 3 of the Fairness in Asbestos Injury Resolution Act of 2005) of the debtor's payment obligations assessed against the participant under title II of that Act.''.

(e) PAYMENT.—Section 524 of title 11, United States Code, is amended by adding at the end the following:

''(i) PARTICIPANT DEBTORS.—

''(1) IN GENERAL.—Paragraphs (2) and (3) shall apply to a debtor who—

''(A) is a participant that has made prior asbestos expenditures (as such terms are defined in the Fairness in Asbestos Injury Resolution Act of 2005); and

''(B) is subject to a case under this title that is pending—

''(i) on the date of enactment of the Fairness in Asbestos Injury Resolution Act of 2005; or

''(ii) at any time during the 1-year period preceding the date of enactment of that Act.

''(2) TIER I DEBTORS.—A debtor that has been assigned to Tier I under section 202 of the Fairness in Asbestos Injury Resolution Act of 2005, shall make payments in accordance with sections 202 and 203 of that Act.

''(3) TREATMENT OF PAYMENT OBLIGATIONS.—All payment obligations of a debtor under sections 202 and 203 of the Fairness in Asbestos Injury Resolution Act of 2005 shall—

''(A) constitute costs and expenses of administration of a case under section 503 of this title;

''(B) notwithstanding any case pending under this title, be payable in accordance with section 202 of that Act;

''(C) not be stayed;

''(D) not be affected as to enforcement or collection by any stay or injunction of any court; and

''(E) not be impaired or discharged in any current or future case under this title.''.

(f) TREATMENT OF TRUSTS.—Section 524 of title 11, United States Code, as amended by this Act, is amended by adding at the end the following:

''(j) ASBESTOS TRUSTS.—

''(1) IN GENERAL.—A trust shall assign a portion of the corpus of the trust to the Asbestos Injury Claims Resolution Fund (referred to in this subsection as the 'Fund') as established under the Fairness in Asbestos Injury Resolution Act of 2005 if the trust qualifies as a 'trust' under section 201 of that Act.

''(2) TRANSFER OF TRUST ASSETS.—

''(A) IN GENERAL.—

''(i) Except as provided under subparagraphs (B), (C), and (E), the assets in any trust established to provide compensation for asbestos claims (as defined in section 3 of the Fairness in Asbestos Injury Resolution Act of 2005) shall be transferred to the Fund not later than 6 months after the date of enactment of the Fairness in Asbestos Injury Resolution Act of 2005 or 30 days following funding of a trust established under a reorganization plan subject to section 202(c) of that Act. Except as provided under subparagraph (B), the Administrator of the Fund shall accept such assets and utilize them for any purposes of the Fund under section 221 of such Act, including the payment of claims for awards under such Act to beneficiaries of the trust from which the assets were transferred.

''(ii) Notwithstanding any other provision of Federal or State law, no liability of any kind may be imposed on a trustee of a trust for transferring assets to the Fund in accordance with clause (i).

''(B) AUTHORITY TO REFUSE ASSETS.—The Administrator of the Fund may refuse to accept any asset that the Administrator determines may create liability for the Fund in excess of the value of the asset.

''(C) ALLOCATION OF TRUST ASSETS.—If a trust under subparagraph (A) has beneficiaries with claims that are not asbestos claims, the assets transferred to the Fund under subparagraph (A) shall not include assets allocable to such beneficiaries. The trustees of any such trust shall determine the amount of such trust assets to be reserved for the continuing operation of the trust in processing and paying claims that are not asbestos claims. The trustees shall demonstrate to the satisfaction of the Administrator, or by clear and convincing evidence in a proceeding brought before the United States District Court for the District of Columbia in accordance with paragraph (4), that the amount reserved is properly allocable to claims other than asbestos claims.

''(D) SALE OF FUND ASSETS.—The investment requirements under section 222 of the Fairness in Asbestos Injury Resolution Act of 2005 shall not be construed to require the Administrator of the Fund to sell assets transferred to the Fund under subparagraph (A).

''(E) LIQUIDATED CLAIMS.—Except as specifically provided in this subparagraph, all asbestos claims against a trust are superseded and preempted as of the date of enactment of the Fairness in Asbestos Injury Resolution Act of 2005, and a trust shall not make any payment relating to asbestos claims after that date. If, in the ordinary course and the normal and usual administration of the trust consistent with past practices, a trust had before the date of enactment of the Fairness in Asbestos Injury Resolution Act of 2005, made all determinations necessary to entitle an individual claimant to a noncontingent cash payment from the trust, the trust shall (i) make any lump-sum cash payment due to that claimant, and (ii) make or provide for all remaining noncontingent payments on any award being paid or scheduled to be paid on an installment basis, in each case only to the same extent that the trust would have made such cash payments in the ordinary course and consistent with past practices before enactment of that Act. A trust shall not make any payment in respect of any alleged contingent right to recover any greater amount than the trust had already paid, or had completed all determinations necessary to pay, to a claimant in cash in accordance with its ordinary distribution procedures in effect as of June 1, 2003.

''(3) INJUNCTION.—

''(A) IN GENERAL.—Any injunction issued as part of the formation of a trust described in paragraph (1) shall remain in full force and effect. No court, Federal or State, may enjoin the transfer of assets by a trust to the Fund in accordance with this subsection pending resolution of any litigation challenging such transfer or the validity of this subsection or of any provision of the Fairness in Asbestos Injury Resolution Act of 2005, and an interlocutory order denying such relief shall not be subject to immediate appeal under section 1291(a) of title 28.

''(B) AVAILABILITY OF FUND ASSETS.—Notwithstanding any other provision of law, once such a transfer has been made, the assets of the Fund shall be available to satisfy any final judgment entered in such an action and such transfer shall no longer be subject to any appeal or review—

''(i) declaring that the transfer effected a taking of a right or property for which an individual is constitutionally entitled to just compensation; or

''(ii) requiring the transfer back to a trust of any or all assets transferred by that trust to the Fund.

''(4) JURISDICTION.—Solely for purposes of implementing this subsection, personal jurisdiction over every covered trust, the trustees thereof, and any other necessary party, and exclusive subject matter jurisdiction over every question arising out of or related to this subsection, shall be vested in the United States District Court for the District of Columbia. Notwithstanding any other provision of law, including section 1127 of this title, that court may make any order necessary and appropriate to facilitate prompt compliance with this subsection, including assuming jurisdiction over and modifying, to the extent necessary, any applicable confirmation order or other order with continuing and prospective application to a covered trust. The court may also resolve any related challenge to the constitutionality of this subsection or of its application to any trust, trustee, or individual claimant. The Administrator of the Fund may bring an action seeking such an order or modification, under the standards of rule 60(b) of the Federal Rules of Civil Procedure or otherwise, and shall be entitled to intervene as of right in any action brought by any other party seeking interpretation, application, or invalidation of this subsection. Any order denying relief that would facilitate prompt compliance with the transfer provisions of this subsection shall be subject to immediate appeal under section 304 of the Fairness in Asbestos Injury Resolution Act

of 2005. Notwithstanding any other provision of this paragraph, for purposes of implementing the sunset provisions of section 402(f) of such Act which apply to asbestos trusts and the class action trust, the bankruptcy court or United States district court having jurisdiction over any such trust as of the date of enactment of such Act shall retain such jurisdiction.''.

(g) NO AVOIDANCE OF TRANSFER.—Section 546 of title 11, United States Code, is amended by adding at the end the following:

''(h) Notwithstanding the rights and powers of a trustee under sections 544, 545, 547, 548, 549, and 550 of this title, if a debtor is a participant (as that term is defined in section 3 of the Fairness in Asbestos Injury Resolution Act of 2005), the trustee may not avoid a transfer made by the debtor under its payment obligations under section 202 or 203 of that Act.''.

(h) CONFIRMATION OF PLAN.—Section 1129(a) of title 11, United States Code, is amended by adding at the end the following:

''(14) If the debtor is a participant (as that term is defined in section 3 of the Fairness in Asbestos Injury Resolution Act of 2005), the plan provides for the continuation after its effective date of payment of all payment obligations under title II of that Act.''.

(i) EFFECT ON INSURANCE RECEIVERSHIP PROCEEDINGS.—

(1) LIEN.—In an insurance receivership proceeding involving a direct insurer, reinsurer or runoff participant, there shall be a lien in favor of the Fund for the amount of any assessment and any such lien shall be given priority over all other claims against the participant in receivership, except for the expenses of administration of the receivership and the perfected claims of the secured creditors. Any State law that provides for priorities inconsistent with this provision is preempted by this Act.

(2) PAYMENT OF ASSESSMENT.—Payment of any assessment required by this Act shall not be subject to any automatic or judicially entered stay in any insurance receivership proceeding. This Act shall preempt any State law requiring that payments by a direct insurer, reinsurer or runoff participant in an insurance receivership proceeding be approved by a court, receiver or other person. Payments of assessments by any direct insurer or reinsurer participant under this Act shall not be subject to the avoidance powers of a receiver or a court in or relating to an insurance receivership proceeding.

(j) STANDING IN BANKRUPTCY PROCEEDINGS.—The Administrator shall have standing in any bankruptcy case involving a debtor participant. No bankruptcy court may require the Administrator to return property seized to satisfy obligations to the Fund.

SEC. 403. EFFECT ON OTHER LAWS AND EXISTING CLAIMS.

(a) EFFECT ON FEDERAL AND STATE LAW.—The provisions of this Act shall supersede any Federal or State law insofar as such law may relate to any asbestos claim, including any claim described under subsection (e)(2).

(b) EFFECT ON SILICA CLAIMS.—

(1) IN GENERAL.—

(A) RULE OF CONSTRUCTION.—Nothing in this Act shall be construed to preempt, bar, or otherwise preclude any personal injury claim attributable to exposure to silica as to which the plaintiff—

(i) pleads with particularity and establishes by a preponderance of evidence either that—

(I) no claim has been asserted or filed by or with respect to the exposed person in any forum for any asbestos-related condition and the exposed person (or another claiming on behalf of or through the exposed person) is not eligible for any monetary award under this Act; or

(II)(aa) the exposed person suffers or has suffered a functional impairment that was caused by exposure to silica; and

(bb) asbestos exposure was not a substantial contributing factor to such functional impairment; and

(ii) satisfies the requirements of paragraph (2) .

(B) PREEMPTION.—Claims attributable to exposure to silica that fail to meet the requirements of subparagraph (A) shall be preempted by this Act.

(2) REQUIRED EVIDENCE.—

(A) IN GENERAL.—In any claim to which paragraph (1) applies, the initial pleading (or, for claims pending on the date of enactment of this Act, an amended pleading to be filed within 60 days after such date, but not later than 60 days before trial, shall plead with particularity the elements of subparagraph (A)(i)(I) or (II) and shall be accompanied by the information described under subparagraph (B)(i) through (iv).

(B) PLEADINGS.—If the claim pleads the elements of paragraph (1)(A)(i)(II) and by the information described under clauses (i) through (iv) of this subparagraph if the claim pleads the elements of paragraph (1)(A)(i)(I)—

(i) admissible evidence, including at a minimum, a B-reader's report, the underlying x-ray film and such other evidence showing that the claim may be maintained and is not preempted under paragraph (1);

(ii) notice of any previous lawsuit or claim for benefits in which the exposed person, or another claiming on behalf of or through the injured person, asserted an injury or disability based wholly or in part on exposure to asbestos;

(iii) if known by the plaintiff after reasonable inquiry by the plaintiff or his representative, the history of the exposed person's exposure, if any, to asbestos; and

(iv) copies of all medical and laboratory reports pertaining to the exposed person that refer to asbestos or asbestos exposure.

(c) SUPERSEDING PROVISIONS.—

(1) IN GENERAL.—Except as provided under paragraph (3), any agreement, understanding, or undertaking by any person or affiliated group with respect to the treatment of any asbestos claim that requires future performance by any party, insurer of such party, settlement administrator, or escrow agent shall be superseded in its entirety by this Act.

(2) NO FORCE OR EFFECT.—Except as provided under paragraph (3), any such agreement, understanding, or undertaking by any such person or affiliated group shall be of no force or effect, and no person shall have any rights or claims with respect to any such agreement, understanding, or undertaking.

(3) EXCEPTION.—

(A) IN GENERAL.—Except as provided in section 202(f), nothing in this Act shall abrogate a binding and legally enforceable written settlement agreement between any defendant participant or its insurer and a specific named plaintiff with respect to the settlement of an asbestos claim of the plaintiff if—

(i) before the date of enactment of this Act, the settlement agreement was executed directly by the settling defendant or the settling insurer and the individual plaintiff, or on behalf of the plaintiff where the plaintiff is incapacitated and the settlement agreement is signed by an authorized legal representative;

(ii) the settlement agreement contains an express obligation by the settling defendant or settling insurer to make a future direct monetary payment or payments in a fixed amount or amounts to the individual plaintiff; and

(iii) within 30 days after the date of enactment of this Act, or such shorter time period specified in the settlement agreement, all conditions to payment under the settlement agreement have been fulfilled, so that the only remaining performance due under the settlement agreement is the payment or payments by the settling defendant or the settling insurer.

(B) BANKRUPTCY-RELATED AGREEMENTS.—The exception set forth in this paragraph shall not apply to any bankruptcy-related agreement.

(C) COLLATERAL SOURCE.—Any settlement payment under this section is a collateral source if the plaintiff seeks recovery from the Fund.

(D) ABROGATION.—Nothing in subparagraph (A) shall abrogate a settlement agreement otherwise satisfying the requirements of that subparagraph if such settlement agreement expressly anticipates the enactment of this Act and provides for the effects of this Act.

(E) HEALTH CARE INSURANCE OR EXPENSES SETTLEMENTS.—Nothing in this Act shall abrogate or terminate an otherwise fully enforceable settlement agreement which was executed before the date of enactment of this Act directly by the settling defendant or the settling insurer and a specific named plaintiff to pay the health care insurance or health care expenses of the plaintiff.

(d) EXCLUSIVE REMEDY.—

(1) IN GENERAL.—Except as provided under paragraph (2), the remedies provided under this Act shall be the exclusive remedy for any asbestos claim, including any claim described in subsection (e)(2), under any Federal or State law.

(2) CIVIL ACTIONS AT TRIAL.—

(A) IN GENERAL.—This Act shall not apply to any asbestos claim that—

(i) is a civil action filed in a Federal or State court (not including a filing in a bankruptcy court);

(ii) is not part of a consolidation of actions or a class action; and

(iii) on the date of enactment of this Act—

(I) in the case of a civil action which includes a jury trial, is before the jury after its impanelling and commencement of presentation of evidence, but before its deliberations;

(II) in the case of a civil action which includes a trial in which a judge is the trier of fact, is at the presentation of evidence at trial; or

(III) a verdict, final order, or final judgment has been entered by a trial court.

(B) NONAPPLICABILITY.—This Act shall not apply to a civil action described under subparagraph (A) throughout the final disposition of the action.

(e) BAR ON ASBESTOS CLAIMS.—

(1) IN GENERAL.—No asbestos claim (including any claim described in paragraph (2)) may be pursued, and no pending asbestos claim may be maintained, in any Federal or State court, except as provided under subsection (d)(2).

(2) CERTAIN SPECIFIED CLAIMS.—

(A) IN GENERAL.—Subject to section 404 (d) and (e)(3) of this Act, no claim may be brought or pursued in any Federal or State court or insurance receivership proceeding—

(i) relating to any default, confessed or stipulated judgment on an asbestos claim if

the judgment debtor expressly agreed, in writing or otherwise, not to contest the entry of judgment against it and the plaintiff expressly agreed, in writing or otherwise, to seek satisfaction of the judgment only against insurers or in bankruptcy;

(ii) relating to the defense, investigation, handling, litigation, settlement, or payment of any asbestos claim by any participant, including claims for bad faith or unfair or deceptive claims handling or breach of any duties of good faith; or

(iii) arising out of or relating to the asbestos-related injury of any individual and—

(I) asserting any conspiracy, concert of action, aiding or abetting, act, conduct, statement, misstatement, undertaking, publication, omission, or failure to detect, speak, disclose, publish, or warn relating to the presence or health effects of asbestos or the use, sale, distribution, manufacture, production, development, inspection, advertising, marketing, or installation of asbestos; or

(II) asserting any conspiracy, act, conduct, statement, omission, or failure to detect, disclose, or warn relating to the presence or health effects of asbestos or the use, sale, distribution, manufacture, production, development, inspection, advertising, marketing, or installation of asbestos, asserted as or in a direct action against an insurer or reinsurer based upon any theory, statutory, contract, tort, or otherwise; or

(iv) by any third party, and premised on any theory, allegation, or cause of action, for reimbursement of healthcare costs allegedly associated with the use of or exposure to asbestos, whether such claim is asserted directly, indirectly or derivatively.

(B) EXCEPTIONS.—Subparagraph (A) (ii) and (iii) shall not apply to claims against participants by persons—

(i) with whom the participant is in privity of contract;

(ii) who have received an assignment of insurance rights not otherwise voided by this Act; or

(iii) who are beneficiaries covered by the express terms of a contract with that participant.

(3) PREEMPTION.—Any action asserting an asbestos claim (including a claim described in paragraph (2)) in any Federal or State court is preempted by this Act, except as provided under subsection (d)(2).

(4) DISMISSAL.—Except as provided under subsection (d)(2), no judgment other than a judgment of dismissal may be entered in any such action, including an action pending on appeal, or on petition or motion for discretionary review, on or after the date of enactment of this Act. A court may dismiss any such action on its motion. If the court denies the motion to dismiss, it shall stay further proceedings until final disposition of any appeal taken under this Act.

(5) REMOVAL.—

(A) IN GENERAL.—If an action in any State court under paragraph (3) is preempted, barred, or otherwise precluded under this Act, and not dismissed, or if an order entered after the date of enactment of this Act purporting to enter judgment or deny review is not rescinded and replaced with an order of dismissal within 30 days after the filing of a motion by any party to the action advising the court of the provisions of this Act, any party may remove the case to the district court of the United States for the district in which such action is pending.

(B) TIME LIMITS.—For actions originally filed after the date of enactment of this Act, the notice of removal shall be filed within the time limits specified in section 1441(b) of title 28, United States Code.

(C) PROCEDURES.—The procedures for removal and proceedings after removal shall be in accordance with sections 1446 through 1450 of title 28, United States Code, except as may be necessary to accommodate removal of any actions pending (including on appeal) on the date of enactment of this Act.

(D) REVIEW OF REMAND ORDERS.—

(i) IN GENERAL.—Section 1447 of title 28, United States Code, shall apply to any removal of a case under this section, except that notwithstanding subsection (d) of that section, a court of appeals may accept an appeal from an order of a district court granting or denying a motion to remand an action to the State court from which it was removed if application is made to the court of appeals not less than 7 days after entry of the order.

(ii) TIME PERIOD FOR JUDGMENT.—If the court of appeals accepts an appeal under clause (i), the court shall complete all action on such appeal, including rendering judgment, not later than 60 days after the date on which such appeal was filed, unless an extension is granted under clause (iii).

(iii) EXTENSION OF TIME PERIOD.—The court of appeals may grant an extension of the 60-day period described in clause (ii) if—

(I) all parties to the proceeding agree to such extension, for any period of time; or

(II) such extension is for good cause shown and in the interests of justice, for a period not to exceed 10 days.

(iv) DENIAL OF APPEAL.—If a final judgment on the appeal under clause (i) is not issued before the end of the period described in clause (ii), including any extension under clause (iii), the appeal shall be denied.

(E) JURISDICTION.—The jurisdiction of the district court shall be limited to—

(i) determining whether removal was proper; and

(ii) determining, based on the evidentiary record, whether the claim presented is preempted, barred, or otherwise precluded under this Act.

(6) CREDITS.—

(A) IN GENERAL.—If, notwithstanding the express intent of Congress stated in this section, any court finally determines for any reason that an asbestos claim is not barred under this subsection and is not subject to the exclusive remedy or preemption provisions of this section, then any participant required to satisfy a final judgment executed with respect to any such claim may elect to receive a credit against any assessment owed to the Fund equal to the amount of the payment made with respect to such executed judgment.

(B) REQUIREMENTS.—The Administrator shall require participants seeking credit under this paragraph to demonstrate that the participant—

(i) timely pursued all available remedies, including remedies available under this paragraph to obtain dismissal of the claim; and

(ii) notified the Administrator at least 20 days before the expiration of any period within which to appeal the denial of a motion to dismiss based on this section.

(C) INFORMATION.—The Administrator may require a participant seeking credit under this paragraph to furnish such further information as is necessary and appropriate to establish eligibility for, and the amount of, the credit.

(D) INTERVENTION.—The Administrator may intervene in any action in which a credit may be due under this paragraph.

SEC. 404. EFFECT ON INSURANCE AND REINSURANCE CONTRACTS.

(a) EROSION OF INSURANCE COVERAGE LIMITS.—

(1) DEFINITIONS.—In this section, the following definitions shall apply:

(A) DEEMED EROSION AMOUNT.—The term ''deemed erosion amount'' means the amount of erosion deemed to occur at enactment under paragraph (2).

(B) EARLY SUNSET.—The term ''early sunset'' means an event causing termination of the program under section 405(f) which relieves the insurer participants of paying some portion of the aggregate payment level of $46,025,000,000 required under section 212(a)(2)(A).

(C) EARNED EROSION AMOUNT.—The term ''earned erosion amount'' means, in the event of any early sunset under section 405(f), the percentage, as set forth in the following schedule, depending on the year in which the defendant participants' funding obligations end, of those amounts which, at the time of the early sunset, a defendant participant has paid to the fund and remains obligated to pay into the fund.

Year After Enactment In Which Defendant Participant's Funding Obligation Ends:	Applicable Percentage:
2	67.06
3	86.72
4	96.55
5	102.45
6	90.12
7	81.32
8	74.71
9	69.58
10	65.47
11	62.11
12	59.31
13	56.94
14	54.90
15	53.14
16	51.60
17	50.24
18	49.03
19	47.95
20	46.98
21	46.10
22	45.30
23	44.57
24	43.90
25	43.28
26	42.71
27	42.18
28	40.82
29	39.42

(D) REMAINING AGGREGATE PRODUCTS LIMITS.—The term ''remaining aggregate products limits'' means aggregate limits that apply to insurance coverage granted under the ''products hazard'', ''completed operations hazard'', or ''Products—Completed Operations Liability'' in any comprehensive general liability policy issued between calendar years 1940 and 1986 to cover injury which occurs in any State, as reduced by—

(i) any existing impairment of such aggregate limits as of the date of enactment of this Act; and

(ii) the resolution of claims for reimbursement or coverage of liability or paid or incurred loss for which notice was provided to the insurer before the date of enactment of this Act.

(E) SCHEDULED PAYMENT AMOUNTS.—The term ''scheduled payment amounts'' means the future payment obligation to the Fund under this Act from a defendant participant in the amount established under sections 203 and 204.

(F) UNEARNED EROSION AMOUNT.—The term ''unearned erosion amount'' means, in the event of any early sunset under section

405(f), the difference between the deemed erosion amount and the earned erosion amount.

(2) QUANTUM AND TIMING OF EROSION.—

(A) EROSION UPON ENACTMENT.—The collective payment obligations to the Fund of the insurer and reinsurer participants as assessed by the Administrator shall be deemed as of the date of enactment of this Act to erode remaining aggregate products limits available to a defendant participant only in an amount of 38.1 percent of each defendant participant's scheduled payment amount.

(B) NO ASSERTION OF CLAIM.—No insurer or reinsurer may assert any claim against a defendant participant or captive insurer for insurance, reinsurance, payment of a deductible, or retrospective premium adjustment arising out of that insurer's or reinsurer's payments to the Fund or the erosion deemed to occur under this section.

(C) POLICIES WITHOUT CERTAIN LIMITS OR WITH EXCLUSION.—Except as provided under subparagraph (E), nothing in this section shall require or permit the erosion of any insurance policy or limit that does not contain an aggregate products limit, or that contains an asbestos exclusion.

(D) TREATMENT OF CONSOLIDATION ELECTION.—If an affiliated group elects consolidation as provided in section 204(f), the total erosion of limits for the affiliated group under paragraph (2)(A) shall not exceed 59.64 percent of the scheduled payment amount of the single payment obligation for the entire affiliated group. The total erosion of limits for any individual defendant participant in the affiliated group shall not exceed its individual share of 59.64 percent of the affiliated group's scheduled payment amount, as measured by the individual defendant participant's percentage share of the affiliated group's prior asbestos expenditures.

(E) RULE OF CONSTRUCTION.—Notwithstanding any other provision of this section, nothing in this Act shall be deemed to erode remaining aggregate products limits of a defendant participant that can demonstrate by a reponderance of the evidence that 75 percent of its prior asbestos expenditures were made in defense or satisfaction of asbestos claims alleging bodily injury arising exclusively from the exposure to asbestos at premises owned, rented, or controlled by the defendant participant (a ''premises defendant''). In calculating such percentage, where expenditures were made in defense or satisfaction of asbestos claims alleging bodily injury due to exposure to the defendant participant's products and to asbestos at premises owned, rented, or controlled by the defendant participant, half of such expenditures shall be deemed to be for such premises exposures. If a defendant participant establishes itself as a premises defendant, 75 percent of the payments by such defendant participant shall erode coverage limits, if any, applicable to premises liabilities under applicable law.

(3) METHOD OF EROSION.—

(A) ALLOCATION.—The amount of erosion allocated to each defendant participant shall be allocated among periods in which policies with remaining aggregate product limits are available to that defendant participant pro rata by policy period, in ascending order by attachment point.

(B) OTHER EROSION METHODS.—

(i) IN GENERAL.—Notwithstanding subparagraph (A), the method of erosion of any remaining aggregate products limits which are subject to—

(I) a coverage-in-place or settlement agreement between a defendant participant and 1 or more insurance participants as of the date of enactment; or

(II) a final and nonappealable judgment as of the date of enactment or resulting from a claim for coverage or reimbursement pending as of such date, shall be as specified in such agreement or judgment with regard to erosion applicable to such insurance participants' policies.

(ii) REMAINING LIMITS.—To the extent that a final nonappealable judgment or settlement agreement to which an insurer participant and a defendant participant are parties in effect as of the date of enactment of this Act extinguished a defendant participant's right to seek coverage for asbestos claims under an insurer participant's policies, any remaining limits in such policies shall not be considered to be remaining aggregate products limits under subsection (a)(1)(A).

(4) RESTORATION OF AGGREGATE PRODUCTS LIMITS UPON EARLY SUNSET.—

(A) RESTORATION.—In the event of an early sunset, any unearned erosion amount will be deemed restored as aggregate products limits available to a defendant participant as of the date of enactment.

(B) METHOD OF RESTORATION.—The unearned erosion amount will be deemed restored to each defendant participant's policies in such a manner that the last limits that were deemed eroded at enactment under this subsection are deemed to be the first limits restored upon early sunset.

(C) TOLLING OF COVERAGE CLAIMS.—In the event of an early sunset, the applicable statute of limitations and contractual provisions for the filing of claims under any insurance policy with restored aggregate products limits shall be deemed tolled after the date of enactment through the date 6 months after the date of early sunset.

(5) PAYMENTS BY DEFENDANT PARTICIPANT.—Payments made by a defendant participant shall be deemed to erode, exhaust, or otherwise satisfy applicable self-insured retentions, deductibles, retrospectively rated premiums, and limits issued by nonparticipating insolvent or captive insurance companies. Reduction of remaining aggregate limits under this subsection shall not limit the right of a defendant participant to collect from any insurer not a participant.

(6) EFFECT ON OTHER INSURANCE CLAIMS.—Other than as specified in this subsection, this Act does not alter, change, modify, or affect insurance for claims other than asbestos claims.

(b) DISPUTE RESOLUTION PROCEDURE.—

(1) ARBITRATION.—The parties to a dispute regarding the erosion of insurance coverage limits under this section may agree in writing to settle such dispute by arbitration. Any such provision or agreement shall be valid, irrevocable, and enforceable, except for any grounds that exist at law or in equity for revocation of a contract.

(2) TITLE 9, UNITED STATES CODE.—Arbitration of such disputes, awards by arbitrators, and confirmation of awards shall be governed by title 9, United States Code, to the extent such title is not inconsistent with this section. In any such arbitration proceeding, the erosion principles provided for under this section shall be binding on the arbitrator, unless the parties agree to the contrary.

(3) FINAL AND BINDING AWARD.—An award by an arbitrator shall be final and binding between the parties to the arbitration, but shall have no force or effect on any other person. The parties to an arbitration may agree that in the event a policy which is the subject matter of an award is subsequently determined to be eroded in a manner different from the manner determined by the arbitration in a judgment rendered by a court of competent jurisdiction from which no appeal can or has been taken, such arbitration award may be modified by any court of competent jurisdiction upon application by any party to the arbitration. Any such modification shall govern the rights and obligations between such parties after the date of such modification.

(c) EFFECT ON NONPARTICIPANTS.—

(1) IN GENERAL.—No insurance company or reinsurance company that is not a participant, other than a captive insurer, shall be entitled to claim that payments to the Fund erode, exhaust, or otherwise limit the nonparticipant's insurance or reinsurance obligations.

(2) OTHER CLAIMS.—Nothing in this Act shall preclude a participant from pursuing any claim for insurance or reinsurance from any person that is not a participant other than a captive insurer.

(d) FINITE RISK POLICIES NOT AFFECTED.—

(1) IN GENERAL.—Notwithstanding any other provision of this Act, except subject to section 212(a)(1)(D), this Act shall not alter, affect or impair any rights or obligations of—

(A) any party to an insurance contract that expressly provides coverage for governmental charges or assessments imposed to replace insurance or reinsurance liabilities in effect on the date of enactment of this Act; or

(B) subject to paragraph (2), any person with respect to any insurance or reinsurance purchased by a participant after December 31, 1990, that expressly (but not necessarily exclusively) provides coverage for asbestos liabilities, including those policies commonly referred to as ''finite risk'' policies.

(2) LIMITATION.—No person may assert that any amounts paid to the Fund in accordance with this Act are covered by any policy described under paragraph (1)(B) purchased by a defendant participant, unless such policy specifically provides coverage for required payments to a Federal trust fund established by a Federal statute to resolve asbestos injury claims.

(e) EFFECT ON CERTAIN INSURANCE AND REINSURANCE CLAIMS.—

(1) NO COVERAGE FOR FUND ASSESSMENTS.—No participant or captive insurer may pursue an insurance or reinsurance claim against another participant or captive insurer for payments to the Fund required under this Act, except under a contract specifically providing insurance or reinsurance for required payments to a Federal trust fund established by a Federal statute to resolve asbestos injury claims or, where applicable, under finite risk policies under subsection (d).

(2) CERTAIN INSURANCE ASSIGNMENTS VOIDED.—Any assignment of any rights to insurance coverage for asbestos claims to any person who has asserted an asbestos claim before the date of enactment of this Act, or to any trust, person, or other entity not part of an affiliated group as defined in section 201(1) of this Act established or appointed for the purpose of paying asbestos claims which were asserted before such date of enactment, or by any Tier I defendant participant, before any sunset of this Act, shall be null and void. This subsection shall not void or affect in any way any assignments of rights to insurance coverage other than to asbestos claimants or to trusts, persons, or other entities not part of an affiliated group as defined in section 201(1) of this Act established or appointed for the purpose of paying asbestos claims, or by Tier I defendant participants.

(3) INSURANCE CLAIMS PRESERVED.—Notwithstanding any other provision of this Act,

this Act shall not alter, affect, or impair any rights or obligations of any person with respect to any insurance or reinsurance for amounts that any person pays, has paid, or becomes legally obligated to pay in respect of asbestos or other claims, except to the extent that—

(A) such person pays or becomes legally obligated to pay claims that are superseded by section 403;

(B) any such rights or obligations of such person with respect to insurance or reinsurance are prohibited by paragraph (1) or (2) of subsection (e); or

(C) the limits of insurance otherwise available to such participant in respect of asbestos claims are deemed to be eroded under subsection (a).

SEC. 405. ANNUAL REPORT OF THE ADMINISTRATOR AND SUNSET OF THE ACT.

(a) IN GENERAL.—The Administrator shall submit an annual report to the Committee on the Judiciary of the Senate and the Committee on the Judiciary of the House of Representatives on the operation of the Asbestos Injury Claims Resolution Fund within 6 months after the close of each fiscal year.

(b) CONTENTS OF REPORT.—The annual report submitted under this subsection shall include an analysis of—

(1) the claims experience of the program during the most recent fiscal year, including—

(A) the number of claims made to the Office and a description of the types of medical diagnoses and asbestos exposures underlying those claims;

(B) the number of claims denied by the Office and a description of the types of medical diagnoses and asbestos exposures underlying those claims, and a general description of the reasons for their denial;

(C) a summary of the eligibility determinations made by the Office under section 114;

(D) a summary of the awards made from the Fund, including the amount of the awards; and

(E) for each eligible condition, a statement of the percentage of asbestos claimants who filed claims during the prior calendar year and were determined to be eligible to receive compensation under this Act, who have received the compensation to which such claimants are entitled according to section 131;

(2) the administrative performance of the program, including—

(A) the performance of the program in meeting the time limits prescribed by law and an analysis of the reasons for any systemic delays;

(B) any backlogs of claims that may exist and an explanation of the reasons for such backlogs;

(C) the costs to the Fund of administering the program; and

(D) any other significant factors bearing on the efficiency of the program;

(3) the financial condition of the Fund, including—

(A) statements of the Fund's revenues, expenses, assets, and liabilities;

(B) the identity of all participants, the funding allocations of each participant, and the total amounts of all payments to the Fund;

(C) a list of all financial hardship or inequity adjustments applied for during the fiscal year, and the adjustments that were made during the fiscal year;

(D) a statement of the investments of the Fund; and

(E) a statement of the borrowings of the Fund;

(4) the financial prospects of the Fund, including—

(A) an estimate of the number and types of claims, the amount of awards, and the participant payment obligations for the next fiscal year;

(B) an analysis of the financial condition of the Fund, including an estimation of the Fund's ability to pay claims for the subsequent 5 years in full as and when required, an evaluation of the Fund's ability to retire its existing debt and assume additional debt, and an evaluation of the Fund's ability to satisfy other obligations under the program; and

(C) a report on any changes in projections made in earlier annual reports or sunset analyses regarding the Fund's ability to meet its financial obligations;

(5) any recommendations from the Advisory Committee on Asbestos Disease Compensation and the Medical Advisory Committee of the Fund to improve the diagnostic, exposure, and medical criteria so as to pay only those claimants whose injuries are caused by exposure to asbestos;

(6) a summary of the results of audits conducted under section 115; and

(7) a summary of prosecutions under section 1348 of title 18, United States Code (as added by this Act).

(c) CLAIMS ANALYSIS.—If the Administrator concludes, on the basis of the annual report submitted under this section, that the Fund is compensating claims for injuries that are not caused by exposure to asbestos and compensating such claims may, currently or in the future, undermine the Fund's ability to compensate persons with injuries that are caused by exposure to asbestos, the Administrator shall include in the report an analysis of the reasons for the situation, a description of the range of reasonable alternatives for responding to the situation, and a recommendation as to which alternative best serves the interest of claimants and the public. The report shall include a description of changes in the diagnostic, exposure, or medical criteria of section 121 that the Administrator believes may be necessary to protect the Fund from compensating claims not caused by exposure to asbestos.

(d) SHORTFALL ANALYSIS.—

(1) IN GENERAL.—

(A) ANALYSIS.—If the Administrator concludes, on the basis of the information contained in the annual report submitted under this section, that the Fund may not be able to pay claims as such claims become due at any time within the next 5 years, the Administrator shall include in the report an analysis of the reasons for the situation, an estimation of when the Fund will no longer be able to pay claims as such claims become due, a description of the range of reasonable alternatives for responding to the situation, and a recommendation as to which alternative best serves the interest of claimants and the public. The report may include a description of changes in the diagnostic, exposure, or medical criteria of section 121 that the Administrator believes may be necessary to protect the Fund.

(B) RANGE OF ALTERNATIVES.—The range of alternatives under subparagraph (A) may include—

(i) triggering the termination of this Act under subsection (f) at any time after the date of enactment of this Act; and

(ii) reform of the program set forth in titles I and II of this Act (including changes in the diagnostic, exposure, or medical criteria, changes in the enforcement or application of those criteria, changes in the timing of payments, changes in contributions by defendant participants, insurer participants (or both such participants), or changes in award values).

(2) CONSIDERATIONS.—In formulating recommendations, the Administrator shall take into account the reasons for any shortfall, actual or projected, which may include—

(A) financial factors, including return on investments, borrowing capacity, interest rates, ability to collect contributions, and other relevant factors;

(B) the operation of the Fund generally, including administration of the claims processing, the ability of the Administrator to collect contributions from participants, potential problems of fraud, the adequacy of the criteria to rule out idiopathic mesothelioma, and inadequate flexibility to extend the timing of payments;

(C) the appropriateness of the diagnostic, exposure, and medical criteria, including the adequacy of the criteria to rule out idiopathic mesothelioma;

(D) the actual incidence of asbestos-related diseases, including mesothelioma, based on epidemiological studies and other relevant data;

(E) compensation of diseases with alternative causes; and

(F) other factors that the Administrator considers relevant.

(3) RECOMMENDATION OF TERMINATION.—Any recommendation of termination should include a plan for winding up the affairs of the Fund (and the program generally) within a defined period, including paying in full all claims resolved at the time the report is prepared. Any plan under this paragraph shall provide for priority in payment to the claimants with the most serious illnesses.

(4) RESOLVED CLAIMS.—For purposes of this section, a claim shall be deemed resolved when the Administrator has determined the amount of the award due the claimant, and either the claimant has waived judicial review or the time for judicial review has expired.

(e) RECOMMENDATIONS OF ADMINISTRATOR AND COMMISSION.—

(1) IN GENERAL.—If the Administrator recommends changes to this Act under subsection (c), the recommendations and accompanying analysis shall be referred to a special commission consisting of the Attorney General, the Secretary of Labor, the Secretary of Health and Human Services, the Secretary of the Treasury, and the Secretary of Commerce, or their designees. The Commission shall hold expedited public hearings on the Administrator's alternatives and recommendations and then make its own recommendations for reform of the program set forth in titles I and II of this Act. Within 180 days after receiving the Administrator's recommendations, the Commission shall transmit its own recommendations to the Congress in the same manner as set forth in subsection (a).

(2) REFERRAL.—If the Administrator recommends changes to, or termination of, this Act under subsection (d), the recommendations and accompanying analysis shall be referred to the Commission. The Commission shall hold expedited public hearings on the Administrator's alternatives and recommendations and then make its own recommendations for reform of the program set forth in titles I and II of this Act. Within 180 days after receiving the Administrator's recommendations, the Commission shall transmit its own recommendations to Congress in the same manner as set forth in subsection (a).

(f) SUNSET OF ACT.—

(1) IN GENERAL.—

(A) TERMINATION.—Subject to paragraph (4), titles I (except subtitle A) and II and sections 403 and 404(e)(2) shall terminate as provided under paragraph (2), if the Administrator—

(i) has begun the processing of claims; and

(ii) as part of the review conducted to prepare an annual report under this section, determines that if any additional claims are resolved, the Fund will not have sufficient resources when needed to pay 100 percent of all resolved claims while also meeting all other obligations of the Fund under this Act, including the payment of—

(I) debt repayment obligations; and

(II) remaining obligations to the asbestos trust of a debtor and the class action trust.

(B) REMAINING OBLIGATIONS.—For purposes of subparagraph (A)(ii), the remaining obligations to the asbestos trust of the debtor and the class action trust shall be determined by the Administrator by assuming that, instead of a lump-sum payment, such trust had transferred its assets to the Fund on an annual basis, taking into consideration relevant factors, including the most recent projections made by the trust's actuary before the date of enactment of this Act of the amount and timing of future claim payments and administrative and operating expenses.

(2) EFFECTIVE DATE OF TERMINATION.—A termination under paragraph (1) shall take effect 180 days after the date of a determination of the Administrator under paragraph (1) and shall apply to all asbestos claims that have not been resolved by the Fund as of the date of the determination.

(3) RESOLVED CLAIMS.—If a termination takes effect under this subsection, all resolved claims shall be paid in full by the Fund.

(4) EXTINGUISHED CLAIMS.—A claim that is extinguished under the statute of limitations provisions in section 113(b) is not revived at the time of sunset under this subsection.

(5) CONTINUED FUNDING.—If a termination takes effect under this subsection, participants will still be required to make payments as provided under subtitles A and B of title II. If the full amount of payments required by title II is not necessary for the Fund to pay claims that have been resolved as of the date of termination, pay the Fund's debt and obligations to the asbestos trusts and class action trust, and support the Fund's continued operation as needed to pay such claims, debt, and obligations, the Administrator may reduce such payments. Any such reductions shall be allocated among participants in approximately the same proportion as the liability under subtitles A and B of title II.

(6) SUNSET CLAIMS.—

(A) DEFINITIONS.—In this paragraph—

(i) the term ''sunset claims'' means claims filed with the Fund, but not yet resolved, when this Act has terminated; and

(ii) the term ''sunset claimants'' means persons asserting sunset claims.

(B) IN GENERAL.—If a termination takes effect under this subsection, the applicable statute of limitations for the filing of sunset claims under subsection (g) shall be tolled for any past or pending sunset claimants while such claimants were pursuing claims filed under this Act. For those claimants who decide to pursue a sunset claim in accordance with subsection (g), the applicable statute of limitations shall apply, except that claimants who filed a claim against the Fund under this Act before the date of termination shall have 2 years after the date of termination to file a sunset claim in accordance with subsection (g).

(7) ASBESTOS TRUSTS AND CLASS ACTION TRUST.—On and after the date of termination under this subsection, the trust distribution program of any asbestos trust and the class action trust shall be replaced with the medical criteria requirements of section 121.

(8) PAYMENT TO ASBESTOS TRUSTS AND CLASS ACTION TRUST.—The amounts determined under paragraph (1)(B) for payment to the asbestos trusts and the class action trust shall be transferred to the respective asbestos trusts of the debtor and the class action trust within 90 days.

(g) NATURE OF CLAIM AFTER SUNSET.—

(1) IN GENERAL.—

(A) RELIEF.—On and after the date of termination under subsection (f), any individual with an asbestos claim who has not previously had a claim resolved by the Fund, may in a civil action obtain relief in damages subject to the terms and conditions under this subsection and paragraph (6) of subsection (f).

(B) RESOLVED CLAIMS.—An individual who has had a claim resolved by the Fund may not pursue a court action, except that an individual who received an award for a nonmalignant disease (Levels I through V) from the Fund may assert a claim for a subsequent or progressive disease under this subsection, unless the disease was diagnosed or the claimant had discovered facts that would have led a reasonable person to obtain such a diagnosis before the date on which the previous claim against the Fund was disposed.

(C) MESTHELIOMA CLAIM.—An individual who received an award for a nonmalignant or malignant disease (except mesothelioma) (Levels I through VIII) from the Fund may assert a claim for mesothelioma under this subsection, unless the mesothelioma was diagnosed or the claimant had discovered facts that would have led a reasonable person to obtain such a diagnosis before the date on which the nonmalignant or other malignant claim was disposed.

(2) EXCLUSIVE REMEDY.—As of the effective date of a termination of this Act under subsection (f), an action under paragraph (1) shall be the exclusive remedy for any asbestos claim that might otherwise exist under Federal, State, or other law, regardless of whether such claim arose before or after the date of enactment of this Act or of the termination of this Act, except that claims against the Fund that have been resolved before the date of the termination determination under subsection (f) may be paid by the Fund.

(3) VENUE.—

(A) IN GENERAL.—Actions under paragraph (1) may be brought in—

(i) any Federal district court;

(ii) any State court in the State where the claimant resides; or

(iii) any State court in a State where the asbestos exposure occurred.

(B) DEFENDANTS NOT FOUND.—If any defendant cannot be found in the State described in clause (ii) or (iii) of subparagraph (A), the claim may be pursued only against that defendant in the Federal district court or the State court located within any State in which the defendant may be found.

(C) DETERMINATION OF MOST APPROPRIATE FORUM.—If a person alleges that the asbestos exposure occurred in more than one county (or Federal district), the trial court shall determine which State and county (or Federal district) is the most appropriate forum for the claim. If the court determines that another forum would be the most appropriate forum for a claim, the court shall dismiss the claim. Any otherwise applicable statute of limitations shall be tolled beginning on the date the claim was filed and ending on the date the claim is dismissed under this subparagraph.

(D) STATE VENUE REQUIREMENTS.—Nothing in this paragraph shall preempt or supersede any State's law relating to venue requirements within that State which are more restrictive.

(4) CLASS ACTION TRUSTS.—Notwithstanding any other provision of this section—

(A) after the assets of any class action trust have been transferred to the Fund in accordance with section 203(b)(5), no asbestos claim may be maintained with respect to asbestos liabilities arising from the operations of a person with respect to whose liabilities for asbestos claims a class action trust has been established, whether such claim names the person or its successors or affiliates as defendants; and

(B) if a termination takes effect under subsection (f), the exclusive remedy for all asbestos claims (including sunset claims and claims first arising or first presented after termination of the Fund) arising from such operations will be a claim against the class action trust to which the Administrator has transferred funds under subsection (f)(8) to pay asbestos claims, if necessary in proportionally reduced amounts.

SEC. 406. RULES OF CONSTRUCTION RELATING TO LIABILITY OF THE UNITED STATES GOVERNMENT.

(a) CAUSES OF ACTIONS.—Except as otherwise specifically provided in this Act, nothing in this Act shall be construed as creating a cause of action against the United States Government, any entity established under this Act, or any officer or employee of the United States Government or such entity.

(b) FUNDING LIABILITY.—Nothing in this Act shall be construed to—

(1) create any obligation of funding from the United States Government, other than the funding for personnel and support as provided under this Act; or

(2) obligate the United States Government to pay any award or part of an award, if amounts in the Fund are inadequate.

SEC. 407. RULES OF CONSTRUCTION.

(a) LIBBY, MONTANA CLAIMANTS.—Nothing in this Act shall preclude the formation of a fund for the payment of eligible medical expenses related to treating asbestos-related disease for current and former residents of Libby, Montana. The payment of any such medical expenses shall not be collateral source compensation as defined under section 134(a).

(b) HEALTHCARE FROM PROVIDER OF CHOICE.—Nothing in this Act shall be construed to preclude any eligible claimant from receiving healthcare from the provider of their choice.

SEC. 408. VIOLATIONS OF ENVIRONMENTAL HEALTH AND SAFETY REQUIREMENTS.

(a) ASBESTOS IN COMMERCE.—If the Administrator receives information concerning conduct occurring after the date of enactment of this Act that may have been a violation of standards issued by the Environmental Protection Agency under the Toxic Substances Control Act (15 U.S.C. 2601 et seq.), relating to the manufacture, importation, processing, disposal, and distribution in commerce of asbestos-containing products, the Administrator shall refer the matter in writing within 30 days after receiving that information to the Administrator of the Environmental Protection Agency and the

United States attorney for possible civil or criminal penalties, including those under section 17 of the Toxic Substances Control Act (15 U.S.C. 2616), and to the appropriate State authority with jurisdiction to investigate asbestos matters.

(b) ASBESTOS AS AIR POLLUTANT.—If the Administrator receives information concerning conduct occurring after the date of enactment of this Act that may have been a violation of standards issued by the Environmental Protection Agency under the Clean Air Act (42 U.S.C. 7401 et seq.), relating to asbestos as a hazardous air pollutant, the Administrator shall refer the matter in writing within 30 days after receiving that information to the Administrator of the Environmental Protection Agency and the United States attorney for possible criminal and civil penalties, including those under section 113 of the Clean Air Act (42 U.S.C. 7413), and to the appropriate State authority with jurisdiction to investigate asbestos matters.

(c) OCCUPATIONAL EXPOSURE.—If the Administrator receives information concerning conduct occurring after the date of enactment of this Act that may have been a violation of standards issued by the Occupational Safety and Health Administration under the Occupational Safety and Health Act of 1970 (29 U.S.C. 651 et seq.), relating to occupational exposure to asbestos, the Administrator shall refer the matter in writing within 30 days after receiving that information and refer the matter to the Secretary of Labor or the appropriate State agency with authority to enforce occupational safety and health standards, for investigation for possible civil or criminal penalties under section 17 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 666).

(d) ENHANCED CRIMINAL PENALTIES FOR WILLFUL VIOLATIONS OF OCCUPATIONAL STANDARDS FOR ASBESTOS.—Section 17(e) of the Occupational Safety and Health Act of 1970 (29 U.S.C. 656(e)) is amended—

(1) by striking ''Any'' and inserting ''(1) Except as provided in paragraph (2), any''; and

(2) by adding at the end the following:

''(2) Any employer who willfully violates any standard issued under section 6 with respect to the control of occupational exposure to asbestos, shall upon conviction be punished by a fine in accordance with section 3571 of title 18, United States Code, or by imprisonment for not more than 5 years, or both, except that if the conviction is for a violation committed after a first conviction of such person, punishment shall be by a fine in accordance with section 3571 of title 18, United States Code, or by imprisonment for not more than 10 years, or both.''.

(e) CONTRIBUTIONS TO THE ASBESTOS TRUST FUND BY EPA AND OSHA ASBESTOS VIOLATORS.—

(1) IN GENERAL.—The Administrator shall assess employers or other individuals determined to have violated asbestos statutes, standards, or regulations administered by the Department of Labor, the Environmental Protection Agency, and their State counterparts, for contributions to the Asbestos Injury Claims Resolution Fund (in this section referred to as the ''Fund'').

(2) IDENTIFICATION OF VIOLATORS.—Each year, the Administrator shall—

(A) in consultation with the Assistant Secretary of Labor for Occupational Safety and Health, identify all employers that, during the previous year, were subject to final orders finding that they violated standards issued by the Occupational Safety and Health Administration for control of occupational exposure to asbestos (29 CFR 1910.1001, 1915.1001, and 1926.1101) or the equivalent asbestos standards issued by any State under section 18 of the Occupational Safety and Health Act (29 U.S.C. 668); and

(B) in consultation with the Administrator of the Environmental Protection Agency, identify all employers or other individuals who, during the previous year, were subject to final orders finding that they violated asbestos regulations administered by the Environmental Protection Agency (including the National Emissions Standard for Asbestos established under the Clean Air Act (42 U.S.C. 7401 et seq.), the asbestos worker protection standards established under part 763 of title 40, Code of Federal Regulations, and the regulations banning asbestos promulgated under section 501 of this Act), or equivalent State asbestos regulations.

(3) ASSESSMENT FOR CONTRIBUTION.—The Administrator shall assess each such identified employer or other individual for a contribution to the Fund for that year in an amount equal to—

(A) 2 times the amount of total penalties assessed for the first violation of occupational health and environmental statutes, standards, or regulations;

(B) 4 times the amount of total penalties for a second violation of such statutes, standards, or regulations; and

(C) 6 times the amount of total penalties for any violations thereafter.

(4) LIABILITY.—Any assessment under this subsection shall be considered a liability under this Act.

(5) PAYMENTS.—Each such employer or other individual assessed for a contribution to the Fund under this subsection shall make the required contribution to the Fund within 90 days of the date of receipt of notice from the Administrator requiring payment.

(6) ENFORCEMENT.—The Administrator is authorized to bring a civil action under section 223(c) against any employer or other individual who fails to make timely payment of contributions assessed under this section.

(f) REVIEW OF FEDERAL SENTENCING GUIDELINES FOR ENVIRONMENTAL CRIMES RELATED TO ASBESTOS.—Under section 994 of title 28, United States Code, and in accordance with this section, the United States Sentencing Commission shall review and amend, as appropriate, the United States Sentencing Guidelines and related policy statements to ensure that—

(1) appropriate changes are made within the guidelines to reflect any statutory amendments that have occurred since the time that the current guideline was promulgated;

(2) the base offense level, adjustments, and specific offense characteristics contained in section 2Q1.2 of the United States Sentencing Guidelines (relating to mishandling of hazardous or toxic substances or pesticides; recordkeeping, tampering, and falsification; and unlawfully transporting hazardous materials in commerce) are increased as appropriate to ensure that future asbestos-related offenses reflect the seriousness of the offense, the harm to the community, the need for ongoing reform, and the highly regulated nature of asbestos;

(3) the base offense level, adjustments, and specific offense characteristics are sufficient to deter and punish future activity and are adequate in cases in which the relevant offense conduct—

(A) involves asbestos as a hazardous or toxic substance; and

(B) occurs after the date of enactment of this Act;

(4) the adjustments and specific offense characteristics contained in section 2B1.1 of the United States Sentencing Guidelines related to fraud, deceit, and false statements, adequately take into account that asbestos was involved in the offense, and the possibility of death or serious bodily harm as a result;

(5) the guidelines that apply to organizations in chapter 8 of the United States Sentencing Guidelines are sufficient to deter and punish organizational criminal misconduct that involves the use, handling, purchase, sale, disposal, or storage of asbestos; and

(6) the guidelines that apply to organizations in chapter 8 of the United States Sentencing Guidelines are sufficient to deter and punish organizational criminal misconduct that involves fraud, deceit, or false statements against the Office of Asbestos Disease Compensation.

SEC. 409. NONDISCRIMINATION OF HEALTH INSURANCE.

(a) DENIAL, TERMINATION, OR ALTERATION OF HEALTH COVERAGE.—No health insurer offering a health plan may deny or terminate coverage, or in any way alter the terms of coverage, of any claimant or the beneficiary of a claimant, on account of the participation of the claimant or beneficiary in a medical monitoring program under this Act, or as a result of any information discovered as a result of such medical monitoring.

(b) DEFINITIONS.—In this section:

(1) HEALTH INSURER.—The term ''health insurer'' means—

(A) an insurance company, healthcare service contractor, fraternal benefit organization, insurance agent, third-party administrator, insurance support organization, or other person subject to regulation under the laws related to health insurance of any State;

(B) a managed care organization; or

(C) an employee welfare benefit plan regulated under the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1001 et seq.).

(2) HEALTH PLAN.—The term ''health plan'' means—

(A) a group health plan (as such term is defined in section 607 of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1167)), and a multiple employer welfare arrangement (as defined in section 3(4) of such Act) that provides health insurance coverage; or

(B) any contractual arrangement for the provision of a payment for healthcare, including any health insurance arrangement or any arrangement consisting of a hospital or medical expense incurred policy or certificate, hospital or medical service plan contract, or health maintenance organizing subscriber contract.

(c) CONFORMING AMENDMENTS.—

(1) ERISA.—Section 702(a)(1) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1182(a)(1)), is amended by adding at the end the following:

''(I) Participation in a medical monitoring program under the Fairness in Asbestos Injury Resolution Act of 2005.''.

(2) PUBLIC SERVICE HEALTH ACT.—Section 2702(a)(1) of the Public Health Service Act (42 U.S.C. 300gg–1(a)(1)) is amended by adding at the end the following:

''(I) Participation in a medical monitoring program under the Fairness in Asbestos Injury Resolution Act of 2005.''.

(3) INTERNAL REVENUE CODE OF 1986.—Section 9802(a)(1) of the Internal Revenue Code of 1986 is amended by adding at the end the following:

''(I) Participation in a medical monitoring program under the Fairness in Asbestos Injury Resolution Act of 2005.''.

TITLE V—ASBESTOS BAN

SEC. 501. PROHIBITION ON ASBESTOS CONTAINING PRODUCTS.

(a) IN GENERAL.—Title II of the Toxic Substances Control Act (15 U.S.C. 2641 et seq.) is amended—

(1) by inserting before section 201 (15 U.S.C. 2641) the following:

''Subtitle A—General Provisions'';

and

(2) by adding at the end the following:

''Subtitle B—Ban of Asbestos Containing Products

''SEC. 221. BAN OF ASBESTOS CONTAINING PRODUCTS.

''(a) DEFINITIONS.—In this chapter:

''(1) ADMINISTRATOR.—The term 'Administrator' means the Administrator of the Environmental Protection Agency.

''(2) ASBESTOS.—The term 'asbestos' includes—

''(A) chrysotile;

''(B) amosite;

''(C) crocidolite;

''(D) tremolite asbestos;

''(E) winchite asbestos;

''(F) richterite asbestos;

''(G) anthophyllite asbestos;

''(H) actinolite asbestos;

''(I) amphibole asbestos; and

''(J) any of the minerals listed under subparagraphs (A) through (I) that has been chemically treated or altered, and any asbestiform variety, type, or component thereof.

''(3) ASBESTOS CONTAINING PRODUCT.—The term 'asbestos containing product' means any product (including any part) to which asbestos is deliberately or knowingly added or used because the specific properties of asbestos are necessary for product use or function. Under no circumstances shall the term 'asbestos containing product' be construed to include products that contain de minimus levels of naturally occurring asbestos as defined by the Administrator not later than 1 year after the date of enactment of this chapter.

''(4) DISTRIBUTE IN COMMERCE.—The term 'distribute in commerce'—

''(A) has the meaning given the term in section 3 of the Toxic Substances Control Act (15 U.S.C. 2602); and

''(B) shall not include—

''(i) an action taken with respect to an asbestos containing product in connection with the end use of the asbestos containing product by a person that is an end user, or an action taken by a person who purchases or receives a product, directly or indirectly, from an end user; or

''(ii) distribution of an asbestos containing product by a person solely for the purpose of disposal of the asbestos containing product in compliance with applicable Federal, State, and local requirements.

''(b) IN GENERAL.—Subject to subsection (c), the Administrator shall promulgate—

''(1) not later than 1 year after the date of enactment of this chapter, proposed regulations that—

''(A) prohibit persons from manufacturing, processing, or distributing in commerce asbestos containing products; and

''(B) provide for implementation of subsections (c) and (d); and

''(2) not later than 2 years after the date of enactment of this chapter, final regulations that, effective 60 days after the date of promulgation, prohibit persons from manufacturing, processing, or distributing in commerce asbestos containing products.

''(c) EXEMPTIONS.—

''(1) IN GENERAL.—Any person may petition the Administrator for, and the Administrator may grant, an exemption from the requirements of subsection (b), if the Administrator determines that—

''(A) the exemption would not result in an unreasonable risk of injury to public health or the environment; and

''(B) the person has made good faith efforts to develop, but has been unable to develop, a substance, or identify a mineral that does not present an unreasonable risk of injury to public health or the environment and may be substituted for an asbestos containing product.

''(2) TERMS AND CONDITIONS.—An exemption granted under this subsection shall be in effect for such period (not to exceed 5 years) and subject to such terms and conditions as the Administrator may prescribe.

''(3) GOVERNMENTAL USE.—

''(A) IN GENERAL.—The Administrator of the Environmental Protection Agency shall provide an exemption from the requirements of subsection (b), without review or limit on duration, if such exemption for an asbestos containing product is—

''(i) sought by the Secretary of Defense and the Secretary certifies, and provides a copy of that certification to Congress, that—

''(I) use of the asbestos containing product is necessary to the critical functions of the Department;

''(II) no reasonable alternatives to the asbestos containing product exist for the intended purpose; and

''(III) use of the asbestos containing product will not result in an unreasonable risk to health or the environment; or

''(ii) sought by the Administrator of the National Aeronautics and Space Administration and the Administrator of the National Aeronautics and Space Administration certifies, and provides a copy of that certification to Congress, that—

''(I) the asbestos containing product is necessary to the critical functions of the National Aeronautics and Space Administration;

''(II) no reasonable alternatives to the asbestos containing product exist for the intended purpose; and

''(III) the use of the asbestos containing product will not result in an unreasonable risk to health or the environment.

''(B) ADMINISTRATIVE PROCEDURE ACT.—Any certification required under subparagraph (A) shall not be subject to chapter 5 of title 5, United States Code (commonly referred to as the 'Administrative Procedure Act').

''(4) SPECIFIC EXEMPTIONS.—The following are exempted:

''(A) Asbestos diaphragms for use in the manufacture of chlor-alkali and the products and derivative therefrom.

''(B) Roofing cements, coatings, and mastics utilizing asbestos that is totally encapsulated with asphalt, subject to a determination by the Administrator of the Environmental Protection Agency under paragraph (5).

''(5) ENVIRONMENTAL PROTECTION AGENCY REVIEW.—

''(A) REVIEW IN 18 MONTHS.—Not later than 18 months after the date of enactment of this chapter, the Administrator of the Environmental Protection Agency shall complete a review of the exemption for roofing cements, coatings, and mastics utilizing asbestos that are totally encapsulated with asphalt to determine whether—

''(i) the exemption would result in an unreasonable risk of injury to public health or the environment; and

''(ii) there are reasonable, commercial alternatives to the roofing cements, coatings, and mastics utilizing asbestos that is totally encapsulated with asphalt.

''(B) REVOCATION OF EXEMPTION.—Upon completion of the review, the Administrator of the Environmental Protection Agency shall have the authority to revoke the exemption for the products exempted under paragraph (4)(B), if warranted.

''(d) DISPOSAL.—

''(1) IN GENERAL.—Except as provided in paragraph (2), not later than 3 years after the date of enactment of this chapter, each person that possesses an asbestos containing product that is subject to the prohibition established under this section shall dispose of the asbestos containing product, by a means that is in compliance with applicable Federal, State, and local requirements.

''(2) EXEMPTION.—Nothing in paragraph (1)—

''(A) applies to an asbestos containing product that—

''(i) is no longer in the stream of commerce; or

''(ii) is in the possession of an end user or a person who purchases or receives an asbestos containing product directly or indirectly from an end user; or

''(B) requires that an asbestos containing product described in subparagraph (A) be removed or replaced.''.

(b) TECHNICAL AND CONFORMING AMENDMENTS.—The table of contents in section 1 of the Toxic Substances Control Act (15 U.S.C. prec. 2601) is amended—

(1) by inserting before the item relating to section 201 the following:

''SUBTITLE A—GENERAL PROVISIONS'';

and

(2) by adding at the end of the items relating to title II the following:

''SUBTITLE B—BAN OF ASBESTOS CONTAINING PRODUCTS

''Sec. 221. Ban of asbestos containing products.''.

Mr. LEAHY. Mr. President, this day has been a long time in coming, and I am pleased to join the Chairman of the Judiciary Committee, Senator FEINSTEIN, and others in sponsoring bipartisan legislation to address the serious problem of asbestos-related disease. It is the product of years of difficult and conscientious craftsmanship and negotiation. Building on the Committee's work under Chairman HATCH, we have striven to bring a fair and efficient plan to the Congress, a plan that will ensure adequate compensation to the thousands of victims of asbestos exposure, but that also will give due consideration to the industries and the insurers that should, and will, provide that compensation. Our bipartisan legislation does that. Asbestos exposure has created a maze of arduous problems, and we have worked hard to produce a balanced bill that offers fair solutions.

Senator SPECTER, with whom I have worked so hard on this legislation, rightly calls this one of the most complex issues we have ever tackled. It is not the bill that I would have written, were I alone responsible for its drafting, nor is it the bill that Senator

SPECTER might have produced. Nor should anyone be surprised to hear that the interested groups—the labor organizations, the industrial participants in the trust fund, their insurers, the trial bar—are each less than pleased with some portion of the bill or another. That is the essence of legislative compromise: We have kept the ultimate goal of fair compensation to victims as the lodestar of our efforts, and we have all had to make sacrifices on a variety of subsidiary issues as we worked together to resolve this emergency. What we have achieved is important and a significant step toward a better, more efficient method to compensate asbestos victims.

Asbestos is among the most lethal substances ever to be widely used in the workplace. Between 1940 and 1980, more than 27.5 million workers were exposed to asbestos on the job, and nearly 19 million of them had high levels of exposure over long periods of time. We even know of family members who have suffered asbestos-related disease from washing the clothes of loved ones. The ravages of disease caused by asbestos have affected tens of thousands of American families. We need better health screening and swifter compensation for those affected. In light of the devastating damage it has wreaked, it is hard to believe that asbestos is still being used today, yet it is. This bill will change that as well, protect against yet another generation of victims.

The economic harm caused by asbestos is also real, and the bankruptcies that have resulted are a different kind of tragedy for everyone—for workers and retirees, for shareholders, and for the families that built these companies. In my home State of Vermont, the Rutland Fire and Clay Company is among the more than 70 companies to have declared bankruptcy.

As Chief Justice Rehnquist noted several years ago, ''the elephantine mass of asbestos cases cries out for a legislative solution.'' *Ortiz* v. *Fibreboard Corp.*, 527 U.S. 815, 865 1999). In another Supreme Court opinion, Justice Ginsburg declared that ''a nationwide administrative claims processing regime would provide the most secure, fair, and efficient means of compensating victims of asbestos exposure.'' *Amchem Products* v. *Windsor*, 521 U.S. 591, 628–29, 1997). I agree, the Chairman agrees, Senator FEINSTEIN agrees, and we hope that many others in the Senate will agree.

We are encouraged by the favorable reception that this bill has already generated from a wide array of interested parties. In the past week, I have received letters of support from the International Union, United Automobile, Aerospace & Agricultural Implement Workers of America, UAW, the Veterans of Foreign Wars of the United States, VFW, the Asbestos Study Group, and others. The UAW notes in its April 13th letter, ''[The Specter-Leahy Proposal] will provide more equitable, timely and certain compensation to the victims of asbestos-related disease.'' The VFW letter of April 14 declares: ''The national trust fund that you are proposing offers our members who are sick and dying the opportunity to secure timely and fair compensation for the injury they suffered in the course of serving their country.'' The National Association of Manufacturers also released a statement expressing their hope that this legislation will engender broad support.

These statements in many ways tell the story of what we have already accomplished: We have drafted a bill that has garnered a favorable response from labor, manufacturers, and companies with considerable asbestos liabilities. We have worked on this legislation for several years now, and I can assure you that garnering this level of consensus has been no small feat. I ask unanimous consent that the text of these letters be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

UAW,
Washington, DC, April 13, 2005.

DEAR SENATOR: Senators Specter and Leahy recently put forward a compromise asbestos compensation proposal, and have indicated that they intend to introduce legislation incorporating this proposal early next week. The UAW supports the Specter-Leahy asbestos compensation proposal because we believe it will provide more equitable, timely and certain compensation to the victims of asbestos-related diseases.

There is widespread agreement that the current tort system fails miserably in compensating asbestos victims. There are often years of delay before victims receive any compensation. Awards to victims are highly unpredictable, with similarly situated individuals receiving vastly different amounts. Too often compensation goes disproportionately to the less sick at the expense of the most seriously ill victims. The transaction costs, including lawyers' fees, are very high and reduce the amounts received by victims. And even when victims are awarded substantial compensation by the courts, these judgments are often not collectable because the defendant companies have filed for bankruptcy, leaving the victims with little effective recourse.

The Specter-Leahy proposal would address these serious problems by replacing the current tort system with a national asbestos trust fund to compensate the victims of asbestos-related diseases. By creating a no-fault administrative system for process claims, this approach would provide victims with speedier compensation, while reducing the substantial lawyers' fees and other transaction costs in the current adversarial litigation system. By compensating victims pursuant to a fixed schedule of payments for specified disease levels, this approach would also provide predictable awards to individuals with similar illnesses, and ensure that the most compensation goes to the most seriously ill victims. Perhaps most importantly, by providing compensation through a national asbestos trust fund, this approach would ensure that victims will receive the full amount of their award regardless of whether a particular company had filed for bankruptcy.

The UAW is especially pleased that the Specter-Leahy proposal does not permit any subrogation against worker compensation or health care payments received by asbestos victims. This will ensure that awards are not largely offset by worker compensation or health care payments to which victims are otherwise entitled. In our judgment, the provisions barring any subrogation are essential to ensuring that victims receive adequate compensation.

The UAW also is pleased that the Specter-Leahy proposal establishes a mechanism for defendant companies and insurers to contribute to the national asbestos compensation fund, thereby spreading the costs of compensating victims across a broad section of the business and insurance community. We believe this broad-based, predictable financing mechanism is vastly preferable to the current tort system, which has driven most asbestos manufacturers into bankruptcy and is threatening the economic viability of many other companies that used products containing asbestos, thereby jeopardizing the jobs of tens of thousands of workers.

The Specter-Leahy proposal provides for reversion of asbestos claims to the tort system in the event the national asbestos trust fund does not have sufficient funds to pay all claims, or in the event the compensation system does not become operational quickly enough. Although the UAW hopes that these reversion provisions will never be triggered, we believe these provisions are essential to ensure that victims will always have some effective recourse for receiving compensation, and to give all stakeholders an incentive to help make the compensation system operate properly.

The UAW recognizes that the Specter-Leahy proposal represents a compromise that reflects countless hours of negotiations with the key stakeholders in this issue. We commend Senator Specter and Senator Leahy for their leadership and persistence in moving forward with efforts to fashion this compromise. We also understand that some issues are still under discussion as the Specter-Leahy proposal is translated into legislative language that will be introduced next week. We look forward to reviewing the final details of the legislation when it is available.

It is easy for critics who want to maintain the current tort system to point to flaws or shortcomings in the Specter-Leahy proposal. But the issue before the Senate is not whether this proposal is perfect or solves all problems. Rather, the issue is whether the Specter-Leahy proposal is better than the current tort system. The UAW believes that the answer to this question is clearly yes. In our judgment, the Specter-Leahy proposal will provide the victims of asbestos-related diseases with speedier, more equitable and more certain compensation than the current tort system. For this reason, we urge you to support the Specter-Leahy proposal when it is considered by the Senate.

Thank you for considering our views on this important issue.

Sincerely,

ALAN REUTHER,
Legislative Director.

APRIL 13, 2005.

Hon. PATRICK J. LEAHY,
Ranking Democratic Member, Senate Judiciary Committee, U.S. Senate, Washington, DC.

DEAR SENATOR LEAHY: We are writing today to implore you not to forget about our

Nation's veterans as you continue your important work of fixing the broken asbestos litigation system. A lot has been written on this issue in the media recently. Yesterday, Senator Arlen Specter said he expects to formally introduce an asbestos victims compensation fund bill later this week. Even before Specter's announcement, some had raised questions about whether an asbestos victims compensation fund is the best solution to the asbestos crisis.

But the critics often overlook one crucial element: what is best for asbestos victims?

Clearly, the most important outcome for victims, many of whom are veterans dying as a result of asbestos exposure, is a system that provides timely, fair and certain compensation.

We believe the compensation fund approach is the only solution that will provide veterans suffering from asbestos-related illnesses with fair and certain compensation.

Asbestos has taken a heavy toll on our Nation's veterans. This dangerous substance was widely used by the military during and after World War II, particularly in insulation aboard U.S. Navy ships. Because of the long latency periods of asbestos-related diseases, many veterans are still being diagnosed today with life-threatening diseases that are the result of exposure that occurred during military service decades ago.

Veterans are in a unique situation in that we have virtually no avenue for compensation under the current system. Veterans with asbestos-related illnesses are prevented by law from seeking compensation from the U.S. government through the courts. Since most of the companies that supplied the U.S. military with asbestos are long gone, seeking relief from the suppliers is also a dead end.

Some have suggested that a medical criteria bill might provide a better solution to the asbestos problem. A medical criteria bill, however, will do little, if anything, to provide certainty for victims. And because it leaves asbestos claims in the courts, the medical criteria bill certainly wouldn't benefit veterans who are sick from asbestos. Under a medical criteria bill, the asbestos litigation system will remain unchanged for veterans.

The Senate Judiciary Committee shouldn't let special interests hijack veterans' only chance to receive the just compensation they deserve.

We urge the Senate Judiciary Committee to approve the asbestos victims compensation fund as quickly as possible and bring this critically important legislation to the floor. Our Nation's veterans deserve fair compensation—and nothing less.

Sincerely,

Veterans of Foreign Wars of the United States

ASBESTOS STUDY GROUP,
April 18, 2005.

Hon. ARLEN SPECTER,
Chairman, Committee on the Judiciary, U.S. Senate, Hart Senate Office Building, Washington, DC.

DEAR CHAIRMAN SPECTER: The Asbestos Study Group, a group of U.S. companies representing over 1.5 million workers, is greatly appreciative of the Chairman's tireless efforts in working with all interested Senators and private stakeholders to reach a bipartisan consensus that can bring a much needed solution to the Nation's asbestos litigation crisis. We are very pleased and encouraged that the revised April 12th draft has earned bipartisan support. We believe it brings us considerably closer to a long-overdue resolution. While our analysis of the new draft is continuing, we look forward to working with the Chairman and other Senators to obtain final passage of this critically important legislation as soon as possible.

In the last two decades Congress has debated asbestos litigation reform, the opportunity now before us represents our best chance for success. Too much progress has been made and too much is at stake for our Nation to miss this unique opportunity to finally solve the asbestos problem.

Thank you for your continuing leadership and commitment to this critically important issue.

Sincerely,

BARRY B. DIRENFELD,
Counsel, Asbestos Study Group.

[From the National Association of Manufacturers, April 14, 2005]

ENGLER STATEMENT ON SENATOR SPECTER'S LATEST ASBESTOS BILL LANGUAGE DRAFT

WASHINGTON, D.C.—National Association of Manufacturers President John Engler today issued this statement in support of Senator Arlen Specter's (R–PA) ongoing effort to end America's asbestos litigation crisis:

''Manufacturers and the business community more broadly are grateful to Chairman Specter for the energy and determination he has shown in working to craft a legislative solution to our Nation's economy-sapping problem with asbestos litigation.

''The comprehensive Specter draft is now being reviewed by the NAM and the members of the Asbestos Alliance. Since the draft has already earned bipartisan support in the Senate, we are hopeful it will engender similarly broad support in the nationwide business community. When our review and those of our Asbestos Alliance colleagues are complete, we hope a solution will finally be at hand.

''There is much to like in the Chairman's draft, I'm encouraged by the renewed commitment on both sides of the aisle, and I am more hopeful about prospects for consensus than I have been in weeks.

''We look forward to working with Chairman Specter and other Senators toward final passage of a bill that fairly resolves compensation problems and ends the scandal of asbestos lawsuit abuse once and for all.''

Mr. LEAHY. The bipartisan efforts of the last 2 years have been productive. With the help of Judge Edward Becker, the primary stakeholders have worked diligently and as a result we have reached a compromise agreement on a national trust fund that will fairly compensate victims of asbestos exposure. With the Chairman's leadership, the disparate interests have reached consensus on many issues such as overall funding of $140 billion and a streamlined administrative process within the Department of Labor. Compensation will be awarded and paid outside of the court system through a simplified administrative claims process. There is no need to prove liability or identify a particular defendant. There is, instead, a claims process wherein all those who exhibit certain medical symptoms and evidence of disease are compensated.

Last Congress I was disappointed by the bill reported by the Judiciary Committee and by the partisan bill, S. 2290, that was subsequently introduced as a substitute for that legislation. As compared to those efforts, our bipartisan bill includes significant and necessary improvements: Our bill provides higher compensation awards for victims, with $1.1 million for victims of mesothelioma, $300,000 to $1.1 million for lung cancer victims, $200,000 for victims of other cancers caused by asbestos, $100,000 to $850,000 for asbestosis, and $25,000 for what we call ''mixed disease cases.'' All likely asbestos victims are eligible for medical monitoring, and unlike last year's bills, this bill provides for medical screening for high-risk workers, a relatively low-cost way to help make sure that those most likely to be harmed are diagnosed.

Another essential improvement is the important provision ensuring that victims' awards under the new trust fund will not be subject to subrogation by insurance companies. This means that victims will not have to give up any of their much-deserved compensation just because they received workers' compensation or other insurance benefits in the past. The initial funding of this trust is both more realistic and more substantial than the partisan bill from the last Congress, providing for almost $43 billion of the total $140 billion in the first five years. And unlike the earlier bill, this bill ensures that the contributors into the fund will be a matter of public record, as are their obligations to the fund. Our bill also guarantees that court cases that are well under way, and certainly those that have reached judgment, will not be upset by the new trust fund. Similarly, last year's bill would also have overridden all civil settlements that had any remaining conduct outstanding. Our bipartisan asbestos bill protects those settlements between named defendants and named victims, and also protects settlements that provide for health insurance or health care.

There are other improvements to the trust fund plan over last year's effort. The previous legislation provided no incentive for the fund to start processing claims. The Specter-Leahy-Feinstein bill creates an incentive for the fund to begin processing claims quickly: If it is not operational within 9

months, the sickest victims will be able to return to the tort system. If the fund is not operational within 24 months, all victims can return to the tort system.

In improving the way the asbestos legislation handles exigent claims—those victims who are sickest and may not have long to live—Senator FEINSTEIN was instrumental in developing a creative solution. I thank the senior Senator from California for her tireless efforts on behalf of sick and dying asbestos victims. These victims should not be forced to wait a year while this new trust fund gets organized and ready to process claims. Under Senator FEINSTEIN's approach, which we adopted, exigent cases would receive an immediate lump-sum payment, and, as I noted earlier, if the fund is not operational in nine months, these sickest victims will be able to continue their cases in court.

As part of this compromise legislation, a particular class of lung cancer sufferers, those who have had significant asbestos exposure but no markings of asbestos-related disease, are not treated as compensable victims for purposes of the asbestos trust fund. Because of the absence of markings, it is not possible to establish asbestos as the cause of their disease. If they develop markings, however, they will become eligible for compensation from the asbestos trust fund. As with many other administrative claims processes, this bill sets a limit on attorneys' fee. In connection with this asbestos fund, the limit is set at 5 percent on victims' awards within the fund. In addition, in order to prevent victims of asbestos exposure from retooling their complaints to circumvent the asbestos trust fund, the bill also imposes a higher burden of proof within the tort system for plaintiffs seeking damages resulting from exposure to silica.

The problems we are addressing are complex, this bill necessarily reflects these complexities, and its drafting was not easy. The compromises we had to make were difficult but necessary to ensure that we created a trust fund that would provide adequate compensation to the thousands of workers who have suffered, and continue to suffer, the devastating health effect of asbestos. The history of asbestos use in our country must come to an end. Under a provision authored by Senator MURRAY that we have included, which was accepted during the last Congress by the Judiciary Committee, this bill will ban its use. We must halt the harm asbestos creates, and ameliorate the harm it has already caused. The industrial and insurer participants in the trust fund will gain the benefits of financial certainty and relief from the stresses of litigation in the tort system, and the victims will have a quicker and more efficient path to recovery.

I thank Chairman SPECTER, Senator FEINSTEIN and others for working so hard with me on this bipartisan legislation. I urge Senators to support this compromise legislation to, at long last, help solve the asbestos problem by providing fair compensation to victims of asbestos exposure.

I think of the staffs who have worked so diligently on this. On my staff, I single out Ed Pagano, who was a lead counsel of the Democrats, along with Kristine Lucius on our side. On Senator SPECTER's side, we were helped so much by Seema Singh.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 113—EXPRESSING SUPPORT FOR THE INTERNATIONAL HOME FURNISHINGS MARKET IN HIGH POINT, NORTH CAROLINA

Mrs. DOLE (for herself and Mr. BURR) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 113

Whereas the International Home Furnishings Market in High Point, North Carolina (commonly known as the ''High Point Market'') is the largest home furnishings industry trade show of its kind in the world;

Whereas the High Point Market takes place every April and October, and is the largest event in North Carolina, attended by more people for a longer period of time over a larger area than any other event in the State;

Whereas an average of 70,000 manufacturers, exhibitors, sales representatives, retail buyers, interior designers, architects, support personnel, suppliers, and news media attend the High Point Market each April and October;

Whereas people from all 50 States and more than 100 foreign countries attend the High Point Market;

Whereas the High Point Market attracts an average of 2,500 exhibitors from around the world, with international exhibitors constituting more than 10 percent of the exhibitors at the event;

Whereas the exhibits at the High Point Market encompass a wide variety of finished products, including case goods (wood furniture), upholstery, accessories, lighting, bedding, and rugs;

Whereas the High Point Market has more than 11,500,000 square feet of permanent showroom space in more than 180 separate buildings in High Point and Thomasville, North Carolina;

Whereas the High Point Market brings $1,140,000,000 and more than 13,000 jobs to North Carolina annually, and creates a significant, lasting, and positive economic impact on a State in which the manufacturing economy is declining due to offshore production;

Whereas the Federal Government has invested in the High Point Market by providing funding to help meet critical transportation infrastructure needs; and

Whereas the High Point Market is a vital engine for economic growth for North Carolina, especially for the region commonly known as the Triad Region: Now, therefore, be it

Resolved, That the Senate—

(1) expresses support for the International Home Furnishings Market in High Point, North Carolina;

(2) commends those who organize and participate in the International Home Furnishings Market for their contributions to economic growth and vitality in North Carolina; and

(3) recognizes that the International Home Furnishings Market has a positive economic impact on North Carolina and is vital to a region and State adversely affected by a decline in traditional manufacturing.

AMENDMENTS SUBMITTED AND PROPOSED

SA 538. Mr. CORNYN submitted an amendment intended to be proposed to amendment SA 375 proposed by Mr. CRAIG (for himself and Mr. KENNEDY) to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table.

SA 539. Mr. CORNYN submitted an amendment intended to be proposed to amendment SA 375 proposed by Mr. CRAIG (for himself and Mr. KENNEDY) to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 540. Mr. CORNYN submitted an amendment intended to be proposed by him to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 541. Mr. KYL submitted an amendment intended to be proposed to amendment SA 375 proposed by Mr. CRAIG (for himself and Mr. KENNEDY) to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 542. Mr. KYL submitted an amendment intended to be proposed to amendment SA 387 proposed by Ms. MIKULSKI (for herself, Mr. ALLEN, Mr. LEAHY, Mr. CORZINE, Mr. WARNER, Mr. JEFFORDS, Mr. SARBANES, Mr. DAYTON, Mr. KENNEDY, Ms. LANDRIEU, Mr . REED, Mr. LAUTENBERG, Mr. FEINGOLD, Mr. DORGAN, Mr. KERRY, Mr. CONRAD, Mr. THOMAS, Mr. STEVENS, Mr. DEWINE, Mr. COLEMAN, Ms. SNOWE, and Ms. COLLINS) to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 543. Mr. REED (for himself and Mr. CHAFEE) submitted an amendment intended to be proposed to amendment SA 375 proposed by Mr. CRAIG (for himself and Mr. KENNEDY) to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 544. Mr. REED (for himself and Mr. CHAFEE) submitted an amendment intended to be proposed to amendment SA 432 proposed by Mr. CHAMBLISS (for himself and Mr. KYL) to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 545. Mr. WYDEN submitted an amendment intended to be proposed to amendment SA 376 submitted by Mr. WYDEN (for himself, Mr. SMITH, and Mrs. MURRAY) and intended to be proposed to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 546. Mr. CHAMBLISS submitted an amendment intended to be proposed to amendment SA 375 proposed by Mr. CRAIG (for himself and Mr. KENNEDY) to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 547. Mr. COCHRAN (for Mr. BOND) proposed an amendment to the bill H.R. 1268, supra.

SA 548. Mr. COCHRAN (for Mr. LEAHY) proposed an amendment to the bill H.R. 1268, supra.

SA 549. Mr. BAUCUS submitted an amendment intended to be proposed to amendment SA 475 submitted by Mr. CRAIG (for himself, Mr. BAUCUS, Mr. ROBERTS, and Mr. ENZI) and intended to be proposed to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 550. Mr. VITTER submitted an amendment intended to be proposed by him to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 551. Mr. DEWINE submitted an amendment intended to be proposed to amendment SA 439 submitted by Mr. CRAIG (for himself and Mr. AKAKA) and intended to be proposed to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 552. Mr. BAUCUS submitted an amendment intended to be proposed to amendment SA 475 submitted by Mr. CRAIG (for himself, Mr. BAUCUS, Mr. ROBERTS, and Mr. ENZI) and intended to be proposed to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 553. Mr. WYDEN submitted an amendment intended to be proposed to amendment SA 376 submitted by Mr. WYDEN (for himself, Mr. SMITH, and Mrs. MURRAY) and intended to be proposed to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 554. Mr. WYDEN submitted an amendment intended to be proposed to amendment SA 376 submitted by Mr. WYDEN (for himself, Mr. SMITH, and Mrs. MURRAY) and intended to be proposed to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 555. Mr. KYL submitted an amendment intended to be proposed to amendment SA 387 proposed by Ms. MIKULSKI (for herself, Mr. ALLEN, Mr. LEAHY, Mr. CORZINE, Mr. WARNER, Mr. JEFFORDS, Mr. SARBANES, Mr. DAYTON, Mr. KENNEDY, Ms. LANDRIEU, Mr . REED, Mr. LAUTENBERG, Mr. FEINGOLD, Mr. DORGAN, Mr. KERRY, Mr. CONRAD, Mr. THOMAS, Mr. STEVENS, Mr. DEWINE, Mr. COLEMAN, Ms. SNOWE, and Ms. COLLINS) to the bill H.R. 1268, supra.

SA 556. Mr. STEVENS submitted an amendment intended to be proposed by him to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 557. Ms. SNOWE submitted an amendment intended to be proposed to amendment SA 530 submitted by Mr. DOMENICI and intended to be proposed to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 558. Ms. SNOWE submitted an amendment intended to be proposed to amendment SA 529 submitted by Mr. DOMENICI and intended to be proposed to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 559. Mr. ROBERTS submitted an amendment intended to be proposed to amendment SA 437 submitted by Mr. ROCKEFELLER and intended to be proposed to the bill H.R. 1268, supra; which was ordered to lie on the table.

SA 560. Mr. COCHRAN (for Mr. SHELBY (for himself, Mr. KENNEDY, Mr. DURBIN, and Mr. OBAMA)) proposed an amendment to the bill H.R. 1268, supra.

SA 561. Mr. COCHRAN (for Mr. REID) proposed an amendment to the bill H.R. 1268, supra.

SA 562. Mr. COCHRAN (for Mr. REID) proposed an amendment to the bill H.R. 1268, supra.

TEXT OF AMENDMENTS

SA 538. Mr. CORNYN submitted an amendment intended to be proposed to amendment SA 375 proposed by Mr. CRAIG (for himself and Mr. KENNEDY) to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

On page 4, strike line 1 and all that follows through page 35, line 23.

SA 539. Mr. CORNYN submitted an amendment intended to be proposed to amendment SA 375 proposed by Mr. CRAIG (for himself and Mr. KENNEDY) to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 58, strike line 10 and all that follows through page 65, line 21, and insert the following:

''(3) REQUIRED WAGES.—

''(A) IN GENERAL.—An employer applying for workers shall offer to pay, and shall pay, all workers in the occupation for which the employer has applied for workers, not less than the prevailing wage.

''(B) INFORMATION FROM STATES.—In complying with subparagraph (A), an employer may request and obtain a prevailing wage determination from the State employment security agency.

''(C) INFORMATION FROM SURVEYS.—In lieu of the procedure described in subparagraph (B), an employer may rely on other wage information, including a survey of the prevailing wages of workers in the occupation in the area of intended employment that has been conducted or funded by the employer or a group of employers, that meets criteria specified by the Secretary of Labor in regulations.

''(D) COMPLIANCE.—An employer who obtains such prevailing wage determination, or who relies on a qualifying survey of prevailing wages, and who pays the wage determined to be prevailing, shall be considered to have complied with the requirement of subparagraph (A).

''(E) MINIMUM WAGES.—No worker shall be paid less than the greater of the prevailing wage or the applicable State minimum wage.

SA 540. Mr. CORNYN submitted an amendment intended to be proposed by him to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

On page 28, line 5, strike ''not''.

SA 541. Mr. KYL submitted an amendment intended to be proposed to amendment SA 375 proposed by Mr. CRAIG (for himself and Mr. KENNEDY) to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 13, strike line 4 and all that follows through page 35, line 23, and insert the following:

(d) APPLICATIONS.—

(1) TO WHOM MAY BE MADE.—

(A) WITHIN THE UNITED STATES.—The Secretary shall provide that applications for temporary resident status under subsection (a) may be filed—

(i) with the Secretary, but only if the applicant is represented by an attorney; or

(ii) with a qualified designated entity (designated under paragraph (2)), but only if the applicant consents to the forwarding of the application to the Secretary.

(B) PRELIMINARY APPLICATIONS.—

(i) IN GENERAL.—During the application period described in subsection (a)(1)(B), the Secretary may grant admission to the United States as a temporary resident and provide an ''employment authorized'' endorsement or other appropriate work permit to any alien who presents a preliminary application for such status under subsection (a) at a designated port of entry on the southern land border of the United States. An alien who does not enter through a port of entry is subject to deportation and removal as otherwise provided in this Act.

(ii) DEFINITION.—For purposes of clause (i), the term ''preliminary application'' means a fully completed and signed application which contains specific information concerning the performance of qualifying employment in the United States, together with the payment of the appropriate fee and the submission of photographs and the documentary evidence which the applicant intends to submit as proof of such employment.

(iii) ELIGIBILITY.—An applicant under clause (i) shall otherwise be admissible to the United States under subsection (e)(2) and shall establish to the satisfaction of the examining officer during an interview that the applicant's claim to eligibility for temporary resident status is credible.

(C) TRAVEL DOCUMENTATION.—The Secretary shall provide each alien granted status under this section with a counterfeit-resistant document of authorization to enter or reenter the United States that meets the requirements established by the Secretary.

(2) DESIGNATION OF ENTITIES TO RECEIVE APPLICATIONS.—

(A) IN GENERAL.—For purposes of receiving applications under subsection (a), the Secretary—

(i) shall designate qualified farm labor organizations and associations of employers; and

(ii) may designate such other persons as the Secretary determines are qualified and have substantial experience, demonstrate competence, and have traditional long-term involvement in the preparation and submission of applications for adjustment of status under section 209, 210, or 245 of the Immigration and Nationality Act, Public Law 89–732, Public Law 95–145, or the Immigration Reform and Control Act of 1986.

(B) REFERENCES.—Organizations, associations, and persons designated under subparagraph (A) are referred to in this Act as ''qualified designated entities''.

(3) PROOF OF ELIGIBILITY.—

(A) IN GENERAL.—An alien may establish that the alien meets the requirement of subsection (a)(1)(A) through government employment records or records supplied by employers or collective bargaining organizations, and other reliable documentation as the alien may provide. The Secretary shall establish special procedures to properly credit work in cases in which an alien was employed under an assumed name.

(B) DOCUMENTATION OF WORK HISTORY.—

(i) BURDEN OF PROOF.—An alien applying for status under subsection (a)(1) has the burden of proving by a preponderance of the evidence that the alien has worked the requisite number of hours or days (as required under subsection (a)(1)(A)).

(ii) TIMELY PRODUCTION OF RECORDS.—If an employer or farm labor contractor employing such an alien has kept proper and adequate records respecting such employment, the alien's burden of proof under clause (i) may be met by securing timely production of those records under regulations to be promulgated by the Secretary.

(iii) SUFFICIENT EVIDENCE.—An alien can meet the burden of proof under clause (i) to establish that the alien has performed the work described in subsection (a)(1)(A) by producing sufficient evidence to show the extent of that employment as a matter of just and reasonable inference.

(4) TREATMENT OF APPLICATIONS BY QUALIFIED DESIGNATED ENTITIES.—Each qualified designated entity shall agree to forward to the Secretary applications filed with it in accordance with paragraph (1)(A)(i)(II) but shall not forward to the Secretary applications filed with it unless the applicant has consented to such forwarding. No such entity may make a determination required by this section to be made by the Secretary. Upon the request of the alien, a qualified designated entity shall assist the alien in obtaining documentation of the work history of the alien.

(5) LIMITATION ON ACCESS TO INFORMATION.—Files and records prepared for purposes of this subsection by qualified designated entities operating under this subsection are confidential and the Secretary shall not have access to such files or records relating to an alien without the consent of the alien, except as allowed by a court order issued pursuant to paragraph (6).

(7) PENALTIES FOR FALSE STATEMENTS IN APPLICATIONS.—

(A) CRIMINAL PENALTY.—Any person who—

(i) files an application for status under subsection (a) and knowingly and willfully falsifies, conceals, or covers up a material fact or makes any false, fictitious, or fraudulent statements or representations, or makes or uses any false writing or document knowing the same to contain any false, fictitious, or fraudulent statement or entry; or

(ii) creates or supplies a false writing or document for use in making such an application,

shall be fined in accordance with title 18, United States Code, imprisoned not more than 5 years, or both.

(B) INADMISSIBILITY.—An alien who is convicted of a crime under subparagraph (A) shall be considered to be inadmissible to the United States on the ground described in section 212(a)(6)(C)(i) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(6)(C)(i)).

(8) APPLICATION FEES.—

(A) FEE SCHEDULE.—The Secretary shall provide for a schedule of fees that—

(i) shall be charged for the filing of applications for status under subsection (a); and

(ii) may be charged by qualified designated entities to help defray the costs of services provided to such applicants.

(B) PROHIBITION ON EXCESS FEES BY QUALIFIED DESIGNATED ENTITIES.—A qualified designated entity may not charge any fee in excess of, or in addition to, the fees authorized under subparagraph (A)(ii) for services provided to applicants.

(C) DISPOSITION OF FEES.—

(i) IN GENERAL.—There is established in the general fund of the Treasury a separate account, which shall be known as the ''Agricultural Worker Immigration Status Adjustment Account''. Notwithstanding any other provision of law, there shall be deposited as offsetting receipts into the account all fees collected under subparagraph (A)(i).

(ii) USE OF FEES FOR APPLICATION PROCESSING.—Amounts deposited in the ''Agricultural Worker Immigration Status Adjustment Account'' shall remain available to the Secretary until expended for processing applications for status under subsection (a).

(e) WAIVER OF NUMERICAL LIMITATIONS AND CERTAIN GROUNDS FOR INADMISSIBILITY.—

(1) NUMERICAL LIMITATIONS DO NOT APPLY.—The numerical limitations of sections 201 and 202 of the Immigration and Nationality Act (8 U.S.C. 1151 and 1152) shall not apply to the adjustment of aliens to lawful permanent resident status under this section.

(2) WAIVER OF CERTAIN GROUNDS OF INADMISSIBILITY.—In the determination of an alien's eligibility for status under subsection (a)(1)(C), the following rules shall apply:

(A) GROUNDS OF EXCLUSION NOT APPLICABLE.—The provisions of paragraphs (5), (6)(A), (7)(A), and (9)(B) of section 212(a) of the Immigration and Nationality Act (8 U.S.C. 1182(a)) shall not apply.

(B) WAIVER OF OTHER GROUNDS.—

(i) IN GENERAL.—Except as provided in clause (ii), the Secretary may waive any other provision of such section 212(a) in the case of individual aliens for humanitarian purposes, to ensure family unity, or if otherwise in the public interest.

(ii) GROUNDS THAT MAY NOT BE WAIVED.—Paragraphs (2)(A), (2)(B), (2)(C), (3), and (4) of such section 212(a) may not be waived by the Secretary under clause (i).

(iii) CONSTRUCTION.—Nothing in this subparagraph shall be construed as affecting the authority of the Secretary other than under this subparagraph to waive provisions of such section 212(a).

(C) SPECIAL RULE FOR DETERMINATION OF PUBLIC CHARGE.—An alien is not ineligible for status under this section by reason of a ground of inadmissibility under section 212(a)(4) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(4)) if the alien demonstrates a history of employment in the United States evidencing self-support without reliance on public cash assistance.

(f) TEMPORARY STAY OF REMOVAL AND WORK AUTHORIZATION FOR CERTAIN APPLICANTS.—

(1) BEFORE APPLICATION PERIOD.—Effective on the date of enactment of this Act, the Secretary shall provide that, in the case of an alien who is apprehended before the beginning of the application period described in subsection (a)(1)(B) and who can establish a nonfrivolous case of eligibility for temporary resident status under subsection (a) (but for the fact that the alien may not apply for such status until the beginning of such period), until the alien has had the opportunity during the first 30 days of the application period to complete the filing of an application for temporary resident status, the alien—

(A) may not be removed; and

(B) shall be granted authorization to engage in employment in the United States and be provided an ''employment authorized'' endorsement or other appropriate work permit for such purpose.

(2) DURING APPLICATION PERIOD.—The Secretary shall provide that, in the case of an alien who presents a nonfrivolous application for temporary resident status under subsection (a) during the application period described in subsection (a)(1)(B), including an alien who files such an application within 30 days of the alien's apprehension, and until a final determination on the application has been made in accordance with this section, the alien—

(A) may not be removed; and

(B) shall be granted authorization to engage in employment in the United States and be provided an ''employment authorized'' endorsement or other appropriate work permit for such purpose.

(g) ADMINISTRATIVE AND JUDICIAL REVIEW.—

(1) IN GENERAL.—There shall be no administrative or judicial review of a determination respecting an application for status under subsection (a) or (c) except in accordance with this subsection.

(2) ADMINISTRATIVE REVIEW.—

(A) SINGLE LEVEL OF ADMINISTRATIVE APPELLATE REVIEW.—The Secretary shall establish an appellate authority to provide for a single level of administrative appellate review of such a determination.

(B) STANDARD FOR REVIEW.—Such administrative appellate review shall be based solely upon the administrative record established at the time of the determination on the application and upon such additional or newly discovered evidence as may not have been available at the time of the determination.

(3) JUDICIAL REVIEW.—

(A) LIMITATION TO REVIEW OF REMOVAL.—There shall be judicial review of such a determination only in the judicial review of an order of removal under section 242 of the Immigration and Nationality Act (8 U.S.C. 1252).

(B) STANDARD FOR JUDICIAL REVIEW.—Such judicial review shall be based solely upon the administrative record established at the time of the review by the appellate authority and the findings of fact and determinations contained in such record shall be conclusive unless the applicant can establish abuse of discretion or that the findings are directly contrary to clear and convincing facts contained in the record considered as a whole.

(h) DISSEMINATION OF INFORMATION ON ADJUSTMENT PROGRAM.—Beginning not later

than the first day of the application period described in subsection (a)(1)(B), the Secretary, in cooperation with qualified designated entities, shall broadly disseminate information respecting the benefits that aliens may receive under this section and the requirements to be satisfied to obtain such benefits.

(i) REGULATIONS.—The Secretary shall issue regulations to implement this section not later than the first day of the seventh month that begins after the date of enactment of this Act.

(j) EFFECTIVE DATE.—This section shall take effect on the date that regulations are issued implementing this section on an interim or other basis.

(k) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary to carry out this section $40,000,000 for each of fiscal years 2006 through 2009.

SEC. 712. CORRECTION OF SOCIAL SECURITY RECORDS.

(a) IN GENERAL.—Section 208(d)(1) of the Social Security Act (42 U.S.C. 408(d)(1)) is amended—

(1) in subparagraph (B)(ii), by striking ''or'' at the end;

(2) in subparagraph (C), by inserting ''or'' at the end;

(3) by inserting after subparagraph (C) the following:

''(D) who is granted status as a lawful temporary resident under the Agricultural Job Opportunity, Benefits, and Security Act of 2005,''; and

(4) by striking ''1990.'' and inserting ''1990, or in the case of an alien described in subparagraph (D), if such conduct is alleged to have occurred before the date on which the alien was granted lawful temporary resident status.''.

(b) EFFECTIVE DATE.—The amendments made by subsection (a) shall take effect on the first day of the seventh month that begins after the date of enactment of this Act.

SA 542. Mr. KYL submitted an amendment intended to be proposed to amendment SA 387 proposed by Ms. MIKULSKI (for herself, Mr. ALLEN, Mr. LEAHY, Mr. CORZINE, Mr. WARNER, Mr. JEFFORDS, Mr. SARBANES, Mr. DAYTON, Mr. KENNEDY, Ms. LANDRIEU, Mr. REED, Mr. LAUTENBERG, Mr. FEINGOLD, Mr. DORGAN, Mr. KERRY, Mr. CONRAD, Mr. THOMAS, Mr. STEVENS, Mr. DEWINE, Mr. COLEMAN, Ms. SNOWE, and Ms. COLLINS) to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

On page 2, strike lines 5 through 11, and insert the following:

''(9)(A) Subject to subparagraphs (B) and (C), an alien counted toward the numerical limitations of paragraph (1)(B) during any 1 of the 3 fiscal years prior to the submission of a petition for a nonimmigrant worker described in section 101(a)(15)(H)(ii)(b) may not be counted toward such limitation for the fiscal year in which the petition is approved.

''(B) A petition referred to in subparagraph (A) shall include, with respect to an alien—

''(i) the full name of the alien; and

''(ii) a certification to the Department of Homeland Security that the alien is a returning worker.

''(C) An H–2B petition for a returning worker shall be approved only if the name of the individual on the petition is confirmed by—

''(i) the Department of State; or

''(ii) if the alien is visa exempt, the Department of Homeland Security.''.

SA 543. Mr. REED (for himself and Mr. CHAFEE) submitted an amendment intended to be proposed to amendment SA 375 proposed by Mr. CRAIG (for himself and Mr. KENNEDY) to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. ___. ADJUSTMENT OF STATUS.

(a) ADJUSTMENT OF STATUS.—

(1) IN GENERAL.—

(A) ELIGIBILITY.—The Secretary of Homeland Security (referred to in this section as the ''Secretary'') shall adjust the status of an alien described in subsection (b) to that of an alien lawfully admitted for permanent residence, if the alien—

(i) applies for adjustment before April 1, 2007; and

(ii) is otherwise eligible to receive an immigrant visa and admissible to the United States for permanent residence, except that, in determining such admissibility, the grounds for inadmissibility specified in paragraphs (4), (5), (6)(A), and (7)(A) of section 212(a) of the Immigration and Nationality Act (8 U.S.C. 1182(a)) shall not apply.

(B) INELIGIBLE ALIENS.—An alien shall not be eligible for adjustment of status under this section if the Secretary finds that the alien has been convicted of—

(i) any aggravated felony (as defined in section 101(a)(43) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(43)); or

(ii) 2 or more crimes involving moral turpitude.

(2) RELATIONSHIP OF APPLICATION TO CERTAIN ORDERS.—

(A) IN GENERAL.—An alien present in the United States who has been ordered excluded, deported, removed, or to depart voluntarily from the United States under any provision of the Immigration and Nationality Act may, notwithstanding such order, apply for adjustment of status under paragraph (1) if otherwise qualified under that paragraph.

(B) SEPARATE MOTION NOT REQUIRED.—An alien described in subparagraph (A) may not be required, as a condition of submitting or granting such application, to file a separate motion to reopen, reconsider, or vacate the order described in subparagraph (A).

(C) EFFECT OF DECISION BY SECRETARY.—If the Secretary grants the application, the Secretary shall cancel the order. If the Secretary makes a final decision to deny the application, the order shall be effective and enforceable to the same extent as if the application had not been made.

(b) ALIENS ELIGIBLE FOR ADJUSTMENT OF STATUS.—

(1) IN GENERAL.—The benefits provided under subsection (a) shall apply to any alien—

(A) who is—

(i) a national of Liberia; and

(ii) has been continuously present in the United States from January 1, 2005, through the date of application under subsection (a); or

(B) who is the spouse, child, or unmarried son or daughter of an alien described in subparagraph (A).

(2) DETERMINATION OF CONTINUOUS PHYSICAL PRESENCE.—For purposes of establishing the period of continuous physical presence referred to in paragraph (1), an alien shall not be considered to have failed to maintain continuous physical presence by reasons of an absence, or absences, from the United States for any period or periods amounting in the aggregate to not more than 180 days.

(c) STAY OF REMOVAL.—

(1) IN GENERAL.—The Secretary shall provide by regulation for an alien who is subject to a final order of deportation or removal or exclusion to seek a stay of such order based on the filing of an application under subsection (a).

(2) DURING CERTAIN PROCEEDINGS.—Notwithstanding any provision in the Immigration and Nationality Act, the Secretary shall not order an alien to be removed from the United States if the alien is in exclusion, deportation, or removal proceedings under any provision of such Act and has applied for adjustment of status under subsection (a), except where the Secretary has made a final determination to deny the application.

(3) WORK AUTHORIZATION.—

(A) IN GENERAL.—The Secretary may authorize an alien who has applied for adjustment of status under subsection (a) to engage in employment in the United States during the pendency of such application and may provide the alien with an ''employment authorized'' endorsement or other appropriate document signifying authorization of employment.

(B) PENDING APPLICATIONS.—If an application under subsection (a) is pending for a period exceeding 180 days and has not been denied, the Secretary shall authorize such employment.

(d) RECORD OF PERMANENT RESIDENCE.—Upon approval of an alien's application for adjustment of status under subsection (a), the Secretary shall establish a record of the alien's admission for permanent record as of the date of the alien's arrival in the United States.

(e) AVAILABILITY OF ADMINISTRATIVE REVIEW.—The Secretary shall provide to applicants for adjustment of status under subsection (a) the same right to, and procedures for, administrative review as are provided to—

(1) applicants for adjustment of status under section 245 of the Immigration and Nationality Act (8 U.S.C. 1255); or

(2) aliens subject to removal proceedings under section 240 of such Act.

(f) LIMITATION ON JUDICIAL REVIEW.—A determination by the Secretary as to whether the status of any alien should be adjusted under this section is final and shall not be subject to review by any court.

(g) NO OFFSET IN NUMBER OF VISAS AVAILABLE.—If an alien is granted the status of having been lawfully admitted for permanent residence pursuant to this section, the Secretary of State shall not be required to reduce the number of immigrant visas authorized to be issued under any provision of the Immigration and Nationality Act.

(h) APPLICATION OF IMMIGRATION AND NATIONALITY ACT PROVISIONS.—

(1) DEFINITIONS.—Except as otherwise specifically provided in this section, the definitions contained in the Immigration and Nationality Act shall apply in this section.

(2) SAVINGS PROVISION.—Nothing in this section shall be construed to repeal, amend, alter, modify, effect, or restrict the powers, duties, function, or authority of the Secretary in the administration and enforcement of the Immigration and Nationality Act or any other law relating to immigration, nationality, or naturalization.

(3) EFFECT OF ELIGIBILITY FOR ADJUSTMENT OF STATUS.—Eligibility to be granted the status of having been lawfully admitted for permanent residence under this section shall not preclude an alien from seeking any status under any other provision of law for which the alien may otherwise be eligible.

SA 544. Mr. REED (for himself and Mr. CHAFEE) submitted an amendment intended to be proposed to amendment SA 432 proposed by Mr. CHAMBLISS (for himself and Mr. KYL) to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. ___. ADJUSTMENT OF STATUS.

(a) ADJUSTMENT OF STATUS.—

(1) IN GENERAL.—

(A) ELIGIBILITY.—The Secretary of Homeland Security (referred to in this section as the ''Secretary'') shall adjust the status of an alien described in subsection (b) to that of an alien lawfully admitted for permanent residence, if the alien—

(i) applies for adjustment before April 1, 2007; and

(ii) is otherwise eligible to receive an immigrant visa and admissible to the United States for permanent residence, except that, in determining such admissibility, the grounds for inadmissibility specified in paragraphs (4), (5), (6)(A), and (7)(A) of section 212(a) of the Immigration and Nationality Act (8 U.S.C. 1182(a)) shall not apply.

(B) INELIGIBLE ALIENS.—An alien shall not be eligible for adjustment of status under this section if the Secretary finds that the alien has been convicted of—

(i) any aggravated felony (as defined in section 101(a)(43) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(43)); or

(ii) 2 or more crimes involving moral turpitude.

(2) RELATIONSHIP OF APPLICATION TO CERTAIN ORDERS.—

(A) IN GENERAL.—An alien present in the United States who has been ordered excluded, deported, removed, or to depart voluntarily from the United States under any provision of the Immigration and Nationality Act may, notwithstanding such order, apply for adjustment of status under paragraph (1) if otherwise qualified under that paragraph.

(B) SEPARATE MOTION NOT REQUIRED.—An alien described in subparagraph (A) may not be required, as a condition of submitting or granting such application, to file a separate motion to reopen, reconsider, or vacate the order described in subparagraph (A).

(C) EFFECT OF DECISION BY SECRETARY.—If the Secretary grants the application, the Secretary shall cancel the order. If the Secretary makes a final decision to deny the application, the order shall be effective and enforceable to the same extent as if the application had not been made.

(b) ALIENS ELIGIBLE FOR ADJUSTMENT OF STATUS.—

(1) IN GENERAL.—The benefits provided under subsection (a) shall apply to any alien—

(A) who is—

(i) a national of Liberia; and

(ii) has been continuously present in the United States from January 1, 2005, through the date of application under subsection (a); or

(B) who is the spouse, child, or unmarried son or daughter of an alien described in subparagraph (A).

(2) DETERMINATION OF CONTINUOUS PHYSICAL PRESENCE.—For purposes of establishing the period of continuous physical presence referred to in paragraph (1), an alien shall not be considered to have failed to maintain continuous physical presence by reasons of an absence, or absences, from the United States for any period or periods amounting in the aggregate to not more than 180 days.

(c) STAY OF REMOVAL.—

(1) IN GENERAL.—The Secretary shall provide by regulation for an alien who is subject to a final order of deportation or removal or exclusion to seek a stay of such order based on the filing of an application under subsection (a).

(2) DURING CERTAIN PROCEEDINGS.—Notwithstanding any provision in the Immigration and Nationality Act, the Secretary shall not order an alien to be removed from the United States if the alien is in exclusion, deportation, or removal proceedings under any provision of such Act and has applied for adjustment of status under subsection (a), except where the Secretary has made a final determination to deny the application.

(3) WORK AUTHORIZATION.—

(A) IN GENERAL.—The Secretary may authorize an alien who has applied for adjustment of status under subsection (a) to engage in employment in the United States during the pendency of such application and may provide the alien with an ''employment authorized'' endorsement or other appropriate document signifying authorization of employment.

(B) PENDING APPLICATIONS.—If an application under subsection (a) is pending for a period exceeding 180 days and has not been denied, the Secretary shall authorize such employment.

(d) RECORD OF PERMANENT RESIDENCE.—Upon approval of an alien's application for adjustment of status under subsection (a), the Secretary shall establish a record of the alien's admission for permanent record as of the date of the alien's arrival in the United States.

(e) AVAILABILITY OF ADMINISTRATIVE REVIEW.—The Secretary shall provide to applicants for adjustment of status under subsection (a) the same right to, and procedures for, administrative review as are provided to—

(1) applicants for adjustment of status under section 245 of the Immigration and Nationality Act (8 U.S.C. 1255); or

(2) aliens subject to removal proceedings under section 240 of such Act.

(f) LIMITATION ON JUDICIAL REVIEW.—A determination by the Secretary as to whether the status of any alien should be adjusted under this section is final and shall not be subject to review by any court.

(g) NO OFFSET IN NUMBER OF VISAS AVAILABLE.—If an alien is granted the status of having been lawfully admitted for permanent residence pursuant to this section, the Secretary of State shall not be required to reduce the number of immigrant visas authorized to be issued under any provision of the Immigration and Nationality Act.

(h) APPLICATION OF IMMIGRATION AND NATIONALITY ACT PROVISIONS.—

(1) DEFINITIONS.—Except as otherwise specifically provided in this section, the definitions contained in the Immigration and Nationality Act shall apply in this section.

(2) SAVINGS PROVISION.—Nothing in this section shall be construed to repeal, amend, alter, modify, effect, or restrict the powers, duties, function, or authority of the Secretary in the administration and enforcement of the Immigration and Nationality Act or any other law relating to immigration, nationality, or naturalization.

(3) EFFECT OF ELIGIBILITY FOR ADJUSTMENT OF STATUS.—Eligibility to be granted the status of having been lawfully admitted for permanent residence under this section shall not preclude an alien from seeking any status under any other provision of law for which the alien may otherwise be eligible.

SA 545. Mr. WYDEN submitted an amendment intended to be proposed to amendment SA 376 submitted by Mr. WYDEN (for himself, Mr. SMITH, and Mrs. MURRAY) and intended to be proposed to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

On page 1, strike ''At the appropriate place,'' and insert ''On page 204, between lines 4 and 5,''.

On page 2, strike lines 1 through 11 and insert the following:

CHAPTER 5

DEPARTMENT OF DEFENSE

OPERATIONS AND MAINTENANCE

(a) For an additional amount for the Secretary of the Army, acting through the Chief of Engineers, for emergency repair of the Fern Ridge Dam, Oregon, $31,000,000, to remain available until expended: *Provided*, That the amounts provided under this heading are designated as an emergency requirement pursuant to section 402 of the conference report to accompany S. Con. Res. 95 (108th Congress).

(b) For an additional amount for the Secretary of the Army, acting through the Chief of Engineers, for emergency work on the Los Angeles-Long Beach Harbor, Mojave River Dam, Port San Luis, and Santa Barbara Harbor, $7,500,000, to remain available until expended: *Provided*, That the amounts provided under this heading are designated as an emergency requirement pursuant to section 402 of the conference report to accompany S. Con. Res. 95 (108th Congress).

(c) For an additional amount for the Secretary of the Army, acting through the Chief of Engineers, for emergency construction at Lower Santa Ana River Reaches 1 and 2 of the Santa Ana River Project, Prado Dam of the Santa Ana River Project, San Timoteo of the Santa Ana River Project, Murrieta Creek, and Santa Paula Creek, $12,500,000, to remain available until expended: *Provided*, That the amounts provided under this heading are designated as an emergency requirement pursuant to section 402 of the conference report to accompany S. Con. Res. 95 (108th Congress).

(d) The project for navigation, Los Angeles Harbor, California, authorized by section 101(b)(5) of the Water Resources Development Act of 2000 (114 Stat. 2577) is modified to authorize the Secretary of the Army to carry out the project at a total cost of $222,000,000.

(e) The Secretary of the Army, acting through the Chief of Engineers, shall use any funds appropriated to the Secretary pursuant to this Act to repair, restore, and maintain projects and facilities of the Corps of Engineers, including by dredging navigation channels, cleaning area streams, providing emergency streambank protection, restoring such public infrastructure as the Secretary determines to be necessary (including sewer and water facilities), conducting studies of the impacts of floods, and providing such flood relief as the Secretary determines to be appropriate: *Provided*, That of those funds, $32,000,000 shall be used by the Secretary for the Upper Peninsula, Michigan.

SA 546. Mr. CHAMBLISS submitted an amendment intended to be proposed to amendment SA 375 proposed by Mr. CRAIG (for himself and Mr. KENNEDY) to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

Strike all after the first word and insert the following:

TITLE VII—TEMPORARY AGRICULTURAL WORKERS

SEC. 701. SHORT TITLE.

This title may be cited as the ''Temporary Agricultural Work Reform Act of 2005''.

Subtitle A—Temporary H–2A Workers

SEC. 711. ADMISSION OF TEMPORARY H–2A WORKERS.

Section 218 of the Immigration and Nationality Act (8 U.S.C. 1188) is amended to read as follows:

''ADMISSION OF TEMPORARY H–2A WORKERS

''SEC. 218. (a) APPLICATION.—An alien may not be admitted as an H–2A worker unless the employer has filed with the Secretary of Homeland Security a petition attesting to the following:

''(1) TEMPORARY OR SEASONAL WORK OR SERVICES.—

''(A) IN GENERAL.—The agricultural employment for which the H–2A worker or workers is or are sought is temporary or seasonal, the number of workers sought, and the wage rate and conditions under which they will be employed.

''(B) TEMPORARY OR SEASONAL WORK.—For purposes of subparagraph (A), a worker is employed on a 'temporary' or 'seasonal' basis if the employment is intended not to exceed 10 months.

''(2) BENEFITS, WAGE, AND WORKING CONDITIONS.—The employer will provide, at a minimum, the benefits, wages, and working conditions required by subsection (m) to all workers employed in the jobs for which the H–2A worker or workers is or are sought and to all other temporary workers in the same occupation at the place of employment.

''(3) NONDISPLACEMENT OF UNITED STATES WORKERS.—The employer did not displace and will not displace a United States worker employed by the employer during the period of employment and during a period of 30 days preceding the period of employment in the occupation at the place of employment for which the employer seeks approval to employ H–2A workers.

''(4) RECRUITMENT.—

''(A) IN GENERAL.—The employer shall attest that the employer—

''(i) conducted adequate recruitment in the metropolitan statistical area of intended employment before filing the attestation; and

''(ii) was unsuccessful in locating qualified United States workers for the job opportunity for which the certification is sought.

''(B) RECRUITMENT.—The adequate recruitment requirement under subparagraph (A) is satisfied if the employer—

''(i) places a job order with America's Job Bank Program of the Department of Labor; and

''(ii) places a Sunday advertisement in a newspaper of general circulation or an advertisement in an appropriate trade journal or ethnic publication that is likely to be patronized by a potential worker in the area of intended employment.

''(C) ADVERTISEMENT CRITERIA.—The advertisement requirement under subparagraph (B)(ii) is satisfied if the advertisement—

''(i) names the employer;

''(ii) directs applicants to report or send resumes, as appropriate for the occupation, to the employer;

''(iii) provides a description of the vacancy that is specific enough to apprise United States workers of the job opportunity for which certification is sought;

''(iv) describes the geographic area with enough specificity to apprise applicants of any travel requirements and where applicants will likely have to reside to perform the job;

''(v) states the rate of pay, which must equal or exceed the wage paid for the occupation in the area of intended employment; and

''(vi) offers wages, terms, and conditions of employment, which are at least as favorable as those offered to the alien.

''(5) OFFERS TO UNITED STATES WORKERS.—The employer has offered or will offer the job for which the nonimmigrant is, or the nonimmigrants are, sought to any eligible United States worker who applies and is equally or better qualified for the job and who will be available at the time and place of need.

''(6) PROVISION OF INSURANCE.—If the job for which the nonimmigrant is, or the nonimmigrants are, sought is not covered by State workers' compensation law, the employer will provide, at no cost to the worker, insurance covering injury and disease arising out of, and in the course of, the worker's employment which will provide benefits at least equal to those provided under the State workers' compensation law for comparable employment.

''(7) STRIKE OR LOCKOUT.—The specific job opportunity for which the employer is requesting an H–2A worker is not vacant because the former occupant is on strike or being locked out in the course of a labor dispute.

''(8) PREVIOUS VIOLATIONS.—The employer has not, during the previous 5-year period, employed H–2A workers and knowingly violated a material term or condition of approval with respect to the employment of domestic or nonimmigrant workers, as determined by the Secretary of Labor after notice and opportunity for a hearing.

''(b) PUBLICATION.—The employer shall make available for public examination, within 1 working day after the date on which a petition under this section is filed, at the employer's principal place of business or worksite, a copy of each such petition (and such accompanying documents as are necessary).

''(c) LIST.—The Secretary of Labor shall compile, on a current basis, a list (by employer) of the petitions filed under subsection (a). Such list shall include the wage rate, number of aliens sought, period of intended employment, and date of need. The Secretary of Labor shall make such list available for public examination in Washington, District of Columbia.

''(d) SPECIAL RULES FOR CONSIDERATION OF PETITIONS.—The following rules shall apply in the case of the filing and consideration of a petition under subsection (a):

''(1) DEADLINE FOR FILING APPLICATIONS.—The Secretary of Homeland Security may not require that the petition be filed more than 28 days before the first date the employer requires the labor or services of the H–2A worker or workers.

''(2) ISSUANCE OF APPROVAL.—Unless the Secretary of Homeland Security finds that the petition is incomplete or obviously inaccurate, the Secretary of Homeland Security shall provide a decision within 7 days of the date of the filing of the petition.

''(e) ROLES OF AGRICULTURAL ASSOCIATIONS.—

''(1) PERMITTING FILING BY AGRICULTURAL ASSOCIATIONS.—A petition to hire an alien as a temporary agricultural worker may be filed by an association of agricultural producers which use agricultural services.

''(2) TREATMENT OF ASSOCIATIONS ACTING AS EMPLOYERS.—If an association is a joint or sole employer of temporary agricultural workers, such workers may be transferred among its producer members to perform agricultural services of a temporary or seasonal nature for which the petition was approved.

''(3) STATEMENT OF LIABILITY.—The application form shall include a clear statement explaining the liability under this section of an employer who places an H–2A worker with another H–2A employer if the other employer displaces a United States worker in violation of the condition described in subsection (a)(7).

''(4) TREATMENT OF VIOLATIONS.—

''(A) MEMBER'S VIOLATION DOES NOT NECESSARILY DISQUALIFY ASSOCIATION OR OTHER

MEMBERS.—If an individual producer member of a joint employer association is determined to have committed an act that is in violation of the conditions for approval with respect to the member's petition, the denial shall apply only to that member of the association unless the Secretary of Labor determines that the association or other member participated in, had knowledge of, or had reason to know of the violation.

''(B) ASSOCIATION'S VIOLATION DOES NOT NECESSARILY DISQUALIFY MEMBERS.—

''(i) JOINT EMPLOYER.—If an association representing agricultural producers as a joint employer is determined to have committed an act that is in violation of the conditions for approval with respect to the association's petition, the denial shall apply only to the association and does not apply to any individual producer member of the association, unless the Secretary of Labor determines that the member participated in, had knowledge of, or had reason to know of the violation.

''(ii) SOLE EMPLOYER.—If an association of agricultural producers approved as a sole employer is determined to have committed an act that is in violation of the conditions for approval with respect to the association's petition, no individual producer member of such association may be the beneficiary of the services of temporary alien agricultural workers admitted under this section in the commodity and occupation in which such aliens were employed by the association which was denied approval during the period such denial is in force, unless such producer member employs such aliens in the commodity and occupation in question directly or through an association which is a joint employer of such workers with the producer member.

''(f) EXPEDITED ADMINISTRATIVE APPEALS OF CERTAIN DETERMINATIONS.—Regulations shall provide for an expedited procedure for the review of a denial of approval under this section, or at the applicant's request, for a de novo administrative hearing respecting the denial.

''(g) MISCELLANEOUS PROVISIONS.—

''(1) ENDORSEMENT OF DOCUMENTS.—The Secretary of Homeland Security shall provide for the endorsement of entry and exit documents of nonimmigrants described in section 101(a)(15)(H)(ii)(a) as may be necessary to carry out this section and to provide notice for purposes of section 274A.

''(2) PREEMPTION OF STATE LAWS.—The provisions of subsections (a) and (c) of section 214 and the provisions of this section preempt any State or local law regulating admissibility of nonimmigrant workers.

''(3) FEES.—

''(A) IN GENERAL.—The Secretary of Homeland Security may require, as a condition of approving the petition, the payment of a fee in accordance with subparagraph (B) to recover the reasonable costs of processing petitions.

''(B) AMOUNTS.—

''(i) EMPLOYER.—The fee for each employer that receives a temporary alien agricultural labor certification shall be equal to $100 plus $10 for each job opportunity for H–2A workers certified, provided that the fee to an employer for each temporary alien agricultural labor certification received shall not exceed $1,000.

''(ii) JOINT EMPLOYER ASSOCIATION.—In the case of a joint employer association that receives a temporary alien agricultural labor certification, each employer-member receiving such certification shall pay a fee equal to $100 plus $10 for each job opportunity for H–2A workers certified, provided that the fee to an employer for each temporary alien agricultural labor certification received shall not exceed $1,000. The joint employer association shall not be charged a separate fee.

''(C) PAYMENTS.—The fees collected under this paragraph shall be paid by check or money order made payable to the 'Department of Homeland Security'. In the case of employers of H–2A workers that are members of a joint employer association applying on their behalf, the aggregate fees for all employers of H–2A workers under the petition may be paid by 1 check or money order.

''(D) INFLATION ADJUSTMENT.—In the case of any calendar year beginning after 2005, each dollar amount in subparagraph (B) may be increased by an amount equal to—

''(i) such dollar amount; multiplied by

''(ii) the percentage (if any) by which the average of the Consumer Price Index for all urban consumers (United States city average) for the 12-month period ending with August of the preceding calendar year exceeds such average for the 12-month period ending with August 2004.

''(h) FAILURE TO MEET CONDITIONS.—If the Secretary of Labor finds, after notice and opportunity for a hearing, a failure to meet a condition of subsection (a), or a material misrepresentation of fact in a petition under subsection (a)—

''(1) the Secretary of Labor shall notify the Secretary of Homeland Security of such finding and may, in addition, impose such other administrative remedies (including civil money penalties in an amount not to exceed $1,000 per violation) as the Secretary of Labor determines to be appropriate; and

''(2) the Secretary of Homeland Security may disqualify the employer from the employment of H–2A workers for a period of 1 year.

''(i) WILLFUL FAILURES AND WILLFUL MISREPRESENTATIONS.—If the Secretary of Labor finds, after notice and opportunity for a hearing, a willful failure to meet a material condition of subsection (a) or a willful misrepresentation of a material fact in a petition under subsection (a)—

''(1) the Secretary of Labor shall notify the Secretary of Homeland Security of such finding and may, in addition, impose such other administrative remedies (including civil money penalties in an amount not to exceed $5,000 per violation) as the Secretary of Labor determines to be appropriate;

''(2) the Secretary of Homeland Security may disqualify the employer from the employment of H–2A workers for a period of 2 years;

''(3) for a second violation, the Secretary of Homeland Security may disqualify the employer from the employment of H–2A workers for a period of 5 years; and

''(4) for a third violation, the Secretary of Homeland Security may permanently disqualify the employer from the employment of H–2A workers.

''(j) DISPLACEMENT OF UNITED STATES WORKERS.—If the Secretary of Labor finds, after notice and opportunity for a hearing, a willful failure to meet a material condition of subsection (a) or a willful misrepresentation of a material fact in a petition under subsection (a), in the course of which failure or misrepresentation the employer displaced a United States worker employed by the employer during the period of employment on the employer's petition under subsection (a) or during the period of 30 days preceding such period of employment—

''(1) the Secretary of Labor shall notify the Secretary of Homeland Security of such finding and may, in addition, impose such other administrative remedies (including civil money penalties in an amount not to exceed $15,000 per violation) as the Secretary of Labor determines to be appropriate;

''(2) the Secretary of Homeland Security may disqualify the employer from the employment of H–2A workers for a period of 5 years; and

''(3) for a second violation, the Secretary of Homeland Security may permanently disqualify the employer from the employment of H–2A workers.

''(k) LIMITATIONS ON CIVIL MONEY PENALTIES.—The Secretary of Labor shall not impose total civil money penalties with respect to a petition under subsection (a) in excess of $90,000.

''(l) FAILURES TO PAY WAGES OR REQUIRED BENEFITS.—If the Secretary of Labor finds, after notice and opportunity for a hearing, that the employer has failed to pay the wages, or provide the housing allowance, transportation, subsistence reimbursement, or guarantee of employment required under subsection (a)(2), the Secretary of Labor shall assess payment of back wages, or other required benefits, due any United States worker or H–2A worker employed by the employer in the specific employment in question. The back wages or other required benefits under subsection (a)(2) shall be equal to the difference between the amount that should have been paid and the amount that actually was paid to such worker.

''(m) MINIMUM BENEFITS, WAGES, AND WORKING CONDITIONS.—

''(1) PREFERENTIAL TREATMENT OF ALIENS PROHIBITED.—

''(A) IN GENERAL.—Employers seeking to hire United States workers shall offer the United States workers not less than the same benefits, wages, and working conditions that the employer is offering, intends to offer, or will provide to H–2A workers. Conversely, no job offer may impose on United States workers any restrictions or obligations which will not be imposed on the employer's H–2A workers.

''(B) INTERPRETATIONS AND DETERMINATIONS.—While benefits, wages, and other terms and conditions of employment specified in this subsection are required to be provided in connection with employment under this section, every interpretation and determination made under this Act or under any other law, regulation, or interpretative provision regarding the nature, scope, and timing of the provision of these and any other benefits, wages, and other terms and conditions of employment shall be made in conformance with the governing principles that the services of workers to their employers and the employment opportunities afforded to workers by their employers, including those employment opportunities that require United States workers or H–2A workers to travel or relocate in order to accept or perform employment, mutually benefit such workers, as well as their families, and employers, principally benefitting neither, and that employment opportunities within the United States further benefit the United States economy as a whole and should be encouraged.

''(2) REQUIRED WAGES.—

''(A) An employer applying for workers under subsection (a) shall offer to pay, and shall pay, all workers in the occupation for which the employer has applied for workers, not less than the prevailing wage.

''(B) In complying with subparagraph (A), an employer may request and obtain a prevailing wage determination from the State employment security agency.

''(C) In lieu of the procedure described in subparagraph (B), an employer may rely on other wage information, including a survey of the prevailing wages of workers in the occupation in the area of intended employment that has been conducted or funded by the employer or a group of employers, that meets criteria specified by the Secretary of Labor in regulations.

''(D) An employer who obtains such prevailing wage determination, or who relies on a qualifying survey of prevailing wages, and who pays the wage determined to be prevailing, shall be considered to have complied with the requirement of subparagraph (A).

''(E) No worker shall be paid less than the greater of the prevailing wage or the applicable State minimum wage.

''(3) REQUIREMENT TO PROVIDE HOUSING OR A HOUSING ALLOWANCE.—

''(A) IN GENERAL.—An employer applying for workers under subsection (a) shall offer to provide housing at no cost to all workers in job opportunities for which the employer has applied under that section and to all other workers in the same occupation at the place of employment, whose place of residence is beyond normal commuting distance.

''(B) TYPE OF HOUSING.—In complying with subparagraph (A), an employer may, at the employer's election, provide housing that meets applicable Federal standards for temporary labor camps or secure housing that meets applicable local standards for rental or public accommodation housing, or other substantially similar class of habitation, or in the absence of applicable local standards, State standards for rental or public accommodation housing or other substantially similar class of habitation. In the absence of applicable State or local standards, Federal temporary labor camp standards shall apply.

''(C) CERTIFICATE OF INSPECTION.—Prior to any occupation by a worker in housing described in subparagraph (B), the employer shall submit a certificate of inspection by an approved Federal or State agency to the Secretary of Labor.

''(D) WORKERS ENGAGED IN THE RANGE PRODUCTION OF LIVESTOCK.—The Secretary of Labor shall issue regulations that address the specific requirements for the provision of housing to workers engaged in the range production of livestock.

''(E) LIMITATION.—Nothing in this paragraph shall be construed to require an employer to provide or secure housing for persons who were not entitled to such housing under the temporary labor certification regulations in effect on June 1, 1986.

''(F) HOUSING ALLOWANCE AS ALTERNATIVE.—

''(i) IN GENERAL.—The employer may provide a reasonable housing allowance in lieu of offering housing under subparagraph (A) if the requirement under clause (v) is satisfied.

''(ii) ASSISTANCE TO LOCATE HOUSING.—Upon the request of a worker seeking assistance in locating housing, the employer shall make a good-faith effort to assist the worker in locating housing in the area of intended employment.

''(iii) LIMITATION.—A housing allowance may not be used for housing which is owned or controlled by the employer. An employer who offers a housing allowance to a worker, or assists a worker in locating housing which the worker occupies, pursuant to this clause shall not be deemed a housing provider under section 203 of the Migrant and Seasonal Agricultural Worker Protection Act (29 U.S.C. 1823) solely by virtue of providing such housing allowance.

''(iv) REPORTING REQUIREMENT.—The employer must provide the Secretary of Labor with a list of the names of all workers assisted under this subparagraph and the local address of each such worker.

''(v) CERTIFICATION.—The requirement of this clause is satisfied if the Governor of the State certifies to the Secretary of Labor that there is adequate housing available in the area of intended employment for migrant farm workers, and H–2A workers, who are seeking temporary housing while employed at farm work. Such certification shall expire after 3 years unless renewed by the Governor of the State.

''(vi) AMOUNT OF ALLOWANCE.—

''(I) NONMETROPOLITAN COUNTIES.—If the place of employment of the workers provided an allowance under this subparagraph is a nonmetropolitan county, the amount of the housing allowance under this subparagraph shall be equal to the statewide average fair market rental for existing housing for nonmetropolitan counties for the State, as established by the Secretary of Housing and Urban Development pursuant to section 8(c) of the United States Housing Act of 1937 (42 U.S.C. 1437f(c)), based on a 2-bedroom dwelling unit and an assumption of 2 persons per bedroom.

''(II) METROPOLITAN COUNTIES.—If the place of employment of the workers provided an allowance under this paragraph is in a metropolitan county, the amount of the housing allowance under this subparagraph shall be equal to the statewide average fair market rental for existing housing for metropolitan counties for the State, as established by the Secretary of Housing and Urban Development pursuant to section 8(c) of the United States Housing Act of 1937 (42 U.S.C. 1437f(c)), based on a 2-bedroom dwelling unit and an assumption of 2 persons per bedroom.

''(G) EXEMPTION.—An employer applying for workers under subsection (a) whose primary job site is located 150 miles or less from the United States border shall not be required to provide housing or a housing allowance.

''(4) REIMBURSEMENT OF TRANSPORTATION.—

''(A) TO PLACE OF EMPLOYMENT.—

''(i) IN GENERAL.—A worker who completes 50 percent of the period of employment of the job opportunity for which the worker was hired, measured from the worker's first day of work in such employment, shall be reimbursed by the employer for the cost of the worker's transportation and subsistence from the place from which the worker was approved to enter the United States to work for the employer (or place of last employment, if the worker traveled from such place) to the place of employment by the employer.

''(ii) OTHER FEES.—The employer shall not be required to reimburse visa, passport, consular, or international border-crossing fees or any other fees associated with the worker's lawful admission into the United States to perform employment that may be incurred by the worker.

''(iii) TIMELY REIMBURSEMENT.—Reimbursement to the worker of expenses for the cost of the worker's transportation and subsistence to the place of employment shall be considered timely if such reimbursement is made not later than the worker's first regular payday after the worker completes 50 percent of the period of employment of the job opportunity as provided under this paragraph.

''(B) FROM PLACE OF EMPLOYMENT.—A worker who completes the period of employment for the job opportunity involved shall be reimbursed by the employer for the cost of the worker's transportation and subsistence from the place from which the worker was approved to enter the United States to work for the employer.

''(C) LIMITATION.—

''(i) AMOUNT OF REIMBURSEMENT.—Except as provided in clause (ii), the amount of reimbursement provided under subparagraph (A) or (B) to a worker or alien shall not exceed the lesser of—

''(I) the actual cost to the worker or alien of the transportation and subsistence involved; or

''(II) the most economical and reasonable common carrier transportation charges and subsistence costs for the distance involved.

''(ii) DISTANCE TRAVELED.—No reimbursement under subparagraph (A) or (B) shall be required if the distance traveled is 100 miles or less or if the worker is not residing in employer-provided housing or housing secured through an allowance as provided in paragraph (3).

''(D) EARLY TERMINATION.—If the worker is laid off or employment is terminated for contract impossibility (as described in paragraph (5)(D)) before the anticipated ending date of employment, the employer shall provide the transportation and subsistence required by subparagraph (B) and, notwithstanding whether the worker has completed 50 percent of the period of employment, shall provide the transportation reimbursement required by subparagraph (A).

''(E) TRANSPORTATION BETWEEN LIVING QUARTERS AND WORKSITE.—The employer shall provide transportation between the worker's living quarters (such as housing provided by the employer pursuant to paragraph (3), including housing provided through a housing allowance) and the employer's worksite without cost to the worker, and such transportation will be in accordance with applicable laws and regulations.

''(5) GUARANTEE OF EMPLOYMENT.—

''(A) OFFER TO WORKER.—The employer shall guarantee to offer the worker employment for the hourly equivalent of at least 75 percent of the work days of the total period of employment, beginning with the first work day after the arrival of the worker at the place of employment and ending on the expiration date specified in the job offer. For purposes of this subparagraph, the hourly equivalent means the number of hours in the work days as stated in the job offer and shall exclude the worker's Sabbath and Federal holidays. If the employer affords the United States or H–2A worker less employment than that required under this subparagraph, the employer shall pay such worker the amount which the worker would have earned had the worker, in fact, worked for the guaranteed number of hours.

''(B) FAILURE TO WORK.—Any hours which the worker fails to work, up to a maximum of the number of hours specified in the job offer for a work day, when the worker has been offered an opportunity to do so, and all hours of work actually performed (including voluntary work in excess of the number of hours specified in the job offer in a work day, on the worker's Sabbath, or on Federal holidays) may be counted by the employer in calculating whether the period of guaranteed employment has been met.

''(C) ABANDONMENT OF EMPLOYMENT; TERMINATION FOR CAUSE.—If the worker voluntarily abandons employment before the end of the contract period, or is terminated for cause, the worker is not entitled to the 75 percent guarantee described in subparagraph (A).

''(D) CONTRACT IMPOSSIBILITY.—If, before the expiration of the period of employment specified in the job offer, the services of the

worker are no longer required for reasons beyond the control of the employer due to any form of natural disaster (including a flood, hurricane, freeze, earthquake, fire, or drought), plant or animal disease, pest infestation, or regulatory action, before the employment guarantee in subparagraph (A) is fulfilled, the employer may terminate the worker's employment. In the event of such termination, the employer shall fulfill the employment guarantee in subparagraph (A) for the work days that have elapsed from the first work day after the arrival of the worker to the termination of employment. In such cases, the employer will make efforts to transfer the United States worker to other comparable employment acceptable to the worker.

''(n) PETITIONING FOR ADMISSION.—An employer, or an association acting as an agent or joint employer for its members, that seeks the admission into the United States of an H–2A worker must file a petition with the Secretary of Homeland Security. The petition shall include the attestations for the certification described in section 101(a)(15)(H)(ii)(a).

''(o) EXPEDITED ADJUDICATION BY THE SECRETARY.—The Secretary of Homeland Security—

''(1) shall establish a procedure for expedited adjudication of petitions filed under subsection (n); and

''(2) not later than 7 working days after such filing shall, by fax, cable, or other means assuring expedited delivery transmit a copy of notice of action on the petition—

''(A) to the petitioner; and

''(B) in the case of approved petitions, to the appropriate immigration officer at the port of entry or United States consulate where the petitioner has indicated that the alien beneficiary or beneficiaries will apply for a visa or admission to the United States.

''(p) DISQUALIFICATION.—

''(1) Subject to paragraph (2), an alien shall be considered inadmissible to the United States and ineligible for nonimmigrant status under section 101(a)(15)(H)(ii)(a) if the alien has, at any time during the past 5 years, violated a term or condition of admission into the United States as a nonimmigrant, including overstaying the period of authorized admission.

''(2) WAIVERS.—

''(A) IN GENERAL.—An alien outside the United States, and seeking admission under section 101(a)(15)(H)(ii)(a), shall not be deemed inadmissible under such section by reason of paragraph (1) or section 212(a)(9)(B) if the previous violation occurred on or before April 1, 2005.

''(B) LIMITATION.—In any case in which an alien is admitted to the United States upon having a ground of inadmissibility waived under subparagraph (A), such waiver shall be considered to remain in effect unless the alien again violates a material provision of this section or otherwise violates a term or condition of admission into the United States as a nonimmigrant, in which case such waiver shall terminate.

''(q) ABANDONMENT OF EMPLOYMENT.—

''(1) IN GENERAL.—An alien admitted or provided status under section 101(a)(15)(H)(ii)(a) who abandons the employment which was the basis for such admission or status shall be considered to have failed to maintain nonimmigrant status as an H–2A worker and shall depart the United States or be subject to removal under section 237(a)(1)(C)(i).

''(2) REPORT BY EMPLOYER.—The employer (or association acting as agent for the employer) shall notify the Secretary of Homeland Security within 7 days of an H–2A worker's having prematurely abandoned employment.

''(3) REMOVAL BY THE SECRETARY.—The Secretary of Homeland Security shall promptly remove from the United States any H–2A worker who violates any term or condition of the worker's nonimmigrant status.

''(4) VOLUNTARY TERMINATION.—Notwithstanding paragraph (1), an alien may voluntarily terminate his or her employment if the alien promptly departs the United States upon termination of such employment.

''(r) REPLACEMENT OF ALIEN.—

''(1) IN GENERAL.—Upon presentation of the notice to the Secretary of Homeland Security required by subsection (q)(2), the Secretary of State shall promptly issue a visa to, and the Secretary of Homeland Security shall admit into the United States, an eligible alien designated by the employer to replace an H–2A worker who abandons or prematurely terminates employment.

''(2) CONSTRUCTION.—Nothing in this subsection shall limit any preference required to be accorded United States workers under any other provision of this Act.

''(s) IDENTIFICATION DOCUMENT.—

''(1) IN GENERAL.—The Department of Homeland Security shall provide each alien authorized to be admitted under section 101(a)(15)(H)(ii)(a) with a single machine-readable, tamper-resistant, and counterfeit-resistant document that—

''(A) authorizes the alien's entry into the United States; and

''(B) serves, for the appropriate period, as an employment eligibility document.

''(2) REQUIREMENTS.—No identification and employment eligibility document may be issued which does not meet the following requirements:

''(A) The document shall be capable of reliably determining whether—

''(i) the individual with the identification and employment eligibility document whose eligibility is being verified is in fact eligible for employment;

''(ii) the individual whose eligibility is being verified is claiming the identity of another person; and

''(iii) the individual whose eligibility is being verified is authorized to be admitted into, and employed in, the United States as an H–2A worker.

''(B) The document shall—

''(i) be compatible with other databases of the Secretary of Homeland Security for the purpose of excluding aliens from benefits for which they are not eligible and determining whether the alien is unlawfully present in the United States; and

''(ii) be compatible with law enforcement databases to determine if the alien has been convicted of criminal offenses.

''(t) EXTENSION OF STAY OF H–2A WORKERS IN THE UNITED STATES.—

''(1) EXTENSION OF STAY.—

''(A) IN GENERAL.—An employer may seek up to 2 10-month extensions under this subsection.

''(B) PETITION.—If an employer seeks to employ an H–2A worker who is lawfully present in the United States, the petition filed by the employer or an association pursuant to subsection (n) shall request an extension of the alien's stay.

''(C) COMMENCEMENT; MAXIMUM PERIOD.—An extension of stay under this subsection—

''(i) may only commence upon the termination of the H–2A worker's contract with an employer; and

''(ii) may not exceed 10 months unless the employer files a written request for up to an additional 30 days accompanied by justification that the need for such additional time is necessitated by adverse weather conditions, acts of God, or economic hardship beyond the control of the employer.

''(D) FUTURE ELIGIBILITY.—At the conclusion of 3 10-month employment periods authorized under this section, the alien so employed may not be employed in the United States as an H–2A worker until the alien has returned to the alien's country of nationality or country of last residence for not less than 6 months.

''(2) WORK AUTHORIZATION UPON FILING PETITION FOR EXTENSION OF STAY.—

''(A) IN GENERAL.—An alien who is lawfully present in the United States may commence or continue the employment described in a petition under paragraph (1) on the date on which the petition is filed. The employer shall provide a copy of the employer's petition to the alien, who shall keep the petition with the alien's identification and employment eligibility document, as evidence that the petition has been filed and that the alien is authorized to work in the United States.

''(B) APPROVAL.—Upon approval of a petition for an extension of stay or change in the alien's authorized employment, the Secretary of Homeland Security shall provide a new or updated employment eligibility document to the alien indicating the new validity date, after which the alien is not required to retain a copy of the petition.

''(C) DEFINITION.—In this paragraph, the term 'file' means sending the petition by certified mail via the United States Postal Service, return receipt requested, or delivered by guaranteed commercial delivery which will provide the employer with a documented acknowledgment of the date of receipt of the petition.

''(u) SPECIAL RULE FOR ALIENS EMPLOYED AS SHEEPHERDERS, GOATHERDERS, OR DAIRY WORKERS.—Notwithstanding any other provision of this section, an alien admitted under section 101(a)(15)(H)(ii)(a) for employment as a sheepherder, goatherder, or dairy worker may be admitted for a period of up to 2 years.

''(v) DEFINITIONS.—For purposes of this section:

''(1) AREA OF EMPLOYMENT.—The term 'area of employment' means the area within normal commuting distance of the worksite or physical location where the work of the H–2A worker is or will be performed. If such worksite or location is within a Metropolitan Statistical Area, any place within such area is deemed to be within the area of employment.

''(2) ELIGIBLE INDIVIDUAL.—The term 'eligible individual' means, with respect to employment, an individual who is not an unauthorized alien (as defined in section 274A(h)(3)) with respect to that employment.

''(3) DISPLACE.—In the case of a petition with respect to 1 or more H–2A workers by an employer, the employer is considered to 'displace' a United States worker from a job if the employer lays off the worker from a job that is essentially the equivalent of the job for which the H–2A worker or workers is or are sought. A job shall not be considered to be essentially equivalent of another job unless it involves essentially the same responsibilities, was held by a United States worker with substantially equivalent qualifications and experience, and is located in the same area of employment as the other job.

''(4) H–2A WORKER.—The term 'H–2A worker' means a nonimmigrant described in section 101(a)(15)(H)(ii)(a).

''(5) LAYS OFF.—

''(A) IN GENERAL.—The term 'lays off', with respect to a worker—

''(i) means to cause the worker's loss of employment, other than through a discharge for inadequate performance, violation of workplace rules, cause, voluntary departure, voluntary retirement, or the expiration of a grant or contract (other than a temporary employment contract entered into in order to evade a condition described in paragraph (3) or (7) of subsection (a); but

''(ii) does not include any situation in which the worker is offered, as an alternative to such loss of employment, a similar employment opportunity with the same employer (or, in the case of a placement of a worker with another employer under subsection (a)(7), with either employer described in such subsection) at equivalent or higher compensation and benefits than the position from which the employee was discharged, regardless of whether or not the employee accepts the offer.

''(B) CONSTRUCTION.—Nothing in this paragraph is intended to limit an employee's rights under a collective bargaining agreement or other employment contract.

''(6) PREVAILING WAGE.—The term 'prevailing wage' means, with respect to an agricultural occupation in an area of intended employment, the rate of wages that includes the 51st percentile of employees with similar experience and qualifications in the agricultural occupation in the area of intended employment, expressed in terms of the prevailing method of pay for the occupation in the area of intended employment.

''(7) UNITED STATES WORKER.—The term 'United States worker' means any worker, whether a United States citizen or national, a lawfully admitted permanent resident alien, or any other alien authorized to work in the relevant job opportunity within the United States, except—

''(A) an alien admitted or otherwise provided status under section 101(a)(15)(H)(ii)(a); and

''(B) an alien provided status under section 220.''.

SEC. 712. LEGAL ASSISTANCE PROVIDED BY THE LEGAL SERVICES CORPORATION.

Section 305 of the Immigrant Reform and Control Act of 1986 (8 U.S.C. 1101 note) is amended—

(1) by striking ''A nonimmigrant'' and inserting the following:

''(a) IN GENERAL.—A nonimmigrant''; and

(2) by adding at the end the following:

''(b) LEGAL ASSISTANCE.—The Legal Services Corporation may not provide legal assistance for or on behalf of any alien, and may not provide financial assistance to any person or entity that provides legal assistance for or on behalf of any alien, unless the alien—

''(1) is present in the United States at the time the legal assistance is provided; and

''(2) is an alien to whom subsection (a) applies.''

''(c) REQUIRED MEDIATION.—No party may bring a civil action for damages on behalf of a nonimmigrant described in section 101(a)(15)(H)(ii)(a) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(H)(ii)(a)) or pursuant to those in the Blue Card Program established under section 220 of such Act, unless at least 90 days before bringing the action a request has been made to the Federal Mediation and Conciliation Service to assist the parties in reaching a satisfactory resolution of all issues involving all parties to the dispute and mediation has been attempted.''.

Subtitle B—Blue Card Status

SEC. 721. BLUE CARD PROGRAM.

(a) IN GENERAL.—Chapter 2 of title II of the Immigration and Nationality Act (8 U.S.C. 1181 et seq.) is amended by adding at the end the following:

''BLUE CARD PROGRAM

''SEC. 220. (a) DEFINITIONS.—As used in this section—

''(1) the term 'agricultural employment'—

''(A) means any service or activity that is considered to be agricultural under section 3(f) of the Fair Labor Standards Act of 1938 (29 U.S.C. 203(f)) or agricultural labor under section 3121(g) of the Internal Revenue Code of 1986; and

''(B) includes any service or activity described in—

''(i) title 37, 37–3011, or 37–3012 (relating to landscaping) of the Department of Labor 2004–2005 Occupational Information Network Handbook;

''(ii) title 45 (relating to farming fishing, and forestry) of such handbook; or

''(iii) title 51, 51–3022, or 51–3023 (relating to meat, poultry, fish processors and packers) of such handbook.

''(2) the term 'blue card status' means the status of an alien who has been—

''(A) lawfully admitted for a temporary period under subsection (b); and

''(B) issued a tamper-resistant, machine-readable document that serves as the alien's visa, employment authorization, and travel documentation and contains such biometrics as are required by the Secretary;

''(3) the term 'employer' means any person or entity, including any farm labor contractor and any agricultural association, that employs workers in agricultural employment;

''(4) the term 'Secretary' means the Secretary of Homeland Security;

''(5) the term 'small employer' means an employer employing fewer than 500 employees based upon the average number of employees for each of the pay periods for the preceding 10 calendar months, including the period in which the employer employed H–2A workers; and

''(6) the term 'United States worker' means any worker, whether a United States citizen or national, a lawfully admitted permanent resident alien, or any other alien authorized to work in the relevant job opportunity within the United States, except—

''(A) an alien admitted or otherwise provided status under section 101(a)(15)(H)(ii)(a); and

''(B) an alien provided status under this section.

''(b) BLUE CARD PROGRAM.—

''(1) BLUE CARD PROGRAM.—Notwithstanding any other provision of law, the Secretary shall confer blue card status upon an alien who qualifies under this subsection if the Secretary determines that the alien—

''(A) has been in the United States continuously as of April 1, 2005;

''(B) has performed more than 50 percent of total annual weeks worked in agricultural employment in the United States (except in the case of a child provided derivative status as of April 1, 2005);

''(C) is otherwise admissible to the United States under section 212, except as otherwise provided under paragraph (2); and

''(D) is the beneficiary of a petition filed by an employer, as described in paragraph (3).

''(2) WAIVER OF CERTAIN GROUNDS FOR INADMISSIBILITY.—In determining an alien's eligibility for blue card status under paragraph (1)(C)—

''(A) the provisions of paragraphs (5), (6)(A), (7)(A), and (9)(B) of section 212(a) shall not apply;

''(B) the provisions of section 212(a)(6)(C) shall not apply with respect to prior or current agricultural employment; and

''(C) the Secretary may not waive paragraph (1), (2), or (3) of section 212(a) unless such waiver is permitted under another provision of law.

''(3) PETITIONS.—

''(A) IN GENERAL.—An employer seeking blue card status under this section for an alien employee shall file a petition for blue card status with the Secretary.

''(B) EMPLOYER PETITION.—An employer filing a petition under subparagraph (A) shall—

''(i) pay a registration fee of—

''(I) $1,000, if the employer employs more than 500 employees; or

''(II) $500, if the employer is a small employer employing 500 or fewer employees;

''(ii) pay a processing fee to cover the actual costs incurred in adjudicating the petition; and

''(iii) attest that the employer conducted adequate recruitment in the metropolitan statistical area of intended employment before filing the attestation and was unsuccessful in locating qualified United States workers for the job opportunity for which the certification is sought, which attestation shall be valid for a period of 60 days.

''(C) RECRUITMENT.—

''(i) The adequate recruitment requirement under subparagraph (B)(iii) is satisfied if the employer—

''(I) places a job order with America's Job Bank Program of the Department of Labor; and

''(II) places a Sunday advertisement in a newspaper of general circulation or an advertisement in an appropriate trade journal or ethnic publication that is likely to be patronized by a potential worker in the metropolitan statistical area of intended employment.

''(ii) An advertisement under clause (i)(II) shall—

''(I) name the employer;

''(II) direct applicants to report or send resumes, as appropriate for the occupation, to the employer;

''(III) provide a description of the vacancy that is specific enough to apprise United States workers of the job opportunity for which certification is sought;

''(IV) describe the geographic area with enough specificity to apprise applicants of any travel requirements and where applicants will likely have to reside to perform the job;

''(V) state the rate of pay, which must equal or exceed the wage paid for the occupation in the area of intended employment; and

''(VI) offer wages, terms, and conditions of employment, which are at least as favorable as those offered to the alien.

''(D) NOTIFICATION OF DENIAL.—The Secretary shall provide notification of a denial of a petition filed for an alien to the alien and the employer who filed such petition.

''(E) EFFECT OF DENIAL.—If the Secretary denies a petition filed for an alien, such alien shall return to the country of the alien's nationality or last residence outside the United States.

''(4) BLUE CARD STATUS.—

''(A) BLUE CARD.—

''(i) ALL-IN-ONE CARD.—The Secretary, in conjunction with the Secretary of State, shall develop a single machine-readable, tamper-resistant document that—

''(I) authorizes the alien's entry into the United States;

''(II) serves, during the period an alien is in blue card status, as an employment authorized endorsement or other appropriate work permit for agricultural employment only; and

''(III) serves as an entry and exit document to be used in conjunction with a proper visa or as a visa and as other appropriate travel and entry documentation using biometric identifiers that meet the biometric identifier standards jointly established by the Secretary of State and the Secretary.

''(ii) BIOMETRICS.—

''(I) After a petition is filed by an employer and receipt of such petition is confirmed by the Secretary, the alien, in order to further adjudicate the petition, shall submit 2 biometric identifiers, as required by the Secretary, at an Application Support Center.

''(II) The Secretary shall prescribe a process for the submission of a biometric identifier to be incorporated electronically into an employer's prior electronic filing of a petition. The Secretary shall prescribe an alternative process for employers to file a petition in a manner other than electronic filing, as needed.

''(B) DOCUMENT REQUIREMENTS.—The Secretary shall issue a blue card that is—

''(i) capable of reliably determining if the individual with the blue card whose eligibility is being verified is—

''(I) eligible for employment;

''(II) claiming the identify of another person; and

''(III) authorized to be admitted; and

''(ii) compatible with—

''(I) other databases maintained by the Secretary for the purpose of excluding aliens from benefits for which they are not eligible and determining whether the alien is unlawfully present in the United States; and

''(II) law enforcement databases to determine if the alien has been convicted of criminal offenses.

''(C) AUTHORIZED TRAVEL.—During the period an alien is in blue card status granted under this section and pursuant to regulations established by the Secretary, the alien may make brief visits outside the United States. An alien may be readmitted to the United States after such a visit without having to obtain a visa if the alien presents the alien's blue card document. Such periods of time spent outside the United States shall not cause the period of blue card status in the United States to be extended.

''(D) PORTABILITY.—

''(i) During the period in which an alien is in blue card status, the alien issued a blue card may accept new employment upon the Secretary's receipt of a petition filed by an employer on behalf of the alien. Employment authorization shall continue for such alien until such petition is adjudicated.

''(ii) If a petition filed under clause (i) is denied and the alien has ceased employment with the previous employer, the authorization under clause (i) shall terminate and the alien shall be required to return to the country of the alien's nationality or last residence.

''(iii) A fee may be required by the Secretary to cover the actual costs incurred in adjudicating a petition under this subparagraph. No other fee may be required under this subparagraph.

''(iv) A petition by an employer under this subparagraph may not be accepted within 90 days after the adjudication of a previous petition on behalf of an alien.

''(E) ANNUAL CHECK IN.—The employer of an alien in blue card status who has been employed for 1 year in blue card status shall confirm the alien's continued employment status with the Secretary electronically or in writing. Such confirmation will not require a further labor attestation.

''(F) TERMINATION OF BLUE CARD STATUS.—

''(i) During the period of blue card status granted an alien, the Secretary may terminate such status upon a determination by the Secretary that the alien is deportable or has become inadmissible.

''(ii) The Secretary may terminate blue card status granted to an alien if—

''(I) the Secretary determines that, without the appropriate waiver, the granting of blue card status was the result of fraud or willful misrepresentation (as described in section 212(a)(6)(C)(i));

''(II) the alien is convicted of a felony or a misdemeanor committed in the United States; or

''(III) the Secretary determines that the alien is deportable or inadmissible under any other provision of this Act.

''(5) PERIOD OF AUTHORIZED ADMISSION.—

''(A) IN GENERAL.—The initial period of authorized admission for an alien with blue card status shall be not more than 3 years. The employer of such alien may petition for extensions of such authorized admission for 2 additional periods of not more than 3 years each.

''(B) EXCEPTION.—The limit on renewals shall not apply to a nonimmigrant in a position of full-time, non-temporary employment who has managerial or supervisory responsibilities. The employer of such nonimmigrant shall be required to make an additional attestation to such an employment classification with the filing of a petition.

''(C) REPORTING REQUIREMENT.—If an alien with blue card status ceases to be employed by an employer, such employer shall immediately notify the Secretary of such cessation of employment. The Secretary shall provide electronic means for making such notification.

''(D) LOSS OF EMPLOYMENT.—

''(i) An alien's blue card status shall terminate if the alien is unemployed for 60 or more consecutive days.

''(ii) An alien whose period of authorized admission terminates under clause (i) shall be required to return to the country of the alien's nationality or last residence.

''(6) GROUNDS FOR INELIGIBILITY.—

''(A) BAR TO FUTURE VISAS FOR CONDITION VIOLATIONS.—Any alien having blue card status shall not again be eligible for the same blue card status if the alien violates any term or condition of such status.

''(B) ALIENS UNLAWFULLY PRESENT.—Any alien who enters the United States after April 1, 2005, without being admitted or paroled shall be ineligible for blue card status.

''(C) ALIENS IN H–2A STATUS.—Any alien in lawful H–2A status as of April 1, 2005, shall be ineligible for blue card status.

''(7) BAR ON CHANGE OR ADJUSTMENT OF STATUS.—

''(A) IN GENERAL.—An alien having blue card status shall not be eligible to change or adjust status in the United States or obtain a different nonimmigrant or immigrant visa from a United States Embassy or consulate.

''(B) LOSS OF ELIGIBILITY.—An alien having blue card status shall lose eligibility for such status if the alien—

''(i) files a petition to adjust status to legal permanent residence in the United States; or

''(ii) requests a consular processing for an immigrant visa outside the United States.

''(C) EXCEPTION.—An alien having blue card status may not adjust status to legal permanent resident status or obtain another nonimmigrant or immigrant status unless—

''(i)(I) the alien renounces his or her blue card status by providing written notification to the Secretary of Homeland Security or the Secretary of State; or

''(II) the alien's blue card status otherwise expires; and

''(ii) the alien has resided and been physically present in the alien's country of nationality or last residence for not less than 1 year after leaving the United States and the renouncement or expiration of blue card status.

''(8) JUDICIAL REVIEW.—There shall be no judicial review of a denial of blue card status.

''(c) SAFE HARBOR.—

''(1) SAFE HARBOR OF ALIEN.—An alien for whom a nonfrivolous petition is filed under this section—

''(A) shall be granted employment authorization pending final adjudication of the petition;

''(B) may not be detained, determined inadmissible or deportable, or removed pending final adjudication of the petition for change in status, unless the alien commits an act which renders the alien ineligible for such change of status; and

''(C) may not be considered an unauthorized alien as defined in section 274A(h)(3) until such time as the petition for status is adjudicated.

''(2) SAFE HARBOR FOR EMPLOYER.—An employer that files a petition for blue card status for an alien shall not be subject to civil and criminal tax liability relating directly to the employment of such alien. An employer that provides unauthorized aliens with copies of employment records or other evidence of employment pursuant to the petition shall not be subject to civil and criminal liability pursuant to section 274A for employing such unauthorized aliens.

''(d) TREATMENT OF SPOUSES AND CHILDREN.—

''(1) SPOUSES.—A spouse of an alien having blue card status shall not be eligible for derivative status by accompanying or following to join the alien. Such a spouse may obtain status based only on an independent petition filed by an employer petitioning under subsection (b)(3) with respect to the employment of the spouse.

''(2) CHILDREN.—A child of an alien having blue card status shall not be eligible for the same temporary status unless—

''(A) the child is accompanying or following to join the alien; and

''(B) the alien is the sole custodial parent of the child or both custodial parents of the child have obtained such status.''.

(b) CLERICAL AMENDMENT.—The table of contents of the Immigration and Nationality Act is amended by inserting after the item relating to section 219 the following:

''Sec. 220 Blue card program.''.

SEC. 722. PENALTIES FOR FALSE STATEMENTS.

Section 1546 of title 18, United States Code, is amended—

(1) by redesignating subsection (c) as subsection (d); and

(2) by inserting after subsection (b) the following:

''(c) Any person, including the alien who is the beneficiary of a petition, who—

''(1) files a petition under section 220(b)(3) of the Immigration and Nationality Act; and

''(2)(A) knowingly and willfully falsifies, conceals, or covers up a material fact related to such a petition;

''(B) makes any false, fictitious, or fraudulent statements or representations, or makes or uses any false writing or document knowing the same to contain any false, fictitious,

or fraudulent statement or entry related to such a petition; or

''(C) creates or supplies a false writing or document for use in making such a petition, shall be fined in accordance with this title, imprisoned not more than 5 years, or both.''.

SEC. 723. SECURING THE BORDERS.

Not later than 6 months after the date of enactment of this Act, the Secretary of Homeland Security shall submit to Congress a comprehensive plan for securing the borders of the United States.

SEC. 724. EFFECTIVE DATE.

This subtitle shall take effect on the date that is 6 months after the date of enactment of this Act.

SA 547. Mr. COCHRAN (for Mr. BOND) proposed an amendment to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; as follows:

Insert the following on page 203, after line 17:

''OFFICE OF FEDERAL HOUSING ENTERPRISE OVERSIGHT SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

For an additional amount for the ''Office of Federal Housing Enterprise Oversight'' for carrying out the Federal Housing Enterprises Financial Safety and Soundness Act of 1992, $5,000,000 to remain available until expended, to be derived from the Federal Housing Enterprises Oversight Fund: Provided, That not to exceed the amount provided herein shall be available from the general fund of the Treasury to the extent necessary to incur obligations and make expenditures pending the receipt of collections to the Fund: Provided further, That the general fund amount shall be reduced as collections are received during the fiscal year so as to result in a final appropriation from the general fund estimated at not more than $0.''.

SA 548. Mr. COCHRAN (for Mr. LEAHY) proposed an amendment to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; as follows:

At the appropriate place in the bill, insert the following:

PROTECTION OF THE GALAPAGOS

Sec. ____. (a) FINDINGS.—The Senate makes the following findings—

(1) The Galapagos Islands are a global treasure and World Heritage Site, and the future of the Galapagos is in the hands of the Government of Ecuador;

(2) The world depends on the Government of Ecuador to implement the necessary policies and programs to ensure the long term protection of the biodiversity of the Galapagos, including enforcing the Galapagos Special Law;

(3) There are concerns with the current leadership of the Galapagos National Park Service and that the biodiversity of the Galapagos and the Marine Reserve are not being properly managed or adequately protected; and

(4) The Government of Ecuador has reportedly given preliminary approval for commercial airplane flights to the Island of Isabela, which may cause irreparable harm to the biodiversity of the Galapagos, and has allowed the export of fins from sharks caught accidentally in the Marine Reserve, which encourages illegal fishing.

(b) Whereas, now therefore, be it

Resolved, that—

(1) the Senate strongly encourages the Government of Ecuador to—

(A) refrain from taking any action that could cause harm to the biodiversity of the Galapagos or encourage illegal fishing in the Marine Reserve;

(B) abide by the agreement to select the Directorship of the Galapagos National Park Service though a transparent process based on merit as previously agreed by the Government of Ecuador, international donors, and nongovernmental organizations; and

(C) enforce the Galapagos Special Law in its entirety, including the governance structure defined by the law to ensure effective control of migration to the Galapagos and sustainable fishing practices, and prohibit long-line fishing which threatens the survival of shark and marine turtle populations.

(2) The Department of State should—

(A) emphasize to the Government of Ecuador the importance the United States gives to these issues; and

(B) offer assistance to implement the necessary policies and programs to ensure the long term protection of the biodiversity of the Galapagos and the Marine Reserve and to sustain the livelihoods of the Galapagos population who depend on the marine ecosystem for survival.

SA 549. Mr. BAUCUS submitted an amendment intended to be proposed to amendment SA 475 submitted by Mr. CRAIG (for himself, Mr. BAUCUS, Mr. ROBERTS, and Mr. ENZI) and intended to be proposed to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

Strike all after ''Sec.'', and insert the following:

6407. CLARIFICATION OF PAYMENT TERMS UNDER TRADE SANCTIONS REFORM AND EXPORT ENHANCEMENT ACT OF 2000.

(a) IN GENERAL.—Section 908(b)(1) of the Trade Sanctions Reform and Export Enhancement Act of 2000 (22 U.S.C. 7207(b)(1)) is amended by inserting after subparagraph (B) the following:

''(C) Notwithstanding any other provision of law, the term 'payment of cash in advance' means the payment by the purchaser of an agricultural commodity or product and the receipt of such payment by the seller prior to—

''(i) the transfer of title of such commodity or product to the purchaser; and

''(ii) the release of control of such commodity or product to the purchaser.''.

(b) EFFECTIVE DATE.—The amendment made by this section shall apply to sales of agricultural commodities made on or after February 22, 2005.

SA 550. Mr. VITTER submitted an amendment intended to be proposed by him to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

On page 231, between lines 3 and 4, insert the following:

SEC. 6047. (a) Not later than 30 days after the date of enactment of this Act, the Secretary of the Interior shall determine whether there is enough evidence—

(1) to determine the ownership of the subsurface mineral rights described in subsection (b); and

(2) to bring an action to quiet title with respect to the ownership of the subsurface mineral rights described in that subsection.

(b) The subsurface mineral rights referred to in subsection (a) are the subsurface mineral rights underlying 3588.34 acres of land in the Sabine National Wildlife Refuge (referred to in this section as the ''Refuge'') originally reserved by Stanolind Oil and Gas Company and described as tract 5c in a Judgment of Taking dated December 14, 1937, as recorded in the records of Cameron Parish, Louisiana.

(c) If the Secretary of the Interior determines that sufficient evidence exists under subsection (a), not later than 30 days after the date of the determination, the Secretary shall bring an action in the United States District Court for the State of Louisiana to resolve the title issue.

(d) Notwithstanding section 137 of Public Law 98–151 (97 Stat. 981) and section 3101.5–1 of title 43, Code of Federal Regulations (or a successor regulation), if the action brought under subsection (c) is resolved in favor of the United States, the Secretary of the Interior shall make available for leasing at the first Bureau of Land Management-Eastern States lease sale occurring after the date of enactment of this Act the subsurface mineral rights described in subsection (b).

(e) Any lease sale that takes place under subsection (d) and any exploration, development, or production of the subsurface mineral rights under a lease issued under that subsection shall be carried out in accordance with applicable regulations of the Department of the Interior, including regulations relating to a binding oral bid.

(f)(1) Any exploration, development, or production from a lease issued under subsection (d) shall be from an area outside the Refuge.

(2) No exploration or production activities shall be conducted on the surface of the Refuge.

SA 551. Mr. DEWINE submitted an amendment intended to be proposed to amendment SA 439 submitted by Mr. CRAIG (for himself and Mr. AKAKA) and intended to be proposed to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

On page 10, line 3, strike ''(c)'' and insert the following:

(c) RETROACTIVE PROVISION.—

(1) IN GENERAL.—Any member who experienced a traumatic injury (as described in section 1980A(b)(1) of title 38, United States Code) between October 7, 2001, and the effective date under subsection (d), is eligible for coverage provided in such section 1980A if the qualifying loss was a direct result of injuries incurred in Operation Enduring Freedom or Operation Iraqi Freedom.

(2) CERTIFICATION; PAYMENT.—The Secretary of Defense shall—

(A) certify to the Office of Servicemembers' Group Life Insurance the names and addresses of those members the Secretary of Defense determines to be eligible for retroactive traumatic injury benefits under such section 1980A; and

(B) forward to the Secretary of Veterans Affairs, at the time the certification is made under subparagraph (A), an amount of money equal to the amount the Secretary of Defense determines to be necessary to pay all cost related to claims for retroactive benefits under such section 1980A.

(d)

SA 552. Mr. BAUCUS submitted an amendment intended to be proposed to amendment SA 475 submitted by Mr. CRAIG (for himself, Mr. BAUCUS, Mr. ROBERTS, and Mr. ENZI) and intended to be proposed to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

In the matter proposed to be inserted—

(1) strike subsections (b) and (c), and

(2)At the end, add the following:

(b) EFFECTIVE DATE.—The amendment made by this section applies to sales of agricultural commodities made on or after October 28, 2000.

SA 553. Mr. WYDEN submitted an amendment intended to be proposed to amendment SA 376 submitted by Mr. WYDEN (for himself, Mr. SMITH, and Mrs. MURRAY) and intended to be proposed to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

On page 2, strike lines 1 through 11 and insert the following:

DEPARTMENT OF DEFENSE—CIVIL

OPERATIONS AND MAINTENANCE

(a) For an additional amount for the Secretary of the Army, acting through the Chief of Engineers, for emergency repair of the Fern Ridge Dam, Oregon, $31,000,000, to remain available until expended: *Provided,* That the amounts provided under this heading are designated as an emergency requirement pursuant to section 402 of the conference report to accompany S. Con. Res. 95 (108th Congress).

(b) For an additional amount for the Secretary of the Army, acting through the Chief of Engineers, for emergency work on the Los Angeles-Long Beach Harbor, Mojave River Dam, Port San Luis, and Santa Barbara Harbor, $7,500,000, to remain available until expended: *Provided,* That the amounts provided under this heading are designated as an emergency requirement pursuant to section 402 of the conference report to accompany S. Con. Res. 95 (108th Congress).

(c) For an additional amount for the Secretary of the Army, acting through the Chief of Engineers, for emergency construction at Lower Santa Ana River Reaches 1 and 2 of the Santa Ana River Project, Prado Dam of the Santa Ana River Project, San Timoteo of the Santa Ana River Project, Murrieta Creek, and Santa Paula Creek, $12,500,000, to remain available until expended: *Provided,* That the amounts provided under this heading are designated as an emergency requirement pursuant to section 402 of the conference report to accompany S. Con. Res. 95 (108th Congress).

(d) The project for navigation, Los Angeles Harbor, California, authorized by section 101(b)(5) of the Water Resources Development Act of 2000 (114 Stat. 2577) is modified to authorize the Secretary of the Army to carry out the project at a total cost of $222,000,000.

(e) The Secretary of the Army, acting through the Chief of Engineers, shall use any funds appropriated to the Secretary pursuant to this Act to repair, restore, and maintain projects and facilities of the Corps of Engineers, including by dredging navigation channels, cleaning area streams, providing emergency streambank protection, restoring such public infrastructure as the Secretary determines to be necessary (including sewer and water facilities), conducting studies of the impacts of floods, and providing such flood relief as the Secretary determines to be appropriate: *Provided,* That of those funds, $32,000,000 shall be used by the Secretary for the Upper Peninsula, Michigan.

SA 554. Mr. WYDEN submitted an amendment intended to be proposed to amendment SA 376 submitted by Mr. WYDEN (for himself, Mr. SMITH, and Mrs. MURRAY) and intended to be proposed to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

On page 2, strike lines 1 through 11 and insert the following:

DEPARTMENT OF DEFENSE—CIVIL

CORPS OF ENGINEERS

(a) For an additional amount for the Secretary of the Army, acting through the Chief of Engineers, for general construction, $13,000,000, to remain available until expended: *Provided,* That the amounts provided under this heading are designated as an emergency requirement pursuant to section 402 of the conference report to accompany S. Con. Res. 95 (108th Congress).

(b) For an additional amount for the Secretary of the Army, acting through the Chief of Engineers, for operations and maintenance, $163,000,000, to remain available until expended: *Provided,* That the amounts provided under this heading are designated as an emergency requirement pursuant to section 402 of the conference report to accompany S. Con. Res. 95 (108th Congress).

(c) For an additional amount for the Secretary of the Army, acting through the Chief of Engineers, for the Mississippi River and its tributaries, $15,000,000, to remain available until expended: *Provided,* That the amounts provided under this heading are designated as an emergency requirement pursuant to section 402 of the conference report to accompany S. Con. Res. 95 (108th Congress).

SA 555. Mr. KYL submitted an amendment intended to be proposed to amendment SA 387 proposed by Ms. MIKULSKI (for herself, Mr. ALLEN, Mr. LEAHY, Mr. CORZINE, Mr. WARNER, Mr. JEFFORDS, Mr. SARBANES, Mr. DAYTON, Mr. KENNEDY, Ms. LANDRIEU, Mr. REED, Mr. LAUTENBERG, Mr. FEINGOLD, Mr. DORGAN, Mr. KERRY, Mr. CONRAD, Mr. THOMAS, Mr. STEVENS, Mr. DEWINE, Mr. COLEMAN, Ms. SNOWE, and Ms. COLLINS) to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the

United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; as follows:

On page 2, strike lines 5 through 11, and insert the following:

''(9)(A) Subject to subparagraphs (B) and (C), an alien counted toward the numerical limitations of paragraph (1)(B) during any 1 of the 3 fiscal years prior to the submission of a petition for a nonimmigrant worker described in section 101(a)(15)(H)(ii)(b) may not be counted toward such limitation for the fiscal year in which the petition is approved.

''(B) A petition referred to in subparagraph (A) shall include, with respect to an alien—

''(i) the full name of the alien; and

''(ii) a certification to the Department of Homeland Security that the alien is a returning worker.

''(C) An H–2B visa for a returning worker shall be approved only if the name of the individual on the petition is confirmed by—

''(i) the Department of State; or

''(ii) if the alien is visa exempt, the Department of Homeland Security.''.

SA 556. Mr. STEVENS submitted an amendment intended to be proposed by him to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

In lieu of the matter proposed to be inserted, insert the following:

(e) REQUIREMENTS REGARDING ELECTIONS OF MEMBERS TO REDUCE OR DECLINE INSURANCE.—Section 1967(a) of such title is further amended—

(1) in paragraph (2), by adding at the end the following new subparagraph:

''(C) Pursuant to regulations prescribed by the Secretary of Defense, notice of an election of a member not to be insured under this subchapter, or to be insured under this subchapter in an amount less than the maximum amount provided under paragraph (3)(A)(i)(I), shall be provided to the spouse of the member.''; and

(2) in paragraph (3)—

(A) in the matter preceding clause (i), by striking ''and (C)'' and inserting '', (C), and (D)''; and

(B) by adding at the end the following new subparagraph:

''(D) A member with a spouse may not elect not to be insured under this subchapter, or to be insured under this subchapter in an amount less than the maximum amount provided under subparagraph (A)(i)(I), without the written consent of the spouse.''.

(f) REQUIREMENT REGARDING REDESIGNATION OF BENEFICIARIES.—Section 1970 of such title is amended by adding at the end the following new subsection:

''(j) A member with a spouse may not modify the beneficiary or beneficiaries designated by the member under subsection (a) without providing written notice of such modification to the spouse.''.

SA 557. Ms. SNOWE submitted an amendment intended to be proposed to amendment SA 530 submitted by Mr. DOMENICI and intended to be proposed to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

In lieu of the matter proposed to be inserted, insert the following:

SEC. 6023. (a) Not later than January 31, 2006, the Comptroller General of the United States and the Chief Counsel for Advocacy of the Small Business Administration shall each conduct a study, in consultation with each other and with the Administrator of the Small Business Administration and the Secretary of Energy, regarding the feasibility of—

(1) changing the management and operating contracts and other similar facilities management contracts between the Department of Energy and its prime contractors, which are other than small business concerns, for the purpose of rendering such prime contractors agents of the Department of Energy in accordance with the standards established in U.S. West Communications Services, Inc. v. United States, 940 F.2d 622 (Fed. Cir. 1991) and related judicial precedent;

(2) instituting adequate policies, regulations, procedures, and practices to ensure that prime contractors, which are other than small business concerns and which have entered into the management and operating contracts and other similar facilities management contracts with the Department of Energy, treat small businesses seeking to do business with the Department of Energy through such prime contractors according to the ''federal norm'', as recognized by the Comptroller General of the United States;

(3) recognizing subcontracts awarded by the prime contractors, which have entered into the management and operating contracts and other similar facilities management contracts proposed to be changed based on the findings under paragraph (1), as prime contracts for all purposes;

(4) instituting policies, regulations, procedures, and practices adequate to ensure that small business contracts awarded by the prime contractors acting as agents for the Department of Energy under the standards described in paragraphs (1) and (2) are treated as Federal prime contracts for all purposes; and

(5) ensuring that the Department of Energy's prime contractors can simultaneously continue to award, and small businesses can simultaneously continue to receive, subcontracts not subject to treatment or recognition as prime contracts.

(b) The Comptroller General of the United States and the Chief Counsel for Advocacy of the Small Business Administration, in conducting their respective studies under subsection (a) shall consider the impact of—

(1) the changes studied on accountability, integrity, competition, and sound management practices at the Department of Energy and its facilities managed by prime contractors; and

(2) the agency relationship between the Department of Energy and some of its prime contractors on the ability of small businesses to compete for government business.

(c) The Comptroller General and the Chief Counsel for Advocacy of the Small Business Administration shall separately report their findings to—

(1) the Committee on Energy and Natural Resources, the Committee on Homeland Security and Governmental Affairs, and the Committee on Small Business and Entrepreneurship of the Senate; and

(2) the Committee on Energy and Commerce, the Committee on Government Reform, and the Committee on Small Business of the House of representatives.

(d) The Secretary of Energy may, until January 31, 2006—

(1) make changes to contracts, including the management and operating contracts and other similar facilities management contracts between the Department of Energy and its prime contractors, which are other than small business concerns, consistent with those changes being studied under subsection (a); and

(2) implement policies, regulations, procedures, and practices consistent with those being studied under subsection (a).

SA 558. Ms. SNOWE submitted an amendment intended to be proposed to amendment SA 529 submitted by Mr. DOMENICI and intended to be proposed to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

In lieu of the matter proposed to be inserted, insert the following:

SEC. 6023. (a) Not later than January 31, 2006, the Comptroller General of the United States and the Chief Counsel for Advocacy of the Small Business Administration shall each conduct a study, in consultation with each other and with the Administrator of the Small Business Administration and the Secretary of Energy, regarding the feasibility of—

(1) changing the management and operating contracts and other similar facilities management contracts between the Department of Energy and its prime contractors, which are other than small business concerns, for the purpose of rendering such prime contractors agents of the Department of Energy in accordance with the standards established in U.S. West Communications Services, Inc. v. United States, 940 F.2d 622 (Fed. Cir. 1991) and related judicial precedent;

(2) instituting adequate policies, regulations, procedures, and practices to ensure

that prime contractors, which are other than small business concerns and which have entered into the management and operating contracts and other similar facilities management contracts with the Department of Energy, treat small businesses seeking to do business with the Department of Energy through such prime contractors according to the ''federal norm'', as recognized by the Comptroller General of the United States;

(3) recognizing subcontracts awarded by the prime contractors, which have entered into the management and operating contracts and other similar facilities management contracts proposed to be changed based on the findings under paragraph (1), as prime contracts for all purposes;

(c) The Comptroller General and the Chief Counsel for Advocacy of the Small Business Administration shall separately report their findings to—

(1) the Committee on Energy and Natural Resources, the Committee on Homeland Security and Governmental Affairs, and the Committee on Small Business and Entrepreneurship of the Senate; and

(2) the Committee on Energy and Commerce, the Committee on Government Reform, and the Committee on Small Business of the House of representatives.

(d) The Secretary of Energy may, until January 31, 2006—

(1) make changes to contracts, including the management and operating contracts and other similar facilities management contracts between the Department of Energy and its prime contractors, which are other than small business concerns, consistent with those changes being studied under subsection (a); and

(2) implement policies, regulations, procedures, and practices consistent with those being studied under subsection (a).

SA 559. Mr. ROBERTS submitted an amendment intended to be proposed to amendment SA 437 submitted by Mr. ROCKEFELLER and intended to be proposed to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; which was ordered to lie on the table; as follows:

In lieu of the matter proposed to be inserted, insert the following:

SENSE OF SENATE

SEC. ____. (a) FINDINGS.—The Senate makes the following findings:

(1) On September 11, 2001, terrorists hijacked and destroyed four civilian aircraft, crashing two of them into the towers of the World Trade Center in New York, New York, and a third into the Pentagon outside Washington, District of Columbia.

(2) The valor of the passengers and crew on the fourth aircraft prevented it from also being used as a weapon against the United States.

(3) The September 11, 2001, attacks stand as the deadliest terrorist attacks ever perpetrated against the United States.

(4) By targeting symbols of American strength and success, the attacks clearly were intended to assail the principles, values, and freedoms of the United States and the American people, to intimidate the Nation, and to weaken the national resolve.

(5) On September 14, 2001, Congress, in Public Law 107–40, authorized the use of ''all necessary and appropriate force'' against those responsible for the terrorist attacks.

(6) The Armed Forces subsequently moved swiftly against Al Qaeda and the Taliban regime in Afghanistan, whom the President and Congress had identified as enemies of the United States.

(7) In doing so, brave servicemembers and intelligence officers left family and friends in order to defend the Nation.

(8) More than three years later, many servicemembers and intelligence officers remain abroad, shielding the Nation from further terrorist attacks.

(9) Terrorists continue to attack United States servicemembers and continue to plan attacks against the United States and its interests.

(10) Terrorists continue to target civilians and military personnel alike through such insidious and cowardly methods as kidnappings and bombings.

(11) Intelligence information derived from the interrogation of captured terrorists is essential to the protection of servicemembers deployed around world, to the protection of the homeland, and to the protection of United States interests.

(12) It is the policy of the President and Congress that the interrogation of terrorists conform to the Constitution, laws, and treaty obligations of the United States.

(13) In those rare instances in which individuals have been alleged to have violated the Constitution, laws, or treaty obligations of the United States during the course of an interrogation, the departments and agencies of the United States Government, and the inspectors general of each department or agency concerned, have investigated allegations of such violations.

(14) In the few cases in which officers of the United States intelligence community are determined to have actually violated the Constitution, laws, or treaty obligations of the United States, such officers have been, or should be, punished.

(15) The Select Committee on Intelligence of the Senate was established, among other things, to provide vigorous legislative oversight of the intelligence activities of the United States in order to assure that such activities conform to the Constitution, laws, and treaty obligations of the United States.

(16) The Select Committee on Intelligence of the Senate was deliberately structured with a unified staff under the joint supervision of the Chairman and the Vice Chairman of the Select Committee through a single staff director in order to avoid, to the maximum extent possible, the politicization of oversight of the intelligence activities of the United States. Because of its unique structure and rules, as currently written, the Select Committee is ideally suited to continue oversight of United States interrogation, detention, and rendition operations.

(17) The Chairman and Vice Chairman of the Select Committee on Intelligence of the Senate have directed the staff of the Select Committee to continue to exercise the oversight authority of the Select Committee to ensure that intelligence activities of the United States relating to the detention, interrogation, and rendition of terrorists conform to the Constitution, laws, and treaty obligations of the United States.

(18) As part of its ongoing review, the staff of the Select Committee on Intelligence of the Senate have interviewed individuals and reviewed documents relating to the detention, interrogation, and rendition of terrorists, and have inspected United States detention and interrogation operations and facilities in Guantanamo Bay, Cuba.

(19) The staff of the Select Committee on Intelligence of the Senate continue to interview individuals, receive information, and review documents relating to the detention, interrogation, and rendition of terrorists.

(b) SENSE OF SENATE.—It is the sense of the Senate—

(1) to recognize that terrorists continue to seek to attack the United States at home and the interests of the United States abroad;

(2) to stand with the people of the United States in great debt to the members of the Armed Forces and officers of the United States intelligence community serving at home and abroad;

(3) to remain resolved to pursue all those responsible for the terrorist attacks of September 11, 2001, and their sponsors, until they are discovered and punished; and

(4) to reaffirm that Congress will—

(A) honor the memory of those who lost their lives as a result of the September 11, 2001, terrorist attacks; and

(B) bravely defend the citizens of the United States in the face of all future challenges.

SA 560. Mr. COCHRAN (for Mr. SHELBY (for himself, Mr. KENNEDY, Mr. DURBIN, and Mr. OBAMA)) proposed an amendment to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; as follows:

On page 184, line 16, after ''$11,935,000,'', insert ''for increased judicial security outside

of courthouse facilities, including priority consideration of home intrusion detection systems in the homes of federal judges,''.

SA 561. Mr. COCHRAN (for Mr. REID) proposed an amendment to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; as follows:

In section 6017(b)(1)(A), insert ''appurtenant to the land'' after ''water''.

SA 562. Mr. COCHRAN (for Mr. REID) proposed an amendment to the bill H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; as follows:

In section 6017(c)(2), strike subparagraphs (A) and (B) and insert the following:

(A) acquired only from willing sellers;

(B) designed to maximize water conveyances to Walker Lake; and

(C) located only within the Walker River Paiute Indian Reservation.

NOTICES OF HEARINGS/MEETINGS

PERMANENT SUBCOMMITTEE ON INVESTIGATIONS

Mr. COLEMAN. Mr. President, I would like to announce for the information of the Senate and the public that the Permanent Subcommittee on Investigations will hold a hearing entitled ''The Container Security Initiative and the Customs-Trade Partnership Against Terrorism: Securing the Global Supply Chain or Trojan Horse?'' In light of the September 11, 2001, terrorist attacks, concern has increased that terrorists could smuggle weapons of mass destruction in the approximately 9 million ocean going containers that arrive in the United States every year. As part of its overall response to the threat of terrorism, the Department of Homeland Security's Bureau of Customs and Border Protection (Customs) implemented the Container Security Initiative (CSI) to screen high-risk containers at sea ports overseas, thus employing screening tools before potentially dangerous cargoes reach our shores. Customs also implemented the Customs Trade Partnership Against Terrorism (C-TPAT) to improve the security of the global supply chain in partnership with the private sector.

Both CSI and C-TPAT face a number of compelling challenges that impact their ability to safeguard our Nation from terrorism. The Subcommittee's April 26 hearing will examine how Customs utilizes CSI and C-TPAT in connection with its other enforcement programs and review the requirements for and challenges involved in transitioning CSI and C-TPAT from promising risk management concepts to effective and sustained enforcement operations. These important Customs initiatives required sustained Congressional oversight. As such, this will be the first of several hearings the Subcommittee intends to hold on the response of the Federal Government to terrorist threats.

The Subcommittee hearing is scheduled for Tuesday, April 26, 2005, at 9:30 a.m. in Room 562 of the Dirksen Senate Office Building. For further information, please contact Raymond V. Shepherd, III, Staff Director and Chief Counsel to the Permanent Subcommittee on Investigations, at 224–3721.

AUTHORITY FOR COMMITTEES TO MEET

COMMITTEE ON ARMED SERVICES

Mr. FRIST. Mr. President, I ask unanimous consent that the Committee on Armed Services be authorized to meet during the session of the Senate on April 19, 2005, at 9:30 a.m., in open session to consider the following nominations: (1) Honorable Gordon R. England to be Deputy Secretary of Defense; and (2) Admiral Michael G. Mullen, USN, for reappointment to the grade of Admiral and to be Chief of Naval Operations.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON BANKING, HOUSING, AND URBAN AFFAIRS

Mr. FRIST. Mr. President, I ask unanimous consent that the Committee on Banking, Housing, and Urban Affairs be authorized to meet during the session of the Senate on April 19, 2005, at 3 p.m., to conduct a hearing on ''Proposals for Improving the Regulation of the Housing Government Sponsored Enterprises.''

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON ENERGY AND NATURAL RESOURCES

Mr. FRIST. Mr. President, I ask unanimous consent that the Committee on Energy and Natural Resources be authorized to meet during the session of the Senate on Tuesday, April 19, at 10 a.m. in room SD–366.

The purpose of this hearing is to receive testimony concerning offshore hydrocarbon production and the future of alternate energy resources on the Outer Continental Shelf. Issues to be discussed include: recent technological advancements made in the offshore exploration and production of traditional forms of energy, and the future of deep shelf and deepwater production. Enhancements in worker safety, and steps taken by the offshore oil and gas industry to meet environmental challenges. Participants in the hearing will also address ways that the Federal Government can facilitate increased exploration and production offshore while protecting the environment. New approaches to help diversify the offshore energy mix will also be discussed.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON FINANCE

Mr. FRIST. Mr. President, I ask unanimous consent that the Committee on Finance be authorized to meet in open Executive Session during the session on Tuesday, April 19, 2005, at 10 a.m., to consider an original bill entitled, ''Highway Reauthorization and Excise Tax Simplification Act of 2005'' and, S. 661, ''the United States Tax Court Modernization Act''.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON HEALTH, EDUCATION, LABOR, AND PENSIONS

Mr. FRIST. Mr. President, I ask unanimous consent that the committee on Health, Education, Labor, and Pensions be authorized to hold a hearing during the session of the Senate on Tuesday, April 19, 2005 at 10 a.m. in SD–430.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON VETERANS' AFFAIRS

Mr. FRIST. Mr. President, I ask unanimous consent that the Committee on Veterans' Affairs be authorized to meet during the session of the Senate on Tuesday, April 19, 2005, to mark up the nomination of Mr. Jonathan B. Perlin to be Under Secretary for Health, Department of Veterans' Affairs; and to hold a Committee hearing titled ''Back from the Battlefield, Part II: Seamless Transition to Civilian Life.''.

The meeting will take place in room 418 of the Russell Senate Office Building at 10:15 a.m.

The PRESIDING OFFICER. Without objection, it is so ordered.

SELECT COMMITTEE ON INTELLIGENCE

Mr. FRIST. Mr. President, I ask unanimous consent that the Select Committee on Intelligence be authorized to meet during the session of the Senate on April 19, 2005 at 2:30 p.m. to hold a hearing.

The PRESIDING OFFICER. Without objection, it is so ordered.

SUBCOMMITTEE ON ANTITRUST, COMPETITION POLICY, AND CONSUMER RIGHTS

Mr. FRIST. Mr. President, I ask unanimous consent that the Subcommittee on Antitrust, Competition Policy, and Consumer Rights be authorized to meet on Tuesday, April 19,

2005 to conduct a hearing on ''SBC/ATT and Verizon/MCI Mergers: Remaking the Telecommunications Industry, Part II—Another View'', at 2:30 p.m. in Room 226 of the Dirksen Senate Office Building.

Witness List: Mr. Carl Grivner, CEO, XO Communications, Reston, VA.; Mr. Jeffrey Citron, CEO, Vonage, Edison, NJ.; Mr. Scott Cleland, CEO, Precursor Group, Washington, DC; and Mr. Gene Kimmelman, Director, Washington, DC. Office, Consumers Union, Washington, DC.

The PRESIDING OFFICER. Without objection, it is so ordered.

SUBCOMMITTEE ON SEAPOWER

Mr. FRIST. Mr. President, I ask unanimous consent that the Subcommittee on Seapower be authorized to meet during the session of the Senate on April 19, 2005, at 3 p.m., in open session to receive testimony on United States Marine Corps Ground and Rotary Wing Program and Seabasing, in review of the defense authorization request for fiscal year 2006.

The PRESIDING OFFICER. Without objection, it is so ordered.

SUBCOMMITTEE ON WATER AND POWER

Mr. FRIST. Mr. President, I ask unanimous consent that the subcommittee on Water and Power be authorized to meet during the session of the Senate on Tuesday, April 19 a 2:30 p.m.

The purpose of the hearing is to receive testimony on S. 166, to amend the Oregon Resource Conservation Act of 1996 to reauthorize the participation of the Bureau of Reclamation in the Deschutes River Conservancy, and for other purposes; S. 251, to authorize the Secretary of the Interior to conduct a water resource feasibility study for the Little Butte/Bear Creek subbasins in Oregon; S. 310, to direct the Secretary of the Interior to convey the Newlands Protect headquarters and maintenance yard facility to the Truckee-Carson Irrigation District in the State of Nevada; S. 519, to amend the Lower Rio Grande Valley Water Resources Conservation and Improvement Act of 2000 to authorize additional projects and activities under that act, and for other purposes; and S. 592, to extend the contract for the Glendo Unit of the Missouri River Basin Project in the State of Wyoming.

The PRESIDING OFFICER. Without objection, it is so ordered.

MEASURES READ THE FIRST TIME—S. 839, S. 844, S. 845, S. 846, S. 847, S. 848, S. 851, H.R. 8

Mr. STEVENS. Mr. President, I understand there are eight bills at the desk. I ask for their first reading, en bloc.

The PRESIDING OFFICER. The clerk will read the titles of the bills for the first time, en bloc.

The legislative clerk read as follows:

A bill (S. 839) to repeal the law that gags doctors and denies women information and referrals concerning their reproductive health options.

A bill (S. 844) to expand access to preventive health care services that help reduce unintended pregnancy, reduce the number of abortions, and improve access to women's health care.

A bill (S. 845) to amend title 10, United States Code, to permit retired servicemembers who have a service-connected disability to receive disability compensation and either retired pay or Combat-Related Special Compensation and to eliminate the phase-in period with respect to such concurrent receipt.

A bill (S. 846) to provide fair wages for America's workers.

A bill (S. 847) to lower the burden of gasoline prices on the economy of the United States and circumvent the efforts of OPEC to reap windfall oil profits.

A bill (S. 848) to improve education, and for other purposes.

A bill (S. 851) to reduce the budget deficits By restoring budget enforcement and strengthening fiscal responsibility.

A bill (H.R. 8) to make the repeal of the estate tax permanent.

Mr. STEVENS. Mr. President, I now ask for a second reading and, in order to place the bills on the calendar under the provisions of rule XIV, I object to my own request, en bloc.

The PRESIDING OFFICER. Objection having been heard, the bills will receive their second reading on the next legislative day.

ORDERS FOR WEDNESDAY, APRIL 20, 2005

Mr. STEVENS. Mr. President, I now ask unanimous consent that when the Senate completes its business today, it stand in adjournment until 9:30 a.m. on Wednesday, April 20. I further ask that following the prayer and the pledge, the morning hour be deemed to have expired, the Journal of the proceedings be approved to date, the time for the two leaders be reserved, and there then be a period of morning business for up to 60 minutes, with the first 30 minutes under the control of the Democratic leader or his designee, and the final 30 minutes under the control of the majority leader or his designee; provided that following morning business the Senate resume consideration of H.R. 1268, the Iraq-Afghanistan supplemental appropriations bill; provided further that notwithstanding morning business and the adjournment of the Senate, all time be counted against cloture under rule XXII.

The PRESIDING OFFICER. Without objection, it is so ordered.

PROGRAM

Mr. STEVENS. Mr. President, on behalf of the leader, I make this announcement: Tomorrow, following morning business, the Senate will resume consideration of the Iraq-Afghanistan supplemental appropriations bill. We have invoked cloture on the bill, and therefore the only amendments that qualify under the cloture rule will be in order to the bill.

There are still quite a few germane amendments that are pending, and therefore we will need a number of rollcall votes prior to final passage. It is the leader's hope that we can finish tomorrow, and we can finish if we can show restraint and not require votes on each of these amendments. Senators should expect a late evening tomorrow as we try to finish the bill on Wednesday.

ADJOURNMENT UNTIL 9:30 A.M. TOMORROW

Mr. STEVENS. If there is no further business to come before the Senate, I ask unanimous consent that the Senate stand in adjournment under the previous order.

There being no objection, the Senate, at 7:42, p.m., adjourned until Wednesday, April 20, 2005, at 9:30 a.m.

NOMINATIONS

Executive nominations received by the Senate April 19, 2005:

DEPARTMENT OF HEALTH AND HUMAN SERVICES

ALEX AZAR II, OF MARYLAND, TO BE DEPUTY SECRETARY OF HEALTH AND HUMAN SERVICES, VICE CLAUDE A. ALLEN, RESIGNED.

IN THE ARMY

THE FOLLOWING NAMED OFFICER FOR APPOINTMENT IN THE UNITED STATES ARMY TO THE GRADE INDICATED WHILE ASSIGNED TO A POSITION OF IMPORTANCE AND RESPONSIBILITY UNDER TITLE 10, U.S.C., SECTION 601:

To be lieutenant general

LT. GEN. DAVID W. BARNO, 0000

HOUSE OF REPRESENTATIVES—Tuesday, April 19, 2005

The House met at 12:30 p.m. and was called to order by the Speaker pro tempore (Mr. FORTENBERRY).

DESIGNATION OF SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,
April 19, 2005.

I hereby appoint the Honorable JEFF FORTENBERRY to act as Speaker pro tempore on this day.

J. DENNIS HASTERT,
Speaker of the House of Representatives.

MORNING HOUR DEBATES

The SPEAKER pro tempore. Pursuant to the order of the House of January 4, 2005, the Chair will now recognize Members from lists submitted by the majority and minority leaders for morning hour debates. The Chair will alternate recognition between the parties, with each party limited to not to exceed 30 minutes, and each Member, except the majority leader, the minority leader, or the minority whip, limited to not to exceed 5 minutes.

The Chair recognizes the gentleman from South Carolina (Mr. SPRATT) for 5 minutes.

KEEPING PROMISES TO OUR SERVICE MEMBERS

Mr. SPRATT. Mr. Speaker, all of us who go out into the field to see our troops, and particularly overseas, bring back many conclusions and various impressions; but to a person, we all come back impressed, inspired, and thankful for the men and women who serve in the Armed Forces of the United States. In hard, dirty, and dangerous circumstances and often thankless deployments like Iraq and Afghanistan, they not only serve but they have had to adapt and improvise and tackle tasks they were never trained to handle. They have risen to the occasion, they have risen to the challenge, and at significant cost, in terms of those who have been wounded or injured or killed in action. These troops are the finest that any country has ever fielded, and they deserve not only our admiration but our support, and not just for them and their roles, which are vitally important, but for their families back home, for they sacrifice dearly.

There are three levels in which our support should come: first, to those on active duty, and their families, and particularly those who are deployed for long tours of duty in harsh environments and under hazardous conditions; second, to the Guard and Reserve who leave their civilian occupations and are now serving in numbers and percentages we have never seen since the all-volunteer force was created some 30 years ago. Almost half of those in Iraq come from the reserve components. More than 300,000 have been called up over the last 2½ years; 45,000 have had their tours extended. Many are on their second tour, some on their third. They are answering the call, they are doing their duty, and they are proving that the total force works and works well. But they have families back home and jobs and businesses and obligations and debts to pay and health care needs, and they need our unstinting support as never before. They not only need it, they deserve it. Next come the veterans and the retirees, those who have put, in many cases, much of their adult lives into serving their country. They have served and they now look to their country to keep the promises that were made to them at the time they were serving and when they reupped and when they joined again and when they stayed in for 20 and 25 years, promises about retirement benefits, about veterans benefits, about health care and education and many other things.

When the needs of these three groups are put together, all together, they make up a long bill of particulars, more than we can do, in all candor, in 1 year or even 2 years; but every time we take up a supplemental appropriation bill or a defense authorization bill or a defense appropriation bill, we should frankly, candidly, and honestly, searchingly, ask ourselves, what are we doing in this bill, on this occasion, to meet the needs of our service men and women who are serving gallantly in places like Iraq and Afghanistan and what are we doing in particular for their families?

What are we doing to help them out in their combat circumstances, with flak vests and personal protective gear and up-armored vehicles? But what are we also doing for their children back home for their health care needs? Have we provided adequately, I do not think we have, for family separation centers, the one place dedicated to helping them resolve their problems while family members are overseas? And for Tricare, health care, critically important in our society, particularly for Reservists and their families, Reservists leaving their job, what have we done to provide and see to it that they do not have to sacrifice in terms of health care for themselves and their families not only while they are on duty but in the months after they are deactivated and come back home?

And how about servicemen's life insurance? For years it had been inadequately funded. Many troops because of the premium, modest though it seems, have not elected to take it. What are we doing to see to it that every American soldier who goes into combat, hazardous duty has at least several hundred thousand dollars of servicemen's group life insurance? And what are we doing about our veterans, our category 7 and 8 veterans for over 2 years now, if they have not previously registered and are not able to get admitted to veterans health care facilities? There are 50,000 veterans waiting in line as we speak for an appointment to a veterans health care facility. The President's budget for this year provided $106 million, not much over last year which itself was inadequate to meet their needs. Over the next 5 years, this budget request is $18 billion below what is needed for current services. We can do better than that.

We have got promises to keep to our veterans and these promises, above all, should be kept. Given the sporadic, unpredictable violence and the harsh, hard circumstances, it is not surprising that many of our troops come back, some have said as many as 17 percent, from places like Afghanistan and Iraq with difficult mental problems. This, too, is something we could do.

Mr. Speaker, we have to follow up the gentlewoman from California (Mrs. DAVIS) who not only is a member of the Committee on Armed Services but also formerly a military spouse and speaks knowledgeably about this subject.

THE HIGH PRICE OF GASOLINE

The SPEAKER pro tempore. Pursuant to the order of the House of January 4, 2005, the gentleman from Florida (Mr. STEARNS) is recognized during morning hour debates for 5 minutes.

Mr. STEARNS. Mr. Speaker, as the summer driving season is set to begin, gasoline prices are at a record high. While some continue to blame the Bush administration and the Republicans in Congress, the truth is that neither is responsible for the record highs. The reason for the high gas prices includes the cost of crude oil due to a worldwide

explosion in demand, the lack of refinery processing capacity, and the overregulation here in Washington.

The House will get the opportunity to address this problem this week with the House bringing to the floor the Energy Policy Act of 2005, H.R. 6. The long-awaited legislation contains a number of provisions that would lower gas prices. H.R. 6 encourages more domestic production of oil with incentives such as a streamlined permit process, promotes a greater refining capacity to bring more oil to market, and increases the gasoline supply by stopping the proliferation of expensive regional boutique fuels.

The Department of Energy predicts by 2025 U.S. oil and natural gas demand will rise by 46 percent, with energy demand increasing 1 percent for every 2 percent in GDP growth. Critics of H.R. 6 claim that it would do little to curb consumption or drive down prices. In fact, this legislation includes provisions to do just that. In order to scale back demand for oil, the proposal encourages vehicles powered by hydrogen fuel cells and increases funding for the Department of Transportation to work to improve fuel efficiency standards. Furthermore, it authorizes $200 million for the clean cities program which will provide grants to State and local governments to acquire alternative-fueled vehicles.

Curbing demand is necessary, but it is not nearly enough to lower the price of gas. We also need to increase domestic production of oil. Ending our dependence on foreign oil is not only important to the economy but also doubly important to national security. Currently, the U.S. imports about 60 percent of its oil. The Department of Energy projects this number will increase to 73 percent by 2025. In order to ensure reliable and secure supplies of oil, we have no choice but simply to increase our domestic supply.

Domestic energy production must be increased without compromising a clean environment. There have been giant leaps in technology that would produce oil and natural gas in an environmentally safe manner. We need a comprehensive energy policy that recognizes that sophisticated new technology greatly reduces adverse impacts on the environment by exploration and production. Along with the incredible advances in technology, transportation, and medicine that improve our lives comes the increased need for energy.

In addition, overregulation by the government also contributes to regional and seasonal price fluctuations that increase costs and, of course, reduce flexibility to meet consumer demand. According to the Energy Information Agency, last year refining costs represented about 20 percent of the retail cost of gasoline. By simply scaling back the excessive and cumbersome Federal regulations on refiners, we could significantly reduce these costs. For example, the 1990 Clean Air Act amendments mandate the sale of cleaner burning reformulated gasoline in order to reduce summer smog in nine major metropolitan areas. The law also requires that RFG contain at least 2 percent oxygen by weight.

To comply with these regulations, refiners must switch from winter grade fuel to costlier summer blend gasoline. According to the Federal Trade Commission, this adds 4 cents to 8 cents per gallon to the price of gasoline. Likewise, complying with a national low sulfur gasoline regulation for passenger cars not only represents scientific challenges for refiners but also could adversely affect gasoline supply and, of course, availability. The industry will need to invest more than $8 billion over the next 3 years to meet this requirement, which will result in higher prices at the pump.

This hodgepodge of customized fuel requirements increases production costs which are ultimately reflected in the price of gasoline that we pay today. These varied gasoline specifications also restrict the ability of refiners and distributors to move supplies around the country in response to local and, of course, regional shortages.

High gas prices affect every sector of the American economy and especially hit families the hardest. Congress has been debating and debating this issue for too long. We now have the chance to enact this week comprehensive energy legislation that will go a long way to lower the cost of gasoline. We need to fully embrace this opportunity before it is too late.

RECOGNIZING THE CONTRIBUTIONS OF OUR MILITARY FAMILIES

The SPEAKER pro tempore. Pursuant to the order of the House of January 4, 2005, the gentlewoman from California (Mrs. DAVIS) is recognized during morning hour debates for 5 minutes.

Mrs. DAVIS of California. Mr. Speaker, I am honored to join the gentleman from South Carolina (Mr. SPRATT). I have long admired and respected his efforts since I was elected to Congress and began serving with him on the Committee on Armed Services.

I want to take a moment now to specifically mention our military families. By now, every American should be familiar with the daily contributions and sacrifices made by our service members, but we have to remember that their families serve, too. Many spouses remind me all the time that when the military prepares for deployment, well, so do their families. As a former military spouse myself, I am incredibly grateful and humbled by their unique sacrifices. With so much of our attention on other things, their contributions often go unnoticed and underappreciated. I want our military families to know that we are working to improve the family-support infrastructure that exists for them. Access to family support services should be consistent without regard to where the families reside. Use of technology can certainly enhance their access to family support, but it sure cannot take the place of a support network.

Democrats are seeking more innovative ways to fund child care for military families, to provide a fully resourced, comprehensive and portable health care benefit, and to increase the value of the commissary and exchange benefit.

We have also made progress with addressing the demand for family housing. This has included privatization initiatives, military construction, and adequate funding for the basic allowance for housing. Democrats are also exploring ways in which we can work together with DOD to enhance educational and employment opportunities for military spouses.

□ 1245

And I can tell the Members firsthand how difficult this is when faced with the challenges of the military lifestyle. By recognizing the contributions of our military families, we have identified a critical part of addressing future recruiting and retention needs of the military. We must continue to recognize their sacrifices as well as those made by the service members themselves.

This is an important task, and I am hopeful that Congress will continue giving this the concerted attention it deserves as we prepare the Defense Authorization bill for next year.

OUR U.S. MILITARY SUCCESSES IN AFGHANISTAN

The SPEAKER pro tempore (Mr. FORTENBERRY). Pursuant to the order of the House of January 4, 2005, the gentlewoman from Florida (Ms. ROS-LEHTINEN) is recognized during morning hour debates for 5 minutes.

Ms. ROS-LEHTINEN. Mr. Speaker, I rise today to highlight the accomplishments that we have been able to achieve in Afghanistan, thanks to the dedicated and courageous service of our men and women in uniform. These Marines, sailors, airmen, and soldiers exemplify the best of what our country has to offer. By risking, and sometimes giving, their lives, they have allowed the 30 million people of Afghanistan to live in peace and prosperity, free from the fear and tyranny of the Taliban.

By liberating Afghanistan, our fighting men and women also ensured that al Qaeda would no longer be allowed to operate with impunity in what was then a failed state. In a brilliantly

waged campaign, our Special Forces brought the fight to our enemies. By utilizing local resistance forces and at times even charging into battle on horseback, they liberated this beautiful country from a menacing dictatorship.

What the Afghans, with the help of the U.S. and our Coalition forces, were subsequently able to achieve is nothing less than a miracle. On October 9, 2004, barely less than 2 years since the fall of the Taliban, Afghanistan held the first democratic elections in its history, overwhelmingly electing Hamid Karzai as its President. Afghanistan is now scheduled to hold another election on September 18 to select its first parliament.

These two elections, coming less than a year apart, are even more impressive given that this country has been at war for the better part of the last 30 years. First, fighting a Soviet invasion, and later, a civil war between the different mujahideen.

I could not find better words than those of a reporter of the Associated Press to describe the presidential election in Afghanistan when he wrote: ''After a generation of conflict, Afghans are slowly emerging from darkness. In the afterglow of last fall's presidential election, there is hope in Kabul.''

In this country of 30 million people, more than 10 million registered to vote, 41 percent of them women, these elections were monitored by more than 5,400 independent observers from groups such as the EU, the OSCE, the U.S., and the U.N., giving further validity to these historic elections.

The hard work of our men and women in uniform does not stop there. They have worked closely with our allies to train a national Afghan army so that their people and their hard-fought democracy can be protected. Almost 19,000 soldiers now serve in the Afghan national army with another 3,400 being trained by our troops. These soldiers are being deployed to all corners of the country.

The United States has also trained more than 25,000 police officers, and other countries have assisted as well. Germany, for example, has trained nearly 6,000 border and national police. Our U.S. Armed Forces have also trained 120 judges, lawyers, and court personnel. Ensuring the rule of law that it would be protected in this nation that has known only war and tyranny is miraculous.

The U.S. military has also helped to rehabilitate more than 7,500 canals, underground irrigation tunnels, reservoirs, and dams to increase agricultural output in this arid country. These policies have resulted in an 82 percent increase in wheat production.

Our U.S. military forces were also able to assist in the demining and paving of the very important Kabul-Kandahar highway, ahead of schedule, as well as rehabilitating 74 bridges and tunnels.

These accomplishments have led to a 30 percent growth in the Afghan economy from 2002 to 2003 and an estimated 16 percent growth from 2003 to 2004. These policies have led to 2.4 million refugees returning to Afghanistan from neighboring countries after many years of being displaced by war. Another 600,000 internally displaced individuals have also been able to return home.

Mr. Speaker, I could stand before this body for hours to speak about our success in Afghanistan and the positive difference that our U.S. military troops have made in this country. I understand their sacrifices and those of their families. My own husband, retired Lieutenant Dexter Lehtinen, was a platoon leader in Vietnam until a grenade almost took his life. The scars on his face are constant reminders of the price so many Americans have paid for our freedom and the price that so many more continue to pay.

As my stepson, Aviator First Lieutenant Douglas Lehtinen, prepares to deploy Iraq, I cannot help but think about the sacrifices of our men and women in uniform. While nothing can replace those who were lost and although the scars will never disappear, those acts of bravery have not been in vain.

May God bless our men and women in uniform and may God bless America.

CAFTA

The SPEAKER pro tempore. Pursuant to the order of the House of January 4, 2005, the gentleman from Ohio (Mr. BROWN) is recognized during morning hour debates for 5 minutes.

Mr. BROWN of Ohio. Mr. Speaker, a bowling ball weighs about 170 times the weight of a slice of sandwich bread. It does not take a physicist to see the mismatch between a bowling ball and a slice of bread. It does not take a trade expert to see the economic mismatch between the United States and the nations that make up the Central American Free Trade Agreement, CAFTA: Honduras, Costa Rica, Nicaragua, Guatemala, and El Salvador.

The way that proponents of the Central American Free Trade Agreement talk, one would think that Central America was one of the biggest economies in the Western Hemisphere. CAFTA nations, in fact, are not only among the world's poorest countries, they are among its smallest economies.

Think about this: This big trade agreement that President Bush wants, CAFTA, the combined purchasing power of CAFTA nations is almost identical to the purchasing power of Columbus, Ohio.

Tomorrow the House will hold a hearing on CAFTA. Since President Bush took office, Congress has voted within 55 days of the President's affixing his signature on a trade agreement. April 28, coming up, will mark the 11-month anniversary of when the President signed CAFTA. In other words, trade agreements are always sent to Congress quickly. Within a couple of months, we vote on them.

The President has delayed CAFTA for 11 months because this simply is not an agreement that the American people want or need. As I said, other trade agreements were all done within about 2 months, but because CAFTA is so unpopular, because trade policy in this country is so wrong-headed, the President still has not asked this Congress to vote on CAFTA.

Clearly, there is dissension in the ranks for good reason. CAFTA is the dysfunctional cousin of NAFTA, the North American Free Trade Agreement, and continues a legacy of failed trade policy.

Look at NAFTA's record; NAFTA is the United States, Mexico, and Canada: One million U.S. manufacturing jobs lost to the North American Free Trade Agreement. Wages of Mexicans have stagnated. Environmental conditions, especially along the U.S.-Mexican border have worsened dramatically. And yet the U.S. continues to push for more of the same: more of the same job hemorrhaging, more of the same income-lowering trade agreements, more trade agreements that ship jobs overseas, more trade agreements that neglect environmental safety standards, more trade agreements that keep foreign workers in poverty, more trade agreements that undercut our food safety laws in our country. The only difference between CAFTA and NAFTA is the first letter.

The definition of insanity is repeating the same action over and over and over again and expecting a different result. On trade we hear the same promises over and over and over again, and we see the same results: lost jobs, a weakened economy, lower standards of living in Mexico, bad environmental outcomes. But this Congress somehow barely in the middle of the night continues to pass these trade agreements, and we see the same bad results.

But do not take my word for it. Look at the numbers. The U.S. economy, with a $10 trillion GDP in 2002, is 170 times bigger than the economies of the CAFTA nations, at about $62 billion combined. It is like comparing a bowling ball that weighs 170 times a slice of bread.

CAFTA is not about robust markets for the export of American goods. It is about outsourcing. It is about access to cheap labor. We send our jobs overseas. Workers overseas get paid almost nothing, not enabling them to raise their standard of living even a bit. U.S. corporations make more money. American workers lose their jobs. It is the same old story time and time again.

Again, the combined purchasing power of the CAFTA nations is about that of Columbus, Ohio, or Orlando, Florida, or the entire State of Kansas. Trade pacts like NAFTA and CAFTA enable companies to exploit cheap labor in other countries in the developing world, then import their products back into the United States under favorable tariff terms.

American companies outsource their jobs to Guatemala, outsource their jobs to China, outsource their jobs to Mexico. It costs American workers their jobs. It does almost nothing for workers in those countries. Yet profits at Wal-Mart and GM and so many other companies continue to rise.

CAFTA will do nothing to stop the bleeding of manufacturing jobs except make it worse. It will do even less to create a strong Central American consumer market for American goods.

Throughout the developing world, workers do not share in the wealth they create. Our decades of economic success in this country show that employees share in the wealth they create for their employer. If one works at GM, they help GM create wealth; they help GM make a profit. They get some of that money back. These trade agreements in the developing world simply do not work, and when the world's poorest people can buy American products rather than just make them, then we will know our trade agreements finally are working.

Vote ''no'' on the Central American Free Trade Agreement.

ENERGY

The SPEAKER pro tempore. Pursuant to the order of the House of January 4, 2005, the gentleman from Oregon (Mr. BLUMENAUER) is recognized during morning hour debates for 5 minutes.

Mr. BLUMENAUER. Mr. Speaker, we commemorate Earth Day at a time when American soldiers are in Iraq, in part as a consequence of our energy dependence. No matter what the press releases say, the way this Congress is commemorating Earth Day is by recycling the energy bill.

It is replete with massive subsidies that will continue to tie us to the past. Rather than the development of true energy independence gained by working with renewables and a massive effort at energy conservation, this energy bill is a monument to Congress's inability to think comprehensively about the future. Our energy dependence and wasteful policies mean that we are desperately dependent on a volatile Middle East, especially Iraq and Saudi Arabia, as we spend a major portion of our defense budget protecting the stability in that oil-rich region.

The Pentagon is also the largest single consumer of fuel in the United States, almost 2 percent of the country's total transportation fuel. And much of this fuel use is due to highly inefficient vehicles, from an Abrams tank, weighing 68 tons, that gets only about half a mile to a gallon, to an aircraft carrier that gets 17 feet to a gallon.

The United States military now uses 1.7 million gallons of fuel a day in Iraq. The cost of this fuel can be up to $400 a gallon depending on how it is delivered. Our military itself is clearly held hostage by the philosophy that energy efficiency does not matter. As the lines of supply are dangerously stretched with more points of vulnerability, while the flexibility and nimbleness of our troops are compromised by having to have huge amounts of gasoline close at hand. Lighter, more energy efficient vehicles are harder targets for the enemy to strike, and they can move greater distances between refueling and do not need this long chain of supply with more points of vulnerability for the vehicles and for our soldiers.

□ 1300

The situation the military faces in Iraq and other potential trouble spots demands action on an ambitious energy policy with a significant commitment to fuel conservation and renewable technologies, if only for the sake of the security of our Nation and the safety of our troops.

The skyrocketing gas prices this spring further demonstrates that we are hostage to an inadequate energy infrastructure with constrained refining capacity. The energy bill contains almost no incentives for change, as all those currently in control profit by this restricted supply, vulnerability, and volatility. As gasoline prices have increased 50 cents a gallon in a matter of weeks, every tank of gasoline is a reminder that the Republican leadership in Congress for 10 years has refused to significantly increase fuel efficiency standards, which would have meant significant money in the pocket of every American family.

The inability or unwillingness to establish a predictable window for wind energy development, by making the production tax credit permanent means that tens of thousands of jobs and hundreds of millions of dollars in new investment are delayed, with the advances in technology and additional elements of supply are denied to the public. This is ironic, when our military is touting the contribution that wind energy is making to the security and efficiency of operations at Guantanamo.

The energy bill continues to spend too much for the wrong people to do the wrong things and shortchanging the technologies and strategies that ultimately will make a difference for the future. There is no question that America in this century will rely much more heavily on renewables and conservation. The sad note is that we are slipping behind the Chinese, who are increasing their cars' fuel efficiency standards, and further behind the European and Japanese, who are already racing ahead of us in energy efficiency.

Even in a defense-dominated, security-obsessed environment that this Congress operates in, we cannot make energy investments that will at least enhance our military to make the military and America's families more secure. We can and should do better.

FEDERAL LEGISLATION TO PROHIBIT PREDATORY LENDING

The SPEAKER pro tempore (Mr. FORTENBERRY). Pursuant to the order of the House of January 4, 2005, the gentleman from North Carolina (Mr. MILLER) is recognized during morning hour debates for 5 minutes.

Mr. MILLER of North Carolina. Mr. Speaker, the financial condition of American working and middle-class families is a mess. Wages are stagnant, health care costs are exploding, the individual savings rate for 2004 was 1 percent, and credit card debt is more than $800 billion.

The bright spot is that 69 percent of American families own their own home. The equity that American families build in their homes by years of faithfully paying a mortgage is the bulk of the net worth, the life savings, of most homeowners.

Homeownership is more than an investment. The deed to a home is a membership card to the middle class. Families living on the fringes of poverty can begin to get their footing when they own their own home and become part of a neighborhood where parents know their children's playmates. Financially vulnerable families are even more likely to have to borrow against the equity in their homes to provide for life's rainy days, however.

Every American homeowner faces a mountain of documents when they borrow money to buy a home or when they use their home to secure a loan. Many vulnerable homeowners borrow knowing only how much their monthly payment will be, only to learn later that they signed away a big part of their home equity, of their life savings.

There are lending practices that should offend anyone with a conscience. Let me give my colleagues one of the stories from North Carolina that prompted the North Carolina legislature, not generally seen as a hotbed of liberalism, to enact legislation to prohibit predatory lending 6 years ago.

A lender approached an elderly school employee in Durham about refinancing her home to consolidate her debts. The lender charged her $17,542 in up-front costs on a $99,000 loan, including a $5,002 origination fee, a $2,142 loan discount fee, and a $9,089 single-payment, nonrefundable credit premium insurance. She would never have

written a $17,542 check at closing, but when she signed the closing documents, the charges came straight out of the equity she had built in her home, straight out of her life's savings.

The North Carolina law enacted in 1999 has put an end to practices like that, and without hindering honest lenders from making loans to vulnerable families that need to borrow against their home. Sub-prime credit remains readily available in North Carolina.

The gentleman from North Carolina (Mr. WATT), the gentleman from Massachusetts (Mr. FRANK), and I have introduced Federal legislation based on North Carolina's proven law.

Critics of our legislation argue that we would restrict consumer choice. Most consumers would like the choice of knowing they are not being taken advantage of; that when they borrow money against their home for a rainy day, they are not entering into a spiral that results in losing their life's savings, their home, and their membership in the middle class. That choice is not now available to many American homeowners.

We look forward to working with others in Congress and in the financial services industry. We welcome proposals from others to prohibit abuses. But we also want to make sure that Congress does not pass legislation that permits new abuses. We must make sure that the protections of any new law are not easily avoided, and we cannot handcuff the States' ability to protect consumers. Sub-prime lending is now a $530 billion industry, and growing. Vulnerable consumers cannot afford to have to come back to Congress again and again for real protections against abusive sub-prime lending practices.

David's victory over Goliath was considered an upset, and Goliath would have been heavily favored in a best-of-seven series. If Congress passes predatory lending legislation, we need to get it right the first time. Consumers cannot count on having a second chance.

RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess until 2 p.m.

Accordingly (at 1 o'clock and 7 minutes p.m.), the House stood in recess until 2 p.m.

□ 1400

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. ISSA) at 2 p.m.

PRAYER

The Reverend Timothy B. Johnson, pastor, the Church of the Redeemer, Bowie, Maryland, offered the following prayer:

O God, thank You for loving us. In gratitude and humility we come to You now needing only what You can give.

Forgive our pride. Forgive our sins and the things that we allow to cause division. Forgive and change us.

Bless these leaders and this great Nation and those they represent; people have given them the honor and responsibilities of leadership. May they lead with integrity and wisdom. Bless them and their families, knowing that they are often far from home and celebrations.

Thank You for this Nation and the freedoms we cherish. As we strive to bring freedom to others, protect our troops and civilians who are in danger. By Your guidance may the freedom we seek be true freedom, and may it be freedom that leads to peace.

We pray all of this in the name of Your Son, our Lord, Jesus Christ. Amen.

THE JOURNAL

The SPEAKER pro tempore. The Chair has examined the Journal of the last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

PLEDGE OF ALLEGIANCE

The SPEAKER pro tempore. Will the gentlewoman from Texas (Ms. EDDIE BERNICE JOHNSON) come forward and lead the House in the Pledge of Allegiance.

Ms. EDDIE BERNICE JOHNSON of Texas led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

MESSAGE FROM THE SENATE

A message from the Senate by Mr. Monahan, one of its clerks, announced that the Senate has passed a bill of the following title in which the concurrence of the House is requested:

S. 289. An act to authorize an annual appropriation of $10,000,000 for mental health courts through fiscal year 2011.

CARDINAL JOSEPH RATZINGER TO BE POPE BENEDICT XVI

(Mr. FOLEY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FOLEY. Mr. Speaker, today people across the world have watched the ceremony and historical proceedings in Vatican City with anticipation and joy. Today the Catholic Church receives its 265th Pope. Cardinal Joseph Ratzinger rises to his new name, Pope Benedict XVI, and takes with him the blessings of Catholics across the world.

In a time of global unrest and terrorism, people of all faiths need to join together in prayerful contemplation of what we hope the world can become. Pope John Paul II brought the church to billions of people and Pope Benedict XVI inherits the throne of Saint Peter the Fisherman at a precarious time in world history. Our prayers are with him and for our collective salvation.

ENERGY BILL NEEDS TO PROTECT THE ENVIRONMENT

(Ms. EDDIE BERNICE JOHNSON of Texas asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Speaker, the energy bill we are about to debate this week is presented as a major step forward in American energy policy. But it is not. It is quite the opposite.

This bill does nothing to improve the environment of this country or cut down on ozone pollution exposure. This bill does not force big polluters to clean up. Rather, it provides billions of dollars in tax breaks to politically favored energy industries that do not deserve them at a time when the country can ill afford it.

Mr. Speaker, the State of Texas ranks number one among other States in per capita consumption of electricity and second in ozone pollution exposure. Last year Children's Hospital of Dallas had 4,000 emergency department visits for treatment of asthma attacks. The average age of these kids was 5 years old.

More and more, there are hospitalizations. More and more, there are deaths from the pollution that we suffer in Texas; and I will offer an amendment to try and correct it. But, Mr. Speaker, I know that probably I am in the minority, but we must clean up the environment.

REGULATION NEEDED FOR 527 ORGANIZATIONS

(Mrs. MILLER of Michigan asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. MILLER of Michigan. Mr. Speaker, tomorrow the Committee on House Administration will be holding a hearing on regulation of the so-called 527 political organizations.

We all remember the promises that campaign finance reform was supposed to remove unregulated money from the political process. Well, not only did it fail to deliver on its promise, an argument can be made that it actually is worse.

527 groups have grown in importance and influence with little or no disclosure of who funds them. According to

published reports, staffers of the distinguished House minority leader acknowledge they hold weekly meetings with the leaders of MoveOn.org.

A recent fundraising e-mail sent on by MoveOn.org stated, ''Now it's our party. We bought it. We own it, and we're taking it back.''

Strange that a group that claims to be nonpartisan for tax purposes claims to have bought a political party. The limited disclosure required by these groups makes it nearly impossible to determine who is claiming to have bought the Democratic Party. 527 groups spent over half a billion dollars in 2004 with no regulation from the FEC.

If we truly want to enhance disclosure and remove unregulated money from the political process, we must do something about 527s.

STRIKE REFINERY REVITALIZATION PROVISIONS

(Ms. SOLIS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. SOLIS. Mr. Speaker, today I rise in opposition to the unnecessary refinery revitalization provisions in the energy bill.

The energy bill would allow unrestricted sitings of refineries in low-income and underrepresented minority communities and strips States and local municipalities of their right to protect public health.

Most refinery communities are found in low-income minority areas, and they do not have the political power to protect themselves and their families. These communities have the least ability to defend themselves from corporate pollution and are the most vulnerable to environmental and public health problems. Yet they are the very targets in this language.

I believe the bill will only worsen the present and future environmental justice problems afflicting Latinos, African Americans, and Native Americans.

Before we harm the health of the most underserved populations, strip States and communities of their right to protect themselves, we should have a real dialogue about the far reaching impacts of this language in our communities.

Today I am asking the Committee on Rules to allow me to offer an amendment to strike this language during floor debate on the energy bill. I urge my colleagues to protect the public health and States' rights and support my amendment to strike the refinery revitalization provisions.

CELEBRATING A LANDMARK ACCOMPLISHMENT FOR BULGARIA

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, last week the European Parliament made a historic decision for approval of Bulgaria to join the European Union in 2007.

As co-chair of the Congressional Bulgaria Caucus, I am please to congratulate Ambassador Elena Poptodorova, who represents Sofia in Washington so professionally.

Since the negotiations began in 2000, Bulgarians have proven they are eager to serve as active members of the European Union. They quickly took the right reforms to earn an important role in the international community. By sending over 400 troops to Iraq to rebuild the country and providing troops in Afghanistan that I have visited at Bagram, Bulgaria is also helping to win the war on terrorism.

In addition to NATO membership, Bulgaria's membership in the European Union will prove to be a landmark event in the country's history. I know Bulgaria will continue the Bulgaria miracle of economic success and military security.

In conclusion, God bless our troops and we will never forget September 11.

WE NEED THE ENERGY BILL

(Mr. PITTS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTS. Mr. Speaker, energy powers the tools and the machines we need to live and our economy needs to grow; but when energy supplies are tight, families face higher prices and our economy faces a deteriorating energy infrastructure.

In recent years, this has caused home heating bills to skyrocket and force many U.S. manufacturers to slow production, lay off workers, and even go out of business.

This week, the House will debate and vote on a national energy policy. Again, if this sounds familiar, that is because we have gone through this process several times already only to have a few Senators stall this long overdue legislation.

The National Energy Policy Act of 2005 is very comprehensive. We should not let the opponents of change stop us from enacting a sensible, progressive energy policy for America. We need it and America's families need it.

HONORING CONRAD ALBERTY

(Ms. FOXX asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. FOXX. Mr. Speaker, I rise today to recognize one of America's heroes, Mr. Conrad Alberty of Rockingham County, North Carolina.

Conrad fought for our country in the Philippines during the darkest days of World War II and later bore the terrible scars of enemy captivity. He exemplified the extraordinary sacrifice made by our military for our freedom. Conrad was a prisoner of war and is one of the few living survivors of the Bataan Death March. He was just 16 years old when he endured the most inhumane treatment that man can do to man on the death march and later in an enemy prison camp.

Coincidentally, this month marks the 63rd anniversary of the surrender of U.S. troops to the Japanese on the Bataan Peninsula.

During his military service, Mr. Alberty demonstrated courage, love of country, and devotion to duty. He did not give up under the most desperate circumstances.

Today by recognizing Mr. Conrad Alberty, we also honor the role of our Armed Forces in protecting our country and our liberty. Thank you, Mr. Alberty and may on God bless you.

HENRY HYDE, NO FINER PUBLIC SERVANT

(Mr. DREIER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DREIER. Mr. Speaker, yesterday the very distinguished chairman of the Committee on International Relations, the gentleman from Illinois (Mr. HYDE), announced his planned retirement for the end of this Congress. I would like to say this is my 25th year that I have been honored to serve here in the Congress, and I have served with no finer public servant than the gentleman from Illinois (Mr. HYDE).

The gentleman from Illinois (Mr. HYDE) has clearly been a principled leader who has provided bold and dynamic examples for us in a wide range of areas. We all know that he was a great champion in the effort to ensure that we do not see taxpayer dollars expended on abortion-on-demand. We know the key role that he played in dealing with the challenge that we faced with impeachment. We know that in recent years he has been suffering physically.

I have got to say that the Chaplain is here in the Chamber, and I will never forget at the unveiling of the portrait of the gentleman from Illinois (Mr. HYDE) when he said that he was instructed when he became the Chaplain that he refer to everyone by their given name, except for one individual. The gentleman from Illinois to him is Mr. HYDE. And while I am privileged to call him HENRY, I will tell you that I will greatly miss him when he is not a Member of the next Congress.

REMEMBERING JOHNNIE L. COCHRAN, JR.

(Ms. WATSON asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. WATSON. Mr. Speaker, the public may now know Johnnie L. Cochran, Jr., as a high-profile, superbly dressed, superstar attorney with a signature smile that swayed everyone he met, including many of the multi-million dollar clients that he represented.

However, as a personal friend of Johnnie's, I saw another side. Yes, he did everything with class, style, dignity and extreme care; but in addition he was a warm, loving, caring, attentive friend and community leader.

Johnnie Cochran was a brilliant attorney whose untimely death is a loss to the world. His legal genius was compared to Justice Thurgood Marshall, his hero and his idol; Clarence Darrow; F. Lee Bailey; Professor Charles Ogletree and other legendary legal scholars.

Johnnie Cochran was an incredible human being who really cared about the plight of the poor and disadvantaged regardless of race, color, creed, or religion. Johnnie was often fond of saying, ''The clients I cared about the most are the No Js, the ones who nobody knows.''

Attorney Cochran truly believed in justice for all. Even after death, Johnnie's legal legacy was larger than life. His funeral last week in Los Angeles, entitled ''Johnnie's Journey To Justice,'' was a celebration of his incredible life.

The A-list of celebrity clients were among more than 5,000 admirers saying good-bye to their hero who fought for civil rights, police reform, and basic human rights for everyone.

The Reverend William Epps, Johnnie's home pastor of the historic Second Baptist Church of Los Angeles, the first church that Martin Luther King spoke in when he came to Los Angeles, and Reverend Calvin Butts of Abyssinia Baptist Church, Harlem, New York, presided over this joyful funeral service, which was held in the great West Angeles Cathedral in my district.

I would say that Johnnie led a very important life for a lot of people, and we will remember him always for bringing justice to not only the poor but middle class and wealthy. May God bless his soul.

□ 1415

ILLEGAL IMMIGRATION

(Mr. PRICE of Georgia asked and was given permission to address the House for 1 minute.)

Mr. PRICE of Georgia. Mr. Speaker, at the base of the Statue of Liberty is a poem that reads: ''Give me your tired, your poor, your huddled masses yearning to breathe free.'' Understood in this fundamental principle is that our Nation would welcome anyone in an orderly and a legal process.

Yet, on a daily basis thousands of illegal aliens cross our border, encouraged by the Mexican Government, which provides a copy of the Mexican Migrant Guide, full of tips on how to blend into our society and receive benefits once they get here.

The illegal alien population is, admittedly, 11 million in the United States, with the actual number probably closer to 20 million. The problems are no longer confined to border States with nearly 250,000 illegal aliens now calling Georgia home, placing my home State in the top 10 with illegal populations.

Nearly every public service, from our schools to our hospitals, are suffering financially caring for illegal aliens.

Mr. Speaker, Americans recognize the economic and national security concerns posed by this increasing problem. It is time we take action and secure our Nation's borders, responsibly solve this national emergency and hold neighbor nations accountable for their actions.

DRILLING IN ANWR

(Mr. BURGESS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BURGESS. Mr. Speaker, we are going to vote this week on an energy bill in the House. Energy independence should be a goal for this Congress. Worldwide demand for petroleum has increased during the last decade. The growth in production has been relatively flat.

The inevitable result is higher prices at the gasoline pump. The reality is that it takes time to go from the oil patch to the gas station, and we have lost considerable time in that regard.

In 1995, in the 104th Congress, H.R. 2491 would have allowed oil exploration in the Alaska National Wildlife Refuge. The Department of Energy has estimated that between 1- and 1.3 million barrels of oil a day could be derived from this source.

Unfortunately, this legislation was vetoed by then-President Clinton. That was 10 years ago, and given a timeline of 7 to 14 years for building the pipeline structure, it is time that we could scarcely afford.

Mr. Speaker, I have been to ANWR. The vast coastal plain is unsuitable for habitation during the summer months because of its marshy consistency. Any caribou unlikely enough to calve in this region would likely die from exsanguination at the hands of the mosquitoes there.

The people in ANWR, the people of Kaktovik, Alaska, are counting on this Congress to do the right thing and allow them, the rightful owners, to begin developing the resources as was granted them upon statehood in 1959.

As we say in Texas, ''time's a'wasting.''

SPENCER, IOWA: THE NUMBER ONE PLACE TO LIVE IN AMERICA

(Mr. KING of Iowa asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KING of Iowa. Mr. Speaker, this is a mission of joy for me. On the floor of this Congress, I am pleased to recognize the city of Spencer, Iowa, as the number one place to live in America.

This is not surprising to the folks in western Iowa. America is now aware of what we have known for a long time. Spencer is not just a great town to raise a family; it is an excellent place to live. Tucked away in fields as far as the eye can see, Spencer is a town full of services, recreation, culture, entertainment and wonderful people.

I just celebrated with the people of Spencer the opening of my office on Grand Avenue.

Large enough to offer many of the services of a larger city and still small enough that people know and trust their neighbors, it is the kind of trusting place where people leave their doors open and the keys in their cars when parked outside the coffee shop.

In this town, if you were to walk into the Sisters Cafe or Carroll's Bakery on any given morning, you would see the citizens of Spencer making time for each other. It is the kind of place where you know your neighbors and strangers are just friends you have not met yet.

Congratulations, Spencer, Iowa. You are number one.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. ISSA). Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which a recorded vote or the yeas and nays are ordered, or on which the vote is objected to under clause 6 of rule XX.

Record votes on postponed questions will be taken after 6:30 p.m. today.

SENSE OF CONGRESS REGARDING ISSUANCE OF 500,000TH DESIGN PATENT BY UNITED STATES PATENT AND TRADEMARK OFFICE

Mr. SENSENBRENNER. Mr. Speaker, I move to suspend the rules and agree to the concurrent resolution (H. Con. Res. 53) expressing the sense of the Congress regarding the issuance of the 500,000th design patent by the

United States Patent and Trademark Office.

The Clerk read as follows:

H. CON. RES. 53

Whereas the United States is the world leader in innovation and ingenuity;

Whereas the United States Patent and Trademark Office has protected and encouraged that innovation through the issuance of patents; and

Whereas on December 21, 2004, the United States Patent and Trademark Office awarded the 500,000th design patent to DaimlerChrysler Corporation for the design of the Chrysler Crossfire: Now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That it is the sense of the Congress that—

(1) the United States Patent and Trademark Office has contributed significantly to the Nation's economy; and

(2) DaimlerChrysler Corporation and its employees should be commended for their achievement in receiving the 500,000th design patent.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Wisconsin (Mr. SENSENBRENNER) and the gentleman from Michigan (Mr. CONYERS) each will control 20 minutes.

The Chair recognizes the gentleman from Wisconsin (Mr. SENSENBRENNER).

GENERAL LEAVE

Mr. SENSENBRENNER. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on H. Con. Res. 53, currently under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Wisconsin?

There was no objection.

Mr. SENSENBRENNER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, this concurrent resolution commends the U.S. Patent and Trademark Office for its contribution to the Nation's economy and the DaimlerChrysler Corporation and its employees for their achievement in receiving the 500,000th design patent issued by the Patent and Trademark Office.

Mr. Speaker, we all recognize the important role that innovation and invention have played in our Nation's history and economy. We also know that by ensuring protection for our ideas, we provide significant incentive for inventors to continue to come up with new concepts that improve our lives, whether it is a machine that raises productivity or a pharmaceutical drug that cures a life-threatening disease. The efforts of the PTO in aiding such accomplishments are certainly noteworthy.

I commend the gentleman from Michigan (Mr. CONYERS), the Motor City, for introducing this resolution and congratulate DaimlerChrysler as the recipient of this landmark number patent. I urge the House to support this bill.

Mr. Speaker, I reserve the balance of my time.

Mr. CONYERS. Mr. Speaker, I yield myself as much time as I may consume.

I begin by thanking the gentleman from Wisconsin (Mr. SENSENBRENNER), the distinguished chairman of the Committee on the Judiciary, and as well the committee leaders, the gentleman from Texas (Mr. SMITH) and the gentleman from California (Mr. BERMAN), for moving this measure swiftly through the Committee on the Judiciary.

On December 21 of last year, the United States Patent and Trademark Office issued its 500,000th design patent to the DaimlerChrysler Corporation for the design of the popular Chrysler Crossfire. House Concurrent Resolution 53, before us now, expresses the sense of Congress that the Patent and Trademark Office has contributed significantly to the Nation's economy and to the reputation in the United States that we enjoy worldwide for our technological innovation and ingenuity.

This is a very distinguished commendation, and I am very proud of the Patent and Trademark Office, which has helped us in protecting and preserving intellectual property.

As a senior member of the Committee on the Judiciary, I am well aware of the importance of intellectual property protection and what it means to our economy. Intellectual property rewards and encourages innovation and advancement. Without it, we would not have the high-tech, biotech and everyday numerous inventions that we have come to rely upon in everyday life, and that we have permitted to be exported to all the concerns of the planet.

I am also proud of this patent because I happen to represent the automobile capital of the world still. It is no secret that Michigan boasts the finest automobile workers in the world, and it should be no surprise that it is the design of an American car that has received this award.

So for these reasons and others, I am so proud of my colleagues who have joined me in this presentation, the gentleman from Michigan (Mr. STUPAK); the gentleman from Michigan (Mr. DINGELL), the dean of the Congress; the gentleman from Michigan (Mr. ROGERS); the gentleman from Michigan (Mr. KILDEE); the gentleman from Michigan (Mr. MCCOTTER); and the gentleman from Michigan (Mr. SCHWARZ), all. It is a proud moment for us, and we are glad to be honored.

On a more personal note, my father was a worker and union organizer for the United Automobile Workers for Chrysler, Local 7. It was the first company, Chrysler, to be brought into collective bargaining, and so I urge that the Members favorably consider House Concurrent Resolution 53.

Mr. WU. Mr. Speaker, I rise to strongly support H. Con. Res. 53, a resolution expressing the sense of Congress regarding the issuance of the 500,000th design patent by the United States Patent and Trademark Office.

For over 200 years, the basic role of the United States Patent and Trademark Office, USPTO, has been to promote the progress of science and the useful arts by securing for limited times to inventors the exclusive right to their respective discoveries. Under this system of protection, American industry has flourished. New products have been invented, new uses for old ones discovered, and employment opportunities created for millions of Americans. The strength and vitality of the U.S. economy depends directly on effective mechanisms that protect new ideas and investments in innovation and creativity. The continued demand for patents and trademarks underscores the ingenuity of American inventors and entrepreneurs. The USPTO is indeed at the cutting edge of America's technological progress and achievement.

As many of you may know, on December 21, 2004, the USPTO reached an important milestone and awarded the 500,000th design patent to DaimlerChrysler Corporation for the design of the Chrysler Crossfire. I would like to congratulate the USPTO and its employees for being at the core of our nation's creative forces. It is with their commitment to excellence our Nation moved from a young Nation to the world economic power that it is today.

As the Ranking Member on the House Science Subcommittee on Environment, Science and Standards and a former technology lawyer, I profoundly value the work of the USPTO, and urge my colleagues for their support for this important institution. As the 109th Congress moves to take up our FY06 appropriations bills, I look forward to working on ensuring a strong funding level for the USPTO.

Mr. CONYERS. Mr. Speaker, I reserve the balance of my time.

Mr. SENSENBRENNER. Mr. Speaker, I have no further speakers. If the gentleman will yield back, we can vote and pass this resolution.

Mr. CONYERS. Mr. Speaker, I yield back my time.

Mr. SENSENBRENNER. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Wisconsin (Mr. SENSENBRENNER) that the House suspend the rules and agree to the concurrent resolution, H. Con. Res. 53.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the concurrent resolution was agreed to.

A motion to reconsider was laid on the table.

FAMILY ENTERTAINMENT AND COPYRIGHT ACT OF 2005

Mr. SENSENBRENNER. Mr. Speaker, I move to suspend the rules and pass the Senate bill (S. 167) to provide for the protection of intellectual property rights, and for other purposes.

The Clerk read as follows:

S. 167

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Family Entertainment and Copyright Act of 2005''.

TITLE I—ARTISTS' RIGHTS AND THEFT PREVENTION

SEC. 101. SHORT TITLE.

This title may be cited as the ''Artists' Rights and Theft Prevention Act of 2005'' or the ''ART Act''.

SEC. 102. CRIMINAL PENALTIES FOR UNAUTHORIZED RECORDING OF MOTION PICTURES IN A MOTION PICTURE EXHIBITION FACILITY.

(a) IN GENERAL.—Chapter 113 of title 18, United States Code, is amended by adding after section 2319A the following new section:

''§ 2319B. Unauthorized recording of Motion pictures in a Motion picture exhibition facility

''(a) OFFENSE.—Any person who, without the authorization of the copyright owner, knowingly uses or attempts to use an audiovisual recording device to transmit or make a copy of a motion picture or other audiovisual work protected under title 17, or any part thereof, from a performance of such work in a motion picture exhibition facility, shall—

''(1) be imprisoned for not more than 3 years, fined under this title, or both; or

''(2) if the offense is a second or subsequent offense, be imprisoned for no more than 6 years, fined under this title, or both.

The possession by a person of an audiovisual recording device in a motion picture exhibition facility may be considered as evidence in any proceeding to determine whether that person committed an offense under this subsection, but shall not, by itself, be sufficient to support a conviction of that person for such offense.

''(b) FORFEITURE AND DESTRUCTION.—When a person is convicted of a violation of subsection (a), the court in its judgment of conviction shall, in addition to any penalty provided, order the forfeiture and destruction or other disposition of all unauthorized copies of motion pictures or other audiovisual works protected under title 17, or parts thereof, and any audiovisual recording devices or other equipment used in connection with the offense.

''(c) AUTHORIZED ACTIVITIES.—This section does not prevent any lawfully authorized investigative, protective, or intelligence activity by an officer, agent, or employee of the United States, a State, or a political subdivision of a State, or by a person acting under a contract with the United States, a State, or a political subdivision of a State.

''(d) IMMUNITY FOR THEATERS.—With reasonable cause, the owner or lessee of a motion picture exhibition facility where a motion picture or other audiovisual work is being exhibited, the authorized agent or employee of such owner or lessee, the licensor of the motion picture or other audiovisual work being exhibited, or the agent or employee of such licensor—

''(1) may detain, in a reasonable manner and for a reasonable time, any person suspected of a violation of this section with respect to that motion picture or audiovisual work for the purpose of questioning or summoning a law enforcement officer; and

''(2) shall not be held liable in any civil or criminal action arising out of a detention under paragraph (1).

''(e) VICTIM IMPACT STATEMENT.—

''(1) IN GENERAL.—During the preparation of the presentence report under rule 32(c) of the Federal Rules of Criminal Procedure, victims of an offense under this section shall be permitted to submit to the probation officer a victim impact statement that identifies the victim of the offense and the extent and scope of the injury and loss suffered by the victim, including the estimated economic impact of the offense on that victim.

''(2) CONTENTS.—A victim impact statement submitted under this subsection shall include—

''(A) producers and sellers of legitimate works affected by conduct involved in the offense;

''(B) holders of intellectual property rights in the works described in subparagraph (A); and

''(C) the legal representatives of such producers, sellers, and holders.

''(f) STATE LAW NOT PREEMPTED.—Nothing in this section may be construed to annul or limit any rights or remedies under the laws of any State.

''(g) DEFINITIONS.—In this section, the following definitions shall apply:

''(1) TITLE 17 DEFINITIONS.—The terms 'audiovisual work', 'copy', 'copyright owner', 'motion picture', 'motion picture exhibition facility', and 'transmit' have, respectively, the meanings given those terms in section 101 of title 17.

''(2) AUDIOVISUAL RECORDING DEVICE.—The term 'audiovisual recording device' means a digital or analog photographic or video camera, or any other technology or device capable of enabling the recording or transmission of a copyrighted motion picture or other audiovisual work, or any part thereof, regardless of whether audiovisual recording is the sole or primary purpose of the device.''.

(b) CLERICAL AMENDMENT.—The table of sections at the beginning of chapter 113 of title 18, United States Code, is amended by inserting after the item relating to section 2319A the following:

''2319B. Unauthorized recording of motion pictures in a motion picture exhibition facility.''.

(c) DEFINITION.—Section 101 of title 17, United States Code, is amended by inserting after the definition of ''Motion pictures'' the following: ''The term 'motion picture exhibition facility' means a movie theater, screening room, or other venue that is being used primarily for the exhibition of a copyrighted motion picture, if such exhibition is open to the public or is made to an assembled group of viewers outside of a normal circle of a family and its social acquaintances.''.

SEC. 103. CRIMINAL INFRINGEMENT OF A WORK BEING PREPARED FOR COMMERCIAL DISTRIBUTION.

(a) PROHIBITED ACTS.—Section 506(a) of title 17, United States Code, is amended to read as follows:

''(a) CRIMINAL INFRINGEMENT.—

''(1) IN GENERAL.—Any person who willfully infringes a copyright shall be punished as provided under section 2319 of title 18, if the infringement was committed—

''(A) for purposes of commercial advantage or private financial gain;

''(B) by the reproduction or distribution, including by electronic means, during any 180-day period, of 1 or more copies or phonorecords of 1 or more copyrighted works, which have a total retail value of more than $1,000; or

''(C) by the distribution of a work being prepared for commercial distribution, by making it available on a computer network accessible to members of the public, if such person knew or should have known that the work was intended for commercial distribution.

''(2) EVIDENCE.—For purposes of this subsection, evidence of reproduction or distribution of a copyrighted work, by itself, shall not be sufficient to establish willful infringement of a copyright.

''(3) DEFINITION.—In this subsection, the term 'work being prepared for commercial distribution' means—

''(A) a computer program, a musical work, a motion picture or other audiovisual work, or a sound recording, if, at the time of unauthorized distribution—

''(i) the copyright owner has a reasonable expectation of commercial distribution; and

''(ii) the copies or phonorecords of the work have not been commercially distributed; or

''(B) a motion picture, if, at the time of unauthorized distribution, the motion picture—

''(i) has been made available for viewing in a motion picture exhibition facility; and

''(ii) has not been made available in copies for sale to the general public in the United States in a format intended to permit viewing outside a motion picture exhibition facility.''.

(b) CRIMINAL PENALTIES.—Section 2319 of title 18, United States Code, is amended—

(1) in subsection (a)—

(A) by striking ''Whoever'' and inserting ''Any person who''; and

(B) by striking ''and (c) of this section'' and inserting '', (c), and (d)'';

(2) in subsection (b), by striking ''section 506(a)(1)'' and inserting ''section 506(a)(1)(A)'';

(3) in subsection (c), by striking ''section 506(a)(2) of title 17, United States Code'' and inserting ''section 506(a)(1)(B) of title 17'';

(4) by redesignating subsections (d) and (e) as subsections (e) and (f), respectively;

(5) by adding after subsection (c) the following:

''(d) Any person who commits an offense under section 506(a)(1)(C) of title 17—

''(1) shall be imprisoned not more than 3 years, fined under this title, or both;

''(2) shall be imprisoned not more than 5 years, fined under this title, or both, if the offense was committed for purposes of commercial advantage or private financial gain;

''(3) shall be imprisoned not more than 6 years, fined under this title, or both, if the offense is a second or subsequent offense; and

''(4) shall be imprisoned not more than 10 years, fined under this title, or both, if the offense is a second or subsequent offense under paragraph (2).''; and

(6) in subsection (f), as redesignated—

(A) in paragraph (1), by striking ''and'' at the end;

(B) in paragraph (2), by striking the period at the end and inserting a semicolon; and

(C) by adding at the end the following:

''(3) the term 'financial gain' has the meaning given the term in section 101 of title 17; and

''(4) the term 'work being prepared for commercial distribution' has the meaning given the term in section 506(a) of title 17.''.

SEC. 104. CIVIL REMEDIES FOR INFRINGEMENT OF A WORK BEING PREPARED FOR COMMERCIAL DISTRIBUTION.

(a) PREREGISTRATION.—Section 408 of title 17, United States Code, is amended by adding at the end the following:

''(f) PREREGISTRATION OF WORKS BEING PREPARED FOR COMMERCIAL DISTRIBUTION.—

''(1) RULEMAKING.—Not later than 180 days after the date of enactment of this subsection, the Register of Copyrights shall issue regulations to establish procedures for preregistration of a work that is being prepared for commercial distribution and has not been published.

''(2) CLASS OF WORKS.—The regulations established under paragraph (1) shall permit preregistration for any work that is in a class of works that the Register determines has had a history of infringement prior to authorized commercial distribution.

''(3) APPLICATION FOR REGISTRATION.—Not later than 3 months after the first publication of a work preregistered under this subsection, the applicant shall submit to the Copyright Office—

''(A) an application for registration of the work;

''(B) a deposit; and

''(C) the applicable fee.

''(4) EFFECT OF UNTIMELY APPLICATION.—An action under this chapter for infringement of a work preregistered under this subsection, in a case in which the infringement commenced no later than 2 months after the first publication of the work, shall be dismissed if the items described in paragraph (3) are not submitted to the Copyright Office in proper form within the earlier of—

''(A) 3 months after the first publication of the work; or

''(B) 1 month after the copyright owner has learned of the infringement.''.

(b) INFRINGEMENT ACTIONS.—Section 411(a) of title 17, United States Code, is amended by inserting ''preregistration or'' after ''shall be instituted until''.

(c) EXCLUSION.—Section 412 of title 17, United States Code, is amended by inserting after ''section 106A(a)'' the following: '', an action for infringement of the copyright of a work that has been preregistered under section 408(f) before the commencement of the infringement and that has an effective date of registration not later than the earlier of 3 months after the first publication of the work or 1 month after the copyright owner has learned of the infringement,''.

SEC. 105. FEDERAL SENTENCING GUIDELINES.

(a) REVIEW AND AMENDMENT.—Not later than 180 days after the date of enactment of this Act, the United States Sentencing Commission, pursuant to its authority under section 994 of title 28, United States Code, and in accordance with this section, shall review and, if appropriate, amend the Federal sentencing guidelines and policy statements applicable to persons convicted of intellectual property rights crimes, including any offense under—

(1) section 506, 1201, or 1202 of title 17, United States Code; or

(2) section 2318, 2319, 2319A, 2319B, or 2320 of title 18, United States Code.

(b) AUTHORIZATION.—The United States Sentencing Commission may amend the Federal sentencing guidelines in accordance with the procedures set forth in section 21(a) of the Sentencing Act of 1987 (28 U.S.C. 994 note) as though the authority under that section had not expired.

(c) RESPONSIBILITIES OF UNITED STATES SENTENCING COMMISSION.—In carrying out this section, the United States Sentencing Commission shall—

(1) take all appropriate measures to ensure that the Federal sentencing guidelines and policy statements described in subsection (a) are sufficiently stringent to deter, and adequately reflect the nature of, intellectual property rights crimes;

(2) determine whether to provide a sentencing enhancement for those convicted of the offenses described in subsection (a), if the conduct involves the display, performance, publication, reproduction, or distribution of a copyrighted work before it has been authorized by the copyright owner, whether in the media format used by the infringing party or in any other media format;

(3) determine whether the scope of ''uploading'' set forth in application note 3 of section 2B5.3 of the Federal sentencing guidelines is adequate to address the loss attributable to people who, without authorization, broadly distribute copyrighted works over the Internet; and

(4) determine whether the sentencing guidelines and policy statements applicable to the offenses described in subsection (a) adequately reflect any harm to victims from copyright infringement if law enforcement authorities cannot determine how many times copyrighted material has been reproduced or distributed.

TITLE II—EXEMPTION FROM INFRINGEMENT FOR SKIPPING AUDIO AND VIDEO CONTENT IN MOTION PICTURES

SEC. 201. SHORT TITLE.

This title may be cited as the ''Family Movie Act of 2005''.

SEC. 202. EXEMPTION FROM INFRINGEMENT FOR SKIPPING AUDIO AND VIDEO CONTENT IN MOTION PICTURES.

(a) IN GENERAL.—Section 110 of title 17, United States Code, is amended—

(1) in paragraph (9), by striking ''and'' after the semicolon at the end;

(2) in paragraph (10), by striking the period at the end and inserting ''; and'';

(3) by inserting after paragraph (10) the following:

''(11) the making imperceptible, by or at the direction of a member of a private household, of limited portions of audio or video content of a motion picture, during a performance in or transmitted to that household for private home viewing, from an authorized copy of the motion picture, or the creation or provision of a computer program or other technology that enables such making imperceptible and that is designed and marketed to be used, at the direction of a member of a private household, for such making imperceptible, if no fixed copy of the altered version of the motion picture is created by such computer program or other technology.''; and

(4) by adding at the end the following:

''For purposes of paragraph (11), the term 'making imperceptible' does not include the addition of audio or video content that is performed or displayed over or in place of existing content in a motion picture.

''Nothing in paragraph (11) shall be construed to imply further rights under section 106 of this title, or to have any effect on defenses or limitations on rights granted under any other section of this title or under any other paragraph of this section.''.

(b) EXEMPTION FROM TRADEMARK INFRINGEMENT.—Section 32 of the Trademark Act of 1946 (15 U.S.C. 1114) is amended by adding at the end the following:

''(3)(A) Any person who engages in the conduct described in paragraph (11) of section 110 of title 17, United States Code, and who complies with the requirements set forth in that paragraph is not liable on account of such conduct for a violation of any right under this Act. This subparagraph does not preclude liability, nor shall it be construed to restrict the defenses or limitations on rights granted under this Act, of a person for conduct not described in paragraph (11) of section 110 of title 17, United States Code, even if that person also engages in conduct described in paragraph (11) of section 110 of such title.

''(B) A manufacturer, licensee, or licensor of technology that enables the making of limited portions of audio or video content of a motion picture imperceptible as described in subparagraph (A) is not liable on account of such manufacture or license for a violation of any right under this Act, if such manufacturer, licensee, or licensor ensures that the technology provides a clear and conspicuous notice at the beginning of each performance that the performance of the motion picture is altered from the performance intended by the director or copyright holder of the motion picture. The limitations on liability in subparagraph (A) and this subparagraph shall not apply to a manufacturer, licensee, or licensor of technology that fails to comply with this paragraph.

''(C) The requirement under subparagraph (B) to provide notice shall apply only with respect to technology manufactured after the end of the 180-day period beginning on the date of the enactment of the Family Movie Act of 2005.

''(D) Any failure by a manufacturer, licensee, or licensor of technology to qualify for the exemption under subparagraphs (A) and (B) shall not be construed to create an inference that any such party that engages in conduct described in paragraph (11) of section 110 of title 17, United States Code, is liable for trademark infringement by reason of such conduct.''.

(c) DEFINITION.—In this section, the term ''Trademark Act of 1946'' means the Act entitled ''An Act to provide for the registration and protection of trademarks used in commerce, to carry out the provisions of certain international conventions, and for other purposes'', approved July 5, 1946 (15 U.S.C. 1051 et seq.).

TITLE III—NATIONAL FILM PRESERVATION

Subtitle A—Reauthorization of the National Film Preservation Board

SEC. 301. SHORT TITLE.

This subtitle may be cited as the ''National Film Preservation Act of 2005''.

SEC. 302. REAUTHORIZATION AND AMENDMENT.

(a) DUTIES OF THE LIBRARIAN OF CONGRESS.—Section 103 of the National Film Preservation Act of 1996 (2 U.S.C. 179m) is amended—

(1) in subsection (b)—

(A) by striking ''film copy'' each place that term appears and inserting ''film or other approved copy'';

(B) by striking ''film copies'' each place that term appears and inserting ''film or other approved copies''; and

(C) in the third sentence, by striking ''copyrighted'' and inserting ''copyrighted, mass distributed, broadcast, or published''; and

(2) by adding at the end the following:

''(c) COORDINATION OF PROGRAM WITH OTHER COLLECTION, PRESERVATION, AND ACCESSIBILITY ACTIVITIES.—In carrying out the comprehensive national film preservation program for motion pictures established under the National Film Preservation Act of 1992, the Librarian, in consultation with the Board established pursuant to section 104, shall—

''(1) carry out activities to make films included in the National Film registry more broadly accessible for research and educational purposes, and to generate public awareness and support of the Registry and the comprehensive national film preservation program;

''(2) review the comprehensive national film preservation plan, and amend it to the extent necessary to ensure that it addresses technological advances in the preservation and storage of, and access to film collections in multiple formats; and

''(3) wherever possible, undertake expanded initiatives to ensure the preservation of the moving image heritage of the United States, including film, videotape, television, and born digital moving image formats, by supporting the work of the National Audio-Visual Conservation Center of the Library of Congress, and other appropriate nonprofit archival and preservation organizations.''.

(b) NATIONAL FILM PRESERVATION BOARD.—Section 104 of the National Film Preservation Act of 1996 (2 U.S.C. 179n) is amended—

(1) in subsection (a)(1) by striking ''20'' and inserting ''22'';

(2) in subsection (a) (2) by striking ''three'' and inserting ''5'';

(3) in subsection (d) by striking ''11'' and inserting ''12''; and

(4) by striking subsection (e) and inserting the following:

''(e) REIMBURSEMENT OF EXPENSES.—Members of the Board shall serve without pay, but may receive travel expenses, including per diem in lieu of subsistence, in accordance with sections 5702 and 5703 of title 5, United States Code.''.

(c) NATIONAL FILM REGISTRY.—Section 106 of the National Film Preservation Act of 1996 (2 U.S.C. 179p) is amended by adding at the end the following:

''(e) NATIONAL AUDIO-VISUAL CONSERVATION CENTER.—The Librarian shall utilize the National Audio-Visual Conservation Center of the Library of Congress at Culpeper, Virginia, to ensure that preserved films included in the National Film Registry are stored in a proper manner, and disseminated to researchers, scholars, and the public as may be appropriate in accordance with—

''(1) title 17, United States Code; and

''(2) the terms of any agreements between the Librarian and persons who hold copyrights to such audiovisual works.''.

(d) USE OF SEAL.—Section 107 (a) of the National Film Preservation Act of 1996 (2 U.S.C. 179q(a)) is amended—

(1) in paragraph (1), by inserting ''in any format'' after ''or any copy''; and

(2) in paragraph (2), by striking ''or film copy'' and inserting ''in any format''.

(e) EFFECTIVE DATE.—Section 113 of the National Film Preservation Act of 1996 (2 U.S.C. 179w) is amended by striking ''7'' and inserting ''13''.

Subtitle B—Reauthorization of the National Film Preservation Foundation

SEC. 311. SHORT TITLE.

This subtitle may be cited as the ''National Film Preservation Foundation Reauthorization Act of 2005''.

SEC. 312. REAUTHORIZATION AND AMENDMENT.

(a) BOARD OF DIRECTORS.—Section 151703 of title 36, United States Code, is amended—

(1) in subsection (b)(2)(A), by striking ''nine'' and inserting ''12''; and

(2) in subsection (b)(4), by striking the second sentence and inserting ''There shall be no limit to the number of terms to which any individual may be appointed.''.

(b) POWERS.—Section 151705 of title 36, United States Code, is amended in subsection (b) by striking ''District of Columbia'' and inserting ''the jurisdiction in which the principal office of the corporation is located''.

(c) PRINCIPAL OFFICE.—Section 151706 of title 36, United States Code, is amended by inserting '', or another place as determined by the board of directors'' after ''District of Columbia''.

(d) AUTHORIZATION OF APPROPRIATIONS.—Section 151711 of title 36, United States Code, is amended by striking subsections (a) and (b) and inserting the following:

''(a) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Library of Congress amounts necessary to carry out this chapter, not to exceed $530,000 for each of the fiscal years 2005 through 2009. These amounts are to be made available to the corporation to match any private contributions (whether in currency, services, or property) made to the corporation by private persons and State and local governments.

''(b) LIMITATION RELATED TO ADMINISTRATIVE EXPENSES.—Amounts authorized under this section may not be used by the corporation for management and general or fundraising expenses as reported to the Internal Revenue Service as part of an annual information return required under the Internal Revenue Code of 1986.''.

TITLE IV—PRESERVATION OF ORPHAN WORKS

SEC. 401. SHORT TITLE.

This title may be cited as the ''Preservation of Orphan Works Act''.

SEC. 402. REPRODUCTION OF COPYRIGHTED WORKS BY LIBRARIES AND ARCHIVES.

Section 108(i) of title 17, United States Code, is amended by striking ''(b) and (c)'' and inserting ''(b), (c), and (h)''.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Wisconsin (Mr. SENSENBRENNER) and the gentleman from California (Mr. BERMAN) each will control 20 minutes.

The Chair recognizes the gentleman from Wisconsin (Mr. SENSENBRENNER).

GENERAL LEAVE

Mr. SENSENBRENNER. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on S. 167, currently under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Wisconsin?

There was no objection.

Mr. SENSENBRENNER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, S. 167 includes several intellectual property-related measures that were considered during the previous Congress, but were unable to be acted on by both Houses prior to adjournment.

Notably, this legislation addresses the growing desire of parents to be able to control what their children see in the privacy of their own homes. One component of this legislation, the Family Movie Act, clarifies that existing copyright and trademark law cannot be used to prevent a parent from utilizing available technology to skip over portions of a movie they may find objectionable.

The legislation also addresses the rampant piracy problem facing our Nation's creative community. New technologies have made theft and duplication of copyrighted works easier than ever before. The number of pirated films continues to increase, causing severe harm to the bottom line of our Nation's copyright holders. Additionally, the theft, duplication and mass distribution of copyrighted works represents a drain on our economy, shrinking the global demand for legitimately acquired works.

By setting forth Federal criminal penalties, this legislation addresses the serious problem of individuals using camcorders to record recently released movies that are then copied and sold on the black market. Additionally, this legislation establishes criminal penalties for the distribution of a copyrighted computer program, musical work or motion picture by making it available on a computer network accessible to members of the public if the person knew, or should have known, that the work was a copyrighted work intended for commercial distribution.

Finally, this legislation reauthorizes the Film Preservation Board at the Library of Congress and corrects a technical error in the Sonny Bono Copyright Term Extension Act that had the unintended effect of limiting the ability of libraries and archives to access older copyrighted works.

Mr. Speaker, I urge the Members to support this legislation.

Mr. Speaker, I reserve the balance of my time.

Mr. BERMAN. Mr. Speaker, I yield myself 6 minutes.

Mr. Speaker, I rise in support of S. 167, and I ask my colleagues to join me in voting to pass this worthy legislation.

Prior to reporting S. 167 by voice vote last month, the Committee on the Judiciary gave the bill all due deliberation. The provisions in this bill and its precursor, H.R. 4077, which passed the House last year, were the subject of multiple subcommittee hearings and markups.

Through the extensive consideration given on the provisions of S. 167, the Committee on the Judiciary has agreed to a bill that makes important contributions to the fight against the proliferation of pirated copyrighted works and that encourages the preservation and protection of creative content.

□ 1430

In addition to providing us with entertainment and education in the form of movies, sound recordings, software, books, computer games and other products, the core copyright industries account for over 6 percent of U.S. gross domestic product. Businesses that rely on copyright employ more than 11 million U.S. workers. Robust protection for creativity supports everyone from the most famous artist to the completely unknown set designer.

Unfortunately, copyright piracy has become a grave threat to the livelihoods of all copyright creators. We live

in an environment where consumers want their choice of entertainment to be available at any time, in any place, in any format. While copyright owners are excited by the new opportunities to allow greater access to their works, they must battle with those that give away their products for free.

Pirates have taken over the ship of distribution and now provide users with sound recordings before they are released, copies of movies for $1 on the street, and pirated computer software as part of the sale of computers. Without adequate copyright protection, the developers and creators of new and original works have no protection from the rampant theft of their work that goes on every day. While not a magic bullet, S. 167 will play a valuable role in addressing the piracy problem. Last year's bill provided more expansive protection. However, S. 167 contains important disincentives to the making of unauthorized use of a copyrighted work. It isolates a number of areas necessary to preserve the integrity of the works.

It has become clear that pirates are most harmful when a creator delivers a new or highly anticipated product. Title I of S. 167 is designed to prevent the pirates from obtaining an initial copy of a motion picture through camcording or distributing by computer network a work being prepared for commercial distribution. Section 102 clarifies that it is a felony to surreptitiously record a movie in a theater. This section deals with the growing phenomenon of copyright thieves who use portable digital video recorders to record movies of theater screens during public exhibitions. Organized piracy rings then distribute copies of these surreptitious recordings both online and on the streets.

This section also provides immunity for a movie theater owner who detains a person who is camcording the movie. It also allows those affected by the crime to file a victim impact statement to illustrate the loss accrued by the piracy. This, hopefully, will deter those who contribute to the ease with which pirated material is obtained.

Even more detrimental to copyright owners than camcording a movie in the theaters is the effect of distributing an unauthorized copy of a movie or sound recording as it is prepared for commercial distribution. Distributing a film before final edits are made can undermine artistic integrity and can also harm the film's commercial prospects because the release is typically coordinated with a marketing effort. Sections 103 and 104 provide for enhanced penalties for prerelease of a work being prepared for commercial distribution. Furthermore, it requires the Copyright Office to establish rules for preregistration of works. We need to address the problems generated when new works are leaked and pirated before they are made available for sale, the prerelease problem.

For example, today, any basement can become a top-of-the-line recording studio, so the law and Copyright Office regulations must reflect the realities of the fast-paced creative entertainment businesses. Unauthorized prereleases are unfair to an artist because his or her song is circulating even before it is in its final form. Just as we edit letters and speeches, we must allow songwriters to tweak and refine their works. They deserve to have the tools to penalize those who thrive on the ability to leak a song or CD before it is available in stores or other legitimate avenues of commerce.

This bill also addresses consumer concerns related to preserving content in orphan works, those works not available in the marketplace at a reasonable price. In section 402 of the bill, we have amended the Copyright Act to enable libraries and archives to reproduce, distribute, perform, and display all orphan works in the course of their preservation, scholarly and research activities.

Furthermore, sections 302 and 312 ensure that the National Film Preservation Board and the National Film Preservation Foundation are reauthorized. These groups help maintain our history of film, which helps foster the creative process.

Title III of S. 167 did generate some concern during the hearings held by the Committee on the Judiciary because it resolves a legal question at the heart of a pending Federal litigation. The Family Movie Act inappropriately intervenes in this pending legislation, shields one specific company from liability for altering the viewed performance.

Directors should have the ability to control the content they create. Although I personally oppose this section, I, like many Members of the Committee on the Judiciary, believe that the bulk of the anti-piracy provisions contained in S. 167 are essential and therefore support the bill as a whole.

The provisions included in S. 167 are derived from a more expansive bill passed by the House last year, H.R. 4077, which contained multiple sections designed to give additional resources statutory authority and incentives to law enforcement authorities to make them productive participants in the anti-piracy battle.

There were also several provisions addressing the problem of copyright infringing files being illegally offered for distribution through peer-to-peer file-swapping networks. I urge the committee and my colleagues to include these provisions in future legislation.

It is worth noting that, while not universally embraced, S. 167 has gained widespread consensus support. Groups as diverse as the Video Software Dealers Association, the American Association of Law Libraries, and the American Medical Association have written in support. On balance, S. 167 is an important advancement in the ongoing effort to battle copyright piracy, and I encourage my colleagues to join me in supporting it.

Mr. Speaker, I reserve the balance of my time.

Mr. SENSENBRENNER. Mr. Speaker, I yield 6 minutes to the gentleman from Texas (Mr. SMITH).

Mr. SMITH of Texas. Mr. Speaker, first of all I want to thank the gentleman from Wisconsin (Mr. SENSENBRENNER), the chairman of the Committee on the Judiciary, for yielding me this time.

Mr. Speaker, this legislation contains four main components: first, the Family Movie Act, which I first introduced in the last Congress, will enable parents to skip over or mute the sex, violence, and profanity in movies they find objectionable for their children.

Second, the Art Act will create new penalties for those who camcord movies in public theaters and who willfully infringe copyright law by distributing copies of prerelease works, movies or otherwise, online.

Third, a reauthorization of the Film Preservation Board will protect older works that would otherwise deteriorate.

Finally, a technical fix to the Sonny Bono Copyright Term Extension Act will ensure that libraries and archives have continued access to works during the last 20 years of a copyright term.

As for the Family Movie Act, it lets parents decide for themselves what their children see and hear on television. These days, I do not think anyone would even consider buying a DVD player that does not come with a remote control; yet there are some who would deny parents the right to use the equivalent electronic device that would protect their children from sex, violence, and profanity in movies watched at home.

Raising children may be the toughest job in the world. Parents need all the help they can get, and they should be able to determine what their children see on the screen. Yes, we parents might mute dialogue that others deem crucial, or we might fast forward over scenes that others consider essential, but that is irrelevant. Parents should be able to mute or skip over anything they want if they feel it is in the best interest of their children.

Just as the author of a book should not be able to force someone to read that book in any particular manner or order, a studio or director should not be able to force our children to watch a movie in a particular way. No one can argue with a straight face it should be against the law to skip over a few pages or even entire chapters of a book. So, too, it should not be illegal to skip over a few words or scenes in a movie.

The Family Movie Act ensures that parents have such rights.

In fact, the Registrar of Copyrights testified that such actions by parents are not in violation of existing copyright law. But needless litigation continues on this issue. It is time for the rights of parents not to be tied up in the courts any longer.

Turning to other provisions within this bill, millions of pirated movies, music, software, games, and other copyrighted files are now available for a free download by certain peer-to-peer networks. Many of these files are the latest movies, music, software, and games that have yet to be released to the public in legal copies. Title I of the legislation focuses on these prereleased copies of works that are distributed on computer networks before they are available in legal copies to the public.

Such activity is clearly wrong; yet existing law does not create a penalty targeted at this activity. Title I creates a minimum penalty of 3 years in jail for those who undertake such activity. Combined with the camcording provisions in title I, this legislation will impose new and significant penalties on organized groups that camcord movies on the first day of their release and then distribute pirated DVDs the following day on streets worldwide.

Title III of the legislation reauthorizes the Film Preservation Board at the Library of Congress. Title IV corrects a technical error in the Sonny Bono Copyright Term Extension Act that had the result of limiting library and archive access to older works.

Mr. Speaker, this legislation represents a combination of important public policy objectives. I encourage my colleagues to support the measure and send it to the President's desk for his signature.

Mr. BERMAN. Mr. Speaker, I am pleased to yield 5 minutes to my colleague, the gentlewoman from California (Ms. WATSON), the founder and chair of the Congressional Entertainment Caucus, and a very diligent fighter for the protection of intellectual property and the vibrancy of an industry very important to our area and to the country.

Ms. WATSON. Mr. Speaker, I rise in support of S. 167, the Family Entertainment and Copyright Act of 2005, which strengthens our Nation's intellectual property rights system and further protects and rewards our Nation's artists for their creative products.

I supported this bill during the last Congress, and I look forward to seeing its eventual enactment in the coming weeks. This bill closes several significant gaps in our copyright laws that have contributed to the epidemic of digital piracy today. It outlaws camcording of movies off of theater screens by making it a Federal crime. It also empowers judges to impose up to 5-year prison terms for persons convicted of distributing copyrighted songs and movies on file-sharing networks for financial gain. I believe these provisions create crucial tools to combat the theft and redistribution of valuable intellectual property.

With our movie industry losing about $3 billion to piracy every year, it is time that Congress demonstrates its support for our Nation's creators and artists by strengthening protection of copyrighted products. In addition, the bill strengthens our Nation's film heritage by reauthorizing the National Film Preservation Board and the National Film Preservation Foundation that have worked successfully to preserve historically or culturally significant films. Their fine work will ensure our collective artistic heritage will be preserved for generations to come.

Finally, I want to point out that despite my overall support for the bill, I disagree with title II of the legislation, which shields companies that make movie-filtering systems from liability for copyrighting infringements. The intent of the movie-filtering technology is to sanitize movies to protect children. While I support a family-friendly entertainment, I believe this method is not only a violation of film makers' copyright protections but also an infringement of their artistic vision.

Just yesterday, the Washington Post reported that companies sanitizing films removed 24 minutes from the part of the movie ''Saving Private Ryan'' depicting the landing at Omaha Beach on D-Day and eliminated racial epithets uttered by police officials against African American boxer Rubin Carter in ''The Hurricane.'' Both are central to the themes of the movies. Such editing may be done in the name of protecting children, but often reflect our political or ideological biases of the censors. I want to make it clear that my general support of the bill is no way an endorsement of film sanitization.

Mr. Speaker, I urge my colleagues to support S. 167, and it is my hope that we will keep the dialogue open regarding the ever-changing landscape of technology, censorship, and creativity in our country.

□ 1445

Mr. SENSENBRENNER. Mr. Speaker, I yield 2 minutes to the gentleman from Utah (Mr. CANNON).

Mr. CANNON. Mr. Speaker, I rise today in support of S. 167. I commend the gentleman from Texas (Mr. SMITH) for introducing the House counterpart of this legislation, and I commend the gentleman from Wisconsin (Chairman SENSENBRENNER) and the gentleman from California (Mr. BERMAN) for their continued diligence in bringing this legislation to the floor.

Mr. Speaker, included in Title II of this legislation is the Family Movie Act of 2005. This title clarifies the Copyright Act so families, in the privacy of their homes, can use technology that allows them to skip or mute objectionable content in legally purchased or rented DVDs. Parents should have the right to watch any movie they want and to skip over or mute any content they find objectionable. This legislation will allow parents to have the final say in what their children watch in the privacy of their homes, and parents should have the option to protect their children from the sex, violence, profanity and other objectionable material found in movies that are produced in Hollywood these days.

This legislation allows them to do so by clarifying the exemption in the copyright infringement law allowing people to skip, mute or avoid scenes on DVDs. This legislation does not allow for the modifying of the underlying content of the movie, it merely allows fast forwarding or muting portions of the movie or sound track.

Thanks to this legislation, parents can control the content their children view without having to hold a finger on the remote control and anticipate scenes they might find objectionable.

Mr. Speaker, technology that helps parents accomplish this goal should be applauded. S. 167 will allow for technology innovation to flourish without having to face continued legal challenges. This bill is an ideal solution that can be used by families in the home, and does not require limits to be placed on content the studios develop.

I support this legislation. I urge the support of my colleagues.

Mr. BERMAN. Mr. Speaker, I yield myself 2 minutes.

Mr. Speaker, my better judgment notwithstanding, the arguments on this one aspect of the bill on which the majority and I disagree requires me to make just a couple of points.

There is no one who thinks parents do not have and should not have the right to skip over, pass up or omit scenes of any video production they think are inappropriate for their children to see. No one debates that. No one debates they have the right to do that.

What some of us do debate is the right of a commercial enterprise to peddle a technology which fundamentally alters the creator's work any more than some publisher has the right to take an unabridged version of a book that is under copyright, in order to excerpt and take out objectionable patches of that book, and then make a commercial profit without the permission of the copyright owner in peddling that book. That is the issue underlying our opposition to the Family Movie Act.

Parents should have all of these rights, including the right to just say ''no'' to their kids watching a movie or

reading a book that is not appropriate. There is no dispute about that. This is a dispute about a particular type of technology that this bill seeks to immunize from liability for employing some young people to decide what someone else should see and not see. But I will not get myself too worked up about a bill that I plan to actively support.

Mr. CONYERS. Mr. Speaker, I rise in support of this legislation with reservations about one part. At the outset, I strongly support efforts to make it more difficult to steal content and to encourage preservation of historic content.

As I have said before, the content industries are a boon to our economy, providing this country's number one export. Their products, which include music, movies, books, and software, survive on the protection given by copyright law. Without protection from rampant copying and other infringement, creators would have no reason to keep creating and investing in new content.

The success of copyrighted content, however is also its Achilles' Heel. People now camcord movies in theaters to sell online or in DVD format. They obtain pre-release copies of content and sell it online. Of course, this is illegal because it is done without the permission of the content owners and without payment to them. This bill clarifies that these two acts are illegal even if technology makes it easy and fast and cheap. While I believe we should do more to stop piracy, S. 167 is a step in the right direction.

Having said that, I would like to clarify one issue. The civil enforcement said of the pre-release provision imposes a statute of limitations on certain copyright lawsuits. Because it imposes the limit only for infringements that occur no more than two months after pre-registered content is first distributed, it is clear that the bill does not impose any time limit on filing lawsuits for infringements that occur more than two months after distribution.

The bill also contains two provisions that will encourage the preservation of historically-significant content. First, it reauthorizes the National Film Preservation Board and National Film Preservation Foundation, which review initiatives to ensure the preservation of valued films and issue grants to libraries and other institutions that can save films from degradation. The Directors Guild of America and the Academy of Motion Picture Arts and Sciences have applauded these efforts. The program expired in 2003, so S. 167 extends it until 2009.

The second preservation piece, the "Preservation of Orphan Works Act," will empower libraries and archives to make additional copies of musical works, movies, and other content.

My one objection to S. 167, however, is with the "Family Movie Act," which would allow private companies to sell movie editing software without permission from the filmmakers. This was proposed in response to a lawsuit between one company and filmmakers. From our consideration of this provision last year, we know this section inserts Congress into a private dispute and will take away the copyrights and artistic rights of filmmakers to the financial benefit of one private company. It is important to note that the bill does not immunize those who make fixed copies of edited content; such copies would still be illegal, as they are today, and the legislative history should reflect that.

I urge my colleagues to vote "yes" on this legislation.

Mr. BERMAN. Mr. Speaker, I yield back the balance of my time.

Mr. SENSENBRENNER. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. ISSA). The question is on the motion offered by the gentleman from Wisconsin (Mr. SENSENBRENNER) that the House suspend the rules and pass the Senate bill, S. 167.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the Senate bill was passed.

A motion to reconsider was laid on the table.

MULTIDISTRICT LITIGATION RESTORATION ACT OF 2005

Mr. SENSENBRENNER. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 1038) to amend title 28, United States Code, to allow a judge to whom a case is transferred to retain jurisdiction over certain multidistrict litigation cases for trial, and for other purposes.

The Clerk read as follows:

H.R. 1038

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Multidistrict Litigation Restoration Act of 2005''.

SEC. 2. MULTIDISTRICT LITIGATION.

Section 1407 of title 28, United States Code, is amended—

(1) in the third sentence of subsection (a), by inserting ''or ordered transferred to the transferee or other district under subsection (i)'' after ''terminated''; and

(2) by adding at the end the following new subsection:

''(i)(1) Subject to paragraph (2) and except as provided in subsection (j), any action transferred under this section by the panel may be transferred for trial purposes, by the judge or judges of the transferee district to whom the action was assigned, to the transferee or other district in the interest of justice and for the convenience of the parties and witnesses.

''(2) Any action transferred for trial purposes under paragraph (1) shall be remanded by the panel for the determination of compensatory damages to the district court from which it was transferred, unless the court to which the action has been transferred for trial purposes also finds, for the convenience of the parties and witnesses and in the interests of justice, that the action should be retained for the determination of compensatory damages.''.

SEC. 3. TECHNICAL AMENDMENT TO MULTIPARTY, MULTIFORM TRIAL JURISDICTION ACT OF 2002.

Section 1407 of title 28, United States Code, as amended by section 2 of this Act, is further amended by adding at the end the following:

''(j)(1) In actions transferred under this section when jurisdiction is or could have been based, in whole or in part, on section 1369 of this title, the transferee district court may, notwithstanding any other provision of this section, retain actions so transferred for the determination of liability and punitive damages. An action retained for the determination of liability shall be remanded to the district court from which the action was transferred, or to the State court from which the action was removed, for the determination of damages, other than punitive damages, unless the court finds, for the convenience of parties and witnesses and in the interest of justice, that the action should be retained for the determination of damages.

''(2) Any remand under paragraph (1) shall not be effective until 60 days after the transferee court has issued an order determining liability and has certified its intention to remand some or all of the transferred actions for the determination of damages. An appeal with respect to the liability determination and the choice of law determination of the transferee court may be taken during that 60-day period to the court of appeals with appellate jurisdiction over the transferee court. In the event a party files such an appeal, the remand shall not be effective until the appeal has been finally disposed of. Once the remand has become effective, the liability determination and the choice of law determination shall not be subject to further review by appeal or otherwise.

''(3) An appeal with respect to determination of punitive damages by the transferee court may be taken, during the 60-day period beginning on the date the order making the determination is issued, to the court of appeals with jurisdiction over the transferee court.

''(4) Any decision under this subsection concerning remand for the determination of damages shall not be reviewable by appeal or otherwise.

''(5) Nothing in this subsection shall restrict the authority of the transferee court to transfer or dismiss an action on the ground of inconvenient forum.''.

SEC. 4. EFFECTIVE DATE.

(a) SECTION 2.—The amendments made by section 2 shall apply to any civil action pending on or brought on or after the date of the enactment of this Act.

(b) SECTION 3.—The amendment made by section 3 shall be effective as if enacted in section 11020(b) of the Multiparty, Multiforum Trial Jurisdiction Act of 2002 (Public Law 107–273; 116 Stat. 1826 et seq.).

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Wisconsin (Mr. SENSENBRENNER) and the gentleman from California (Mr. BERMAN) each will control 20 minutes.

The Chair recognizes the gentleman from Wisconsin (Mr. SENSENBRENNER).

GENERAL LEAVE

Mr. SENSENBRENNER. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on H.R. 1038, the bill currently under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Wisconsin?

There was no objection.

Mr. SENSENBRENNER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 1038, the Multidistrict Litigation Restoration Act of

2005, reverses the effect of a 1998 Supreme Court case commonly referred to as ''Lexecon,'' which has hampered the Federal court system from adjudicating complex, multidistrict cases that are related by a common fact situation. Just as importantly, the bill functions as a technical correction to a related ''disaster litigation'' provision that was incorporated in the Department of Justice Authorization Act, which Congress passed in 2002.

A little background is in order at this point. During the 107th Congress, I authored legislation to address the Lexecon and disaster litigation problems. As passed under suspension by the House, my bill, H.R. 860, accomplished two goals: First, the bill reversed the effect of the Lexecon case which dealt with the authority of a specially designated U.S. district court to handle complex multidistrict cases consolidated for trial. Pursuant to the decision, the court known as the ''transferee'' court could retain Federal and State cases only for pretrial matters, but not the actual trials themselves.

H.R. 860 simply codified existing practice of the preceding 30 years by allowing the transferee court to retain jurisdiction for the purpose of determining liability and punitive damages, or to refer the cases back to those courts in which the cases were originally filed. This feature streamlines adjudication and enables the transferee court to induce the parties to settle.

Second, H.R. 860 conferred original jurisdiction on U.S. district courts to adjudicate any civil action arising out of a single accident under prescribed conditions, but would remand the case to the State courts for determination of compensatory damages. This portion of H.R. 860 is commonly referred to as the ''disaster litigation'' part of the bill.

The Committee on the Judiciary in the other body took no action on H.R. 860, but the matter was resurrected during House-Senate conference deliberations on the Department of Justice authorization bill. Pursuant to negotiations, the conferees agreed to take half of H.R. 860, the disaster litigation portion, which is currently codified as section 1369 of title 28 of the U.S. Code.

Trying to enact a straight Lexecon fix through the bill before us is meritorious in its own right, promoting as it does judicial efficiency, but there is another problem that the bill solves. The currently codified disaster litigation portion of H.R. 860 contemplates that the Lexecon problem is solved. In other words, the new disaster litigation law only creates original jurisdiction for a U.S. district court to accept those cases and qualify as a transferee court under the multidistrict litigation statute; but the transferee court still cannot retain the consolidated cases for determination of liability and punitive damages, which compromises the operation of the statute.

In this sense, then, the Lexecon fix, its freestanding merits aside, also functions as a technical correction for the recently enacted disaster litigation measure. H.R. 1038, in tandem with the now-codified disaster litigation provisions, will produce what was originally intended when legislation addressing this issue was first proposed, a fix to the Lexecon problem and a disaster litigation measure that really works.

I remind Members that H.R. 1038 is identical to H.R. 1768 from the 108th Congress, which passed the House by a rollcall vote of 418–0. In sum, this legislation speaks to process, fairness and judicial efficiency. It will not interfere with jury verdicts or compensation rates for litigators.

Mr. Speaker, I include for the RECORD a letter from the U.S. Judicial Conference stating their strong support for enactment of H.R. 1038. I urge my colleagues to join me in a bipartisan effort to support this bill.

JUDICIAL CONFERENCE
OF THE UNITED STATES,
Washington, DC, April 18, 2005.

Hon. F. JAMES SENSENBRENNER, Jr.,
Chairman, Committee on the Judiciary, House of Representatives, Washington, DC.

DEAR MR. CHAIRMAN: The Judicial Conference of the United States strongly supports enactment of H.R. 1038, the ''Multidistrict Litigation Restoration Act of 2005,'' which you introduced on March 2, 2005 and which was reported favorably by the House Judiciary Committee on March 17, 2005. H.R. 1038 will facilitate the resolution of claims by citizens and improve the administration of justice.

Currently, section 1407(a) of title 28, United State Code, the multidistrict litigation statute, authorizes the Judicial Panel on Multidistrict Litigation (the Judicial Panel) to transfer civil actions with common questions of fact that are pending in multiple federal judicial districts ''to any district for coordinated or consolidated pretrial proceedings.'' It also requires the Judicial Panel to remand any such action to the district court in which the action was filed at or before the conclusion of such pretrial proceedings, unless the action is terminated before then in the transferee court.

Although the federal courts had for nearly 30 years followed the practice of allowing a transferee court to invoke the venue transfer provision (28 U.S.C. §1404(a)) and transfer the case to itself for trial purposes, the Supreme Court in *Lexecon, Inc.* v. *Milberg Weiss Bershad Hynes & Lerach*, 523 U.S. 26 (1998), held that such statutory authority did not exist. The Court noted that the proper venue for resolving the desirability of such self-transfer authority is the ''the floor of Congress.'' 523 U.S. at 40.

Section 2 of H.R. 1038 responds to the Lexecon decision by amending 28 U.S.C. §1407 to allow a judge with a transferred case to retain it for trial or to transfer it to another district in the interest of justice and for the convenience of the parties and witnesses. This section also provides that any action transferred for trial must be remanded by the Judicial Panel to the district court from which it was transferred for the determination of compensatory damages, unless the transferee court finds for the convenience of the parties and witnesses and in the interests of justice that the action should be retained for the determined of compensatory damages. As experience has shown, there is wisdom in permitting the judge who is familiar with the facts and parties and pretrial proceedings of a transferred case to retain the case for trial. Also, as with most federal civil actions, multidistrict litigation cases are typically resolved through settlement. Allowing the transferee judge to set a firm trial date promotes the resolution of these cases.

H.R. 1038 also seeks to make corrections to the Multiparty, Multiforum Trial Jurisdiction Act of 2002, which was enacted as section 11020 of the ''21st Century Department of Justice Appropriations Authorization Act'' (Pub. L. No. 107–273, 116 Stat. 1758; now codified in various sections in title 28, United States Code. See 2 U.S.C. §§1369, 1391, 1441, 1697, and 1785.)

The Judicial Conference appreciates your support of H.R. 1038. If you or your staff have any questions, please contact Mark W. Braswell or Karen Kremer, Counsel, Office of Legislative Affairs (202–502–1700).

Sincerely,

LEONIDAS RALPH MECHAM,
Secretary.

Mr. SENSENBRENNER. Mr. Speaker, I reserve the balance of my time.

Mr. BERMAN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise to support House passage of H.R. 1038. At least five times over the past 6 or 7 years I have risen to support legislation virtually identical to H.R. 1038. Each time the legislation has stalled in the Senate.

This bill has a very narrow purpose and effect. It overturns the 1998 Lexecon decision of the Supreme Court. That decision held that a multidistrct litigation transferred to a Federal court for pretrial proceedings cannot be retained by that court for trial purpose. In so holding, the Lexecon decision upset decades of practice by the multidistrict litigation panel and Federal district courts. The Lexecon decision also increases the cost and complexity of such multidistrict litigations by requiring courts other than the transferee court which has overseen the discovery and other pretrial proceedings to conduct a trial.

The provisions of this bill overturn Lexecon in a carefully calibrated manner. While the bill allows a transferee court to retain a case for a trial on liability issues and, when appropriate, on punitive damages, it creates a presumption that the trial of compensatory damages will be remanded to the transferor court. In so doing, the bill is careful to overturn the Lexecon decision without expanding the power previously exercised by transferee courts. More importantly, the presumption regarding the trial of compensatory damages ensures that plaintiffs will not be unduly burdened in pursuit of their claims.

In addition, this bill makes technical and conforming corrections to the provisions in the 2002 Department of Justice authorization measure relating to

the consolidation of mass tort cases. While not universally endorsed, most Democratic members of the Committee on the Judiciary have supported this piece of legislation each time it is submitted for consideration, and I ask my colleagues to once again vote for H.R. 1038.

Mr. Speaker, I reserve the balance of my time.

Mr. SENSENBRENNER. Mr. Speaker, I yield 1 minute to the gentleman from Texas (Mr. SMITH).

Mr. SMITH of Texas. Mr. Speaker, I will not repeat the chairman's description of the bill's contents, but I would note that his bill is identical to the text of the legislation we passed in the last Congress by a vote of 418–0.

H.R. 1038 helps the Multidistrict Litigation Panel discharge its responsibilities by streamlining the adjudication of complex, multidistrict cases in a manner that is fair to all litigants.

Mr. CONYERS. Mr. Speaker, I have supported this legislation in the past because I am told it will improve the ability of Federal courts to handle complex multidistrict litigation arising from a common set of facts.

But I do have some reservations about this bill. When Congress enacted the Multidistrict Litigation, MDL, statute 35 years ago, its purpose was not to impose an unfair burden on plaintiffs and their families. Congress made plain its insistence on preserving the ability of individual plaintiffs to have their eventual day in court in a Federal district courthouse reasonably close to their home.

I want to make sure we continue to strike the right balance between emphasizing judicial economy and efficiency and preserving fundamental fairness during the critical trial phase. With this underlying goal in mind, I support this legislation. However, I hope the bill will continue to improve as it moves through the Senate and into Conference.

Mr. BERMAN. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. SENSENBRENNER. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Wisconsin (Mr. SENSENBRENNER) that the House suspend the rules and pass the bill, H.R. 1038.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

TRADEMARK DILUTION REVISION ACT OF 2005

Mr. SENSENBRENNER. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 683) to amend the Trademark Act of 1946 with respect to dilution by blurring or tarnishment, as amended.

The Clerk read as follows:

H.R. 683

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

(a) SHORT TITLE.—This Act may be cited as the ''Trademark Dilution Revision Act of 2005''.

(b) REFERENCES.—Any reference in this Act to the Trademark Act of 1946 shall be a reference to the Act entitled ''An Act to provide for the registration and protection of trademarks used in commerce, to carry out the provisions of certain international conventions, and for other purposes'', approved July 5, 1946 (15 U.S.C. 1051 et seq.).

SEC. 2. DILUTION BY BLURRING; DILUTION BY TARNISHMENT.

Section 43 of the Trademark Act of 1946 (15 U.S.C. 1125) is amended—

(1) by striking subsection (c) and inserting the following:

''(c) DILUTION BY BLURRING; DILUTION BY TARNISHMENT.—

''(1) INJUNCTIVE RELIEF.—Subject to the principles of equity, the owner of a famous mark that is distinctive, inherently or through acquired distinctiveness, shall be entitled to an injunction against another person who, at any time after the owner's mark has become famous, commences use of a mark or trade name in commerce that is likely to cause dilution by blurring or dilution by tarnishment of the famous mark, regardless of the presence or absence of actual or likely confusion, of competition, or of actual economic injury.

''(2) DEFINITIONS.—(A) For purposes of paragraph (1), a mark is famous if it is widely recognized by the general consuming public of the United States as a designation of source of the goods or services of the mark's owner. In determining whether a mark possesses the requisite degree of recognition, the court may consider all relevant factors, including the following:

''(i) The duration, extent, and geographic reach of advertising and publicity of the mark, whether advertised or publicized by the owner or third parties.

''(ii) The amount, volume, and geographic extent of sales of goods or services offered under the mark.

''(iii) The extent of actual recognition of the mark.

''(B) For purposes of paragraph (1), 'dilution by blurring' is association arising from the similarity between a mark or trade name and a famous mark that impairs the distinctiveness of the famous mark. In determining whether a mark or trade name is likely to cause dilution by blurring, the court may consider all relevant factors, including the following:

''(i) The degree of similarity between the mark or trade name and the famous mark.

''(ii) The degree of inherent or acquired distinctiveness of the famous mark.

''(iii) The extent to which the owner of the famous mark is engaging in substantially exclusive use of the mark.

''(iv) The degree of recognition of the famous mark.

''(v) Whether the user of the mark or trade name intended to create an association with the famous mark.

''(vi) Any actual association between the mark or trade name and the famous mark.

''(C) For purposes of paragraph (1), 'dilution by tarnishment' is association arising from the similarity between a mark or trade name and a famous mark that harms the reputation of the famous mark.

''(3) EXCLUSIONS.—The following shall not be actionable as dilution by blurring or dilution by tarnishment under this subsection:

''(A) Fair use of a famous mark by another person in comparative commercial advertising or promotion to identify the competing goods or services of the owner of the famous mark.

''(B) Fair use of a famous mark by another person, other than as a designation of source for the person's goods or services, including for purposes of identifying and parodying, criticizing, or commenting upon the famous mark owner or the goods or services of the famous mark owner.

''(C) All forms of news reporting and news commentary.

''(4) ADDITIONAL REMEDIES.—In an action brought under this subsection, the owner of the famous mark shall be entitled only to injunctive relief as set forth in section 34, except that, if—

''(A) the person against whom the injunction is sought did not use in commerce, prior to the date of the enactment of the Trademark Dilution Revision Act of 2005, the mark or trade name that is likely to cause dilution by blurring or dilution by tarnishment, and

''(B) in a claim arising under this subsection—

''(i) by reason of dilution by blurring, the person against whom the injunction is sought willfully intended to trade on the recognition of the famous mark, or

''(ii) by reason of dilution by tarnishment, the person against whom the injunction is sought willfully intended to harm the reputation of the famous mark,

the owner of the famous mark shall also be entitled to the remedies set forth in sections 35(a) and 36, subject to the discretion of the court and the principles of equity.

''(5) OWNERSHIP OF VALID REGISTRATION A COMPLETE BAR TO ACTION.—The ownership by a person of a valid registration under the Act of March 3, 1881, or the Act of February 20, 1905, or on the principal register under this Act shall be a complete bar to an action against that person, with respect to that mark, that is brought by another person under the common law or a statute of a State and that seeks to prevent dilution by blurring or dilution by tarnishment, or that asserts any claim of actual or likely damage or harm to the distinctiveness or reputation of a mark, label, or form of advertisement.''; and

(2) in subsection (d)(1)(B)(i)(IX), by striking ''(c)(1) of section 43'' and inserting ''(c)''.

SEC. 3. CONFORMING AMENDMENTS.

(a) MARKS REGISTRABLE ON THE PRINCIPAL REGISTER.—Section 2(f) of the Trademark Act of 1946 (15 U.S.C. 1052(f)) is amended—

(1) by striking the last two sentences; and

(2) by adding at the end the following: ''A mark which would be likely to cause dilution by blurring or dilution by tarnishment under section 43(c), may be refused registration only pursuant to a proceeding brought under section 13. A registration for a mark which would be likely to cause dilution by blurring or dilution by tarnishment under section 43(c), may be canceled pursuant to a proceeding brought under either section 14 or section 24.''

(b) OPPOSITION.—Section 13(a) of the Trademark Act of 1946 (15 U.S.C. 1063(a)) is amended in the first sentence by striking ''as a result of dilution'' and inserting ''the registration of any mark which would be likely to cause dilution by blurring or dilution by tarnishment''.

(c) CANCELLATION.—Section 14 of the Trademark Act of 1946 (15 U.S.C. 1064) is amended, in the matter preceding paragraph (1)—

(1) by striking '', including as a result of dilution under section 43(c),''; and

(2) by inserting ''(A) for which the constructive use date is after the date on which the petitioner's mark became famous and which would be likely to cause dilution by blurring or dilution by tarnishment under section 43(c), or (B) on grounds other than dilution by blurring or dilution by tarnishment'' after ''February 20, 1905''.

(d) MARKS FOR THE SUPPLEMENTAL REGISTER.—The second sentence of section 24 of the

Trademark Act of 1946 (15 U.S.C. 1092) is amended to read as follows: ''Whenever any person believes that such person is or will be damaged by the registration of a mark on the supplemental register—

''(1) for which the effective filing date is after the date on which such person's mark became famous and which would be likely to cause dilution by blurring or dilution by tarnishment under section 43(c), or

''(2) on grounds other than dilution by blurring or dilution by tarnishment,

such person may at any time, upon payment of the prescribed fee and the filing of a petition stating the ground therefor, apply to the Director to cancel such registration.''.

(e) DEFINITIONS.—Section 45 of the Trademark Act of 1946 (15 U.S.C. 1127) is amended by striking the definition relating to ''dilution''.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Wisconsin (Mr. SENSENBRENNER) and the gentleman from California (Mr. BERMAN) each will control 20 minutes.

The Chair recognizes the gentleman from Wisconsin (Mr. SENSENBRENNER).

□ 1500

GENERAL LEAVE

Mr. SENSENBRENNER. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on H.R. 683 currently under consideration.

The SPEAKER pro tempore (Mr. ISSA). Is there objection to the request of the gentleman from Wisconsin?

There was no objection.

Mr. SENSENBRENNER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, the foundation of trademark law is that certain words, images, and logos convey meaningful information to the public, including the source, quality, and goodwill of a product or service. Unfortunately, there are those in both commercial and noncommercial settings who would seize upon the popularity of a trademark for their own purposes and at the expense of the rightful owner and the public. Dilution refers to conduct that lessens the distinctiveness and value of a mark. This conduct can debase the value of a famous mark and mislead the consuming public.

A 2003 Supreme Court decision, Moseley v. V Secret Catalogue, Inc., compelled the House Committee on the Judiciary's Subcommittee on Courts and Intellectual Property, during the last Congress, to review the Federal Trademark Dilution Act and a committee print to amend it. The contents of the bill before us, H.R. 683, were largely culled from that committee print.

H.R. 683 does not establish new precedent or break new ground. Rather, the bill represents a clarification of what Congress meant when it passed the dilution statute a decade ago. Enactment of this bill is necessary because it will eliminate confusion on key dilution issues that have increased litigation and resulted in uncertainty among the regional circuits.

The primary components of H.R. 683 include the following: one, subject to the principles of equity, the owner of a famous distinctive mark is entitled to an injunction against any person who commences use in commerce a mark that is likely to cause dilution by blurring or tarnishment.

Second, a mark may be ''famous'' only if it is widely recognized by the general consuming public in the United States as a source designation of the goods or services of the mark's owner.

Third, in determining whether a mark is famous, a court is permitted to consider ''all relevant factors'' in addition to prescribed conditions set forth in the print, including the duration, extent, and geographic reach of advertising and publicity of the mark.

Fourth, H.R. 683 clarifies the definition of dilution by blurring, as well as by tarnishment.

Fifth, the bill enumerates specific defenses to a dilution action: comparative commercial advertising or promotion to identify competing goods; all forms of news reporting and news commentary; and traditional fair uses pertaining to parody, criticism, and commentary.

Sixth and finally, other than an action based on dilution by blurring, the owner of a famous mark is only entitled to injunctive relief under H.R. 683 if the defendant willfully intended to trade on the famous mark's recognition; or in an action based on dilution by tarnishment, the defendant willfully intended to trade on the famous mark's reputation.

In either case, the owner may seek damages, costs, and attorneys' fees as well as the destruction of the infringing articles under separate Lanham Act provisions.

In sum, this bill will provide greater guidance for courts when they adjudicate dilution cases and businesses that use trademarks. It is a good complement to the dilution statute that received more than 2 years of subcommittee process.

Mr. Speaker, I urge Members to support this legislation.

Mr. Speaker, I reserve the balance of my time.

Mr. BERMAN. Mr. Speaker, I yield myself such time as I may consume.

I rise in support of House passage of H.R. 683. This bill makes important changes designed to protect famous trademark owners against the use of similar marks that might harm a company's reputation or confuse consumers. It also manages to balance trademark law with first amendment concerns.

In 1995, the Federal Trademark Dilution Act was passed in order to ''protect famous trademarks from subsequent uses that blur the distinctiveness of the mark or tarnish or disparage it.'' The purpose of the act was to bring uniformity and consistency to the protection of famous marks, a goal that had been complicated by differing State dilution laws.

However, since 1995, a significant split had developed among the courts in the interpretation of key elements of the dilution act. The Supreme Court eventually took a step to resolve the controversy in its recent decision in Moseley v. V Secret Catalogue, the Victoria's Secret case, where it interpreted the words ''cause dilution'' in the act to require a demonstration of actual dilution.

As a result of this decision, trademark holders are now required to wait until the injury happens before bringing suit. Victims of dilution have asserted that the injury caused by dilution constitutes the gradual diminution or whittling away at the value of the famous mark. They analogize the effects of dilution to 100 bee stings, where significant injury is caused by the cumulative effect, not just by one.

Section 2(c)(1) of this bill addresses this problem by changing the standard to ''likelihood of dilution.'' By lowering the standard, proof of actual harm would no longer be a prerequisite to injunctive relief, and therefore extensive damage cannot be done before relief can be sought. Furthermore, the bill includes a clear reference to dilution by tarnishment. This allows the trademark owner to protect his mark from associations which harm the reputation of the famous trademark. The bill narrows the reach of a dilution cause of action. It tightens the definition of fame by providing a specific list of factors, and eliminates the protection for marks that are famous only in niche markets.

While not universally supported, this bill has now garnered the support of the ACLU for accommodating its first amendment concerns. In section 2(c)(3), the bill addresses the balance between the rights of trademark holders and the first amendment by providing an exemption for purposes of identifying and parodying, criticizing or commenting on the famous mark. The trade groups representing intellectual property owners, AIPLA, INTA and IPO, have all endorsed this bill.

H.R. 683 achieves an important balance in the protection of intellectual property. I encourage my colleagues to support it.

Mr. Speaker, I reserve the balance of my time.

Mr. SENSENBRENNER. Mr. Speaker, I yield 4 minutes to the gentleman from Texas (Mr. SMITH).

Mr. SMITH of Texas. Mr. Speaker, I thank the chairman of the Committee on the Judiciary for yielding me this time.

Mr. Speaker, trademark law is relevant to the life of every consumer in

America. Trademarks give customers assurance that the goods or services they are buying are what customers think they are. If a customer has purchased items in the past from a particular company that bears a specific mark or logo, the customer has an impression, favorable or not, of that company and the goods or services it produces. So trademark law empowers consumers by giving them information that is often critical to their purchasing decisions.

Dilution alters the public perception of a trademarked product or service by diminishing its uniqueness over time.

The idea of protecting famous trademarks from dilution surfaced in the 1920s. Since then, roughly half of the States have enacted dilution statutes while Congress passed the Federal Trademark Dilution Act nearly a decade ago.

As the gentleman from Wisconsin noted, the Federal dilution statute is being amended for two main reasons. First, a 2003 Supreme Court decision involving Victoria's Secret ruled that the standard of harm in dilution cases is actual harm. Based on testimony taken at our two Intellectual Property Subcommittee hearings, this is contrary to what Congress intended when it passed the dilution statute and is at odds with the concept of dilution. Diluting needs to be stopped at the outset because actual damage can only be proven over time, after which the good will of a mark cannot be restored.

Second, the regional circuits have split as to the meaning of what constitutes a famous mark, distinctiveness, blurring and tarnishment. The bill more distinctly defines these terms. This will clarify rights and eliminate unnecessary litigation, an outcome that especially benefits small businesses that cannot afford to have a misunderstanding of what is permissible under the Federal dilution statute.

Finally, amendments developed at the subcommittee level will more clearly protect traditional first amendment uses, such as parody and criticism. These amendments provide balance to the law by strengthening traditional fair-use defenses.

Mr. Speaker, in sum, H.R. 683 clarifies a muddied legal landscape and enables the Federal Trademark Dilution Act to operate as Congress intended.

Mr. WU. Mr. Speaker, I rise in strong opposition to H.R. 683, the Trademark Dilution Revision Act.

Trademark law emanates from the commerce clause. It was originally about consumer protection, ensuring consumers are not confused or harmed by the misuse of a famous trademark, rather than property protection. However, with the passage of the Federal Trademark Dilution Act in 1995, the issue of trademark dilution became more an issue of property protection. The purpose of that law was to enable businesses'' to protect the investment that companies have made in branding their products. Consumer confusion was no longer required to establish ''dilution.'' Not surprisingly, private lawsuits in this area jumped from 2,405 in 1990 to 4,187 in 2000.

For example, Starbucks went after a local coffee shop in my district that was named after its owner, Samantha Buck Lundberg. The coffee shop bore the nickname given to her by her family and friends—Sambuck. Ringling Bros.-Barnum and Bailey Circus sued the State of Utah over Utah's advertising slogan that it had ''The Greatest Snow on Earth.'' To the circus this slogan was an obvious play on the long time identification of the circus as ''The Greatest Show on Earth.'' Microsoft sued to prevent use of the term ''Lindows'' for the Linux operating system software and website produced by Lindows, Inc., arguing that it was clearly an attempt to play on the Windows designation of its own operating system. Lindows eventually changed the name of the product and website to ''Linspire'' after losing court cases. Best Western International the hotel/motel chain appears to be trying to claim sole right to the word ''Best'' when it comes to using the word in names of hotels or motels. It has sued both Best Inns and Best Value Inns, contending that those names infringe on its trademark.

In recent years, the Supreme Court addressed these lawsuits in Moseley, et al., DBA Victor's Little Secret v. V Secret Catalogue, Inc., et al., in which Victoria's Secret sued a small business in Kentucky. In its opinion, the Court ruled that companies under the Federal Trademark Dilution Act have to prove that their famous brand is actually being damaged before they can use dilution law to force another person or company to stop using a word, logo, or color.

Since trademark laws have an effect not only on famous companies but also on the many small businesses with legitimate business interests, any anti-dilution legislation should be very carefully considered so as not to interfere with the rights of small businesses. The goal must be to protect trademarks from subsequent uses that blur, dilute or tarnish that trademark, but it must also be the protection of small business interests from its more powerful corporate counterparts.

Unfortunately, this bill will change trademark law to make it easier for large companies to sue individuals and businesses for trademark dilution, thus potentially creating rights in perpetuity for trademarks. This bill states that no actual harm will have to be proven; large companies will be able arbitrarily to file lawsuits against small businesses and private citizens.

I agree with the Supreme Court in its unanimous decision in Moseley. I think that companies in seeking to impose their trademarks upon the public must show actual harm. If not, we run the risk of trademark owners being able to lock up large portions of our shared language. This open-ended invitation to litigate is especially troubling at a time when even colors and common words can be granted trademark protection.

I urge my colleagues to oppose this bill.

Mr. BERMAN. Mr. Speaker, I yield back the balance of my time.

Mr. SENSENBRENNER. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. BISHOP of Utah). The question is on the motion offered by the gentleman from Wisconsin (Mr. SENSENBRENNER) that the House suspend the rules and pass the bill, H.R. 683, as amended.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. SENSENBRENNER. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

PROVIDING FOR APPOINTMENT OF SHIRLEY ANN JACKSON TO BOARD OF REGENTS OF SMITHSONIAN INSTITUTION

Mr. NEY. Mr. Speaker, I move to suspend the rules and pass the joint resolution (H.J. Res. 19) providing for the appointment of Shirley Ann Jackson as a citizen regent of the Board of Regents of the Smithsonian Institution.

The Clerk read as follows:

H.J. RES. 19

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That in accordance with section 5581 of the Revised Statutes of the United States (20 U.S.C. 43), the vacancy on the Board of Regents of the Smithsonian Institution, in the class other than Members of Congress, occurring by reason of the expiration of the term of Hanna H. Gray of Illinois on April 13, 2005, is filled by the appointment of Shirley Ann Jackson of New York. The appointment is for a term of 6 years, beginning on the later of April 14, 2005, or the date of the enactment of this joint resolution.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Ohio (Mr. NEY) and the gentleman from New York (Mr. MCNULTY) each will control 20 minutes.

The Chair recognizes the gentleman from Ohio (Mr. NEY).

Mr. NEY. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of House Joint Resolution 19. I am pleased to be here on the floor with my distinguished colleague from New York to talk about the appointment of Shirley Ann Jackson as a citizen regent of the Smithsonian Institution's Board of Regents.

The Smithsonian's governing board is comprised of 17 members. These members include the Chief Justice of the Supreme Court, the Vice President of the United States, six Members of Congress, and nine citizens who are nominated by the board and approved jointly in a resolution of Congress. The nine citizen members serve for a term of 6 years each and are eligible for reappointment to one additional term.

Shirley Ann Jackson will fill a vacancy on the board being created with

the departure of Hanna Gray. Shirley Ann Jackson is the 18th president of Rensselaer Polytechnic Institute and the first African American woman to lead a national research university.

□ 1515

Dr. Jackson has been a pioneer in many of her other endeavors as well. She is the first African American woman to receive a doctorate from MIT, the first African American to become a commissioner and chairman of the U.S. Nuclear Regulatory Commission, and the first African American woman elected to the National Academy of Engineering.

Her accomplishments in the field of physics and her leadership as the head of a national research university provide her with tremendous experience that will benefit the Smithsonian's board.

Dr. Jackson is currently President of the American Association for the Advancement of Science, and she was named one of seven 2004 Fellows of the Association for Women in Science.

In addition to her experience, Dr. Jackson has received the Golden Torch Award for Lifetime Achievement in Academia from the National Society of Black Engineers. She has been inducted into the National Women's Hall of Fame, and she has been recognized in such publications as Discover and Industry Week magazines and the Essence book, 50 of The Most Inspiring African Americans.

I could go on and on because I have merely scratched the surface of Dr. Jackson's numerous achievements, as well as the honors and awards she has received. But I will conclude by saying that it should be very clear that Dr. Shirley Ann Jackson would be a tremendous addition to the Smithsonian Institution's governing board. It will be an honor and pleasure to have her serve on that board, and I ask my colleagues to support House Joint Resolution 19.

Mr. Speaker, I reserve the balance of my time.

Mr. MCNULTY. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I consider it a great honor to come to the floor today to nominate my friend Shirley Ann Jackson for the position of member of the Board of Regents of the Smithsonian Institution.

As the chairman pointed out, Dr. Jackson is the 18th President of Rensselaer Polytechnic Institute, a leading national research university, which I am proud to say is located in my congressional district in the great city of Troy, New York, and I am also proud to say that Shirley Ann Jackson is a constituent.

Dr. Jackson is widely recognized for her intelligent, compassionate problem-solving abilities and her promotion of women and minorities in science. Dr. Jackson is currently the President of the American Association for the Advancement of Science and is a director of many major corporations, including FedEx and AT&T.

She is also a member of the New York Stock Exchange Board of Directors, the Council on Foreign Relations, the National Academy of Engineering, the National Advisory Council on Biomedical Imaging and Bioengineering at NIH, the U.S. Comptroller-General's Advisory Committee for the GAO, and the Executive Committee of the Council on Competitiveness.

She is also a Fellow at the American Academy of Arts & Sciences and is a trustee of Georgetown University, Rockefeller University, Emma Willard School, and the Brookings Institution.

As the chairman pointed out, she is the recipient of many awards and honors, including life membership on the MIT Board of Trustees.

A native of Washington, D.C., Dr. Jackson received both her B.S. in physics and her Ph.D. in theoretical elementary particle physics from MIT. Dr. Jackson also holds 32 honorary doctoral degrees.

Mr. Speaker, as the chairman pointed out, Dr. Jackson is uniquely qualified for this position, and I urge adoption of the joint resolution.

Mr. Speaker, I reserve the balance of my time.

Mr. NEY. Mr. Speaker, I yield back the balance of my time.

Mr. MCNULTY. Mr. Speaker, I yield myself such time as I may consume.

I am delighted again to refer this resolution to my colleagues for their consideration and support. Dr. Jackson is a great friend. She is a constituent. She is an outstanding American and a great humanitarian, and I urge adoption of the joint resolution.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. BISHOP of Utah). The question is on the motion offered by the gentleman from Ohio (Mr. NEY) that the House suspend the rules and pass the joint resolution, H.J. Res. 19.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. NEY. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

GENERAL LEAVE

Mr. NEY. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on the subject of the joint resolution, H.J. Res. 19.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Ohio?

There was no objection.

PROVIDING FOR APPOINTMENT OF ROBERT P. KOGOD TO BOARD OF REGENTS OF SMITHSONIAN INSTITUTION

Mr. NEY. Mr. Speaker, I move to suspend the rules and pass the joint resolution (H.J. Res. 20) providing for the appointment of Robert P. Kogod as a citizen regent of the Board of Regents of the Smithsonian Institution.

The Clerk read as follows:

H.J. RES. 20

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That, in accordance with section 5581 of the Revised Statutes of the United States (20 U.S.C. 43), the vacancy on the Board of Regents of the Smithsonian Institution, in the class other than Members of Congress, occurring by reason of the expiration of the term of Wesley S. Williams, Jr. of the District of Columbia, on April 13, 2005, is filled by the appointment of Robert P. Kogod of the District of Columbia. The appointment is for a term of 6 years, beginning on the later of April 14, 2005, or the date of the enactment of this joint resolution.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Ohio (Mr. NEY) and the gentleman from New York (Mr. MCNULTY) each will control 20 minutes.

The Chair recognizes the gentleman from Ohio (Mr. NEY).

Mr. NEY. Mr. Speaker, I yield myself such time as I may consume.

Again, Mr. Speaker, it is a pleasure to be here with my friend and colleague from New York, and we appreciate his support of these resolutions.

I rise in support of House Joint Resolution 20, which provides for the appointment of Robert P. Kogod as a citizen regent of the Smithsonian Institution's Board of Regents.

Robert Kogod is the second nomination we are considering today. He is expected to fill the vacancy created by the departure of Wesley Williams.

Mr. Kogod is the former co-chairman and co-chief executive officer of the Charles E. Smith Realty Companies. The Smith Companies he headed pioneered mixed-use development in the Washington, DC area, which puts residential, office, and retail buildings in close proximity.

Mr. Kogod and his wife, Arlene, are renowned philanthropists. In 1979 the Robert and Arlene Kogod School of Business at American University was named in honor of a major gift from the Kogods. They also helped establish the Institute for Advanced Jewish Research, within the Shalom Hartman Institute in Jerusalem. The Kogods are also world-recognized collectors of

American crafts, art deco, and American art. They are longstanding members of the Smithsonian's American Art Forum and Archives for American Art.

Mr. Kogod has also served as a member of the Smithsonian Washington Council, and he is currently serving as a special adviser to Secretary Small on the Patent Office Building renovation project.

He serves as a trustee and adviser to the President of American University, which is where he also earned his bachelor of science degree in 1962. He possesses an extensive background in business, philanthropy and art. His diverse experience will make him an excellent candidate to serve on the Smithsonian Institution's governing board.

I support House Joint Resolution 20 and ask for its adoption.

Mr. Speaker, I reserve the balance of my time.

Mr. MCNULTY. Mr. Speaker, I yield myself such time as I may consume.

Before we proceed with this next nomination, I also want to congratulate the gentleman from California (Mr. BECERRA), the newest congressional regent at the Smithsonian Institution, who replaces our late friend and colleague, Bob Matsui.

Mr. Speaker, I join the chairman in urging the adoption of House Joint Resolution 20 to elect Robert P. Kogod, a renowned philanthropist and real estate developer, to a 6-year term as a citizen regent of the Smithsonian Institution.

Mr. Kogod has a long record of service with the Smithsonian Institution, having served as a member of the Smithsonian Washington Council; as a special adviser, as the chairman said, to Secretary Small; and as a member of the American Art Museum's American Art Forum.

Mr. and Mrs. Kogod, as the chairman pointed out, are noted collectors of American crafts, art deco, and American art and have provided major gifts to the American University School of Business, which is named for them; and to the Shalom Hartman Institute in Jerusalem, which promotes Jewish thought and education; and to the Corcoran Gallery of Art, among many others.

Mr. Kogod also serves on the American University Board of Trustees. And for many years Mr. Kogod was co-chairman and chief executive officer of Charles E. Smith Realty Companies, which pioneered mixed-use real estate development in the Washington, DC metropolitan area.

Mr. Speaker, I join the chairman in strongly urging my colleagues to support House Joint Resolution 20.

Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. NEY. Mr. Speaker, I yield myself such time as I may consume.

I just want to reiterate that Mr. Kogod is a person who is going to enhance and add so much to the board, and we are so pleased today to be making this resolution to put him on the board.

Mr. TOM DAVIS of Virginia. Mr. Speaker, I rise today to support the appointment of Robert P. Kogod as a citizen regent of the Smithsonian Institution.

Bob received a B.S. in 1962 from American University located in Washington, DC. He joined the Smith Companies in 1959 where he served as president, chief executive officer and director until 2001. Rob is a member of the boards of directors of Vornado Realty Trust and Archstone-Smith Trust. Bob also serves as President of the Hartman Institute in Jerusalem which is home to the Kogod Institute for Advanced Jewish Research.

In 1979, the Kogod School of Business at American University was named in honor of a major gift from the Kogods.

Bob and his wife Arlene have demonstrated their deep commitment to James Smithson's vision of the Smithsonian Institution as an establishment for the increase and diffusion of knowledge. The Kogods are renowned philanthropists as well as world-recognized collectors of American crafts, Art Deco and American Art. They are longstanding members of the Smithsonian American Art Museum's American Art Forum and the Archives for American Art. Bob previously has served as a member of the Smithsonian Washington Council and is currently serving as special advisor to Secretary Small on the Patent Office Building renovation project.

Mr. Speaker, in closing, I would like to express my support for the appointment of Bob Kogod as a citizen regent of the Smithsonian Institution.

Mr. NEY. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Ohio (Mr. NEY) that the House suspend the rules and pass the joint resolution, H.J. Res. 20.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. NEY. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

GENERAL LEAVE

Mr. NEY. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on the subject of the joint resolution, H.J. Res. 20.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Ohio?

There was no objection.

RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess until approximately 6:30 p.m. today.

Accordingly (at 3 o'clock and 25 minutes p.m.), the House stood in recess until approximately 6:30 p.m.

□ 1830

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. PEARCE) at 6 o'clock and 31 minutes p.m.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, proceedings will resume on motions to suspend the rules previously postponed.

Votes will be taken in the following order:

H.R. 683, by the yeas and nays;

H.J. Res. 19, by the yeas and nays; and

H.J. Res. 20, by the yeas and nays.

The first and third electronic votes will be conducted as 15-minute votes. The second vote in this series will be a 5-minute vote.

TRADEMARK DILUTION REVISION ACT OF 2005

The SPEAKER pro tempore. The pending business is the question of suspending the rules and passing the bill, H.R. 683, as amended.

The Clerk read the title of the bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Wisconsin (Mr. SENSENBRENNER) that the House suspend the rules and pass the bill, H.R. 683, as amended, on which the yeas and nays are ordered.

The vote was taken by electronic device, and there were—yeas 411, nays 8, not voting 15, as follows:

[Roll No. 109]

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. PEARCE) (during the vote). Members are advised 2 minutes remain in this vote.

□ 1855

Mr. COSTELLO changed his vote from ''yea'' to ''nay.''

So (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mr. FOSSELLA. Mr. Speaker, on rollcall No. 109 I was inadvertantly detained. Had I been present, I would have voted "yea."

PROVIDING FOR APPOINTMENT OF SHIRLEY ANN JACKSON TO BOARD OF REGENTS OF SMITHSONIAN INSTITUTION

The SPEAKER pro tempore. The pending business is the question of suspending the rules and passing the joint resolution, H.J. Res. 19.

The Clerk read the title of the joint resolution.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Ohio (Mr. NEY) that the House suspend the rules and pass the joint resolution, H.J. Res. 19, on which the yeas and nays are ordered.

This will be a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 417, nays 0, not voting 17, as follows:

□ 1923

So (two thirds having voted in favor thereof) the rules were suspended and the joint resolution was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

APPOINTMENT OF INSPECTOR GENERAL FOR HOUSE OF REPRESENTATIVES FOR 109TH CONGRESS

The SPEAKER pro tempore (Mr. PEARCE). Pursuant to clause 6 of rule II, and the order of the House of January 4, 2005, the Chair announces the joint appointment by the Speaker, majority leader, and minority leader of Mr. Steven A. McNamara of Sterling, Virginia, to the position of Inspector General for the United States House of

Representatives for the 109th Congress, effective January 4, 2005.

CAFTA

(Mr. BROWN of Ohio asked and was given permission to address the House for 1 minute.)

Mr. BROWN of Ohio. Mr. Speaker, CAFTA, the Central American Free Trade Agreement coming in front of Congress, fact number one: The economic output of the six Central American countries entering into this agreement with the United States is equal to the economic output of Columbus, Ohio; Orlando, Florida; or the entire State of Kansas.

What this trade agreement, CAFTA, is all about: It is not about selling American goods into six small, poor countries in Central America. It is about outsourcing jobs. It is about weakening our economy. It is about losing our manufacturing base. It is about hiring low-income workers in Guatemala and Honduras and Nicaragua and Costa Rica.

This agreement hurts American workers. It depresses American wages. It does nothing to lift up standards of living in Central America.

CAFTA is a dysfunctional cousin of the North American Free Trade Agreement. It will continue to wreak havoc on the economy of Central America and Latin America and do nothing for American manufacturing.

RHETORIC VS. REALITY, SOCIAL SECURITY DEFINED

(Ms. GINNY BROWN-WAITE of Florida asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. GINNY BROWN-WAITE of Florida. Mr. Speaker, I rise today to clarify a few points about strengthening and preserving Social Security.

Unfortunately, partisan opposition groups are playing word games with Social Security reform. Let me tell the Members what these words mean to the average American.

Privatization means taking Social Security completely out of the hands of government and turning the program over to a private entity. I will never vote to privatize Social Security.

Personal accounts means giving younger workers a choice to invest a portion of their tax dollars into safe and secure accounts. Most importantly, these accounts would be owned by the individuals and protected from the D.C. practice of using these funds for general spending. This is not privatization.

I would hope that instead of slinging half-truths and misrepresentations, those groups opposed to any sort of reform would instead present choices of their own and meet Republicans at the negotiating table in a productive, constructive manner.

SPECIAL ORDERS

The SPEAKER pro tempore. Under the Speaker's announced policy of January 4, 2005, and under a previous order of the House, the following Members will be recognized for 5 minutes each.

NO FLY, NO BUY

The SPEAKER pro tempore. Under a previous order of the House, the gentlewoman from New York (Mrs. MCCARTHY) is recognized for 5 minutes.

Mrs. MCCARTHY. Mr. Speaker, for years people have been hearing me talk about gun violence in this country, and the debates over tougher gun laws have been defined as ''social issues.''

Gun violence has had tragic consequences for so many families, including my own. Gun violence presents a tremendous burden to our police departments, and I see it in my own district on Long Island where we are dealing with so many gangs. With the expiration of the assault weapons ban, many police departments will be outgunned by gangs and criminals. That is why basically we had the assault weapons ban put in place back in 1994.

Gun violence also costs this society over $100 billion a year. Most of that $100 billion is paid with tax dollars. It is estimated each shooting costs our economy $1 million in health care, police work, and lost productivity.

Mr. Speaker, the social costs of gun violence are ever increasing, but since September 11, the threat of gun violence has become an important homeland security issue as well.

We are at war, and our lack of tough gun laws allows our enemies to arm themselves right here in our country. People can go to gun shows and be able to buy guns. They can go into different gun stores across this country with false ID and be able to buy guns. We know through the FBI that 44 times just since January the terrorists that have been on a no-fly list have been able to go and buy those guns. In all but nine instances, the purchases were allowed to go through. Affiliation with a terrorist group does not appear on any background checklist whatsoever.

There certainly have been many more instances of suspected members of terrorist groups trying to buy guns since then. But since the Justice Department destroys background check records after only 24 hours, we will never know, unfortunately, until there is a tragedy.

So not only are we allowing suspected terrorists to arm themselves, we are also destroying the records indicating how many guns they have bought and how many they own. We are destroying critical intelligence in the war on terror.

The question my constituents ask me all the time or when I go around the country and speak is, ''Why are these people allowed to buy guns in the first place?'' It defies common sense. We saw what these terrorists are capable of, armed with only box cutters purchased at a hardware store; and starting last week, people are not even allowed to bring a cigarette lighter onto a plane. Then why do we make it so easy for our enemies to buy firearms and ammunition within our borders?

Since 9/11 we have adopted a multitude of new laws in the wake of the war on terror, and I agree with those laws.

□ 1930

No one is spared from the reach of these new laws. Some of these laws may be an inconvenience for some; but if it prevents one terrorist from boarding a plane, it is a good law. But our gun laws are dangerously out of step with the war on terror. The same people who cannot board a plane can walk into a gun store and purchase a handheld weapon of mass destruction. By the way, that is assault weapons, also. This is ridiculous.

Let me set the record straight. I am not out to take away the guns of any law-abiding citizen. We need commonsense gun safety regulations that protect law-abiding gun owners while making it tougher for terrorists and criminals to obtain these guns. That is why I have introduced the No Fly No Buy bill.

This bill would deny those on the Transportation Security Administration's No Fly List from purchasing firearms in this country. Granted, the No Fly List includes some law-abiding citizens who are on the list in error. But it is the only Federal terrorist watch list that allows innocent people to get their names removed. Other Federal lists without practical application may be just as inaccurate, but afford no due process to those wrongly listed. My bill would ensure that those people incorrectly listed on the No Fly List would be able to get their names off the list as soon as possible; and then they would be able to complete their gun purchase, no questions asked. Again, an inconvenience for some, but necessary steps to ensure terrorists are not buying guns in our country.

The Federal Government is charged with protecting us from terror. That is what 9/11 has taught us. I understand the second amendment concerns of law-abiding gun owners. These laws can coexist with responsible people's rights to hunt and protect their families. Responsible gun ownership is a right of all law-abiding Americans, but we must also have a responsibility to protect law-abiding Americans from acts of terror and crime.

Mr. Speaker, we are seeing gangs across this Nation multiply, and we also know that they still have easy access to get guns. We can stop this crime wave that we see going through

our country. We should be stopping this. We can save certainly an awful lot of money on medical costs. Our communities, all of a sudden, they are asking themselves, is it safe to go out at night. We have cut back on our police officers; we have let the assault weapons bill expire; we now cannot even have our police officers check to see if a criminal has bought a gun because in 24 hours the records are destroyed.

We are not going in the right direction. We can make a difference. I hope people will support this bill.

THANKING OUR ARMED FORCES FOR THEIR COURAGE, DEDICATION, AND BRAVERY

The SPEAKER pro tempore (Mr. POE). Under a previous order of the House, the gentlewoman from Florida (Ms. ROS-LEHTINEN) is recognized for 5 minutes.

Ms. ROS-LEHTINEN. Mr. Speaker, I rise today to thank the men and women of our Armed Forces for the courage and the dedication that they have so bravely displayed while liberating and securing Iraq from tyranny and terrorism. Through their hard work and dedication, these Marines, sailors, airmen, and soldiers have succeeded in defeating terrorism and giving birth to a new democracy in the Middle East, one that will serve as a model for the entire region.

Every day, U.S. forces transfer more security responsibilities to Iraqis, giving them the tools that they need to secure their nation. Today, there are more than 150,000 Iraqi security forces who have been trained and equipped by the United States and our coalition forces. Iraqis now patrol Baghdad's hotspots, parts of Mosul, Fallujah, and Saddam's hometown of Tikrit.

Every week, between 1,500 and 3,000 new Iraqi security forces enter active duty, joining the U.S. and coalition forces in our joint battle against terrorism. By liberating Iraq, our fighting men and women showed the world that terrorism and tyranny would no longer be tolerated.

After 9/11, President Bush decided to take the fight to the terrorists; and, once again, our Armed Forces answered the call to service. Ever since, U.S. and coalition forces have spectacularly defeated Saddam's tyrannical regime and transformed Iraq for the better. Those who were once oppressed now rule Iraq, holding the highest offices of a democracy.

Having accomplished the great task of liberating the Iraqi people from the scourge of terrorism, our forces have remained in Iraq to assist in rebuilding the country. Our men and women in the military have built schools, hospitals, and other infrastructure to improve the lives of ordinary Iraqi citizens. They have restored electricity and water to the Iraqis who have suffered from three wars in one generation. Roads and bridges are being repaired to increase commerce. Our soldiers have been able to accomplish this and so much more, even though murdering terrorist gangs try at every turn to thwart their progress.

The valor and the courage of our Armed Forces in the face of this enemy have been critical to the reconstruction of Iraq. This was exemplified by the recent visit of our Deputy Secretary of State to the once-terrorist stronghold of Fallujah.

I am proud that my stepson, Aviator First Lieutenant Douglas Lehtinen, is preparing to deploy to Iraq. He will join the thousands of U.S. soldiers who are bravely fighting to guarantee that future generations of Iraqis will not have to suffer under tyranny.

Some of these soldiers, such as my husband, retired First Lieutenant Dexter Lehtinen, as a platoon leader in Vietnam, have paid dearly for the freedom that so many of us take for granted. My husband, Dexter, was wounded by a grenade that almost took his life. Instead, today he carries the scars of battle to remind us that while freedom may not be free, it is always worth fighting for.

I am proud that my stepson, Dougie, chose to volunteer and to protect the country that we all love so much from those who desire to destroy it. To all the brave men and women who have, do, and will continue to serve our Armed Forces, thank you on behalf of a grateful Nation.

FOCUSING ON CONSTRUCTIVE SOLUTIONS TO U.S. IMMIGRATION POLICY

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Illinois (Mr. GUTIERREZ) is recognized for 5 minutes.

Mr. GUTIERREZ. Mr. Speaker, I rise this evening to begin what I hope will be the start of a constructive dialogue about our Nation's immigration laws.

There has been a lot of heated rhetoric about this topic in recent months. But what I believe has been lacking from this debate is a discussion of real solutions and an accurate portrayal of the real contribution of our Nation's immigrant community.

In Congress, on cable shows and in newspaper columns across the country, we witness undocumented workers being unfairly and inaccurately blamed for all of our Nation's ills. In fact, it seems as though there are some cable show hosts out there who have made this practice the cornerstone of their programming. Just look at Lou Dobbs and his ''Broken Borders'' segment. If you ask me, it should be called the ''Broken Record'' segment. Because night after night after night, it is the same thing. It is about giving a platform to anti-immigrant extremists so they can espouse their misguided, misleading, and often malicious views.

Mr. Speaker, I am the first to admit that our Nation's immigration system is simply not working. It is not meeting the needs of our Nation, it is damaging families, and it is hurting businesses. But rather than targeting Windex-wielding cleaning ladies, we should be talking about practical solutions.

Do these individuals actually believe we should deport the more than 10 million undocumented working men and women working in this country? Do they think that is truly the answer? Let us say they say yes. Do they think our Nation has the will or the requisite resources to round up these individuals and ship them all off? If that is the case, I would simply ask them, what would life be without the more than 700,000 undocumented restaurant workers washing dishes and cleaning tables, 250,000 household employees, or the almost 1 million undocumented farm workers? These industries where these workers toil would literally come to a screeching halt if not for their labor. Their absence would cripple entire communities. Fruits and vegetables would rot on the vine, office buildings and hotels would go uncleaned, and children would go unattended.

So this evening, I thought I would set the record straight and give the folks at CNN and other news outlets a little unsolicited editorial advice. I think we should be talking in this country about mending borders. Rather than a segment about broken borders, why not create a segment about mending borders on your stations? How about a segment where elected officials, policy analysts, and immigration experts on all sides of the political spectrum discuss ideas and proposals for fixing our flawed immigration policy? How about, instead of endless footage of workers crossing the border, we see footage of real contributions of immigrants to our agricultural industry?

I wish I could turn on the television set one night and see scenes like this, by Rick Nahmias. This is the face of our immigrant community, right here, Mr. Speaker. It is back-breaking, thankless labor. These men and women are exposed to dangerous pesticides and punished by brutal working conditions. They lack safety equipment and have no place to send their children to school. Many of these workers wake up at 2 in the morning to take a bus to our fields, and they do not return until long after dark.

But this is why we have fresh fruits and vegetables at our grocery stores and on our kitchen tables. It is men and women like this in this poster who sustain our $30 billion agricultural industry. According to the Department of Labor, at least half the 1.8 million crop workers in the U.S. are undocumented. That is the Federal Government.

I would like to show the next poster, one we never see on TV. The subtitle of the article is ''Jobs Americans Won't Do.'' I wish everybody would read the front page of The Wall Street Journal on March 11. The Wall Street Journal article focuses on the challenges growers have finding workers. For example, ahead of a recent lettuce harvest, one grower took out ads in local papers for field workers to pick up the lettuce. He needed about 350 workers. The grower got one reply, just one reply. Mr. Speaker, the simple truth is our aging, more educated workforce is unwilling to pick the lettuce.

I do not blame them. It is truly arduous work. So rather than attacking immigrants for filling these important jobs and for sustaining our vital agricultural industry, let us talk about creating a system that allows them to come out of the shadows and work here legally and safely and humanely. Rather than unfairly attacking immigrants for draining entitlements, let us talk about the undocumented workers who are here in this country and, according to the Social Security Administration, subsidize our Social Security system by $7 billion. Unfortunately, I have yet to see a segment about this on the cable channels.

Mr. Speaker, rather than focusing on the fiery rhetoric that boosts cable ratings, I would rather we focus on the words of the late Pope, John Paul II, who said, Undocumented migrants are the most vulnerable of foreigners. With those words as our guide, I hope we can work together to create an immigration system that is reflective of their enormous contribution and the greatness of this Nation.

MOURNING THE LOSS OF PRIVATE AARON HUDSON

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Texas (Mr. BURGESS) is recognized for 5 minutes.

Mr. BURGESS. Mr. Speaker, I received an announcement this morning from the Department of the Army. It is a casualty announcement that unfortunately we all receive from time to time, and it says: ''The United States Army announces the loss of Private Aaron M. Hudson, 20, of Highland Village, Texas, who died on April 16, 2005 in Taji, Iraq, in support of Operation Iraqi Freedom. According to initial reports, Private Hudson died from injuries sustained on April 15, 2005, when an improvised explosive device detonated near his patrol.

Private Hudson was assigned to the 401st Military Police Company, the 720th Military Police Battalion out of Fort Hood, Texas.

Private Hudson's family resides in Highland Village, Texas. The Army extends heartfelt sympathy and condolences to his family who have suffered this loss.''

Well, Mr. Speaker, I thought I should do something to perhaps fill in a little bit more about the life of Private Hudson; and although I did not know Private Hudson, we did reside in the same city for a while.

Private Hudson was a 2002 graduate of Marcus High School in Flower Mound, Texas. He joined the Army a year ago and left for Iraq in January, and he was serving at the 401st Military Police Company.

Mr. Speaker, the majority of the information that I am going to tell the House tonight came from a newspaper article in the Dallas Morning News from Monday, April 18, 2005; and I will insert that into the RECORD at the conclusion of my remarks.

Private Hudson was traveling in a convoy between Baghdad and Camp Taji on Friday performing a routine patrol delivering mail, Mr. Hudson, his father, said. He was the gunner in his military police team and was charged with security at the rear of the convoy when a roadside bomb exploded. A large piece of shrapnel shot through his body armor and struck him in the chest.

Private Hudson was born May 17, 1984, in Dallas. He played baseball, soccer, and basketball growing up; but his main high school sport was golf.

□ 1945

Mr. Speaker, I received a phone call from a Highland Village policeman, Chuck Barr, who was a next-door neighbor of Private Hudson.

Chuck being a policeman, you might imagine is somewhat circumspect about young men as they grow up. But he had no such reservations about Aaron Hudson. He told me that he trusted Aaron completely. He and his wife, Dawn, frequently used Aaron as a baby-sitter for their young children. And the photograph provided to me by Chuck Barr, the policeman in Highland Village, shows him and Mr. Barr's son sitting at their home in Highland Village.

Officer Barr related that Aaron had fun, but he never got into trouble. He said he and his wife, Dawn, used to always know when Aaron arrived home at night because his truck was a little bit loud as it pulled into the driveway next door.

Mr. Speaker, I cannot even imagine the pain that Mark Hudson and Angela Hudson, Aaron's parents, are going through this evening and this week. I called Mark Hudson today, and even though he was suffering enormously, he did take the time to talk to me a little bit about his son and his son's life. I told him that I would be speaking on the floor of the House tonight about his son.

And he said, I want you to tell the other Members of Congress that his son, Aaron, was proud to be a soldier. He said, As a father, I could not ask for more than for my child to go and help people halfway across the world, people he had never met before, to go and help them, and to give his life in trying to extricate them from tyranny.

Mr. Hudson wanted this body to know how much he supported the other young men and women over in Iraq this evening, how much he supported them in their effort to provide freedom for the Iraqi people.

Mr. Hudson told me that Aaron loved to be called a soldier. Mr. Hudson reminded me that tonight in the Hudson household the casualty rate is at 100 percent, but still he wanted me to convey that he and his family harbored no ill will against the Iraqi people. It was clear in Mr. Hudson's mind his son had been murdered by criminals, by a criminal element in the country of Iraq and not the Iraqi people that his son had gone to help.

Mr. Hudson also asked me to say a special note of thanks to a gentleman, and unfortunately Mr. Hudson did not know this gentleman's first name or his rank, but he was with Aaron in the 401st Military Police Division. The man's name is Robertson. He went through basic training with Aaron and they deployed together in Iraq, and it was Robertson who got young Aaron onto the medivac helicopter, and probably it was Mr. Robertson who heard Aaron's last words.

Mr. Hudson said that the letters he got back from his son were always upbeat. He never complained about things like the food. He never complained about his life in Iraq. He loved the camaraderie and the structure of being around his fellow soldiers. Mr. Hudson said in the newspaper article, Let's face it, he would rather have been home, but he knew why he was there and he knew his being there was important.

Well, Mark Hudson, Angela Hudson, I want you to know that just as we heard the gentlewoman from Florida, ILEANA ROS-LEHTINEN, say when she was speaking of her stepson that was going to be deployed, on behalf of a grateful Nation, we say, ''Thank you.'' As Aaron comes home this week, I again would say, Thank you.

[From the Dallas Morning News, April 18, 2005]

HIGHLAND VILLAGE SOLDIER KILLED

(By Christy A. Robinson)

An Army private from Highland Village died in Iraq on Saturday, a day after he was struck by shrapnel from a roadside bomb.

Pvt. Aaron Hudson, 20, was a 2002 graduate of Marcus High School in Flower Mound. He had joined the Army almost a year ago and left for Iraq in January. He was serving with the 401st Military Police Company.

''He liked being called a soldier,'' said his father, Mark Hudson. ''My son died doing what he wanted to do. As a father, you can ask no more for your children than to willingly help other people.''

Pvt. Hudson was traveling in a convoy between Baghdad and Camp Taji on Friday,

performing a routine patrol and delivering mail, Mr. Hudson said.

He was the gunner in his military police team and was charged with security at the rear of the convoy when a roadside bomb exploded. A large piece of shrapnel shot through his body armor and struck him in the chest.

''We knew in the back of our mind that this could happen,'' Mr. Hudson said. ''The people of Iraq, did not kill my son . . . the criminal element in Iraq killed my son. He was there to help the Iraqi people.''

Pvt. Hudson was born May 17, 1984, in Dallas. He played select-level baseball, soccer and basketball growing up, but his main high school sport was golf.

He always felt at ease around people of any age, especially around his grandfather's golfing buddies. ''He loved to play golf with those men. Those men loved him, too,'' Mr. Hudson said.

Pvt. Hudson conducted extensive research into which branch of the military he would join, his father said, before settling on being a military police officer in the Army.

''The thing that makes it odd is we aren't a military family,'' Mr. Hudson said. ''He sent us a letter the fourth week into basic [training]. Basic training is supposed to be tough. And he said, 'Man, Dad. This is fun.' I knew then he made the right decision.''

Pvt. Hudson spoke to his family by telephone two or three times a week. The last time that he spoke with his parents was the Tuesday before he was killed to wish them a happy 25th wedding anniversary.

Pvt. Hudson's phone calls and letters were never negative, his father said.

''The food was never terrible, the conditions were never terrible,'' he said. ''You would think the letters would start off with, 'This sucks.' But they were never like that. It's made this a whole lot easier.''

Mr. Hudson said his son's best friends were fellow soldiers.

''He loved the camaraderie and the structure,'' Mr. Hudson said. ''Let's face it, he'd rather been home. But he knew why he was there, and he knew him being there was important.''

Pvt. Hudson's body was expected to arrive at Dover Air Force Base in Delaware early this morning. His body will be returned to North Texas by the end of the week, Mr. Hudson said.

Funeral arrangements are pending. Pvt. Hudson's battalion in Iraq will hold a memorial service for him Wednesday.

In addition to his father, Pvt. Hudson is survived by his mother, Annette Hudson of Highland Village; a sister, Lezlie Hudson of Dallas; grandparents David and Fredrika Hudson of Mount Pleasant, Texas; and great-grandparents Ed and Loise Huddleston of Lewisville.

OPPOSITION TO TRADE AGREEMENTS

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Ohio (Mr. BROWN) is recognized for 5 minutes.

Mr. BROWN of Ohio. Mr. Speaker, the definition of insanity is when someone does the same thing over and over and over again, and then expects a different outcome.

Every time a trade agreement comes in front of this Congress, the American Free Trade Agreement in 1993, the trade agreements throughout the 1990s, trade with China, trade agreement after trade agreement, the support of those trade agreements promise the American people several things.

They promise more jobs for Americans, they promise more U.S. exports to those countries with whom the trade agreement is signed. They promise strengthening the middle class in the United States. They promise more manufacturing jobs for Americans. They promise a prosperity in the developing countries whom we are trading with. They promise strong environmental standards and food safety standards and worker standards and all of that.

Every time they make those promises, this Congress passes a trade agreement, usually in the middle of the night, usually by a handful of votes, and every time after this Congress passes these trade agreements, the promises just evaporate. We simply do not see the kind of results they promise.

One of the promises they make in every single trade agreement is that our trade deficit would come down. And let me point out our trade deficit, what has happened in this country.

Our trade deficit is a simple calculation: It is how much the United States exports versus how much it imports. If we export more than we import, we have a trade surplus. If we buy, import, more than we sell, export, we then have a trade deficit.

I ran for Congress in 1992. In 1992 the trade deficit in this country was $38 billion. Since 1992 we have seen a series of trade agreements passed, NAFTA, China, Australia, Morocco, Singapore, Chile, several others.

Today, the trade deficit, $38 billion in 1992, the trade deficit last year 2004, was $620 billion. From 38 billion to 620 billion, yet the people that brought us NAFTA, the people that brought us China, Most Favored Nation status, are still saying, Vote for our trade agreements and we will bring deficits down.

But do not take my word for it when I say that they break these promises. Look at these trade deficit numbers, and then look at what President Bush wants to do today.

President Bush is saying, Please pass the Central American Free Trade Agreement, similar to the North American Free Trade Agreement, CAFTA, the Central American Free Trade Agreement. He says, If you pass CAFTA, we will have more exports; we will grow manufacturing in the United States; we will have a strengthened middle class; we will have strong environmental standards both in the United States and Central America; it will bring prosperity to the Central American countries.

What he does not tell you is that the six Central American countries that make up CAFTA, their combined economies figure at about $62 billion. Our economy generates $10.5 trillion in GDP, the six countries in Central America have a combined GDP, if you will, of $62 billion.

So CAFTA is not about robust markets for the exporting of American goods. They simply are not able to buy our products. $62 billion GDP in those six countries, that is about the combined purchasing power of the city of Orlando, Florida, or the city of Columbus, Ohio, or the entire State of Kansas. In other words, these six very small, very poor countries, have the economic input of Kansas or of Columbus or of Orlando.

So they are not buying American products. So they simply cannot buy agricultural produce from this country. They cannot buy the wines from California or the cars from Ohio or the steel production from West Virginia. They cannot buy computer goods. They simply cannot afford to buy these products from the United States.

So what are these trade agreements about? What was NAFTA about? What was the China trade agreement, MFN, about, what was CAFTA, the Central American Free Trade Agreement that the President wants us to pass, what is that about? It is about outsourcing jobs. It is about moving production from the United States where workers make $8 or $10 or $15 or $20 an hour producing things, to Guatemala, to Honduras, to Costa Rica, to Nicaragua, to El Salvador, to countries where the wages are maybe a dollar or two a day, or $3 or $4 a day in some cases.

It is about outsourcing jobs. It is about moving production to Central America. It is about loss of American jobs. It is about exploitation of workers in the developing countries. It is about worse environmental regulations. It is about weaker food safety standards. But it is also about profits, the profits for large American companies.

That is why in this hall you are seeing the largest CEOs of the largest companies walk the halls asking Members of Congress to vote for CAFTA. You are seeing the CEOs of America's largest companies contributing to elected officials, to Members of Congress. You are seeing them trying to buy their way into this institution, this corrupt institution, under the leadership of Republican leader TOM DELAY.

You are seeing in this institution an attempt to buy the Central American Free Trade Agreement. This agreement is about profits for American companies. It is about campaign contributions. But what CAFTA will not do is stop the bleeding of manufacturing jobs in the United States, and what it will not do is create a strong Central American consumer market for American goods.

Our economic success in this country is that workers in our country share in

the wealth we create. If you work for General Motors, you help that company produce profits, you help that company do well. As a result, you, as a worker, share in the profits that you create.

That is what has made our economy vibrant. It is that people who work hard and play by the rules do well. But throughout the developing world, workers do not share in the wealth they create. So what will make a trade agreement work is when the world's poorest people can buy American products rather than just make them; then we will know that our trade policy finally will have succeeded.

ORDER OF BUSINESS

Mr. EMANUEL. Mr. Speaker, I ask unanimous consent to speak out of order for 5 minutes.

THE SPEAKER pro tempore. Is there objection to the request of the gentleman from Illinois?

There was no objection.

WELCOME HOME GI BILL

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Illinois (Mr. EMANUEL) is recognized for 5 minutes.

Mr. EMANUEL. Mr. Speaker, at the President's second inaugural, last January, he said, ''A few Americans have accepted the hardest duties in this cause, the dangerous and necessary work of fighting our enemies. We will always honor their names and their sacrifice.''

The other day I introduced a bill called the Welcome Home GI Bill, to recognize the returning veterans of Iraq's and Afghanistan's theaters of war, to give them the type of compensation that they have deserved.

Now, a little history. We all know about the GI Bill. The fact is that the GI Bill was passed approximately 11 months before the end of World War II, signed by the President of the United States. Even before the war was concluded, the GIs from that war knew what the GI Bill was going to be.

And it helped them on health care and education and buying a home. It helped them put themselves on the road to their civilian life, but also put America back on the road coming home from that war.

And the truth is that every Congress, every Congress, at the end of hostilities has had a package of compensation for its veterans. Going back to the War of Independence, disabled veterans received a pension. There has not been a military engagement that the United States Congress, as the voice of the American people, has not designed a package for its returning vets; and it is high time that the 109th Congress follow the great tradition of every Congress before and begin to think what we will do for the vets returning from Iraq and Afghanistan.

Two weeks ago I met the Marine Corps 2nd Battalion 21st Regiment. I had seen them off 7 months earlier, and greeted them at Rosemont Horizon Arena in the Chicago suburbs, and saw those families. And one father said to me in a very poignant way, that this reception was a lot different from the reception he received about 35 years ago when he came home.

Now, what I have done in this package, which we have put together now with 15 sponsors, and the Veterans of Foreign Wars, the Illinois Chapter has endorsed and supported, is three parts: education, health care and housing.

In the area of education, today, full benefits would be around $36,000 in 3 years under the Montgomery GI educational benefits, and you would have to pay $1,800 to get that $35,000.

The Welcome Home GI Bill is 75,000 over 4 years, and you do not have to pay $1,800 to get that educational benefit because, in the view of the legislation, your service is your contribution. You do not have to pay $1,800 to receive an educational benefit, whether that is for college, 4 years of education, whether it is for job training, whether it is for postgraduate work, that benefit you earned by your service.

Second, if when you come back, your place of employment does not provide health care; or if because you went off to war, when you came back your health care was canceled, you and your family will get 5 years of TRICARE health care, the gold standard and the gold-plated health care that you are provided on active duty.

Today, vets get, if obviously if they are hurt or are in poverty, they get the veterans health care system. We are going to provide them the TRICARE system that they get as if they were active duty, for them and their families.

□ 2000

Third, we provide today a mortgage insurance for a home. The hardest part of getting a home is actually the down payment. It would be a $5,000 contribution towards the down payment on their home. TRICARE health care for 5 years if your employment does not provide it or you lost it for you and your family, $75,000 for 4 years of education to pursue job training and education and you do not have to contribute $1,800 to get that. Your service provided that. And, lastly, $5,000 for a down payment on a home. That is in my view the minimum of what we can do for the returning veterans of Iraq and Afghanistan is provide them that sense of compensation. It is a welcome home for the GIs. Every Congress has done it in the past.

Lastly and more importantly, today we have a disparity between the benefits between National Guard and Reserve and regular enlistees. We eliminate that disparity between Reserve and active duty because you saw the same experience in Iraq and Afghanistan. So Reserve and National Guard get the same benefits as the regular enlistees have received. It eliminates that discrimination.

As I always say, we do not owe our veterans a favor, we just have to repay one. The Welcome Home GI Bill has now received the support of the Illinois chapter of the VFW. I look forward to the support of others. We will be submitting the bill next week.

HONORING MATTHEW DRAKE

The SPEAKER pro tempore. Under a previous order of the House, the gentlewoman from Ohio (Ms. KAPTUR) is recognized for 5 minutes.

Ms. KAPTUR. Mr. Speaker, this week Matthew Drake, a soldier who had been serving our Nation in Iraq, was awarded the Purple Heart for grave injuries he sustained on October 15, 2004, in Anwar Province, Iraq. May I please extend to him and to his family warmest congratulations and deepest gratitude on behalf of the people of the United States.

Private First Class Drake, a resident of Toledo, Ohio, and graduate of Sylvania North High School, while driving a 6-ton truck became the only survivor of a bombing. Comatose, he had a fractured skull, severe head injuries, multiple back injuries, many broken bones, and damage to his right arm and shoulder. He underwent many surgeries while hospitalized in Germany at both military as well as German private hospitals and more after traveling to Walter Reed Army Hospital here in Washington where he remained in a coma for many weeks.

Matthew Drake survived by all accounts miraculously and will undergo rehabilitation for a very long time. He has been courageous in his journey. He said this week that on receiving this Purple Heart he wanted to be able to stand from his wheelchair in order to have it pinned on him.

Throughout the months since Matt was wounded, his family has struggled to afford what is necessary to help him to travel to the hospitals on our coasts where people have been trying to help him. For his family to be near him and to help his very long rehabilitation, a fund was established at Sky Bank in Toledo, Ohio, on his behalf.

Last week, I attended a spaghetti dinner which was a fundraiser arranged by Matt's family and friends to raise the money, at least part of it, required for this son of our Nation to continue his progress with the support of his family. And before I left, they gave me this T-shirt to remember Matt. And it says on it, ''The Long Road Home, Matthew Drake, Army Special Forces Injured in Iraq. He was there for us. October 15, 2004.''

Matthew Drake was born in Toledo, Ohio, in 1983. He was raised in Sylvania and attended Maplewood Elementary School. He played soccer and was a Boy Scout and a member of Olivet Lutheran Church. While a student at Northview High School, Matthew was a wrestler and excelled in gymnastics. He trained in the martial arts, played guitar, and was an honor roll student.

After graduation, he started college at Bowling Green University and worked for the United Parcel Service, but 1 year later he felt duty-bound to serve our country. He left college and enlisted in the United States Army on October 13, 2002. Following training, he was assigned to Special Forces Bravo Company and sent to Iraq on September 7 just having turned 21. Not 6 weeks later he was promoted to specialist and 2 days after that the attack that changed his life forever occurred.

Now facing the greatest challenge of his young life, to return from a near mortal head and bodily injuries and trying to regain as much strength as he can, Matthew Drake's dream of becoming a physical therapist have turned to dreams of gaining inches of recovery day by day. He had always planned to work in a profession where he could be of help or service to other people. Yet his commitment to his family, his feeling responsible to protect his younger siblings brought him to a most dangerous place. He felt he had a job to do, and he did it.

How many times have we heard that sentiment echoed by the families of the more than 11,000 service members injured in Iraq? Matthew Drake joins the 6,050 of those who were not able to shortly return to duty and whose future in service to America and their God will take another form.

Matthew faces struggles of rehabilitation most of us cannot imagine. Even swallowing whole food is still not possible. Matthew's story represents one family's heroic struggle multiplied by more than 11,000 families whose loved ones have been injured and the over 1,550 who have had to lay their loved ones to rest.

Our government must assure that we properly care for and fully compensate these young people through their entire recuperation and lifetimes. Why should a family have to have spaghetti dinners in order to have the funds necessary to travel to be with one of these severely injured veterans who have come home?

Matthew is a quiet and shy young man who loves to laugh, especially enjoys children and animals, and who joined the Army to make the world safer. He represents the citizenship ideals of hundreds of thousands of service members whose value we should not forget.

The explosion that so injured Matt on October 15, 2004, killed all his colleagues but him. His injuries were grave. He was never expected to live. Matthew Drake survived by miracle and support of his family. His mother, Lisa, has never left his bedside since he has returned Stateside, and his father Tom has traveled time and again to be with him.

On April 18, 2005, with his mother and father by his side, along with his immediate family and friends, Matthew was awarded the Purple Heart. Matthew had made a promise to his parents that no matter what he would try to stand dressed in his uniform to receive this special honor. He needed help to do that, but he did it.

Four Star General Douglas Brown, who presides over the Special Operations Units for all branches of the military, was given the honor of presenting the Purple Heart Award to Specialist Matthew T. Drake.

Our hearts swell with Matt and his family, not only because he was awarded such a prestigious and significant medal but because he lived to receive it and understands the meaning of words duty, honor, and country.

Congratulations to Matt. We love you.

[From the Toledo Blade, Oct. 19, 2004]

SYLVANIA SOLDIER SURVIVES SUICIDE ATTACK; NORTHVIEW H.S. GRAD IS IN COMA, WITH SKULL FRACTURE, INJURIES TO ARM, SHOULDER

(By Elizabeth A. Shack Blade)

A Sylvania soldier was seriously hurt in a car bombing in Iraq on Friday that killed four other people, and his family and friends are anxiously awaiting word on his recovery.

Pfc. Matthew T. Drake, who is in an Army Psychological Operations unit based at Fort Bragg, N.C., arrived at Ramstein Air Base in Germany last night on his way to Landstuhl Regional Medical Center.

On Friday, Private Drake was driving a truck near the town of Qaim near the Syrian border. Two other psychological operations soldiers, a Marine, and an Iraqi translator were killed in the suicide attack.

Private Drake was in a coma when he reached a military hospital and also has injuries to his head, right arm, and shoulder, including a fractured skull.

''It's an unbelievable miracle that he survived,'' his aunt, Linda Marie Domini, said.

He has had several surgeries for his head injuries and will have more surgeries when he is in a more stable condition. He will eventually be transferred to Walter Reed Army Medical Center.

Private Drake graduated from Sylvania Northview High School in 2001 and attended Bowling Green State University for a year. In October, 2002, he left to join the Army.

He wanted to protect his younger siblings, Heather Schuster, a sophomore at Northview, and Michael Schuster, a sixth grader at Arbor Hills Junior High.

''He really felt called to serve,'' his aunt said, ''He wanted to go fight the terrorists over there rather than have them come over here.''

A member of the 9th PsyOp Battalion, Bravo Company, Private Drake left for Iraq on Sept. 7, two days after his 21st birthday, assigned to a three-man psychological operations unit. He drove an armored six-ton truck with a speaker.

His aunt said he felt that he had a job to do and he was going to do it, and he promised his mother, Lisa Schuster, that he'd come home. His father is Thomas Drake of Toledo.

''He's coming home a Purple Heart veteran,'' his aunt said, her voice breaking.

Private Drake, who was a wrestler his junior and senior years in high school and is a certified personal trainer, was thinking of becoming a physical therapist, Mrs. Domini said.

Friends and family described Private Drake, who belongs to Olivet Lutheran Church in Sylvania, as a kind, funny, and generous man.

Matt Serror, who has known Private Drake since they played soccer together in elementary school, said he was quiet and shy in high school but always helped people out, whether he was shoveling snow for an elderly neighbor or dropping a dollar in a can by a cash register.

''It's the little things you might not think about,'' Mr. Serror said. ''He's one of those people that doesn't come around every day.''

When his aunt's 150-pound Rottweiler was recovering from surgery, Private Drake carried him outside when needed to go outdoors.

In an e-mail to his mother a week before the attack, he wrote that he had befriended a feral dog that ran around the encampment where he lived with two other men in a room the size of a two-car garage.

''We pray that when he does come out of his coma that he's still Matthew,'' Mrs. Domini said.

Sky Bank branches are accepting donations to the Matthew T. Drake fund. His aunt said that if he doesn't survive, the money will go to families of other wounded soldiers.

But she said their family is one of strong faith, and they believe he's going to make it.

''We certainly ask for people who believe in prayer to pray for his recovery,'' Mrs. Domini said.

SMART ENERGY POLICIES, NATIONAL SECURITY AND IRAQ

The SPEAKER pro tempore. Under a previous order of the House, the gentlewoman from California (Ms. WOOLSEY) is recognized for 5 minutes.

Ms. WOOLSEY. Mr. Speaker, later this week the House will vote on energy legislation that concerns every man and woman in America. This energy bill presents a terrific opportunity to reduce our Nation's continued dependence on petroleum by promoting clean and renewable energy sources. But instead of encouraging the use of renewable energy, this Neanderthal legislation promotes the interest of corporations through tax breaks that encourage air pollution, water contamination, and the general destruction of our environment.

This energy legislation will harm more than our environment. American's continued reliance on fossil fuels is the single largest factor that contributes to our national insecurity. That is because we obtain most of our fossil fuels from the Middle East, a region where democracy is about as common as desert oases. By spending billions of dollars annually on foreign fuels, the United States supports autocratic regimes in countries like Saudi Arabia, Libya, and Venezuela.

The citizens of oil-rich countries run by despots rarely, if ever, receive even a dime from these oil sales. More often than not, these riches line the pockets of fat-cat leaders and their cronies, instead of paying for projects that would help improve the lives of all the people in the country.

This drastic gap in wealth between the upper and lower classes, in turn breeds hostility and despair among the local populace. This hostility, combined with the militant form of Islam that is encouraged by the fat-cat leaders, creates the conditions in which terrorism runs rampant.

If the United States were to become fully energy independent, we would essentially pull the plug on the supply of money that flows to the Middle East much like oil through a pipeline. Therefore, the most effective measure we can take to address global terrorism is to curb our dependence on foreign fuel. Unfortunately, this sham of an energy bill that we will vote on this week would do the very opposite, making Americans more beholden than ever to the whims and desires of big oil companies.

Sadly, 150,000 United States troops are currently embroiled in a war in Iraq that certainly is intended to ensure that the U.S. has access to Middle East oil.

President Bush and the Republican leaders in Congress claim they want democracy to take hold in Iraq. But if a democratic Iraq really is wanted, then we need to do two things right here at home.

First, we must craft a viable national energy policy that encourages the development and use of renewable sources of energy. Second, we must remove our troops from harm's way by withdrawing United States military forces from Iraq, giving Iraqis and Iraqi oil back to the people of Iraq.

I have introduced legislation to accomplish this: H.R. 737, the Renewable Energy and Energy Efficiency Act of 2005. It establishes a comprehensive energy strategy that will stimulate demand for more efficient energy processes and unlock the vast potential of renewable energy sources.

I have also introduced H. Con. Res. 35 with the support of 31 of my House colleagues. This legislation calls on President Bush to begin immediate withdrawal of U.S. troops from Iraq. If Iraq is as stable and secure as the Bush administration claims, then why does a third of our standing military remain there still fighting the Iraqi insurgency? Why do the men and women in our military continue to face gunfire and car bombs halfway around the world? For what cause have more than 1,500 American solders and tens of thousands of Iraqi civilians died, with another 12,000-plus American soldiers gravely wounded physically and mentally?

Mr. Speaker, our Nation's energy and foreign policies are interconnected. You cannot address one without addressing the other. That is why the energy legislation that will come before the House this week is so terribly wrong for America.

In promoting this misguided energy bill, the Republicans in Congress ensure the continuation of the deep disparities of wealth in the Middle East. These misguided policies will encourage future acts of terrorism which will encourage future warfare. Instead of relying on foreign oil for our energy needs, let us address the source of the problem by employing our Nation's innovative expertise by promoting the advancement of clean, renewable sources of energy. This will keep our air and water pure; but just as important, it will help purify our Nation's foreign policy.

□ 2015

EARTH WEEK

The SPEAKER pro tempore. Under the Speaker's announced policy of January 4, 2005, the gentleman from Washington (Mr. INSLEE) is recognized for 60 minutes as the designee of the minority leader.

Mr. INSLEE. Mr. Speaker, I come to address the Chamber today on Earth Week. This is the 35th anniversary of Earth Day, something that is quite a significant event and something that has been very successful in American history.

I reflect back 35 years ago, and look how far we have come in America with our environmental policy to improve the conditions of our air and water, and we have had some real successes. I think it is appropriate once in a while to reflect on success in our Nation.

I live in the Seattle area and on an August day in Seattle, you look south where on a clear day you see Mount Rainier. It is quite a beautiful 14,600-foot peak. In August, it was invisible. You could not see it through the yellowish haze, except maybe the top 1,000 feet or so. As a result of some bipartisan efforts to reduce particulate matter and others in our air, we have been successful and I report you can see Mount Rainier very clearly as long as it is not raining, which once in a while it does in Seattle, of course.

We have had successes all over the country in improving our air quality as a result.

Just another little story: When I look out at Puget Sound just in front of my house, 35 years ago you may not have seen any bald eagles. They were an endangered species and had considerable problems because of some pesticides in our food chain. Now, just yesterday before I flew out here, I saw a great bald eagle soaring. It is a real joy to watch him fishing, they are joined by the ospreys frequently, and we have had success with the bald eagle and now people are enjoying and our grandkids and great grandkids are going to enjoy. We have had success.

The third success: I want to point to some of our policies that this Congress has adopted have been successful in bringing more efficiencies so we do not waste as much oil and have the pollution associated with oil.

In fact, if you will look at the graph here, this is a graph of the auto efficiency that we have had over the last several decades, and the top line here is for cars. The bottom line is for trucks, and the middle line is the average of both. You see back in 1975 our trucks were getting about an average of 12.5, 13 miles a gallon. Our cars, on average, were getting about 14.5 miles per gallon.

Back in the mid-1970s, we adopted some fairly ambitious goals to improve efficiency of our cars. What did we get? We got a tremendous boost in efficiency. If you look at these rising lines both for trucks and cars, very, very steep curves going up, so that in about 1984–1985 we got our cars up to an average of 24 miles a gallon, our trucks up to about 17 or 18 miles a gallon.

We had some major successes and we did so because the country embraced the spirit of Earth Day and embraced this concept that we have to have forward-looking, visionary environmental policy and energy policy in this country.

In sort of one of those ironies of life during Earth Week, we are going to have the energy bill up here before the House, which has major, major environmental impacts as well as security impacts and job and economic impacts.

I wanted to address tonight the impacts on our jobs, on our security and on our environment of the energy bill that the House will consider this week. I would like to start with some of the difficulties of that bill and some of its failures, and then I would like to move to the good news about the vision that we have to create a new energy future, a visionary energy future for this country. In fact, what we call it is the new Apollo Energy Project, and many of us believe we need an entirely new visionary, over-the-horizon plan for energy efficiency in this country that will do three things: first, break our addiction to Middle Eastern oil.

The security needs of this Nation to do that are obvious. The need to help spread democracy and the ability to do that will be much greater if we break this addiction to oil, which gives the oil princes and sultans the power in the Mideast. The security need for this is obvious. This is the first goal of the new Apollo Energy Project.

The second goal is to stop global warming. We have real problems with that. I will address that later. We need to have an energy policy that will stop

this freight train right now that is building to significantly change our climate.

The third goal of the new Apollo Project is to grow jobs right here in the United States rather than allowing job loss to go overseas. Many of us feel that we should be building fuel-efficient vehicles here and not just in Japan. Those jobs, building fuel-efficient cars, should be here in America and not overseas by necessity. We think the solar cell technology, which was originally developed here, those jobs building those solar cells ought to be here, not Germany.

We feel that the people who are building the wind turbines, those jobs ought to be here, in Washington State and other manufacturing centers around the country, rather than in Denmark, that is now leading the world in that technology.

So we think we can bring those high-tech, visionary jobs home, and that is the very package of the new Apollo Energy Project.

I want to contrast that just for a moment with what the bill that will be voted on the floor consists of. Basically, the best way I can describe the bill that the majority party is bringing to the floor is pretty much a large transfer of taxpayer money to the oil and gas industry, and it is nothing more and really nothing less.

It is about $7.5 billion out of the $8 million that will go in direct subsidies in one form or another, sometimes through the Tax Code, some through direct subsidization to the oil and gas industry. That is over 85 percent of the entire amount to be invested in this that will go from taxpayers to the oil and gas companies.

It is interesting; I read a quote today by a gentleman who may surprise you, who said this, commenting on the relative wisdom, or lack thereof, of transferring $7.5 billion from taxpayers, who just got done filling out their tax reports, to one of the most profitable industries in America. In fact, last week I just read that one of those companies, I will not name their name, they are a fine company, good people work for them, but they had $8 billion in profits the third quarter last year, the largest quarterly profit of a corporation in American history. Yet, the bill the majority party is bringing to this Chamber will take $7.5 billion, roughly, of taxpayer money and give it to the oil and gas companies.

It was a very interesting quote I saw in this morning's newspaper. I thought I might share that. I thought it was a very sage comment on whether that made sense. This gentleman said, I will tell you, with $55 oil, a barrel, we do not need incentives to oil and gas companies to explore. There are plenty of incentives. What we need is to put a strategy in place that will help this country over time become less dependent.

That quote was by a fellow who knows the oil and gas industry quite well. That was a quote from President George Bush, who I think very pointedly asked, What are we doing giving the oil and gas industry $7.5 billion of taxpayer money when they have got $55, $56, $57, maybe $58 a barrel of oil now? If that is not an incentive, what else would be needed?

As President Bush pointed out, what we really need is some more technological solutions to deal with a way to break our addiction to oil of any nature, foreign or domestic, so that we can move forward and no longer be a slave to big oil. I thought that was an interesting comment, one that I hope some of my colleagues can ask when we debate this issue.

I was talking to one of my constituents the other day, and I told him this; and he just looked at me and said with incredulity, he said, That cannot be true, Congress could never do such a bizarre thing as to hand over taxpayer money like that to an old technology. A mature industry does not need that sort of pampering to get out of the crib of technology and get on its feet to become market-based. It has been around since the late 1800s. What are we doing with a $7.5 billion subsidy to an old industry?

Good question. I do not have an answer for it, but we will have a debate on this floor in this regard.

So the bill that is now before us is sadly lacking. It is a perfect energy policy for the early 1900s. In the early 1900s it might have made sense to help subsidize an industry just developing new technology, beginning to grow, a huge burst in the industrialization of America; but not now, not here. And we think we need a significantly different approach.

So we believe that we need an approach that will really use America's creative genius to develop the technologies to break our addiction to oil. And by the way, let me make sure people understand. As long as we are dependent on oil, we will be subservient to the international oil marketeers even if we increase our domestic production, and the reason is geology.

We consume about 25 percent of the world's oil every year, but we only have reserves, including that which has not been pumped, of about 3 percent of the oil reserves in the world. The simple fact is we cannot plant dead dinosaurs underneath our continental United States to create oil. It is simply not there. We are dependent on foreign oil, and even if we increase our domestic production to some degree, if we doubled it, if we doubled our domestic production, we would be at capacity. We would be having 6 percent of the world's oil, but still be consuming 25 percent of the world's oil.

The fact is that we cannot drill our way to independence. We cannot drill our way to freedom, and we cannot drill our way to create jobs in this country.

We need to largely invent our way out of this pickle. We need to use American ingenuity, the kind of ingenuity that created the software system, the Internet, the aerospace industry, biotechnology, putting the man on the moon. That is the kind of technology we need. In fact, that is why we named this project the new Apollo Energy Project, because President Kennedy stood right there actually May 9, 1961, and he spoke to America and he said America needs to put a man on the moon and bring him back safely within the decade.

That was a dramatic thing to say at the time. I mean, we could hardly launch a softball into space; we had not even invented Tang yet. It was a dramatically bold, audacious challenge. He made it because he understood how good we are at invention in the United States of America, and we need that same kind of spirit now, a new Apollo Project that will call on the innovative spirit of Americans to solve these technological challenges.

This is not going to probably happen this Wednesday when we debate this matter, but I can say optimistically that the planets are aligning to really come up with a new energy policy in this country. Let me suggest some of the reasons here.

One is that the people are starting to understand that we can be very successful. This is a note of optimism. We are optimistic, and the reason we are optimistic is because we have already understood how we can achieve success. And if we will go back to this graph for a moment, we will take a look at this graph that showed what we did in the late 1970s, early 1980s, when we set ourselves on a course to improve the efficiency of our cars, we almost doubled the efficiency of our cars and some of our trucks by using new technology that we developed here domestically in America. With a bipartisan effort in Congress, we called for a higher fuel efficiency and we got it.

□ 2030

And we got all the way up to about 1985, when you see something happened. We had this just absolute cessation of any progress in efficiency in our cars. You see, we had this very rapid buildup for car efficiency that literally stopped and became a plateau from 1985 to 2005. On trucks, we saw it stop in 1985 and plateau and absolutely go down a little bit. So today the average fuel efficiency of our fleet is actually less today than it was in 1985.

So you have to ask yourself, what happened in 1985? Did we just get dumb? I do not think so. Since 1985, we invented the Internet, we mapped the human genome, and we have built several new generations of jets at Boeing,

in my neck of the woods in Washington State. We have had all these tremendous technological advancements, but in the efficiency of our cars we have actually gone down.

Why is that? We just forgot how successful we could be, because Congress and the White House, for reasons I never agreed with at the time, stopped calling for more fuel efficiency in what are called our corporate average fuel economy standards, and so they stopped progress. So we are now still dependent on foreign oil, have a problem with global warming, and are losing jobs rapidly to the Japanese in fuel-efficient vehicles as a result of that very shortsighted progress.

Now, that is bad news; but it is also good news because it shows what we are capable of if America sets its mind to it to use its creative genius to move forward, and that is what we need to do today. And one of the things the new Apollo Energy Project will do is to call for new improvements in the efficiency standards of our fleets. But the project also recognizes that we need to help our manufacturers achieve that. So we dedicate a significant sum, several billion dollars, to our domestic manufacturers, people who manufacture cars within the United States, of whatever manufacturing company it is, to assist them in retooling their factories to build these new fuel-efficient vehicles.

And that is an important part of our package, because it recognizes that we need to help our domestic industry find a way to finance the changes to continue improvements like that which we know we can obtain. We think that there is going to be enormous money made and jobs created in fuel efficient vehicles. Today, I must say, a car that gets 42 to 44 miles a gallon, one of these hybrid cars, in Seattle, Washington, now you can sell it for more than you bought it for because of the attractiveness of this fuel-efficiency standard. Safe, comfortable car. We can do this in this country. We need to set our minds to it, and that is one of the things we have suggested to do in the new Apollo Energy Project.

Coming back to this idea about an alignment of the planets, about why we can achieve this, I think what we are seeing in this country is a rather unprecedented combination of people who normally might have some different viewpoints on various policy matters who are coming together to understand why we need a visionary high-tech future for our energy world. I want to read some comments by these folks who sort of suggest we need to go in that direction.

Dealing with global warming, for instance, I think you might be surprised at some of the statements that have been made. The CEO of British Petroleum, Sir John Browne, who has provided remarkable leadership on some new high-tech solutions to global warming said: ''There is a discernible human influence on the climate and a link between the concentration of carbon dioxide and the increase in temperature.'' That is the CEO of British Petroleum.

He is not alone. The CEO of Shell, Sir Philip Watts, on March 12, 2003 said: ''We cannot wait to answer all questions on global warming beyond a reasonable doubt. There is compelling evidence that climate change is a threat.''

You then have James Baker, former Secretary of State for the first President Bush, who said: ''When you have energy companies like Shell and British Petroleum saying there is a problem with excess carbon dioxide emission, I think we ought to listen. I think we need to go forward with some sort of gradual resourceful search for alternative sources.'' This is a gentleman who was intimately involved with the first Bush administration, who recognizes that many people in corporate America are seeing a need for a real visionary change.

You see folks in the faith community who are now addressing the view that we have obligations to the Earth that are spiritual as much as aesthetic. Reverend Rich, and I am sorry if I mispronounce his name, Cizik, who is Vice President of National Affairs For the National Association of Evangelicals, said just this last month: ''There is a feeling that global warming, or climate change, is real and the result of human impacts that impact other humans.'' The association itself issued a statement that said: ''We affirm that God-given dominion is a sacred responsibility to steward the Earth, and not a license to abuse the creation of which we are part. We are not the owners of creation, but its stewards, summoned by God to 'watch over and care for it,' '' citing Genesis.

You are starting to see a parallel thinking of folks from the fossil fuel industry, from former members of the Bush administration, from James Woolsey, former head of the CIA, from a group of the neoconservatives, many of whom supported the war in Iraq, from members of the faith community that we have a constellation of challenges that we need to have a new approach to; that demands us to use the asset above our shoulders, namely our brains, rather than just the assets below our feet, namely our fossil fuels. This is a gift from the creator, and we need to use it.

If I can turn for a moment about why we need to use this in regard to global warming, I would like to refer to a graph that is pretty unquestioned evidence of why we need to have a new energy on policy that will address global warming. You heard the comments from the Shell and British Petroleum CEOs, and they are doing some hard-headed thinking because we are facing some hard-headed facts.

There are some uncertainties about global warming: the extent to which it will occur, how it will affect the specific climates of regional areas. There is much uncertainty. But there is also much absolute clear facts, and I want to go over a couple of those. As folks may know, global warming is caused by carbon dioxide. Carbon dioxide works like a pane of glass: it traps heat, just like a greenhouse. Hence the term ''greenhouse gases.''

Now, I actually had a scientist explain this to me a while ago. The way it works is that glass, like carbon dioxide, will allow ultraviolet radiation to come through it. When radiation comes from the sun, it is largely in ultraviolet ranges. And as you recall the spectrum of frequencies, this energy comes in at the ultraviolet frequencies. That can pass through glass. When it bounces back, when that energy is reflected back, it comes back at a different frequency. It comes back in infrared ranges. A different frequency. That cannot pass through glass, and it does not pass through a layer of carbon dioxide as much as it would in the absence of the carbon dioxide. So you have ultraviolet rays coming in, they bounce back as infrared rays, and they are trapped.

And that is a good thing, because if we did not have a CO_2 layer, we would be on a barren planet. You could not exist here no matter how thick your down coat was. So we need that layer to some degree of heating gases. The problem is if you have that CO_2 layer increase in density.

So has it? Well, the facts are very, very clear. This is a chart that shows a red line that goes back to the year 1000. It comes up in 100-year increments, coming up to zero, which is today, showing our concentrations. On the left of the chart are the concentrations in parts per million that are measured. And these are absolutely unquestioned measurements. Scientists do an assessment of the parts per million of the molecules in the air, and it is a direct measurement. Nothing speculative about it. No hypothesis. Every scientist in the world will agree to this.

And we know what the records are because we have air bubbles trapped in glaciers and ice cores that we have taken out thousands of feet down in the Antarctic, in Greenland, and other places. So we know what the CO_2 layer was back in the year 1000, which is pretty amazing, with just as much as we know it today, because we had the air trapped a thousand years ago in these air bubbles. We knew it was 278, maybe 280 parts per million, and it was very stable for just under a thousand years. Then you start seeing it going up just over 100 years ago, which of course coincides with the Industrial Revolution and burning coal and oil and gas. And then it starts to come up at a fairly rapid rate over the last 100

years. And during the last 50 years, it has gone up approaching a vertical level of increase.

So we are now up to, and I should have the number specifically, but in the 370 parts per million range. There is no doubt about this. We can see that we have gone up a factor of at least a third over preindustrial times, and the scary thing about this chart is you will notice the rate of incline. It is almost vertical. So at the end of the century we will be at twice the levels of carbon dioxide as we were in preindustrial times. That is disturbing when you know carbon dioxide traps heat.

We know it has a close relationship to Earth temperatures, as these blue lines mark Earth temperatures. And of course for about the last 200 years, they are observed temperatures, and you can see they are going up with some deviation up and down during the last 150 years. Now, before that, they are not observed temperatures. They are worked out through a formulation of using a variety of mechanisms. If you go back for geological times, the temperature is gradient. It matches fairly closely this CO_2 curve.

So we know without a doubt that we are causing a spectacular increase in the CO_2 levels of the planet. The planet has never seen this before, ever, as far as we can ascertain through looking at these old air bubbles. We are doing something to the planet that has never happened before, and we are the ones responsible for it. The question is what is this Congress going to do about it.

Unfortunately, this Congress has done absolutely zero about this problem. It has wallowed in the fog of indifference and ambiguity and has refused to show any leadership whatsoever. And it is disturbing to me because, as you know, the consequences of this carbon dioxide is trapping energy in this Earth, and we are experiencing global warming already, and the vast majority, and I reiterate, the vast majority of the Earth's meteorologists and geophysicists believe that this is now causing and will continue to cause an increase in the general temperatures of the Earth.

Now, there is some variety as to how much that is predicted to be; but all of them, even the lower estimates of 2 to 3 degrees can cause very significant climactic effects. The differences between us and the last ice age were just under 10 degrees, even just Fahrenheit. So we have some very significant issues to deal with with global warming.

We have seen it already affecting our lives. Glacier National Park is predicted not to have glaciers in the next 50 to 70 years. When you want to take your grandkids there, you will say, This is where the glaciers used to be, Johnny. We are seeing melting tundra in Alaska. My son only had 3 days' work as a ski patrolman this year because there is no snow in the Cascade Mountains, a condition which is predicted to be much more frequent when this spike goes up higher. We need to deal with this problem.

So we have suggested, and I will introduce shortly and have introduced an amendment this evening to the energy bill to adopt the substance of this new Apollo Energy Project. Because we believe we have to reduce our contributions of carbon dioxide to the Earth's atmosphere. And we can do that. The clearest most short-term things we need to do are to improve the efficiency of our cars, and we need to have a limitation on the carbon dioxide that we put into the atmosphere.

Senators MCCAIN and LIEBERMAN have introduced a bill in the Senate, I and some of my Republican colleagues have introduced a bill here in the House which will set a cap on carbon dioxide emissions from the United States.

□ 2045

It is a cap that we know we can meet. In fact, it was absolutely amazing to me, the Department of Energy last week issued a report that concluded that the cap that we set could be met by the United States without any significant economic harm. This is issued by a gentleman who is actually appointed by George Bush.

The Department of Energy has concluded that we are fully capable, using existing technology, of dealing with this issue by adopting a cap on the amount of carbon dioxide we put in the atmosphere, which will help spur some of these innovations.

What will we do to achieve it? Our energy and power bill takes a broad-based approach. There is not one panacea to these challenges we have, but it does take the approach that we should be optimistic about it and we should recognize that we can have the same success in the new industries that will spring forth to deal with global warming to grow new jobs, as has happened in the software, biotech, and aeronautical industries.

For example, number one, the United States needs to embark on a research and development project akin to the original project that got a man to the moon, the original Apollo Project, because we found when the Federal Government invests in basic research and development, amazing things can happen. We would invest significant sums in these emergent technologies, technologies that sometimes seem obscure but have tremendous capacity.

There is a company in my district called Neah Power that is developing a fuel cell battery, which runs on ethanol or methanol. It will be four or five times as long-lived as a lithium battery with no emissions, completely safe, and will help to spur the development of fuel cells that we hope to become a significant part to the solution to this puzzle. They are small now, but tend to grow over time. A small company, but here is a place we can help, and we hope that this company is going to help the American military pack less wieldy, safer, and more effective batteries to fuel our communication systems.

But the point is, we need to continue the research and development of the nature and scope that got us to the moon. Not every invention is going to work out and not every idea is going to come home, just like in the space program, but it is a worthwhile investment.

Second, the Federal Government needs to use its procurement power to inspire these new industries. We need to have Uncle Sam order some of these new products to inspire these new products.

Third, we need to use the power of the government to recognize success. I want to talk about some success and what the Federal Government ought to be doing. For instance, solar power.

If I can share a success story in Virginia, this is a picture of a home just a few miles from here in Hillsboro, Virginia, built by Alden and Carol Hathaway. They built this home for $365,000, which is not that much more expensive for a home in this neck of the woods, and it is a ''net zero'' home, ''net zero'' meaning it does not use any energy from the electrical grid. But it is comfortable, it is nice looking, it is warm, and it is nonpolluting. They did this by using existing technologies.

They used an integrated solar cell built right into the roof of their home, which creates electrical current. They used an in-ground heat pump which is tremendously efficient. They used very high insulation values in the walls and windows, and some passive solar in how they aligned their home; and their home has a net energy consumption of zero.

That does not mean it is never using juice off the grid. At times there is electricity coming into their home, but other times they are generating more from the sun and they are feeding it back into the grid so the net is zero. They did this on a fairly economical basis.

I point this out for the reason I want to show success today. This is not just tomorrow's sort of futuristic world from the Jetsons, if anybody is as old as I am and remembers George Jetson. This is today's technology.

An amendment that I believe will be in the bill tomorrow or Wednesday does allow and call for the Federal Government to start a program to equip Federal buildings with solar cell technology. The reason that this makes sense, solar cell technology is much more economical. The more you buy, the price of solar cells comes down dramatically. Every time we increase the

number of solar cells we buy by a factor of 10, the prices come down 20 percent. It is still more expensive than buying electricity from a gas turbine, but it has its place.

We believe if we increase dramatically the number of units, we will continue to see a decline of that cost curve so we will be able to enjoy what the Hathaways are enjoying tonight in Virginia.

Now, we have to do some things to get that done.

I am a supporter of a bill called the Net Metering bill, which will require utilities to buy back your power from you so your meter runs backwards when you feed electricity back into the grid. Unfortunately, that will not be in the bill Wednesday. It is one of those long-term things that we have to do.

Third, we have to give incentives to Americans to help them make these choices. For some of these technologies that are still just a little bit above market base, we need to increase the amount of a tax break we give to Americans who drive fuel-efficient cars. We need to do the same thing for the manufacturers of fuel-efficient vehicles. For the retooling investments, we need to give an assist to our domestic auto industry when they do the retooling that they need to do for fuel-efficient cars.

We need to have better tax breaks when you buy an energy-efficient home, and a way to get a better mortgage lending rate for energy-efficient homes. We need to use all of these multiple tax levers to help Americans when they take that step up to better fuel- and energy-efficient appliances. Unfortunately, that is not in the bill that we will have Wednesday.

Instead of helping Americans move forward to these new technologies, technologies that we have today, fuel-efficient cars we have today, the energy bill we will consider Wednesday will go backwards to give the subsidies to these old industries that started to reach fruition in the late 1800s. That is most unfortunate.

Fourth, we need to do some things on the regulatory side, one of which is the CO_2 cap that I talked about. Another is the CAFE standard to improve the auto efficiency of our vehicles. Those are all measures that, together, could have a significant impact. We have already seen some successes, such as what we have seen in the Hathaways' home.

So let me talk, if I can, about the job creation aspect of this. We have a real problem with manufacturing industry job loss in this country. Since 2001, we have lost 2.8 million family-wage manufacturing jobs. We have had a significant number of losses in a host of industries, but now we have an opportunity. This might be one of the greatest job creation opportunities that the country has right now.

We know, as the Creator makes little green apples, jobs are going to be created by the millions in the new industries that, by necessity, are going to be built to deal with the shortage of oil, to deal with global warming. And the shortage of oil, folks ought to read this book about the peak of oil production that is now on the market. It will make you very concerned about your future oil prices because it suggests that our oil production globally has plateaued and will go down in a decade or so, together with China having a demand that is astronomical. China will be equivalent to America's demand for autos in the next decade and a half. We have to find some alternative mechanisms of energy, both in efficiency and new systems.

Somebody is going to get jobs doing this, and we think it ought to be Americans. We do not think we should give these jobs away to our friends in Japan, or give the wind turbine jobs to Denmark. We think those jobs ought to be here.

And a very conservative estimate of our new Apollo Project, done by an economist in Waco, Texas, concluded that our program would create 3.3 million good-paying American jobs in the next 5 years. That is a significant step in the short term to help rebuild our manufacturing base. It would increase $1.4 trillion in new gross domestic product, add $953 billion in personal income. This is an assessment done by a reputable economist from Texas.

By the way, Texas has done some good things in wind energy. Wind energy is having some spectacular success, growing at 30 percent a year. In southeastern Washington, in my district, we have the largest wind plant farm in the United States. And we have five new wind farms under construction in the State of Washington.

The other interesting thing about energy efficiency is, it creates more jobs than the fossil fuel-based industries. It creates 21.5 jobs per $1 million invested compared to 11.5 for natural gas generation.

This is a job-creating technological solution to an old, dinosaur-based fossil fuel-based economy. This is our destiny as Americans to fulfill it. We are the inveterate tinkerers. We are the best people at inventing solutions technologically to problems of any people in human history. This is now our moment when the U.S. Congress ought to be seizing this opportunity, just like Kennedy suggested we do in 1961, and bring those jobs and that bright light of creativity to our country.

The environment demands it. The glaciers and national parks demand it. Our children, who should not be living under slavery to Middle Eastern oil, demand it. We should not have to worry about Middle Eastern politics again when we break our addiction to Middle Eastern oil. We should not be wrapped around the axle of the Saudi Arabian royal house and whatever difficulties they have. We are slaves to whatever is going on in Saudi Arabia, and it is not a place that we deserve to be.

Lastly, we ought to use our technological prowess to make sure we are the number one job creator in the world for these emerging industries. That is our destiny and that is why I will be joining some of my colleagues in introducing the new Apollo Energy Project in the next week or so. We know at some time it is going to get done, maybe not this week, but the stars are aligning and those who share my view, I welcome you to share you views with your Member of the U.S. Congress.

Mr. PAYNE. Mr. Speaker, I rise today to add my voice to those who would commemorate Earth Day 2005 by pledging our efforts to ensure that our childrens children may enjoy the same Earth we celebrate today.

And it is those children who will pay the price if we do not.

Children are usually at greatest risk of suffering environment-related health problems, with race and poverty playing a disproportionate role, especially minority children from families living below the poverty line, according to EPA reports.

Concern that minority populations and low-income populations bear a disproportionate amount of those adverse health and environmental effects led President Clinton to issue Executive Order 12898 in 1994, in order to focus Federal agency attention on these issues, leading to the establishment of the office of Environmental Justice Strategy at the EPA.

The EPA defines Environmental Justice as the ''fair treatment for people of all races, cultures, and incomes, regarding the development of environmental laws, regulations, and policies.''

This has long been a concern of the environmental community, especially among minority and low-income communities who have come together to organize and fight for equal protection under the law.

The environmental justice movement really got its start in Warren County, North Carolina where a PCB landfill ignited protests and resulted in more than 500 arrests. These protests prompted a U.S. General Accounting Office study, Siting of Hazardous Waste Landfills and Their Correlation with Racial and Economic Status of Surrounding Communities, which found that three out of four of the offsite, commercial hazardous waste landfills in Region 4 (comprising eight States in the South) happened to be located in predominantly African-American communities, although African-Americans made up only 20 percent of the region's population. More important, the protesters put ''environmental racism'' on the map.

Since that time, attention to the impact of environmental pollution on particular segments of our society has been steadily growing in the form of the Environmental Justice Movement. This movement contends that poor and minority populations are burdened with more than their share of toxic waste, pesticide runoff and

other hazardous byproducts of our modern economic life.

The EPA's Office of Environmental Justice Strategy was created to address these issues, but thus far has done little to improve the situation for minority and low-income communities.

In fact, an EPA Evaluation Report released last year found that 10 years after its issuance, the EPA "has not fully implemented Executive Order 12898 nor consistently integrated environmental justice into its day-to-day operations. EPA has not identified minority and low-income, nor identified populations addressed in the Executive Order, and has neither defined nor developed criteria for determining disproportionately impacted." It goes on to say that when the Agency restated its commitment to environmental justice in 2001, they did not emphasize minority and low-income populations, which was the intent of the Executive Order.

The report found that even after 10 years after its implementation, the EPA had not developed "a clear vision or a comprehensive strategic plan, and has not established values, goals, expectations, and performance measurements."

We must continue to bring attention to the documented environmental health disparities suffered by low-income and minority communities throughout the country, raising awareness so that together we might seek solutions. I call upon the Office of Environmental Justice Strategy to make this issue a priority as it was designed to do more than 10 years ago.

This is a very real threat for my constituents. The EPA has announced that the entire State of New Jersey is officially designated as out of compliance with the agency's health-based standard for ozone. The entire State is out of attainment for smog, and all counties that are monitored for soot levels are also out of attainment.

Studies have shown that New Jersey's air pollution levels cause 2,000 premature deaths every year. At this rate, pollution ranks as the 3rd most serious public health threat in my State. Only smoking and obesity kill more New Jerseyans each year.

In addition, child asthma rates are on the rise—especially in our cities—and the threat of mercury pollution puts all of us at risk, but most especially infants, children, and pregnant women.

The Bush Administration's efforts to weaken protections established under the Clean Air and Clean Water Acts have compromised the long fought-for protections we have won since the Inaugural Earth Day back in 1970. We must stand firm in our objections to environmental policy that favors industry at the expense of nature and public health, and we must oppose irresponsible legislation, such as Clear Skies, that claim to protect the environment even while it is attempting to degrade it.

As we celebrate Earth Day, I hope that all of us can pledge to do more than just talk about these issues and to commit to act in support of those things which we speak about so passionately today. We must dedicate ourselves to full enforcement of the Clean Air and Clean Water Acts. We must rid our lakes, rivers, and streams of dangerous mercury pollution to ensure the safety of all Americans. We must oppose any more delays and restore full funding to the clean-up of toxic waste sites that threaten the health and safety of our Nations children. We must take seriously the threat of pollution to public health and act to alleviate the suffering of the urban minority and low-income populations, as well as the 5 million American children who now suffer from asthma.

These are big goals, but the stakes could not be higher. We must protect our precious natural resources and the health and safety of all Americans, especially urban, minority, and low-income populations who bear the brunt of our failure to do so.

GENERAL LEAVE

Mr. INSLEE. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on the subject of my Special Order today.

The SPEAKER pro tempore (Mr. POE). Is there objection to the request of the gentleman from Washington?

There was no objection.

SOCIAL SECURITY

The SPEAKER pro tempore. Under the Speaker's announced policy of January 4, 2005, the gentleman from Minnesota (Mr. KLINE) is recognized for 60 minutes as the designee of the majority leader.

Mr. KLINE. Mr. Speaker, I am pleased to be here this evening to continue the discussion of Social Security, what it is, where it is, what we think the problems with it might be, and what some of the solutions might be. I know some of my colleagues have been in a discussion on this important program for the last hour or so, and they plan to join me shortly.

I would like to start by laying out for my colleagues the history of Social Security, what it was, what it has done for Americans, and where it is today.

□ 2100

Social Security, as most Americans know, has been a terrific institution that generations of Americans have relied on. It is a system that I think most of us would agree has to be preserved and protected for our children and our grandchildren.

Mr. Speaker, my 84-year-old mother has been drawing Social Security, and she is at that point where it is her sole source of income. She relies on it very heavily as do millions of senior citizens, and we certainly want to make sure that all of those senior citizens get every dime that they are expecting to come their way. But we also need to make sure that our children, and my children are in their thirties, it seems every day they age another year, an indication of how old I am getting and how rapidly, my children are in their thirties and their children, my four wonderful grandchildren, are 6, 5, 3 and 3. We need to make sure that as we look forward to the future of Social Security that it is there for our grandchildren as well.

I think most Americans, but not all, and most of my colleagues know that Social Security does much more than provide for a retirement, for assistance in retirement. It provides spousal benefits, survivor benefits, dependent benefits, and disability benefits. I believe that my colleagues on both sides of the aisle would like to make sure that those benefits, that that security, that that safety net continues into the future for our children and our grandchildren.

Social Security has traditionally functioned as a pay-as-you-go system. When President Franklin Delano Roosevelt brought us Social Security back in 1935, it was a contributory social insurance program. What does that mean? That means that workers put in and workers receive benefits. All workers pay in; all workers receive benefits. It really was not designed as an investment program. It was not designed to do anything other than provide some insurance for you when you reached your retirement years. We have paid for it by taking taxes from the wage earner. When President Roosevelt started the program, we took 1 percent from the employee and 1 percent from the employer. Two percent of the first $3,000 earned was taken up in Social Security taxes to pay for the benefits of current and future retirees. Today's workers support today's retirees through a 12.4 percent tax, one dollar in every eight, half of it paid by the employer, half of it paid by the employee, on the first $90,000 they earn each year. What a difference, 2 percent to 12.4 percent. Two dollars in 100 to one dollar in eight. The program has changed.

It has changed in another fundamental way that I think that all of us, Mr. Speaker, need to be aware of. As late as 1950, and I will refer to the chart here beside me, there were 16 American workers paying for every one beneficiary. Today, we are down to 3.3 Americans working and paying taxes for every beneficiary. Again, what a demographic change in America, a demographic change in the United States, for many reasons, life expectancies are longer, and that is a good thing, we are living longer, healthier lives, families are smaller, and that trend continues. So by 2035, 2040, when younger workers retire, we will have only two Americans working for every retiree. That is a pretty tough load for younger workers to shoulder.

What does that mean in terms of money in the program? As I think most Americans know, we have been taking in those taxes, we have been paying out benefits and taking the excess money

and putting it into a trust fund. I am going to get to that trust fund and talk about it in just a minute. But we need to also be aware, I think it is important for us to understand in the current system how benefits are calculated, because as we look to ways that we might need to strengthen Social Security, we need to understand the current system; and I would like to take just a minute to talk about how that works.

The Social Security Administration looks at every working American's working life, all the years that they have worked. So if you, like me and many Americans, you started off working with a paying job in the grocery store or maybe the newspaper or something when you were 16 or 15 and you work until your full retirement age, which by the time younger workers retire under the current system is not 65 anymore, it is 67, you could have been working and paying Social Security taxes for 50 years. The Social Security Administration takes those 50 years and they take your most productive, your highest paid 35 years, and they put it into a formula and, like everything these days, they do not sit down with a hand calculator, there is a computer that has a formula that actually weights the system so that you get a little bit higher percentage, if you will, if you are a lower-paid worker and a little bit less if you are higher paid; but they put it into the mill, they take those highest 35 years, they average it out, an index is put to it, and you come up with a number and that is your retirement benefit. That is your monthly check, which as our current retirees know, that is adjusted for inflation every year. That is how it works today.

I mentioned that with the increased life expectancy and the smaller families and the lower number of workers per each retiree, we get into a cash flow problem, that is, at some point we are not going to be taking in as much money as we are paying out if we get to the point where there are only two workers for each retiree.

Let us take a look at another chart here. There are, I suppose, many ways to do this. I have been holding some town hall meetings back in my home district, the Second District of Minnesota. One chart that I have often shown shows that our costs are exceeding our revenue. Another way of talking about it, and I have used this chart as well in those town hall meetings, is to show that in the near term, we are taking in more money in FICA, more money in Social Security taxes, that is this dark little bump right here, than we are paying out and that excess money is being marked and put in special Treasury bonds redeemable only by the Social Security Administration, the trust fund, to pay future benefits.

But the Social Security Administration, the trustees report annually as they look forward to the projections for upcoming years what the health of Social Security is. Their latest report, which came out about, oh, 6 weeks or so ago, last month, said that in the year 2017, just 12 years from now, right here on this chart, that we are going to start paying out more money in benefits to retirees than we are taking in in Social Security taxes. More money going out than we are taking in. That puts us into a cash deficit situation.

What are we going to do about that? The Social Security Administration also pointed out in that report that the Social Security trust fund, those special-issue Treasury bonds, will run out of those bonds in the year 2041. So at least on paper for a few years, we will be able to pay those benefits out of the Social Security trust fund by redeeming those special-issue Treasury bonds.

The challenge for us here in this House, in this Congress, is how are we Americans going to redeem those bonds in order to meet our obligation to retirees? That is something we need to think about, because the situation does not get any better in the next 5 years or 10 years or 15 or 20. It does not get better. In fact, even when we have redeemed those bonds, as I mentioned earlier, the Social Security Administration says that by 2041, there are not any bonds left to redeem, and so we are back to that position, we are back to this situation where we have two workers for each retiree.

Mr. Speaker, it seems to me that is a situation that we have to address. It is our responsibility to address it. The need to address it is now, because there is another little bump here that I think is important to us. In just 3 more years, the leading edge of the baby boomers start to retire. You can see the way the line changes that we have less money coming in and more money going out because those baby boomers, and I have to admit that I am one of them, baby boomers are going to start to earn retirement benefits, take retirement benefits. We start on a down slope, and by 2017 we cross that line. We need to decide what we are going to do about that for the near term and for the long term.

Those Treasury bonds, I have heard some people say, I was in a town hall meeting and some young man stood up, he was about the age of my children, actually perhaps a little younger, I think he was around 30, and he said, well, you know, I'm planning on not having any Social Security whatsoever. There's not going to be anything there for me. I know that is a sentiment that is sometimes widely shared, but let us be honest, that is not true. Even under the current system, there would be something there in Social Security. I think the administration is forecasting now that because there are only two workers for each retiree, that there will be some money coming, around 75 percent of what would have been expected. That is a horrible return. It is a horrible rate of return for a young man or a young woman who pays into Social Security all their life for the benefit of current retirees; and when their time comes to retire, the best that they can hope is 75 cents back on the dollar that they were expecting. By the way, if they are going to get the 75 cents on the dollar, that assumes that they are going to live a full life. It just seems to me that we need to be able to do better for our children and for our grandchildren.

I see that my colleague, the gentleman from Arizona, has arrived. I know he has been working on this for many years and has a proposal of his own, and I want to yield to him in just a moment; but it is interesting to me that when I have a town hall meeting, and it does not matter if there are 50 people or 100 people, they tend to be with the senior citizens who are very interested in this subject, they understand what it is, they receive Social Security checks; but when I ask the question, how many of you think that we need to do something to fix Social Security for our children and our grandchildren, it is now almost every hand in the air. When I first started to ask the question weeks ago, not every hand went up. But I think more and more Americans understand as we continue this dialogue and as we continue this debate, their understanding is that there is a problem and we need to do something to address it.

I yield to the gentleman from Arizona (Mr. KOLBE) who has done an awful lot of work on this subject.

Mr. KOLBE. I appreciate the gentleman from Minnesota for yielding, and I thank him for taking this hour of time here this evening to talk about this issue. It is one which is of such great importance, not just for the current generation, not just for those who have retired, but for the next generation, for those who will retire in the future.

□ 2115

I listened to him earlier talking about some of the elements of this problem. I think he has outlined them very well.

The problem with Social Security is relatively simple, or the problem that we have with the current system of Social Security is relatively easy to define. And that is that we have people living longer, we have more retirees, and we have fewer people coming into the workforce to pay for them.

That chart that the gentleman has up there, I think shows it so very well. At one time, in 1950, we had 16 people working for every person that was retired. Today it is a little over three people, and in a few years, a couple of decades, it will be two working people for everyone who is retired. That

means two working people at each month have to pay sufficient taxes to cover the benefit that one single person is going to receive from Social Security. It is not sustainable over the long term, and it cannot go on in that fashion. So we need to do something about it. And I think the gentleman is right for coming to the floor tonight to suggest that this Congress needs to deal with it.

I am really surprised and somewhat frustrated and chagrined at some of my colleagues on the other side who simply say there is not a problem, we do not need to deal with this, we are not going to try to fix this thing, we do not have to fix this thing now, we can do it sometime in the future. Every year that we delay this becomes more costly.

As the gentleman noted, I started introducing a bill 7 years ago with Congressman Stenholm, now with the gentleman from Florida (Mr. BOYD), and our plan is still the only bipartisan bill which has been introduced in Congress. And when we began with that legislation, we had certain costs to it, but each time, each Congress that we have reintroduced it, we, of course, have had to adjust, and we are closer now to the dates of when revenues will be less than the benefits being paid out, and that just makes it more costly to fix.

It is not very far away. In fact, in one sense a really critical date comes in just about 2 fiscal years, in the year 2008, and that is when the revenues actually start to decline. At that point we are going to have to be doing more borrowing because Social Security is going to be covering a bit less of the deficit that we have right now in the general operating part of the budget. But the critical year really is in 2017 where the lines cross, which the chart that he has in front of him there shows. At that point, the benefits being paid out exceed the revenues which are coming in, the taxes that are being paid in. So Social Security has to go to those bonds that it has.

The President went the other day to Parkersburg, West Virginia, to take a look at that, and I think we all know what he saw there. A couple of filing cabinets with a lot of paper in it. There is nothing really in the trust fund. There never has been anything in the trust fund. It is not as though somebody robbed it. It is as though it was never created to be that way. The money has simply always gone straight into the Treasury and has been used to cover other operating expenses with the promise that some day the government would redeem those IOUs and use those to pay the benefits. When we start redeeming those, it is going to be very costly because we are going to have to be doing borrowing, as the gentleman knows very well.

That is why this is such a critical problem and why we really need to deal with this issue now and not wait, and I really commend the gentleman for coming to the floor to talk about this.

I am going to listen for a few more minutes, and then I would like to participate again because I think I have some thoughts about the ways in which we go about fixing this because there is a fairly limited number of ways in which we can go about fixing it.

I thank the gentleman for yielding to me.

Mr. KLINE. Mr. Speaker, reclaiming my time, I thank the gentleman very much for his hard work on this important subject and for joining in the discussion here this evening.

I would like to talk about that trust fund again for a few more minutes because the gentleman is perfectly correct. The President went out to West Virginia and took a look at the filing cabinets where the bonds, special issue Treasury bonds are being held, redeemable only by the Social Security Administration, unlike other government bonds that are issued. And we have to redeem those things. In order to meet our commitment to retirees when we stop taking in as much money in Social Security taxes we are paying out in benefits, we are going to have to redeem those.

And they are very much like an IOU. I do not mean to say that in a derogatory way, but in this particular case because of these special bonds and the way they work, we, all of us in America, all of my colleagues, we have to redeem those bonds out of the general fund. We borrowed it from ourselves; now we have to pay it back to ourselves. And sometimes in a town hall meeting, someone says, That is easy, just pay it back.

That is going to require a great deal of sacrifice on the part of Americans as we look to see where we are going to get the money to pay those back.

And more than that, as I mentioned earlier this evening, even when we redeem those bonds and we pay it back so that retirees get their benefits, by 2041 the Social Security Administration says those bonds are going to be exhausted. And I suppose we could spend a lot of time on the floor of this Chamber, as we are wont to do, to debate whether that year is really 2040 or 2039 or 2042 or 2043. The point is, once we redeem those bonds, and it is a major challenge for all of us to decide how we are going to do that, those bonds are gone and our children and our grandchildren will be receiving only 75 cents on the dollar they expect.

So as the gentleman said earlier, it is a problem that cannot be pushed off. It is something that we have to address in this House, in this body, quickly.

Mr. KOLBE. Mr. Speaker, will the gentleman yield?

Mr. KLINE. I yield to the gentleman from Arizona.

Mr. KOLBE. Mr. Speaker, I appreciate the gentleman's yielding again.

First of all, I think we have succeeded in one very large way, and that is that the American people, as the gentleman pointed out, do now understand there is a problem. He goes to a town hall; I go to a town hall. He talks to people, and people understand there is a problem. Polling data shows that 80 percent of Americans now think there is a significant problem with Social Security, and Congress needs to fix it.

So they are expecting us to do that, and I think the fact that he has come to the floor that there are a lot of proposals, mine, a number of other proposals that are on the floor that have been suggested. The one that I have with the gentleman from Florida (Mr. BOYD), I might add, is a bipartisan approach to it.

But I think that people do understand there is a problem and that we need to fix it, because as the gentleman pointed out, if we do not do anything, those IOUs, even the borrowing from the IOUs run out at a certain point, and that is somewhere, we believe, about 2041 is what the projections are today; and when that happens, if we have sat here all these years and done absolutely nothing, there would be an immediate 26 percent cut in benefits. The gentleman probably will not be in Congress. I know I will not be in Congress at that point. He might be around for a while longer. But at that point there would be a political revolution in our land if we had not done anything at that point. So it behooves us to fix it now while we have a chance to do it when it is not as costly, and I think that is what the gentleman has pointed out here tonight, and I appreciate his talking about this.

Mr. KLINE. Mr. Speaker, reclaiming my time, the gentleman mentioned that there are a number of proposals. I found it interesting, as this discussion has moved forward and I was trying to keep track of what those proposals involved, that there were so many of them that I simply could not keep them organized in my head and decide which ones had personal accounts, which ones did not, how big the accounts were, how they address solvency.

So there is a wonderful young woman on my staff, and I know the gentleman understands how that works, we are so dependent on the bright folks who work with us, but she put together a table, and I know people cannot see it from here, but I will show it to the gentleman, that has these plans going across the top and the different aspects of them. And right now there are up to 14, I think, on my chart here of different ideas that people have brought forward to address this issue.

And I think that is a healthy thing as we move into the debate. There will come a time when we will need to have a debate and have a bill or amendments

on the floor and move to a solution, but I am firmly convinced that it is absolutely critical that we do that sooner rather than later.

In these plans, many of them, most of the ones that I have on this chart because it has been my colleagues from this side of the aisle who have come forward with the proposals for the most part, and the gentleman mentioned he has a bipartisan bill that they are looking at, but these proposals include personal accounts as part of the solution for the long-term solvency of Social Security. And there are differences in all of these, and I know the gentleman was earlier this evening in a roundtable discussion with some other authors of bills as the pros and cons of the different measures were discussed, but I think there are some things that are common that we all need to keep in mind.

All of the proposals on my chart here, which includes the outline that the President had, have recognized that we have retirees today and those about to retire, Americans born before 1950 that will not be affected by whatever our proposal is. And I think that is important for the peace of mind, I think, of my 84-year-old mother and her friends. They do not want to contemplate a change in the program, even though many of these programs virtually guarantee that everyone will get a benefit very much like the one they are getting, in some cases more of a benefit. But we need to reassure all of the seniors in our districts and our family that they will not be hurt; their program will not be changed. Their Social Security check will not be affected by the issues that we are debating here in the House today.

Mr. KOLBE. Mr. Speaker, will the gentleman yield?

Mr. KLINE. I yield to the gentleman from Arizona.

Mr. KOLBE. Mr. Speaker, I think the gentleman has made a very important point, one that we need to stress, because there are a lot of people all over the place in various groups that are not interested in seeing this problem fixed. They have been trying to scare a lot of seniors, and it is wrong to do that because none of the plans, not one of the plans that are on the table suggest that there is going to be any change in the benefits for those who are retired today or for those who are near retirement.

So I think it is very important, as the gentleman said, that his 84-year-old mother understand, and all our other senior citizens understand, that we are really not talking about changing any benefits for them.

We are talking about the next generation. We are talking about their grandchildren, how could we fix it for their grandchildren so that their grandchildren will be able to say that there is something in the Social Security system that is going to be there for me.

A person who is retiring today has less than a 1 percent return on all the taxes they have paid over the years up to retirement in terms of what they are going to get out of it between now and their expected death. A person who is coming into the workforce today at the age of 21 will have a negative rate of return. In other words, they will lose money based on what they are going to pay in taxes versus what they are going to get in benefits. So it is a bleak system for young people, and we need to do something to strengthen it for them.

Mr. KLINE. Mr. Speaker, reclaiming my time, I very much appreciate the gentleman's comment that there are some scare tactics out there, and that is unfortunate because when I look at all of these plans that are across here, and it is the whole range, the gentleman's plan, Senator GRAHAM's plan, the gentleman from Florida's (Mr. SHAW) plan, the President's, the AARP's, and others, I do not think that there are any of these plans that want to do any harm to Social Security for the long term. They do not want to leave our children and our grandchildren holding the bag.

They would like to make sure that something is there, and it troubles me when evil motives are attributed to those who are working the best they can, the hardest they can, to find a solution to this horrific cash flow problem that we are facing and to the fact that we are going to be down to two workers for each retiree by the time my children and grandchildren retire.

We need to work to find a solution for that, and I, for one, am perfectly willing to listen to proposals from my colleagues on either side of the aisle, and I believe those proposals, certainly those on this page in front of me, come from people who sincerely want to make the system better.

Mr. KOLBE. Mr. Speaker, if the gentleman would yield once more, we can take that issue off the table, then, that we are not really talking about changing the retirement benefits for those who are retired today or near retirement so we can clear that off the table. Then we need to turn to the issue of what is it we need to do to strengthen Social Security and how do we do it, how do we accomplish that?

I do not think the gentleman has his chart down there, but there are really only three things that we can do with Social Security. One is we can raise taxes, we can cut the benefits, or we can increase the rate of return on what one has in the account in their investment.

So it is one of those three things that we can do, and that brings me to what I want to talk about, if I might, why personal accounts are important. I am not going to talk specifically about my legislation tonight, but I want to talk about what is a key cornerstone, I think, of most of the plans that are out there, and that is the personal account.

□ 2130

Why are personal accounts important? Because personal accounts, frankly, they do not fix the solvency of Social Security; they do not fix it. You have to do other things to make sure that Social Security is solvent. But the personal account is that link to the next generation. It is the promise to the next generation of young people that there will be something in the Social Security plan that will make sure they do not have a negative rate of return. Because if you have a personal account that grows, that can actually grow, you are going to have a better retirement than you would have otherwise.

So the personal account is absolutely important. It is important both economically and politically. Economically, to ensure that the young people have a better rate of return, have a retirement that will yield them, really yield them something, bring them something. But politically it is important because it is necessary if we are going to shore up the support for Social Security among young people.

Those who are opposed to doing anything about this are very shortsighted, in that they are risking losing political support for a plan that we all know is very, very important. The longer it goes on and the rate of return is less and less for people, there will be less support for Social Security. We need to do something to fix that, and that is why personal accounts are so important. I appreciate the gentleman yielding to me.

Mr. KLINE. Mr. Speaker, I thank the gentleman for making that point. It does seem to me to be unacceptable that we are looking at a system that is going to provide a 1 percent rate of return or a negative rate of return. I think the gentleman, in an earlier discussion we were having on the floor, made the point that in some cases it is not only no return, but a horrific rate of return, and I think his example was the single parent. He used the example of the single mother who is 57 or 58 years old, we will use 57, my age, has a couple of children, they are through school, they have graduated high school; and this woman started work when she was 17, she has been paying into the Social Security system, has paid her Social Security taxes faithfully for 40 years, and then tragedy strikes and she dies, and her family gets nothing; a $255 death benefit I think it is today for the thousands of dollars that she has paid into the system. It seems to me we ought to be able to do better than that, and I think that we can.

When we look at the proposals that are out there, there are a wide variety

of them, as I mentioned earlier, and the gentleman explained some of the important reasons why a personal account needs to be an important part of this. He said that a personal account does not fix the solvency issue. I might argue that if the personal account is large enough, it will fix the solvency issue, as these plans vary widely insofar as how much money is put into these accounts. But, in any case, it is part of addressing the solvency issue because of the higher rate of return, because of the higher growth, it puts more money into the system and helps us get at this problem of cash deficits.

It also takes money off the table, money that is in a personal account that cannot be used to fund other programs. I found in many town hall meetings people would say, well, you, Members of Congress, you spent the money on other things. If it is in a personal account, it cannot be used to fund other things; and as I mentioned in the example of the 57-year-old man or woman who dies early, in a personal account, they can leave that money, the money in the account is inheritable, they can leave it to their children or their grandchildren, so they do get something back for their 40 or more years of paying into the system.

Well, the debate is an important one. I am glad that it is engaged. I think that it is important that we recognize that we need to work together and try to address these problems. These are not uniquely Republican problems or Democrat problems; these are the facts of the program as it exists today, as it has worked for the last 60 years. The virtually inescapable change in demographics, again, that is not a Republican prediction or a Democrat prediction, or an administration prediction; those are the predictions of the actuaries of the Social Security Administration itself.

So we know that we are facing, we are facing a problem with Social Security. I am pleased to see that Americans, apparently from coast to coast, and certainly in my district in Minnesota, have recognized that we have to do something.

I believe that as the debate goes forward, we will see that there are some clear benefits to including personal accounts as part of, as part of the solution, because of the enormous potential for growth through the power of compound interest investment in very diversified funds, which may or may not include any stocks.

I know there is a fear out there sometimes when I am talking to my constituents and they say, well, we do not want to put it in the risky stock market; what if we are about to retire and the stock market crashes and we lose all of our money. There are a couple of things about that. Almost all of these programs on this big chart include a combination of traditional Social Security benefits and those in your personal account. Most of them require that the funds in the accounts be invested in very diversified accounts; and most of them would encourage, if not insist in some cases, that the money be invested in virtually risk-free instruments, bonds, or the like as one gets closer and closer to retirement, so that one's retirement would not be affected by any fluctuations in the market.

There are a wide range of approaches. Those with personal accounts call on that wonderful power of compound interest to grow the money in the account and, therefore, grow the money overall in Social Security and start to address that solvency issue. There is much debate still coming up. I look forward to the continuing discussion.

I would like to just close by sort of recapping for the benefit of all here that there are some problems which we have to address. Social Security's financing is unsustainable without change. As I said, most Americans recognize that. We are taking in more money than we are paying out in benefits, but that is going to change. It is going to change in 2017 when we start to pay out more benefits than we take in in taxes. That is rapidly approaching us. The baby boomers start to retire in a very, very few years. We need to get at that system, fix the system so that it will be there for not only my 84-year-old mother, not only for my children who are in their 30s, but for my four wonderful grandkids as well and for all of my colleagues' grandkids.

DEGREE OF SKEPTICISM SURROUNDING INVESTIGATION OF OKLAHOMA CITY BOMBING

The SPEAKER pro tempore (Mr. FITZPATRICK of Pennsylvania). Under the Speaker's announced policy of January 4, 2005, the gentleman from California (Mr. ROHRABACHER) is recognized for 60 minutes.

Mr. ROHRABACHER. Mr. Speaker, on March 23, my office received an extraordinary tip that a stockpile of explosives remained undiscovered by the FBI in the home of Terry Nichols, one of the two men convicted of the mass murder of 168 Americans in the bombing of the Oklahoma City Federal building. What made this tip even more provocative were the informant's claims that the FBI had been contacted weeks earlier and that nothing had been done to recheck the location.

On March 31 the FBI finally raided the small-framed home of Terry Nichols; and after 10 years of insisting that the location had been thoroughly searched for evidence, the FBI found a yet-to-be discovered stash of bomb-making materials, blasting caps and the rest. That this discovery is relevant to the Oklahoma City bombing case is an understatement.

If nothing else, this episode justifies a degree of skepticism about the claim that all the relevant facts concerning the Oklahoma City bombing have been uncovered and/or disclosed. After serving for 8 years as chairman of the Subcommittee on Space and Aeronautics of the House Committee on Science, this year I was pleased to be reassigned to head the Subcommittee on Oversight and Investigation of the Committee on International Relations. Already we have conducted several hearings into the scandal and malfeasance involving the United Nations Oil-For-Food program.

But as chairman of the investigative arm of the Committee on International Relations, I was asked by several people whom I respect to direct my attention to the Oklahoma City bombing and to a possible foreign connection. That this mass murder of Americans was accomplished by two disgruntled veterans acting alone seems to be the conclusion reached by those in authority. However, there are some unsettling loose ends and unanswered questions that deserve to be considered before joining those affirming the official explanation.

I promised to honestly look at the information available from official and unofficial sources to determine whether or not a hearing of my subcommittee would be justified in this matter. I have yet made this determination. However, my limited personal inquiry has brought howls of anguish, even from friends who have warned me, oh, you will hurt yourself and be called a conspiracy nut even for considering a hearing. Well, admittedly, when listening to these howls and people pulling out their hair, my reaction inside has been, as Shakespeare once said, ''Me thinks that thou doth protest too much.'' So I am and have been proceeding on a personal inquiry into this matter. The day I walk away from trying to determine the truth of a matter of this magnitude because of possible personal attacks is the day that I will lose respect for myself and for the system.

The Oklahoma City bombing was the worst and most deadly terrorist attack on Americans in our history up until September 11, 2001. Those monsters who built the ammonium nitrate fuel oil bomb and detonated it next to the Alfred P. Murrah Federal Building in Oklahoma City slaughtered 168 of our fellow citizens. Nineteen of them were children. The bomb went off at 9:02 a.m. April 19, 1995, 10 years ago today.

Of course, in situations like this, it is unnerving to think that those we trust to defend us from mayhem and slaughter may not have done their jobs. I am sorry, but that is what we found after 9/11. Our intelligence community had let us down. The Oklahoma City bombing may or may not fall into that category. The fact that Terry Nichols'

house, a central focus of law enforcement officials, was not thoroughly examined, is one of those items that justifies a certain level of skepticism about the other assurances by those in power who were investigating this monstrous crime.

Furthermore, I am not certain that this site, Terry Nichols' home, would have been reexamined if it had not been known that I was considering a congressional hearing. So with a skeptical eye, we need to look into this matter, consider the questions being raised, and honestly assess the explanations we are given. Honest, hard-working, patriotic, responsible professionals led and were part of the investigation into the Oklahoma City bombing. My assumption is that all of them were highly motivated and committed to truth and justice. My experience tells me, nevertheless, that even in such situations, mistakes can be made and a group-think mentality can prevail.

No one could fault the great job that was done by law enforcement right away, of course. American law enforcement, with the FBI in the lead, mobilized an investigation and man hunt that continued in high gear even after initial quick results. Within days, Timothy McVeigh was identified and, incredibly, had already been taken into custody by the exemplary reaction of Oklahoma Highway Patrolman Charles Hanger.

□ 2145

Having sought McVeigh for driving without a license plate, Officer Hanger noticed McVeigh was carrying a pistol and arrested him on the spot. Good work, Officer Hanger.

So when the FBI, with amazing speed, traced remnants of the Ryder truck rental used to transport the crude, but powerful, bomb, Timothy McVeigh was already in jail. And shortly after this discovery, another man was connected to the bombing, Terry Nichols, McVeigh's buddy who had helped in the purchase of the bomb materials and was involved in planning this monstrous crime.

Today at the 10th anniversary of this horrific crime, this terrible blood-letting, America needs to know that our government has followed every lead and that all of the significant facts are known and have been thoroughly evaluated.

There begins the first of a number of disturbing questions, questions that remain unanswered or are obscured by a fog of indecisive rabble, official rhetoric. Obfuscation may be too harsh a way to put it, internal official ambiguity might be a more distinctive phrase. Maybe.

So what is question number one? It is very basic. Is the investigation of the Oklahoma City bombing after 10 years an ongoing investigation, an active case or not? This question needs to be answered because it will give us all of the basis, our basis to evaluate the situation as it stands.

If this is an ongoing investigation, the government must be holding open the possibility that this heinous crime was committed not just by McVeigh and Nichols but also by others unknown or others yet to be proven.

How could this case still be open and the possibility of others being involved if the authorities, with this in mind, permitted Timothy McVeigh to be executed, thus eliminating the primary witness against others who are thought to be involved?

No. This case is ongoing. If it is an active investigation and authorities permitted McVeigh to be executed, well, this is beyond bad policy. This would be the equivalent of executing Oswald very quickly even though he refused to talk.

No, in cases of this magnitude, the same type of procedure is not followed by law enforcement as is followed in a normal crime, where someone commits murder while robbing a liquor store or something. When you have the biggest terrorist attack and the most bloody terrorist attack in American history, no, you did not let a primary witness be executed if you think it is even possible that someone else was involved and that the person you are executing knows about it, even though he is not talking at the moment.

So let us hear the status of this case. That is our first question. If it is an ongoing investigation, why has significant evidence and why is significant evidence still being withheld from the American people?

There are a number of specifics to which I refer, such as the videotapes from the surveillance cameras located around the Murrah Building in the time leading up to the bombing and the moments immediately after the bombing.

It has been reported that there may be up to 23 such surveillance tapes. The Justice Department requested, and a judge agreed, to seal these tapes. Well, if this is not an ongoing investigation, then these surveillance tapes should be made public.

If there is nothing new and the videotapes reveal, as the authorities insist, that Timothy McVeigh by himself drove the bomb-laden Ryder truck to the front of the Federal building, then why not reassure us? If that is the case, why are these tapes sealed?

However, if the tapes reveal a second person in the truck with McVeigh, we know that Terry Nichols was not with him that day, then let us go look for that co-conspirator. Let us track him down and bring him to justice.

But keeping this from the American people, something as basic as whether or not the surveillance tapes of the Federal building indicated that there was a second person in the truck, and thus a third conspirator in this monstrous crime, then do the American people not have a right to know about this?

No. That is unacceptable. This is a free society. And if the public is to have faith in their government, we cannot keep secrets like this. We cannot keep it from the public as a whole. We cannot keep it from the families of the victims who died 10 years ago today.

Whatever is on the video, it is time for the American people to see it. Ten years have passed, and there is no longer any excuse. Keeping the tapes sealed can do nothing but undercut public trust in the authorities who have overseen this investigation. So that is question number one: Is the investigation ongoing or not?

And, number two, why are the videotapes taken from the surveillance cameras around the Federal Building on the morning it was blown up not available to the public? Whatever the status of this investigation as determined by the FBI and law enforcement authorities, it has not been a closed case for a number of patriotic, hard-working investigative journalists.

Many of these journalists launched their own investigation in the face of career-destroying ridicule. They paid a price for trying to find out the facts in this case. But despite this, despite being called names and conspiracy nuts, et cetera, despite all of this, they did research and pushed for facts.

These investigators were not always right. They made mistakes. But to this day, they are asking questions that deserve answers before we Americans can just move on and leave the slaughter of 168 of our fellow Americans behind us. And, yes, there has been a certain degree of fanaticism that motivated some of these inquisitors, but that does not refute truth. And there are some disturbing unanswered questions and loose ends out there that have been brought up that we need to hear the answers about.

Jayna Davis was a broadcast journalist who worked as a reporter for a network-affiliate TV station in Oklahoma City at the time of the bombing. Over the years, she has presented information and raised issues that need to be addressed. Jayna Davis collected 22 affidavits from individuals who swear they saw Tim McVeigh in the company of certain individuals, especially one who looks uncannily like John Doe 2.

To remind you, a few days before Tim McVeigh was positively identified, the FBI released a drawing of McVeigh. Then he was known only as John Doe 1. They also released a drawing of John Doe 2, who was described, well, both of them were described by an employee of the rental truck office and by others at the bomb scene.

John Doe 2 arguably resembles a man of Middle Eastern extraction. Jayna

Davis followed up on reports by those claiming to have seen McVeigh with someone who resembles John Doe 2. And she has followed up on those reports over the years. I have spoken to several of her witnesses. And I find at least some of her witnesses to be credible.

In one case, I spoke to a motel owner from near Oklahoma City. He claims that McVeigh stayed at his motel several times. He spoke to McVeigh and spent time with him. This is a man who was not just getting a glimpse of McVeigh, but actually was able to talk to him over a period of minutes, half an hour, an hour. Accompanying McVeigh on occasion, according to the motel owner, were some individuals the manager believes were of Middle Eastern extraction.

He also claims McVeigh stayed at his motel the night before the bombing. The Ryder truck, stinking of diesel and fertilizer, was parked on a lot near his motel, and he saw it pull out the next morning.

A read of Timothy McVeigh's book reveals that McVeigh said that he had parked his truck at a lot near a motel outside of Oklahoma City. It seems to me that this motel owner has a lot to say and is a very credible witness.

But how seriously was he taken? Was that testimony taken by the FBI? Well, the motel owner says the FBI did not even interview the other co-employees of the hotel who would have disproved or proven what he had to say. And, by the way, as I say, the official version of McVeigh is that he did pull up into a vacant lot near a motel and that is where he spent the night.

Well, he did not say he spent the night in a motel; he just said that is where he parked the truck. Davis has a number of believable witnesses. These witnesses, and she just kept following this throughout the years and just kept on going and kept on going like an Energizer bunny, and she could not be stopped.

And she has amassed an important amount of information, an important list of witnesses who claim to have seen McVeigh with John Doe 2 at different times before the bombing and immediately after the bombing.

Clearly, at some point, the FBI began having second thoughts about the existence of John Doe 2. So here we have a reporter finding witnesses who have actually seen McVeigh, who is very easy to identify, with John Doe 2; but the FBI is beginning to think that John Doe 2 really does not exist at all.

This character, John Doe 2, just was not fitting into the scenario the FBI saw taking shape, the explanation that seemed to be gathering steam in terms of official circles as to what had happened. So they went back to the Ryder truck rental operation again and asked the owner again, and asked the employee who had identified, who had actually described John Doe 2, to take a second thought.

The employee who originally described McVeigh, and by the way he had described McVeigh in such a way that that drawing was based on his description, the description of John Doe 2. He actually changed his position and changed the description of the man that he claimed to have seen.

However, I talked to the owner of the rental company, the one who actually did the business with McVeigh, and he is adamant. Even though the FBI is now saying that McVeigh went into that rental company alone, and is trying to convince the man who originally identified and had the drawing made of John Doe 2, and said, oh, yes, there was a person with him, that employee actually gave in to the FBI's suggestion. But the man who owned that little Ryder rental shop insists that McVeigh was not alone as the FBI is now trying to say, and insists that there was a man accompanying McVeigh; and although he cannot describe the man, he is absolutely sure McVeigh was not alone there at that company.

And of course we ended up with a sketch of John Doe 2, and John Doe 1, who looked exactly like McVeigh. So then it became a question, all of a sudden, is there a John Doe 2? Well, how much did the FBI follow up on the extensive investigation of Jayna Davis who has collected the affidavits of 22 people, who saw John Doe 2, a person that looked like John Doe 2 with McVeigh?

Now, she even identified a suspect that looks like John Doe 2. And there are many reasons to suspect that he may well have been with McVeigh. And there may be a John Doe 2. But there is a lot of conflicting things that have to be looked at here.

However, she actually got a picture of a Middle Eastern man who works there in Oklahoma City who had great trouble explaining where he was at the time of the explosion, and in fact was caught in many lies when trying to explain that. And many of the witnesses who Jayna Davis had shown the sketch to later on, when they were shown pictures of various people, she went and got a picture of this particular man who worked there in Oklahoma City, who was an immigrant from Iraq, I might add.

□ 2200

Many of her witnesses positively identified the man in the photo, not just the sketch that the FBI artist had given them, but the man in the photo as being the man that they saw with Timothy McVeigh. This is eye witness testimony. And, yes, eye witness testimony can be wrong. People can make a mistake. But this is important enough that the FBI should have looked at this individual as a potential suspect and treated him as such. And I would like to think that was the case at any time.

Was the individual Jayna Davis pointed out at any time considered a suspect, and what type of investigation was done on this individual? It appears that the investigation was not a thorough investigation into this man, but I certainly would like to hear from authorities as to how extensive that investigation was. Jayna contends it was difficult even to get the FBI to take possession of the sworn testimony that she had collected that linked this individual with Timothy McVeigh. That sworn testimony, the affidavits she collected, was at long last accepted by an FBI agent. But we must note here that Jayna Davis now tells us that that testimony, that sworn testimony, that Timothy McVeigh was in a relationship with a Middle Eastern man and that he was identified at the scene of the bombing and in the days leading up to the bombing by various people. That was never passed on to McVeigh's lawyers or Terry Nichols' lawyers during their trials, even though by law the government must provide all pertinent information to the lawyers, defense lawyers in a trial like this.

So why was there such a hesitation? Was there such a complication of just trying to get a proper investigation into someone who has been fingered by so many witnesses as being John Doe 2? And why was he not being treated as a potential suspect? Why? Was he being treated as a suspect? What was the investigation like? Yeah, we need to know that. And we need to know why all of those people were wrong, if they were wrong.

So Jayna Davis, who has recently written a book called ''The Third Terrorist,'' should not be dismissed out of hand. I spoke to Jim Woolsey, former director of the CIA, and he believes, as I do, that her evidence and witnesses deserve serious scrutiny, and her investigation should be looked at judiciously. Even though 10 years has passed, it is not too late to look at what she has found.

As far as Mr. Woolsey and myself, we are not saying everything that Jayna Davis is accurate. I, in fact, have some serious disagreements with some of the information that she put in her book, just an analysis of some other individuals, not the ones who were pointing the finger at John Doe 2, but I had some serious disagreements with her. But that does not negate the other things in the book, and especially the hard work she did to try to pin down those people who had actually seen McVeigh and this Iraqi immigrant who looked exactly like the first, not exactly, but looked like John Doe 2 and even had a tattoo on his arm which, I might add, was in the description of John Doe 2.

So here we have a man who looks like John Doe 2 and has a tattoo on his arm and mysteriously cannot back up his claim of where he was when that

bomb went off. Well, was he John Doe 2? Was he involved with McVeigh? We need to know that that has been thoroughly investigated.

Other possible terrorist links can be found centered around a whole different approach than the one that Jayna Davis took. This time we must look to see if the terrorist links can be found that can be traced back to the encampment of a neo-Nazi compound that was near the Oklahoma City-Arkansas border, about a half a day's drive from Oklahoma City.

A number of journalists, including J.D. Cash, Rita Cosby of Fox News, and others, have focused enormous energy and investigative talents into the activities surrounding the compound of neo-Nazis, white racists, gun nuts, Christian separatists, and irrational anti-government extremists, all of whom can be found at Elohim City, which was more like a small village or compound, as I say, about an afternoon's drive away from Oklahoma City. There were reports that as many as 250 crooks and criminals were based in Elohim City.

What McVeigh and Nichols had to do with this nest of vipers has yet to be fully determined. So we know that neo-Nazis were there. We know Ku Klux Klan types, we know people whose hearts were filled with hate who could commit acts of violence were there, who organizing there. We are not so sure how much exactly Timothy McVeigh and Terry Nichols had to do with this gang.

Records show that he stayed in a motel very nearby this compound, and this is way out in the sticks. And so if he was in that hotel, he was there because of that compound of racists and Nazis. And also his car and he as the driver of the car were pulled over and received a traffic ticket very near the compound. Again, no one is just driving on a Sunday afternoon and just happens to drive by this racist Nazi compound in Oklahoma.

So there are some indications that McVeigh was on the scene there or nearby; and if he was nearby, that would mean to us that he was probably meeting with some of the people in the compound.

One suggestion, for example, is that McVeigh helped finance some of his activities by getting money from some of the bank robbers who operated in and out of Elohim City. In fact, there were 22 bank robberies that were committed at that time by people who, as I say, were in and out of Elohim City and McVeigh's and Terry Nichols' relatives, their sisters have suggested that some of that bank robbery money was used by McVeigh and Nichols to further their goals. That connection, however, again needs to be examined.

What was the connection between McVeigh and Nichols and the monsters, the racists and the Nazis and the bank robbers there at Elohim City? One thing is certain, this potential terrorist camp did not escape the attention of authorities. There was at least one paid informant there and probably more, other informants from other government agencies who probably did not know about each other.

Carol Howe, the informant for the Bureau of Alcohol, Tobacco and Firearms, reported extensively from Elohim City. What she described was the preparation for an armed attack on the U.S. Government. She warned of assassinations and of bombings, and she told that the extremists there in Elohim City were capable of violence and capable of using weapons.

Federal authorities of course turned on Carol Howe later on after she made these reports. They actually brought charges of conspiracy and bomb making against her, even though she had been, obviously, an informant.

Let us note that the jury system works. A jury found her not guilty. I have seen many of her reports firsthand and found them to be very provocative and alarming as to what was going on there in Elohim City.

One of the most curious characters there was an Andreas Strassmeir. He was, as widely reported, in charge of security at the compound. He wore a gun and taught paramilitary tactics and operations. He was a young man who came from one of Germany's prominent families.

So think about this. Here is the guy who is in charge of security. He was training people in tactics. He was training people in guerilla warfare tactics and operations. And here he was, a young man whose father was the chief of staff of Chancellor Helmut Kohl, Helmut Kohl was the Chancellor of Germany. This is the equivalent of the son of Andy Card being charged with this type, of being a Ku Klux Klanner. In fact, Andy Card may have a little less social prestige here than Andreas Strassmeir's father had in Germany because they did have a very, very prominent family.

Andreas graduated from an elite military school, and then inexplicably he turned down a commission in the German Army; and a short time later he popped up in Elohim City. And there he was, as described by informant Howe and others as trying to provoke violent attacks on the United States Government which he referred to as a Zionist-controlled government.

Well, Timothy McVeigh had Strassmeir's card in his wallet when he was arrested after the bombing. Strassmeir and McVeigh claimed to have met only once at a gun show long before the bombing.

Well, who the hell is Strassmeir?

He is either a neo-Nazi, a virulent racist who pushed American extremists into violent acts, or tried to anyway, or he was, which would be logical to assume that he might be an informant for some agency of some government.

Well, if he was an informant, he was ill trained and improperly handled because instead of being an informant, he eventually became, if the reports are correct that we hear from Carol Howe and others, he eventually became a provocateur. The FBI has stated categorically to me that Strassmeir was not an FBI informant and never a source of information for the bureau.

Okay. So if he was not an informant and the FBI did not think he was an informant, why then was Strassmeir only briefly interviewed over the telephone by the FBI and then permitted to leave the country after it was clear that he had such connections to Elohim City? If nothing else, they knew that bank robberies were taking place by people who were in and out of Elohim City. If nothing more than the bank robberies, Mr. Strassmeir should have faced a much more serious interrogation instead of being given just a few minutes on the telephone and then being permitted to leave.

If he was not an informant, would not his role there in Elohim City and what he was doing with bank robbers and racists and Klan members and then of course with the possible tie-in with McVeigh, would these things not just call out for a thorough investigation and a close look by the FBI? And if nothing else, should not his connection or possible connection with McVeigh, who was after all the murderer of 168 Americans, was not the possible connection worth a more thorough investigation? How much of an investigation was done into Strassmeir?

□ 2215

Yes, there are serious questions that need to be answered, and there are loose ends that need to be explained and taken care of.

In the next few weeks, I will seek answers, and so far, the FBI has been more than cooperative. They are doing their best to see that I am satisfied with the conclusions they reached after a long and hard effort on the part of FBI professionals. They may well have answers that are very satisfying to me and to the issues that I have raised, and there may be no need for a hearing if this level of cooperation is successful, and I certainly hope it is.

However, let us begin to answer some of these questions. We can start with the surveillance tapes and work our way through. In the end, the public needs to be satisfied that the facts are known and that every lead has been followed and that all of us in the government are committed to keeping the American people safe from internal, as well as external, terrorism, and when crimes occur, like the one committed against our people in Oklahoma City 10 years ago today, the American people should be able to rest assured that

their government will never give up, never close the case until it is certain that everyone with a hand in such a crime has been brought to justice and that those of us who work for government feel a special bond to the people of the United States to make sure they know all of the information and are satisfied with the investigations that we are involved so they can rest assured that we are doing our job just as all of the American people go about their business every day doing their job as professionally as they can.

The United States of America is a wondrous land, but we are also a very vulnerable country. By the very nature of our free system and our free country, there are people who commit heinous crimes against us. We saw that in 9/11. 9/11, let us admit, it was a failure of our intelligence systems, including the FBI, that permitted 9/11 to happen.

I still remember that some FBI agents were calling from the field, pleading with their superiors to let them have a further investigation into these pilots, these foreign pilots that were being trained in the flight schools in different parts of the United States but these pilots who have might connection to foreign terrorists. We have heard these stories, and how heartbreaking it is that these FBI agents out in the field were turned down and they were diverted and prevented from doing their job by a mindset that existed.

Well, sometimes these mindsets happen and sometimes just leads are ignored because everybody believes that we should be going this way instead of that way, and thus, if anybody else has evidence of the other direction, it may not get the attention that it deserves.

We have to make sure that kind of mindset did not happen in Oklahoma City. We did not have to make sure of that, and by making sure that those people who seem to be credible witnesses, especially with tying Timothy McVeigh to a John Doe, we have to make sure this is thoroughly investigated. We have to make sure that if there was a connection between the bank robbers and Timothy McVeigh, that we understand that that possible connection has been thoroughly investigated and that people who are involved in those bank robberies have been interrogated about any meeting with Timothy McVeigh or Terry Nichols.

We have got to understand and ask where Terry Nichols and Timothy McVeigh did get their money and where they got their training. If there is a foreign connection to the Oklahoma City bombing, and it is evident that these questions have not been answered, then a hearing by my subcommittee on the Committee on International Relations, the Subcommittee on Oversight and Investigation, would certainly be justified.

I will come back here in several weeks and report to the people of the United States what I have found and whether or not I have recommended to the gentleman from Illinois (Chairman HYDE), the Chairman of the Committee on International Relations, who has been very cooperative and offered me great guidance on this, I will let the public know whether or not I have recommended that there will be a hearing or not be a hearing.

So, with this said, let me just end with this note. The FBI is filled with wonderful people, and our intelligence people and the CIA are dedicated human beings who are professional. We know there were some problems with 9/11, but we also know that the vast majority of agents and government employees and these law enforcement agencies and the intelligence agencies are very dedicated to protecting our country.

So nothing that I say or do should make anyone feel that this is implying anything but applauding the good work and applauding the patriotism of those people in these law enforcement agencies and intelligence agencies who protect us.

RECESS

The SPEAKER pro tempore (Mr. WESTMORELAND). Pursuant to clause 12(a) of rule I, the Chair declares the House in recess subject to the call of the Chair.

Accordingly (at 10 o'clock and 22 minutes p.m.), the House stood in recess subject to the call of the Chair.

□ 2329

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. PUTNAM) at 11 o'clock and 29 minutes p.m.

REPORT ON RESOLUTION PROVIDING FOR CONSIDERATION OF H.R. 6, ENERGY POLICY ACT OF 2005

Mr. SESSIONS, from the Committee on Rules, submitted a privileged report (Rept. No. 109–49) on the resolution (H. Res. 219) providing for consideration of the bill (H.R. 6) to ensure jobs for our future with secure, affordable, and reliable energy, which was referred to the House Calendar and ordered to be printed.

LEAVE OF ABSENCE

By unanimous consent, leave of absence was granted to:

Mr. MENENDEZ (at the request of Ms. PELOSI) for today on account of official business.

SPECIAL ORDERS GRANTED

By unanimous consent, permission to address the House, following the legislative program and any special orders heretofore entered, was granted to:

(The following Members (at the request of Mrs. MCCARTHY) to revise and extend their remarks and include extraneous material:)

Mrs. MCCARTHY, for 5 minutes, today.

Mr. GUTIERREZ, for 5 minutes, today.

Mr. BROWN of Ohio, for 5 minutes, today.

Mr. CUMMINGS, for 5 minutes, today.

Mr. DEFAZIO, for 5 minutes, today.

Ms. KAPTUR, for 5 minutes, today.

Mr. EMANUEL, for 5 minutes, today.

Ms. WATSON, for 5 minutes, today.

Mr. MCDERMOTT, for 5 minutes, today.

Ms. CORRINE BROWN of Florida, for 5 minutes, today.

Ms. WOOLSEY, for 5 minutes, today.

(The following Members (at the request of Mr. KING of Iowa) to revise and extend their remarks and include extraneous material:)

Ms. ROS-LEHTINEN, for 5 minutes, April 20.

Mr. BURTON of Indiana, for 5 minutes, today and April 20 and 21.

Mr. CHOCOLA, for 5 minutes, today and April 20.

Mr. OSBORNE, for 5 minutes, today.

Mr. BURGESS, for 5 minutes, today.

Mr. JONES of North Carolina, for 5 minutes, today and April 20 and 21.

Mr. GUTKNECHT, for 5 minutes, April 20 and 21.

Mr. POE, for 5 minutes, April 21.

SENATE BILL REFERRED

A bill of the Senate of the following title was taken from the Speaker's table and, under the rule, referred as follows:

S. 289. An act to authorize an annual appropriation of $10,000,000 for mental health courts through fiscal year 2011; to the Committee on the Judiciary.

ENROLLED BILL SIGNED

Mr. Trandahl, Clerk of the House, reported and found truly enrolled a bill of the House of the following title, which was thereupon signed by the Speaker:

H.R. 787. An act to designate the United States courthouse located at 501 I Street in Sacramento, California, as the ''Robert T. Matsui United States Courthouse''.

ADJOURNMENT

Mr. SESSIONS. Mr. Speaker, I move that the House do now adjourn.

The motion was agreed to; accordingly (at 11 o'clock and 30 minutes p.m.), the House adjourned until tomorrow, Wednesday, April 20, 2005, at 10 a.m.

EXECUTIVE COMMUNICATIONS, ETC.

Under clause 8 of rule XII, executive communications were taken from the Speaker's table and referred as follows:

1677. A letter from the General Counsel/FEMA, Department of Homeland Security, transmitting the Department's final rule — Final Flood Elevation Determinations — received April 18, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Financial Services.

1678. A letter from the Director, Child Nutrition Division, Department of Agriculture, transmitting the Department's final rule — Child and Adult Care Food Program: Increasing the Duration of Tiering Determinations for Day Care Homes (RIN: 0584-AD67) received February 16, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Education and the Workforce.

1679. A letter from the Director, Regulations Policy and Management Staff, FDA, Department of Health and Human Services, transmitting the Department's final rule — Medical Devices; Immunology and Microbiology Devices; Classification of the Automated Fluorescence in situ Hybridization Enumeration Systems [Docket No. 2005N-0081] received April 8, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Energy and Commerce.

1680. A letter from the Director, Regulations Policy and Management Staff, FDA, Department of Health and Human Services, transmitting the Department's final rule — Substances Affirmed as Generally Recognized as Safe: Menhaden Oil [Docket No. 1999P-5332] received April 8, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Energy and Commerce.

1681. A letter from the Director, Regulations Policy and Management Staff, FDA, Department of Health and Human Services, transmitting the Department's final rule — Food and Drug Administration Regulations; Drug and Biological Product Consolidation; Addresses; Technical Amendment — received April 8, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Energy and Commerce.

1682. A letter from the Director, Regulations Policy and Management Staff, FDA, Department of Health and Human Services, transmitting the Department's final rule — Secondary Direct Food Additives Permitted in Food for Human Consumption [Docket No. 2003F-0535] received March 3, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Energy and Commerce.

1683. A letter from the Deputy Assistant Secretary For Export Administration, Department of Commerce, transmitting the Department's final rule — Revision of Export and Reexport Restrictions on Libya: Reponses to Comments on the Interim Rule [Docket No. 040422128-5024-02] (RIN: 0694-AD14) received on March 18, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on International Relations.

1684. A letter from the Deputy Assistant Secretary for Export Administration, Department of Commerce, transmitting the Department's final rule — Licensing Policy for Entities Sanctioned under Specified Statutes; License Requirement for Certain Sanctioned Entities; and Imposition of License Requirement for Tula Instrument Design Bureau [Docket No. 041222360-4360-01] (RIN: 0694-AD24) received on March 3, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on International Relations.

1685. A letter from the Deputy Assistant Secretary for Export Administration, Department of Commerce, transmitting the Department's final rule — Editorial Corrections to Part 730 of the Export Administration Regulations [Docket No. 050202023-5023-01] (RIN: 0694-AD40) received on March 18, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on International Relations.

1686. A letter from the Deputy Assistant Secretary for Export Administration, Department of Commerce, transmitting the Department's final rule — Denied Persons and Specially Designated Nationals [Docket No. 050208029-5029-01] (RIN: 0694-AD43) received on February 17, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on International Relations.

1687. A letter from the Assistant General Counsel, Federal Election Commission, transmitting the Commission's final rule — Political Party Committees Donating Funds to Certain Tax-Exempt Organizations and Political Organizations [Notice 2005-8] received March 11, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on House Administration.

1688. A letter from the Assistant General Counsel, Federal Election Commission, transmitting the Commission's final rule — Filing Documents by Priority Mail, Express Mail, and Overnight Delivery Service [Notice 2005-9] received March 11, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on House Administration.

1689. A letter from the Program Analyst, FAA, Department of Transportation, transmitting the Department's final rule — Airworthiness Directives; McDonnell Douglas Model MD-90-30 Airplanes [Docket No. FAA-2004-19448; Directorate Identifier 2004-NM-134-AD; Amendment 39-14011; AD 2005-06-03] (RIN: 2120-AA64) received March 30, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Transportation and Infrastructure.

1690. A letter from the Program Analyst, FAA, Department of Transportation, transmitting the Department's final rule — Airworthiness Directives; Boeing Model 737-300, -400, and -500 Series Airplanes Modified In Accordance With Supplemental Type Certificate (STC) ST00127BO [Docket No. FAA-2004-19891; Directorate Identifier 2004-NM-136-AD; Amendment 39-14006; AD 2005-05-17] (RIN: 2120-AA64) received March 30, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Transportation and Infrastructure.

1691. A letter from the Program Analyst, FAA, Department of Transportation, transmitting the Department's final rule — Airworthiness Directives; Dornier Model 328-300 Series Airplanes [Docket No. FAA-2004-19568; Directorate Identifier 2004-NM-112-AD; Amendment 39-14000; AD 2005-05-11] (RIN: 2120-AA64) received March 30, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Transportation and Infrastructure.

1692. A letter from the Program Analyst, FAA, Department of Transportation, transmitting the Department's final rule — Airworthiness Directives; Eurocopter France Model EC 155B and EC 155B1 Helicopters [Docket No. 2003-SW-47-AD; Amendment 39-14009; AD 2005-06-01] (RIN: 2120-AA64) received March 30, 2005, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Transportation and Infrastructure.

REPORTS OF COMMITTEES ON PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XIII, reports of committees were delivered to the Clerk for printing and reference to the proper calendar, as follows:

Mr. SENSENBRENNER: Committee on the Judiciary. H.R. 866. A bill to make technical corrections to the United States Code (Rept. 109–48). Referred to the Committee of the Whole House on the State of the Union.

Mr. SESSIONS: Committee on Rules. House Resolution 219. Resolution providing for consideration of the bill (H.R. 6) to ensure jobs for our future with secure, affordable, and reliable energy; (Rept. 109–49). Referred to the House Calendar and ordered to be printed.

PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XII, public bills and resolutions were introduced and severally referred, as follows:

By Mrs. MUSGRAVE (for herself and Mr. HERGER):

H.R. 1678. A bill to amend the Internal Revenue Code of 1986 to extend the deduction for increased expensing for small business; to the Committee on Ways and Means.

By Mr. ANDREWS:

H.R. 1679. A bill to make supplemental appropriations for fiscal year 2005 to ensure the inclusion of commonly used pesticides in State source water assessment programs, and for other purposes; to the Committee on Appropriations.

By Mr. ANDREWS:

H.R. 1680. A bill to amend the Internal Revenue Code of 1986 to expand the incentives for the environmental cleanup of certain contaminated industrial sites designated as brownfields; to the Committee on Ways and Means.

By Mr. BUTTERFIELD (for himself, Mr. PAYNE, Ms. LEE, Mrs. JONES of Ohio, Mr. OWENS, Mr. RUSH, Mr. THOMPSON of Mississippi, Mr. HOLDEN, Ms. NORTON, Mr. BERMAN, Mr. CLAY, Mr. LEWIS of Georgia, Mr. FORD, Mr. WEXLER, Mr. CONYERS, Mr. CARDOZA, Mr. PETERSON of Minnesota, Mrs. TAUSCHER, Mr. PALLONE, Mr. CLEAVER, and Mr. CLYBURN):

H.R. 1681. A bill to improve education for all students, and for other purposes; to the Committee on Education and the Workforce, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. CARDIN (for himself, Mr. RANGEL, Mr. MCDERMOTT, Mr. STARK, Mr. LEVIN, and Mr. EMANUEL):

H.R. 1682. A bill to update the supplemental security income program, and to increase incentives for working, saving, and pursuing an education; to the Committee on Ways and Means.

By Mr. CLAY (for himself, Ms. MCKINNEY, and Mr. BUTTERFIELD):

H.R. 1683. A bill to amend title 37, United States Code, to require a minimum basic pay level of $2,000 per month for members of the Armed Forces serving in a combat zone; to the Committee on Armed Services.

By Mr. COX (for himself, Mr. CANNON, Mr. UPTON, Mrs. BLACKBURN, Mr. WILSON of South Carolina, Mr. ROHRABACHER, Mr. GARRETT of New Jersey, Ms. ESHOO, Mr. CHABOT, Mr. SIMMONS, Mr. RADANOVICH, Mr. FOSSELLA, Mr. HAYWORTH, Mr. KENNEDY of Minnesota, Mr. MACK, Mr. MCGOVERN, Mr. OTTER, Mrs. MUSGRAVE, Mr. PAUL, Mr. HERGER, Mr. MILLER of Florida, Mr.

BOUSTANY, Mr. DREIER, Mr. WESTMORELAND, Mr. TOM DAVIS of Virginia, Mr. WELLER, Mr. CUNNINGHAM, Mr. TERRY, Mr. MCHENRY, Mr. GARY G. MILLER of California, Mr. CALVERT, Mr. GOODLATTE, Mr. KIRK, Mr. WELDON of Florida, Mr. GILLMOR, Mr. ADERHOLT, Ms. GINNY BROWN-WAITE of Florida, Miss MCMORRIS, Mr. MCHUGH, Mr. MCCAUL of Texas, Mr. WALSH, Mr. MANZULLO, and Mr. HOSTETTLER):

H.R. 1684. A bill to amend the Internet Tax Freedom Act to make permanent the moratorium on certain taxes relating to the Internet and to electronic commerce; to the Committee on the Judiciary.

By Mr. COX (for himself, Mr. CANNON, Mr. UPTON, Mrs. BLACKBURN, Mr. WILSON of South Carolina, Mr. ROHRABACHER, Mr. GARRETT of New Jersey, Ms. ESHOO, Mr. CHABOT, Mr. SIMMONS, Mr. RADANOVICH, Mr. FOSSELLA, Mr. HAYWORTH, Mr. KENNEDY of Minnesota, Mr. MACK, Mr. MCGOVERN, Mr. OTTER, Mrs. MUSGRAVE, Mr. PAUL, Mr. HERGER, Mr. MILLER of Florida, Mr. BOUSTANY, Mr. DREIER, Mr. WESTMORELAND, Mr. TOM DAVIS of Virginia, Mr. WELLER, Mr. CUNNINGHAM, Mr. TERRY, Mr. MCHENRY, Mr. GARY G. MILLER of California, Mr. CALVERT, Mr. GOODLATTE, Mr. KIRK, Mr. WELDON of Florida, Mr. GILLMOR, Mr. ADERHOLT, Ms. GINNY BROWN-WAITE of Florida, Miss MCMORRIS, Mr. MCHUGH, Mr. MCCAUL of Texas, Mr. WALSH, Mr. MANZULLO, and Mr. HOSTETTLER):

H.R. 1685. A bill to amend the Internet Tax Freedom Act to make permanent the moratorium on certain taxes relating to the Internet and to electronic commerce; to the Committee on the Judiciary.

By Mr. CUMMINGS:

H.R. 1686. A bill to require United States assistance for the repair, maintenance, or construction of the transportation infrastructure of Iraq to be provided in the form of loans subject to repayment in full to the United States Government; to the Committee on International Relations.

By Ms. DELAURO (for herself, Mr. WEXLER, Mr. MORAN of Virginia, Mr. VAN HOLLEN, Mr. GEORGE MILLER of California, Mr. GUTIERREZ, Mr. DEFAZIO, Mr. CUELLAR, Mr. STARK, Mr. OBERSTAR, Mr. FARR, Mr. ENGEL, Mr. MCDERMOTT, Mr. DINGELL, Mrs. MALONEY, Mr. HOLT, Mr. PALLONE, Ms. BERKLEY, Mrs. MCCARTHY, Ms. SCHAKOWSKY, Mr. MILLER of North Carolina, Mr. BOSWELL, Mr. JACKSON of Illinois, Mr. HONDA, Mr. WEINER, Mr. FRANK of Massachusetts, Mrs. TAUSCHER, Mr. SHERMAN, Mr. LANTOS, Mr. DICKS, Mr. MCGOVERN, Mr. PRICE of North Carolina, Mr. CUMMINGS, Ms. WASSERMAN SCHULTZ, Ms. BALDWIN, Mr. KENNEDY of Rhode Island, Mr. TIERNEY, Mr. SCOTT of Georgia, Mr. UDALL of New Mexico, Ms. CORRINE BROWN of Florida, Mr. NADLER, Ms. MCCOLLUM of Minnesota, Mrs. JONES of Ohio, Mr. HINCHEY, Mr. STRICKLAND, Ms. LEE, Mr. KILDEE, Mr. CROWLEY, Ms. PELOSI, Mr. GRIJALVA, Ms. SLAUGHTER, Mr. NEAL of Massachusetts, Mr. LANGEVIN, Mr. EVANS, Mr. ABERCROMBIE, Mr. WU, Mr. ALLEN, Ms. SOLIS, and Ms. WOOLSEY):

H.R. 1687. A bill to amend the Fair Labor Standards Act of 1938 to provide more effective remedies to victims of discrimination in the payment of wages on the basis of sex, and for other purposes; to the Committee on Education and the Workforce.

By Mr. FARR (for himself, Mr. SHAYS, Mr. LEACH, Mr. WEINER, Mr. VAN HOLLEN, Mrs. MALONEY, Ms. LEE, Mr. BLUMENAUER, Mr. MCDERMOTT, Mrs. CAPPS, Mr. MORAN of Virginia, Mr. EVANS, Ms. WOOLSEY, Mr. RANGEL, Mr. NADLER, Mr. ENGEL, Mr. HONDA, Mr. DEFAZIO, Mr. GRIJALVA, Mr. GEORGE MILLER of California, and Ms. SOLIS):

H.R. 1688. A bill to amend title 18, United States Code, to prohibit certain interstate conduct relating to exotic animals; to the Committee on the Judiciary.

By Mr. FEENEY (for himself, Mr. SMITH of Texas, Mrs. BLACKBURN, Ms. HART, Mr. MEEK of Florida, Mr. BURTON of Indiana, Mr. ENGEL, Mr. BOYD, Ms. HARRIS, Mr. FOLEY, Mr. SMITH of New Jersey, Ms. ROS-LEHTINEN, Mr. PAYNE, Mr. SHAW, Mr. KELLER, Mr. CRENSHAW, Mr. GREEN of Wisconsin, Mr. HOYER, and Ms. WASSERMAN SCHULTZ):

H.R. 1689. A bill to modify the prohibition on recognition by United States courts of certain rights relating to certain marks, trade names, or commercial names; to the Committee on the Judiciary.

By Mr. FRANK of Massachusetts (for himself, Mr. HOYER, Mr. WAXMAN, Mr. CROWLEY, Mr. OWENS, Mr. ABERCROMBIE, Mr. WEXLER, Mr. CLEAVER, Mr. MCGOVERN, and Mr. PAUL):

H.R. 1690. A bill to amend title II of the Social Security Act to restrict the application of the windfall elimination provision to individuals whose combined monthly income from benefits under such title and other monthly periodic payments exceeds a minimum COLA-adjusted amount of $2,500 and to provide for a graduated implementation of such provision on amounts above such minimum amount; to the Committee on Ways and Means.

By Mr. GREEN of Wisconsin:

H.R. 1691. A bill to designate the Department of Veterans Affairs outpatient clinic in Appleton, Wisconsin, as the ''John H. Bradley Department of Veterans Affairs Outpatient Clinic''; to the Committee on Veterans' Affairs.

By Ms. HOOLEY:

By Mr. PASCRELL:

H.R. 1699. A bill to suspend temporarily the duty on certain pepperoncini prepared or preserved otherwise than by vinegar or acetic acid; to the Committee on Ways and Means.

By Mr. PASCRELL:

H.R. 1700. A bill to suspend temporarily the duty on certain capers preserved by vinegar or acetic acid; to the Committee on Ways and Means.

By Mr. PASCRELL:

H.R. 1701. A bill to suspend temporarily the duty on certain pepperoncini prepared or preserved by vinegar or acetic acid in concentrations at 0.5% or greater; to the Committee on Ways and Means.

By Mr. PASCRELL:

H.R. 1702. A bill to suspend temporarily the duty on certain pepperoncini prepared or preserved otherwise than by vinegar or acetic acid in concentrations less than 0.5%; to the Committee on Ways and Means.

By Mr. PAUL:

H.R. 1703. A bill to restore the second amendment rights of all Americans; to the Committee on the Judiciary, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. PORTMAN (for himself, Mr. DAVIS of Illinois, Mr. COBLE, Mrs. JONES of Ohio, Mr. CHABOT, Mr. CUMMINGS, Mr. CANNON, Ms. HARRIS, Mr. TOM DAVIS of Virginia, Mr. EHLERS, Mr. GILCHREST, Ms. LEE, Mr. OWENS, Mr. SHIMKUS, Ms. SOLIS, Mr. WYNN, Mr. BACHUS, Mr. SHAYS, Mr. PAYNE, Mr. RUPPERSBERGER, Mr. FORD, Mrs. JOHNSON of Connecticut, Mr. WESTMORELAND, Mr. BERMAN, Mr. RANGEL, Ms. WOOLSEY, Mr. KENNEDY of Rhode Island, Ms. KAPTUR, and Ms. JACKSON-LEE of Texas):

H.R. 1704. A bill to reauthorize the grant program of the Department of Justice for reentry of offenders into the community, to establish a task force on Federal programs and activities relating to the reentry of offenders into the community, and for other purposes; to the Committee on the Judiciary, and in addition to the Committee on Education and the Workforce, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. SHADEGG:

H.R. 1705. A bill to establish a program to support deployment of idle reduction and energy conservation technologies for heavy-duty vehicles, and for other purposes; to the Committee on Energy and Commerce, and in addition to the Committee on Transportation and Infrastructure, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. SHADEGG:

H.R. 1706. A bill to direct the Secretary of Energy to conduct a program in partnership with the private sector to accelerate efforts of domestic automobile manufacturers to manufacture commercially available competitive hybrid vehicle technologies in the United States; to the Committee on Science, and in addition to the Committee on Energy and Commerce, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. SHAW (for himself, Mr. UDALL of New Mexico, Mr. ROYCE, and Mr. TANNER):

H.R. 1707. A bill to assist in the conservation of rare felids and rare canids by supporting and providing financial resources for the conservation programs of nations within the range of rare felid and rare canid populations and projects of persons with demonstrated expertise in the conservation of rare felid and rare canid populations; to the Committee on Resources.

By Mr. SHAW (for himself, Mr. DAVIS of Florida, Mr. ENGLISH of Pennsylvania, Mr. THOMPSON of California, and Mr. TURNER):

H.R. 1708. A bill to amend the Internal Revenue Code of 1986 to provide that the volume cap for private activity bonds shall not apply to bonds for facilities for the furnishing of water and sewage facilities; to the Committee on Ways and Means.

By Ms. SLAUGHTER (for herself, Mr. SIMMONS, Ms. DEGETTE, and Mrs. JOHNSON of Connecticut):

H.R. 1709. A bill to expand access to preventive health care services that help reduce unintended pregnancy, reduce the number of abortions, and improve access to women's health care; to the Committee on Energy and Commerce, and in addition to the Committees on Education and the Workforce, and Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. WEINER:

H.R. 1710. A bill to amend title 18, United States Code, to protect individuals performing certain Federal and federally assisted functions, and for other purposes; to the Committee on the Judiciary.

By Mrs. WILSON of New Mexico:

H.R. 1711. A bill to provide assistance to the State of New Mexico for the development of comprehensive State water plans, and for other purposes; to the Committee on Resources.

By Ms. WOOLSEY (for herself, Mr. BACA, Mr. BECERRA, Mr. BERMAN, Mrs. CAPPS, Mr. CARDOZA, Mr. COSTA, Mrs. DAVIS of California, Ms. ESHOO, Mr. FARR, Mr. FILNER, Ms. HARMAN, Mr. HONDA, Mr. LANTOS, Ms. LEE, Ms. ZOE LOFGREN of California, Ms. MILLENDER-MCDONALD, Mr. GEORGE MILLER of California, Mrs. NAPOLITANO, Ms. ROYBAL-ALLARD, Ms. PELOSI, Ms. LINDA T. SÁNCHEZ of California, Ms. LORETTA SANCHEZ of California, Mr. SCHIFF, Mr. SHERMAN, Ms. SOLIS, Mr. STARK, Mrs. TAUSCHER, Mr. THOMPSON of California, Ms. WATERS, Ms. WATSON, Mr. WAXMAN, and Ms. MATSUI):

H.R. 1712. A bill to expand the boundaries of the Gulf of the Farallones National Marine Sanctuary and the Cordell Bank National Marine Sanctuary; to the Committee on Resources.

By Mr. LANTOS (for himself, Mr. HYDE, Mr. LANGEVIN, and Mr. SMITH of New Jersey):

H. Con. Res. 134. Concurrent resolution expressing the sense of Congress that the United States should play a leading role in the drafting and adoption of a thematic United Nations convention that affirms the human rights and dignity of persons with disabilities, and for other purposes; to the Committee on International Relations.

By Mr. SHUSTER (for himself and Ms. NORTON):

H. Con. Res. 135. Concurrent resolution authorizing the use of the Capitol Grounds for the District of Columbia Special Olympics Law Enforcement Torch Run; to the Committee on Transportation and Infrastructure.

By Mr. SHUSTER (for himself and Ms. NORTON):

H. Con. Res. 136. Concurrent resolution authorizing the use of the Capitol Grounds for the National Peace Officers' Memorial Service; to the Committee on Transportation and Infrastructure.

By Mr. PORTER (for himself and Mr. BOEHNER):

H. Res. 218. A resolution congratulating charter schools and their students, parents, teachers, and administrators across the United States for their ongoing contributions to education, and for other purposes; to the Committee on Education and the Workforce.

By Mr. BOUSTANY (for himself, Mr. BLUNT, Ms. ESHOO, Mr. BOYD, Mr. KILDEE, Mr. YOUNG of Florida, Mr. HINCHEY, Mr. TOWNS, and Mr. RADANOVICH):

H. Res. 220. A resolution recognizing America's Blood Centers and its member organizations for their commitment to providing over half the Nation with a safe and adequate volunteer donor blood supply, and for other purposes; to the Committee on Energy and Commerce.

By Mr. JINDAL (for himself, Mr. BOUSTANY, Mr. MELANCON, Mr. ALEXANDER, Mr. BAKER, and Mr. MCCRERY):

H. Res. 221. A resolution honoring the life of John Hainkel; to the Committee on Government Reform.

By Mr. SHADEGG (for himself and Mr. CHABOT):

H. Res. 222. A resolution supporting the goals and ideals of a National Day of Remembrance for Murder Victims; to the Committee on Government Reform.

ADDITIONAL SPONSORS

Under clause 7 of rule XII, sponsors were added to public bills and resolutions as follows:

H.R. 14: Mr. OTTER and Mr. SIMPSON.

H.R. 22: Ms. WASSERMAN SCHULTZ, Mr. WEXLER, Mr. PETERSON of Pennsylvania, and Mr. DENT.

H.R. 23: Ms. MCCOLLUM of Minnesota, Mr. CAPUANO, Mr. KIND, Mrs. LOWEY, Mr. MEEHAN, Mr. COOPER, Mr. FRANK of Massachusetts, and Mr. CLAY.

H.R. 34: Mr. LARSEN of Washington and Mr. BISHOP of Georgia.

H.R. 36: Mr. ABERCROMBIE and Mr. FILNER.

H.R. 63: Mr. RUPPERSBERGER, Mr. STARK and Ms. HERSETH.

H.R. 64: Mr. MCKEON.

H.R. 98: Mr. DUNCAN.

H.R. 153: Mr. GONZALEZ, Mr. LIPINSKI, Ms. LEE, Mr. WEINER, and Mr. SCHIFF.

H.R. 197: Mr. CARDOZA and Mr. REYES.

H.R. 198: Ms. DEGETTE.

H.R. 215: Mr. CUELLAR.

H.R. 269: Mr. LARSEN of Washington.

H.R. 278: Mr. PITTS.

H.R. 282: Mr. PRICE of Georgia, Mr. DOYLE, Mr. MILLER of North Carolina, Ms. HERSETH, Mr. EVANS, Mr. HAYES, Mr. GEORGE MILLER of California, Mr. SHADEGG, Mr. MATHESON, Mr. JEFFERSON, and Mr. HASTINGS of Florida.

H.R. 303: Ms. KAPTUR, Mr. JONES of North Carolina, Ms. HERSETH, Mr. HALL, and Mr. JENKINS.

H.R. 328: Mr. STRICKLAND, Mr. TAYLOR of Mississippi, Mr. WYNN, and Mr. ROHRABACHER.

H.R. 333: Mr. REYES, Mrs. NAPOLITANO, and Mr. BROWN of Ohio.

H.R. 354: Mr. RUPPERSBERGER.

H.R. 371: Mr. BURTON of Indiana, Mr. EMANUEL, Mr. MILLER of Florida, Mr. WAMP, Mr. GONZALEZ, Mr. MENENDEZ, Mr. OBERSTAR, Ms. BALDWIN, Mr. SNYDER, and Ms. MCCOLLUM of Minnesota.

H.R. 389: Mr. MICHAUD.

H.R. 400: Mr. HAYWORTH and Mr. FRANKS of Arizona.

H.R. 442: Mr. HEFLEY, Mr. JONES of North Carolina, Mr. HYDE, Mr. GINGREY, Mr. SAXTON, Mr. CHABOT, Mr. PAUL, and Mrs. CUBIN.

H.R. 476: Ms. SCHAKOWSKY.

H.R. 533: Ms. SCHAKOWSKY.

H.R. 554: Ms. HERSETH and Mr. TOWNS.

H.R. 580: Mr. GARRETT of New Jersey.

AMENDMENTS

Under clause 8 of rule XVIII, proposed amendments were submitted as follows:

H.R. 6

OFFERED BY: MR. BLUMENAUER

AMENDMENT NO. 1: In title VII, subtitle D, after section 754, insert the following new section (and amend the table of contents accordingly):

SEC. 755. CONSERVE BY BICYCLING PROGRAM.

(a) DEFINITIONS.—In this section:
(1) PROGRAM.—The term ''program'' means the Conserve by Bicycling Program established by subsection (b).
(2) SECRETARY.—The term ''Secretary'' means the Secretary of Transportation.
(b) ESTABLISHMENT.—There is established within the Department of Transportation a program to be known as the ''Conserve by Bicycling Program''.
(c) PROJECTS.—
(1) IN GENERAL.—In carrying out the program, the Secretary shall establish not more than 10 pilot projects that are—
(A) dispersed geographically throughout the United States; and
(B) designed to conserve energy resources by encouraging the use of bicycles in place of motor vehicles.
(2) REQUIREMENTS.—A pilot project described in paragraph (1) shall—
(A) use education and marketing to convert motor vehicle trips to bicycle trips;
(B) document project results and energy savings (in estimated units of energy conserved);
(C) facilitate partnerships among interested parties in at least 2 of the fields of—
(i) transportation;
(ii) law enforcement;
(iii) education;
(iv) public health;
(v) environment; and
(vi) energy;
(D) maximize bicycle facility investments;
(E) demonstrate methods that may be used in other regions of the United States; and
(F) facilitate the continuation of ongoing programs that are sustained by local resources.
(3) COST SHARING.—At least 20 percent of the cost of each pilot project described in paragraph (1) shall be provided from State or local sources.
(d) ENERGY AND BICYCLING RESEARCH STUDY.—
(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Secretary shall enter into a contract with the National Academy of Sciences for, and the National Academy of Sciences shall conduct and submit to Congress a report on, a study on the feasibility of converting motor vehicle trips to bicycle trips.
(2) COMPONENTS.—The study shall—
(A) document the results or progress of the pilot projects under subsection (c);
(B) determine the type and duration of motor vehicle trips that people in the United States may feasibly make by bicycle, taking into consideration factors such as—
(i) weather;
(ii) land use and traffic patterns;
(iii) the carrying capacity of bicycles; and
(iv) bicycle infrastructure;
(C) determine any energy savings that would result from the conversion of motor vehicle trips to bicycle trips;
(D) include a cost-benefit analysis of bicycle infrastructure investments; and
(E) include a description of any factors that would encourage more motor vehicle trips to be replaced with bicycle trips.
(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section $6,200,000, to remain available until expended, of which—
(1) $5,150,000 shall be used to carry out pilot projects described in subsection (c);
(2) $300,000 shall be used by the Secretary to coordinate, publicize, and disseminate the results of the program; and
(3) $750,000 shall be used to carry out subsection (d).

H.R. 6

OFFERED BY: MR. ABERCROMBIE

AMENDMENT NO. 2: In title II, subtitle A, add at the end the following new section:

SEC. 209. SUGAR CANE ETHANOL PILOT PROGRAM.

(a) DEFINITIONS.—In this section:
(1) PROGRAM.—The term ''program'' means the Sugar Cane Ethanol Pilot Program established by subsection (b).
(2) SECRETARY.—The term ''Secretary'' means the Secretary of Energy.
(b) ESTABLISHMENT.—There is established within the Department of Energy a program to be known as the ''Sugar Cane Ethanol Pilot Program''.
(c) PROJECT.—
(1) IN GENERAL.—In carrying out the program, the Secretary shall establish a pilot project that is—
(A) located in the State of Hawaii; and
(B) designed to study the creation of ethanol from cane sugar.
(2) REQUIREMENTS.—A pilot project described in paragraph (1) shall—
(A) be limited to the production of ethanol in Hawaii in a way similar to the existing program for the processing of corn for ethanol to show that the process can be applicable to cane sugar;
(B) include information on how the scale of projection can be replicated once the sugar cane industry has site located and constructed ethanol production facilities; and
(C) not last more than 3 years.
(d) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section $8,000,000, to remain available until expended.

EXTENSIONS OF REMARKS

CONGRATULATIONS TO THE BOROUGH OF WEST VIEW ON ITS CENTENNIAL ANNIVERSARY

HON. MELISSA A. HART

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. HART. Mr. Speaker, I would like to take this opportunity to congratulate the Borough of West View as it celebrates its centennial Anniversary.

West View will turn 100 years old on March 20th, 2005. The community will celebrate during the week of July 10th with a parade, picnics and fireworks that have been planned by the Centennial Celebration Committee. The Committee has been working very hard planning the festivities for over a year and the celebration promises to be a festive event.

I ask my colleagues in the United States House of Representatives to join me in honoring the rich history and tradition of the Borough of West View. It is an honor to represent the Fourth Congressional District of Pennsylvania and a pleasure to congratulate West View on its 100th anniversary.

HONORING DAVID BENFER, FACHE, 2005 RECIPIENT OF THE TORCH OF LIBERTY AWARD

HON. ROSA L. DeLAURO

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. DELAURO. Mr. Speaker, today, in New Haven, Connecticut, friends, family and colleagues will gather to pay tribute to one of our community's most outstanding citizens. I am proud to stand today and join the Connecticut Anti-Defamation League as they honor David Benfer, FACHE with the 2005 Greater New Haven Torch of Liberty Award.

Each year, the Connecticut Anti-Defamation League presents the prestigious Torch of Liberty Award to an outstanding leader in the community, recognizing their unique commitment and dedication. As President and Chief Executive Officer of the Saint Raphael Hospital System, David manages one of New Haven's leading employers as well as one of the largest providers of healthcare in Connecticut. During his tenure of six years, Saint Raphael's has furthered its reputation as a clinical pioneer in cardiac, cancer, orthopedic, neurosciences, and geriatric services. The outstanding success of Saint Raphael's is a reflection of the deep commitment that David has demonstrated since his arrival just six years ago.

I have had the opportunity and honor to work with David on a number of projects. I am in awe of his unparalleled dedication. A trustee of the Catholic Health Association, an advocacy organization that represents more than two thousand Catholic healthcare facilities nationwide, David recently asked me to get involved with a very special mission—the ''Lend Your Voice'' campaign, a national campaign to bring awareness to lawmakers of the seriousness of today's healthcare crisis. As the administrator of a healthcare facility, David knows only too well the plight of uninsured Americans. At a recent event he said, ''This is not only a moral responsibility, but it is an economic opportunity to improve health care and reduce costs in the long run by providing care at the appropriate time.'' It is this leadership and vision that will continue to spark debate and, hopefully, allow for a time when every American is insured.

It is not only his professional contributions that have made David such a special member of our community. Arriving to New Haven only six years ago, David not only took on his responsibilities at Saint Raphael's, but immediately became involved in a number of local service organizations. The New Haven Symphony Orchestra, Community Soup Kitchen and the International Festival of Arts and Ideas are just some of those who benefit from having David as a member of their Boards. It is not often that you find individuals who so quickly and willingly delve into their new communities. With his compassion, generosity, and kind heart, David represents all that a community leader should be.

I am honored to rise today and join his wife, Mary, his three children, family, friends, and colleagues to pay tribute to David Benfer, FACHE for his many invaluable contributions. I cannot think of a more appropriate honor than the Torch of Liberty Award to recognize the generosity and commitment David has shown to our community.

THE SREBRENICA MASSACRE OF 1995, HOUSE RESOLUTION 199

HON. BENJAMIN L. CARDIN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. CARDIN. Mr. Speaker, I am pleased to join our colleague and Chairman of the Helsinki Commission, Mr. SMITH of New Jersey, in cosponsoring House Resolution 199, regarding the 1995 massacre at Srebrenica in eastern Bosnia-Herzegovina.

For us, the congressional debates regarding the nature of the Bosnian conflict and what the United States and the rest of the international community should do about it are increasingly part of history. Now focused on other challenges around the globe, it is easy to forget the prominence of not only Bosnia, but the Balkans as a whole, on our foreign policy agenda.

It would be a mistake, however, to ignore the reality of Srebrenica ten years later to those who were there and experienced the horror of having sons, husbands, fathers taken away never to be seen again. Their loss is made greater by the failure to apprehend and transfer to The Hague for trial people like Ratko Mladic and Radovan Karadzic who were responsible for orchestrating and implementing the policies of ethnic cleansing.

Following the Srebrenica massacre, the United States ultimately did the right thing by taking the lead in stopping the bloodshed and in facilitating the negotiation of the Dayton Agreement, the tenth anniversary of which will likely be commemorated this November. Thanks in large measure to the persistence of the U.S. Congress and despite the resistance of some authorities particularly in Belgrade and Banja Luka, cooperation with the International Criminal Tribunal for the former Yugoslavia remains a necessary precondition for improved bilateral ties and integration into NATO and the European Union. Meanwhile, the United States and many other countries have contributed significant resources, including money and personnel, to the region's post-conflict recovery.

It is therefore appropriate that we, as the leaders of the Helsinki Commission, introduce and hopefully pass this resolution on Srebrenica ten years later, not only to join with those who continue to mourn and seek closure, but also to understand why we have done what we have done since then, and, more importantly, to learn the lesson of failing to stand up to those in the world who are willing to slaughter thousands of innocent people. The atrocities committed in and around Srebrenica in July 1995, after all, were allowed to happen in what the United Nations Security Council itself designated as a ''safe area.''

In confirming the indictments of Mladic and Karadzic, a judge from the international tribunal reviewed the evidence submitted by the prosecutor. His comments were included in the United Nations Secretary General's own report of the fall of Srebrenica, which described the UN's own responsibility for that tragedy. Let me repeat them here:

> After Srebrenica fell to besieging Serbian forces in July 1995, a truly terrible massacre of the Muslim population appears to have taken place. The evidence tendered by the Prosecutor describes scenes of unimaginable savagery: thousands of men executed and buried in mass graves, hundreds of men buried alive, men and women mutilated and slaughtered, children killed before their mothers' eyes . . . . These are truly scenes from hell, written on the darkest pages of history.

Regardless of one's views of the Yugoslav conflicts—who started the conflicts, why, and what our response should have been—there is no denying that what happened to the people of Srebrenica was a crime for which there are

no reasonable explanations, no mitigating circumstances, no question of what happened. As a result, it is inconceivable to me that anybody can defend Radovan Karadzic or Ratko Mladic, let alone protect them from arrest.

There should also be no mistake, Mr. Speaker, that Srebrenica was only the worst of many incidents which took place in Bosnia and Herzegovina from 1992 to 1995. Like the shelling of Sarajevo and the camp prisoners at Omarska, the July 1995 events in Srebrenica were part of a larger campaign to destroy a multi-ethnic Bosnia and Herzegovina, which manifested itself in atrocities in towns and villages across the country. It does, indeed, meet the definition of genocide.

I hope, Mr. Speaker, that the House will express its views regarding this massacre, which may fade in our memories but is all too recent and real to those who witnessed it and survived. Joining them in marking this event 10 years ago may help them to move forward, just as we want southeastern Europe as a whole to move forward. I call on my colleagues to support this resolution.

INTRODUCTION OF THE PAYCHECK FAIRNESS ACT OF 2005 AND THE FAIR PAY ACT OF 2005

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. NORTON. Mr. Speaker, today I am pleased to join my House colleague ROSA DELAURO and Senator HILLARY CLINTON as original cosponsors of the Paycheck Fairness Act and Senator TOM HARKIN as an original cosponsor of the Fair Pay Act. The Equal Pay Act has been a highly successful civil rights statute, but it is creaky with age and to be useful, it must be amended to meet the changed economy in which it must now to do its work. The Fair Pay Act also amends the EPA but it picks up where the EPA leaves off.

Huge changes in the economy and the workplace have occurred since the EPA was passed, and most important is the emergence of a highly educated workforce of women with even 75 percent of women with small children working for pay. However, women are vastly underused because of employer steering and because of deeply rooted wage stereotypes that result in pay according to gender and not according to the skills, efforts, responsibilities and working conditions necessary to do the job. We introduce the Fair Pay Act because the pay problems of most women today stem mainly from this sex segregation in the jobs that women and men do. Two-thirds of white women, and three quarters of African American women work in just three areas: sales and clerical, service and factory jobs. Only a combination of more aggressive strategies can break through the ancient societal habits present throughout human time the world over as well as the employer steering of women into women's jobs that is as old as paid employment itself.

The FPA recognizes that if men and women are doing comparable work, they should be paid a comparable wage. If a woman is an emergency services operator, a female-dominated profession, for example, she should be paid no less than a fire dispatcher, a male-dominated profession, simply because each of these jobs has been dominated by one sex. If a woman is a social worker, a traditionally female occupation, she should earn no less than a probation officer, a traditionally male job, simply because of the gender associated with each of these jobs.

The FPA, like the EPA, will not tamper with the market system. As with the EPA, the burden will be on the plaintiff to prove discrimination. She must show that the reason for the disparity is sex or race discrimination, not legitimate market factors. Corrections to achieve comparable pay for men and women are not radical or unprecedented. State employees in almost half the state governments, in red and blue states, have already demonstrated that you can eliminate the part of the pay gap that is due to discrimination. Twenty states have adjusted wages for women, state employees, raising pay for teachers, nurses, clerical workers, librarians, and other female dominated-jobs that paid less than men with comparable jobs. Minnesota, for example, implemented a pay equity plan when they found that similarly skilled female jobs paid 20% less than male jobs. There often will be some portion of the gap that is traceable to market conditions, but twenty states have shown that you can tackle the discrimination gap without interfering with the free market system. The states generally have closed the discrimination gap over a period of four or five years at a one-time cost no more than 3 to 4 percent of payroll.

In addition, routinely, many women workers achieve pay equity through collective bargaining. And countless employers on their own see women shifting out of vital female dominated occupations, and the resulting effects of the shortage of workers, see the unfairness to women, and are raising women's wages with pay equity adjustments. Unequal pay has been built into the way women have been treated since Adam and Eve. To dislodge such deep seated and pervasive treatment, we must go to the source, the female occupations where pay now identifies with gender and always has.

The Paycheck Fairness Act is important simply to meet our obligation to keep existing legislation current. It simply updates the 42-year old Equal Pay Act. Recently, I thought we were seeing progress when the census reported that black college educated women actually earned more than white college-educated women, although the overall the wage gap for black women, at 65 percent, remains considerably larger than the gap for white women.

No explanation was offered for the progress for black women but other data and information suggest that even when women seem to catch up it may not be what we had in mind. I suspect that African American women are represented disproportionately among the 50% of all multiple job holders who are women. I am certain that this progress for African American women also tells a tragic story. The decline in marriageable black men, eaten alive by ghetto life, also means that many college educated black women are likely to be single with no need for even the short time-out for children white women often take that affects their wages.

The best case for a strong and updated EPA occurred here in the Congress in 2003, when the women custodians in the House and Senate won an EPA case after showing that women workers were paid a dollar less for doing the same and similar work as men. Had they not been represented by their union they would have had an almost impossible task using the rules for bringing and sustaining an EPA class action. The FPA simply modernizes the EPA the first of the great civil rights statutes of the 1960s to bring it in line with later passed civil rights statutes. Because I enforced the EPA as chair of the Equal Employment Opportunity Commission, I know all too well the several ways that this historic legislation needs a 21st century make-over.

We file these two bills today to say start with the Fair Pay Act or start with the Paycheck Fairness Act. Start where you like, but Congress should be ashamed to let another year go by while working families lose more than 200 billion annually—more than $4,000 per family—because even considering education, age, hours worked and location, women are paid less than they are worth. Let's start this year to make pay worthy of the American women we have asked to go to work.

IN RECOGNITION OF ELAINE GROTHMANN FOR HER 30 YEARS OF SERVICE TO THE CONTRA COSTA COUNTY DEPARTMENT OF EMPLOYMENT AND HUMAN SERVICES

HON. ELLEN O. TAUSCHER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mrs. TAUSCHER. Mr. Speaker, I rise today to honor the career accomplishments of Elaine Grothmann for her 30 years of service to the Contra Costa County Department of Employment and Human Services.

Ms. Grothmann represents the highest standards of professionalism in her life work with the Department. She is respected and trusted by her colleagues for her sincerity, constancy, and the outstanding quality of her work. Her managers know that when Elaine takes on an assignment, the end product is going to be assured, timely, and a credit to the Department.

Over her career, Elaine's work has benefited a wide range of the Department's customers, including dependent children, refugees, foster children, and parents entering and reentering the job market after having received welfare. She has been an innovator and mainstay of programs for CalWORKs participants, creating and implementing services in child care, substance abuse, mental health, and learning disabilities that buoy employability. The training program she spearheaded for CalWORKs participants to become licensed child care providers and preschool teachers is an inspired, lasting design that continues to meet multiple, compatible needs of the participants.

Elaine's respect for those who are served by the Department shows in her work on their behalf and confers respect on the Department. Her creativity, expertise, dedication, and amiability—not to mention her affinity for good times and monthly trips to Disneyland—are going to be missed by everyone who has worked with Elaine and benefited from her good work.

I thank Elaine Grothmann for her career contributions to the Contra Costa County Department of Employment and Human Services, and I wish her a well-deserved retirement in the community she has done so much to improve

20TH ANNIVERSARY OF CHRISTIAN RELIEF SERVICES CHARITIES

HON. JAMES P. MORAN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. MORAN of Virginia. Mr. Speaker, I rise because today marks a very proud day for Virginia's Eighth Congressional district. I am deeply honored to commemorate the 20th Anniversary of Christian Relief Services Charities, an international charitable organization located in the heart of my district, founded by a great Virginian and a man I'm proud to call my good friend, Eugene L. Krizek.

Throughout its 20-year history, Christian Relief has held true to one overriding principle: to help those in need both in the United States and around the world.

From this humble objective, Christian Relief has worked to improve the lives of thousands worldwide. No example illustrates this more than the efforts of Christian Relief in Africa. In some of the most poverty stricken regions on the continent, Christian Relief has offered vital development programs that address the long-term sustainability of communities for water, farming, housing, and clinics and hospitals. One particular program has educated African women, their children, and countless orphans. Christian Relief's school construction, vocational and literacy programs, and micro-credit and micro-enterprise opportunities have made it possible that new generations will possess the skills necessary for long-term community survival.

As prosperous and fortunate as our great nation is, poverty and need still exist in American communities and neighborhoods. In our urban areas, the Appalachian region, American Indian reservations, and small towns throughout our country, Christian Relief has learned firsthand how to address the basic needs for food, medicine, and affordable housing of Americans.

This last point, affordable housing, is what Christian Relief has taken special interest in. Its multi-family housing programs confront many of the long-term needs of low-wage working families and individuals caught in the debilitating cycle of poverty. In over 2,800 living units spread across Arizona, Kansas, North Carolina and Virginia, Christian Relief is empowering residents to get actively involved in their own communities and also helping them develop local programs and services to meet specific needs. At the very doorstep of this nation's Capitol, Fairfax County, Christian Relief has coordinated transitional housing for the homeless, working poor, and the disabled. Its ''Safe Places Residential Program'' provides a hospitable alternative to homelessness for women and children fleeing domestic violence.

Finally, I would be remiss if I didn't mention the challenges that Christian Relief has overcome on American Indian reservations. For decades, they have assisted reservation families with agricultural self-sufficiency programs, culture and language preservation, water, housing, utilities, and youth centers and programs.

In particular, Pine Ridge Indian Reservation is the site of one of their most proud accomplishments. With a dire need for water and sustainable agriculture, Christian Relief provided Pine Ridge with over 300 drilled wells and installed water pumps that have provided a vital inventory of water for twenty years to families living on this remote reservation. The availability of water has allowed families to grow fresh food. Today, tribal members plant over 500 organic gardens each year.

In ending, Mr. Speaker, I would like to offer my most sincere gratitude to Christian Relief's Founder and President, Eugene Krizek, its Board of Directors and dedicated professional staff. They have truly been at the service of humanity by providing hope in a sometimes unforgiving world. As I reflect on the past twenty years, I am reminded of a thought Albert Einstein offered about the nature of man. He believed that ''the value of man resides in what he gives and not in what he is capable of receiving.'' Using this as my guide, I realize how blessed we are to have Christian Relief, and I forever understand how immeasurable their value is to mankind.

HONORING SPECIALIST MANUEL LOPEZ III

HON. NITA M. LOWEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mrs. LOWEY. Mr. Speaker, I rise today to pay tribute to Manuel Lopez III who gave his life in service to our country in Baghdad, Iraq.

Manny, a graduate of North Rockland High School, was a dedicated friend, son, husband, father, and citizen. Throughout his life Manny assumed extraordinary responsibility and always handled it masterfully. With the passing of his father and 4-year-old brother, Manny became the rock on which his mother would lean at an early age. While still a young man, Manny would later assume the role of father and husband, providing a home for wife Kira, and their daughter, Isabella. It was for Kira and Isabella that Manny decided to enlist in the Army, hoping to provide them a better and safer future.

Manny was assigned to the 3rd Battalion, 7th Infantry Regiment, 3rd Infantry Division, based in Fort Stewart, Georgia. In January of 2005, Manny and his unit were deployed to Iraq as part of Operation Iraqi Freedom. On April 1, 2005, Manny was recognized for promotion to Specialist. Less than two weeks later, Manny died when the military vehicle in which he was traveling was struck by a rocket propelled grenade.

Only twenty years old, Manny was a true patriot who never stopped providing for his family or his country, and he paid the ultimate price for loyalty to both. Our nation is blessed to have dedicated, talented men and women like Manny Lopez fighting to protect us and others around the world.

Mr. Speaker, I ask my colleagues to join me in honoring Specialist Manuel Lopez III along with all of our nation's other fallen heroes.

100TH ANNIVERSARY OF THE SOCIETY OF AUTOMOTIVE ENGINEERS INTERNATIONAL

HON. MELISSA A. HART

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. HART. Mr. Speaker, I would like to take this opportunity to congratulate the Society of Automotive Engineers International on its 100th Anniversary, and recognize the exemplary service that the organization provides the 4th District of Pennsylvania.

The Society of Automotive Engineers International is a non-profit educational and scientific organization with nearly 90,000 members in over 97 countries that is dedicated to advancing mobility technology. Members of the Society of Automotive Engineers International have developed technical infonnation on all forms of self-propelled vehicles including automobiles, aircraft, and rail systems.

I ask my colleagues in the United States House of Representatives to join me in honoring the Society of Automotive Engineers International. It is an honor to represent the Fourth Congressional District of Pennsylvania and a pleasure to salute the service of organizations like the Society of Automotive Engineers International which provide such valuable services.

HONORING NANCY BEALS FOR HER OUTSTANDING SERVICE TO THE COMMUNITY

HON. ROSA L. DeLAURO

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. DELAURO. Mr. Speaker, this past month family, friends, colleagues, and community leaders gathered to pay tribute to an outstanding woman—someone I consider myself fortunate to call my good friend, Nancy Beals. Nancy has spent a lifetime dedicated to improving our communities and enriching our State. Most individuals associate public service with holding an elected office, however, there are those who simply hold public office, and then there are those like Nancy Beals. An educator, volunteer mentor, advocate, and State representative—Nancy has done it all.

With the multitude of organizations and groups that she has been involved with over

the years, it is difficult to put into words what a difference Nancy has made through all of her good work. Our communities would not be the same without the efforts of people like Nancy who so willingly dedicate their time and energies to make them a better place for our children, families, and businesses to live and grow. Whether as a trustee for Spring Glen Church, volunteer for Connecticut Food Bank and Habitat for Humanity, high school teacher, or board member for Partnerships for Adult Daycare and the Hamden Education Foundation—Nancy's efforts on behalf of the community have touched the lives of thousands.

In addition to her myriad of community volunteer activities, Nancy also committed two decades as a local elected official. Serving for 9 years as a member of the Hamden Board of Education and 10 years as a State Representative in Connecticut's General Assembly, she used her background and experience to make a difference in the lives of the residents of Hamden as well as those throughout the State. With more than a decade of experience working with local and regional offices of the Parent Teacher Association (PTA) as well as several years with the Connecticut Department of Education, Nancy focused much of her time on improving the quality of education for Connecticut's children. She served on the Assembly's Task Force on Student Financial Aid, the Blue Ribbon Commission on the Future of the Library, and the State Advisory Council on Special Education. As a legislator, she was recognized for her efforts, which is reflected by the myriad of awards and commendations she received throughout her tenure. Her distinguished career came to an end when she retired in 2003, however, she left an indelible mark on the institution which will be remembered by her colleagues and will certainly serve as an inspiration for members to come.

For her many invaluable contributions to her community and to the State of Connecticut, I am proud to stand today to express my sincere thanks and appreciation to Nancy Beals. With her husband Richard, 3 children, and 9 grandchildren, she is certainly a busy woman, however, I have no doubt that though she no longer serves in public life, she will continue to work on behalf of her community and make a difference in the lives of others.

INTRODUCTION OF SSI MODERNIZATION ACT

HON. BENJAMIN L. CARDIN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. CARDIN. Mr. Speaker, the Supplemental Security Income (SSI) program provides benefits to nearly 7 million elderly and disabled individuals who have few, if any, other resources. While it serves as the primary Federal program that assists low-income elderly and disabled Americans, many of the components of the program have not been updated in decades.

Since the inception of the program in 1972, the general income exclusion, which permits outside income to be added to the SSI benefit without penalty, has been set at $20. This income exclusion is generally applied to Social Security earnings, which are based on past employment. A second exclusion was also created to allow the first $65 in monthly earnings to be disregarded from SSI benefits, plus one-half of the remaining earnings. Neither of these provisions, which reward past and current work, have been increased in 33 years. As a result, these income exclusions have lost more than 75 percent of their real value over time. If they had kept pace with inflation over the last three decades, the general exclusion would be worth $90 a month, rather than $20; and the earnings exclusion would be worth $295 a month, rather than $65.

I am therefore pleased to introduce legislation today—along with Representative JIM MCDERMOTT, the Ranking Member of the Human Resources Subcommittee of the Ways and Means Committee which has jurisdiction over the SSI program—to reduce the disincentives for work, savings and education in the SSI program. The SSI Modernization Act would reward work by increasing the general income exclusion to $40 a month and the earned income exclusion to $130 a month, then index the amounts to inflation in future years. The bill would also increase the SSI asset limit from $2,000 for an individual and $3,000 for a couple to $3,000 for an individual and $4,500 for a couple. Increasing the resource limits would provide an incentive for individuals to save for their future. Finally, the bill would encourage disabled children to complete high school by delaying the period in which they are required to go through a redetermination process to evaluate whether they remain SSI eligible under the adult program requirements. Because some disabled children may not be able to complete their secondary education before the age of 18, the legislation would delay a recipient's adult SSI redetermination if they are enrolled in secondary education and between the ages of 18 and 21.

Mr. Speaker, the provisions in the SSI program have not been updated in decades. Updating the program by rewarding work, savings and education will help improve the lives of millions of our most vulnerable seniors and disabled Americans who depend on this program to survive. As the Social Security Commissioner declared last spring before our Human Resources Subcommittee of the Ways and Means Committee, SSI recipients are the ''poorest of the poor.'' Efforts to improve the quality of life for these individuals will go a long way to ensuring that they have a basic level of support. I urge my colleagues to support this legislation.

RECOGNIZING THE GAY AND LESBIAN ACTIVISTS ALLIANCE OF WASHINGTON, DC 34TH ANNIVERSARY RECEPTION HONORING DISTINGUISHED SERVICE AWARD RECIPIENTS

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. NORTON. Mr. Speaker, I have the distinct honor and pleasure of representing America's oldest, continuously operational gay and lesbian rights organization: the Gay and Lesbian Activists Alliance of Washington, D.C. (GLAA). GLAA is a Washington, DC institution in the vanguard of the lesbian, gay, bisexual, and transgendered civil rights movement. For 34-years, GLAA has remained a tenacious, persistent, and most importantly, respected, advocate for lesbians and gays.

Since 1971, GLAA has fought to improve District government services to the Lesbian, Gay, Bisexual and Transgendered (LGBT) communities, especially for those services provided by the Metropolitan Police Department, the Fire and Emergency Medical Services Department, the Department of Health and the Office of Human Rights. In every election year GLAA educates District voters by rating candidates for Mayor, Council, and Board of Education. GLAA outspokenly advocates safe and affirming schools for gay and lesbian youth. GLAA vigorously lobbies this body to defend gay families from undemocratic and discriminatory amendments to the District's budget.

On April 20, GLAA will hold its 34th Anniversary Reception honoring the recipients of its Distinguished Service Awards for 2005: recently retired Whitman-Walker Clinic executive director Cornelius Baker; the fundraising charity Brother, Help Thyself Inc.; D.C. Council Chairman Linda Cropp; Washington Post columnist Colbert I. King; and lesbian cultural trailblazer Jane Troxell.

GLAA's 34-year fight to secure all the birthrights enjoyed by Americans for the LGBT residents of Washington, D.C. is more poignant as United States citizens living in our nation's capital, who have served honorably in every American war, including the present war in Iraq, are taxed without representation. GLAA's open and forthright advocacy reminds us that LGBT soldiers, who have sworn to protect our country with their lives, must serve in silence, without the open support of their chosen families and communities, neither asking nor telling.

RECOGNIZING ROBERT MCCAFFREY

HON. MELISSA A. HART

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. HART. Mr. Speaker, I would like to take this opportunity to recognize Robert McCaffrey of Allison Park, PA for his distinguished service during World War II.

Recently, the National Personnel Record Center (NPRC) confirmed Mr. McCaffrey's entitlement to ten medals related to his service. Several of these medals had been misplaced over the past 60 years. While a 1973 fire had destroyed his original service record, an alternate record recently confirmed Mr. McCaffrey's entitlement to these medals. It is my honor to present Mr. McCaffrey with these decorations.

Mr. McCaffrey served in the United States Army from June 1943 until January 1946. During this time, Mr. McCaffrey received the following medals for his service: the Bronze Star Medal, the Purple Heart, the Good Conduct

Medal, the Asiatic-Pacific Campaign Medal with one bronze service star, the World War II Victory Medal, the Combat Infantryman Badge 1st Award, the Philippine Liberation Ribbon, the Honorable Service Lapel Button WWII, the Sharpshooter Badge with Rifle Bar, and the Marksman Badge with Carbine Bar.

I ask my colleagues in the United States House of Representatives to join me in honoring Robert McCaffrey. It is an honor to represent the Fourth Congressional District of Pennsylvania and a pleasure to salute citizens such as Robert who make the communities that they live in truly special.

IN RECOGNITION OF PAUL WARD FOR HIS 33 YEARS OF SERVICE TO THE CONTRA COSTA COUNTY DEPARTMENT OF EMPLOYMENT AND HUMAN SERVICES

HON. ELLEN O. TAUSCHER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mrs. TAUSCHER. Mr. Speaker, I rise today to honor the career accomplishments of Paul Ward for his 33 years of service to the Contra Costa County Department of Employment and Human Services.

For three decades, the Department has looked to Mr. Ward for the highest professional standards of analytical support, especially during periods of systems change.

Paul was a major force in developing the information systems necessary for the Department to succeed in its mission to move welfare participants into the workplace. His researched pick for an automated system was chosen by the Department to track the progress of participants toward independence, and he played a significant role in training Department employees to use it.

When impending welfare reform legislation prompted redesign of the benefits program, Paul became a leader for change inside and outside the Department, making presentations about the impacts of reform to fellow employees, other agencies, and local employers, and supporting critical community outreach of the Department Director.

Paul has taken on additional roles as resource to Department leadership inside and outside the organization, writing the Emergency Management Response Plan, staffing the Department Director in the Emergency Operating Center, and acting as Department liaison to other County departments, legislative advocacy associations, and university advanced degree programs.

Throughout his career, Paul has been respected and admired by those he has worked with in the Department and the community for his excellent analytical skills, voice of reason, collegial cooperation, exemplary professional demeanor—and for his dry, intelligent wit.

I thank Paul Ward for his contributions to the Contra Costa County Department of Employment and Human Services, and I wish him well in the community that he has served so well.

RECOGNIZING PETER F. BROWN

HON. JAMES P. MORAN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. MORAN of Virginia. Mr. Speaker, I rise today to recognize an outstanding public servant, Peter F. Brown, as he completes more than 24 years of continuous service within the civilian leadership of the Department of Defense, DoD. He began his public service life as a naval architect at the Naval Sea Systems Command, NAVSEA, and is ending it as NAVSEA's Executive Director. Throughout his career, he worked tirelessly to serve America and our Navy and Marine Corps.

Mr. Brown joined NAVSEA in 1981 as Ship Project Manager and then Branch Head for Command and Amphibious ships. In 1987, he was appointed to the Senior Executive Service and assigned as Deputy Program Manager for Amphibious and Combat Support Ships where he directed maintenance and modernization for over 175 surface ships and over 40 intermediate maintenance activities.

Over the next decade, Mr. Brown provided exceptional service to the Navy in a succession of complex and demanding assignments as NAVSEA's corporate planner, civilian manpower manager, Deputy Commander for Fleet Logistics Support, Chief Information Officer, and Executive Director of the Logistics, Maintenance and Industrial Operations Directorate. He was instrumental in supporting the command's restructuring under the Defense Base Closure and Realignment Act and its headquarters move to the Washington Navy Yard.

In July 1998, Mr. Brown assumed his current position as the Executive Director of NAVSEA. In this role as the Command's senior civilian executive, he quickly implemented strategic changes in the Navy's largest systems command, comprised of 49,000 civilian and military personnel at 36 geographically dispersed activities with an annual budget of approximately $20 billion. A number of these changes are being widely adopted across the Department of the Navy and DoD.

Mr. Brown was the Program Team Chair and Product Integrator for a comprehensive DoD team that recommended the creation of a National Security Personnel System, NSPS, Program Executive Office to design and implement the new civilian human resources management system. Based on his team's design, Secretary of Defense Donald Rumsfeld agreed to establish the NSPS Program Executive Office, with Mr. Brown assuming the role of interim Program Executive Officer. He was the driving force behind the successful launch of the NSPS program structure. Mr. Brown was instrumental in advancing the One Shipyard concept, which revolutionized the nation's entire ship industrial base to better meet the Navy's Fleet Response Plan requirements in response to the challenge of the Global War on Terror and the dynamic world situation.

Mr. Brown's visionary leadership included the identification of proven private sector programs and processes and their rapid deployment. His active endorsement of the Occupational Safety and Health Administration's Voluntary Protection Program, VPP, led to Portsmouth Naval Shipyard's recent designation as a STAR VPP site, the highest ranking available and the second DoD site to achieve this status and the first Navy site to do so. Mr. Brown is recognized throughout the shipbuilding industry as a leader who can be trusted and is the Navy's sole representative on the Executive Committee of the National Shipbuilding Research Program Advanced Shipbuilding Enterprise.

Mr. Brown has been an exceptional innovator of strategies to solve the most difficult challenges in personnel downsizing, work force renewal, and to reduce costs in acquisition and support of ships, submarines and systems. He provided executive leadership for several initiatives aimed at improving the efficiency and effectiveness of the Navy's five systems commands under the auspices of the Virtual System Command. He led the migration to common processes, streamlining responsibilities and systems and instituting the adoption of best practices in many key areas. Additionally, these efforts have created a single Fleet distance support solution that provides a conduit for virtually all of the technical and logistics support. These efforts collectively represent over $6 billion in savings across the Navy over the Future Years Defense Program.

Within NAVSEA, Mr. Brown established a formal control structure for over 166 technical authority areas that are key to the engineering performance and safety of ships, systems, and the sailors who operate them. Nationally recognized individuals known for their professional expertise were assigned as the technical authorities in each area. Not only do these individuals represent the ultimate technical authority for their field of expertise, they are responsible to oversee the technical health of the Government, academia, and private sector network that supports that expertise. This approach has been recognized across the Navy for its clarity, effectiveness, and efficiency and has been adopted by other Navy systems commands.

Mr. Brown's visionary approach to challenges allows for the transformation from a ''business as usual'' mentality into actions that permit innovative improvements in the way the Government and its private industry partners achieve best value products and services. It is, therefore, a pleasure to recognize Mr. Peter F. Brown for his many contributions in a life devoted to our nation's security as he leaves the Department of the Navy. I know my colleagues join me in wishing he and his wife Terri much happiness and fair winds and following seas as they begin a new chapter in their lives.

HONORING SISTER CANDACE INTROCASO

HON. MELISSA A. HART

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. HART. Mr. Speaker, I would like to take this opportunity to honor Sister Candace Introcaso, on being named the seventh President of LaRoche College in Pittsburgh, Pennsylvania.

Sister Introcaso became the President of LaRoche College on July 1, 2004. A member of the Board of Trustees since 2001, Sister Candace takes over an institution, founded by women that believed religion held a very important place in the landscape of higher education. Sister Introcaso brings a very diverse background to her leadership role, having received a B.A. in psychology from Shippensburg University, an M.A. in sociology from Fordham University and Ph.D. in Higher Education from the Claremont Graduate University.

Her experience includes a prior position with LaRoche College from 1986–1991, where she was the Director of Grants and an Assistant to the Vice President for Student Affairs. From 1997 to 1999, Sister Candace served as the Assistant Vice President for Academic Affairs at Heritage College on the Yakima Indian Reservation in Toppenish Washington before moving on to serve as the Vice President for Academic Affairs at Barry University in Miami Shores, Florida. Sister Introcaso will be honored with an Installation Ceremony on Friday, April 8, at 2:30 p.m. on the East Campus of LaRoche College.

I ask my colleagues in the United States House of Representatives to join me in honoring Sister Candace Introcaso. It is an honor to represent the Fourth Congressional District of Pennsylvania and a pleasure to salute citizens such as Sister Introcaso, who make the communities that they live in truly special.

HONORING THE 2005 WOMEN OF VISION AWARD RECIPIENTS: ROSYLN MILSTEIN MEYER AND GLORIA STEINEM

HON. ROSA L. DeLAURO

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. DELAURO. Mr. Speaker, it is with great pleasure that I rise today to join Women's Health Research at Yale as they honor two outstanding women with their 2005 Women of Vision Award: Gloria Steinem and, my good friend, Roslyn Milstein Meyer. This recognition is a reflection of the contributions these women have made, locally and across the globe.

Author, advocate, and leader, Gloria Steinem has brought issues of concern to women to the forefront of national and international discussion. Her leadership and vision helped to create an atmosphere in which women became empowered and ensured that their voice was heard. Ms. Steinem is an individual who sparked debate and stimulated discussion. Whether it was through her books or her unparalleled activism—and whether or not you agreed with her views—women were encouraged and motivated to act. Hers is a legacy that will continue to inspire generations to come.

While there are many people with good hearts, there are few who combine that heart with a deep commitment to philanthropy and action. Roz Meyer is one of those special people. She captures the best spirit of what it is to be a community leader. She is the co-founder of Leadership, Education, and Athletics in Partnership (LEAP), a nationally recognized program supporting hundreds of young people throughout Connecticut, as well as New Haven's International Festival of Arts and Ideas, an annual celebration of art, culture, and tradition. The success of both of these programs would not have been possible without the support and commitment that Roz provided. Through her advocacy, leadership, and awe-inspiring generosity, she has left an indelible mark on our community.

Whether its impact is on the world or a community, women across the globe touch the lives of people every day. I am honored to stand today and join Women's Health Research at Yale in recognizing the outstanding achievements of Gloria Steinem and Roslyn Milstein Meyer. Through their many contributions, they are a reflection of the very spirit of the Women of Vision Award. I am delighted to extend my sincere congratulations and very best wishes to them on this very special occasion.

TRIBUTE TO DR. JEANNE PETREK

HON. NITA M. LOWEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mrs. LOWEY. Mr. Speaker, I rise today to pay tribute to an exceptional woman—a devoted wife, mother, physician, and researcher—Dr. Jeanne Petrek.

Dr. Petrek, born in Youngstown, Ohio, pioneered the field of surgical oncology during a time when very few women practiced such a demanding specialty. She received her medical degree from Chase Western Reserve in Cleveland and served on the faculty of Emory University School of Medicine in Georgia before joining the staff at Memorial Sloan-Kettering Center in 1978.

As director of the surgical program at the Evelyn H. Lauder Breast Center, Dr. Petrek became a leading expert on lymphedema and pregnancy-related breast cancer. In a field where most physicians focus on survival and the ability to extend life, Dr. Petrek chose to study how to improve the quality of life for cancer survivors, particularly after treatment. She also went on to study the links between surgery and lymphedema, which ultimately led to the development of surgical procedures that spare lymph nodes.

Dr. Petrek treated more than 4,000 women during her career in a specialty in which doctors normally handle about 400 patients. She was a true patient advocate and embodied the very best of what science and the medical profession can achieve.

Mr. Speaker, please join me in honor and recognition of Dr. Jeanne Petrek whose life will be remembered as one in which her determination to make a difference through her work was only matched by her devotion to her family. Her passing is a tremendous loss to her husband, her children, her colleagues, and her community, and she will be remembered in the hearts and minds of the thousands whose lives she touched.

TRIBUTE TO HARVEY L. STOCKWELL

HON. RICHARD W. POMBO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. POMBO. Mr. Speaker, I rise today to call attention to the House of Representatives the life accomplishments of a dedicated man. A man who has made a difference in so many lives that he should be recognized here today.

Harvey L. Stockwell, 87, of Garden Grove, California, was a retired U.S. Army Lieutenant Colonel with combat service in World War II, Korea and Vietnam. He died Feb. 28, 2005, of pulmonary complications at St. Joseph's Hospital in Orange, California.

Brother to Warren Stockwell, Harvey Lee "Bud" Stockwell was born in Irving Park, a suburb of Chicago, Illinois, on June 10, 1917, to Archie Lee and Anna Helen Stockwell.

He graduated from the University of Illinois in 1940 with a bachelor's degree in Geology and married Mary Lenore Lamb on August 21, 1943.

When our Nation was called into a second world war, Colonel Stockwell answered the call of duty. He started military life as an enlisted soldier in the US Army Corps of Engineers and quickly advanced to the rank of Corporal. His leadership ability earned him selection to Officer Candidate School where he was commissioned a Second Lieutenant in the Army Engineers and was sent overseas to fight, where he continued to lead.

Col. Stockwell was not a tall man in physical stature. But it was the quality of his character that defined the essence of his size. In that manner, he was a giant. A line of poetry from Emily Dickinson defines his character well: "We never know how high we are until called upon to rise, and if our plan is true to form, our statures touch the skies."

During the 40th commemoration of the landing at Normandy in 1984, President Ronald Reagan described the character of the men who fought to preserve our freedom. In his address from France, President Reagan said, "These are the champions who helped free a continent. These are the heroes who helped win the war." Col. Stockwell was a champion and a hero. He helped make it possible for our Nation's flag to continue flying in all of its glory, long may she wave.

After World War II, he left military service for the private sector in Chicago, Illinois where he then answered our Nation's call again by reentering the service and fighting in the Korean War. This time, he stayed in uniform and was one of our Nation's first military advisors to serve in Vietnam.

Col. Stockwell was an honorable man who served our Nation faithfully in an honorable profession. He retired from the Army in 1966 at the rank of Lieutenant Colonel after 25 years of active military service, and traded one form of honorable service for another when he headed up the Junior Reserve Officer Training Corps in Long Beach, California. There, for over 15 years, he instilled in thousands of students the values that have made our Nation great, values such as selfless service, loyalty and honor. He influenced generations of

young people who, without his mentoring, may not have gone to college and on to successful careers in military service and professional civilian life. They never would have known how high they could reach until he called upon them to rise, and their statures touched the skies.

One of the high schools where he taught in Long Beach—Polytechnic High School—established an annual leadership award in his name to the most-deserving member of Junior ROTC there who exemplifies good leadership, military bearing and the ability to teach subordinates basic military knowledge. The recipient receives a gold medal whose name is inscribed on a perpetual plaque displayed in the unit; May 2005 will be the 21st award of the honor.

Col. Stockwell also gave his guidance and approval for a family scholarship to be established in Phoenix, Arizona. The name of the scholarship is the Stockwell Family Leadership Award and will be awarded to the most deserving graduate of Arizona Project Challenge, which graduates two classes each year. The Arizona National Guard runs Project Challenge as an alternative to high school for at-risk youth between the ages of 16 and 18. Most of the program's graduates receive their GED certificates and go on to institutions of higher learning, and this scholarship will help some deserving young people achieve their goals. Thanks to him, the statures of even more young people will reach to touch the skies. The first award of the scholarship will be made in June 2005 in his memory, and the memories of his son Robert and his brother Warren. They, too, served our Nation faithfully in uniform during times of war and peace. Their legacy of service lives.

Col. Stockwell's health began to decline about 15 years ago. It seemed the worse his health became, the taller he stood in stature. Poor leg circulation and breathing difficulties forced him to limit his walks from the front door to his flagpole in the front yard to continue raising the Stars and Stripes at 8 a.m., and then lower the flag at 5 p.m., a daily vigil he maintained faithfully year after year until a few weeks ago when he no longer had the strength. At that point, he retired the flag. His family has recently installed a lighting system at his home, where his wife continues to live, so Colonel Stockwell's flag may continue to fly.

Mr. Speaker, Colonel Stockwell is being laid to rest today at Arlington National Cemetery with full military honors. I ask that these comments be submitted into the CONGRESSIONAL RECORD so that they, like the flag that continues to fly in front of Colonel Stockwell's yard, may remain a permanent tribute to this great man.

CONGRATULATIONS TO WILLIAM L. MCCARRIER

HON. MELISSA A. HART

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. HART. Mr. Speaker, I would like to take this opportunity to congratulate William L. McCarrier on his election to the Supreme Council of the Scottish Rite of Northern Masonic Jurisdiction of the United States of America.

William has been active in the Masonic community for almost 40 years, and has served as the commander in chief of the Scottish Rite Bodies of the Valley New Castle, and as the vice president of the New Castle Benefit Fund. William has also served as a county commissioner for Butler County, and is a trustee of the Butler County Community College.

I ask my colleagues in the United States House of Representatives to join me in honoring William McCarrier. It is an honor to represent the Fourth Congressional District of Pennsylvania and a pleasure to salute citizens such as William who make the communities that they live in truly special.

DRUG ENFORCEMENT AGENCY MUST RESTORE BALANCE BETWEEN PRESCRIPTION DRUG ABUSE AND PROVIDING PATIENT ACCESS TO NEEDED MEDICATIONS

HON. CHARLIE NORWOOD

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. NORWOOD. Mr. Speaker, I think there is little doubt that our law enforcement agencies should conduct themselves, in fulfilling their founding purpose, in a manner that is consistent with their mission of serving the American people. In this light, I am submitting for the record an article by Radley Balko, a policy analyst with the Cato Institute, entitled ''Bush Should Feel Doctors' Pain''. The article suggests that the need to protect patients, while attempting to prevent diversion and misuse of prescription drugs is arguably out of balance.

There is no doubt that prescription drug abuse, particularly the abuse of prescription pain medications, is a serious public health problem. I have been one of the most vocal advocates on the necessity of this body to address the abuse of prescription medication by patients, crack down on the practice of ''doctor shopping'' and prosecute those medical professionals that harm responsible pain management by violating their responsibility to the highest standards of their profession.

Consequently, the Drug Enforcement Agency (DEA) should absolutely take appropriate steps to stop criminals from diverting these medications and exploiting those who would abuse them. But, it must also recognize that over 30 million Americans suffer chronic pain and need access to proper pain management by legitimate medical practitioners if they are to lead normal and productive lives.

However, in its seemingly single-minded pursuit of ''bad doctors,'' the DEA appears to be showing its lack of proper understanding, inability, or unwillingness, to strike a proper balance between these two public policy goals. I am worried that this failure is scaring responsible doctors away from prescribing legitimate patients from obtaining needed medications, causing these patients and those who love and care for them untold harm and unnecessary distress.

Congressmen WHITFIELD, PALLONE, STRICKLAND, and I have introduced H.R. 1132, a bill that would assist and encourage the States to establish a controlled substance monitoring program. These Prescription Monitoring Programs would assist physicians, pharmacists, and other healthcare professionals by providing them with prescribing information that would help them to detect abuse and diversion tactics and prevent ''doctor shopping''. This legislation also would permit law enforcement to review this prescribing data, but only where they certify that the requested information is related to an individual investigation involving the unlawful diversion or misuse of schedule II, III, or IV substances, and that such information will further the purpose of their investigation.

It appeared that the DEA realized it should not, indeed could not, dictate proper medical practice in the prescribing of pain medications. Last August, after working with a panel of distinguished physicians specializing in pain management, the DEA published guidelines for physicians who treat pain with opioids. These guidelines were designed to assure legitimate medical practitioners that they would not face prosecution simply because they prescribed such medications or treated a large number of patients in pain. Given the disturbing trend of doctors shying away from prescribing necessary medication due in large part to the issues discussed, the DEA should not act in a way that would further limit patients' access to needed pain management medications.

Within weeks, the DEA abruptly withdrew these guidelines without explanation in a transparent attempt to avoid jeopardizing a pending high profile prosecution. Strong objections came from the medical community and from 30 state Attorneys General. I am also including a copy of their letter sent to the DEA in which they raise their objections.

However, the DEA has not relented in its pursuit of doctors it considers to be practicing bad medicine in a field of practice that is still evolving and requires a certain latitude for the exercise of sound medical judgment. In effect, the DEA is doing the very thing it should not do, determine what is acceptable medical practice.

The chilling effect the DEA's actions are having on physicians engaged in the legitimate practice of medicine is undeniable. Effective pain management has become all too difficult to obtain because many doctors are afraid to prescribe adequate levels of opioids for fear of investigation and prosecution. This is simply unacceptable, as a member of the healthcare community for over thirty years and a patient who has known the need for proper pain management.

Yes, the DEA should continue to work with the appropriate state and local authorities to pursue those who abuse the trust that was placed in them when they obtained a medical license. Yes, we should be cracking down on those patients who seek to circumvent and abuse the system to abuse prescription medications. But the DEA must lead the charge to restore the balance between these different but certainly not mutually exclusive public health goals. By assuring legitimate medical

practitioners that they will not be investigated or prosecuted simply because they prescribe a certain kind of medication or have a successful practice, will better serve the American people, particularly those many millions who are needlessly suffering in pain.

NATIONAL ASSOCIATION OF ATTORNEYS GENERAL,
Washington, DC, January 19, 2005.

KAREN P. TANDY,
Administrator, Drug Enforcement Administration, Alexandria, VA.

DEAR MS. TANDY: We, the undersigned Attorneys General, write to express our concern about recent DEA actions with respect to prescription pain medication policy and to request a joint meeting with you. Having consulted with your Agency about our respective views, we were surprised to learn that DEA has apparently shifted its policy regarding the balancing of legitimate prescription of pain medication with enforcement to prevent diversion, without consulting those of us with similar responsibilities in the states. We are concerned that state and federal policies are diverging with respect to the relative emphasis on ensuring the availability of prescription pain medications to those who need them.

Subsequent to DEA endorsement of the 2001 Joint Consensus Statement supporting balance between the treatment of pain and enforcement against diversion and abuse of prescription pain medications, the National Association of Attorneys General (NAAG) in 2003 adopted a Resolution Calling for a Balanced Approach to Promoting Pain Relief and Preventing Abuse of Pain Medications (copy attached). Both these documents reflected a consensus among law enforcement agencies, health care practitioners, and patient advocates that the prevention of drug abuse is an important societal goal that can and should be pursued without hindering proper patient care.

The Frequently Asked Questions and Answers for Health Care Professionals and Law Enforcement Personnel issued in 2004 appeared to be consistent with these principles, so we were surprised when they were withdrawn. The Interim Policy Statement, ''Dispensing of Controlled Substances for the Treatment of Pain'' which was published in the Federal Register on November 16, 2004 emphasizes enforcement, and seems likely to have a chilling effect on physicians engaged in the legitimate practice of medicine. As Attorneys General have worked to remove barriers to quality care for citizens of our states at the end of life, we have learned that adequate pain management is often difficult to obtain because many physicians fear investigations and enforcement actions if they prescribe adequate levels of opioids or have many patients with prescriptions for pain medications. We are working to address these concerns while ensuring that individuals who do divert or abuse drugs are prosecuted. There are many nuances of the interactions of medical practice, end of life concerns, definitions of abuse and addiction, and enforcement considerations that make balance difficult in practice. But we believe this balance is very important to our citizens, who deserve the best pain relief available to alleviate suffering, particularly at the end of life.

We understand that DEA issued a ''Solicitation for Comments on Dispensing of Controlled Substances for the Treatment of Pain'' in the Federal Register yesterday. We would like to discuss these issues with you to better understand DEA's position with respect to the practice of medicine for those who need prescription pain medication. We hope that together we can find ways to prevent abuse and diversion without infringing on the legitimate practice of medicine or exerting a chilling effect on the willingness of physicians to treat patients who are in pain. And we hope that state and federal policies will be complementary rather than divergent.

Lynne Ross, Executive Director of NAAG, will contact you soon to arrange a meeting at a mutually agreeable time, hopefully in March when Attorneys General will be in Washington, DC to attend the March 14–16 NAAG Spring Meeting. We hope to meet with you soon.

Thank you.

Sincerely,

Drew Edmondson, Attorney General of Oklahoma; Gregg Renkes, Attorney General of Alaska; Mike Beebe, Attorney General of Arkansas; Richard Blumenthal, Attorney General of Connecticut; Thurbert E. Baker, Attorney General of Georgia; Tom Miller, Attorney General of Iowa; Gregory D. Stumbo, Attorney General of Kentucky; Terry Goddard, Attorney General of Arizona; Bill Lockyer, Attorney General of California; Robert Spagnoletti, Attorney General of District of Columbia; Lisa Madigan, Attorney General of Illinois; Phill Kline, Attorney General of Kansas; Charles Foti, Attorney General of Louisiana; Steven Rowe, Attorney General of Maine; Michael A Cox, Attorney General of Michigan; Jeremiah Nixon, Attorney General of Missouri; Jon Bruning, Attorney General of Nebraska; Wayne Stenehjem, Attorney General of North Dakota; Roberto Sánchez Ramos, Attorney General of Puerto Rico; Joseph Curran Jr., Attorney General of Maryland; Mike Hatch, Attorney General of Minnesota; Mike McGrath, Attorney General of Montana; Patricia Madrid, Attorney General of New Mexico; Hardy Myers, Attorney General of Oregon; Patrick C. Lynch, Attorney General of Rhode Island; Henry McMaster, Attorney General of South Carolina; Mark Shurtleff, Attorney General of Utah; Darrel McGraw, Attorney General of West Virginia; Paul Summers, Attorney General of Tennessee; William Sorrell, Attorney General of Vermont.

BUSH SHOULD FEEL DOCTORS' PAIN

(By Radley Balko)

Since the late 1990s, the U.S. Drug Enforcement Administration has allied with state and local law enforcement agencies to stamp out abuse of the painkiller OxyContin. Citing rises in emergency room episodes and overdoses associated with the drug (both of which have been roundly disparaged by critics), the DEA insists its ''Operation OxyContin'' is a necessary reaction to the diversion of the prescription narcotic for street use.

Unfortunately, despite frequent robberies and burglaries of pharmacies, doctors' offices, and warehouses where prescription medications are stored and sold, the DEA has focused a troubling amount of time and resources on the prescriptions issued by practicing physicians. It's easy to see why. Doctors keep records. They pay taxes. They take notes. They're an easier target than common drug dealers. Doctors also often aren't aware of asset forfeiture laws. A physician's considerable assets can be divided up among the various law enforcement agencies investigating him before he's ever brought to trial.

Over the last several years, hundreds of physicians have been put on trial for charges ranging from health insurance fraud to drug distribution, even to manslaughter and murder for over-prescribing prescription narcotics. Many times, investigators seize a doctor's house, office, and bank account, leaving him no resources with which to defend himself. A few doctors have been convicted. Many have been acquitted. Others were left with no choice but to settle.

All of this has been happening just as the field of chronic pain management has made some remarkable progress. The development of opium-based narcotics like OxyContin (also known as ''opioids'') has been a Godsend to the estimated 30 million Americans who suffer from chronic pain. Opioids are safe, effective, and, contrary to conventional wisdom, very rarely lead to accidental addiction when taken properly. Most of the medical literature puts the rate of such addiction at less than one percent.

The DEA's campaign puts law enforcement officials in the troubling position of determining what is acceptable medical practice in a field that's dynamic, still emerging, and relatively experimental. The very fact that any course of treatment ''beyond the normal practice of medicine'' can be cause for cops to launch a career-ending investigation is enough in itself to stifle innovation in palliative therapy.

The high-profile arrests and prosecutions of physicians (up to 200 per year, by one estimate) have caused many doctors to underprescribe or refuse to see new patients. It corrupts the candor necessary for an effective doctor-patient relationship. Many physicians have left palliative therapy for less controversial practice. The Village Voice reports that medical schools are now advising students to avoid pain management practice altogether.

To calm its critics, the DEA commissioned several pain specialists to work with federal officials to put together a set of guidelines for physicians who treat pain with opioids. These guidelines were posted on the agency's website, and most doctors were led to believe that following the recommendations would keep them safe from prosecution. For a short time, experts, doctors, and drug warriors had reached a compromise.

But it didn't last long. Late last year the guidelines mysteriously disappeared from the DEA's website. Their removal coincided with the trial of Virginia pain specialist, Dr. William Hurwitz, whose attorneys had attempted—and failed—to admit the guidelines as evidence on the belief that Hurwitz's practice conformed to their parameters. Hurwitz was eventually convicted, and faces a life sentence later this month.

A few weeks after Hurwitz's judge refused to admit the guidelines as evidence, the DEA renounced the contents of the brochure, and in a brief explanatory note made clear that the agency wasn't bound by any standards or practices when it came to determining what physicians it would investigate. The agency essentially declared it had carte blanche to launch an inquiry.

The renunciation sent shockwaves through the medical community. One doctor told the Washington Post that ''over 90 percent'' of patients and doctors could be subject to prosecution under the DEA's new rules. Rebecca J. Patchin, who serves on the board of the American Medical Association, told the

Post, ''Doctors hear what's happening to other physicians, and that makes them very reluctant to prescribe opioids that patients might well need.''

David Jorenson, the academic pain specialist who headed up the committee that authored the original guidelines, sent the agency a sharply-worded rebuke. Three professional associations representing pain specialists followed with a letter of their own. And last January, the National Association of state Attorneys General also sent a letter to the DEA, expressing concern that the agency was overstepping its bounds, and interfering with the legitimate treatment of pain. The letter was signed by 30 AGs from both parties.

The DEA remains obstinate, insisting its revocation of the guidelines did not represent a shift in policy, and that its pursuit of doctors should have no effect on legitimate pain treatment, despite that the experts it originally consulted say otherwise.

The attorneys general letter to the DEA in particular presents a challenge for the Bush administration. The White House claims to value the principles of local rule, states' rights, and federalism. But those principles seem to flitter away when it comes to drug policy. The Justice Department, for example, has repeatedly gone to court to prevent states from allowing physician-assisted suicide and medicinal marijuana, in some cases going so far as raiding convalescent centers and asserting the supremacy of federal law in prosecuting those who grow marijuana in states where it's permitted.

Thirty state AGs have said that federal drug policy is interfering with legitimate medical practice. The White House now has two choices. It could order the DEA to end its pursuit of physicians, and leave medical policy to state governments and medical boards, where it belongs.

Or it could stand by the DEA's troubling anti-opioid campaign, and watch as more well-intentioned physicians go to jail, and millions of Americans continue to endure unnecessary grief.

PAYING TRIBUTE TO THE LANSING STATE JOURNAL ON THE OCCASION OF ITS SESQUICENTENNIAL

HON. MIKE ROGERS

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. ROGERS of Michigan. Mr. Speaker, I rise to honor the Lansing State Journal and its more than 500 employees and retirees who are this year celebrating 150 years of publishing a newspaper in Michigan's capital city, Lansing.

As the sesquicentennial year progresses, the newspaper is revisiting its history and looking forward to the future.

Recently, the president and publisher, Michael G. Kane, wrote in a message to readers: ''Through 150 years, 16 publishers, seven name changes, five building locations, and more than 45,000 editions, we have been the eyes and ears of mid-Michigan. And a remarkable community it is: capital of the great state of Michigan, home of one of the nation's great universities, and birthplace of an automobile industry.''

Clearly, the newspaper leadership and it's staff understands that in one of the most diverse regions of the state, the Lansing State Journal is called on to fulfill its responsibility as community mirror, historian, and monitor. From birth to death, the Lansing State Journal chronicles the important milestones in the lives of the people who live and work in mid-Michigan, captures in print and picture the ebb and flow of life in each community throughout the region, and serves as a key element in the mid-Michigan marketplace.

From the reception desk to the newsroom and advertising department, to the press room and the circulation office and distribution team, the people who produce a newspaper every day of every year are truly part of the heartbeat of the mid-Michigan region.

Mr. Speaker, I ask my colleagues to join me in honoring the Lansing State Journal and its employees and retirees for all they have accomplished. May we extend best wishes for the future, and express our respect and appreciation for their important role in the community.

RECOGNIZING A STATEMENT BY RABBI ISRAEL ZOBERMAN, SPIRITUAL LEADER OF CONGREGATION BETH CHAVERIM IN VIRGINIA BEACH

HON. J. RANDY FORBES

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. FORBES. Mr. Speaker, I rise today in recognition of a statement by Rabbi Israel Zoberman, spiritual leader of Congregation Beth Chaverim in Virginia Beach, Virginia in recognition of the hope of peace created by recent Middle East developments.

I have been witness to remarkable developments in the Middle East with far-reaching implications, giving that volatile and violent region and the world at large renewed hope for peaceful transformation following four and a half years of the bloody Second Intifada now formally ended.

As a member of the Rabbinical Council of ARZA, the Association of The Reform Zionists of America, serving the million and a half Jews of Reform Judaism, our delegation was at Israel's Knesset when German President Horst Kohler accompanied by Israeli President Moshe Katzav entered to address the parliamentary body on the 40th anniversary of Israeli-German diplomatic relations. Sixty years since the death camps' liberation it was still too trying for a few of Israel's elected representatives to hear the language used by the Holocaust's perpetrators though Germany has become Israel's close friend.

Yet this historic opportunity, the first for a German president on an official state visit with the German flag decorating Jerusalem's streets, is an appreciated lesson that peace can follow a painful past. It also alerts us that fears and vulnerabilities simmer just below the surface, mindful of the global rise in anti-Semitism and the apprehension concerning ultimate Arab intentions. In our discussions with Knesset members of both the coalition and opposition, we were exposed to Israel's vibrant democracy that hopefully will spread throughout the Middle East.

Equally significant was to watch Secretary of State Condoleezza Rice's motorcade speed through Israel's Capital. Her poignant presence so closely following her installation in office was a clear signal to all concerned that the United States led by President George W. Bush placed the settlement of the Israeli-Palestinian conflict high on its agenda of concerns, to enabling both sides to reach that elusive peace which involves the traumatic disengagement from Gaza and parts of the West Bank along with further trying concessions for the two long-embattled peoples. Chairman Abu Mazen's immediate and fateful challenge is to prevail upon militant Palestinians to end the terrorism of suicide bombings and rocket launchings that might derail progress as in the past. However, Jewish extremists pose danger of their own, recalling Prime Minister Rabin's 1995 assassination.

I was glued to Israeli T.V. as the Sharon Summit with Prime Minister Sharon, Chairman Abu Mazen, President Mubarak and King Abdullah gathered with evident determination to break through the vicious cycle of death and despair. Both Sharon and Abu Mazen vowed to immediately cease all military operations with Egypt and Jordan committing to returning their ambassadors to Israel. When Sharon heartfeltedly spoke these unforgettable words, ''to kindle for all the region's nations a first light of hope,'' I whispered my own ''Amen.''

Our warm meeting in Tel-Aviv with American Ambassador Daniel Kurtzer was an illuminating experience, as we were briefed by a Middle East expert on the arena's shifting dynamics. He expressed cautious optimism following Arafat's departure, the one who was the stalling obstacle at Camp David 2000 and beyond. We toured various segments of the ''security barrier,'' and in Jerusalem we were guided by Colonel (Res.) Danny Terza, the project's head administrator for the Ministry of Defense who has been responsible for its complex erection in a city with multi religious and ethnic layers that he successfully dialogued with to avoid hard feelings. The cement part of the fence, only 4.5 percent of it, is designed to be dismantled when called upon. Its purpose of blocking terrorist infiltrations has proved itself over ninety percent.

We held a memorial service in the Nahalal cemetery of the Jesreel valley for Israel's first astronaut, Ilan Ramon, who perished along with his heroic fellow crew members of the Columbia shuttle two years ago. Ilan, who participated as a pilot in 1981 in destroying Iraq's nuclear facility and whose mother survived Auschwitz, will remain an enduring symbol of courage and creativity. Our group of rabbis also paid respect at the Abukasis home in the town of Sderot, who lost their seventeen year old daughter Ella, an exemplary young woman, in a rocket attack on January 15 from neighboring Gaza. The heroic high school senior was killed while she saved the life of her wounded ten year old brother Tamir, protecting him with her own body.

Let the day come soon when the children of both parties to the tragic conflict will grow up to fulfill their soaring dreams. After all, it is their birthright and the best guarantee for lasting peace.

IN RECOGNITION OF GERTRUDE BAGNALL

HON. MELISSA A. HART

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. HART. Mr. Speaker, I would like to take this opportunity to recognize Gertrude Bagnall for her courageous and selfless actions, which resulted in the rescue of a human life.

Mrs. Bagnall, with little regard to her own safety, raced into a church building in Farrell, Pennsylvania that had, moments earlier, exploded. Gertrude rushed to the aid of Pastor Barbara McCrae and parishioner Bruce Davis. She was able to assist Pastor Barbara McCrae from the building and into a waiting ambulance. Gertrude uncovered Mr. Davis from debris that had fallen on him in the explosion, allowing him to be rescued by emergency workers that arrived on the scene. Gertrude's bravery will be recognized at the ''Celebrate a Hero'' banquet to be held in her honor on Saturday, March 19, 2005 at the Hermitage Fire Hall.

I ask my colleagues in the United States House of Representatives to join me in honoring Gertrude Bagnall. It is an honor to represent the Fourth Congressional District of Pennsylvania and a pleasure to salute citizens such as Gertrude that display such selflessness and courage.

HONORING HENRIETTA VILLAESCUSA

HON. GRACE F. NAPOLITANO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mrs. NAPOLITANO. Mr. Speaker, I rise today to honor and pay tribute to Henrietta Villaescusa, who passed away at the age of 84 on March 6, 2005, in Tucson, Arizona. As we join her family and friends who mourn her loss, I would like to acknowledge Henrietta for her remarkable contributions to public health, the nursing profession and the Hispanic community.

Henrietta Villaescusa was a pioneering Latina at a time when Hispanic women were not widely represented in the nursing field. Henrietta served as the only Hispanic public health supervising nurse for the Los Angeles City Health Department. She later broke boundaries in the federal government as the first Hispanic nurse to serve as Health Administrator for the Health Services Administration and the first Mexican-American Chief Nurse Consultant in the Office of Maternal and Child Health. Henrietta eventually rose to the position of chief nurse of the Division of Maternal and Child Health, where she was responsible for all nursing aspects of the nation's maternal and children's health programs.

Henrietta's work was not limited to America. She helped improve health care in Latin America through her work at the Alliance for Progress, the President's Office of Community Development and the Agency for International Development.

Nor was her work limited by her retirement. After officially retiring in 1985, Henrietta was asked by the Surgeon General to help develop the Hispanic Health Initiative. President Reagan's Health and Human Services Secretary appointed her to the Task Force on Minority Health to advocate for Hispanic health needs. Henrietta also edited the first Hispanic Health Bibliography, which highlighted Hispanic health research needs and the need to prepare more Hispanic health professionals to conduct such research.

Henrietta gave so much of herself to assist others. She mentored Hispanic leaders and shared her vision with the federal government, local community health programs in Los Angeles, and organizations including the National Association of Hispanic Nurses, the National Coalition of Hispanic Health and Human Services Organization and the Mexican American National Women's Association.

Her accomplishments as a Latina, nurse and activist for others less fortunate are truly extraordinary. She will be greatly missed by those whose lives she touched.

TRIBUTE TO MARY ANN RABIN

HON. STEPHANIE TUBBS JONES

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mrs. JONES of Ohio. Mr. Speaker, I rise today to honor a very special constituent, Mary Ann Rabin, on the occasion of her receipt of the Ohio Women's Bar Association's Justice Alice Robie Resnick Award of Distinction. This award is the OWBA's highest award for professional excellence and is bestowed annually on a deserving attorney who exhibits leadership in the areas of advancing the status and interests of women and in improving the legal profession in the State of Ohio. It gives me great pleasure to wish Ms. Rabin my warmest congratulations on this truly special occasion.

Mary Ann (Mickey) Rabin is a nationally recognized bankruptcy practitioner and a founding partner of Rabin & Rabin Co., L.P.A. She practices law with two of her three children. Ms. Rabin received her J.D. degree from Case Western Reserve University School of Law in 1978 and her A.B. degree in music in 1956 from Washington University in St. Louis, Missouri.

Ms. Rabin is a Fellow of the American College of Bankruptcy, a member of the Bankruptcy Trustees for the United States Bankruptcy Court for the Northern District of Ohio since 1983, a life member of the Eighth Judicial Conference, and a founding member of the Ohio Women's Bar Association.

Ms. Rabin is a dedicated community activist devoting hours of pro bono work to local organizations including serving on the board of the Cleveland Legal Aid Society.

On April 29, 2005, OWBA President Halle M. Hebert will be presenting Ms. Rabin with the Ohio Women's Bar Association's Justice Alice Robie Resnick Award of Distinction at its Annual Meeting in Cleveland, Ohio.

It gives me great pleasure to rise today, Mr. Speaker, and join the OWBA in congratulating Mary Ann Rabin and wishing her continued success.

KEN-CREST CENTERS CENTENNIAL

HON. ALLYSON Y. SCHWARTZ

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. SCHWARTZ of Pennsylvania. Mr. Speaker, 2005 marks Ken-Crest Centers' centennial celebration. For the past 100 years, this faith-based, non-profit organization, which was started by the Lutheran Church in Plymouth Meeting, PA, has been dedicated to the concept of bringing ability to life.

Throughout its history, Ken-Crest has pioneered services for the most vulnerable, including the terminally-ill, the abandoned, and the disabled. Ken-Crest began its work in 1905, leading the fight against tuberculosis in the Kensington section of Philadelphia by providing the children of infected families with a safe refuge.

As a former social worker, I am inspired by the story of Sister Maria Roeck, a Lutheran Church deaconess and German immigrant, who founded Ken-Crest, originally called the Kensington Dispensary. Sister Roeck was called to action by the loss of loved ones to tuberculosis. She passionately battled the so-called ''white plague'' that decimated her beloved Kensington; abiding by the motto ''to cure sometimes, to relieve often, to comfort always.''

In the 1950s, as tuberculosis became better contained, Ken-Crest took on a new mission—providing for the mentally retarded and those with developmental disabilities. Its success has made it the largest community-based provider of assistance to people with disabilities in the Philadelphia region, serving more than 6,400 people at 350 locations.

Mr. Speaker, I know my colleagues join me in congratulating Ken-Crest on more than 100 years of outstanding service. I know their good work and mission will continue for many years to come.

20TH ANNIVERSARY OF PREGNANCY CARE CENTERS

HON. MELISSA A. HART

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. HART. Mr. Speaker, I would like to take this opportunity to congratulate the Pregnancy Care Centers on its 20th Anniversary, and recognize the exemplary performance of service that the organization provides the 4th District of Pennsylvania.

Founded in 1985, the Pregnancy Care Centers have provided over 7,000 women with free pregnancy tests, and have counseled its clients to find alternatives to abortion. The Pregnancy Care Centers have helped to teach the message of abstinence and have provided post abortion Bible studies to dozens of women who have sought healing and forgiveness.

I ask my colleagues in the United States House of Representatives to join me in honoring the Pregnancy Care Centers. It is an honor to represent the Fourth Congressional District of Pennsylvania and a pleasure to salute the service of organizations like the Pregnancy Care Centers which provide such valuable services.

NATIONAL CRIME VICTIMS' RIGHTS WEEK

HON. BRIAN HIGGINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. HIGGINS. Mr. Speaker, last week I stood unified with my constituents in Jamestown in observing National Crime Victims' Rights week.

Every person, male, female, children and adults alike have the right to be free from violent acts not only in the community in which they live but also in their homes. This week and every week to follow let us stand strong as one to break the cycle of violence in America.

Our wonderful Jamestown community has been blessed with Thelma Samuelson, Chairperson for the Chautauqua County Victims' Rights Week Effort and the numerous individuals and organizations that gave of their time to support the effort to ensure justice in all of our lives.

Thank you from the bottom of my heart for all that you do to make Jamestown a better place to work, play and raise a family. Your efforts do not just benefit Jamestown but they also reflect upon Chautauqua County, New York State and all over the United States.

''MODERN DAY MOSES''

HON. LAMAR S. SMITH

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. SMITH of Texas. Mr. Speaker, I would like to commend Congressman STEVE KING for his excellent speech, included here for the RECORD, addressing courts' attacks on religion in the United States. Our Constitution never intended for religion to be eliminated from the public square, but that is what judges are forcing upon us. I appreciate Congressman KING's eloquent statement on the judicial assault on religion.

[From the desk of Congressman Steve King, Iowa, Fifth District, Mar. 6, 2005]

MODERN DAY MOSES

I turned my eyes away from ''In God We Trust,'' engraved deeply in the stone above the Speaker's chair, and walked under the direct stone gaze of Moses, as I left the chambers of the United States House of Representatives. I walked through statuary hall in the U.S. Capitol where Thomas Jefferson and James Madison were among the first presidents to attend regular church services. The House Chaplain had given the opening prayer to start the legislative day and our member's chapel in the capitol was open for morning meditation as I walked briskly across the capitol grounds to the Supreme Court. The cases of Van Orden v. Perry and McCreary County, Kentucky. v. ACLU, were to be heard this day. I went expecting to hear profound Constitutional arguments before the only court created by the Constitution, the Supreme Court.

I walked up the steps of the high courthouse. From the top of the pediment, looming, larger than life, Moses gazes down, holding the Ten Commandments. All who pause here and all who enter here are on notice, this is a nation built upon a moral foundation, a nation of laws, not of men, a nation founded upon the belief in ''the laws of Nature and Nature's God.'' I climbed the long steps, walked past the huge columns, stepped out of the sunlight and into the presence of a security guard. I introduced myself to the guard who replied, ''I'm Moses and I'll escort you to your seat.'' ''Moses! Moses?'' I responded. The guard smiled and nodded his head. ''There couldn't be a better person to lead me to hear the Ten Commandments cases,'' I said.

Modern day Moses led me to the chambers, through the huge oak double doors, engraved with the Ten Commandments, and to my seat in the chambers. The courtroom was soon full when we all stood to the Supreme Court Marshal's announcement, ''The Honorable Associate Justices of the Supreme Court of the United States. Oyez! Oyez! Oyez! . . . God save the United States and this Honorable Court!'' The justices filed in and were seated. On the frieze above them and to their left, sculpted in stone, stands Moses with the Ten Commandments.

It is a rare privilege to be in the presence of the most powerful and unaccountable shapers of American society that our nation has ever seen. The oral arguments before the Supreme Court in the two cases before it will likely determine if there will be changes in whether and under what circumstances religious displays can be placed on public property. As I listened to the questions and remarks from the justices, I considered the implications of what had become of our Constitutional right to religious freedom and the Constitution itself. A growing uneasiness slowly turned into a sinking feeling in my stomach.

Before I get to the cases at hand, I remind you that the Constitution is written to protect the rights of the minority against the will of the majority and the rights of the majority against the whim of the court. Without the Constitution and the Bill of Rights, the will of the majority would be imposed on the minority. Put simply, a pure democracy is two coyotes and a sheep taking a vote on what's for dinner. The Founders understood this and rejected democracy in favor of their new invention, a Constitutional Republic. Our Republic is a unique design of the carefully balanced executive, legislative, and judicial branches. The three branches of government were not designed to be ''separate but equal'' branches but three carefully balanced branches, the weakest of which is the judicial branch. They were to function together so that the will of the majority could not overturn Constitutional guarantees. The Founders were concerned about the power of an unchecked court so they put limits on its power. The Supreme Court's Constitutional charge is to rule on the letter and the intent of the Constitution, ''with such Exceptions, and under such Regulations as the Congress shall make.'' (Article III, Section 2. United States Constitution)

The question before the court was, ''do the displays of the Ten Commandments violate the ''establishment clause?'' ''Do the displays violate the separation of church and state implied in the Constitution?'' Those of us who came to the Supreme Court expecting to hear profound Constitutional arguments were sadly disappointed. To my ear, no justice referenced the Constitution or quoted from it or asked a question directed to the text of our foundational document. The questions were, ''What is the context of the display?'' ''Was it a religious display, secular, or historical?'' ''What was the intent of those who displayed them? Religious? Secular? Historical?'' ''How would the display be perceived by a reasonable person? Religious? Secular? Historical?'' ''Is anyone offended by the Ten Commandments?'' All pro-religious freedom arguments were carefully and narrowly designed to preserve the two displays in question before the court. One in Texas and one in Kentucky. There was no effort made in oral argument that might have expanded religious freedom by establishing a precedent that would provide for true Constitutional religious freedom. The entirety of the oral arguments before the court and the interest of the justices were focused on issues that cannot be found in the text of the Constitution.

The First Amendment to the Constitution of the United States states, ''Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; . . .'' There are initially only two qualifying questions to be asked of a religious display. One, did Congress. or any of the states (14th amendment), make a law that established a religion? The obvious answer is no. The Constitution has not been violated if Congress has made no law to establish a religion. There is no need to deliberate further. Case closed. For the sake of argument, the second question is, did Congress or any of the states prohibit the free exercise of religion? Again the answer is no. Again the case is closed because no Congressional or state action prohibited the free exercise of religion although the court has done so many times and may well be poised to do so again. Sadly, these two elemental and operative questions were not asked or answered, yet they are the qualifiers that must be met before any religious freedom case can be Constitutionally argued beyond these two points.

Since 1963, in the case of Murray v. Curlett when the Supreme Court ordered prayer out of the public schools, there have been a series of decisions that have diminished religious liberty, one creative, convoluted, extra-constitutional case at a time, until the basis of a ''Constitutional'' decision is distorted beyond the recognition of even those of us who have lived through and with the changes. Imagine how astonished and irate our Founding Fathers would be if they were alive to see the magnitude to which unelected judges have warped our sacred constitutional covenant with their original intent. James Madison, the father of our Constitution, attended church services in the capitol rotunda where regular Sunday church services were held for 60 years. I can hear Madison now, ''We gave you an amendment process! Why didn't you use it? Why would you honor the opinions of appointed judges who dishonor the Constitution?''

In case after case, the courts have ruled against the letter and the intent of the Constitution to the effect of diminishing religious freedom until they have now painted themselves into a legal corner. If their case precedents are to be the path, there is no way out of the room to the door marked

''Constitutional Guarantees'' because of the principle called stare decisis, Latin for: to stand by things that have been settled. Because of their activist arrogance, for the justices, the wet paint of case law precedent never dries, therefore we can't walk back across the paint through the doorway to our guaranteed Constitutional freedoms. Consequently our freedoms are reduced with each stroke of the activist's pen until they are no longer recognizable and the Constitution becomes meaningless.

Last fall, in a small and private meeting, I asked Chief Justice Rehnquist, whom I admire, this question, ''If the Constitution doesn't mean what it says, and as the courts move us further and further from original intent (of the Constitution), what protects the rights of the minority from the will of the majority and what protects the will of the people from the whim of the courts? And, considering the prevalent ''living breathing Constitution'' decisions, hasn't the Constitution just become a transitional document that has guided our nation from 1789 into this 'enlightened' era where judges direct our civilization from the bench? Is the Constitution now an artifact of history?'' The core of Chief Justice Rehnquist's answer was, ''I acknowledge your point.''

To acknowledge my point concedes that the Constitution has become meaningless, become an artifact of history, as far as the courts are concerned. Constitutional law is taught in law schools across the land without teaching the Constitution itself. Constitutional law is too often a course study about how to amend the Constitution through litigation. In fact, we had a law professor before the House Committee on the Judiciary who testified, ''You give me a favorable judge and I will write law for the entire United States of America, in a single courtroom on a single case.''

Our Nation has suffered through more than forty years of activist judges wandering in their anti-religion desert, a desert hostile to Christians and Jews and devoid of Constitutional boundaries. Let my people go! It will take another Moses to lead us out of the desert and back to the Promised Land of our Founding Fathers, a land wisely provided for and abundantly blessed by God.

IN HONOR OF EQUAL PAY DAY

HON. MICHAEL M. HONDA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. HONDA. Mr. Speaker, I rise today in honor of Equal Pay Day.

Today I join the millions of women workers and local advocates across America to fight for justice and fairness in our wages. Today symbolizes the day when women have to work longer hours each week for the same amount of pay that a man would earn in just 5 working days.

It is disappointing to know that it has been 40 years since President John F. Kennedy signed the Equal Pay Act in 1963, yet the wage gap between men and women persists. Forty years ago, women who worked full-time made 59 cents on average for every dollar earned by men. In 2004, women earned 77 cents to the dollar. The wage gap has barely narrowed in these past 40 years, even though women have the same education, skills and experience as men.

The disparity in wages between women of color and white men is even worse. In 2003, Asian Pacific American women earned 80 cents for every dollar that men earned. African American women earned only 66 cents and Hispanic American women earned 59 cents for every dollar that men earned.

Although working women in my home State of California are farther along the road to equal pay than women in many States, the wage gap is still there. In 2000, California's working women earned only 82.5 percent as much per hour as men.

At the current rate of change, working women in California won't have equal pay until 2044. Nationwide, women won't achieve equal pay until 2050.

It is distressing to know that it will take 87 years since the Equal Pay Act before there is pay equity.

Now is the time for our country to fix this problem and to move forward in addressing this issue.

As Chair of the Congressional Asian Pacific American Caucus, I have joined with my colleagues in the Congressional Black Caucus, the Congressional Hispanic Caucus, the Native American Caucus, the Women's Caucus and Democratic Leadership to move forward in addressing this problem by cosponsoring the Paycheck Fairness Act.

The Paycheck Fairness Act, introduced by Congresswoman ROSA DELAURO would take the steps needed to eliminate gender based wage discrimination and ensure that women will finally earn what men earn for doing the same job.

I urge you to join me in cosponsoring this important legislation.

We must remember that equal pay isn't just a women's issue—when women get equal pay, their family incomes rise and the whole family benefits. Equal pay is about fairness.

CONDOLENCES ON THE PASSING OF POPE JOHN PAUL II

HON. LORETTA SANCHEZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. LORETTA SANCHEZ of California. Mr. Speaker, I rise today to express my condolences on the passing of Pope John Paul II. For families such as mine, the Pope represented a connection with the larger human community. We felt blessed by his faith, compassion, and the simplicity that he preached in words and deed, As a public figure he not only represented the Roman Catholic Church, but also was a symbol of liberation and strength. Pope John Paul II embodied the spiritual virtue of innocence that allows us, as humans to be loved, respected, and forgiven.

My district, the 47th Congressional District of California, is home to many practicing Catholics who followed and believed in Pope John Paul II, as my family and I did. The Pope was an amazing example of one man who strengthened the hearts and souls of people. John Paul's trust and belief in us, allowed us to trust and believe in others,

John Paul II visited the state of California twice in his life, once in 1976, as Cardinal and the second time in 1987, as Pope. By way of his many travels around the world, he reached out to people, regardless of race, religion, or politics. Pope John Paul II was a leader in uniting nations and people. He believed that through love, we can attain understanding, which can conquer the divisions that still plague the world today. The Pope saw Christian faith as truly Catholic, as truly universal: ''. . .Christ is Anglo and Hispanic, Christ is Chinese and black, Christ is Vietnamese and Irish, Christ is Korean and Italian, Christ is Japanese and Filipino, Christ is native American, Croatian, Samoan, and many other ethnic groups. . .''

Up to his final days, through his great personal suffering, he maintained his dignity. The passing of Pope John Paul II is a great loss to the global community. He will be missed and his memory will be kept sacred in our hearts.

TRIBUTE TO JAY CUTLER

HON. PATRICK J. KENNEDY

OF RHODE ISLAND

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. KENNEDY of Rhode Island. Mr. Speaker, I rise today to pay tribute to the life of Jay B. Cutler—a dedicated advocate of mental health parity, a talented attorney, and a dear friend. Jay passed away on March 4, 2005 at the age of 74. He was a passionate and skillful advocate of the causes he believed in and was recognized as such by all his peers.

A native of New York, Jay graduated from New York University, as a business major, and Brooklyn Law School. He served in the Korean War in Army Intelligence before moving to Washington, DC, where he dedicated his life to improving the treatment for persons suffering from mental illness and substance abuse. He began his career in Public Service Television production and for the former U.S. Senator Jacob Javits as Staff Director of the Senate's Human Resources Committee. He was the lead Senate staff member in the drafting, introduction and passage of the landmark Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91–616) that established the National Institute on Alcohol Abuse and Alcoholism.

Jay joined the American Psychiatric Association in 1978, to begin a 25–year career as Director of Government Relations. He helped broaden Medicare coverage for the treatment of mental illness and blocked government efforts to steer mentally ill patients towards cheaper and less effective medications. Recognized for his remarkable dedication to the education about and destigmatization of mental illness not only to legislators, but also to the public, Jay's involvement helped to change the view of such issues in the public. Thanks to people like him, the Nation has made a remarkable transition from the long-held and destructive view that mental illness and substance abuse are character flaws. He advocated the idea that they are diseases which can and should receive the best treatment that medical sciences can provide. His commitment has been at the core of a profound shift

in public awareness and understanding of these disorders.

As an APA lobbyist, Jay had direct impact on virtually every major bill on health policy and mental illness and substance abuse treatment legislation over more than 25 years. The expansion of the Community Mental Health Centers Program, the exemption of psychiatric hospitals and units from the Medicare prospective payment methodology, ensuring their fiscal viability for nearly 20 years, and the increased funding for veterans', children's and Indian mental health services are among the numerous legislative achievements Jay carried on in his career. His role in passing mental health legislation was well depicted in Eric Redman's book, The Dance of Legislation, which followed the development of the National Health Service Corps. It featured Jay as one of its subjects and it makes clear with regards to this major legislation that a great deal would not have happened without his dedication.

Over the years, Jay Cutler became synonymous with the cause of mental health parity and was well known by many Members of Congress. By combining his tremendous experience with a charm and wit that he generously shared with all whom he encountered, Jay was extremely effective. Because of his relentless efforts, millions of Americans received better care. His commitment to protecting patient confidentiality and broadening coverage for psychiatric and substance abuse treatment make him a role model for others to emulate.

Jay was not only a committed and effective advocate; he was an excellent teacher. It was my great privilege to work closely with Jay on numerous occasions and learn from his immense knowledge. He taught me a great deal about mental health policy and the history of behavioral health. And I can assure you that every lesson from Jay Cutler, just like every encounter of any kind with Jay Cutler, was a joy.

While being always at the forefront of efforts to eliminate discrimination against mental illness, Jay remained a loving husband and father. He understood the importance of being a doting father and grandfather, as well as a devoted husband. As in his professional activity, Jay Cutler was respected and appreciated by his friends and relatives.

I ask my colleagues to join me in expressing condolences to Jay's wife, Randy, his two daughters, Hollie S. Cutler and Perri E. Cutler, and his granddaughter, Makayla Lipsetts. We are deeply saddened by his death, and we are warmed by the memory of his remarkable life.

IN HONOR AND RECOGNITION OF ROBERT H. McKINNEY

HON. JULIA CARSON

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. CARSON. Mr. Speaker, on the occasion of his retirement from the position of Chairman of First Indiana Corporation, I rise today to commend Robert H. McKinney for his distinguished career of service to our country and his and my hometown community.

First Indiana Corporation is a publicly traded holding company that operates the First Indiana Bank, the largest homegrown bank in Indianapolis. It was established in 1915 by Mr. McKinney's father, the highly respected E. Kirk McKinney.

It is entirely and delightfully fitting that tribute be paid to Robert McKinney and his illustrious career as a devoted national and local public servant who is truly an inspiring community leader.

His achievements are breathtaking.

A graduate of the United States Naval Academy, the Naval Justice School, and the Indiana University School of Law, Mr. McKinney served in the Pacific during World War II and the Korean War. He has received Honorary Doctorates of Law from Marian College and Butler University. He has served as a member of the Indiana University Board of Trustees.

Bob McKinney has served as chairman of the Federal Home Loan Bank Board, the Federal Home Loan Mortgage Corporation, the Federal Savings & Loan Insurance Corporation, and the Neighborhood Reinvestment Corporation. He has also served as the presidential-appointed director of the Federal National Mortgage Association. Following his federal service, he returned to Indianapolis where he was instrumental in securing federal grants for the revitalization of Indianapolis neighborhoods, most notably the 29th Street corridor on the Near Westside.

Bob McKinney was appointed by U.S. Senator EVAN BAYH to the Naval & Merchant Marine Academy Selection Committee, and by the Speaker of the Indiana House of Representatives to the Government Efficiency Commission of the State of Indiana.

Our honoree is a member of the Presidential Advisory Board for Cuba and director of the minority investment fund Lynx Capital Corporation. He is a trustee of the Hudson Institute, the U.S. Naval Academy Foundation, the Indiana University Foundation, and the Sierra Club Foundation.

In our mutual hometown of Indianapolis, Bob McKinney is the director of several civic organizations including the Indianapolis Economic Club, the Indianapolis and Indiana Chambers of Commerce, and the Indianapolis Committee on Foreign Relations, as well as the Chief Executives Organization and the World Presidents' Organization. He has served as director of the Young Lawyers Section of the ABA, director of the Indiana State Bar, and treasurer and director of the Indianapolis Bar Association.

McKinney is the recipient of the 1994 Junior Achievement Central Indiana Business Hall of Fame Award, the 1995 Hoosier Heritage Award, the 1999 Indiana University Academy of Law Alumni Fellows Award, and the 2000 Indianapolis Archdiocese Spirit of Service Award, and, well, he's just a very nice guy.

Robert McKinney's involvement in national politics began when he became the Indiana chair of John F. Kennedy's presidential committee. He has subsequently served as chairman of the Indiana presidential campaigns of Candidates Muskie, Carter, and Mondale, serving also as a member of the Indiana delegations to the National Democratic Conventions beginning in 1972.

Bob McKinney and his wife Arlene "Skip" McKinney live in Indianapolis and have five children and five grandchildren. On behalf of my fellow citizens of Indianapolis and the Seventh Congressional District of Indiana, I thank this great man for his service to our country and his warm friendship to me. Knowing Bob McKinney as I do, I am sure his retirement means even more work for his community and his company. That said, I wish him continued happiness with his wonderful wife "Skip" and the rest of his family during a long, long time in his brand of retirement.

THE ROLE OF LIBRARIES IN HEALTH COMMUNICATION

HON. JOHN J.H. "JOE" SCHWARZ

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. SCHWARZ of Michigan. Mr. Speaker, I rise today to call attention to the role of libraries in addressing the health information needs of the American people. In doing so, I also recognize the U.S. National Commission on Libraries and Information Science, NCLIS, for its efforts in encouraging libraries to play a key role in educating American citizens about healthy lifestyles.

The Commission is a pennanent, independent agency of the United States Government, established with Public Law 91–345, 20 U.S.C. 150 et seq. signed July 20, 1970. The law includes the following statement of policy:

SEC. 2. The Congress hereby affirms that library and information services adequate to meet the needs of the people of the United States are essential to achieve national goals and to utilize most effectively the Nation's educational resources and that the Federal Government will cooperate with State and local governments and public and private agencies in assuring optimum provision of such services.

The Commission's purpose is stated in the legislation: "The Commission shall have the primary responsibility for developing or recommending overall plans for, and advising the appropriate governments and agencies on, the policy set forth in section 2." As its first function, the Commission is charged to advise the President and the Congress on the implementation of national policy with respect to library and information science.

One of the Commission's current goals is to strengthen the relevance of the libraries and information science in the lives of the American people. Toward this goal, the Commission has undertaken an initiative designed to recognize libraries as their communities' knowledge source for consumer health information.

The overarching objective of this initiative, referred to as the NCLIS Libraries and Health Communication Initiative, is to identify best practices in libraries that excel in providing health information, and to publish these best practices for the benefit of all library managers and information providers. As part of this effort, and to meet its statutory responsibility, the Commission will then provide policy advice to the President and the Congress recommending how national policy in this area can be implemented.

In order to identify best practices, the Commission has developed an awards program that recognizes libraries that have successfully created or participated in exemplary programs in the delivery of consumer health information. On May 2, at a reception at the National Agricultural Library in Beltsville, MD the Commission will announce a major award. This award, the 2006 NCLIS Health Award for Libraries, is designed to mobilize the resources of libraries to help citizens learn how to live healthy lifestyles and to provide citizens with consumer health information, particularly when they require health information in a critical or unusual situation. The purpose of the award is to encourage libraries to put forward their best efforts in matching the Nation's critical need for authoritative, unbiased, and readily available consumer health information with a practical means of responding to that need. Libraries in every community are already providing citizens with a wide variety of consumer-focused information. The provision of consumer health information falls naturally in libraries' information-delivery function.

This Commission initiative is of particular benefit to the American people, for it provides citizens with quality consumer health information through their libraries, trusted sources of information that are already acknowledged and respected for the quality of the information they provide. We already know that health information that results in lifestyle improvements lowers costs for health care. Additionally, the initiative will benefit the entire library and information science profession and related profession, businesses, and industries, as it provides documented best practices that can be adapted and replicated and, when required, customized for particular local needs. As stated above, a specific product of the initiative will be the development of a recommended statement of policy on the subject of libraries as health communication centers for American citizens, to be delivered to the President and the Congress as required by Pub. L. 91–345.

INTRODUCTION OF A BILL TO CLEAR TITLE TO TWO PARCELS OF LAND LOCATED ALONG THE RIO GRANDE IN ALBUQUERQUE, NEW MEXICO

HON. HEATHER WILSON

OF NEW MEXICO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mrs. WILSON of New Mexico. Mr. Speaker, I rise today to introduce the Albuquerque Biological Park Title Clarification Act on behalf of myself and Representative UDALL and Representative PEARCE. This legislation would assist the City of Albuquerque, New Mexico (City) clear title to two parcels of land located along the Rio Grande.

The Albuquerque Biological Park is a distinctive environmental museum comprising four facilities: Albuquerque Aquarium, Rio Grande Botanic Garden, Rio Grande Zoo and Tingley Beach Aquatic Park. In 1997, as part of an effort to improve these facilities, the City purchased two properties from the Middle Rio Grande Conservancy District (MRGCD) for $3,875,000.

The City had been leasing the first property, Tingley Beach, from MRGCD since 1931. The City had been leasing the second property, San Gabriel Park, from the MRGCD since 1963. Both properties had been used as public parks.

In 2000, the U.S. Bureau of Reclamation interrupted the City's plans when it asserted that it had acquired ownership of all of MRGCD's property associated with the Middle Rio Grande Project in 1953. This called into question the validity the City's title to the properties. The City cannot move forward with its plans to improve the properties until the titles are cleared.

The legislation is narrowly drafted to affect only the two properties at issue and leaves the main dispute concerning title to project works for the courts to decide. This important legislation will allow the City to move forward with a project that will provide residents and visitors with exciting new recreational opportunities.

U.N. SECRETARY-GENERAL KOFI ANNAN SEEKS MAJOR CHANGES IN HUMAN RIGHTS COMMISSION

TOM LANTOS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. LANTOS. Mr. Speaker, I rise today to call my colleagues' attention to a courageous speech given on April 7 by my good friend, United Nations Secretary-General Kofi Annan, to Delegates attending this year's U.N. Human Rights Commission in Geneva. In this speech the Secretary-General outlined his plans to shut down the hopelessly discredited forum and replace it with a smaller Human Rights Council that is explicitly intended to exclude human rights violators like the Sudan, Zimbabwe, and Cuba.

During the past few years, many of us in the House of Representatives have been outraged that the designated global forum for identifying and censuring the world's most egregious violators of basic human rights had become a haven for the world's worst tyrannies. Thus it is refreshing to see that Secretary-General Annan has recognized that its overhaul must be an integral piece of U.N. structural reform. In his speech to the Commission in Geneva last week, the Secretary-General called on the U.N. to do more to promote and protect fundamental rights and freedoms by stating that ''unless we re-make our human rights machinery, we may be unable to renew public confidence in the United Nations itself.'' He also asserted that ''At the same time, the Commission's ability to perform its tasks has been overtaken by new needs, and undermined by the politicization of its sessions and the selectivity of its work. We have reached a point at which the Commission's declining credibility has cast a shadow on the reputation of the United Nations system as a whole, and where piecemeal reforms will not be enough.''

As Members of Congress, we have an opportunity to demonstrate U.S. leadership by helping the U.N. address today's most critical human rights challenges. I commend the Secretary-General's recommendations to create a more efficient and accountable human rights body and urge you to join me in supporting his efforts. In the coming weeks and months I will be working with my colleagues in the International Relations Committee, with the Secretary-General and with the Administration to ensure that the Secretary-General's bold plans to restructure the U.N.'s human rights mechanisms are implemented in a way that supports his goals.

Mr. Speaker, I ask that the entire text of the Secretary-General's historic address be placed in the RECORD.

THE SECRETARY-GENERAL'S ADDRESS TO THE COMMISSION ON HUMAN RIGHTS, GENEVA, APRIL 7, 2005

Thank you, Mr. Chairman. Like you I am deeply conscious of what we have all lost with the passing of Pope John Paul II. His was an irreplaceable voice speaking out for peace, for religious freedom, and for mutual respect and understanding between people of different faiths. Even as we mourn his loss, I hope all of us who are concerned with human rights can pledge ourselves to preserve those aspects of his legacy.

Excellencies, Ladies and Gentlemen, One year ago today, we stood together in this Commission in silent tribute to the memory of the victims of genocide in Rwanda. We recalled again our collective failure to protect hundreds of thousands of defenseless people. And we resolved to act more decisively to ensure that such a denial of our common humanity is never allowed to happen again.

Today we have reached another moment when we must prove our commitment.

First, because of the appalling suffering in Darfur. Valiant efforts have been made to deliver humanitarian assistance. I am glad the Security Council has now agreed, both to impose sanctions on individuals who commit violations of international humanitarian or human rights law, and to ask the International Criminal Court to play its essential role in lifting the veil of impunity and holding to account those accused of war crimes and crimes against humanity. And I think we should all be grateful to the troops deployed by the African Union, whose presence—wherever it is felt—is definitely helping to protect the population from further crimes. But in its present form that force is clearly not sufficient to provide security throughout such a vast territory. And meanwhile, there has been hardly any progress towards a political settlement. For all of us, as individuals and as an institution, this situation is a test. For thousands of men, women and children, our response is already too late.

But today I am also thinking of victims whose plight is not so well known. I have in mind the weak, the poor and the vulnerable. I am thinking of all people who are denied their human rights, or who may yet fall prey to violence and oppression. To all, our responsibility under the Charter is clear: we must do more to promote and protect fundamental rights and freedoms, whenever and wherever they occur.

Indeed, nobody has a monopoly on human rights virtue. Abuses are found in rich countries as well as poor. Women in a wide range of countries continue to enjoy less than their full rights. Whether committed in the name of religion, ethnicity or state security, violations have a claim on our conscience. Whether carried out in public or in more insidious ways, breaches must compel us to stand up for the right of all human beings to be treated with dignity and respect.

Human rights are at the core of the package of proposals I have just put before the Member States in my report, ''In Larger Freedom.'' I argue that we will not enjoy development without security, or security without development. But I also stress that we will not enjoy either without universal respect for human rights. Unless all these causes are advanced, none will succeed. And unless we re-make our human rights machinery, we may be unable to renew public confidence in the United Nations itself.

The cause of human rights has entered a new era. For much of the past 60 years, our focus has been on articulating, codifying and enshrining rights. That effort produced a remarkable framework of laws, standards and mechanisms—the Universal Declaration, the international covenants, and much else. Such work needs to continue in some areas. But the era of declaration is now giving way, as it should, to an era of implementation.

The recommendations I have put forward reflect this evolution. Most of all, they attempt to build a United Nations that can fulfill the promise of the Charter. Thus I have proposed major changes in the three central pillars of the United Nations human rights system: the treaty bodies, the Office of the High Commissioner and the inter-governmental machinery. Let me take them each in turn.

The seven treaty bodies are the independent guardians of the rights and protections that have been negotiated and accepted over the years. Their dialogue with States emphasizes accountability, and their recommendations provide clear guidance on the steps needed for full compliance. The treaty body system has helped to create national constituencies for the implementation of human rights. But the system must be streamlined and strengthened, so that the treaty bodies can better carry out their mandates. And urgent measures must be taken to enable them to function as a strong, unified system.

I have also called on the membership to strengthen the Office of the High Commissioner for Human Rights. The role of the Office has expanded greatly. In addition to its long-standing advocacy work, today it is also engaged in conflict prevention and crisis response. And where once much of its energies were devoted to servicing the human rights bodies, today it also offers wide-ranging technical assistance.

Yet the Office remains ill-equipped in some key respects. It cannot, for example, carry out proper early warning, even though human rights violations are often the first indicators of instability. The High Commissioner and her staff continue to work admirably within real constraints. They would be the first to acknowledge shortcomings, and they are best placed to identify ways to overcome them. Accordingly, I have asked the High Commissioner to submit a plan of action by 20 May. I expect a request for additional resources to figure prominently in her recommendations. As central as human rights are in our work, the United Nations allocates just two percent of its regular budget to that programme. We need to scale up to meet the growing challenges that confront us.

I turn now to the most dramatic of my proposals. As you know, I have recommended that Member States replace the Commission on Human Rights with a smaller Human Rights Council.

The Commission in its current form has some notable strengths. It can take action on country situations. It can appoint rapporteurs and other experts. And it works closely with civil society groups.

At the same time, the Commission's ability to perform its tasks has been overtaken by new needs, and undermined by the politicization of its sessions and the selectivity of its work. We have reached a point at which the Commission's declining credibility has cast a shadow on the reputation of the United Nations system as a whole, and where piecemeal reforms will not be enough.

A Human Rights Council would offer a fresh start. My basic premise is that the main intergovernmental body concerned with human rights should have a status, authority and capability commensurate with the importance of its work. The United Nations already has councils that deal with its two other main purposes, security and development. So creating a full-fledged council for human rights offers conceptual and architectural clarity. But what is most important is for the new body to be able to carry out the tasks required of it.

I have proposed that the Council be a standing body, able to meet when necessary rather than for only six weeks each year as at present. It should have an explicitly defined function as a chamber of peer review. Its main task would be to evaluate the fulfillment by all states of all their human rights obligations. This would give concrete expression to the principle that human rights are universal and indivisible. Equal attention will have to be given to civil, political, economic, social and cultural rights, as well as the right to development. And it should be equipped to give technical assistance to States, and policy advice to states and UN bodies alike.

Under such a system, every Member State could come up for review on a periodic basis. Any such rotation should not, however, impede the Council from dealing with massive and gross violations that might occur. Indeed, the Council will have to be able to bring urgent crises to the attention of the world community.

The new Human Rights Council must be a society of the committed. It must be more accountable and more representative. That is why I have suggested that members be elected by a two-thirds majority of the General Assembly, and that those elected should have a solid record of commitment to the highest human rights standards. Being elected by a two-thirds majority of the General Assembly should help make members more accountable, and the body as a whole more representative.

A Council will not overcome all the tensions that accompany our handling of human rights. A degree of tension is inherent in the issues. But the Council would allow for a more comprehensive and objective approach. And ultimately it would produce more effective assistance and protections, and that is the yardstick by which we should be measured. I urge Member States to reach early agreement in principle to establish a Human Rights Council. They can then turn to the details such as its size, composition and mandate; its relationship with other UN bodies; and how to retain the best of the existing mechanisms, such as the special rapporteurs and the close ties with NGOs. Consultations with the High Commissioner would naturally be a very central part of this process, and she stands ready to assist. Let us all do our part to make this happen, and show that the United Nations takes the cause of human rights as seriously as it does those of security and development.

Ladies and Gentlemen, Human rights are the core of the United Nations' identity. Men and women everywhere expect us to uphold universal ideals. They need us to be their ally and protector. They want to believe we can help unmask bigotry and defend the rights of the weak and voiceless.

For too long now, we have indulged this view of our own capabilities. But the gap between what we seem to promise, and what we actually deliver, has grown. The answer is not to draw back from an ambitious human rights agenda, but to make the improvements that will enable our machinery to live up to the world's expectations.

Our constituents will not understand or accept any excuse if we fail to act. So let us show them that we understand what is at stake.

Thank you very much.

HONORING THE CONTRIBUTIONS OF MOON HERNANDEZ, BOWIE ELEMENTARY SCHOOL TEACHER OF THE YEAR

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. CUELLAR. Mr. Speaker, I rise to recognize Moon Hernandez, Bowie Elementary School Teacher of the Year.

Mrs. Hernandez is currently a second grade teacher at Bowie Elementary. She received her teaching degree from Texas A&M University, making her the first of five children in her family to graduate college.

Mrs. Hernandez has served on the District Education Improvement Committee for the last four years and is presently the Literacy Link Lead teacher for the second grade teachers at Bowie. She has served as the second grade team leader and as a technology presenter at the TCEA 23rd Annual Convention.

Mrs. Hernandez's goal in teaching is to help children become independent thinkers so that. they can be better prepared for the real world. She credits her mother, who would not let her miss a day of school even as a young child, as her inspiration for learning and teaching.

She works tirelessly to provide her students with superior problem solving skills and confidence in themselves.

Mrs. Hernandez is an incredible contributor to her community and to her students, and I am honored to have the chance to recognize her here today.

REGARDING H. CON. RES. 34

HON. JIM MARSHALL

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. MARSHALL. Mr. Speaker, on April 5, 2005, we short-circuited debate and used a suspension motion to honor Yogi Bhajan. It has since come to my attention that Mr. Bhajan is a controversial figure. Had I known of the controversy surrounding him, I would not have voted in favor of this suspension of the House's normal legislative process.

HONORING THE CONTRIBUTIONS OF MEGAN NEBGEN, GOODNIGHT JUNIOR HIGH TEACHER OF THE YEAR

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. CUELLAR. Mr. Speaker, I rise to congratulate Megan Nebgen, Goodnight Junior High Teacher of the Year.

Mrs. Nebgen is the coach of the Dancin' Stars Team at Goodnight, a position she has held for the past two years. She is well-qualified for the position, having received a Bachelor of Science in Dance from Texas State University. She has brought energy and initiative to Goodnight, establishing the first Contest Team at the school.

Megan Nebgen believes that dance can be an excellent venue for growth for girls, teaching them to express themselves through movement and building their self-esteem. Her girls have won many awards in competition, but Mrs. Nebgen believes that the confidence and pride that the girls get from the dance program is their most important reward.

She believes that dance can help students in the rest of their lives, citing the fact that most of her students improve their marks in school when they are enrolled. Mrs. Nebgen also believes that team competitive dance can teach an important civic virtue: teamwork. Mrs. Nebgen herself is a team player within her school, taking time from her schedule to participate in both the Campus Management Team and the Veteran's Day Committee.

Mrs. Nebgen has made an important contribution to the health and happiness of the girls under her mentorship. Her work in dance benefits her whole community, and I am proud to have had the chance to recognize her here today.

A TRIBUTE TO WILLIE GARY

HON. EDOLPHUS TOWNS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. TOWNS. Mr. Speaker, I rise today to honor Willie E. Gary for his work as an outstanding trial attorney, philanthropist and community activist.

Attorney Willie E. Gary is living the American Dream. Once a migrant worker, now a multi-millionaire attorney, Gary earned his reputation as ''The Giant Killer'' by representing little-known clients against major corporations. Gary's amazing success has earned him national recognition as a leading trial attorney. Along the way he has handled some of the largest jury awards and settlements in U.S. history, winning more than 150 cases valued in excess of $1 million each.

His remarkable legal career and tireless work on behalf of his clients has been well documented on ''60 Minutes'', ''CBS Evening News'', ''The Oprah Winfrey Show'', ABC's ''World News Tonight'' with Peter Jennings, and CBS's ''The Early Show'' with Bryant Gumbel. In May 2002, he was featured in Ebony magazine as one of the ''100 Most Influential Black Americans''. Forbes Magazine has listed him as one of the ''Top 50 attorneys in the U.S.''

Gary has also been featured in such national media publications as The New York Times, The Chicago Tribune, The Boston Globe, Black Enterprise, The New Yorker and The National Law Journal.

But Willie Gary's triumphant rise to the top is no overnight success story.

His vast appeal stems from his desire to be the best and a passionate work ethic he learned through his humble beginnings. One of 11 children of Turner and Mary Gary, Willie Gary was born July 12, 1947 in Eastman, Georgia, and raised in migrant farming communities in Florida, Georgia and the Carolinas.

His unwavering desire to earn a college education ultimately led him to Shaw University in Raleigh, North Carolina where the all-state high school football player would earn an athletic scholarship after being told there was no room for him on the team. Gary went on to become the co-captain of Shaw's football team during the 1969, 1970 and 1971 seasons.

Earning a Bachelor's degree in Business Administration, Gary went on to North Carolina Central University in Durham, North Carolina where he earned a Juris Doctorate in 1974. Upon earning his law degree, Gary returned to Florida where his childhood sweetheart, Gloria soon became his wife.

Gary was admitted to the Florida Bar and opened his hometown's first African-American law firm with Gloria's assistance. His practice has since grown into the thriving national partnership known as Gary, Williams, Parenti, Finney, Lewis, McManus, Watson & Sperando, P.L., consisting of 37 attorneys, a team of paralegals, a professional staff of 120 including six nurses two full-time investigators, an administrator, a certified public accountant, a public relations director, a general counsel, human resources director, and a full administrative staff.

Gary is a member of the National Bar Associations, the American Bar Association, American Trial Lawyers Associations, Florida Academy of Trial Lawyers Association, Martin and St. Lucie County Bar Associations and the Million Dollar Verdict Club.

Gary's scope of interest extends far beyond the courtroom.

He is chairman of the Black Family Channel, the nation's first African-American owned and operated 24-hour cable channel that is devoted to wholesome ''family values'' programming for urban viewers. Based in Atlanta, Georgia, the network's vision is to provide intelligent, family-oriented programming that embraces values in business, entertainment, sports, ministries and government. Gary also hosts a weekly talk show on the Black Family Channel featuring personal interviews with prominent guests

Known as a businessman, churchman, humanitarian and philanthropist, Gary is deeply involved in charity and civic work. He is committed to enhancing the lives of young people through education.

In 1991, Gary donated $10.1 million to his alma mater, Shaw University. He has also donated hundreds of thousands of dollars to dozens of Historically Black Colleges and Universities throughout the U.S. In 1994, he and his wife, Gloria, formed The Gary Foundation to carry out this formidable task. The Gary Foundation provides scholarships, direction and other resources to youth, so they can realize their dreams of achieving a higher education.

His national television campaign, ''Education is Power,'' encourages children to stay in school and be the best that they can be. In addition to being a lawyer, a philanthropist, a media mogul and a motivational speaker, Gary continues to serve on the board of trustees of numerous universities and foundations. He has received honorary doctorates from dozens of colleges and universities.

His extensive community activities include membership in the NAACP, Florida Guardsmen, Inc, Urban League, Civitan International, the United Way of Martin County and Martin Memorial Hospital Foundation Council, and many others.

Willie and his wife Gloria have four sons, Kenneth, Sekou, Ali, and Kobie. Mr. Speaker, Willie Gary has continued to demonstrate through his work as an attorney and his commitment and generosity in helping others that he is more than worthy of our recognition today.

HONORING THE CONTRIBUTIONS OF KYLE WILSON, PRIDE HIGH SCHOOL TEACHER OF THE YEAR

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. CUELLAR. Mr. Speaker, I rise to recognize the outstanding contributions of PRIDE High School Teacher of the Year, Kyle Wilson.

Mr. Wilson has been a teacher at PRIDE, an alternative school for at-risk students, for fifteen years. He was one of the original team of teachers who founded PRIDE High School. He has two Bachelor's degrees, in Psychology and Biology, and he uses his training to teach his students how to explore the world around them as scientists.

Kyle Wilson gives his students real-world science experience by involving them in the PHS Hydrosphere Monitors, a campus organization which protects the environment by testing the water quality of the Blanco River. The PHS Hydrosphere Monitors work together with Texas State University, which compiles the water quality information from various schools to create a picture of water quality throughout the state. This project not only provides the State with valuable data; it also promotes the attitudes and social values conducive to scientific learning, and teaches students the value of volunteering for a cause larger than themselves.

Mr. Wilson has won many awards for his work. He was named Texas Watch ''Outstanding Monitor'' in 2002, has been recognized by the National Science Teachers Association, and was Wal-Mart Teacher of the Year in 2005. This is the second time he has received the Teacher of the Year Award from his school. He has done a tremendous

amount for the children of the State of Texas, and I am happy to have the opportunity to thank him here today.

IN MEMORY OF DANIEL KEMP NALL

HON. MIKE ROSS

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. ROSS. Mr. Speaker, I rise today to honor the life and legacy of Daniel Kemp Nall of Sheridan. Dan passed away on Friday, March 4th at the age of 85. I wish to recognize his life and achievements.

Dan was born on April 28, 1919 in Sheridan, and remained a citizen of Grant County for almost his entire life. Dan attended Henderson State Teachers College, and received bachelor degrees in history and physical education. Dan also earned a master's degree in History from the University of Arkansas at Fayetteville.

Dan served his country during World War II in the United States Navy. Upon returning to Sheridan, his career path took him to education and coaching, including tenures at Hendrix College, Morrilton High School, and Sheridan High School.

After Dan retired from education, he was extremely active in the Democratic Party of Arkansas and Senior Democrats of Arkansas. Dan served as Sergeant-of-Arms in the Arkansas State Senate during my time there, where I had the privilege of knowing Dan and counting him as a friend.

Dan's commitment to the Sheridan community and to our state did not stop with public education. He served as President of the Arkansas Athletic Association and as Postmaster of Sheridan. He also worked as a member of the Grant County Museum Board of Directors in its founding and was named Board Member Emeritus in February 2004.

Daniel Kemp Nall will forever be remembered as a terrific husband, father, grandfather, and great grandfather. Dan's wife, Muriel Cole Slaughter, passed away in 2001. My deepest condolences go out to Dan's son, Judge Kemp Nall and his wife Denice, his daughters Susan Nall Perry, and Dian Nall Taylor and her husband Tommy Taylor, his 10 grandchildren and 15 great-grandchildren. He will be missed by his family and all those who knew him and thought of him as a friend. I will continue to keep Dan and his family in my thoughts and prayers.

HONORING BERKELEY CITY COUNCILMEMBER MARGARET BRELAND

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. LEE. Mr. Speaker, I rise today to honor the life and work of former Berkeley City Councilmember Margaret Breland of Berkeley, California. Serving the people of West Berkeley first as a private citizen and then as a public servant, Margaret devoted most of her adult life to improving conditions in a community she saw to be underrepresented and often overlooked. Margaret retired from the Berkeley City Council in November of 2004, and after a long battle with breast cancer, passed away on April 7, 2005.

Though Margaret was originally from Beaumont, Texas, she spent the majority of her life in Berkeley after moving there as a child with her family. The oldest of four children, she was counted on by her mother to help run the household. After graduating from Berkeley High School, Margaret became a licensed vocational nurse, an occupation in which she served for 27 years.

Margaret retired early from her work as a nurse to care for her mother in the late 1980s, but became increasingly involved in community and public service activities at Liberty Hill Missionary Baptist Church, where she was a member. As chairperson of Liberty Hill's scholarship committee, she raised thousands of dollars every year to ensure that every church member attending college received at least $1,000 in financial assistance.

Margaret also made sure that members of her church remained informed through her work and that of others who served on the congregation's Christian Social Concern Committee. One of the ways in which Margaret first became known to the public in Berkeley was through spearheading the ultimately successful campaign to install a traffic light at Ninth Street and University Avenue, an effort aimed at protecting children crossing the street on their way to and from the church. Margaret continued to advocate for the safety of children and others in her neighborhood not only through her work at Liberty Hill, but also as the chair of both the Human Welfare Action Committee and the West Berkeley Neighborhood Development Corporation, and through her involvement with the West Berkeley Area Plan Committee, the West Berkeley Community Cares Services Bank and the Community Advisory Board.

After several years of advocating on behalf of the residents of West Berkeley, in the mid-1990s Margaret decided to seek public office, and was elected as the District 2 representative to the Berkeley City Council in 1996. In her first term, she secured over one and a half million dollars in funding for projects and facilities located in her district, working to make up for funding gaps that she felt had long been ignored. Regardless of the challenges she faced, Margaret worked tirelessly to provide affordable housing, access to healthcare, police and fire protection resources and support for youth in her district. Though she struggled with her illness for much of the second half of her time in office, she remained steadfastly committed to serving her constituents, demanding daily briefings and making efforts to go to City Hall even as her condition and treatments diminished her physical strength. Margaret's devotion to serving her constituents earned her a reputation as a candid and straightforward representative of the people, someone who was truly dedicated to serving as a voice for those without the means to advocate for themselves.

On April 15, 2005, Margaret Breland's life and legacy will be honored at her own Liberty Hill Missionary Baptist Church in Berkeley, California. It is with great sorrow but also with great pride that I add my voice to all those that have joined together today to pay tribute to Margaret and the spirit of selflessness that she embodied. Margaret's commitment to and concern for others set her apart as an elected official and as a human being. The generosity that led her to serve others throughout her life is an inspiration to all of us to follow her example in giving back to our communities, our country and our world.

HONORING THE CONTRIBUTIONS OF DEBORAH RODRIGUEZ, DE ZAVALA ELEMENTARY SCHOOL TEACHER OF THE YEAR

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. CUELLAR. Mr. Speaker, I rise to recognize the enormous contributions of Deborah Rodriguez to the students of De Zavala Elementary School.

A long time Texan, Mrs. Rodriguez graduated from San Marcos High School and later went on to receive her teaching degree from Texas State University. She is certified in Bilingual Education and teaches first and second grade bilingual students.

Mrs. Rodriguez credits her husband for becoming a teacher, as he comes from a family of teachers and educators. She also gives credit to the many teachers who she had when she was younger and beginning to learn English.

Mrs. Rodriguez began to teach in 1997 when her youngest child began kindergarten. She is an avid believer in her students knowing and learning to speak more than one language, because she regrets that she started school speaking only Spanish. Her mother, who spoke and read to her in both languages and gave her a strong foundation in reading and writing, is the reason why she loves to do these things today.

Deborah Rodriguez is one of San Marcos' outstanding educators and I am very proud to have had this opportunity to recognize her today.

PERSONAL EXPLANATION

HON. LUIS V. GUTIERREZ

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. GUTIERREZ. Mr. Speaker, on April 14, 2005, I was unavoidably absent from this chamber. I would like the record to show that, had I been present, I would have voted ''yea'' on rollcall vote No. 107 and ''no'' on rollcall vote No. 108.

REINTRODUCTION OF THE REVITALIZING CITIES THROUGH PARKS ENHANCEMENT ACT

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mrs. MALONEY. Mr. Speaker, I introduce legislation, the Revitalizing Cities Through Parks Enhancement Act, that would establish a $10 million grant program for qualified, nonprofit, community groups, allowing them to lease municipally-owned vacant lots and transform these areas into parks. These vacant lots often are areas of heavy drug-trafficking. Parks and gardens created with the grants will not only provide safe places to gather, but will increase property values as well. The grants will be available from the Secretary of Housing and Urban Development to groups who have met standards of financial security, and who have histories of serving their communities. To further ensure that these grants are used to make lasting positive changes, land improved and made into open community space under this legislation must be available for use as open space from the local government for at least seven years.

HONORING THE CONTRIBUTIONS OF YVONNE DELGADO, TRAVIS ELEMENTARY SCHOOL TEACHER OF THE YEAR

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. CUELLAR. Mr. Speaker, I rise to recognize the many accomplishments of Yvonne Delgado, Travis Elementary School Teacher of the Year.

Mrs. Delgado is a Deaf Education Teacher at Travis Elementary. She holds a Bachelor of Science and a Master's Degree in Communication Sciences and Disorders/Deafness Studies from the University of Texas at Austin. She has been the Lead Deaf Education Teacher at Travis since 1997, putting her philosophy to work for the benefit of her students.

As Lead Deaf Education Teacher, Mrs. Delgado oversees the Deaf Education team of three teachers and three interpreters, as well as managing the cases of five to ten students and working as a classroom teacher herself. In addition, she provides training and expertise to the general education staff on deaf education issues, equipment, and modifications.

Mrs. Delgado has wanted to be a teacher since she was a child, and has always had a keen interest in sign language. She is absolutely committed to her students, getting to know them outside of school and treating them as members of her family. She works constantly to provide her students with better communication skills and confidence in themselves. She is a tremendous contributor to her community and to her students, and I am honored to have the chance to recognize her here today.

INTRODUCTION OF THE SPORTSMANSHIP IN HUNTING ACT

HON. SAM FARR

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. FARR. Mr. Speaker, today I, along with Representative CHRIS SHAYS and 17 other members, introduced the Sportsmanship in Hunting Act of 2005. This bill, similar to a bill I introduced last congress, gets at an issue that many would be surprised to learn even occurs: the ''hunting'' of an animal inside an enclosed area, a fence. By halting the interstate shipment of captive exotic mammals for the purpose of being shot in a fenced enclosure for entertainment or for trophy, the bill we introduced today will lead to significant reductions in ''canned hunt'' operations.

At more than 1,000 of these commercial ''canned hunt'' operations around the country, trophy hunters pay a fee to shoot captive exotic mammals—animals that have often lived their lives being fed by hand and thus have no fear of humans. Simply stated, there could be no easier target. Canned hunting ranches know this and can therefore offer guaranteed trophies, touting a ''No Kill, No Pay'' policy.

Who supports canned hunt operations? Not rank-and-file hunters. In fact, in a poll of their readership described in the July 2003 issue, the editors of Field and Stream magazine reported that 65 percent of sportsmen oppose canned hunts. Additionally, lifelong hunters in Montana, including members of the Montana Bowhunters Association, spearheaded a state ballot initiative in 2000 that led to a ban on shooting animals in fenced enclosures. In addition to Montana, 23 states have full or partial bans on canned hunts for mammals. The momentum to address canned hunt operations is no surprise given that an element of hunting that so many sportsmen hold dear, that of the ''fair chase,'' is absolutely absent under canned hunt conditions. The time is long overdue for the federal government to participate in efforts to end this despicable practice.

By halting the interstate transport of non-indigenous mammals used in canned hunts, the Sportsmanship in Hunting Act will curb a practice so egregious that hunters and animal advocates alike view it as unfair and inhumane. This bill is supported by numerous local and national groups representing more than ten million Americans.

Mr. Speaker, in closing, I encourage my colleagues to join me in putting a lid on canned hunts.

REMEMBERING THE LIFE OF DR. SAMUEL PROCTOR MASSIE

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. HASTINGS of Florida. Mr. Speaker, I rise today to commend the outstanding life of Dr. Samuel P. Massie, who passed away at the age of 85 on April 10, 2005.

Dr. Massie, a chemistry professor, was the first African American to teach at the U.S. Naval Academy in Annapolis, Maryland.

As a young graduate student, Dr. Massie worked on the Manhattan Project where he and other scientists made liquid compounds of Uranium for the making of an atomic bomb. He also conducted pioneering silicon chemistry research and investigated antibacterial agents. Dr. Massie held the patent for chemical agents effective in battling gonorrhea. Additionally, he received awards for research in combating malaria and meningitis, worked on drugs to fight herpes and cancer and developed protective foams against nerve gases.

Dr. Massie was a former professor at several historically black colleges including my alma mater, Fisk University. Dr. Massie was instrumental in encouraging African American and other minority students to pursue science careers.

Samuel Proctor Massie Jr. was born in North Little Rock, Arkansas, the son of two schoolteachers. It is purported that he could read at a third grade level by the time he entered the first grade. He graduated high school at the age of 13 and went on to graduate Summa Cum Laude in chemistry from Arkansas Agricultural, Mechanical and Normal College (now the University of Arkansas at Pine Bluff) in 1936. He then received a Master's degree in Chemistry from Fisk University in 1940.

I met Dr. Massie when I was a student at Fisk University, where he was teaching physical chemistry. It was an extremely difficult class and as a boy who had received an education in the rural, segregated south, all of this was unfamiliar territory. I was failing his class and Dr. Massie came to me and said, ''Young man, you're going to fail this class, sign this card and drop the class.'' I did, and Dr. Massie credits himself as the reason I became a lawyer.

Dr. Massie was a remarkable chemist, academician, and friend. His accomplishments are too many to mention and the lives he's impacted too numerous to count. He will forever be remembered for his character and his extraordinary work.

HONORING THE CONTRIBUTIONS OF GAYLE RHOADES, SAN MARCOS HIGH SCHOOL TEACHER OF THE YEAR

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. CUELLAR. Mr. Speaker, I rise to recognize the countless contributions of Gayle Rhoades, San Marcos High School Teacher of the Year.

Gayle Rhoades has a Bachelor of Science degree from Mississippi State University. She has been teaching Academic Biology and Pre-AP Biology at San Marcos High School for the past four years. She combines tough discipline and dedication to helping individual students into an effective teaching strategy.

Ms. Rhoades has recently proved herself in one of her school's toughest assignments, as a teacher in the PASS program. PASS is a program for second and third year freshman repeaters. Many of the students in the program have persistent attendance and discipline problems, and are resistant to authority

and advice. Ms. Rhoades has dealt with these students with firmness and patience, and her efforts have paid off. Many of her students credit her with putting them on a path to graduation and success in the face of considerable odds.

Ms. Gayle Rhoades has been a tremendous role model and source of support for her students, and an excellent resource for her school system and community. She has taken up challenging assignments without complaint, and changed numerous lives for the better. She represents the best of our public education system, and I am proud to have the opportunity to recognize her here.

RECOGNIZING THE LIFE AND WORK OF OFFICER STEVEN ZOURKAS

HON. JANICE D. SCHAKOWSKY

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. SCHAKOWSKY. Mr. Speaker, I rise today in honor and remembrance of Steven Zourkas, devoted husband, father, brother, friend and dedicated public servant. Mr. Zourkas' commitment to the safety of residents defined his four-year tenure of outstanding public service as a police officer with the Village of Niles. He also served as an evidence technician with the North Regional Major Crimes Task Force.

Mr. Zourkas graduated from Niles North High School. A former paramedic, Mr. Zourkas joined the Niles Police Department four years ago and rose to become one of the department's top auto accident investigators. The Niles Village Board recently honored Zourkas at their March 22, 2005, meeting for helping to solve a burglary.

Friends and colleagues said they will remember Mr. Zourkas for his tremendous personality and utmost dedication to his job. Mr. Zourkas died after losing control of his police car to avoid hitting a pedestrian. Mr. Zourkas saved a man's life but in the process lost his own. Mr. Zourkas is believed to be the first Niles police officer to die in the line of duty.

Mr. Speaker and Colleagues, please join me in honor, gratitude and remembrance of Mr. Steven Zourkas. As a police officer, Mr. Zourkas dedicated his professional life to the safety of his officers and the security and safety of the entire Village of Niles. I extend my deepest condolences to his beloved wife, Ivy; his beloved sons, Andrew and John; his beloved parents, Anthony and Elaine Zourkas; his beloved brothers, Anthony and George; and also to his extended family and many friends. His courage and kindness will live on forever within the hearts and memories of his family, friends, and the public he so faithfully served.

I commend my Colleagues' attention to the article remembering Mr. Zourkas, which was published in the Niles Journal on April 13, 2005.

[From the Niles Journal, Apr. 13. 2005]

''HE'LL BE SORELY MISSED''—NILES POLICE REMEMBER FIRST OFFICER TO DIE IN LINE OF DUTY

(By Michael Sebastian)

During a damp and cool Tuesday morning more than 250 squad cars from various Illinois police departments followed a somber procession through Niles to Elmwood Cemetery in River Grove where the first Village of Niles police officer to die in the line of duty was laid to rest.

Niles police Officer Steven Zourkas, 33, was killed early last Friday (Apr. 8) while traveling in his squad car west along Golf Road. Zourkas was heading to a disturbance call that was reportedly between a cab driver and passenger at Omega Restaurant, 9100 W. Golf Rd., when he lost control of his squad car and crossed over into the east bound lanes of traffic on Golf Road. The car slid to a violent halt in the Highland Towers condominium parking lot after it turned over on its passenger side and struck two parked cars. The accident, which occurred in the 8800 block of Golf Road, snarled traffic last Friday morning for hours. Emergency workers crowded the scene as radio and television news helicopters hovered above.

Officials said Officer Zourkas died at the scene from injuries associated with the accident. He was 33 years old and a member of the Niles Police Dept. for the past four years. He is survived by his wife and a five month old son. Officials would only say Zourkas was from a ''far northwest suburb.''

As accident investigators from the Cook County Sheriff's office continue to piece the morning's events together, reports have indicated that Zourkas swerved his squad car to avoid a pedestrian who was stepping off the curb on Golf Road as the officer approached. Although this could not be confirmed with police by press time, Niles Mayor Nicholas Blase said this pedestrian came to the Niles Police Dept. last week to tell officials he was the man that stepped from the curb.

Niles police Sgt. James Elenz noted last week that Zourkas was among the department's top auto accident investigators.

Flags have flown at half staff in Niles since the tragic accident occurred last Friday. Black and purple cloth is draped over the entrance to the Niles Police Station, at Touhy and Milwaukee Avenues, in honor of Zourkas. Niles police personnel are also wearing black armbands in memory of their fallen member.

Friday's accident marks the first time in Village of Niles history that a police officer died in the line of duty. Village Manager Mary Kay Morrissey said social workers and grief counselors have been available to help those mourning Zourkas' death. Members of the second and third shifts have shuffled their schedules so the officers who worked with Zourkas during the first shift, which lasts into the morning's wee hours, can begin coping with the loss. According to Blase, a female officer at the department is continuing to help Zourkas' wife as she mourns the loss of her husband.

''He was one of those very well liked policeman—exceptionally so,'' Mayor Blase said.

Members of the police department are describing Zourkas as man with a tremendous personality who was very dedicated to his job.

''Everyone liked him,'' Blase said about Zourkas. ''He was a very able guy and because of that the tragedy intensifies.

''So many people are grieving.

''He'll be sorely missed.''

The funeral held Tuesday was an appropriate send-off for Zourkas, said Niles fire Deputy Chief Barry Mueller, who, along with numerous others from the village, attended the ceremonies. Two fire engines from Elmwood Park crossed their ladders at the entrance of the cemetery in River Grove. A large American flag was draped from the ladders. Later, about 25 bagpipers played, Mueller said.

Village Manager Mary Kay Morrissey said being part of the enormous line of mourners driving from the funeral mass to the cemetery was unlike anything she'd ever seen before. Squad cars with their lights activated stretched as far as most in the procession line could see. Blase estimated that at least one hundred Illinois police departments, probably more, were represented during the funeral. Some downstate communities sent representatives to the ceremony, he said.

Streets in each community the funeral procession passed were blocked by various police departments, officials said. Even ramps leading to and from I–90 were blocked to make way for the mourners.

Morrissey praised the Niles Police Dept. for organizing the funeral during this difficult time. ''There's certain protocol you follow when someone is killed in action,'' Morrissey explained. ''I'm very proud of the way the police came together.''

Visitation took place at Colonial Wojciechowski Funeral Home, 8025 W. Golf Rd., on Monday (Apr. 11). Tuesday the line of mourners proceeded from the funeral home to St. Isaac Jogues Church at 8149 Golf Road for a funeral mass. Various lanes of traffic on Golf Road were blocked-off Tuesday from about Washington Avenue to Milwaukee Avenue, according to Morrissey. Streets leading into Golf Road were also closed, officials said.

The funeral procession traveled from St. Isaac Jogues south along Milwaukee Avenue to Touhy Avenue so Zourkas could once more pass the Niles Police Dept. The car then drove along Touhy Avenue to Cumberland then south to Belmont Avenue and the cemetery.

HONORING THE CONTRIBUTIONS OF HULDA KERCHEVILLE

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. CUELLAR. Mr. Speaker, I rise today to recognize the public service of Hulda Kercheville of Hernandez Intermediate School.

Hulda Kercheville grew up in Martindale, Texas. As the eldest of six children, she spent much of her youth helping her parents care for her of siblings.

Mrs. Kercheville has chosen to lead a life filled with good examples for our children. She is no stranger to hard work, having served as both an educator and a former Hays County Constable.

Hulda Kercheville has taught our kids for the last thirty-five years. She is retiring from Hernandez Intermediate School, and receiving the honorary distinction of Teacher of the Year.

Hulda Kercheville survives her husband Jack Kercheville. Her four children: Michael, Cheryl, Mary, and Jaclyn, now have children and grandchildren of their own.

It is an honor to recognize the hard work and dedication of Hulda Kercheville. Her passion for the education of our students has inspired generations of Texans.

HONORING SUPER BOWL XXXIX'S MOST VALUABLE PLAYER, DEION BRANCH

HON. SANFORD D. BISHOP

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. BISHOP of Georgia. Mr. Speaker, it is an honor for me to rise in recognition of an outstanding athlete and a beloved Georgian, Mr. Deion Branch, Super Bowl XXXIX's Most Valuable Player. Earlier this year we recognized the New England Patriots when they won Super Bowl XXXIX, their third Super Bowl victory in four years. Only one other team has ever won the Lombardi Trophy so many times in so few years, yet no other receiver in history has put together back-to-back performances like Deion Branch.

In Super Bowl XXXVIII, which the Patriots won 32–29 over the Carolina Panthers, Deion Branch caught 10 passes for 143 yards, including the game's first touchdown and the catch that set up the Patriot's winning field goal. He should have won MVP then, but this year he bested even himself, tying the Super Bowl record with 11 catches for a total of 133 yards.

From the days when he was deemed too small for middle school football, to his years on the Monroe High School team, to the University of Louisville, to his historic career in professional football, Deion Branch has made up for what he lacks in size with a spirit and a talent that defines him as one of the best to ever play the game.

This Saturday, April 23, 2005, we will be observing ''Deion Branch Day'' in the City of Albany, with all of the pomp and circumstance due our hometown hero. But here in these hallowed walls, I rise on behalf of the city of Albany, Georgia, the 2nd Congressional District and football fans everywhere to recognize his outstanding achievement and to wish him continued success in his already remarkable career.

HONORING THE CONTRIBUTIONS OF MARY ANNE GUERRERO KOLB, CROCKETT ELEMENTARY SCHOOL TEACHER OF THE YEAR

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. CUELLAR. Mr. Speaker, I rise to recognize the many accomplishments of Mary Anne Guerrero Kolb, Crockett Elementary School Teacher of the Year.

Mrs. Kolb graduated from Texas State University in 1974 with a B.S. in education, and in 1981 with a Masters in Education. She has taught kindergarten for the San Marcos Consolidated Independent School District for 30 years, after being handpicked by the administration as a student teacher.

Mrs. Kolb is a dedicated practitioner of bilingual education. She aims to make her students into enthusiastic readers and writers, in both English and Spanish. Her methods have produced consistent results: every year her students meet or exceed the state requirements in math and reading.

In addition to her distinguished career in education, Mrs. Kolb is also a military veteran. She enlisted in the United States Navy after high school, and worked as a dental technician. She is a consistent innovator in education. Mrs. Kolb eagerly applies new computer technology and teaching techniques in her classroom, using new information to reinforce time-tested procedures. She has been recognized for her achievements many times, receiving the 2004 Outstanding Teacher Award from the VFW as well as Teacher of the Year from her own Crockett Elementary School.

Mary Anne Kolb is one of our state's outstanding educators. Her tireless work has contributed to a brighter future for hundreds of Texan children, and her energy serves as an example to us all. I am proud to have the opportunity to recognize her here today.

INTRODUCTION OF THE EMPLOYEE FREE CHOICE ACT

HON. GEORGE MILLER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. GEORGE MILLER of California. Mr. Speaker, the right of working men and women to freely organize and bargain collectively is a fundamental human right. It is a long-time American value, a principle recognized by international agreement, and a standard by which our government measures adherence to democratic principles.

And yet, disregard for the right of free association is rampant right here. In its report entitled, ''Unfair Advantage,'' Human Rights Watch (2000) declared—

> Many workers who try to form and join trade unions to bargain with their employers are spied on, harassed, pressured, threatened, suspended, fired, deported or otherwise victimized in reprisal for their exercise of the right to freedom of association.
>
> Labor law enforcement efforts often fail to deter unlawful conduct. When the law is applied, enervating delays and weak remedies invite continued violations.

This is not a report on human rights abuses in Iran, or Honduras, or China. This subject is the United States of America.

When the National Labor Relations Act was enacted 70 years ago, it represented the hope of millions of Americans who sought to gain the right to bargain with their employer. Today, however, that law has become so weakened and so easily manipulated that it is one of the greatest hindrances to the right of Americans to form and join unions.

Today, I am honored to be joined by the Hon. PETER T. KING and 121 of our colleagues in introducing the Employee Free Choice Act. We commit ourselves to a new effort to strengthen and protect a human right and an American principle: the right of men and women to band together to improve their working conditions.

The Employee Free Choice Act is a bipartisan bill designed to provide a realistic ability for working men and women to form and join unions.

The Employee Free Choice Act provides: A simple, fair, direct method for workers to form unions by signing cards or petitions; three times the amount of lost pay when a worker is fired during an organizing campaign or first-contract negotiations; and impartial mediation or arbitration to resolve disputes over first-time labor contracts.

Employees and the nation benefit from a strong union movement. Median weekly wages of union workers are 28% higher than nonunion workers. Almost 70% of union workers have a guaranteed retirement benefit, five times the likelihood for a nonunion worker. Eighty percent of union workers have health insurance compared to 50% of nonunion workers.

The ten States with the highest percentage of organized workers have higher household incomes, greater medical insurance coverage, higher education spending per pupil, lower violent crime rates, fewer people living in poverty, and a greater electoral participation than the ten States with lowest percentage of organized workers. This issue is not just about human rights—it's about economic security for us all.

Workers should be able to make the decision about union representation without intimidation, indoctrination or misinformation. When we undercut the ability of working men and women to join unions, we are abandoning our own history and ideals, and sending a terrible message to the rest of the world. I commend this legislation to the attention of my colleagues and urge those who yet to do so, to join me in sponsoring this important legislation.

RECOGNIZING EQUAL PAY DAY

HON. HILDA L. SOLIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Ms. SOLIS. Mr. Speaker, I rise today to recognize Equal Pay Day. On this day, thousands of advocates across the country will participate in events to bring attention to the continued gender wage gap.

The Equal Pay Act, enacted in 1963, established pay equity for women in the United States. Nonetheless, 40 years after the enactment, women are still paid less than men—despite similar education, skills and experience. In fact, women still only earn 76 cents to each dollar paid to their male counterparts.

Although we have made progress since 1963, women have not yet achieved pay equity. Women, particularly single mothers, continue to face financial burdens, including the cost of rent, groceries and utilities. Compounding this situation is the reality that the wage gap inevitably leaves women with less money for retirement, smaller pensions

and will also disproportionately depend on social security.

While working women in California are farther along the road to reaching equal pay in comparison to other states, the gap still exists. In 2000, women in California earned 82 cents as much per hour as men. Regrettably, at this current rate, women in California will not have pay equity until 2044.

Women of color are at an even higher disadvantage than non-minority women. Latinas earn merely 53 cents and African American women earn 65 cents for every dollar that men earn. We must recognize workplace discrimination and barriers faced by women of color across the country.

The wage gap between men and women is unacceptable. That is why I strongly support the ''Paycheck Fairness Act,'' introduced by Representative DELAURO. This bill will take the necessary steps to eliminate gender-based wage discrimination and ensure that women will finally earn what men earn for doing the same job. I urge Congress to pass this bill and end wage discrimination for all women.

HONORING THE CONTRIBUTIONS OF ROSALINDA DE LA ROSA, BONHAM EARLY CHILDHOOD CENTER TEACHER OF THE YEAR

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. CUELLAR. Mr. Speaker, I rise to recognize Teacher of the Year Rosalinda De La Rosa for her countless contributions to the children of the Bonham Early Childhood Center.

Mrs. De La Rosa began her career at Bonham by teaching Pre-Kindergarten Bilingual Education. She has now taught at Bonham for 2 years. She has a Bachelor of Science in Elementary Education from Texas State University and she is certified in Early Childhood Education and Bilingual Education.

Mrs. De La Rosa is a teacher who loves to shape and mold the minds of her students. She helps them understand that school is a safe and wonderful environment and encourages them to learn everything that they can. She teaches them that even though they may be young they are important to the class, and she helps them understand about classrooms and rules.

Her goal as a teacher is to make every day an enjoyable day by letting her preschoolers know that she cares about them and that she is there to listen to their concerns.

Mr. Speaker, I am proud to have Mrs. De La Rosa teaching the students of my district and I am honored to have had the chance to recognize her today.

HONORING THE 70TH ANNIVERSARY OF THE WOODBURY LIONS CLUB

HON. BART GORDON

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. GORDON. Mr. Speaker, I rise today to honor the 70th anniversary of the Woodbury Lions Club. The Lions Club motto is ''We Serve,'' and for 70 years, the Woodbury Lions have been serving Cannon County well.

The Woodbury Lions Club has grown significantly from its humble beginnings in 1935 when Minor Bragg first explained Lionism to a group of men in Lee Baker's Drug Store. Weeks later, 21 men formed the club in S.D. Wooten's Grocery Store. Now, the club has more than 100 members and meets in Lions Memorial Building.

The Lions may be best known for their outstanding work in providing vision services to the needy. When Helen Keller addressed the Lions Club's 1925 International Convention, she called upon them to become ''Knights of the Blind in the crusade against darkness.'' The Lions answered that call. Today, more than 46,000 clubs worldwide are dedicated to providing vision screening in schools as well as eyeglasses and surgery to those in need.

Lions also are committed to building parks and working with youth in their communities. The Woodbury Lions have built Lions Field and a walking trail to provide residents with more opportunities to enjoy the natural beauty of Cannon County. In addition, the Lions work closely with organizations such as Boy Scouts and 4–H. They also have introduced Lioness and Leo Clubs at local schools to instill the value of service to our future leaders.

Woodbury is a better place because of the wonderful work of the Woodbury Lions Club. I commend the Lions for all they do, and I congratulate them on 70 years of service.

HONORING THE CONTRIBUTIONS OF SHERRI HARRIS STOKES, MILLER JUNIOR HIGH TEACHER OF THE YEAR

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. CUELLAR. Mr. Speaker, I rise to recognize the accomplishments of Sherri Harris Stokes, Miller Junior High Teacher of the Year.

Mrs. Stokes has a Bachelor of Science degree in Elementary Education from Texas A&M University. She is certified in kindergarten, mathematics, and gifted and talented education. She has taught mathematics at Miller Junior High for 6 years, and is already producing excellent results.

Mrs. Stokes knows that math can be intimidating for many students, and works constantly in her classroom to make mathematics more accessible, and to help her students build confidence in the subject. She constantly challenges her students and encourages them to try new things, an approach she learned from the mentors who were important in her own development.

She has been heavily involved in helping students grow outside her classroom, as well. She has served for 3 years as the Math Department Chair, 4 years as a National Junior Honors Society Sponsor, and 1 year as a Student Council Sponsor. She strives to make a personal connection with students, continuing to check on their progress as they move forward into high school.

Teachers of math are enormously important for getting our children ready for the jobs of the 21st century, and Mrs. Stokes has worked unfailingly toward that goal. Her commitment to education and to her students is laudable, and I am proud to have had the chance to recognize her here today.

SENATE—*Wednesday, April 20, 2005*

The Senate met at 9:31 a.m. and was called to order by the Honorable SAM BROWNBACK, a Senator from the State of Kansas.

PRAYER

The Chaplain, Dr. Barry C. Black, offered the following prayer:

Let us pray.

O God, who redeems our lives and snatches us from the powers of death, help us to see that in spite of our best plans for today, Your purposes will prevail. Teach us to submit to Your unstoppable providence, knowing that You desire to prosper us and give us success. Remind us that when we help those on life's margins, we lend to You.

Accompany our lawmakers today in their challenging work. Give them the security of Your spirit, as You protect them from harm. Shine the warmth of Your presence upon them during their moments of uncertainty. Answer them from Your holy heaven, and rescue them by Your great might. We pray this in Your powerful Name. Amen.

PLEDGE OF ALLEGIANCE

The Honorable SAM BROWNBACK led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

APPOINTMENT OF ACTING PRESIDENT PRO TEMPORE

The PRESIDING OFFICER. The clerk will please read a communication to the Senate from the President pro tempore (Mr. STEVENS).

The bill clerk read the following letter:

U.S. SENATE,
PRESIDENT PRO TEMPORE,
Washington, DC, April 20, 2005.

To the Senate:

Under the provisions of rule I, paragraph 3, of the Standing Rules of the Senate, I hereby appoint the Honorable SAM BROWNBACK, a Senator from the State of Kansas, to perform the duties of the Chair.

TED STEVENS,
President pro tempore.

Mr. BROWNBACK thereupon assumed the Chair as Acting President pro tempore.

RECOGNITION OF THE ACTING MAJORITY LEADER

The ACTING PRESIDENT pro tempore. The Senator from Kentucky.

SCHEDULE

Mr. MCCONNELL. Mr. President, today, following a 1-hour period for morning business, we will resume consideration of the emergency supplemental appropriations bill. Yesterday, the Senate invoked cloture with a unanimous vote of 100 to 0. I hope that the vote is an indication that the Senate is prepared to finish this bill in short order. There are a number of pending germane amendments to the bill. We hope that not all of these will require votes; however, Senators should expect a busy day as we try to wrap up our business on this emergency funding bill. At this particular time, we do not have a set time for the first vote, and Senators will be notified when that vote is scheduled. Again, I would anticipate a late evening as we continue to try to complete our work on this bill.

RESERVATION OF LEADER TIME

The ACTING PRESIDENT pro tempore. Under the previous order, the leadership time is reserved.

MORNING BUSINESS

The ACTING PRESIDENT pro tempore. Under the previous order, there will be a period for the transaction of morning business for up to 60 minutes, with the first half of the time under the control of the Democratic leader or his designee, the second half of the time under the control of the majority leader or his designee.

Who seeks time?

The Senator from North Dakota.

DRU'S LAW

Mr. DORGAN. Mr. President, last week I introduced legislation in the Senate dealing with a critically important subject. I am proud to say that the Senator from Pennsylvania, ARLEN SPECTER, joined me as cosponsor of this legislation. It deals particularly with the murder of young women in this country by sexual predators.

We all know the story recently about the murder of Jessica Lunsford. Jessica Lunsford was a 9-year-old young girl abducted in February from the bedroom of her home in Florida. Her body was found a month later. The crime was allegedly committed by a 46-year-old convicted sex offender with a 30-year criminal history.

More recently, we all remember the April 9 abduction of Sarah Michelle Lunde from her family's mobile home south of Tampa, FL. A convicted sex offender who had once had a relationship with the girl's mother has now confessed to killing her.

In March, Jetseta Gage of Cedar Rapids, IA, was abducted, sexually assaulted, and murdered. A convicted sex offender on Iowa's sex offender registry was charged with that crime and arrested for that crime.

In August of last year, a 6-year-old Nebraska girl whose name has been withheld was sexually assaulted by a 39-year-old convicted sex offender.

We all remember the case of Polly Klaas, the 12-year-old who was kidnapped and murdered by a previously diagnosed sex offender.

There was a young woman in my State named Dru Sjodin who was murdered in late 2003. Walking out of the shopping center into a parking lot about 5 in the afternoon, she apparently was abducted by a formerly convicted sex offender who has now been charged with this crime.

Dru Sjodin was a wonderful young woman. She was, as has been the case with these other circumstances, the innocent victim of a sex offender. Alfonso Rodriguez has been charged in her case. Alfonso Rodriguez served 23 years in prison as a violent sexual predator. He was deemed by prison officials to be a high-risk offender who would reoffend when released. He was nonetheless released from prison, and within 6 months he allegedly murdered Dru Sjodin.

I have introduced a law called ''Dru's Law.'' It is supported by Mr. Lunsford, Mr. Klaas, and so many other families who have been visited by these tragedies.

Dru's Law does three things. First, it says there should be a national registry of convicted sex offenders. There is not one now. There are State registries but not a national registry. Many Americans live near a State border. If they check their State registry of who the violent sex offenders are in their region, they will find out who is in their State but not who is 5 or 20 miles away across the border. There should be a national registry of convicted sex offenders, No. 1.

No. 2, if a high-risk sex offender is about to be released from prison and if that person is deemed to be at high risk for committing another violent offense, the local State's attorneys must be notified that this high-risk sex offender is about to be released so they can seek further civil commitment if they believe it appropriate.

No. 3, if, in fact, a high-risk sex offender is released from prison and there is no further civil commitment, there must be monitoring of that sex offender upon release. There cannot be at the prison door a wave and say: So

● This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

long, you served your 23 years, have a good life. There must be high-level monitoring.

It is unbelievable to me that we know the names of these people who are committing these murders because they have been behind bars and they are released despite the fact that psychiatrists, psychologists, and others judge them to be at high risk for reoffending. I don't want to see the list of victims, which includes Dru Sjodin, Polly Klaas, Jessica Lunsford, and Sarah Lunde, get longer. We can do something about this. We can pass this legislation.

Incidentally, this legislation which I reintroduced now with ARLEN SPECTER was passed by unanimous consent last year. We did not get it through the House, but I have now reintroduced it. I am going to try again, and I hope this time that this legislation gets to the President's desk for signature. It is long past the time that we do what is necessary to save lives. We ought not any longer accept the status quo. Violent sexual predators need to be identified, need to be on a national registry, and need to be either recommitted, if they are at high risk for reoffending, or there needs to be high-level monitoring when they are released. That is simply the case.

How much time have I consumed?

The ACTING PRESIDENT pro tempore. The Senator from North Dakota has consumed 6 minutes.

NUCLEAR OPTION

Mr. DORGAN. Mr. President, on another subject, this morning I read some very troubling comments by a member of the House leadership, on the subject of judges. I normally would not comment about remarks made by a member of the House, but we face in the Senate the prospect of what some are calling the nuclear option. This relates to an attempt by an arrogant majority to violate the rules of the Senate, in order to change the rules with respect to the confirmation of judicial nominations. Because of the real possibility that this so-called nuclear option will be exercised, I wish to react to some of these things that have been said about judges.

Judges serve for a lifetime. There are two steps to put a judge on the bench for a lifetime. One, the President must nominate. Second, the Senate advises and consents. In other words, the Senate decides whether it agrees a judge is fit for service for a lifetime.

It is not unusual for the Senate to decide that a judicial nominee by a President should not go forward. In fact, that happened to America's first President, George Washington. He lost one of his judicial nominations.

The Senate has approved 205 out of 215 Federal judicial nominations sent to us by President Bush. Because we have only approved 205 out of 215, which is 95 percent-plus, because there are a few who we have selected who we would not want to confirm, there are those who speak of changing the Senate rules, and to do so by violating the Senate rules. That is called the nuclear option.

What is the origin of all of this? Some of it has been described in stark terms by colleagues in the Congress. It is that they would like to define what good behavior means for judges. They do not agree with some judicial rulings, so they want to impeach Supreme Court Justices.

They must have missed that course in high school and college that talked about checks and balances, as well as the course that talked about separation of powers. Some in the Congress believe the judiciary ought to report to them and believe America's judiciary ought to conform to their interests, to their notions, of how to read our Constitution.

It reminds me again that there is a very big difference between an open mind and an empty head when I hear people talking about how we must find ways to get the Federal judiciary to bend to the will of the Congress. That is exactly what our Framers did not intend to have happen.

Let me say again, we have confirmed 205 of 215 requested lifetime appointments to the Federal bench offered to us by this President. That is an incredibly good record. But because 10 have not been confirmed—because this Congress has decided not to be a rubberstamp for lifetime appointments on the Federal bench—we have some who have decided they want to break the Senate rules in order to change the Senate rules. I read in today's papers we have others who are deciding they would like to take a crack at impeaching Federal judges and bend the Federal judiciary to the will of the majority here in the Congress.

I think it is arrogant and I think it is dangerous and I think most of the American people would believe the same.

I hope, as we proceed in the coming days, there will be some sober reflection among those who understand the roles of those in this institution and the judiciary, who understand the separation of powers, and who understand checks and balances. If that is the case, those who now talk about the so-called nuclear option will rethink their position.

I yield the floor.

The ACTING PRESIDENT pro tempore. The Senator from Massachusetts.

THE ENERGY BILL

Mr. KERRY. Mr. President, once again, today, President Bush is going to talk about the rising cost of gas and how it is hurting Americans at the pump. He is going to talk again about our dangerous dependence on foreign oil.

Last weekend, President Bush used his radio address to urge Americans to support his energy legislation. He said, and I quote him:

> American families and small businesses across the country are feeling the pinch from rising gas prices.

President Bush is right. The fact is American families are struggling. But unfortunately he is wrong about his support of the energy bill and his approach. The issue is not that the President doesn't understand the problem; it is that he does not have a real solution. He has not proposed the kinds of steps that are staring us in the face, available to us to be able to put together a real energy policy for the country. The energy plan he continues to campaign for will, in fact, make the United States more dependent on foreign oil, it will keep gas prices at record highs instead of making them affordable for consumers, and it will make our air and our water more polluted instead of investing in a cleaner future. These are pretty stark choices. Each and every one of them, on examination, is proven in the ways in which this administration has moved backwards on enforcement, backwards with respect to its commitment to a major independent energy policy for the Nation.

What we need to do is provide the Nation with sound solutions that are going to create jobs, instill a greater confidence in our relationships with other countries, and begin to move away from that dependency and to excite the economy through the creation of those kinds of jobs and the commitment to new technologies and to the research and development to create them.

The crisis, as it is currently unfolding, affects our economy. It is a drag on the economy, a drag on growth, a drag on our security, and it is obviously harming our environment.

The status quo energy policies the President is promoting are also hurting consumers at the pump, and no amount of taxpayer-funded, campaign-style events are going to cover up this reality because the evidence is plain for everybody to see at gas stations all across the country. People are now paying an average of $2.28 a gallon at the pump. That is up 6 cents in the last week and over 50 cents in the last year.

All of this has been predictable. The rise of demand in China and the rise of demand in less-developed nations has been there for every economist to lay out over the course of the last years. Notwithstanding the rise in demand and the competition for available oil resources, the United States continues down the same old road. All of the hype about the Arctic Wildlife Refuge or other sources is never going to make up for the reality of how much of the

oil reserves are actually available to the United States versus that increasing demand curve.

For the fourth week in a row, gas prices are at an all-time high. They have now increased a staggering 56 percent since 2001. A recent Gallup survey revealed that 44 percent of Americans believe it is extremely important for Congress and the President to address gas prices. But you only need to look at the legislation that is promoted by the President, and set to be voted on in the House this week, to see that, yet again, Washington is turning its back on common sense and turning its back on the best interests of the American people.

Under this administration, higher gas prices cost American consumers an extra $34 billion. If the House passes this bill, the Senate passes it, and the President signs it, it will cost the American consumer $34 billion. Airlines, truckers, and farmers spent an extra $20 billion last year alone. That is a regressive energy tax on the backs of working Americans.

But the administration's friends got off a lot easier than the average American. This energy bill is going to make their load even lighter. While American workers and families were struggling, oil companies earned record profits in the fourth quarter of 2004: ExxonMobil, up 218 percent, ConocoPhillips, up 145 percent; Shell, up 51 percent; ChevronTexaco, up 39 percent; and BP, up 35 percent.

Show me the American worker whose income has gone up by several percentage points, let alone double digits. Show me the American worker whose income has risen so they can keep up with the higher cost of fuel.

What is the President proposing to do about this? Well, 95 percent of the tax benefits included in the President's bill, the bill he supports, more than $8 billion, goes directly into the pockets of big oil and gas companies. At a time when oil prices are at historic highs, our energy policy ought to be aimed at investing in new and renewable sources of energy, not providing another big giveaway to special interests, particularly to the big oil and gas companies that have had these remarkable increases in their profits over the course of the last year.

Simply put, what is good for the administration's contributors has not been good for our economy. Federal Reserve Chairman Alan Greenspan has said:

> Markets for oil and natural gas have been subject to a degree of strain over the past year not experienced for a generation.

The Chairman of the President's own Council of Economic Advisors has admitted:

> High energy prices are now a drag on our economy.

But the problem goes even deeper. The administration's failure to propose a real energy policy also threatens our national security. We are more dependent on foreign oil than ever before, forcing us into risky and even compromising political entanglements with nations that we rely on for the fuel oil. America will never be fully secure until we free ourselves from the noose of foreign oil.

Unfortunately, the so-called energy plan of the administration does nothing, nothing to reduce our dependency on foreign oil. Don't take my word for it. The President's own economists found that oil imports will actually increase 85 percent by 2025 under a proposal such as we see at this point. The President's economists also found that ''changes to production, consumption, imports, and prices are negligible.''

You don't have to be an expert on oil or on energy policy to understand the basics of where we find ourselves. All you have to do is be able to count. The United States of America only has 3 percent of the world's oil reserves. That is all God gave us, 3 percent. Saudi Arabia has 65 percent of the world's oil reserves. There is no possible way, with the current population growth, the current increase in demand for oil, the current increases in other countries, no possible way for the United States to drill its way to energy independence. We have to invent our way to it.

But the President's energy policy is completely lacking in the major commitment necessary. There are token commitments, yes, but not the major commitment you need in order to spur the investment strategies, in order to spur the research and development and the fast transition in the marketplace we need to provide for the alternative energy sources the country ought to demand.

The President's energy bill is not even a real Band-Aid on the energy crisis that threatens our economy and challenges our national security. What it does do for sure is fatten the coffers of big energy companies.

There is a reason Senator MCCAIN called the energy bill the No Lobbyist Left Behind Act.

What kind of message do these policies send? If your profits go up, your subsidies go up. If the policy makes us more dependent on foreign oil, it makes the status quo even worse.

What we ought to be doing is something profoundly better than this, and we know we could. Energy policy gives us a rare opportunity to address a whole series of challenges at the same time. If we end our dependence on foreign oil and move in that direction, then we begin to strengthen our national security, and we become more independent and more capable of making choices that are less founded in that dependency. If we lead the world in inventing new energy technologies, we create thousands of high-paying jobs in the United States, and we create products we can export and an expertise we can also export at the same time. If we learn to tap clean sources of energy, then we preserve a clean environment, and we reduce the level of environment-induced cancers and other problems we face. If we remove the burden of high gas prices, then American consumers will have more cash in their pockets, more ability to spend elsewhere, and we give our economy the boost it needs.

Unfortunately, the energy bill before the Congress achieves none of these fundamental goals in the way we could and in the way we need to, given the crisis we face. It is laden with handouts to corporate interests. Over the period of the next days, I will lay out further the specifics of those particular linkages and what they mean to us.

We have an opportunity to change the direction of our country, to change our economy and make ourselves more secure and to create jobs. The solutions to our energy crises, all of them, are staring us in the face. The fact is, a number of years ago, back in 1973, when the first oil crisis hit, and then in the latter part of the 1970s, this country did move to try to create a real policy of alternative energy. The result was thousands of small companies started up around solar or wind or alternatives. But then, unfortunately, in the 1980s, the Government pulled back from that commitment and many of those companies were lost and much of that technology shifted and was lost to Japan or to Germany or to other countries. The record of jobs lost versus jobs created and of opportunities lost versus opportunities seized is a clear one. It is long past time we get the politics out of this and put practical, real and, in some cases, visionary solutions on the table so we can strengthen our own economy, strengthen our country, and provide ourselves with alternatives that will make our Nation both healthier and safer at the same time.

I believe we owe the Nation more than staged political events and rhetoric in the effort to move to that future, and I hope we will do so.

Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER (Mr. VITTER). The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. DURBIN. Mr. President, I ask unanimous consent that the order for the quorum call be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

JUDICIAL NOMINATIONS

Mr. DURBIN. Mr. President, the saga of the judiciary continues on Capitol Hill. The Constitution of the United States, which we all keep close at hand, makes it clear that there are

three independent branches of Government. Each has an important role in the governance of this democracy. And certainly the independence of the judiciary is something we have valued from the beginning of this Nation, for all the time that we have enjoyed this great country. But it is under attack today from the right wing of the Republican Party in a way that we have not seen in quite some time.

It was reported in this morning's paper that House Majority Leader TOM DELAY, Republican of Texas, was interviewed by Tony Snow on Fox NEWS radio. Mr. DELAY said of the judges whom he has been critical of in the past, when asked if he would include any Supreme Court Justices among those he considered activist and isolated, he said Anthony M. Kennedy, who was named to the Court by President Ronald Reagan.

Mr. DELAY said:

Absolutely. We've got Justice Kennedy writing decisions based upon international law, not the Constitution of the United States. That's just outrageous.

Mr. DELAY went on to say:

And not only that, but he—

Justice Kennedy—

said in session that he does his own research on the Internet. That is just incredibly outrageous.

That is a direct quote from TOM DELAY—that a Justice of the Supreme Court who does research on the Internet is one who is a judicial activist.

Has the Internet become the devil's workshop? Is it some infernal machine now that needs to be avoided by all right-thinking Americans? What is Mr. DELAY trying to say as he is stretching to lash out at judges who happen to disagree with his political point of view?

This coming Sunday, this saga will continue at a church in Kentucky with the so-called ''Judge or Justice Sunday'' sponsored by the Family Research Council. They are arguing that any time we question a nominee from the Bush White House we are attacking people of faith.

I can tell you, of the 205 judicial nominees we have approved of this President—and only 10 have not been approved—many of them were undoubtedly people of faith. I have to say ''undoubtedly'' because I can't say for certain. Do you know why? Because this Constitution prohibits anyone from asking a person seeking a job with the Federal Government or a position in the Federal Government what their religious faith happens to be. We cannot under the terms of article VI of the Constitution establish any religious test for office.

So now those who support the rejected nominees are saying they were rejected because of their faith.

You see what they are trying to do. They are trying to draw us into a position where we are going to use religion as some sort of weapon in this debate. That is a mistake.

The Constitution, which has carefully separated church and state throughout our history, says to every American that they have a right of conscience to decide what they want to believe. When we start imposing religious tests, as some in the right would have us do, it is a serious mistake.

As Mr. DELAY lashes out at Supreme Court Justices and others for their outrageous conduct in ''doing research on the Internet,'' and we see these rallies that are attacking those who are upholding Senate rules and traditions of over 200 years based on some flawed interpretation of our Constitution, we understand it is time for Americans who really want to see moderate and balanced and fair judges to speak out.

We have to have the process where the rules are respected, where we have checks and balances in our Government, and where people seeking lifetime appointments must demonstrate not only honesty and competency but the fact that they are in tune with the values and the needs of the American people. Unfortunately, in the case of 10 judges, many of us believe the nominees sent by the White House do not meet that test.

Mr. President, 95 percent of President Bush's nominees have been approved. That is not enough for some, but I think it reflects the fact that the Senate has a constitutional responsibility to look closely at each nominee and decide whether they are worthy of this lifetime appointment.

I yield the floor.

The PRESIDING OFFICER. The Senator from Idaho.

CONSTITUTIONAL CONFLICT

Mr. CRAIG. Mr. President, is it a religious test? Is it an environmental test? Is it a right-to-life test? Is it a racial test? No. Now we say it is TOM DELAY's test.

If it weren't so deadly serious, it would be laughably humorous.

But the other side has reduced what is a tremendously important constitutional responsibility of this Senate into a political game.

From the very outset, when the Bush administration came to town, telegraphed across the Nation was a very clear message by our colleagues from the other side. Inside their internal party politics and beyond, it was all about politics and who they would reject, or who they would disallow the right to have a vote on the floor of the Senate when nominated by this President—if that nominee made it through the Judiciary Committee—whether they would be allowed to became a sitting judge in one of the courts of the United States for which the President, the Congress, and the Senate are responsible.

Religious test, environmental test, a right-to-life test, a racial test, now a TOM DELAY test. Doesn't the other side have anything to talk about nowadays? Don't they have a policy they can take to the American people that will grasp the majority of the American people's minds or is it simply targeting around the edges?

It is deadly serious, and it is not humorous at all.

I rise today to discuss what is a most important constitutional conflict that has developed here in the Senate, and the response that I believe the Senate must act clearly and profoundly on this issue.

In the time that I have been in public office, I have watched the Congress and participated in the Congress in conflicts that some would call historic by nature—an impeachment, a contested election, a midsession shift of party control of the Senate, just to name a few.

But no issue, in my opinion, has threatened to alter the fundamental architecture of Government in the way that it is now being threatened today by the conflict over judicial nominees.

Some of our colleagues have attempted to downplay the importance of the issue. I think that is what you heard this morning—a reduction of the issue to a debate about TOM DELAY's wisdom or a quote about the Internet. This is a lot more important than any one individual, including TOM DELAY.

This is really about the Constitution of the United States. They have attempted to call it, Well, it is ''just business as usual'' to oppose nominees. They have tried to portray it as insignificant in terms of the number of judges. You just heard that a few moments ago about their selective filibuster. They say that is fair and full in the process.

They have characterized it as a simple political struggle between the parties. Well, it is political, but it is constitutional.

In reality, this issue has the potential of altering the balance of power established by the Constitution between our two branches of Government.

I say this because the Constitution gives the Senate a role in Presidential appointments—the ability to accept or reject an appointment—and when a filibuster stops the Senate from taking that vote, it is frustrating the ability of all Senators to fulfill their constitutional duty, to exercise their fundamental constitutional power and participate in the essential function of the executive.

A filibuster doesn't just prevent the Senate from acting, it also stops a nominee in midprocess without a final decision as to whether a nominee is confirmed or rejected, in essence giving the minority of Senators the power to prevent the executive branch from performing its constitutional duty.

That is exactly what we have seen by design, by intent, and without question by votes.

Let me talk about a candidate specifically. Let me talk about my own home State of Idaho and the President's nominee to the Ninth Circuit, Bill Myers.

Bill has had a distinguished career as an attorney, particularly in the area of natural resources and the public land laws of our country where he is nationally recognized by both sides as an expert. These are issues of particular importance to public land States in the West, such as Idaho, represented in the Ninth Circuit.

These issues aren't just professional business to him. In his private life, he has also long been an outdoorsman, and he has spent a significant amount of time volunteering for the National Park Service.

Bill Myers is a public lands man. He loves it, he enjoys it, and he has participated in it. He came to this Senate to work for a former Senator, Allen Simpson, Deputy General Counsel at the Department of Energy, and Assistant to the Attorney General of the United States. The Senate confirmed him by unanimous consent as the Solicitor to the Department of the Interior in 2001.

The entire Idaho delegation supports him.

So what is wrong with Bill Myers? Is it a partisan issue? No. Democrat Governor of Idaho, Cecil Andrus, Secretary of the Interior for President Carter, said Bill Myers is a man of great ''personal integrity, judicial temperament, and legal experience,'' as well as he has ''the ability to act fairly on matters of law that will come before him on the court.'' Democratic Governor from Wyoming, Mike Sullivan, said the same thing.

So what is wrong with Bill Myers? Why, when last year the Senate Judiciary Committee voted him out, to send him to the Senate floor, did he never get a vote? Why was he refused a vote and filibustered?

Let me tell you why. I know it firsthand. I served on the Judiciary Committee. I watched the vote. And the day the Senate Judiciary Committee voted him to the floor of the Senate, a senior member from the other side of that committee walked out with me and said: You know, LARRY, your nominee is not going to get a vote on the floor.

They had planned it well in advance. They had picked Bill Myers like they have picked other judicial nominees for their political pawn. The conversation went on, but it was private and I don't divulge it.

But I will say this: From the conversation, I understood very clearly why Bill Myers would not get a vote and why they would filibuster him. It was just prior to the election, a very important election, a Presidential election. They had already picked the candidate they could argue had racial undertones. They had already picked the candidate they believed might be prolife. They had already picked other candidates who didn't fit their political demographics. They picked Bill Myers because of his environmental record, and they told me so.

Is that picking a person because of their talent, because of their experience, because of their judicial temperament, or is it simply playing what I call the ''nominee process of political roulette''? Pick the candidate who serves your political purpose and prove to your constituent base that you are out there for them.

If that is what the nominating process has reduced itself to, then we are not only in a constitutional crisis—we are without question in a political constitutional crisis. No. What we do is important in the Senate. We affect the lives of all Americans in one way or another. But we have a constitutional responsibility when it comes to judges who are nominated by our President who are sent forth by the Judiciary Committee of this Senate once fully vetted and interviewed and questioned.

Once the majority of that committee has spoken, and that nominee comes to the floor of the Senate, I firmly believe that nominee deserves an up-or-down vote. That is the history of the Senate. That is the responsibility of advice and consent. That is what this Senate has done down through the decades.

But not now. Not in the politics of the other side. It does not serve their purpose anymore. So they have reduced it to the rhetoric of saying this is normal; this is usual; this is the politics of the day. Those Republicans are being terribly political at this moment.

I don't agree with that. I have watched this much too long. It is now time the Senate act to establish once again our constitutional role in the advice and consent with the executive branch of Government.

I yield the floor.

The PRESIDING OFFICER. The Senator from North Carolina is recognized.

Mr. BURR. Mr. President, I rise today to urge our leadership and the rest of my colleagues in the Senate to preserve the significance of our responsibility, enumerated in the Constitution, and to work together to address the judicial crisis that threatens to severely damage our system.

As Members of the Senate, we each bring our own unique background and experience to this institution. And our progress as a body often requires us to make difficult decisions as individuals. While our individual positions on various issues will certainly differ, we must stand together to repair the judicial confirmation process in this body.

Several judicial vacancies have been lingering in our courts for years, causing many jurisdictions, including one in my home State of North Carolina, to be declared ''judicial emergencies.'' It is our responsibility as Senators to respond to these judicial emergencies with action and determination.

It is inexcusable that we allow judicial vacancies to linger for 6 years or, in some cases, longer. Such is the case for the people of my State in the Eastern District of North Carolina. The North Carolina Eastern District post is the longest district court vacancy in the Nation—a seat vacant since 1997. In 1999, the administrative office of the courts declared the district a ''judicial emergency'' and it has been categorized this way for the last 6 years.

In North Carolina we face challenges on the appellate level as well. There are 15 circuit court judgeships in the Fourth Circuit but only one of these is occupied by a North Carolina judge. North Carolina is significantly underrepresented at the circuit court level. A great deal of this can, of course, be attributed to the political nature of the debate surrounding nominations to the Fourth Circuit. All North Carolinians deserve another voice on the Fourth Circuit.

Judge Boyle, currently serving as a District Court judge for the Eastern District of North Carolina, was nominated in May, 2001, by the President to serve on the Fourth Circuit Court of Appeals. The American Bar Association has unanimously rated Judge Boyle as ''well-qualified,'' and has stated he would make an outstanding appellate judge.

The act of merely considering Judge Boyle's nomination should not be a political issue for this distinguished body. Unfortunately, over the past few years it has become one. Before the 108th Congress, when Judge Boyle was first nominated, no judicial nomination which had a clear majority of Senators supporting the nomination was ever prevented from receiving an up-or-down vote. This current judicial confirmation situation is unprecedented.

We should put aside the grievances that have prevented the consideration of judges through the past three Presidential administrations and work together to find a solution. As Senators we must face this crisis with optimism and confidence. Working together we must address this situation directly because I believe that our constituents do not hope for, nor do they expect, inaction from us on such an important part of our system of government. Partisan bickering or avoidance of our procedural challenges is not a responsible course of action.

Let me be clear. I believe if one of my colleagues objects to a particular judicial nominee, it is certainly appropriate and fair for my colleague to vote against that nominee on the Senate floor. But denying these patriotic Americans, of both parties, who seek to

serve this country an up-or-down vote is simply not fair, and it certainly was not the intention of our Founding Fathers when they designed and created this very institution.

As our country plants the seeds of democracy across the world, we have the essential obligation to continue to operate as the model. The integrity of the judicial system is vital and will certainly suffer as a result of inaction. Maintaining our Nation's long-standing distinction requires that its legislature act to ensure harmony and balance among its citizens and its branches of government.

We need to fix this broken process. We need to end the judicial crisis. And we need to vote on our judges.

I yield the floor.

The PRESIDING OFFICER. The Senator from Utah is recognized.

Mr. HATCH. How much time remains?

The PRESIDING OFFICER. There is approximately 14 minutes remaining.

Mr. HATCH. I ask unanimous consent I be permitted to finish my statement if it goes a little bit longer.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. HATCH. Mr. President, in Lewis Carroll's book ''Through the Looking Glass,'' Humpty Dumpty has a famous exchange with Alice in which he says:

> When I use a word it means just what I choose it to mean—neither more nor less.

Many partisans in the debate over judicial nominations or appointments in the Senate and among interest groups, particularly, have the same attitude. Let me offer two examples. One is, they play games with the word ''filibuster.'' The current filibusters against judicial nominations have four features: First, they involve defeating attempts to end debate such as defeating a motion to invoke cloture under rule XXII; second, they target nominations with clear bipartisan majority support that would be approved if there were a confirmation vote; three, they are not about debating these nominations but about defeating them; and fourth, these filibusters are completely partisan, organized, and driven by party leaders.

For 2 years, Democrats have claimed these filibusters are nothing new, that they happened before the 108th Congress. Last Friday, the distinguished assistant minority leader Senator DURBIN offered his evidence. He printed in the RECORD a document titled ''History of Filibusters and Judges.'' It was a list of 12 judicial nominations which it said ''needed 60 (or more) votes—cloture—in order to end a filibuster.''

Yet these are filibusters only if, as Humpty Dumpty put it, the word filibuster means whatever you choose it to mean.

Listed first is the 1881 nomination of Stanley Matthews to the Supreme Court. President Rutherford B. Hayes nominated Matthews shortly before leaving office and the Judiciary Committee postponed consideration. Hayes' successor, President James Garfield, renominated Matthews on March 14, 1881, and the Senate confirmed him on May 12. That is hardly a filibuster, yet that is the big news. They have looked so hard to try to find some justification for the inappropriate actions they have taken in the Senate.

Two days ago, Senator NELSON of Florida repeated Senator DURBIN's claim that this was the first judicial nomination filibuster in American history. That claim also appears on the Web site of the leftwing Alliance for Justice whose president is shopping it around on the talk radio circuit.

This claim is incomprehensible. There was no cloture vote on the Matthews nomination for a very simple reason: Our cloture rule would not exist, would not even come into existence, for another 36 years. Nor were 60 votes needed even for confirmation since the Senate contained only 76 Members.

If, as Senator DURBIN apparently urges, we today use the Matthews nomination as a model, we would debate judicial nominations, including those resubmitted after a Presidential election, and then vote them up or down because that is what happened in the Matthews case they used as an example of a filibuster. Humpty Dumpty would be proud of them.

The other nominations on Senator DURBIN's list fare no better. Appeals court nominees Rosemary Barkett and Daniel Manion are on the filibuster list even though we did not take a cloture vote on them. Both of them were confirmed and currently sit on the bench.

Eight others, including Republican nominee Edward Carnes and Democratic nominee Stephen Breyer, are on the list even though the Senate voted to invoke cloture on their nominations. The purpose was to get to the vote up and down.

Abe Fortas is on the list even though his nomination was withdrawn after a failed cloture vote showed he did not have majority support and the opposition was solidly bipartisan—almost as many Democrats as there were Republicans. It was not an all-Democrat filibuster such as these have been.

Here is the kicker: Eleven of the 112 nominees on Senator DURBIN's filibuster list were confirmed by the Senate—all 11 of them—with 9 of them sitting on the Federal bench today. And as for Fortas, President Lyndon Johnson withdrew his nomination, not because there was a filibuster, because no less an authority than Robert Griffin, former Senator from Michigan, who had a reputation of impeccable honesty, has said that there was no filibuster. They had the votes to defeat Fortas up and down. They wanted 2 more days of debate so they could make the case better, but Fortas was going to be defeated up and down. So there was no filibuster there either.

But even if there were, and even if you could stretch it and say there were, it was a bipartisan filibuster, if you could use the term filibuster, with almost as many Democrats as Republicans voting against Fortas. But I would take Senator Griffin's word on that, a man of impeccable honesty, who said there was no intent to filibuster by any Republican or Democrat on that nomination.

None of these situations bears any resemblance to the filibuster of majority-supported judicial nominations underway today.

Let me put this as clearly as I can. Not taking a cloture vote is no precedent for taking a cloture vote. Ending debate is no precedent for not ending debate. Confirming judicial nominations is no precedent for not confirming judicial nominations. And withdrawing nominations lacking majority support is no precedent for refusing to vote on nominations that have majority support.

The second word they play on is ''extremists.'' Democrats and their leftwing interest group allies tell us they only use the filibuster against what they call extremist nominees. Trying to define this label, however, is like trying to nail Jell-O to a cactus in the Utah desert. Like the Constitution in the hand of an activist judge, it means whatever you want it to mean.

No matter what the word means, this word extremist, Senators who truly believe a judicial nominee is an extremist may vote against him. They have a right to vote against anybody they think is an extremist. But this is no argument for refusing to vote in the first place.

As our colleague Senator KENNEDY said in February, 1998:

> We owe it to Americans across the country to give these nominees a vote. If our . . . colleagues don't like them, vote against them. But give them the vote.

I wonder why the change today? I think he meant that statement back then. Why doesn't he mean it today?

In September, 1999, the Judiciary Committee ranking member Senator LEAHY similarly said our oath of office requires us to vote up or down on judicial nominations. Why the change today? It seems to me he meant it back then.

Priscilla Owen, nominated by President Bush to the U.S. Court of Appeals for the Fifth Circuit, was reelected to the Texas Supreme Court in 2000, with 84 percent of the vote. There was no major party opposition, and the endorsement of every major newspaper in the State of Texas. Yet her opponents on the other side call her an extremist. No fewer than 15 presidents of the State bar of Texas, Democrats and Republicans, strongly endorse her nomination. Yet these opponents call her an extremist.

She has been praised by groups such as the Texas Association of Defense Counsel and Legal Aid of Central Texas. Yet her opponents call her an extremist.

The American Bar Association, often referred to by our friends on the other side as the ''gold standard'' to determine whether a person can sit on the bench, unanimously gave Justice Owen its highest rating of ''well qualified.'' This means she has outstanding legal ability and breadth of experience, the highest reputation for integrity, and such qualities as compassion, open-mindedness, freedom from bias, and commitment to equal justice under law. Yet some of the very Democrats who once said the ABA rating was the gold standard for evaluating judicial nominees now call Justice Owen an extremist.

Another nominee branded an extremist is California Supreme Court Justice Janice Rogers Brown, nominated to the U.S. Court of Appeals for the DC Circuit. She is the daughter of Alabama sharecroppers. She attended segregated schools before receiving her law degree from the University of California at Los Angeles—in other words, UCLA. She has spent a quarter century in public service, serving in all three branches of State government.

Off the bench, she has given speeches in which she expressed certain ideas through vivid images, strong rhetoric, and provocative argument. Yet it is what she does on the bench that matters most, and there she has been an evenhanded, judicious, and impartial justice on the California Supreme Court.

George Washington University law professor Jonathan Turley knows the difference and recently wrote in the Los Angeles Times:

> But however inflammatory her remarks outside the courtroom, Brown's legal opinions show a willingness to vote against conservative views, particularly in criminal cases, when justice demands it.

In recent terms, Justice Brown has written more majority opinions than any of her colleagues on the California Supreme Court. Yet some in this body brand her an extremist. How can that be? Again, Humpty Dumpty would be proud of this type of misuse of words.

A group of California law professors, including Democrats, Republicans, and Independents, wrote to our Judiciary Committee to say that Justice Brown's strongest credential is her open-mindedness and thorough appraisal of legal argumentation ''even when her personal views conflict with those arguments.'' Yet some leftwing extremist groups call her an extremist.

A diverse group of her current and former judicial colleagues wrote us that Justice Brown is ''a jurist who applies the law without favor, without bias, and with an even hand.'' It is no wonder that 76 percent of her fellow Californians voted to retain her in her State's highest court. Yet her opponents call her an extremist.

If words mean anything, if we in the Senate really want to have a meaningful and responsible debate about such important things, then we should stop playing games with words such as ''filibuster'' or ''extremist.'' There is no precedent whatsoever for these partisan, organized filibusters intended to defeat majority supported judicial nominations and, I might add, bipartisan majority supported judicial nominations.

If Senators believe such highly qualified nominees, who know the difference between personal and judicial opinions and are widely praised for their integrity and impartiality, are extremists, then they should vote against them. But these people should be given an opportunity by having an up-and-down vote. Let's have a full and fair debate. Perhaps the critics will win the day against one or more of these nominees. I doubt it. But we must vote. That is what advise and consent means.

Mr. President, as I close, let me return to the 1881 Matthews nomination for a moment, the one they have had to stretch to try to claim was a filibuster.

In the 47th Congress, a Senate equally divided between Republicans and Democrats confirmed Justice Matthews by a single vote. No doubt, some opponents called him many things, perhaps even an extremist. Well, I doubt that because that has not happened until President Bush became President, as far as I can see in the way it has happened here. But we settled the controversy surrounding the Matthews nomination the old-fashioned way—not by filibustering but by debating and voting up and down. There is no question we should return to that standard.

I yield the floor.

Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The journal clerk proceeded to call the roll.

Mr. COCHRAN. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

CONCLUSION OF MORNING BUSINESS

The PRESIDING OFFICER. Morning business is closed.

EMERGENCY SUPPLEMENTAL APPROPRIATIONS ACT, 2005

The PRESIDING OFFICER. Under the previous order, the Senate will resume consideration of H.R. 1268, which the clerk will report.

The journal clerk read as follows:

A bill (H.R. 1268) making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's licenses and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

Pending:

Feinstein amendment No. 395, to express the sense of the Senate that the text of the REAL ID Act of 2005 should not be included in the conference report.

Bayh amendment No. 406, to protect the financial condition of members of the reserve components of the Armed Forces who are ordered to long-term active duty in support of a contingency operation.

Salazar amendment No. 351, to express the sense of the Senate that the earned income tax credit provides critical support to many military and civilian families.

Reid amendment No. 445, to achieve an acceleration and expansion of efforts to reconstruct and rehabilitate Iraq and to reduce the future risks to United States Armed Forces personnel and future costs to United States taxpayers, by ensuring that the people of Iraq and other nations do their fair share to secure and rebuild Iraq.

Frist (for Chambliss/Kyl) amendment No. 432, to simplify the process for admitting temporary alien agricultural workers under section 101(a)(15)(H)(ii)(a) of the Immigration and Nationality Act, to increase access to such workers.

Frist (for Craig/Kennedy) modified amendment No. 375, to provide for the adjustment of status of certain foreign agricultural workers, to amend the Immigration and Nationality Act to reform the H–2A worker program under that Act, to provide a stable, legal agricultural workforce, to extend basic legal protections and better working conditions to more workers.

DeWine amendment No. 340, to increase the period of continued TRICARE coverage of children of members of the uniformed services who die while serving on active duty for a period of more than 30 days.

DeWine amendment No. 342, to appropriate $10,000,000 to provide assistance to Haiti using Child Survival and Health Programs funds, $21,000,000 to provide assistance to Haiti using Economic Support Fund funds, and $10,000,000 to provide assistance to Haiti using International Narcotics Control and Law Enforcement funds, to be designated as an emergency requirement.

Schumer amendment No. 451, to lower the burden of gasoline prices on the economy of the United States and circumvent the efforts of OPEC to reap windfall oil profits.

Reid (for Reed/Chafee) amendment No. 452, to provide for the adjustment of status of certain nationals of Liberia to that of lawful permanent residence.

Chambliss further modified amendment No. 418, to prohibit the termination of the existing joint-service multiyear procurement contract for C/KC–130J aircraft.

Bingaman amendment No. 483, to increase the appropriation to Federal courts by $5,000,000 to cover increased immigration-related filings in the southwestern United States.

Bingaman (for Grassley) amendment No. 417, to provide emergency funding to the Office of the United States Trade Representative.

Isakson amendment No. 429, to establish and rapidly implement regulations for State driver's license and identification document

security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, and to ensure expeditious construction of the San Diego border fence.

Byrd amendment No. 463, to require a quarterly report on audits conducted by the Defense Contract Audit Agency of task or delivery order contracts and other contracts related to security and reconstruction activities in Iraq and Afghanistan and to address irregularities identified in such reports.

Warner amendment No. 499, relative to the aircraft carriers of the Navy.

Sessions amendment No. 456, to provide for accountability in the United Nations Headquarters renovation project.

Boxer/Bingaman amendment No. 444, to appropriate an additional $35,000,000 for Other Procurement, Army, and make the amount available for the fielding of Warlock systems and other field jamming systems.

Lincoln amendment No. 481, to modify the accumulation of leave by members of the National Guard.

Reid (for Durbin) amendment No. 443, to affirm that the United States may not engage in torture or cruel, inhuman, or degrading treatment under any circumstances.

Reid (for Bayh) amendment No. 388, to appropriate an additional $742,000,000 for Other Procurement, Army, for the procurement of up to 3,300 Up Armored High Mobility Multipurpose Wheeled Vehicles (UAHMMVs).

Reid (for Biden) amendment No. 537, to provide funds for the security and stabilization of Iraq and Afghanistan and for other defense-related activities by suspending a portion of the reduction in the highest income tax rate for individual taxpayers.

Reid (for Feingold) amendment No. 459, to extend the termination date of Office of the Special Inspector General for Iraq Reconstruction, expand the duties of the Inspector General, and provide additional funds for the Office.

Ensign amendment No. 487, to provide for additional border patrol agents for the remainder of fiscal year 2005.

Byrd amendment No. 516, to increase funding for border security.

Reid (for Biden) amendment No. 440, to appropriate, with an offset, $6,000,000 for the Defense Health Program for force protection work and medical care at the Vaccine Health Care Centers.

The PRESIDING OFFICER. The Senator from Mississippi is recognized.

Mr. COCHRAN. Mr. President, we made good progress on this legislation yesterday. We considered a number of amendments. We were able to accept some in terms of being able to agree that they be adopted on voice vote. We had some rollcall votes on others. We are pleased that Senators cooperated with our committee. We hope to complete action on this bill today, certainly by tomorrow. But if we move with dispatch to consider the amendments that we know about, it is likely we can finish today, with the cooperation of all Senators. We appreciate that very much.

I know the Senator from Wisconsin, Mr. KOHL, has an amendment relating to PL 480 accounts, and we are prepared to consider that amendment at this time if he wishes to send it to the desk and offer it for the Senate's consideration.

Mr. President, I yield the floor.

The PRESIDING OFFICER. The Senator from Wisconsin is recognized.

Mr. KOHL. Mr. President, I ask unanimous consent that the pending amendments be set aside.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 380

Mr. KOHL. Mr. President, I call up amendment No. 380 and ask for its immediate consideration.

The PRESIDING OFFICER. The clerk will report.

The journal clerk read as follows:

The Senator from Wisconsin [Mr. KOHL], for himself, Mr. DEWINE, Mr. HARKIN, Mr. DURBIN, Mr. LEAHY, Ms. MIKULSKI, Mr. INOUYE, Ms. LANDRIEU, Mrs. MURRAY, Mr. DORGAN, Mr. COLEMAN, Mr. OBAMA, and Mr. CORZINE, proposes an amendment numbered 380.

Mr. KOHL. Mr. President, I ask unanimous consent that reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To provide supplemental funding for international food assistance)

On page 171, line 2 strike ''$150,000,000'' and all through line 6 and insert in lieu thereof the following:

''$470,000,000 to remain available until expended: *Provided*, That from this amount, to the maximum extent possible, funding shall be restored to the previously approved fiscal year 2005 programs under section 204(a)(2) of the Agricultural Trade Development and Assistance Act of 1954: *Provided further*, That of the funds provided under this heading, $12,000,000 shall be available to carry out programs under the Food for Progress Act of 1985: *Provided further*, That the amount provided under this heading is designated as an emergency requirement pursuant to section 402 of the conference report to accompany S. Con. Res. 95 (108th Congress).''.

Mr. KOHL. Mr. President, this amendment increases funding for Public Law 480 Title II to provide food assistance to people around the world where the need is urgent. Senator DEWINE joins me as a cosponsor of this amendment. I also announce that the amendment is cosponsored by Senators HARKIN, DURBIN, LEAHY, MIKULSKI, INOUYE, LANDRIEU, MURRAY, DORGAN, COLEMAN, OBAMA, and CORZINE.

I also ask unanimous consent to add Senators JOHNSON, ROBERTS, DOLE, LUGAR, BINGAMAN, SARBANES, NELSON OF NEBRASKA, and HAGEL as cosponsors.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. KOHL. Our amendment increases the food aid amount by $320 million for a total of $470 million. This is not an arbitrary figure but, rather, was designed to meet three definite objectives.

First, our amendment is crafted to meet the U.S. share of emergency food aid assistance needs that have already been identified for fiscal year 2005.

Second, it restores funds for food aid development programs that are vital to end the cycle of starvation in the world's poorest nations. These funds were diverted to meet worsening conditions in the Darfur region of Sudan, and our amendment simply restores them to their original food aid purpose.

Third, our amendment restores funding for the Food for Progress Program for commodities that were diverted to provide assistance to victims of the Indian Ocean tsunami.

Mr. President, I have a letter from President Bush, dated January 13, 2005, and signed by 43 Senators. It points out the dire shortfall in meeting world food aid needs this year. I ask unanimous consent that this letter be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

U.S. SENATE,
Washington, DC, January 13, 2005.

Hon. GEORGE W. BUSH,
President of the United States, The White House, Pennsylvania Avenue, NW., Washington, DC.

DEAR MR. PRESIDENT: The December 26 tsunami that struck several countries in the Indian Ocean Basin is now known to have killed over 150,000 people, with hundreds of thousands or even millions of others injured or left homeless by the catastrophe. Many of these people have lost all their possessions and find themselves in dire need of essentials such as food, clean water, medical attention and shelter. Over the past several decades, the food aid programs run by the U.S. Agency for International Development and the U.S. Department of Agriculture have demonstrated their capacity to help people in need, but their fiscal 2005 funding will have to be increased for them to do the job properly.

Even before the massive tsunami struck, other unanticipated natural disasters and wars had strained these agencies' ability to provide emergency food aid while still maintaining long-term commitments to development assistance projects. According to one estimate provided to the Senate Committee on Agriculture, Nutrition and Forestry by USAID officials, customary food aid contributions by the United States and other donor countries were expected to fall $1.2 billion short of emergency needs worldwide as of December 9, 2004.

As part of the supplemental appropriations bill you are planning to submit within the next several weeks to cover the cost of military operations in Iraq and Afghanistan, we urge you to include a request for food aid programs to help the tsunami victims in South Asia as well as to address the food aid shortfall generated by pre-existing emergency assistance needs in Africa and elsewhere in the world. A portion of that money should be used to reimburse recent withdrawals from the Bill Emerson Humanitarian Trust.

It is crucial that you take these steps and not attempt to meet the emergency needs by further cutting existing programs. We believe that previous cuts made to developmental food aid programs in this fiscal year should be restored. It would not be appropriate to help the people of South Asia by reducing aid to people in other developing countries. Such a move would be tantamount

to feed one group with the seed corn that another group was supposed to sow for crops the following year. We urge you to consider carefully this situation and take whatever actions are necessary to ensure our ability to meet all of our food aid commitments.

Sincerely yours,

Tom Harkin; Dick Lugar; Debbie Stabenow; Bill Nelson; Mary Landrieu; Max Baucus; Pat Roberts; Herb Kohl; Jeff Bingaman; E. Benjamin Nelson; Barbara A. Mikulski; and Dick Durbin.

Larry E. Craig; Norm Coleman, Dianne Feinstein; Byron L. Dorgan; Tim Johnson; Ken Salazar; Conrad Burns; Kent Conrad; Frank R. Lautenberg; J. Lieberman; Chuck Grassley; Daniel K. Akaka; Barack Obama; and Mike DeWine.

Kit Bond; Mark Pryor; Lincoln Chafee; Mike Crapo; Russell D. Feingold; Ron Wyden; Chuck Hagel; Elizabeth Dole; Patty Murray; Blanche L. Lincoln; Jon Corzine; and Olympia Snowe.

Patrick Leahy; Evan Bayh; Christopher Dodd; Jim Talent; and Mark Dayton.

Mr. KOHL. This letter was signed by Republicans and Democrats alike. That is as it should be. Compassion should not be a partisan issue.

Mr. President, I also ask unanimous consent to have printed in the RECORD an article from the April 13, 2005, Wall Street Journal that makes a very strong case why additional funding for these programs is necessary.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

[From the Wall Street Journal, April 13, 2005]

SUDAN'S FARMERS HUNGER FOR U.S. AID

(By Scott Kilman and Roger Thurow)

Seventeen years ago, Philip Majak abandoned his 30-acre farm in southern Sudan, fleeing the ethnic and religious fighting that would kill two million people over two decades, including his first wife. Now, with a tentative peace treaty holding since January, he is itching to go home.

''My house is destroyed, and my tractor. My 70 cows were stolen, the land has grown wild,'' he says at a refugee camp outside Khartoum, Sudan's capital. ''I'll need help to start farming again.'' He looks to two sources of support: ''God will provide. And America.''

Maybe not.

The U.S. government for years pushed hard for peace in the south of Sudan between the Muslim-dominated government in Khartoum and the rebel group supported by the region's Christian residents. The Americans said that as peace came, so would seeds and tools to help Sudanese farmers rebuild one of Africa's potential breadbaskets.

But Sudan's reconstruction period is dawning just as budget pressures in Washington are siphoning money from precisely this sort of U.S.-backed development work around the globe. One project now in limbo would have given Sudanese refugees food for rebuilding farms and roads in the Bahr el Ghazal region—Mr. Majak's home—in the southern part of the country.

The U.S. Agency for International Development is reducing funding this fiscal year for 67 development projects in such far-flung places as Angola, Bolivia and Peru. Those projects represent 80 percent of all international development work financed by USAID's Food for Peace office, the budget for which is shrinking at least 13 percent to $1.4 billion during the fiscal year ending in September.

The food-aid crunch could worsen next year. The Bush administration, trying to rein in the U.S.'s record federal budget deficit with broad spending cuts, proposes to slice a further 33 percent from US AID's Food for Peace budget in fiscal 2006 to $964 million.

Food for Peace donates cash and American-grown commodities, such as wheat flour, corn, soybeans, lentils and peas, to humanitarian groups for two types of foreign assistance: emergency feeding and long-term-development work. Development projects help poor nations modernize their farms so they are less vulnerable to famine. Humanitarian groups sell the donated commodities to raise money for such things as repairing farm roads, digging irrigation wells and vaccinating children. Some groups give the commodities to villagers and farmers as pay for work on these projects.

Chariable groups rely heavily on the Food for Peace program for their hunger-fighting work in the poorest parts of the world. Catholic Relief Services, for example, says USAID is withholding $1.6 million of the $4.4 million in Food for Peace support promised for its work in Angola. As a result, Catholic Relief Services has shelved plans for everything from farming classes to food-for-work projects.

''How can a country as wealthy as the U.S. break these sorts of commitments?'' says Marianne Leach, director of government relations in Washington for CARE, which has lost about half of its U.S. funding for development programs in Mozambique and Tajikistan.

White House budget spokesman Noam Neusner says the Bush administration is ''providing as much support as we can in an effective way. . . . Eradicating hunger is an important priority of this administration.''

USAID officials say it is all a matter of priorities. Given budget constraints on the Food for Peace program, they are raiding development projects for commodities and cash to respond to a wave of immediate food shortages in places such as Ethiopia, northern Uganda, Chad and Darfur, the western region of Sudan where fighting continues. Last year 35 countries needed emergency food aid, according to the United Nations' Food and Agriculture Organization.

''We have a budget crunch,'' says Andrew S. Natsios, USAID administrator. ''Our first priority is to save peoples' lives.''

As the swelling U.S. budget deficit creates momentum in Congress and the White House to cut government spending, the Food for Peace budget is particularly vulnerable because America's food-aid practices are under attack at the World Trade Organization. Rival exporting powers long have complained that Washington uses food aid to dump surplus crops, thereby subsidizing U.S. growers.

Congress is on record recognizing the importance of development projects in preventing famines. The 2002 Farm Bill that guides U.S. agricultural policy mandates that 75 percent of the 2.5 million tons of commodities USAID is supposed to donate through the Food for Peace program goes to non-emergency development projects. But the law gives USAID the power to ignore the mandate during an emergency. As a result, the Bush administration is spending for more of the Food for Peace budget on food emergencies than on development projects.

Other federal programs beyond Food for Peace sponsor overseas development work, too. USAID plans to spend $562.2 million on agricultural development this fiscal year, double what was spent in fiscal 2001 by all of its programs. But much of the increase is going to a few countries, such as Iraq and Afghanistan. A study released this week by two Washington advocacy groups—Partnership to Cut Hunger and Poverty in Africa and Resources for the Future—found that U.S. government support for agricultural development in Africa has stagnated in recent years.

An exception in Africa is Sudan, where Washington plans to spend more on agricultural development in places where peace takes hold. Donors at an international aid conference yesterday pledged $4.5 billion to rebuild southern Sudan; of that total, $1.7 billion was committed by the U.S., including $850 million already committed.

But that represents total aid, not just agriculture. Many needs are still going unmet in southern Sudan. Citing tight funds, USAID rejected a request from World Vision Inc. in September for $7.8 million of cash and commodities to use in Bahr el Ghazal for emergency food rations as well as food-for-work projects from digging wells to building seed-storage facilities.

Washington would seem to have a lot riding on the reconstruction of southern Sudan. Beyond its plentiful oil, Sudan presents a test of the Bush administration's ability to bring peace to a region that has been a source of instability and terrorism in Africa. The U.S. has given it about $2.9 billion of humanitarian aid since 1983.

U.S. officials thought long and hard about how to restart the Sudanese economy. A blueprint of sorts is laid out in a 2003 report by USAID. Looking beyond a recent history of three famines and several near-famines, it sees a potential breadbasket. Blessed with a diverse climate and abundant arable land for a wide range of crops, a peaceful Sudan could, with help, emerge as an agricultural exporter.

Mr. KOHL. The simple truth is that current funds are insufficient due to worsening conditions in the world. Those conditions include the ongoing conflict in Darfur and food shortages in the south of Sudan; drought conditions in Ethiopia; flooding in Bangladesh; infestations of locusts in western Africa; and ongoing fighting and refugee conditions in the Democratic Republic of Congo, Chad, Rwanda, and Uganda.

By far, the vast majority of spending in this supplemental is to support our efforts in Iraq. While it is important we show the world we are a strong nation, it is also important we show the world we are a compassionate nation.

In his inaugural address, the President spoke forcefully about ending tyranny and spreading democracy. Everyone shares those objectives. We also know those objectives cannot be achieved solely by force or gesture politics. Instead, they demand a commitment to diplomacy and human compassion.

I am proud this amendment has drawn bipartisan support. I am grateful to Senator DEWINE and the other cosponsors for their help. I hope this amendment will meet with the approval of all Senators, and I ask for its adoption.

The PRESIDING OFFICER. Is there further debate on the amendment?

The Senator from Mississippi is recognized.

Mr. COCHRAN. Mr. President, Senator KOHL has indicated a very impressive list of cosponsors who ask that the Senate agree to this amendment. I know of no other request for time to debate the amendment. I do not want to cut off any Senator, but we are prepared to go to a vote on the amendment if there are no Senators who wish to debate.

The PRESIDING OFFICER. Is there further debate on the amendment? If not, the question is on agreeing to the amendment.

The amendment (No. 380) was agreed to.

Mr. COCHRAN. Mr. President, I move to reconsider the vote, and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 388

The PRESIDING OFFICER (Mr. COBURN). The Senator from Massachusetts is recognized.

Mr. KENNEDY. Mr. President, Senator BAYH and I have an amendment on Humvees the floor manager is familiar with. I am going to speak on that issue. The amendment is a Bayh-Kennedy amendment. My colleague and friend, the Senator from Indiana, intends to address the Senate very shortly on this issue. I wanted to take an opportunity, in these final hours of consideration of the supplemental, to bring this to the attention of the Senate and the American people.

I am delighted to join my colleague Senator BAYH in sponsoring our amendment which increases the funding for the procurement of up-armored Humvees for the Army. The Senate is currently debating an appropriations bill that will provide $81 billion primarily for the ongoing war in Iraq. This funding will bring the total United States bill for the war in Iraq to $192 billion and still counting. All of us support our troops. We obviously want to do all we can to see that they have the proper equipment, vehicles, and everything else they need to protect their lives and carry out their missions.

It is scandalous that the administration has kept sending them into battle in Iraq without the proper equipment. No soldier should be sent into battle unprotected. That is exactly what happened in Iraq. As recently as December 2004, soldiers were still digging through landfills to find metal plating to attach to their vehicles for protection—their ''hillbilly'' armor, they call it. It has also been well documented that parents went in desperation to the local Wal-Mart to buy armored plates and mail them to their sons and daughters serving in Iraq. That is incomprehensible and unacceptable for our soldiers. More than 400 troops have already died in military vehicles, vulnerable to roadside bombs, grenades, and other so-called improvised explosive devices. Our amendment will provide additional funding to buy up-armored Humvees and add-on armor kits for the Humvees for the Army.

As we all know, the Humvee is a highly mobile four-wheel-drive vehicle. The up-armored Humvee is a version with bullet-resistant windows and steel-plate armor on the doors and underside to protect against rifle rounds and explosive blasts. It has additional armor for the turret gunner on the roof to protect against artillery, and a powerful air conditioning system. The add-on armor kits are mounted on the existing Humvees to give almost as much protection.

According to a Philadelphia Inquirer article 2 weeks ago, the Army says all of its 35,000 vehicles in Iraq now have some sort of armor. But a third of them are protected with nothing more than crudely cut sheets of steel which are inadequate by the Army's own standards, according to figures released Friday. The largest threats for vehicles are improvised explosive devices, rocket-propelled grenades, small arms fire, and landmines.

Humvees and other military vehicles have become the target of choice for insurgents. Shrapnel from roadside bombs or even a simple AK–47 round can slice through an unprotected Humvee. Some of them have little more than vinyl fabric for their roofs and doors. Our troops in unprotected Humvees in Iraq would be safer riding in SUVs.

According to the Center for Army Lessons Learned, the harm to both personnel and equipment from improvised explosive devices is greatly reduced when traveling in an up-armored Humvee. It has taken far too long to solve this problem. We have to make sure we solve it now, once and for all. We can't keep throwing money at it and hope it goes away. The delay in correcting the problem has cost the lives of many brave young men and women killed in combat because they were in unarmored vehicles.

On July 20, 2003, SGT Justin Garvey, a Massachusetts casualty, was with the 101st Airborne Division and was killed in Mosul when his unarmored Humvee was hit by a rocket-propelled grenade while on patrol.

A few months later, on September 1, 2003, SSG Joseph Camara and SGT Charles Caldwell, Massachusetts natives with the Rhode Island National Guard, were killed north of Baghdad when their unarmored Humvee struck a mine.

On October 18, 2003, PFC John Hart of Bedford, MA, was killed in Taza in Iraq, when his unarmored Humvee was hit by a rocket-propelled grenade. I attended his burial at Arlington National Cemetery on November 4, 2003. I still remember the letter the parents showed me from that young man saying he was out on patrol and if he did not get armor on his Humvee, the chances of his survival were going to be very limited. Three weeks later he was lost.

Last week, a Kentucky National Guard soldier died when shrapnel came through the window of his vehicle. A comrade says James A. Sherrill, 27, could have been saved if antiballistic glass had been installed.

The saddest part of this story is that the Army could have and should have moved more quickly to correct the problem. As retired GEN Paul Kern, who headed the Army Materiel Command until last November, said:

> . . . It took too long to materialize. In retrospect, if I had it to do all over again, I would have just started building up-armored Humvees. The most efficient way would have been to build a single production line and feed everything into it.

In a letter to me dated October 20, 2003, General Abizaid, the CENTCOM Commander, said:

> The FY 2004 Supplemental Request will permit the services to rapidly resolve many of the equipment issues that you mentioned to include the procurement of . . . Humvees.

That goes back to October 20, 2003, General Abizaid saying that the 2004 appropriations were going to solve this problem.

In February 2004, General Schoomaker, Chief of Staff of the Army, testified at an Armed Services Committee hearing that:

> . . . the army never intended to up-armor every Humvee—never until this kind of situation that we have today . . . We have taken armored units, artillery units, all kind of other units and put them into Humvees as motorized formations, which never existed before. And so this is an area where you cannot fix it overnight.

That is in February of 2004. And we are now in April of 2005. The problem still hasn't been fixed.

On December 8, 2004, during a townhall meeting with the United States Secretary of Defense Rumsfeld in Kuwait, a young soldier alerted the American public to the issue of armor shortages when he asked:

> Why do we soldiers have to dig through local landfills for pieces of scrap metal and compromised ballistic glass to up-armor our vehicles and why don't we have those sources readily available to us?

After the applause from the troops, Rumsfeld replied:

> It's essentially a matter of physics. It isn't a matter of money. It isn't a matter on the Army of desire. It's a matter of production and capability of doing it. As you know, you to go war with the army you have, not the army you might want or wish to have at a later time.

He later remarked in the same townhall meeting:

> You can have all the armor in the world on a tank and a tank can be blown up. And you can have an up-armored Humvee and it can be blown up.

We have been told for months that the shortage of up-armored Humvees

was a thing of the past and the Army has enough to ensure that every Humvee that left a protected base in Iraq would be an up-armored Humvee or a Humvee with an add-on kit. This month, the GAO released a report that clearly identifies the struggle the Army has faced. In August 2003, only 51 up-armored Humvees were being produced a month. It took the industrial base a year and a half to work up to making 400 a month.

Imagine that. It took a year and a half for the United States of America to move from 50 a month to 400 a month; a year and a half. I don't know how many saw that incredible documentary on the History Channel the other night of President Roosevelt talking about the gearing up in World War II, where we were producing a victory ship a day, over 350,000 planes a year, this country. A victory ship a day we were producing, 350,000 planes a year, and it took us a year and a half to move from 50 to 400 a month. This wasn't given a priority. Of the 35 young Americans from Massachusetts who have been killed, a third of them have been killed from attacks on Humvees. The great majority of those, the veterans say, could have survived if they had had the protected Humvees.

It is obvious the Department has no solution, did not have the priority to provide for the up-armor of the Humvees. Secretary of the Army Brownlee told the Armed Services Committee in October 2003 that:

> . . . with the up-armored Humvee, it is more of a challenge. If we go strictly with the up-armored Humvee, it could be as late as the summer of '05 before we would have them all.

This is in October 2003, we are told in the Armed Services Committee it is going to be the summer of 2005 before our troops are going to have the protection they should. Since it is now spring 2005, it looks as though he was right.

According to the GAO report, there are two primary causes for the shortage of up-armored vehicles and add-on armor kits. First, a decision was made to ramp up production gradually rather than use the maximum available capacity. Second, the funding allocations did not keep up with the rapidly increasing requirements. Obviously, the Pentagon was still being influenced by its cakewalk mentality.

The GAO report specifically states that the Pentagon decisionmakers set the rate at which both up-armored Humvees and armor kits would be produced and did not tell Congress about the total available production capacity. The GAO was unable to determine what criteria were used to set the pace of production. In both cases, additional production capacity was available, particularly for the kits, but not used.

The funding issue was part of the problem. Funds were available to support the planned pace of production of up-armored Humvees. But GAO found that four program managers were not aware of the timeframe for releasing funds. Although the Army received over $1.4 billion between fiscal years 2003 and 2004 to produce 7,500 vehicles, it was not released in a timely and predictable way. In August of 2003, the managers received requirements for 1,407 vehicles, but had received funding to produce less than half of that number.

By October 2003, program managers had a requirement to produce 3,000 vehicles, but once again received funding to produce less than half of that. Significant differences continued until April of 2004, when requirements reached 4,400 vehicles and the program managers received funding to produce 4,300 vehicles.

The major short-term solution to the up-armored Humvee funding issue has been the additional funds from congressional increases. Parents and spouses of fallen service members contacted Members of Congress to demand attention to the problem. For fiscal years 2003 and 2004, the Army received over $1.4 billion to produce 7,500 up-armored Humvees to meet worldwide requirements, including 8,000 vehicles required for the CENTCOM's area of operation.

In fiscal year 2004, the Army received more than $1 billion to produce up-armored Humvees. Compared to the Bush administration's budget request for $51 million, the parents and spouses made an enormous impact. To meet the continuing needs for force protection, Congress recommended $865 million in the 2005 appropriations bill to be used by the Army for additional armor for Humvees and other vehicles.

As part of the Rapid Response Force Protection Initiative, Congress intends the funds to be used for a variety of vehicles to respond rapidly to the threat of improvised explosive devices and mortar attacks against our forces. These are short-term fixes.

Amazingly, the GAO found that Army officials have still not made long-term efforts to improve the availability of up-armored Humvees or add-on armor kits. We need to get ahead of this problem. The requirements for up-armored Humvees keep changing.

Of the time I have been in the Armed Services Committee, we have had nine different estimates by the military—I will include them in the RECORD—in their testimony before us, going from 30 September 2003, for 1700; November 2003, 3,000. Then they kept going up by thousands over time.

Young American servicemen who are out on patrols do not have that equipment. It is one thing if the insurgents have some surprise capability and some technique or technology that we are not prepared to deal with, but we know how to uparmor humvees and we know how to make armor plating.

The fact that we have young people who are risking their lives without that protection is what this amendment is about. I know we will hear from the other side—because I have heard it every time I have been part of offering an increase in the funding for the last 3 years—we have enough, we don't need more. We will hear that here again. But we find out that we are still shortchanging the military.

Gary Motsek, Director of Support Operations for the Army Materiel Command in Fort Belvoir, VA, said:

> I'm going to get in trouble, but the real challenge is, there had always been an assumption, quite frankly, that the requirements would continue to tail off.

Obviously, since we are still losing an average of more than one soldier a day since the Iraqi elections in January, those assumptions are clearly wrong.

It is a tragedy that our soldiers are still paying the price for this delay. In 2003, when it came time to mass-produce uparmored humvees, the Army had only a single source to turn to. It had little interest in this work before Iraq and did not shop for others. Pentagon Acquisition Chief, Michael Wynne, testified to Congress a year ago:

> It's a sad story to report to you, but had we known then what we know now, we would probably have gotten another source involved. Every day, our soldiers are being killed or wounded in Iraq by IEDs, RPGs, small arms fire. Too many of these attacks are on humvees that are not uparmored. . . . We are directing that all measures to provide protection to our soldiers be placed on a top priority, most highly urgent, 24–7 basis.

That is his recent statement and we welcome it. In his testimony, Wynne said: It is a sad story, but had we known what the parents knew and what those on the front lines knew, certainly we would have acted quicker.

But 24–7 didn't happen even then until January this year. The plant had capacity that the Army never consistently used, as the plant manager has said.

In November 2003, I asked Secretary Brownlee about armor delays, noting that the three Massachusetts soldiers had died in unarmored humvees. ''Are they running their plant 24 hours?'' Secretary Brownlee said the plant in Ohio was running at ''maximum capacity.'' But it wasn't. Army documents show the monthly armor production at the plant fell after that, from about 55 to 45 humvees a month, in December.

The plant took its usual week off at Christmas and the armoring plant took two 4-day weekends. Owners say they could have built more—if the Army had ordered it.

In early 2004, Members of Congress toured the plant and found that its ballistic glass operation was operating on just one shift.

Now we have an opportunity to end this frustration once and for all. Our soldiers in Iraq deserve the very best,

and it is our job to make sure the Department of Defense is finally getting it right. Too many soldiers have died because of these needless delays, but hopefully this will be solved by what we do in this bill today.

The Bayh-Kennedy amendment contributes significantly to this goal. I urge my colleagues to support this bill.

Mr. President, I point out that in the House they have found that there wasn't sufficient funding for the President's request. The House appropriators increased their appropriations by $232 million. They thought that was the bare minimum to bring it up on their review of the shortage.

I think the Bayh-Kennedy amendment is much closer to the real need. But clearly it is very important that we have an increase in this particular funding in this area.

Mr. President, I hope the committee is willing to accept the amendment.

I ask unanimous consent that a paper indicating rising humvee requirements be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

RISING HUMVEE REQUIREMENTS

30 September 2003	1,723
17 November 2003 (Iraq and Afghanistan)	3,142
17 November 2003 (total including backfill)	3,331
17 November 2003 (potential increase)	3,600
10 December 2003 CENTCOM requirement	3,506
8 January 2004 CENTCOM requirement	3,512
30 January 2005 CENTCOM requirement	4,149
01 July 2004 CENTCOM requirement	8,125
08 April 2005 CENTCOM requirement	10,079

Mr. KENNEDY. Mr. President, I thank the Chair and yield the floor.

The PRESIDING OFFICER. The Senator from Ohio.

AMENDMENT NO. 380

Mr. DEWINE. Mr. President, in the Senate just a few minutes ago, we passed an amendment offered by Senator KOHL and myself, which was an amendment for international aid for $470 million to help provide food for the millions of people in the world who are in dire need of food.

First, I thank Chairman COCHRAN for working with Senator KOHL and myself on this amendment. Senator COCHRAN is someone who has been a leader in this area, a leader in providing food for people around the world throughout his career. I thank him for his great work.

I also thank the cosponsors: Senators COLEMAN, HAGEL, LUGAR, ROBERTS, DOLE, HARKIN, DURBIN, LEAHY, MIKULSKI, INOUYE, LANDRIEU, MURRAY, DORGAN, JOHNSON, CORZINE, and OBAMA.

Additionally, I thank the Coalition for Food Aid, the U.S. Conference of Catholic Bishops, InterAction, and the numerous other groups who have been calling offices in the Senate in support of this important amendment. Their support has made a difference.

This past year has been notable for the very high profile humanitarian crises we have seen in the world, in the Darfur region of Sudan, and the catastrophic tsunami that swept throughout Southeast Asia. Little attention, however, has been paid to other horrible crises that have occurred, such as the locust damage to crops and livelihoods in sub-Saharan Africa, or the devastating floods in Bangladesh and Haiti. They have not received nearly as much attention. These crises have drained the international food aid system, and clearly this system is now in need of replenishment. That is what this deals with.

This month, the U.N. World Food Program announced that it would be forced to cut rations in Darfur. Our own U.S. Agency for International Development has been forced to cut food aid programs in such countries as the Sudan, Angola, Nicaragua, Ghana, and Eritrea.

We cannot wait for the regular appropriations cycle to replenish the food aid resources that have been expended on the extraordinary emergencies that have occurred and are anticipated to occur in the remainder of this fiscal year. That is why this amendment was so very important. Waiting is simply not an option because lives are on the line. Waiting for the regular appropriations cycle will simply be too late.

We have an opportunity with this amendment and this bill to help show the hungry people of the world that they are not forgotten. I thank my colleagues for their support for this amendment. It is important that we maintain it in conference. It will, in fact, make a difference.

Again, I thank the chairman for his assistance and my colleagues for their support.

I yield the floor.

The PRESIDING OFFICER (Mr. GRAHAM). The Senator from Oklahoma is recognized.

Mr. COBURN. Mr. President, I rise today to discuss what we are doing and why we are doing it and the overall evaluation of this bill.

We are going to run at least a $600 billion deficit this year, a real deficit. What is said out there is that it is going to be $410 billion, but it is not. We are going to take $150 billion worth of Social Security money and spend that, and then we are going to have this supplemental, which is now at $81 billion. So we are going to be at about $630 billion, $640 billion in deficit.

What is that deficit? That deficit is money we don't have today, that we are going to go borrow, but we are going to ask our grandchildren to pay it back. I don't want anybody to have any misunderstanding. I believe we need to have an emergency supplemental appropriation right now. I believe it ought to be designed for emergencies—true emergencies. That is what it is here for. I believe we ought to do whatever is needed for our troops and our efforts in the war on terrorism. I also believe we need to meet the commitments in terms of catastrophic weather events and the tsunami.

I think we ought to pass out of this body what can truly be spent on that in the near term. What I don't think we should be doing—and I realize I am in a minority—is spending money and authorizing money to be spent from 2007 to 2012 that is surely and obviously not an emergency. I will have a hard time going home and looking at some of the poor children in Oklahoma when we spend this extra $21 billion out of this emergency. Each one of those poor children, when they grow up, is going to have to pay back about $5,000. That is what the difference is personally to them after 30 years of us borrowing. It is interesting to note that we have not truly paid off any of our bills, except for one short period of time, around 1999, 2000. So when we borrow the money, it continues to go up and it continues to compound and it continues to undercut the standard of living of future generations of this country.

If there is anything our heritage teaches us, it is that the prices that were paid for us to have the opportunity we have today is something that we ought to transmit to future generations.

I understand there are going to be objections to me bringing up my amendments; they aren't germane. I understand I need to have unanimous consent to be able to bring those up. I am not going to call for them at this time, but I will continue to talk about each one of those issues. I think it is important that the American public understand what is in this bill.

Mr. MCCAIN. Will the Senator yield for a question?

Mr. COBURN. Yes.

Mr. MCCAIN. I think amendments have been called up in the regular order. I ask the Senator why he would have reluctance to call up these amendments. If someone objects to it, then I will start objecting to the calling up of other amendments, if that is the way Members want the Senate to work. I understand this is a pretty straightforward amendment. The University of Hawaii's library is going to get $10 million for free on something that has nothing to do with Afghanistan, Iraq, the tsunami, or anything else. If somebody wants to object, I would like to inform my colleagues that we will start objecting to amendments being called up. It is a pretty straightforward amendment that strikes a $10 million earmark for the University of Hawaii library and the

legislative rider for the Philadelphia Regional Port Authority; is that correct?

Mr. COBURN. That is correct.

Mr. MCCAIN. I ask my friend, why don't we bring them up? If somebody objects, then I will object to other amendments being brought up, particularly ones that are this straightforward.

Mr. COBURN. I thank the Senator.

Mr. MCCAIN. Does the Senator have a response?

Mr. COBURN. I will call them up and we will see what happens. I want to set the field a little bit more.

I think it is important that the American people understand what is in this bill, and there are legitimate things in this bill that we need to have to fund the war on terrorism. I don't want to debate this issue or delay it. I want us to pass it. I don't want us to have to vote on every amendment I put up.

I think it is incumbent upon us to be honest with the American people. When we call something an emergency, it ought to be an emergency. This bill has $21 billion in it that is going to eventually cost our children $100 billion in the next 30 years, and it is not an emergency. It should go through the regular appropriations process. It is important for the American people to also understand if it is regular stuff that is in the emergency, the budget rules don't count. So we are going to spend $20 billion that should be taken out of next year's budget requirement, and we are going to sneak it in now so we can spend $20 billion more next year. That is what it is about.

We need to be honest. We are never going to solve our budgetary problems or spending problems, or we are never going to have the process work in this country where the pressure comes on this body to not spend our children's future, unless we are honest about what is in the budget and how the appropriations process works.

Let's take, for example, the embassy in Iraq. This is a $500 million embassy—$500 million, a half-billion dollars. It is not just an embassy. It is the whole thing there, to give credit. It is going to have greater requirements than any other embassy we have, but it is a half-billion dollars.

In this appropriation bill, only $106 million of it is going to be spent over the next 2 years; $385 million is going to be spent from 2007 to 2012. That is not an emergency. What you will hear from the Appropriations Committee is they have to let the contracts. It is only 3 months between now and the time we start the regular appropriations process. We can let a contract and the conditional authority for a $500 million embassy. We should not move that up now.

There are also some good questions about whether we ought to be spending $500 million on an embassy complex in Baghdad. That needs to be looked at. That needs to be talked about before we commit our children's future. That is one example of the areas in which we need to be making sure the American public knows what is going on.

The purpose of an emergency wartime supplemental is to immediately fund ongoing emergency needs for our troops or for disaster—emergency needs. My objection to this bill is it has $19 billion to $20 billion in it that is not emergency. It does not have anything to do with an emergency, but it has to do with outyear spending we can now put into this bill which has to pass to fund our troops.

Let me just give some history. Since September 11, 2001, Congress has passed four individual supplemental bills in ongoing efforts to fund the war against terror. In those bills was $56 billion that did not have anything to do with the war on terror or homeland security. Think about that, $56 billion. When we add this up, we are going to be at $72 billion over the last 4 years in money that is not emergency and money that is not about the war on terrorism and that is not money about homeland security.

Why is that? It is because our process is broken. The only way it changes is for the American public to become informed about how the process works. This is not to question the motives of any of our Members. They want us to control spending as well, but they also want to satisfy the demands that are placed on them, the office, for all the demands that come in from across this country.

The fact is, we are our own worst enemy because we have trouble saying no to those we care about, even though we do not have the money to do it or do not recognize we are really stealing a standard of living from our children and our grandchildren.

There is $10 million, as Senator MCCAIN mentioned, for a library. There is no question that the University of Hawaii has an emergency. By their own quoted statements, the president of the University of Hawaii said the damage is about $50 million. With this $10 million and what the State legislature has done there, they are going to collect over $100 million for a $50 million damage, and with the requirements under FEMA for having a 75-percent/25-percent grant, even though it was required, we are now going to supply that.

It may not be a one on one, it may not be their intent, but the fact is $10 million is fungible, which is exactly their matching grant to get it repaired. Is it an emergency? Is it something that needs to be done or is it something that is going to be covered already? Is it something we, as Congress, should be supplying or is it something for which the people of Hawaii should be responsible? It is a legitimate question, and if it should be there, then it ought to go through the appropriations process where it can be looked at, not stuck in a bill that is a ''must pass'' bill. That is something about which we need to talk.

Mr. President, 6 years ago, the Capitol Police were told they needed to move out of their storage and receipt building in southeast Washington, DC. We now have $23 million in this bill to move the Capitol Police receiving station out of the area so we can build a baseball stadium. I have a whole lot of trouble thinking that comes anywhere close to the emergency requirements of our troops in Iraq and Afghanistan. It is almost laughable that we would put that in as an emergency.

I understand people have a very different opinion of that than I do, but I think a baseball stadium pales in comparison to what the need of an emergency appropriation is. I think it is wrong to have money in an emergency appropriation to do something such as that. It can come through the regular order, especially since they have had 6 years to have done it.

I must say the chairman of this committee has been very kind to me in answering questions and working with me. I think he has brought what he thought the body could pass and get back to the President. I do not want to cast any direction against any individual, but I believe we have to have a challenge, and one of the reasons I came to the Senate is so I can look at what we are doing so I can help educate the American people on what is really happening.

I call up my amendments Nos. 450, 467, 506, and 471, and I ask unanimous consent that the reading of the amendments be dispensed with.

The PRESIDING OFFICER. Is there objection?

Mrs. FEINSTEIN. I object.

Mr. COBURN. Mr. President, I ask unanimous consent that the pending amendments be set aside and that I be allowed to call up four amendments.

The PRESIDING OFFICER. Is there objection?

Mrs. FEINSTEIN. Yes, I object.

Mr. MCCAIN. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The Senator from Oklahoma has the floor.

Mr. COBURN. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. COBURN. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. COBURN. Mr. President, I ask unanimous consent that the pending amendments be set aside and that I be allowed to call up three amendments.

The PRESIDING OFFICER. Is there objection?

Without objection, it is so ordered.

AMENDMENTS NOS. 450, 467, AND 471, EN BLOC

Mr. COBURN. Mr. President, I call up amendments Nos. 450, 467, and 471.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Oklahoma [Mr. COBURN] proposes amendments numbered 450, 467, and 471, en bloc.

Mr. COBURN. Mr. President, I ask unanimous consent that the reading of the amendments be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendments are as follows:

AMENDMENT NO. 450

(Purpose: To remove a non-emergency provision)

On page 166, strike lines 8 through 20.

AMENDMENT NO. 467

(Purpose: To remove non-emergency spending)

On page 202, strike lines 1 through 13.

AMENDMENT NO. 471

(Purpose: To reduce appropriations for the Iraqi embassy to reduce outlays expected to occur in fiscal year 2007 or later)

On page 172, strike ''$592,000,000'' and insert ''$106,000,000''.

Mr. COBURN. Mr. President, the first amendment deals with contracting in the Defense Department. There is no objection or intent to label anything other than the process under which we allow $40 million of expenditures to go out that does not go through a true competitive bidding process. There is no question it will benefit what we are doing. There is no question it is a need in terms of what we had. The question in bringing this amendment up is because of the process and the lack of open, competitive bidding associated with $40 million of the taxpayers' money.

I have no question that possibly the person who has this contract or will get this contract under the present bill may be the best, but the American people and future generations of this country need to make sure that is what happens and it happens every time so that we do not spend any money unwisely.

I believe it is tremendously prudent on our part, in reassessing where we are and the tremendous risks facing our economy from the valuation of the dollar, our deficit spending, and the difficulties we are going to be facing on Social Security and health care, that we pay attention to every detail. This was noted in the report language. There may be a much better explanation for it.

Without losing control of the floor, I yield to my chairman, the Senator from Pennsylvania.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. SPECTER. Mr. President, I thank the Senator from Oklahoma for yielding to permit me to respond to the amendment which he has filed.

When the Senator from Oklahoma commented earlier about the need to hold down the deficit, I am in complete agreement with what he had to say. The amendment pending does not have any expenditure at all. It is a clarification of a preexisting allocation which was in the Omnibus appropriations bill last year, and it was in a proper bill. It was not designated as emergency spending; it was an appropriations bill.

This money is being allocated to develop the port facilities in Philadelphia to accommodate a very new kind of ship which will compete with air travel and which has very substantial military as well as commercial purposes.

There is a long history to this particular item. Originally, there was an effort to have the construction undertaken partly in the United States, and this $40 million was to be a loan guarantee. Without going into a very elongated history, the manufacturers of the ship worked it out to have it done overseas. It is a loss to the United States. We had a meeting with members of the Armed Services Committee and the Secretary of the Navy. Secretary English tried to work it out and could not. Then the decision was made that the $40 million that already had been appropriated would be directed toward the port facility in Philadelphia to accommodate these ships.

There is no other port facility that can take these ships. This is part of a larger expenditure where the Port Authority is putting up $75 million of its own. So there is nobody in the market here to say we have $75 million and we would like to have access to this $40 million that has already been allocated.

In broader terms, I think it is fair to characterize this expenditure and reallocation. The Navy is prepared to do it, but they want to have the language so they are complying with the congressional direction. This is part of the effort to make up for the Philadelphia industrial base, what happened when the Philadelphia navy yard was closed some years ago. That yard was closed with fraudulent misrepresentations made by the Department of the Navy, not something I am saying today for the first time. I filed a lawsuit in the Federal court of Philadelphia because they had concealed opinions, letters, from two admirals who said the navy yard should be maintained but downsized.

I argued the case personally in the district court and went to the Court of Appeals for the Third Circuit and lost it in the Supreme Court where the Supreme Court was faced with the alternative of disallowing some 300 base closures if they were to upset the Philadelphia navy yard closure. It was the basis of delegation of constitutional authority.

It would be my hope that my colleagues in the Senate would allow this committee report to stand because it is not an expenditure, it does not burden the deficit. It is clarification so that the Secretary of the Navy can act in accordance with congressional wishes, and it has a military as well as a commercial purpose.

The PRESIDING OFFICER. The Senator from Arizona.

Mr. MCCAIN. Mr. President, I happen to have been at the meeting that the Senator from Pennsylvania—whom I admire and respect enormously—had with the Secretary of the Navy. I was so proud of the Secretary of the Navy because unequivocally the Secretary of the Navy said: No, we do not want this money, we do not have the technology, we do not have the design for this, this is not one of our requirements, and we do not want to spend $40 million in this fashion. It was as strong a statement as I have ever heard from the Secretary of the Navy.

This is basically a $40 million giveaway of the taxpayers' dollars to a private corporation that has nothing to do with the war in Iraq and Afghanistan. It has nothing to do with it. The language of the bill says ''support'' high-speed military sealift and other military purposes.

Maybe there are other military purposes. There is no design today for a high-speed military sealift. I wish there were. It is affordable. But the fact is that there is not. The fact is the Navy unequivocally said they do not want taxpayers' dollars, defense dollars, spent on this port in the city of Philadelphia, another legislative rider.

This has nothing to do with Afghanistan, it has nothing to do with the tsunami, it has nothing to do with Iraq, and it has nothing to do with the Navy's requirements for a high-speed military sealift capability. This is really an egregious example of what happens in appropriations bills because there has never been a hearing before the Armed Services Committee nor any consideration in the Armed Services Committee of this particular request and would not be because it is not something we would rationally consider. But we put it on—$40 million worth on an appropriations at a time when the GAO says:

If we continue on our present path, we'll see pressure for deep spending cuts or dramatic tax increases.

And Federal Reserve Chairman Alan Greenspan says:

It falls on the Congress to determine how best to address the competing claims.

Which is our trade deficit as well as our burgeoning Federal deficit.

We do not need to spend the $40 million. I appreciate the efforts Senator SPECTER has made, over many years, for the city of Philadelphia and the Navy yard. I can guarantee the Senator from Philadelphia that a lawsuit will

probably hire some more lawyers. But if he thinks it is going to reverse a BRAC decision and reopen the Philadelphia Navy Shipyard as a naval shipyard, it will be one of the more fantastic outcomes in the history of the United States of America.

Again, I respect his advocacy for the Port of Philadelphia. I respect his belief that somehow we are going to come up with a high-speed military sealift. That vision and view is not shared by the Armed Services Committee nor by the Secretary of the Navy nor the Secretary of Defense. I hope we will be able to pass this, and I am sure we probably will not.

I yield the floor.

The PRESIDING OFFICER. The Senator from Pennsylvania.

Mr. SPECTER. Mr. President, I am a little at a loss to hear the Senator from Arizona talking about reopening the Navy shipyard. Maybe it is a good idea but it is not my idea. It is not my idea today.

This $40 million has already been appropriated. It was done in the Omnibus appropriations bill last year in regular order. So contrary to what the Senator from Arizona says, we are not talking about appropriating $40 million. What we are talking about is clarifying the purpose for which $40 million has been appropriated.

While the Senator from Arizona may not think there is the realism of a high-speed military sealift, these fast ships can move military cargo as fast as they can be transported by air.

I hate to repeat myself. I have already done it once. There is no outlay of money. This money has been appropriated. It is a direction to the Department of the Navy as to how it is being expended for a very important purpose.

I yield the floor.

The PRESIDING OFFICER. The Senator from Arizona.

Mr. MCCAIN. The Senator from Pennsylvania is correct. It was in last year's Omnibus appropriations bill, it was not in the Defense appropriations bill. It was not authorized in the Defense authorization bill.

Let me tell you what is so egregious about it. In the appropriations bill, in the Omnibus appropriations bill, it says, blah, blah, blah:

> . . . for a grant to Philadelphia Regional Port Authority, to be used solely for the purpose of construction, by and for a Philadelphia-based company. . . .

Here we are in an Omnibus appropriations bill we passed last year that not only designates $40 million that needs to be spent but without competition, without scrutiny, without examination:

> . . . by and for a Philadelphia-based company established to operate high-speed, advanced-design vessels for the transport of high-value, time-sensitive cargoes in the foreign commerce of the United States, of a marine cargo terminal and IT network for high-speed commercial vessels that is capable of supporting military sealift requirements.

Last year, it was astonishing that we would put in an omnibus appropriation a requirement that $40 million be spent by and for a Philadelphia-based company. In other words, a company in Seattle or a company in Charleston or a company in Oklahoma, they couldn't compete for this. It had to be a Philadelphia-based company. What is it about Philadelphia-based companies that warrants them receiving a $40 million contract without competition from anybody else?

I say to my friend from Pennsylvania, this is egregious. We should not be designating certain cities as a base for any company to compete for any contract of any kind.

I yield the floor.

The PRESIDING OFFICER. The Senator from Oklahoma.

Mr. COBURN. Mr. President, I want to make certain everybody understands. This was appropriated. It was not directed clear enough for the Department of Defense to want to spend the money. What we are seeing is they want a clearer direction. I do not fault the Senator from Pennsylvania at all for trying to give them a clearer direction. I would like to do that for some companies in my area as well.

The fact is, it is not the way to run an airline, it is not the way to run a company. The omnibus appropriations process is not the way to run a country either, and it is my hope we don't get there this year either.

Mr. MCCAIN. Is the Senator aware—I misspoke. This is the language in this bill designating it for a Philadelphia-based company. Designating it for a Philadelphia-based company is in this legislation before us. I hope that is clear.

Mr. COBURN. The reason it is there is because they wanted the direction on where to spend it. I understand the intention of the Senator from Philadelphia, his purpose. The reason I raise this question is I believe this is the wrong way we should be doing things. We need to stop. Our future depends on the integrity of a budgeting and appropriations process that is not based on politics but is based on having the future best will for our country.

I don't have anything further to say on this, other than the Senator has given a great explanation. I understand what it is. He is trying to do something. The problem is, the military doesn't necessarily want to do that.

I yield to my chairman, the Senator from Pennsylvania.

Mr. SPECTER. Mr. President, by way of very brief reply: There is no other competitor which has $75 million put up and which is in a position to accommodate these fast ships. This matter came up last year. It seems to me it is a decided matter. It is not quite a principle of res judicata. If there is to be an objection—perhaps there was an objection. I don't recall last year. There were many objections raised to expenditures in the appropriations bill. But if there was an occasion to defeat it, that was the time, not on what is essentially a technical amendment to accommodate the Department of the Navy so they know precisely what they are doing.

I yield the floor.

The PRESIDING OFFICER. The Senator from Alaska.

Mr. STEVENS. Mr. President, I view this as a technical amendment to last year's bill. Last year, we provided these funds for the maritime cargo terminal, primarily because it is going to present us now with one of the most high-speed, advance-design capabilities of handling military sealift requirements. This provision clarifies the intent of the funds provided in prior fiscal years and provides authority to the Navy to execute those funds as we intended. The Navy says it needs this amendment in order to do that. We tried to clarify this issue in the 2004 bill but the Navy lawyers again said it wasn't sufficient. They want the greater authority to execute the funds in the way that is necessary for this port authority. Our language in the bill has been now reviewed by the Navy. The Navy now agrees with this language. If we finally enact this language, it will be sufficient to carry out our original intent.

I see the Senator from Arizona is on the floor. It is my intention to make a motion to table this amendment but I would be pleased to yield to the Senator. I do not want to offer my motion in a manner that would reduce his right to speak on the amendment.

Does the Senator wish time on this amendment?

Mr. MCCAIN. I do.

Mr. STEVENS. I understand the Senator from Oklahoma has four amendments—three more?

Mr. MCCAIN. Two more.

Mr. STEVENS. Two more. I think they are all to the Defense portion of the bill. Are they? Is this the only one to the Defense portion of the bill?

Mr. COBURN. Yes.

Mr. STEVENS. I yield the floor.

The PRESIDING OFFICER. The Senator from Arizona.

Mr. MCCAIN. Mr. President, I do not want to take any more of the body's time. I would point out this provision appeared in the conference report of the Omnibus appropriations bill, which meant I never had a chance to propose an amendment to strike that $40 million because it was in the conference report. It was never in the original omnibus which would have been—or Defense Appropriations Committee bill and considered on the floor of the Senate. So I had no opportunity.

The Senator from Pennsylvania asked why we didn't object then. It is because I couldn't. I had an up-or-down vote on a bill that was ''that'' high. We

had, I believe, less than 24 hours to act on that, much less read it.

If there is any objection to me or consternation about me objecting to it now, I didn't have the opportunity to object to it because $40 million, along with tens of billions of dollars of pork, was stuffed in it last year in this egregious and outrageous process we have evolved into called the Omnibus appropriations bill, and this was stuck in it.

I want to say again, it is not appropriate to designate ''by and for a Philadelphia-based company'' any money, any of our tax dollars. Our tax dollars should be competed for.

With respect to the chairman of the Defense Appropriations Subcommittee, when he says ''the Navy agrees,'' of course the Navy agrees because it is there. But the Navy did not agree in a meeting the Senator from Pennsylvania and I had with the Secretary of the Navy, where they adamantly refused to agree to have this money spent because they have no fast ship even on the drawing boards, much less any that could be based in Philadelphia.

We are going to pass this. I do not believe we can beat it. But now we are in the practice of designating a locality-based company to spend $40 million of American taxpayers' dollars. That is not right.

I will bet there is expertise around the country—even if this were necessary—to be able to compete for this $40 million contract. But now we are designating it to the city of Philadelphia. I wonder if people out in the county might be able, or maybe someone in Pittsburgh might be able to compete for it. Probably not.

This is a wrong way to legislate. In these times of burgeoning fiscal deficits, for us to designate money to be spent by a local-based company is just the wrong way to designate, and I think most Americans would agree.

I do not intend to extend this debate any further. I yield the floor.

Mr. COBURN. Mr. President, I ask unanimous consent to withdraw the amendment.

Mr. McCAIN. I object.

Mr. COBURN. I ask for a voice vote on the amendment, amendment No. 450.

The PRESIDING OFFICER. It is not in order to request a voice vote.

Mr. COBURN. Mr. President, I would like to discuss amendment No. 471.

The PRESIDING OFFICER. The amendment is pending.

Mr. STEVENS. Will the Senator yield?

Mr. COBURN. I will.

Several Senators addressed the Chair.

The PRESIDING OFFICER. The Senator from Oklahoma.

AMENDMENT NO. 450

Mr. COBURN. I ask for the regular order on amendment No. 450.

The PRESIDING OFFICER. That amendment is now the regular order.

Mr. COBURN. I would like to ask for a voice vote on this amendment.

The PRESIDING OFFICER. Is there further debate? If not, the question is on agreeing to the amendment.

The amendment (No. 450) was rejected.

Mr. COCHRAN. Mr. President, I move to reconsider the vote.

Mr. STEVENS. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 471

The PRESIDING OFFICER. The Senator from Oklahoma.

Mr. COBURN. Mr. President, I want to visit amendment No. 471, which reduces funding in the supplemental for the Iraqi Embassy. According to the report language on this bill, $592 million is to be appropriated over the next 7 years for an embassy in Iraq. I do not have any objection. I think there ought to be tremendous hearings on the amount of money expended on that, but $592 million? Mr. President, $106 million of that is all that will be expended over the next 2 years. So what is going to happen is we are going to have $486 million hanging out there that will be rescinded and spent on something else.

First of all, we had a vote in this body, of which 61 Members of this body voting on the Byrd amendment this week agreed that the President ought to put everything that he sought for the war in Iraq and for its needs in the regular budget and the regular appropriations request he sends to the Congress.

By far, 61 Members out of 100 of this body will agree with the principle that I am bringing forward. They voted for it. The idea with this amendment is to trim the appropriations from what is expected to be spent for the next 2 years. And it is even questionable whether that is an emergency.

I also note that the House, in passing the supplemental bill, eliminated the ability of this money to be spent for an embassy. I will state that the purpose of the emergency wartime supplemental ought to be to fund operations and projects that are emergencies. Money that is going to be needed for this embassy and complex in 2007, 2008, 2009, 2010, 2011, and 2012 can be appropriated at that time. It can be authorized before then, but it can be appropriated at the proper time.

Again, quite simply, the emergency supplemental should only contain items we need right now in order to fight the war on terror.

I will have trouble finding somebody who will actually debate on why we need to spend $586 million on an embassy complex, and we need to do it now rather than run it through the regular appropriations process.

Mr. COCHRAN. Mr. President, will the Senator yield for a response to that statement?

Mr. COBURN. I would be happy to yield.

Mr. COCHRAN. The Senator suggested he does not know anyone who would debate the issue or support the funding that is contained in the bill. The Senator is totally incorrect about that. There is a difference of opinion as reflected in the House-passed bill and the bill as reported by the Senate Committee on Appropriations. We had hearings on this issue. We had testimony that was compelling from the Secretary of State, Dr. Condoleezza Rice. We had an appeal that was made personally to Senators on the committee by the Secretary, which were very compelling.

To give some example of what the Secretary said, we have personnel, who are trying to live and stay alive in the Bagdad regions, who are representing the interests of the United States, who are trying to contribute toward a democracy being established under very difficult and dangerous circumstances. Many of them are located in temporary shelters, some are in tents, some are in other structures. We have people trying to carry on the work of our U.S. Embassy in a palace that was formerly occupied by Saddam Hussein that is not safe from mortar attacks or other military actions and terrorist activities. There is a perimeter that is very difficult to defend that we have all heard about and read about in the newspapers and seen on television. And to follow the suggestion of the Senator from Oklahoma to do nothing to try to establish quarters that are safe, that can be protected, that will permit our Ambassador to operate safely in a secure environment, we would be neglecting our obligations as representatives of the people of this great country.

To say that they are on their own, to continue to try to manage the way they have been for the last year and a half, I think that would be an absolute abrogation of responsibility for this Senate.

Our committee recommended that we approve the request submitted by the administration for these funds. I strongly support the appropriation. I will defend the action of this committee on this issue as long as the Senator wants to debate it.

So to say there is no one who is willing to argue the point is absolutely without basis in fact.

Mr. COBURN. Mr. President, I agree with everything the chairman said except he didn't talk about the issue I am raising. The issue I am raising is spending $400 million in the years 2007 through 2012 should go through the regular appropriations process. I want us to have an embassy over there. I want us to do the very things the chairman outlined.

But, again, we are playing a game with the appropriations process. The administration is playing the same game by requesting it. We have $592 million, and only $106 million is going to be spent in the next 2 years to accomplish what the honorable chairman of the Appropriations Committee said. Why not run the rest through the regular order? Why put this to the bottom line and not make us do what we need to do in time of parity in how it is spent?

Again, I think this extra money, this $486 million, ought to go through the regular order. We are going to go out and borrow and ask our kids and our grandchildren to pay it back. When you ask them to pay it back, it is going to be at a rate of about seven or eight times what we borrow. We are not paying back money, we are paying interest, and then we are paying interest on the interest. That very well equates to us abandoning the vision that we want to give the future of this country; that is, opportunity and freedom, and we can't do that if we continue. All of this money in this bill goes straight to debt. None of it goes through the budget process. There is no limit. We are going to go out and borrow the money tomorrow. It is going straight to debt.

I don't disagree with the chairman at all. I appreciate his working with me on this committee in terms of learning, of teaching a new Senator the ropes. He has been wonderfully kind to me. But the fact is, only $106 million is going to be expended over the next 24 months after this is put out, and the rest of it ought to go through the regular order. That is all I am asking. I am saying it should come through the regular appropriations process. That is all I am asking. I am not saying don't do it. I am saying do it in a way in which we are held accountable, and we are going to hold our children accountable. It isn't just about numbers. It is about the future of our country and whether we are going to change the process in Washington that truly recognizes that we have to start being responsible.

The South Korean Government, about a month ago, made one little, small comment about changing their mix on foreign holdings. The dollar fell 1.8 percent that day. We will not be able to hold the value of the dollar in the international financial community unless we are seen as being competent and secure about solving our problems and not spending money we don't have. This is a good first place to start.

There is nothing wrong with sending it through the appropriations process on the regular order. It makes it a little harder for the appropriations team; I understand that. They have already done what they have been asked by the administration to do. But we need to send a signal to the administration to quit asking for money in outyears on the appropriations process so we don't look as bad when we count the so-called deficit. Remember, this is going against the deficit. It won't go against the published numbers. It is outside the rules of the game because we call it all an emergency. Money spent on an embassy in Iraq in 2011 is not an emergency to anybody in this country I know of. I think we would have trouble finding it.

With that, I will cease discussion on that issue and discuss amendment No. 467.

Mr. COCHRAN. Mr. President, will the Senator yield before he abandons this issue?

Mr. COBURN. I would be happy to yield to the chairman.

Mr. COCHRAN. I want to point out that the Department of State submitted to the committee a letter on April 18, 2005 in justification for proceeding with the funding for the embassy compound and pointed out the reasons it was important to approve the full funding now. It is not something we dreamed up or that we are doing to undermine the integrity of our fiscal soundness as a country. It is not irresponsible in any way whatsoever.

Here is what the letter says in part:

This funding request in the supplemental is more urgent as a result of the highly successful Iraqi elections. Now that it is clear that Iraq is on the road to full sovereignty, building a permanent United States embassy has become imperative. In order to complete compound construction within 24 months construction must start now.

That is why it is an emergency in any sense of the word. That is why our committee was impressed with this argument. This argument wasn't made very well over on the House side of the Capitol. But it was in person by the Secretary in appeals to individual Members. I can recall being in my State and getting a telephone call from the Secretary of State on this subject to emphasize the importance of doing what we are recommending the Senate approve.

Here is another sentence from this same letter signed by Nicholas Burns. I will have it printed in the RECORD so Senators will be able to read the letter in its entirety.

We need the Committee-recommended level of funding to ensure that we can adequately house and protect U.S. Government staff for our mission in Baghdad. Less than the full Committee-recommended funding level will delay moving our people into more safe, secure, and functional facilities, causing greater risks to U.S. Government personnel.

That is good enough for me. I think it is good enough for the Senate, and I hope the Senate will reject this amendment.

I ask unanimous consent that a copy of this letter that I referred to be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

DEPARTMENT OF STATE,
Washington, DC, April 18, 2005.

Hon. THAD COCHRAN,
Chairman, Committee on Appropriations, U.S. Senate.

DEAR MR. CHAIRMAN, As the Senate considers the President's FY 2005 Supplemental request, I would like to draw attention to the Committee recommendation of $592 million for funding the New Embassy Compound (NEC) in Baghdad. We appreciate the Senate Appropriations Committee including the funding for the NEC and while each element of the President's request is critical and deserves the full support of Congress, I understand that amendments may be offered that would drastically reduce the funding level recommended by the Appropriations Committee to build the new Embassy.

On behalf of the Secretary of State, I am writing to support the full funding recommendation of the Senate Appropriations Committee. We need the Committee-recommended level of funding to ensure that we can adequately house and protect U.S. Government staff for our mission in Baghdad. Less than the full Committee-recommended funding level will delay moving our people into more safe, secure, and functional facilities, causing greater risks to U.S. Government personnel. The completed NEC, as currently planned and budgeted, will provide personnel from the Department of State and the other civilian agencies with the best possible security situation under the circumstances. We must begin construction of this compound as soon as possible to improve the safety and security of our U.S. Government employees. The current offices and housing in the Palace complex are operationally inadequate, as the facilities were never designed as offices and are only marginally usable as an Embassy. We need an appropriate, secure facility to carry out the U.S. Government's business in Iraq. Furthermore, the Palace complex has symbolic importance to the Iraqi people. We have agreed to return the Palace and other properties to them and returning the Palace will be a symbol of normalization in our relations.

This funding request in the supplemental is more urgent as a result of the highly successful Iraqi elections. Now that it is clear that Iraq is on the road to full sovereignty, building a permanent United States embassy has become imperative. In order to complete compound construction within 24 months construction must start now. The NEC buildings are being planned with the maximum flexibility so that the mission needs for U.S. Government agencies, including the State Department, can be accommodated upon completion. We have sized the NEC to meet interagency vetted diplomatic, functional, and security requirements. Should we not receive the full Committee recommended funding level in the Senate passed supplemental, we would be unable to build an embassy that meets those safety, security and space requirements. Additionally, without full funding of the Committee recommendation site maintenance costs would be extended and the costs of construction could rise. In the meantime, the high security and operating costs associated with the interim embassy facilities would remain.

We look forward to continuing to work with the Congress to secure the funding required for this important project. Thank you for your support of this Supplemental request.

Sincerely,

R. NICHOLAS BURNS,
Under Secretary of State for Political Affairs.

The PRESIDING OFFICER (Ms. MURKOWSKI). The Senator from Wyoming.

Mr. COBURN. Madam President, again, great words. True. We need to do it. But that doesn't address the issue of why that money should not go through the regular process on the outyears. I understand the tough job the chairman has to do.

AMENDMENT NO. 467, WITHDRAWN

With that, I will move, if I may, to the next amendment, No. 467.

Madam President, this is an amendment that ought not have to be brought forward. There is no question that there was, in fact, significant damage and flooding at the University of Hawaii. There was, in fact, significant loss of records and volumes at the University of Hawaii. There was, in fact, over $30 million in FEMA money that was sent to the University of Hawaii. There was, in fact, a $10 million matching contribution from the State of Hawaii for that matching grant. There is at least $25 million in insurance proceeds to go with the State assembly that was also trying to actively increase that amount, and public statements were made by the president of the University of Hawaii outlining the damage assessment, with this $10 million that is not truly an emergency anymore in this bill.

This is not directed toward the Senator from Hawaii in any way. I wanted to talk about this, and then I am going to withdraw this amendment, if I have a unanimous consent to do it. But I want to use it as an example of what we shouldn't be doing.

The fact is, they haven't even spent all the money that has been sent out there for the repair of this facility right now. On an emergency basis, we are going to appropriate $10 million more. If you total up everything, if you take what the University of Hawaii said and others have said about the total cost of the flood, $50 million, there is going to be $100 million that goes toward the University of Hawaii for a $50 million flood. That is bad enough. But this is not the way we ought to be doing this process.

I am standing on the floor of the Senate today to offer amendments, not critical of any one individual but critical of the process because I believe if we don't have a functional, structural process change in how we appropriate taxpayer dollars in this country, we are going to undermine the standard of living for the next few generations. We very well could be the first generation of Americans to leave the next generation worse off.

I believe things that are in an emergency bill ought to be truly emergencies. No. 1, they ought to have to be spent out in a short period of time, and with that comes the authorization for further spending so the appropriations committees can have the direction, so they don't have to spend it all and then rescind it.

I believe we need to change things. We look around to our children. We see a future, we see hope, we see promise. But we see all of that in light of what we see today. We don't think down the road about what potentially can happen to our country—now $9 trillion in debt, with $600 billion worth of trade deficit every year with multiple poor countries in the world that export agricultural products holding large amounts of our dollars that are also dependent on our dollars staying at a certain value. We have to think long range about how we do this.

I am challenging how we think, not to make a mark or to direct anything toward any individual person. We have to change. I will stand on every appropriations bill to come in the future and I will personally read the appropriations report language to find out what is there, and use the privilege granted to me as a Member of this body to raise these issues until we change how we do it.

It is my hope I don't have to do that. I don't want to have to do that. But it is very important we start down a new road. It is not a partisan issue. It does not have anything to do with Democrats or Republicans but it has to do with our children, the future of our country, the viability of defending ourselves.

Every dollar we waste or do not spend appropriately is $1 we cannot use to defend ourselves or create the technology to compete in this global economy. We have to do what is right for future generations.

I will withdraw this amendment, as well, but I want to put my fellow Members on notice that I will be bringing this up. It is time to change. I don't do that with any ill will. I don't do it saying I have all the knowledge. But what I do know is I want a future for our country and for the children. We cannot continue doing what we are doing in terms of spending. We cannot continue either the process or the procedure on how we are doing it.

With that, I ask unanimous consent to withdraw amendment numbered 467.

The PRESIDING OFFICER. Without objection, it is so ordered.

The PRESIDING OFFICER. The Senator from Hawaii.

Mr. INOUYE. I thank my colleague from Oklahoma for withdrawing this amendment.

If I may, for clarification, so the record can be clear, the United States historically has responded expeditiously to all disasters—natural or domestic, manmade—when American communities seek assistance. For example, we provided $2 billion for the Midwest floods in 1993. We provided $56 million to Oklahoma City for the Murrah Federal Building disaster—not for the building itself but for other projects, community development, street alignments, and such. We also provided over $3 billion for Midwest floods in 1997, and for all of the hurricanes.

This flood in Manoa Valley on the island of Oahu in Hawaii was one of those extraordinary disasters that occurs about once every 100 years. It went down the valley and literally wiped out parts of the University of Hawaii. I point out that the university library has not received any FEMA funds. These funds are beyond what the State has put in for construction and reconstruction and rebuilding. This is for cleanup. This is for restoration of books so our students can continue studying. We are not asking for anything more than what other communities have been receiving.

I am most grateful to the Senator from Oklahoma for withdrawing his amendment.

I yield the floor.

The PRESIDING OFFICER. The Senator from Illinois.

AMENDMENT NO. 443

Mr. DURBIN. Madam President, I have an amendment pending numbered 443 and I would like to speak to it. I will not call it for a vote because there may be need for debate in the Senate.

This is an amendment I am cosponsoring with Senator LEVIN and Senator FEINSTEIN. The amendment requires that none of the funds appropriated by this supplemental appropriations bill be expended to subject anyone in the custody or control of the United States to torture or cruel, inhuman, or degrading treatment.

I know the managers of the bill are trying to dispense with amendments. I understand this amendment has been cleared by the managers. However, one Senator or another on the other side of aisle has objected, so a rollcall vote might be necessary.

I ask my colleagues to consider for a moment what could possibly be the basis for a Senator objecting to an amendment which says we won't spend any American taxpayer funds to torture prisoners. We have signed all the treaties. We have passed the laws. This is the law of the land.

This amendment says, let's remind people again that what happened at Abu Ghraib is not American policy. The abuses at Guantanamo Bay are not American policy. It is aberrant conduct. It is the kind of conduct which we do not condone.

We should state clearly in this appropriations bill that all the money being appropriated—$80 billion plus—is not to be used for the purposes of torture.

This should be an easy amendment. In fact, it has passed twice in the Senate by unanimous consent. But now a Senator on the other side of the aisle has problems with it. I don't understand. It simply affirms our Nation's very important, longstanding obligation not to engage in torture or other cruel treatment. That standard is in

the U.S. Constitution and in many treaties ratified by the United States.

I wrote this amendment very carefully. I am not putting in any new language, new ideas. I am restating existing law that governs the conduct of Americans. It is limited to the torture or cruel and inhuman or degrading treatment ''that is prohibited by the Constitution, laws or treaties of the United States.'' In other words, it prohibits conduct already prohibited under U.S. law. It simply restates it. It is important we do restate it.

I am afraid one of the terrible legacies of the invasion of Iraq is going to be this whole question of how we treated prisoners. We should not mince words. We are opposed to torture and cruel, inhuman, or degrading treatment. We have voted that way before. The American people support that. We should say so in this supplemental appropriations bill.

This amendment specifically provides:

Nothing in this section shall affect the status of any person under the Geneva Conventions or whether a person is entitled to protections of Geneva Conventions.

So the amendment does not extend the protections of the Geneva Conventions to anyone who does not already have those protections.

It is important to note this amendment is virtually identical to an amendment I offered to last year's Defense authorization bill and an amendment Senators MCCAIN and LIEBERMAN offered to the intelligence reform bill. Both of them were adopted by the Senate by unanimous voice votes. In fact, this amendment is actually more limited than those because it applies only to funds appropriated and does not contain any reporting requirements.

Last year, when he accepted my amendment to the Defense authorization bill, Senator WARNER, the chairman of the Armed Services Committee, said in the Senate:

The unambiguous policy of this and preceding administrations is to comply with and enforce this Nation's obligations under international law. These obligations are embedded in American domestic law.

Senator WARNER continues:

So I think it is very important we do the codification, as the Senator [from Illinois] recommends.

Unfortunately, in conference, the Defense authorization amendment was revised to a nonbinding sense-of-the-Senate amendment. The intelligence reform amendment was eliminated in conference. That is why I am offering this amendment today.

It is important. Many around the world, especially in the Muslim world, are watching us, watching the United States, and they want to know whether we will stand by our treaty obligations in this age of terrorism. With American troops in harm's way, Congress must send a clear signal that we are committed to treating all detainees humanely.

The prohibition on torture and other cruel treatment is deeply rooted in American history. The Framers of the Constitution made clear they intended the Bill of Rights to prohibit torture and other forms of cruel punishment. It was un-American then; it is un-American now.

These principles guided us during times of war. In the Civil War, President Abraham Lincoln asked Francis Lieber, a military law expert, to create a set of rules to govern the conduct of U.S. soldiers in the field. The result, the so-called Lieber Code, prohibited torture and other cruel treatment of captured enemy forces. This was the foundation for the modern law of war, which is embodied in the Geneva Conventions.

After World War II, we discovered what had happened in Nazi Germany. Horrified by those abuses, the United States and its allies created a new international legal order based on respect for human rights. One of the fundamental tenets of this new order was a universal prohibition on torture and cruel, inhuman, and degrading treatment. The United States took the lead in this effort, establishing a number of treaties that banned the use of torture and other cruel treatment against all persons at all times. There are no exceptions to this prohibition.

The United States, along with a majority of countries in the world, is a party to the Geneva Conventions, the International Covenant on Civil and Political Rights, and the Torture Convention, all of which prohibit torture and cruel, inhuman, or degrading treatment, the exact words in my amendment.

Aside from our legal obligations, there are also important practical reasons for standing by this commitment.

Torture is ineffective. It is an interrogation tactic that produces unreliable information. People who are being tortured will say almost anything to stop the pain.

Resorting to torture will make it harder for us to defeat terror. In the words of the independent 9/11 Commission:

Allegations that the United States abused prisoners in its custody make it harder to build the diplomatic, political, and military alliances the government will need [to win the war on terrorism.]

The 9/11 Commission was right.

Most importantly, engaging in torture or cruel treatment places our brave service men and women at risk. The U.S. Army knows this. The Army Field Manual on Intelligence Interrogation says the following:

Use of torture or other illegal methods is a poor technique that yields unreliable results, may damage subsequent collection efforts, and can induce the source to say what he thinks the interrogator wants to hear. Revelation of use of torture by U.S. personnel will bring discredit upon the U.S. and its Armed Forces while undermining domestic and international support for the war effort. It may also place U.S. and allied personnel in enemy hands at greater risk of abuse by their captors.

Retired RADM John Hutson served our country 28 years. For the last 3 years he was the Judge Advocate General, the top lawyer in the Navy. Last week he sent me a letter in support of this amendment. He wrote as follows:

Clarion opposition to torture and other abuse by the U.S. will help protect U.S. troops who are in harm's way.

Former Congressman Pete Peterson, a personal friend of mine, a man I served with in the House of Representatives, was a prisoner of war in Vietnam for 6½ years. He came to see me recently. He is doing great. He was our former Ambassador to Vietnam under President Clinton. In a letter of support for this amendment he said:

Congress must affirm that America stands by its moral and legal obligation to treat all prisoners, regardless of status, as we would want the enemy to treat our own. Our courageous service men and women deserve nothing less.

As the great American patriot Thomas Paine said:

He that would make his own liberty secure must guard even his enemy from oppression.

This year, Congress should affirm that the United States will not engage in torture and other cruel treatment.

I thank the chairman for his leadership on the bill. We are reaching a point where there are only four or five identified germane amendments and this is one of them. I would like to call this amendment for a vote. I know there are some on your side who may want to speak to the amendment so I will not try to do it at this time, but I would hope any staffers or those listening to the debate who know of opposition to this amendment would contact the chairman and let him know when they are coming to the floor. I will join them and in short order summarize what I have said, answer their comments, and ask for a vote. I know the chairman is anxious to get this bill completed to send to the President.

Mr. COCHRAN. Mr. President, I am happy to assure the Senator we will have an opportunity to vote on any amendments that require votes. There are some Senators who are off the premises right now and I ask they be given some notice so they can get back. We will confer with the leader and I will consult with the Senator from Illinois. I thank the Senator for his assurances.

REAL ID ACT

Madam President, I rise in opposition to the REAL ID Act. The REAL ID Act is a measure the House Republicans attached to the supplemental appropriations bill. It has little or nothing to do with appropriations for tsunami victims, or appropriations for our men

and women in uniform. It is a separate immigration matter, and a very controversial one.

They chose this bill because they know we need this bill. It needs to be signed by the President. So they are hoping to push through this change in immigration law on a bill that is a must-pass bill. We have had no hearings, no debate, no votes in the Senate on this so-called REAL ID Act.

The Senate Republican leadership has stated it is opposed to including this act in the appropriations bill. I hope they mean it. The test will come when this bill returns from the conference committee.

I want to take a couple minutes to explain why the REAL ID Act is something we should debate. The proponents of this act claim it is simple, that all it wants to do is prevent illegal immigrants from obtaining driver's licenses.

Several States across America have decided, in their State legislatures, to allow the issuance of State driver's licenses to people who are not documented. You know the argument: Those people are going to drive anyway. It is better they are licensed, that they clearly have demonstrated they can drive a truck or a car, and they have insurance.

Now, we can get into that debate, and it would be an interesting one, as to whether those States have made the right decision. This bill says all the States that have decided to issue the driver's licenses are wrong. So it would prohibit those who are undocumented from receiving driver's licenses.

If that were the only issue, it is one we could debate for a little while and decide whether we ought to preempt all of these State legislatures. But this bill does so much more. The REAL ID Act would mean real big problems for the States and a lot of people. It imposes very difficult standards for driver's licenses on the States.

When we passed the intelligence reform bill, we carefully crafted language—bipartisan language—to establish standards for States issuing driver's licenses. We did not tell the States who could receive a driver's license. That has always been a State decision. But we required that the Federal Government work cooperatively with the States to create minimum Federal standards for driver's licenses. Standards will be established for, among other things, documents presented as proof of identity, fraud prevention, and security features included in driver's licenses.

The REAL ID bill goes far beyond this intelligence reform provision. Its impact will be felt by every American when they go in for a driver's license. It requires that the State DMV verify every document, including birth certificates, presented by every applicant, including American citizens. This means significant expense and long processing delays.

If a State, incidentally, fails to comply with the REAL ID provisions included in the House bill, no resident of that State—listen to this carefully—no resident of that State will be able to use their driver's license for Federal purposes. So what would that mean? The most common form of identification in an airport is a driver's license. If you have been on an airplane, you know it. People bring out their driver's license.

This provision coming over from the Republican House says if your State does not comply with this law, if you are a resident of that State, you cannot use your driver's license to get on an airplane. What will you use? If you have a passport, I guess you could use it, but many people do not have a passport. So it goes way beyond what it needs to do to make certain we have secure driver's licenses.

As I mentioned earlier, we have already addressed the issue of driver's license security in the intelligence reform bill. The Federal Government is already meeting with State governments to negotiate new minimum Federal standards for driver's licenses. The REAL ID Act would stop this process dead in its tracks by repealing the driver's license provision in the intelligence reform bill.

Incidentally, the REAL ID Act is opposed strongly by the States. Every Senator has received a letter opposing the REAL ID Act from the National Governors Association, the National Conference of State Legislatures, the Council of State Governments, and the American Association of Motor Vehicle Administrators. They have said clearly, this REAL ID Act will ''impose technological standards and verification procedures, many of which are beyond the current capacity of even the Federal Government.''

Madam President, I ask unanimous consent to have this letter printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

MARCH 17, 2005.

Hon. WILLIAM H. FRIST,
Majority Leader,
U.S. Senate, Washington, DC.
Hon. HARRY REID,
Minority Leader,
U.S. Senate, Washington, DC.

DEAR SENATOR FRIST and SENATOR REID: We write to express our opposition to Title II of H.R. 418, the ''Improved Security For Driver's Licenses and Personal Identification Cards'' provision, which has been attached to H.R. 1268, the fiscal year 2005 supplemental spending measure. While Governors, state legislatures, other state elected officials and motor vehicle administrators share your concern for increasing the security and integrity of the driver's license and state identification processes, we firmly believe that the driver's license and ID card provisions of the Intelligence Reform and Terrorism Prevention Act of 2004 offer the best course for meeting those goals.

The ''Driver's Licenses and Personal Identification Cards'' provision in the Intelligence Reform Act of 1004 provides a workable framework for developing meaningful standards to increase reliability and security of driver's licenses and ID cards. This framework calls for input from state elected officials and motor vehicle administrators in the regulatory process, protects state eligibility criteria, and retains the flexibility necessary to incorporate best practices from around the states. We have begun to work with the U.S. Department of Transportation to develop the minimum standards, which must be completed in 18 months pursuant to the Intelligence Reform Act.

We commend the Members of the U.S. House of Representatives for their commitment to driver's license integrity; however, H.R. 418 would impose technological standards and verification procedures on states, many of which are beyond the current capacity of even the federal government. Moreover, the cost of implementing such standards and verification procedures for the 220 million driver's licenses issued by states represents a massive unfunded federal mandate.

Our states have made great strides since the September 11, 2001 terrorists attacks to enhance the security processes and requirements for receiving a valid driver's license and ID card. The framework in the Intelligence Reform Act of 2004 will allow us to work cooperatively with the federal government to develop and implement achievable standards to prevent document fraud and other illegal activity related to the issuance of driver's licenses and ID cards.

We urge you to allow the provisions in the Intelligence Reform Act of 2004 to work. Governors, state legislators, other state elected officials and motor vehicle administrators are committed to this process because it will allow us to develop mutually agreed-upon standards that can truly help create a more secure America.

Sincerely,

RAYMOND C. SCHEPPACH,
Executive Director, National Governors Association.
LINDA R. LEWIS,
President and CEO, American Association of Motor Vehicle Administrators.
WILLIAM T. POUND,
Executive Director, National Conference of State Legislatures.
DAN SPRAGUE,
Executive Director, Council of State Governments.

Mr. DURBIN. COL Margaret Stock, who is a law professor at West Point, points out that military personnel around the world will be dramatically impacted if their State driver's licenses are not accepted by the Federal Government. It is not simply a matter of getting on an airplane. For our men and women overseas it can be much worse. She wrote:

This law threatens to disrupt thousands of routine yet official acts that occur daily on every military post in the world. . . .The proposed law threatens vital functions of the Department of Defense, and promises unforeseen headaches for military personnel and their family members.

Madam President, I ask unanimous consent to have this article printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

THE ''REAL ID'' ACT—A REAL NIGHTMARE FOR DOD

(By LTC Margaret D. Stock, USAR)

If you watched or heard the congressional debate over H.R. 418, the ''REAL ID Act of 2005,'' you might have thought this proposed law—which passed the House of Representatives Friday, February 11, 2005, by a vote of 261–161—was all about stopping terrorists from getting on airplanes. But you would be wrong. This bill—which sets new rules for state motor vehicle departments (DMVs)—promises to be more of a nightmare for DoD than a deterrent to any terrorists.

Consider this language, which is found in the section creating federal standards for state driver's licenses and identification cards:

''Beginning 3 years after the date of the enactment of this Act, a Federal agency may not accept, for any official purpose, a driver's license or identification card issued by a State to any person unless the State is meeting the requirements of this section.''

No state currently meets the requirements of the proposed law, and it's unlikely that many will be able to comply within three years. the ''REAL ID'' Act would require, among other things, that each state create an expensive new computer system for issuing state driver's licenses and identification cards; obtain security clearances for its DMV employees; verify with the issuing agency the validity of each document offered by an applicant in support of a driver's license application; put digital photos on all licenses; print the principal residence of the applicant on the face of the license; ensure that all prior licenses have been terminated before issuing a new one; verify the immigration status of all applicants; and color-code licenses to show that the state has complied with the law. While all these goals may be laudable, achieving them any time soon is almost impossible, particularly within three year. And yet any license issued in violation of this law cannot be used ''for any official'' federal purpose unless a special waiver is granted by the secretary of homeland security.

Here are some ''official'' federal purposes for which state driver's licenses and identification cards are commonly used by military members, their families, and their friends:

Enlisting in the military; obtaining an initial military identification card; Obtaining a U.S. passport; voting in a federal election; registering a vehicle on a military installation; entering a military installation; driving on a military installation; entering a federal building; writing a check to a federal agency; obtaining federal firearms licenses; boarding an airplane; boarding an Amtrak train; or obtaining federal hunting or fishing licenses.

If this law passes, military members and their families won't be able to do any of these things with their state driver's licenses and ID cards—unless they are lucky enough to be residents of a state that manages to meet the three-year deadline for compliance.

Military personnel will be harmed by this law in other ways as well: Deployments often prevent soldiers from renewing their licenses in a timely manner, and many states give them ''automatic extensions.'' These extensions would be barred. Many states currently issue licenses to military members that are ''valid without photo.'' This practice will not be barred by federal law. The REAL ID Act on its face also bars military police and other federal law enforcement officials from using state driver's licenses and ID cards to identify criminal suspects.

At a time when federal and state budgets are under tremendous pressure, the Congressional Budget Office (CBO) estimates the cost of complying with ''REAL ID'' to be in excess of $120 million—$20 million more than the cost of complying with the legislation enacted last year in Public Law 108–458, the Intelligence Reform and Terrorism Prevention Act of 2004. This CBO estimate, however, is probably a vast underestimate of the true cost of the proposed law. Worse, Congress has not agreed to pay for the required upgrades to state DMV systems, making ''REAL ID'' yet another ''massive unfunded mandate,'' according to both the National Governor's Association and the American Association of Motor Vehicle Administrators. If the federal government isn't going to pay to implement this law, most states won't be able to pay for it without raising taxes—and all of their residents will be punished accordingly.

Indirectly, however, DoD will suffer—because this law threatens to disrupt thousands of routine yet official acts that occur daily on every military post in the world. Those who already have military ID cards or who carry a passport around at all times can avoid some of the problems with this law—but a US passport or military ID doesn't give a person the right to drive on a military base. Also, anyone without a passport or other Federal ID prior to the effective date of the law will have difficulty obtaining one unless she can produce some other valid government-issued picture identification, such as a foreign passport. Strangely, this law will make it easier for foreigners or naturalized citizens to travel than native-born Americans: The law allows the use of a foreign passport, but bars the use of American state-issued licenses and identification cards.

REAL ID's sponsors claim the law will stop terrorists from getting on airplanes. The flaw in this logic is that the 9/11 terrorists did not need state driver's licenses to board the airplanes they hijacked—they could have used their foreign passports, and at least one of them did. Is meeting a false ''security gap'' a reason to spend millions forcing the states to conform to the ''REAL ID'' requirements?

REAL ID's sponsors are seeking support in the Senate. Their bill, however, goes far beyond the common-sense driver's license provisions enacted last year in Public Law 108–458, the Intelligence Reform and Terrorism Prevention Act of 2004. The ''REAL ID'' Act almost completely preempts state regulation of driver's licenses and effectively creates a national ID card by federal fiat. The proposed law threatens vital functions of the Department of Defense, and promises unforeseen headaches for military personnel and their family members. The reforms enacted late last year by Congress were sensible and worthy, but the ''REAL ID'' Act is a recipe for chaos.

Mr. DURBIN. Separate and apart from the driver's license issue, the REAL ID Act goes into other equally important and controversial issues. It would dramatically raise the standards for receiving asylum. This provision is supposedly aimed at terrorists but applies to all asylum applicants. Current law already prohibits—already prohibits—suspected terrorists from obtaining asylum. That is not an issue.

In Illinois, there is a wonderful social-services agency called Heartland Alliance. One of the things they do is provide assistance to refugees who have come to Illinois from all over the world. Heartland Alliance is not a political organization. They are down in the trenches doing important work for people in need. So when I received a letter from them telling me the REAL ID Act would hurt the people they serve, I paid attention.

Let me tell you what they said:

REAL ID threatens to eliminate relief for immigrants most in need of protection—those fleeing persecution in their home countries. REAL ID is inconsistent with our commitment to international agreements relating to refugees, and it violates some of the rights that we, as a nation of immigrants and a global leader of human rights, cherish.

Madam President, I ask unanimous consent to have this letter printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

HEARTLAND ALLIANCE,
Chicago, IL, March 25, 2005.

DEAR SENATOR DURBIN: At the opening of the 109th Congress, national security and immigration reform concern Americans as never before. In response to these concerns, the House of Representatives introduced legislation that, if passed into law, would undermine the asylum provisions of immigration law while doing nothing to effectively advance national security REAL ID (HR 418) will not provide the immigration reform needed or advance national security, but it will force us to turn our backs on asylum seekers.

REAL ID is not Congress' first attempt to dismantle the asylum system in an effort to further national security. These ill-conceived changes to asylum law were proposed as part of the intelligence reform bill last year, but Congress (following the lead of the 9/11 Commission which found no fault with the current asylum system) wisely excluded these changes from the National Intelligence Reform Act of 2004. Despite the findings of the 9/11 Commission, REAL ID threatens to eliminate relief for immigrants most in need of protection—those fleeing persecution in their home countries. REAL ID is inconsistent with our commitments to international agreements relating to refugees, and it violates some of the rights that we, a nation of immigrants and a global leader of human rights, cherish.

REAL ID Eviscerates Due Process Protections In the Asylum Adjudication Process:

Judicial oversight guarantees a full and fair process in proceedings that can literally mean life or death to asylum applicants. The 7th Circuit Court of Appeals has recognized that ''caseload pressures and . . . resource constraints'' can cause errors in Immigration Courts; the growing dockets make these errors more inevitable. However, because all immigrants are ''entitled to a national analysis of the evidence,'' judicial review must exist to maintain this standard.

REAL ID would suspend habeas corpus review for many immigrants, denying them

one of the most cherished protections from government abuse. This provision would prevent parole for immigrants challenging unwarranted detention or deprivation of fundamental freedoms.

REAL ID eliminates stays of removal pending judicial review. Stays of removal exist to allow asylum seekers to remain in the United States while petitioning for relief. The 7th Circuit has explained that this right is especially ''vital when the alien seeks asylum or contends that he would be subject to torture if returned,'' but by deporting asylum seekers, REAL ID would make it impossible for these asylum seekers to see their case to its judicial end.

REAL ID Will Result in the Denial of Asylum to Those Who Are Persecuted:

REAL ID raises the burden of proof for asylum applicants by requiring them to prove that the central reason for their persecution is one of the five protected grounds. Applicants can rarely prove the unspoken intent of their persecutors. Moreover, persecution rarely happens for one specific reason. The current law recognizes this limitation and grants asylum to many individuals who have suffered persecution for complex or multiple reasons. Women fleeing female genital mutilation, domestic violence, and honor killings, and victims from political contexts where economic or sexual violence such as extortion, kidnapping for ransom, and rape are political tools can find safe haven in the United States. REAL ID would eliminate asylum for these and other deserving individuals.

Under current law and longstanding international authority, individuals may be granted asylum based solely on their credible testimony explaining their well-founded fear of persecution. The law relects the reality that refugees cannot obtain documents from their persecutors. REAL ID would give Immigration Judges wide discretion to deny relief from removal simply because the immigrant lacks corroborating evidence, even when the applicant's testimony is found to be credible. For example, under this provision, a refugee may be denied protection if his country lacks sufficient infrastructure to issue official documentation.

Because credibility determinations are notoriously subjective, judges must substantiate their findings in reasoned judgments, and they may not make negative credibility findings based on minor inconsistencies in testimony. REAL ID eliminates these safeguards. It would allow judges to determine credibility based on any alleged inconsistency with any prior statements, even if that inconsistency is immaterial to the person's claim. Judges could also use an applicant's demeanor, perceived candor, or responsiveness as a basis for a credibility finding.

REAL ID will damage asylum seekers' right to protection while doing nothing to enhance our national security. The current U.S. asylum system screens all applicants using thorough background checks and allows the U.S. State Department to comment on all applications. Under the existing system, asylum is granted only to those who establish that they are refugees and who have no ties to criminal or terrorist organizations. If REAL ID is passed in its current form, many deserving applicants will be denied refuge in this country.

If Congress truly wishes to address the link between immigration and national security, it must turn its full attention to the problem. Because of their piecemeal nature, the asylum provisions of REAL ID are ineffective. Furthermore, attempts to tack on these provisions as amendments to appropriations bills reflect an unwillingness to recognize the need for immigration reform. We need a better system for tracking arriving and departing non-citizens; we need to improve security screening while reducing backlogs that keep families separated for years and U.S. employers short of labor. We do not, however, need to throw out an effective system and replace it with harmful provisions in REAL ID.

As a representative of the people of Illinois and a Senate leader, we appeal to you to vigorously oppose REAL ID and to encourage your colleagues to do the same. We hope you will work as our ally to ensure that the bill docs not pass. Moreover, we hope to continue working with you to ensure comprehensive reform that improves our immigration system, strengthens our national security, and reflects the will of the general public and our common values; REAL ID docs none of these. We would welcome an opportunity to talk to you further about the REAL ID and will contact your office within the next few days to arrange a meeting with you or your staff. In the meantime, if you have any questions or comments, please contact Mary Meg McCarthy, Director of Heartland Alliance's Midwest Immigrant & Human Rights Center at (312) 660–1351 or mmccarthy@heartlandalliance.org.

Sincerely,

Natalie Spears, Sonnenschein Nath & Rosenthal LLP, Co-Chair MIHRC Leadership Counsel; Mary Meg McCarthy, Director, Midwest Immigrant & Human Rights Center; William B. Schiller, Davidson & Schiller, LLC Co-Chair MIHRC Leadership Counsel; Brain Neuffer, Winston & Strawn LLP; Lee Ann Russo, Jones Day; David Austin, Jenner & Block LLP; Bart Brown, Chicago-Kent College of Law; Linus Chan, Butler Rubin Saltarelli & Boyd LLP; Sid Mohn, President, Heartland Alliance; Carlina Tapia-Ruano, Minsky, McCormick & Hallagan, PC, American Immigration Lawyers Association, First Vice President; Nicole Nehama Auerbach, Katten Muchin Zavis Rosenman;

Antolin, Executive Director, Heartland Human Care Services; Elissa Steglich, Asylum Project Managing Attorney, Midwest Immigrant & Human Rights Center; Maria Woltjen, Unaccompanied Children's Advocate Project, Midwest Immigrant & Human Rights Center; Jennifer K. Fardy, Seyfarth Shaw LLP; Marketa Lindt.

Mr. DURBIN. I agree with Heartland Alliance. Our country has always stood with, not against, refugees. I have heard Members of Congress, Democrats and Republicans, Senators and Congressmen, step forward and talk about religious persecution in other countries. I have heard people on both sides of the aisle lamenting some of these human rights abuses in other countries where people who are simply expressing their points of view are imprisoned.

We have said, and I believe, that the United States is in favor of freedom around the world. So the victims of oppression, the victims of tyranny, the victims of dictatorships, when they escape, come to the shores of the United States and ask us if we will give them refuge until their country changes. And we have done it. It is one thing to say you stand for freedom of religion and freedom of speech and freedom of the press; it is another to prove it by accepting these refugees.

This bill, the so-called REAL ID Act, will make it much more difficult for those refugees to come to our shores. If this becomes law, it will become very difficult for individuals fleeing persecution and torture to receive asylum in the United States. If we shut the door to the most vulnerable, how can we continue to preach to the rest of the world about our commitment to democracy?

Remember President Reagan's vision of our Nation. He called it ''a shining city on a hill.'' Here is what he said:

If there have to be city walls, the walls have doors and the doors are open to anyone with the will and heart to get here. . . . The city is a beacon . . . a magnet for all who must have freedom, for all pilgrims from all the lost places who are hurtling through the darkness, toward home.

Like me, President Reagan was the son of an immigrant. We had very different political philosophies, but President Reagan understood that our great country has always been a sanctuary for those fleeing persecution and oppression.

Even the conservative Wall Street Journal is opposed to the REAL ID Act. In an editorial they called the driver's license provisions ''costly and intrusive.'' They said:

It's not hard to imagine these de facto national ID cards—

Which they believe this bill would create—

turning into the kind of domestic passport that U.S. citizens would be asked to produce for everyday commercial and financial tasks.

They also called the asylum provisions ''dubious.'' That is the Wall Street Journal. Listen to what they said:

The last thing a terrorist would want to do is apply for asylum. Not only would he be bringing himself to the attention of the U.S. government—the first step is being fingerprinted—but the screening process for applicants is more rigorous than for just about anyone else trying to enter the country. . . . Raising the barrier for asylum seekers at this point would only increase the likelihood of turning away the truly persecuted.

That is the Wall Street Journal, not known as a bleeding-heart publication. They think the REAL ID Act makes no sense in fighting terrorism.

Madam President, I ask unanimous consent to have the editorial printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

[From the Wall Street Journal, Feb. 17, 2005]

NATIONAL ID PARTY

Republicans swept to power in Congress 10 years ago championing State prerogatives, and one of their first acts was to repeal Federal speed-limit requirements. Another was aimed at ending unfunded State mandates. So last week's House vote to require costly and intrusive Federal standards for State drivers' licenses is a measure of how far the party has strayed from these federalist principles.

More important, it reveals a mindset among some that more enforcement alone will bring better border security and reduce illegal immigration. The bill that passed the House last week and now goes to the Senate is known as the Real ID Act, and the driver's license requirements may not even be the worst part of the legislation. Also included are unnecessary provisions that would make it much more difficult for foreigners to seek asylum in the U.S.

House Judiciary Chairman James Sensenbrenner, who authored the bill, insists that his goal is to reduce the terrorist threat, not immigration. But it just so happens that the bill's provisions have long occupied the wish list of anti-immigration lawmakers and activists. Mr. Sensenbrenner produced a photo of Mohammed Atta during the floor debate last week, arguing that the 9/11 hijackers' ability to obtain drivers' licenses and use them to board airplanes represents a security loophole.

His solution is to force States to issue federally approved drivers' licenses with digital photographs and ''machine-readable technology.'' In theory, states can opt out, but if they do their drivers' licenses will no longer be accepted as identification to board planes, purchase guns, enter Federal buildings and so forth. It's not hard to imagine these de facto national ID cards turning into a kind of domestic passport that U.S. citizens would be asked to produce for everyday commercial and financial tasks.

Aside from the privacy implications of this show-us-your-papers Sensenbrenner approach, and the fact that governors, State legislatures and motor vehicle departments have denounced the bill as expensive and burdensome, there's another reality: Even if the Real ID Act had been in place prior to 9/11, it's unlikely that the license provisions would have prevented the attacks.

That's because all of the hijackers entered the U.S. legally, which means they qualified for drivers' licenses. The Real ID Act wouldn't change that. Moreover, you don't need a driver's license to fly. Other forms of identification—such as a passport—are acceptable and also were available to the hijackers. Nothing in the Sensenbrenner bill would change that, either.

The biggest impact will be on undocumented workers in the U.S., which is why the immigration restrictionists are pushing for the legislation. But denying drivers' licenses to illegal aliens won't result in fewer immigrants. It will result in more immigrants driving illegally and without insurance.

Mr. Sensenbrenner's claims that tougher asylum provisions will make us safer are also dubious. The last thing a terrorist would want to do is apply for asylum. Not only would he be bringing himself to the attention of the U.S. government—the first step is being fingerprinted—but the screening process for applicants is more rigorous than for just about anyone else trying to enter the country. In the past decade, perhaps a half-dozen individuals with some kind of terrorists ties have applied for asylum. All were rejected.

The Real ID Act would raise the bar substantially for granting asylum to people fleeing persecution. But this is a solution in search of a problem. A decade ago the U.S. asylum laws were in fact being abused by foreigners with weak claims who knew they would receive work permits while their cases were pending.

But in 1994, the Clinton Administration issued regulations to curb this abuse. The law now says that asylum seekers cannot receive work permits until they have won their case. Applications per year subsequently have fallen to about 30,000 today from 140,000 in the early 1990s. This was the biggest abuse of the system, and it's been fixed. Raising the barrier for asylum seekers at this point would only increase the likelihood of turning away the truly persecuted.

But the bigger problem with Mr. Sensenbrenner's bill is that is takes our eye off the ball. Homeland security is about taking useful steps to prevent another attack. It's not about keeping gainfully employed Mexican illegals from driving to work, or cracking down on the imagined hordes gaming our asylum system.

President Bush realizes this and is pushing for a guest-worker program that would help separate people in search of employment from potential terrorists. If the Republican Congress doesn't realize that, perhaps a Presidential veto of the Real ID Act would focus its attention.

Mr. DURBIN. Madam President, clearly, the REAL ID Act is a Draconian piece of legislation that would impose unnecessary hardships on the States and the American people and lead us to turn away deserving refugees who are fleeing persecution.

I sincerely hope the Senate Republican leadership, which has said they do not want this provision in this bill, will oppose its inclusion in the conference report.

Madam President, I yield the floor.

The PRESIDING OFFICER. The Senator from Mississippi.

AMENDMENT NO. 340

Mr. COCHRAN. Madam President, I ask for the regular order with respect to amendment No. 340.

The PRESIDING OFFICER. The amendment is now the pending question.

Mr. COCHRAN. Madam President, I make a point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is well taken and sustained. The amendment falls.

AMENDMENT NO. 351

Mr. COCHRAN. Madam President, I ask for the regular order with respect to amendment No. 351.

The PRESIDING OFFICER. The amendment is now the pending question.

Mr. COCHRAN. Madam President, I make a point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is sustained. The amendment falls.

AMENDMENT NO. 375

Mr. COCHRAN. Madam President, I ask for the regular order with respect to amendment No. 375.

The PRESIDING OFFICER. The amendment is now the pending question.

Mr. COCHRAN. Madam President, I make a point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is sustained. The amendment falls.

AMENDMENT NO. 395

Mr. COCHRAN. Madam President, I ask for the regular order with respect to amendment No. 395.

The PRESIDING OFFICER. The amendment is now the pending question.

Mr. COCHRAN. Madam President, I make a point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is sustained. The amendment falls.

AMENDMENT NO. 417

Mr. COCHRAN. Madam President, I ask for the regular order with respect to amendment No. 417.

The PRESIDING OFFICER. The amendment is now the pending question.

Mr. COCHRAN. Madam President, I make a point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is sustained. The amendment falls.

AMENDMENT NO. 432

Mr. COCHRAN. Madam President, I ask for the regular order with respect to amendment No. 432.

The PRESIDING OFFICER. The amendment is now the pending question.

Mr. COCHRAN. Madam President, I make a point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is sustained. The amendment falls.

AMENDMENT NO. 445

Mr. COCHRAN. Madam President, I ask for the regular order with respect to amendment No. 445.

The PRESIDING OFFICER. The amendment is now the pending question.

Mr. COCHRAN. Madam President, I make a point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is sustained. The amendment falls.

AMENDMENT NO. 451

Mr. COCHRAN. Madam President, I ask for the regular order with respect to amendment No. 451.

The PRESIDING OFFICER. The amendment is now the pending question.

Mr. COCHRAN. Madam President, I make a point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is sustained. The amendment falls.

AMENDMENT NO. 452

Mr. COCHRAN. Madam President, I ask for the regular order with respect to amendment No. 452.

The PRESIDING OFFICER. The amendment is now the pending question.

Mr. COCHRAN. Madam President, I make a point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is sustained. The amendment falls.

AMENDMENT NO. 456

Mr. COCHRAN. Madam President, I ask for the regular order with respect to amendment No. 456.

The PRESIDING OFFICER. The amendment is now the pending question.

Mr. COCHRAN. Madam President, I make a point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is sustained. The amendment falls.

AMENDMENT NO. 459

Mr. COCHRAN. Madam President, I ask for the regular order with respect to amendment No. 459.

The PRESIDING OFFICER. The amendment is now the pending question.

Mr. COCHRAN. Madam President, I make a point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is sustained. The amendment falls.

AMENDMENT NO. 463

Mr. COCHRAN. Madam President, I ask for the regular order with respect to amendment No. 463.

The PRESIDING OFFICER. The amendment is now the pending question.

Mr. COCHRAN. Madam President, I make a point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is sustained. The amendment falls.

AMENDMENT NO. 499

Mr. COCHRAN. Madam President, I ask for the regular order with respect to amendment No. 499.

The PRESIDING OFFICER. The amendment is now the pending question.

Mr. COCHRAN. Madam President, I make a point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is sustained. The amendment falls.

Mr. COCHRAN. Madam President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. COCHRAN. Madam President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 471

Mr. COCHRAN. Madam President, the Senator from Oklahoma offered an amendment No. 471 relating to the Embassy in Iraq. We have had a discussion of that amendment. I ask unanimous consent that it be in order to table the amendment, and I ask for the yeas and nays. And I ask unanimous consent that the vote be ordered to occur at 1:45.

The PRESIDING OFFICER. Without objection, it is so ordered.

Is there a sufficient second?

There appears to be a sufficient second. There is a sufficient second.

The yeas and nays were ordered.

Mr. COCHRAN. I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. BURR. Madam President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. BURR. Madam President, I ask unanimous consent to speak on another topic and ask that the time be charged.

The PRESIDING OFFICER. Without objection, it is so ordered.

(The remarks of Mr. BURR are printed in today's RECORD under ''MORNING BUSINESS.'')

Mr. BURR. I yield the floor.

The PRESIDING OFFICER. The Senator from Virginia is recognized.

AMENDMENT NO. 498

Mr. WARNER. Mr. President, I ask unanimous consent that the pending amendment be laid aside and amendment No. 498 be called up.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will report.

The legislative clerk read as follows:

The Senator from Virginia [Mr. WARNER] for himself, Mr. NELSON of Florida, Mr. ALLEN, and Mr. TALENT, proposes an amendment numbered 498.

Mr. WARNER. Mr. President, I ask unanimous consent that further reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: Relating to the aircraft carriers of the Navy)

On page 169, between lines 8 and 9, insert the following:

AIRCRAFT CARRIERS OF THE NAVY

SEC. 1122. (a) FUNDING FOR REPAIR AND MAINTENANCE OF U.S.S. JOHN F. KENNEDY.—Of the amount appropriated to the Department of the Navy by this Act, necessary funding will be made available for such repair and maintenance of the U.S.S. John F. Kennedy as the Navy considers appropriate to extend the life of U.S.S. John F. Kennedy.

(b) LIMITATION ON REDUCTION IN NUMBER OF ACTIVE AIRCRAFT CARRIERS.—No funds appropriated or otherwise made available by this Act may be obligated or expended to reduce the number of active aircraft carriers of the Navy below 12 active aircraft carriers until the later of the following:

(1) The date that is 180 days after the date of the submittal to Congress of the quadrennial defense review required in 2005 under section 118 of title 10, United States Code.

(2) The date on which the Secretary of Defense, in consultation with the Chairman of the Joint Chiefs of Staff, certifies to Congress that such agreements have been entered into to provide port facilities for the permanent forward deployment of such numbers of aircraft carriers as are necessary in the Pacific Command Area of Responsibility to fulfill the roles and missions of that Command, including agreements for the forward deployment of a nuclear aircraft carrier after the retirement of the current two conventional aircraft carriers.

(c) ACTIVE AIRCRAFT CARRIERS.—For purposes of this section, an active aircraft carrier of the Navy includes an aircraft carrier that is temporarily unavailable for worldwide deployment due to routing or scheduled maintenance.

Mr. WARNER. Mr. President, I inquire of the distinguished Presiding Officer, is this amendment germane?

The PRESIDING OFFICER. This amendment is germane.

Mr. WARNER. I thank the Chair. The amendment is germane; therefore, it can be made a part of the business pending before the Senate and, hopefully, it will be acted upon by a record vote and included as a part of the underlying bill. I will seek that at an appropriate time.

Mr. President, this is an amendment that follows on an amendment that I earlier put in on this bill, which understandably failed to meet the germaneness test, and therefore just early this morning it was stricken. Nevertheless, I have carefully crafted this, and now it is confirmed by the Parliamentarian that this amendment is germane.

This amendment applies to the question of the USS *John F. Kennedy*, a very famous and historic ship of the U.S. Navy, which recently was designated to be retired by the Department of Defense as a consequence of a restricted budget that was placed in the waning hours of the budget process on the Department of the Navy. Quite unexpectedly, the Department of the Navy departed from its steadfast opinions, published statements, and records that this Nation required 12 aircraft carriers in our fleet. It came as a complete surprise to the Congress. I didn't feel that we had any particular consultation. Nevertheless, the executive branch has the right to make budget decisions, so that history is behind us.

I believe it is imperative that the Congress—and now, at this time, the Senate—examine this situation and determine whether at this point in time this ship should be stricken from the

active force and designated for mothballs. I say that because the Department of Defense is well along in its Quadrennial Defense Review. The Congress has 180 days, once that is completed, to look at that report. Therefore, the purpose of this amendment is to say that this ship stays in the fleet in an active status until two things happen: the Department completes its Quadrennial Defense Review and the Congress has had 180 days to study the results of that review; and the Secretary of Defense certifies to the Congress that necessary agreements have been entered into with other nations to provide for the permanent forward deployment of aircraft carriers in the Pacific necessary to carry out the mission within the Pacific Command area of responsibility.

The reasons I am offering this amendment are simple. Congress has a constitutional role and mandate to maintain a navy. I will repeat that. Under the Constitution, we raise armies in time of need, but we maintain a navy. As I have heard many colleagues say—and I recently heard my colleague, Senator MCCAIN, speaking to a group—a warship really has two purposes. It has its underlying missions to deter aggression and, if necessary, to repel aggression, but it also has a very valuable role as a silent ambassador wherever it is beyond the shores of the United States. Particularly when the magnificence of an American ship is in a harbor beyond our shores, people from that country come from all over to take a look. It is a silent way of saying America is there to help protect freedom. It is called ship diplomacy. It is well documented in the long history of this country. We being, in many respects, an island nation, we have always depended upon our maritime arm of defense to play a role in diplomacy and, if necessary, to take up arms.

The funds for the *Kennedy*'s scheduled maintenance were authorized and appropriated in previous bills. Money to do the work that is necessary to keep this ship active in the fleet is in the coffers of the U.S. Navy today. For that reason, we are not trying to touch a single dollar that is in this bill. We will maintain the *Kennedy* in the fleet until 2018. The ship will be quite old; nevertheless, in the opinion of the sailors who sail it today and the sailors who will sail it tomorrow, it can be an effective ship and be counted upon as a full partner in the fleet of some 12 carriers.

All analyses presented to the Congress, to include the last two Quadrennial Defense Reviews, in 1997 and 2001, set the minimum number of aircraft carriers at 12. There has been no analysis to support reducing the aircraft carrier fleet to 11—that is, formal analysis. I realize there are working documents in the Department of the Navy, but I have not seen that type of analysis that I believed fully justified a decision of this importance. I think that analysis will be done in the forthcoming 2005 review.

Next, the reason the Department submitted the budget request with the decommissioning of an aircraft carrier was because the Navy was handed a budget cut in December, somewhat unexpectedly. The Navy's original budget submission included the *Kennedy*. I point that out. Throughout the budget process, that particular process, and the budget of the Department of Defense, the *Kennedy* was always included with the 12 carriers. Then, with the flick of a wrist and some very brief analysis I have seen, out she went.

The *Kennedy*, as I say, is in good material condition. In the words of the battle group commander who just returned on this ship from a 6-month deployment in support of Operation Iraqi Freedom in December, it is in ''outstanding material condition.''

With the scheduled decommissioning of the USS *Kitty Hawk* in fiscal year 2008, the *Kennedy* would be the only, assuming this amendment prevails, conventionally powered aircraft carrier available in the Pacific Command area of responsibility where there are nations that simply will not allow a nuclear warship to enter its waters.

Again, I believe Congress should now show its responsibility—I repeat, its responsibility—in making force structure decisions and go back and review what the Navy has done and say to the Department of the Navy: Not at this time should we be decommissioning this ship. We should await the normal processes of the QDR, the BRAC process, and other ongoing congressional and active procedures until such time, and then the decision can be made, in a balanced way, as to the fate of the carrier.

Mr. President, I thank my principal cosponsor, the distinguished Senator from Florida. We are joined in this matter by Senator ALLEN, Senator MARTINEZ, and Senator TALENT, who is chairman of the Armed Services Seapower Subcommittee. This is a bipartisan approach. It is not a political matter. We are simply here in the best interests of the Department of Defense and this country in suggesting strongly to our colleagues we should have a voice in this matter, and to do so, the Senator from Florida and I and others are bringing this amendment to the attention of the Senate.

I yield the floor.

The PRESIDING OFFICER (Mr. THUNE). The Senator from Florida.

Mr. NELSON of Florida. Mr. President, I express my personal appreciation to the senior Senator from Virginia, who has, just like the old Navy man he is, risen again to the call to duty of what he thinks is in the best defense interest of this country.

It is one thing for the senior Senator from Florida to make this argument when it is perceived as an argument in this Senator's parochial interest because the *John F. Kennedy* aircraft carrier is stationed in Mayport in Jacksonville. I could argue all of the specifics Senator WARNER has, and it would still be interpreted that it was the position of the Senator from Florida looking out for his constituency. Certainly, that is a part of my motivation. But a part of my motivation also is that in my title is ''United States Senator,'' and a very fortunate and proud member of the Senate Armed Services Committee, I am trying to make decisions that are in the best defense interests of our country.

That defense interest is clearly that we, the United States, must have a carrier homeported in Japan. We simply do not know, since it is not a decision of the central Government of Japan—it is a decision of the local municipal governments that influence the decision—whether they will be receptive to a nuclear-powered carrier. If some time between now and 2008, when the conventionally powered carrier, the *Kitty Hawk*, that is residing in Japan, is scheduled to be decommissioned, if at some time in that time period Japan says no to a nuclear carrier, suddenly we are without an aircraft carrier homeported in Japan.

I remind the Senate what the Chief of Naval Operations, the four-star chief admiral of the Navy, testified to before the Senate Armed Services Committee: With the rising threat of China, one carrier in Japan is worth a great deal to him as opposed to other carriers that are stationed elsewhere around the world.

If I could get the attention of the Senator from Virginia, I want him to hear my appreciation because he has, in his independent and expert judgment, come to this conclusion. He has stepped forth and offered this amendment so it would be led by the chairman of the Senate Armed Services Committee and many of his bipartisan membership who have joined with him.

Mr. President, I say to all Senators, listen to the chairman. He knows what he is talking about. Then on down the road, if because of new capabilities of ships we are able to lessen the carriers from 12 to 11, we will be in a position where we will not have this window of vulnerability for projecting our force structure in the Pacific area of operations.

I plead with the Senate. This should not be a fight. We ought to be listening to the chairman of the committee.

Mr. President, I yield the floor.

The PRESIDING OFFICER. The Senator from Virginia.

Mr. WARNER. Mr. President, I wonder if the time is appropriate for the Senator from Florida and me to ask for the yeas and nays on this amendment?

The PRESIDING OFFICER. Is there a sufficient second?

There appears to be a sufficient second.

The yeas and nays were ordered.

Mr. WARNER. Mr. President, I thank my distinguished colleague from Florida. I think other Senators desire to speak on this amendment. I yield to the good judgment and fair judgment of the senior members of the Appropriations Committee as to the timing of the vote on this amendment. I do urge Senators to come and express their views on this important issue.

Mr. President, I see the distinguished Senator from West Virginia. Therefore, I yield the floor.

The PRESIDING OFFICER. The Senator from West Virginia.

Mr. BYRD. Mr. President, I thank the distinguished Senator from Virginia, Mr. WARNER.

AMENDMENT NO. 516

Mr. BYRD. Mr. President, when Congress passed the USA PATRIOT Act in 2001, the Enhanced Border Security Act of 2002, and the Intelligence Reform and Terrorism Prevention Act of 2004, Congress recognized, on a bipartisan basis, the need to provide more people and more resources to patrol and secure our borders.

The PATRIOT Act called for tripling the number of Border Patrol agents and Immigration and Customs investigators on our northern border. The Enhanced Border Security Act called for an additional 200 investigators a year—on top of the PATRIOT Act increases—for fiscal years 2003 through 2006. The Intelligence Reform and Terrorism Prevention Act authorized the hiring of an additional 2,000 Border Patrol agents and 800 new ICE immigration investigators, and provided for another 2,000 detention bed spaces per year for 5 years. Together these laws reflect a consensus in the Congress that more needs to be done. But a consensus and a series of authorization bills produces only promises of progress, but promises do not make our borders more secure.

In written testimony before the Senate Intelligence Committee on February 16, the Department's then-Deputy Secretary, Admiral James Loy, cited recently received intelligence as the reason for his concern about the threat facing the Mexican border. He said the intelligence ''strongly suggest(s)'' that al-Qaida ''has considered using the Southwest border to infiltrate the United States. Several al-Qaida leaders believe operatives can pay their way into the country through Mexico and also believe illegal entry is more advantageous than legal entry for operational security reasons.''

On March 10, 2005, Secretary of State Condoleezza Rice said:

> There is no secret that al-Qaida will try to get into this country. . . . They're going to keep trying on our southern border. They're going to keep trying on our northern border.

In his December 6, 2004, letter to Congress urging final passage of the Intelligence Reform Act, the President said:

> I also believe the Conference took an important step in strengthening our immigration laws by, among other items, increasing the number of border patrol agents and detention beds.

Remarkably, despite the threat to our borders as enunciated by senior administration officials, despite the clear intent of Congress in three separate authorization laws, and despite the President's commendation of the intelligence reform conferees for increasing the number of Border Patrol agents and detention beds, the President included virtually nothing in his budget to actually hire and train those Border Patrol agents or to hire and train immigration investigators or to purchase or construct detention facilities for illegal aliens.

Our citizens are concerned about the security gaps along our borders. It has reached such a fever pitch in some locations that private groups, such as the self-proclaimed ''Minutemen,'' are banding together to form watch groups along the borders to act as additional ''eyes and ears'' and report suspicious border crossings to the Border Patrol for appropriate response. While perhaps not reaching the level of vigilante activity, this is a clear expression of the frustration felt by many citizens along the border areas that the Federal Government is asleep at the switch and failing to address a key Federal function.

Even our military is concerned about border security. According to an April 7 CNN report, Marines preparing for combat in Iraq or Afghanistan have lost significant amounts of training time because undocumented immigrants from Mexico have constantly wandered onto a bombing test range at the Marine Corps air station near Yuma, AZ. The range has been shut down more than 500 times over this past 6 months for a total of 1,100 training hours lost. Last year, more than 1,500 illegal immigrants were caught in the training area. In the first 3 months of this year, more than 1,100 have already been apprehended.

Today, I am offering a bipartisan amendment, cosponsored by Senator CRAIG of Idaho, that will fund the real work of securing our borders. The amendment provides $389.6 million for border security, and the amendment is paid for by reducing funding for diplomatic and consular programs the Department of State has indicated is not necessary until fiscal year 2006.

The amendment begins to address the security gap on our borders by funding the hiring of 650 new Border Patrol agents, and this number may fall short of the authorization goals set by the various acts, but it is a responsible level which Customs and Border Protection can meet in the coming months.

During an April 4, 2005, interview on C–SPAN's Washington Journal, Customs and Border Patrol Commissioner Robert Bonner said, ''The Border Patrol is almost . . . being overwhelmed by illegal immigration. This is like a sinking ship with a hole in it. You've got to plug the hole. You've got to stop the illegal migration into the United States. . . .''

The agency responsible for enforcing our immigration laws, known as Immigration and Customs Enforcement, ICE, has been forced to endure a hiring freeze and funding shortfall for more than a year. Vehicles are not being replaced. Body armor is not being purchased. Travel to pursue immigration investigations has been curtailed. ICE continues to lose personnel, and the agency has not been able to fill those positions because of a hiring freeze. Through the end of January alone, ICE lost a total of 299 personnel.

My amendment—and it is cosponsored by several senators—would give ICE the resources that are so vital to beginning the process of hiring and training the personnel it needs to enforce our immigration laws.

This amendment also provides funds for deploying unmanned aerial vehicles along the Southwest border. The Border Patrol has tested and operated, for a limited period of time this year, unmanned aerial vehicles, UAVs, along the Southwest border. Using funds provided to it by the Congress, the Border Patrol conducted successful tests using UAVs to assist in the surveillance and detection of individuals attempting to enter the U.S. illegally. The operation, known as the Arizona Border Control Initiative, used these drones to monitor and patrol a 350-mile long swath of the desert border. More than 350,000 illegal immigrants crossing into the U.S. were apprehended during the operation. Regrettably, this program was shut down on January 31 of this year. The funds provided in this amendment would allow for the immediate resumption of these surveillance and detection operations.

Finally, the amendment includes funds for the Federal Law Enforcement Training Center Border Patrol Academy in Artesia, NM, to train the new personnel.

The case for this amendment is clear; the need for it is critical; and the support for it should be bipartisan. This amendment is focused and targeted to address key border security shortfalls. The Border Patrol's role is to apprehend those illegally entering this country. They also work with ICE investigators to crack down on illegal immigration. They then turn over those who are here illegally to ICE, which needs the detention bed space and to deportation officials to hold, process, and then remove these individuals.

We must start now. This cannot wait.

The job of our immigration officers is staggering, and their resources are meager.

Along the 2,000 miles of land border with Mexico, the United States has deployed only 1,700 agents at any given time. That is one agent, just one, guarding more than one mile of border.

Of the 10 million illegal aliens in the country, 2,000 interior enforcement agents are charged with locating and arresting them. That is one agent, just one, charged with locating and arresting 5,000 illegal aliens.

Of the 10,000 border patrol agents authorized in the Intelligence Reform and Terrorism Prevention Act, the President's budget included funds to hire just 210. Of the 4,000 interior enforcement agents authorized, the President's budget included funds to hire only 500 of them. Of the 40,000 detention beds authorized, the President's budget included funding for a mere 5 percent of them. However, in every case, the very modest proposed increases for 2006 will barely make up for the 137 border patrol positions lost during the first two quarters of fiscal year 2005, the 299 ICE personnel lost and the 2,000 detention beds that do not exist, for lack of funding.

We ask how and why illegal aliens continue to pour into our country, and the answer lies in every border patrol increase we do not fund, every agent we do not hire, and every illegal alien we release due to lack of detention space.

This is our opportunity to reverse that sorry record. This is our opportunity to strengthen our border defenses. This is our opportunity to support a substantive, concrete effort to address the alarming rise in illegal immigration.

Sir Edward Coke wrote that a man's house is his castle, for where shall a man be safe if not in his own home?

The United States is home to 296 million people. They, by right, demand that their Government secure their castle against the unknown threat seeking to infiltrate its sanctuary.

I urge adoption of the amendment. It is cosponsored by Senators CRAIG, BAUCUS, DORGAN, LIEBERMAN, OBAMA, LEAHY and FEINSTEIN.

I yield the floor.

The PRESIDING OFFICER. The Senator from Wyoming.

Mr. THOMAS. I ask unanimous consent to speak as in morning business for 3 minutes.

The PRESIDING OFFICER. Without objection, it is so ordered.

(The remarks of Mr. THOMAS are printed in today's RECORD under ''Morning Business.'')

The PRESIDING OFFICER. The Senator from Alaska.

Mr. STEVENS. Mr. President, we will soon have a time for a recorded vote. I will yield the floor at the appropriate time, if the Chair will notify me when it is time to start that vote.

Mr. President, there are a series of amendments now that have been filed on this bill to earmark money in the portion of the supplemental dealing with Defense. Our subcommittee and the full Appropriations Committee did not earmark any money in the Defense portion of this bill. It was my position and the position of the Senator from Hawaii, Mr. INOUYE, that this is, after all, supplemental money on an emergency basis to deal with the problems of those who are in combat now: Iraq and Afghanistan and the war against terror.

We have urgent needs of those people. This money must be approved and must be available to them no later than the first week in May. Under those circumstances, I have come to the floor to tell the Senate now we are going to oppose any amendment that would earmark money in this bill.

There are some legitimate desires here on the floor for the Department to spend some of the money it has for specific purposes. I think a sense-of-the-Senate resolution in most of those instances would call that matter to the attention of the Department, and to a great extent I believe the Department would follow the suggestion of the Senate—of the Congress, if you want to make it a sense-of-the-Congress, as an amendment to this bill. We can change the amendments into a sense-of-the-Senate concept. But we cannot start taking these amendments. We turned down the amendments that came to us in subcommittee. We turned down the amendments that came to us in markup in the subcommittee. We turned down the amendments when they came to the full committee. Now to have them come to the floor in a cloture situation I think exacerbates the situation.

This is to say it is my intention to move to table any amendment that will attempt to earmark money in this bill or elsewhere for nonemergency purposes. I know of none of them I have seen that are emergencies that have been filed on this bill. But I assure the Senate we are sympathetic to many of the amendments. As a matter of fact, I think I may have cosponsored one or two of them myself in connection with previous bills, the annual appropriations bills for Defense.

But this is a supplemental. It is primarily designed to provide emergency funds. This is not the time for us to be taking up policy questions that should be addressed in the authorization bill or amendments that should be offered to the bills when we bring the bills out of the committee dealing with fiscal year 2006.

I believe it is almost time for the vote that is scheduled. Again, I urge my friends who have offered these amendments to stay on the floor and discuss them with us. Again, I say, many of them are very well intentioned. I personally would support them in many circumstances, but I cannot in good conscience do that now. We should take this bill as clean as possible to conference and get it out of conference as quickly as possible.

I yield the floor.

The PRESIDING OFFICER. Under the previous order, the question now is on agreeing to the motion to table the Coburn amendment No. 471. The yeas and nays have been ordered. The clerk will call the roll.

The bill clerk called the roll.

Mr. DURBIN. I announce that the Senator from Vermont (Mr. JEFFORDS) is necessarily absent.

The PRESIDING OFFICER (Mr. SUNUNU). Are there any other Senators in the Chamber desiring to vote?

The result was announced—yeas 54, nays 45, as follows:

[Rollcall Vote No. 104 Leg.]

YEAS—54

Akaka	Durbin	Murkowski
Alexander	Feinstein	Murray
Allard	Frist	Nelson (FL)
Allen	Hagel	Reed
Baucus	Hutchison	Reid
Bennett	Inouye	Roberts
Biden	Johnson	Rockefeller
Bingaman	Kerry	Salazar
Bond	Landrieu	Santorum
Burns	Lautenberg	Shelby
Cantwell	Leahy	Smith
Cochran	Levin	Snowe
Coleman	Lieberman	Specter
Corzine	Lugar	Stabenow
Dayton	Martinez	Stevens
DeWine	McCain	Talent
Dole	McConnell	Voinovich
Domenici	Mikulski	Warner

NAYS—45

Bayh	Crapo	Kohl
Boxer	DeMint	Kyl
Brownback	Dodd	Lincoln
Bunning	Dorgan	Lott
Burr	Ensign	Nelson (NE)
Byrd	Enzi	Obama
Carper	Feingold	Pryor
Chafee	Graham	Sarbanes
Chambliss	Grassley	Schumer
Clinton	Gregg	Sessions
Coburn	Harkin	Sununu
Collins	Hatch	Thomas
Conrad	Inhofe	Thune
Cornyn	Isakson	Vitter
Craig	Kennedy	Wyden

NOT VOTING—1

Jeffords

The motion was agreed to.

Mr. COCHRAN. Mr. President, I move to reconsider the vote by which the motion to table was agreed to.

Mr. STEVENS. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

(The remarks of Mr. LEAHY, Mr. REID, and Mr. BAUCUS are printed in today's RECORD under ''Morning Business.'')

The PRESIDING OFFICER. The Senator from Alabama is recognized.

AMENDMENT NO. 466

Mr. SHELBY. Mr. President, I call up amendment No. 466 and ask for its immediate consideration.

The PRESIDING OFFICER. Without objection, the pending amendments are laid aside.

The clerk will report.

The legislative clerk read as follows:

The Senator from Alabama [Mr. SHELBY], for himself, and Mr. DORGAN, proposes amendment numbered 466.

Mr. SHELBY. Mr. President, I ask unanimous consent that further reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To provide for a refundable wage differential credit for activated military reservists)

On page 169, between lines 8 and 9, insert the following:

REFUNDABLE WAGE DIFFERENTIAL CREDIT FOR ACTIVATED MILITARY RESERVISTS

SEC. 1122. (a) IN GENERAL.—Subpart C of part IV of subchapter A of chapter 1 of the Internal Revenue Code of 1986 is amended by redesignating section 36 as section 37 and by inserting after section 35 the following new section:

"SEC. 36. WAGE DIFFERENTIAL FOR ACTIVATED RESERVISTS.

''(a) IN GENERAL.—In the case of a qualified reservist, there shall be allowed as a credit against the tax imposed by this subtitle an amount equal to the qualified active duty wage differential of such qualified reservist for the taxable year.

''(b) QUALIFIED ACTIVE DUTY WAGE DIFFERENTIAL.—For purposes of this section—

''(1) IN GENERAL.—The term 'qualified active duty wage differential' means the daily wage differential of the qualified active duty reservist multiplied by the number of days such qualified reservist participates in qualified reserve component duty during the taxable year, including time spent in a travel status.

''(2) DAILY WAGE DIFFERENTIAL.—The daily wage differential is an amount equal to the lesser of—

''(A) the excess of—

''(i) the qualified reservist's average daily qualified compensation, over

''(ii) the qualified reservist's average daily military pay while participating in qualified reserve component duty to the exclusion of the qualified reservist's normal employment duties, or

''(B) $54.80.

''(3) AVERAGE DAILY QUALIFIED COMPENSATION.—

''(A) IN GENERAL.—The term 'average daily qualified compensation' means—

''(i) the qualified compensation of the qualified reservist for the one-year period ending on the day before the date the qualified reservist begins qualified reserve component duty, divided by

''(ii) 365.

''(B) QUALIFIED COMPENSATION.—The term 'qualified compensation' means—

''(i) compensation which is normally contingent on the qualified reservist's presence for work and which would be includible in gross income, and

''(ii) compensation which is not characterized by the qualified reservist's employer as vacation or holiday pay, or as sick leave or pay, or as any other form of pay for a nonspecific leave of absence.

''(4) AVERAGE DAILY MILITARY PAY AND ALLOWANCES.—

''(A) IN GENERAL.—The term 'average daily military pay and allowances' means—

''(i) the amount paid to the qualified reservist during the taxable year as military pay and allowances on account of the qualified reservist's participation in qualified reserve component duty, determined as of the date the qualified reservist begins qualified reserve component duty, divided by

''(ii) the total number of days the qualified reservist participates in qualified reserve component duty during the taxable year, including time spent in travel status.

''(B) MILITARY PAY AND ALLOWANCES.—The term 'military pay' means pay as that term is defined in section 101(21) of title 37, United States Code, and the term 'allowances' means the allowances payable to a member of the Armed Forces of the United States under chapter 7 of that title.

''(5) QUALIFIED RESERVE COMPONENT DUTY.—The term 'qualified reserve component duty' means—

''(A) active duty performed, as designated in the reservist's military orders, in support of a contingency operation as defined in section 101(a)(13) of title 10, United States Code, or

''(B) full-time National Guard duty (as defined in section 101(19) of title 32, United States Code) which is ordered pursuant to a request by the President, for a period under 1 or more orders described in subparagraph (A) or (B) of more than 90 consecutive days.

''(c) QUALIFIED RESERVIST.—For purposes of this section—

''(1) IN GENERAL.—The term 'qualified reservist' means an individual who is engaged in normal employment and is a member of—

''(A) the National Guard (as defined by section 101(c)(1) of title 10, United States Code), or

''(B) the Ready Reserve (as defined by section 10142 of title 10, United States Code).

''(2) NORMAL EMPLOYMENT.—The term 'normal employment duties' includes self-employment.

''(d) DISALLOWANCE WITH RESPECT TO PERSONS ORDERED TO ACTIVE DUTY FOR TRAINING.—No credit shall be allowed under subsection (a) to a qualified reservist who is called or ordered to active duty for any of the following types of duty:

''(1) Active duty for training under any provision of title 10, United States Code.

''(2) Training at encampments, maneuvers, outdoor target practice, or other exercises under chapter 5 of title 32, United States Code.

''(3) Full-time National Guard duty, as defined in section 101(d)(5) of title 10, United States Code.

''(e) CREDIT INCLUDED IN GROSS INCOME.—Gross income includes the amount of the credit allowed the taxpayer under this section.''.

(b) CONFORMING AMENDMENTS.—

(1) Paragraph (2) of section 1324(b) of title 31, United States Code, is amended by inserting before the period '', or from section 36 of such Code''.

(2) The table of sections for subpart C of part IV of chapter 1 of the Internal Revenue Code of 1986 is amended by striking the last item and inserting the following new items:

''Sec. 36. Wage differential for activated reservists.

''Sec. 37. Overpayments of tax.''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years beginning after December 31, 2004.

Mr. SHELBY. Mr. President, I ask unanimous consent to add Senator DORGAN as a cosponsor.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. SHELBY. Mr. President, I rise this afternoon to speak about this amendment because I believe it is very important to our Reserve and Guard units who have been called upon to serve their country during this time of war.

This amendment is based on a bill I introduced last month with Senator DORGAN. It provides a financial safety net for the families of our service members proudly serving in our Nation's military Reserve and National Guard.

Today, our National Guard and Reserve units are being called upon, as you well know, more than ever and are being asked to serve their country in a very different way than they have in the past. The global war on terror and the high operational tempo of our military require that our Reserve components play a more active role in the total force.

These long tours and frequent activations have a profound and disruptive effect on the lives of these men and women and on the lives of their families and loved ones. Many of our reservists suffer significant loss of income when they are mobilized, forcing them to leave often higher paying civilian jobs to serve their country. Such losses can be compounded by additional family expenses associated with military activation, including the cost of long distance phone calls and the need for additional childcare. These circumstances create a serious financial burden that is extremely difficult for reservists' families to manage.

I believe we can and we should do more to alleviate the financial burden; therefore, the amendment I am discussing this afternoon would provide a completely refundable income tax credit of up to $20,000 annually to a military reservist called to active duty. The amount of the tax credit would be based upon the difference between wages paid by the reservist's civilian job and the military wages paid upon mobilization. The tax credit would be available to members of the National Guard or Ready Reserve who are serving for more than 90 days and would vary according to their length of service.

Now is the time to recognize the service and sacrifice of the men and women in the Guard and Reserves. I believe the Congress should focus on this issue. It is important to thousands of service members who are serving their country and their families who are struggling financially.

Mr. President, I recognize that the emergency supplemental before us today may not be the best place to begin a discussion about this subject, so I urge my colleagues on the Senate Armed Services Committee and the Finance Committee to not only study but to work with me and Senator DORGAN to act on this issue this year. This is very important to thousands and thousands of families in this country.

At a time when the Nation is calling our guardsmen and reservists to active duty to execute the war in Iraq, fight the war on terrorism, and to defend our homeland, I believe it is imperative that Congress recognize their vital role and acknowledge that the success of our military depends on these troops. It is not too much to ask of our Nation and, more importantly, I believe it is the right thing to do.

AMENDMENT NO. 466, WITHDRAWN

Mr. President, I want to withdraw my amendment because I don't think this is the proper place for it on the supplemental, but it is the proper place to begin the debate in the Senate. I ask unanimous consent to withdraw my amendment.

The PRESIDING OFFICER. Without objection, the amendment is withdrawn.

The PRESIDING OFFICER. The Senator from Arkansas is recognized.

AMENDMENT NO. 481

Mrs. LINCOLN. Mr. President, first, I withdraw a pending amendment, No. 481, which I offered earlier in this debate.

The PRESIDING OFFICER. Without objection, the amendment is withdrawn.

AMENDMENT NO. 482

Mrs. LINCOLN. Mr. President, I call up my amendment 482.

The PRESIDING OFFICER. Without objection, the pending amendment is set aside.

The clerk will report.

The assistant legislative clerk read as follows:

The Senator from Arkansas [Mrs. LINCOLN], for herself and Mr. PRYOR, proposes an amendment numbered 482.

Mrs. LINCOLN. Mr. President, I ask unanimous consent that further reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To require a report assessing the feasibility and advisability of implementing for the Army National Guard a program similar to the Post Deployment Stand-Down Program of the Air National Guard)

On page 169, between lines 8 and 9, insert the following:

REPORT ON IMPLEMENTATION OF POST DEPLOYMENT STAND-DOWN PROGRAM BY ARMY NATIONAL GUARD

SEC. 1122. Not later than 60 days after the date of the enactment of this Act, the Secretary of the Army shall submit to the congressional defense committees a report containing the assessment of the Secretary of the feasibility and advisability of implementing for the Army National Guard a program similar to the Post Deployment Stand-Down Program of the Air National Guard. The Secretary of the Army shall prepare the assessment in consultation with the Secretary of the Air Force.

Mrs. LINCOLN. Mr. President, I ask unanimous consent that I may add Senator PRYOR as a cosponsor of this amendment.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mrs. LINCOLN. Mr. President, first of all, I compliment Chairman COCHRAN for all of his hard work on this bill, and I appreciate so many of the Members who I have been able to work with for a better understanding in how we approach the ability we have to help our service men and women. That is exactly the intention of my amendment—to provide the Army the ability to study some of the tools that are used in other branches of the armed services in order to be able to provide the correct direction on the leave policies that they have.

We all certainly share our pride and our gratitude for the service men and women from our Guard units and Reserve units in our home States who have portrayed such courage and dedication to our Nation and to the freedoms for which they fight. As they return, we want to ensure that every opportunity is made available to them, and certainly we want to give them everything they need to readjust and transition back into their communities. So I am delighted to be able to offer this study. It is giving the Army National Guard the opportunity to study what the Air National Guard and Air Force do in their leave policy. I hope we can do more with the leave policy of our Guard and Reserve as they return home.

I appreciate the work the chairman has done. I look forward to the opportunity to be able to move our amendment forward. We got an OK from our side and, apparently, got the OK from the other side. Hopefully, we can move it forward.

Thank you, Mr. President.

The PRESIDING OFFICER. The Senator from Idaho is recognized.

Mr. CRAIG. It is my understanding that the Senator's amendment is before the Senate at this time. Would she object to it being set aside for the purpose of the consideration of another amendment?

Mr. COCHRAN. Mr. President, I suggest we adopt the amendment offered by the Senator from Arkansas on a voice vote.

The PRESIDING OFFICER. Is there objection to the request of the Senator from Mississippi?

If not, the question is on agreeing to amendment No. 482, offered by the Senator from Arkansas.

The amendment (No. 482) was agreed to.

Mr. COCHRAN. I move to reconsider the vote.

Mr. CRAIG. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

The PRESIDING OFFICER. The Senator from Idaho.

AMENDMENT NO. 475

Mr. CRAIG. Mr. President, I call up amendment No. 475 and ask for its immediate consideration.

The PRESIDING OFFICER. The clerk will report.

The assistant legislative clerk read as follows:

The Senator from Idaho [Mr. CRAIG], for himself, Mr. BAUCUS, Mr. ROBERTS, and Mr. ENZI, proposes an amendment numbered 475.

Mr. CRAIG. Mr. President, I ask unanimous consent that the reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To limit the use of funds to restrict the issuance of general licenses for travel to Cuba in connection with authorized sales activities, and for other purposes)

On page 231, between lines 3 and 4, insert the following:

SEC. 6047. (a) Notwithstanding any other provision of this Act, beginning in fiscal year 2005 and thereafter, none of the funds made available by this Act shall be used to pay the salaries or expenses of any employee of any agency or office to implement or enforce section 908(b)(1)(A) of the Trade Sanctions Reform and Export Enhancement Act of 2000 (22 U.S.C. 7207(b)(1)(A)) or any other provision of law in a manner other than a manner that permits payment by the purchaser of an agricultural commodity or product to the seller, and receipt of the payment by the seller, at any time prior to—

(1) the transfer of the title of the commodity or product to the purchaser; and

(2) the release of control of the commodity or product to the purchaser.

(b) Notwithstanding any other provision of this Act, beginning in fiscal year 2005 and thereafter, none of the funds made available by this Act shall be used to pay the salaries or expenses of any employee of any agency or office that refuses to authorize the issuance of a general license for travel-related transactions listed in subsection (c) of section 515.560 of title 31, Code of Federal Regulations, for travel to, from, or within Cuba undertaken in connection with sales and marketing, including the organization and participation in product exhibitions, and the transportation by sea or air of products pursuant to the Trade Sanctions Reform and Export Enhancement Act of 2000.

(c) Notwithstanding any other provision of this Act, beginning in fiscal year 2005 and thereafter, none of the funds made available by this Act shall be used to pay the salaries or expenses of any employee of any agency or office that restricts the direct transfers from a Cuban financial institution to a United States financial institution executed in payment for a product authorized for sale under the Trade Sanctions Reform and Export Enhancement Act of 2000.

Mr. CRAIG. Mr. President, this amendment is very straightforward. Its purpose is to limit the use of funds to restrict the issuance of general licenses for travel to Cuba in connection with authorized sales activities and for other purposes.

This amendment responds specifically to an action by the Department of Treasury in a new rulemaking process that dramatically curtails the potential of agricultural trade with the

nation of Cuba. A group of us—one of my colleagues who is on the Senate floor, MAX BAUCUS, and others—sent a letter to our Secretary of Agriculture. We know agricultural trade is extremely important for American agriculture. Last year, there was a surplus of $9.5 billion. That is going to drop precipitously this year to as much as $2.5 billion.

Trade with Cuba has been growing. This amendment dramatically restricts that trade by the unwillingness of the Treasury Department to offer the necessary licenses for agricultural traders to travel to Cuba for that purpose.

I hope we can consider it. It is very straightforward. I understand my colleague from Montana has a second-degree amendment.

The PRESIDING OFFICER. The Senator from Montana.

AMENDMENT NO. 549 TO AMENDMENT NO. 475

Mr. BAUCUS. Mr. President, I call up amendment No. 549, an amendment in the second degree.

The PRESIDING OFFICER. The clerk will report.

The assistant legislative clerk read as follows:

The Senator from Montana [Mr. BAUCUS], for himself and Mr. CRAIG, proposes an amendment numbered 549 to amendment No. 475.

Mr. BAUCUS. Mr. President, I ask unanimous consent that the reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To clarify the terms of payment under the Trade Sanctions Reform and Export Enhancement Act of 2000)

Strike all after ''Sec.'', and insert the following:

6407. CLARIFICATION OF PAYMENT TERMS UNDER TRADE SANCTIONS REFORM AND EXPORT ENHANCEMENT ACT OF 2000.

(a) IN GENERAL.—Section 908(b)(1) of the Trade Sanctions Reform and Export Enhancement Act of 2000 (22 U.S.C. 7207(b)(1)) is amended by inserting after subparagraph (B) the following:

''(C) Notwithstanding any other provision of law, the term 'payment of cash in advance' means the payment by the purchaser of an agricultural commodity or product and the receipt of such payment by the seller prior to—

''(i) the transfer of title of such commodity or product to the purchaser; and

''(ii) the release of control of such commodity or product to the purchaser.''.

(b) EFFECTIVE DATE.—The amendment made by this section shall apply to sales of agricultural commodities made on or after February 22, 2005.

AMENDMENT NO. 549, AS MODIFIED

Mr. BAUCUS. Mr. President, I have a modification to my amendment. It changes the effective date. I ask unanimous consent that the amendment be modified with the text I send to the desk.

The PRESIDING OFFICER. Is there objection? Without objection, it is so ordered.

The amendment, as modified, is as follows:

Strike all after ''Sec.'', and insert the following:

6407. CLARIFICATION OF PAYMENT TERMS UNDER TRADE SANCTIONS REFORM AND EXPORT ENHANCEMENT ACT OF 2000.

(a) IN GENERAL.—Section 908(b)(1) of the Trade Sanctions Reform and Export Enhancement Act of 2000 (22 U.S.C. 7207(b)(1)) is amended by inserting after subparagraph (B) the following:

''(C) Notwithstanding any other provision of law, the term 'payment of cash in advance' means the payment by the purchaser of an agricultural commodity or product and the receipt of such payment by the seller prior to—

''(i) the transfer of title of such commodity or product to the purchaser; and

''(ii) the release of control of such commodity or product to the purchaser.''.

(b) EFFECTIVE DATE.—The amendment made by this section shall apply to sales of agricultural commodities made on or after October 28, 2000.

Mr. BAUCUS. Mr. President, this is an amendment which I think is agreeable all the way around. It addresses the basic problem we are facing where the U.S. Government is essentially changing the rules of the game. I hope the Senate will adopt this amendment so we can overturn the Treasury Department ruling.

This is for farmers, this is for ranchers, this is for agricultural cooperatives, and this is for shipping companies and port authorities around our country. It is not only my State of Montana but Mississippi, Alaska, Alabama, and others. Farmers in all of our States are looking for new markets. That is clear. They are asking Congress to expand current markets and open up new markets overseas, including the country of Cuba.

Last year alone, Cuba was worth $400 billion of U.S. agricultural exports, making it the 25th agricultural export market. This amendment I worked on with Senator CHAMBLISS and Senator CRAIG would overturn a recent Treasury Department rule that restricts the payment terms of agricultural sales to Cuba. That rule cuts across $200 million worth of open contracts, including sales of Montana wheat and beans.

These contracts are now on hold. The shipments cannot be made. Why? Because of the recent Treasury ruling which we all think has gone way beyond the intent of legislation. I do not think we should sit idly by as Government bureaucrats down at Treasury try to shut down a promising export market that, again, Congress purposely opened.

Congress, in the 2000 act, opened trade to Cuba for agriculture and medicine on a cash basis. This amendment does nothing to change that. It makes sure we live up to that intent. Congress purposely opened the market of Cuba to U.S. exporters when it passed the Trade Sanctions and Export Enhancement Act of 2000. While I think there is a lot more we can do and should do to make our exporters more competitive in the Cuban market, this amendment does nothing more than deal with the emergency they are now experiencing.

Agricultural trade with Cuba will remain on a one-way cash basis only. We do not seek to change that here. But why should we turn down opportunities to sell even on a cash basis from Cuba? We should not. Producers, port authorities, and shipping companies alike urgently need this rule overturned if they are going to remain competitive in the Cuban market.

I remind my colleagues, every other country in the world freely ships products to Cuba. We are the only country in the world that is restricted. Other countries' trade is some indication we should perhaps trade as well. This amendment does not deal with lifting the travel ban. It does not deal with the embargo or anything else, except it makes clear the act we passed in the year 2000 is lived up to. That is all this is.

Our farmers and ranchers face mounting pressures of a tricky trade surplus. We should be working to open, not close, export markets with them.

I thank my colleagues for working this out. I see Senator CHAMBLISS in the Chamber. I thank him and I thank Senator CRAIG. I thank the chairman of the Appropriations Committee, Senator COCHRAN, and others who are trying to make sure our agricultural producers are able to get markets they justly deserve.

I yield the floor.

The PRESIDING OFFICER. The Senator from Georgia.

Mr. CHAMBLISS. Mr. President, I rise in support of this amendment and the second-degree amendment thereto. I thank my friend from Montana, Senator BAUCUS, as well as Senator CRAIG from Idaho. All three worked very hard to come to a compromise on this very sensitive issue.

What we are doing is basically restoring the normal trade discourse between our two countries to what it was before this change in a regulation that occurred about 2 months ago. We think the regulation does not state what Congress intended with the act that was passed 4 years ago.

Mr. President, 4 years ago, we did pass the Trade Sanctions Reform and Export Enhancement Act which allows sales of food and medicine only to Cuba for the first time in nearly four decades. The act did not signal an end to the embargo, exactly as Senator BAUCUS said, or efforts to do so but merely exempted food and medicine from unilateral sanctions that harm populations.

U.S. exporters require payment before turning over title and control of the goods. That is a standard operating procedure in the shipping business. The exporters routinely ship U.S. goods to

Cuba where they remain under the custody of the seller until such time as the seller certifies full payment. Only then are goods released to Cuba. At no time is credit extended in any form to Cuba. I cannot overemphasize that because that is exactly what the act requires.

This standard method of doing business has been in practice since sales to Cuba began. This amendment will overturn OFAC's new definition of ''cash in advance.'' The legislation allows exporters to resume normal trading and does not include any extraneous provisions that are unrelated to the immediate problem.

I again thank my colleagues for working on this issue and coming to a good resolution to return to the way trading was done prior to the arbitrary change in the regulation by OFAC. I thank Senator COCHRAN for his cooperation in letting us get this to the Senate floor.

I yield the floor.

The PRESIDING OFFICER. The Senator from Idaho.

Mr. CRAIG. Mr. President, I strongly support the second-degree amendment. I think it has been well spoken by the ranking member of the Finance Committee, Senator BAUCUS. He has detailed exactly what we intend to do. The chairman of the Senate Agriculture Committee has echoed that very clearly. I support reinstating the 2000 act, in its clarity, in its simplicity, to allow agricultural and medical supply trade with Cuba. To see that changed by a regulatory process in the Treasury Department was not, nor is it, in my opinion, the intent of Congress.

I thank my colleagues for their collective effort in reinstating this issue.

The PRESIDING OFFICER. Is there further debate on the second degree amendment? If not, the question is on agreeing to amendment No. 549, as modified.

The amendment (No. 549), as modified, was agreed to.

The PRESIDING OFFICER. The question now is on agreeing to amendment No. 475, as amended.

Mr. COCHRAN. Mr. President, reserving the right to object.

The PRESIDING OFFICER. The Senator from Mississippi.

Mr. COCHRAN. I have been notified that there is a Senator who wants to be heard on the issue of germaneness on this amendment—or on the issue itself.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. DURBIN. Mr. President, I ask unanimous consent the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 443

Mr. DURBIN. I ask the pending amendment be set aside temporarily to consider my pending amendment No. 443.

The PRESIDING OFFICER. Is there objection to setting aside the pending amendment? Without objection, the amendment is set aside.

The Senator from Illinois.

Mr. DURBIN. I urge the adoption of amendment No. 443.

The PRESIDING OFFICER. Without objection, the amendment is called up.

The question is on agreeing to the amendment.

The amendment (No. 443) was agreed to.

Mr. COCHRAN. Mr. President, I move to reconsider the vote.

Mr. DURBIN. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. DURBIN. Mr. President, at this point I return to the pending amendment subject to the wishes of the chairman—the previous pending amendment.

I suggest the absence of a quorum.

The PRESIDING OFFICER (Mr. MARTINEZ). The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. COCHRAN. Mr. President, I ask unanimous consent the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. COCHRAN. Mr. President, I ask unanimous consent that at 3:15 today the Senate proceed to votes in relation to the following amendments; provided further that no second-degree amendment also be in order to the amendments prior to the vote: the Byrd amendment No. 516 on border security, the Warner amendment No. 498 on carriers; further, that there be 2 minutes of debate equally divided prior to each vote.

The PRESIDING OFFICER. Is there objection?

Ms. LANDRIEU. Reserving the right to object, is there any objection to add to that list the Landrieu amendments Nos. 414 and 479?

Mr. COCHRAN. Mr. President, those amendments have not been offered yet. These are amendments that have been offered and debated. We are simply proceeding to dispose of them.

Ms. LANDRIEU. Reserving the right to object, I would like to add after that vote Senator LANDRIEU would be allowed to take up amendments Nos. 414 and 479.

Mr. COCHRAN. Mr. President, I add that as part of the unanimous consent request.

The PRESIDING OFFICER. Is there objection? The request is so modified.

Without objection, it is so ordered.

Mr. STEVENS. Mr. President, Senator WARNER has offered an amendment relating to delaying the decommissioning of the *John F. Kennedy* aircraft carrier CV–67. Is that the pending amendment?

AMENDMENT NO. 516

The PRESIDING OFFICER. The pending amendment is the Byrd amendment, No. 516.

Mr. STEVENS. Is the Warner amendment scheduled for a vote?

The PRESIDING OFFICER. The Byrd amendment is scheduled to follow the Warner amendment.

Mr. STEVENS. I ask unanimous consent the vote on the Warner amendment be scheduled to accompany the next vote requested by the Senate. I have been unable to make the statement I wanted to make on this amendment. I have been taken away for several other problems. I don't know when the next vote will be scheduled. But I do wish some time to discuss the amendment.

The PRESIDING OFFICER. A vote is currently scheduled on the Warner amendment.

Mr. STEVENS. I ask unanimous consent that be postponed until the next amendment that is scheduled.

The PRESIDING OFFICER. Is there objection? Without objection, it is so ordered.

Mr. STEVENS. Mr. President, do I have a couple of minutes before the vote?

The PRESIDING OFFICER. There are 2 minutes equally divided before the vote on the Byrd amendment.

Who yields time?

Mr. STEVENS. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. COCHRAN. Mr. President, I ask unanimous consent that the order for the quorum call be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. COCHRAN. Mr. President, I ask for the yeas and nays on the Byrd amendment.

The PRESIDING OFFICER. The yeas and nays were previously ordered.

The question is on agreeing to the amendment. The clerk will call the roll.

The legislative clerk called the roll.

Mr. DURBIN. I announce that the Senator from Vermont (Mr. JEFFORDS) is necessarily absent.

The PRESIDING OFFICER. Are there any other Senators in the Chamber desiring to vote?

The result was announced—yeas 65, nays 34, as follows:

[Rollcall Vote No. 105 Leg.]

YEAS—65

Akaka	Chambliss	Domenici
Baucus	Clinton	Dorgan
Bayh	Coburn	Durbin
Biden	Conrad	Feingold
Bingaman	Cornyn	Feinstein
Boxer	Corzine	Grassley
Bunning	Craig	Gregg
Byrd	Crapo	Harkin
Cantwell	Dayton	Hutchison
Carper	Dodd	Inhofe

Inouye	Lincoln	Santorum
Isakson	Mikulski	Sarbanes
Johnson	Murray	Schumer
Kennedy	Nelson (FL)	Sessions
Kerry	Nelson (NE)	Snowe
Kohl	Obama	Stabenow
Kyl	Pryor	Sununu
Landrieu	Reed	Talent
Lautenberg	Reid	Thune
Leahy	Roberts	Vitter
Levin	Rockefeller	Wyden
Lieberman	Salazar	

NAYS—34

Alexander	DeMint	McCain
Allard	DeWine	McConnell
Allen	Dole	Murkowski
Bennett	Ensign	Shelby

Burns	Graham	Stevens
Burr	Hagel	Thomas
Chafee	Hatch	Voinovich
Cochran	Lott	Warner
Coleman	Lugar	
Collins	Martinez	

NOT VOTING—1

Jeffords

The amendment (No. 516) was agreed to.

Mr. COCHRAN. Mr. President, I move to reconsider the vote by which the amendment was agreed to.

Mr. STEVENS. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

The PRESIDING OFFICER. The Senator from Alaska.

Mr. STEVENS. Mr. President, I yield to the Senator from West Virginia.

Mr. BYRD. Mr. President, I ask unanimous consent that the name of Senator BINGAMAN be added as a cosponsor of the amendment just agreed to.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 498

Mr. STEVENS. Mr. President, is the Warner amendment the pending amendment?

The PRESIDING OFFICER. That had been the pending amendment. The Senator obtained consent to postpone its consideration.

Mr. STEVENS. I have come to the Senate to oppose this amendment.

The PRESIDING OFFICER. There were to be 2 minutes equally divided at this time on the Warner amendment.

Mr. STEVENS. Mr. President, I have not had the opportunity to speak on this amendment. I seek to oppose it.

I ask unanimous consent that we have 15 minutes on each side on this amendment.

Mr. WARNER. Mr. President, I wish to oblige the distinguished chairman. May I hear the request again.

Mr. STEVENS. I asked unanimous consent that we have 15 minutes on each side, and I intend to oppose the amendment. I assume the Senator from Virginia would have another 15 minutes on the amendment.

Mr. WARNER. I am perfectly agreeable to an equal division of the time. If the Senator needs 15, we have had the opportunity, Senator NELSON, myself, and others, and I believe the Presiding Officer may wish to speak, and Senator ALLEN. So that is agreeable.

The PRESIDING OFFICER. Is there objection?

Mr. ENSIGN. Mr. President, reserving the right to object, will the Senator yield for a second first to take care of a procedural matter?

Mr. BAUCUS. I object.

The PRESIDING OFFICER. Objection is heard. The Senator from Alaska has the floor.

Mr. STEVENS. Mr. President, I have two Senators on the floor who wish to argue about who gets the floor, but I have the floor. The Senator from Nevada wishes to have an opportunity to do something.

I ask unanimous consent that I be able to allow the Senator from Nevada to make his presentation without losing my right to the floor.

Mr. BAUCUS. I object.

The PRESIDING OFFICER. There is objection. The Senator from Alaska retains the floor.

Mr. STEVENS. I regret that the Senator from Nevada is unable to do that.

Mr. President, I have come to the Senate floor now to oppose the amendment offered by my friend from Virginia. He is the chairman of the Armed Services Committee, and I do so very reluctantly. However, at hearings held by the Defense Appropriations Subcommittee, the Secretary of the Navy and the Chief of Naval Operations have opposed the goal of this amendment, which is to maintain 12 carriers in our fleet.

I want to read from that transcript. I said this to the Secretary:

Are you going to be terribly disturbed if we tell you to keep the *Kennedy* where it is?

The Secretary of the Navy said:

Yes, sir, we would be terribly disturbed to keep the *Kennedy* where it is. First of all, the money is out for the *Kennedy*. It is not in our budget. If we have to keep the *Kennedy*, then something else has to go. So we don't have the money in the budget for the *Kennedy*. It's gone. It is $1.2 billion and it is 40 years old. It has never been through a major upgrade. It is a Reserve carrier. So we have always had the expense and serious issues in keeping the *Kennedy* properly maintained. Frankly, it is so expensive for us and it has marginal capability. As the CNO said, our carriers are 4 times more capable than they were during Desert Storm. We are about to double capability by 2010 and, frankly, we do not need this carrier.

We have a disagreement of opinion between the Senator from Virginia and myself caused by the testimony. Parenthetically, I say to my friend, I hope he will look at the amendment.

Mr. WARNER. Mr. President, at this time, will you entertain a brief question?

Mr. STEVENS. Yes.

Mr. WARNER. The Senator has read from a transcript. We have had a discussion about it. Wouldn't you say that the Chief of Naval Operations expressed a different view at a different time?

Mr. STEVENS. Mr. President, I have been so informed by the Senator from Virginia, but he has not said that in my presence. Let me note for the Senator, the way this amendment is drafted, the money to maintain 12 carriers would come out of this bill, the supplemental appropriations, to be used for nonemergency purposes. Whatever happens to my objection, I hope that you will look at this amendment because we are informed that this would take $288 million out of the funds in this bill.

From a policy point of view, decommissioning the *Kennedy* as the Navy proposes in the fiscal year 2006 budget will have minimal near-term operational impact due to a previously scheduled complex overhaul that was scheduled to begin in May of this year. This complex overhaul would result in 2 years of nonavailability for the ship.

Decommissioning the *Kennedy* also has minimal near-term industrial base impacts and allows the Navy to free resources necessary to fight the global war on terrorism while preparing to face future challenges.

The Navy's plan to decommission the *Kennedy* will save $1.2 billion over fiscal years 2006 through 2011. These savings are critical for modernizing our Naval forces, and for providing the necessary resources for the Navy's shipbuilding account.

The *Kennedy* was chosen for decommissioning because of its material condition and operational readiness. The *Kennedy* has never been through a major upgrade. It served as a Reserve carrier from 1995 to 1998. The Navy has always had expenses and issues keeping the *Kennedy* properly maintained. It is expensive for the Navy and it is of marginal capability.

The *Kennedy* was scheduled to go through a complex overhaul from May 2005 to August 2006. It would be 40 years old coming out of this overhaul with the intent of extending it to 50 years of age.

The Navy now believes it would be difficult to maintain this platform within reasonable cost even after the complex overhaul given that it did not go through a mid-life service life extension program.

The overhaul risk in reducing the number of carriers from 12 to 11 is mitigated by several improvements realized in the multimission capabilities of today's carrier strike groups. For example, carrier aircraft such as the F/A–18E and F/A–18F Super Hornets, are transitioning to the fleet with improved capabilities to hit multiple targets on a single sortie.

Our carriers today are at least four times more capable, as measured in number of targets serviced per day, than they were during Desert Storm. The Navy is expected to almost double this capability by 2010 as we bring on new airplanes, more precision weapons,

and increased sortie rates with future carriers currently in development.

The Navy's fleet of nuclear-powered aircraft carriers has significant capabilities over conventional carriers, such as the *Kennedy*. Nuclear-powered carriers have greater range and speed, and can operate at full speed for indefinite periods without the need for refueling.

During flight operations, conventional carriers will need to refuel and re-arm every 2 to 3 days, compared to nuclear-powered carriers which will only need to re-arm and refuel every 7 to 10 days. The nuclear carriers have the capacity to carry 35 percent more fuel and ordnance than conventional carriers. Therefore, nuclear carriers are far less reliant on logistics support.

The Navy is also transforming how they operate and extracting more readiness out of the force. The Navy's fleet response plan is revolutionary and is providing greater availability of carrier strike groups.

The fleet response plan is supportable with an 11-carrier force as the emphasis is on enhanced readiness, speed of response, and increased carrier employability. These precepts continue to apply even with fewer carriers, as the Navy has ensured me that they will be fully able to meet combatant commander's requirements in key regions.

The Department has already begun to implement mitigation strategy to address the impact of the *Kennedy*'s complex overhaul workload cancellation. Approximately $28 million has been expended in supporting the Puget Sound Naval Shipyard and Intermediate Maintenance Facility to execute required maintenance on the USS *John C. Stennis*, CVN–74.

Norfolk Naval Shipyard personnel are also executing work on the USS *George Washington*, CVN–73, currently undergoing a docking phased incremental availability at Newport News.

Approximately $26 million has been obligated to Norfolk Naval Shipyard and the private sector to accomplish this additional required maintenance.

Additionally, there are other nonrecoverable costs totaling $47.1 million. Some of these are planning costs that will be required to be spent again if the complex overhaul of the *Kennedy* is reinstated, thereby increasing the original cost estimate of the complex overhaul.

The Navy also informs me that workload disruptions throughout all shipyards would be severe if their workload mitigation plans were changed at this point in the fiscal year.

I repeat that. They have told me workload disruptions throughout all naval shipyards would be severe if their workload mitigation plans were changed at this point in the fiscal year.

I will try to respond to my colleagues who suggest the *Kennedy* would be available to replace the USS *Kitty Hawk*, which is currently forward deployed and permanently homeported in Japan, if the *Kitty Hawk* was not available for operations.

The Navy assures me the *Kennedy* would not be moved to Japan if something happened to the *Kitty Hawk*. The Navy leadership believes the *Kennedy* does not provide the capabilities required to meet the mission for that area of responsibility.

Although the *Kennedy* is older than the *Kitty Hawk*, the Navy provides regular upgrades and maintenance on the *Kitty Hawk* to keep her in excellent material condition. If the *Kitty Hawk* becomes unavailable for operations, the Navy will rotate a nuclear carrier into the region until the *Kitty Hawk* would be repaired.

Finally, I know many Senators are concerned that the retirement of the *Kennedy* will negatively impact base realignment and closure decisions, BRAC decisions, regarding Mayport, FL, and possibly leave the Nation with only one port facility on the east coast capable of supporting large-deck, deep-draft vessels.

I can tell those Senators the Navy is committed to retaining two strategic ports capable of accommodating large-deck, deep-draft ships on each coast.

To this end, Mayport continues to be a critical large-deck-capable port. In the near term, the Navy will look at homeporting a large-deck amphibious ship in Mayport to mitigate the impact to the community for the loss of the *Kennedy*.

As I said, I am here to oppose this amendment because of the cost it will impose on the Navy and the risk it will impose on future capabilities being developed for our naval forces.

There is no question in my mind this is the wrong way to go. The Navy has stated that to us very clearly in statements made to the Appropriations Committee, following the time of the comments to the Armed Services Committee.

I want to again say Secretary English, with the Chief of Naval Operations sitting by him, said this to our committee:

> So we fully support taking out the *Kennedy*, and, Mr. Chairman, if we are required to keep the *Kennedy*, then we're going to have to take money out of someplace else because we do not have the money to keep the *Kennedy*.

The impact of this amendment is it will be taking money out of this supplemental appropriations for this purpose. My good friend from Virginia I do hope will take, in any event, a look at his amendment because I do not think this emergency money ought to be diverted to a change in a policy decision and overruling the Secretary of the Navy with regard to how many carriers there are in our fleet.

I reserve the remainder of my time.

Mr. WARNER. Mr. President, I say to my good friend the funds needed, to the extent funds are needed, to keep this ship in an operational status are in the 2005 budget. The only reason we had to make reference with the sentence ''of the amount appropriated for the Department of Navy by this act'' was to get it germane so we could get it to the floor so the Senate of the United States can make a decision.

I say to the Senator most respectfully, the funds that are needed to put this ship in such condition to continue are there. However, just today the admiral, who was the battle fleet commander who brought this ship back from its most recent deployment, said as follows:

> If improvements made to the *JFK* avionics maintenance facility prior to deployment—

The access to this ship. And he concludes by saying:

> The results from our aggressive self-sufficiency and superb technical support, mostly via aviation technology, enabled us to return from the deployment in outstanding material condition.

That is the status of the ship. The reason we are trying to keep this in is not a political one, it is not relating to our various jurisdictions. It is for the interest of this country to keep a ship in port in Japan which is nonnuclear, while the Japanese Government and the local mayoral government—I think it is called a precept—make the decision as to whether they will ever allow a nuclear carrier in there.

I think there is adequate testimony in our records of the Armed Services Committee to the effect the Navy believes keeping a ship in that area of operation, particularly at this time of heightened tension, is in the interest of our national security and our ability to work with our allies and friends in that region.

I yield the floor.

The PRESIDING OFFICER (Mr. COBURN). The Senator from Florida.

Mr. NELSON of Florida. Mr. President, I want to underscore so Senator STEVENS can hear what Senator WARNER said. The funds were provided in the 2005 Defense appropriations bill. There were funds in excess of $300 million in that bill. To the best of my recollection, it was $317 million for the purpose of dry dock. Some of those funds have already been expended for the planning of the dry dock. However, there are approximately $288 million already appropriated in the 2005 bill for the drydocking of the *John F. Kennedy*. This is not the expenditure of moneys in the supplemental bill.

I want to underscore also what the distinguished chairman of the Senate Armed Services Committee has said in quoting Admiral McCollum, the battle group commander of the *John F. Kennedy*, which has just returned from operation, and what he quoted from the written testimony of the admiral. I was at that committee meeting.

I just came from a committee meeting. I said: ''Admiral,'' and I read the

statement the chairman just read to the Senate, ''are you saying that the *John F. Kennedy* is seaworthy?''

He said: Yes, sir.

Thirdly, I emphasize what the distinguished chairman has said, and that is, this all boils down to a matter of defense of our interests with a rising threat from China in the Pacific area of operations. It is clear, in testimony after testimony by four-star admirals, we have to have a carrier homeported in Japan so they can get to an area of conflict quickly. Between now and when the *Kitty Hawk* is going to retire in 2008, we do not have any assurance the municipal government in Japan is going to say: We will accept a nuclear-powered carrier. Therefore, out of prudent and conservative planning for our projection of forces in the Pacific region, we should keep this conventional carrier alive.

Mr. WARNER. Mr. President, can I inquire of the time remaining under my control? My understanding is there were 15 minutes to Senator STEVENS and 15 minutes given to my side.

The PRESIDING OFFICER. It is the opinion of the chair that agreement on time was never formally reached. However, the Senator from Virginia has used 3 minutes and the Senator from Alaska 10.

Mr. WARNER. I think, in the interest of moving this along, that we adhere to the request there be 15 minutes to each side.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. STEVENS. That was my understanding of the situation at the time. I think there have been more requests for time.

Mr. WARNER. We failed to achieve an agreement. So can I reinstate the original request, 15 minutes to each side—it is now less the amount of time consumed by both sides—so the Senate can get on with its business?

The PRESIDING OFFICER. Is there objection?

Mr. STEVENS. I have no objection.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. WARNER. Mr. President, I say to Senator NELSON and my colleagues, it is clear this decision to take the *Kennedy* and put it in a situation where it is going into mothballs was made in the final hours of the budget process.

It was driven by the budget. The Chief of Naval Operations had testified before our committee, which testimony is before the Senate, that he always wanted 12 carriers. If we are to make a decision to go from 12 carriers to 11, that should be done in the QDR process which is underway now, which will be concluded this year, possibly impacted by the BRAC process which likewise is underway, and consequently there are orderly procedures legislated by the Congress by which a decision of this magnitude should be made.

There are three Senators who desire to speak, and I will yield 2 minutes to each of them: Senator ALLEN, 2 minutes; Senator MARTINEZ, 2 minutes, and Senator TALENT, 2 minutes.

The PRESIDING OFFICER. The Senator from Virginia is recognized.

Mr. ALLEN. Mr. President, I thank my good colleague Senator WARNER for his great leadership on this matter. This is a bipartisan effort.

Let us recall what this amendment is about. It is to provide our Navy with the maximum flexibility to project our power in East Asia. The Senator's amendment says before we mothball the *JFK*, two things have to happen. There is the Quadrennial Defense Review to determine how this mixture should be, and actually 180 days thereafter, and also assure us we can have a nuclear carrier ported in Japan, which prohibits nuclear-powered ships in their land.

A little over 2 years ago, Admiral Clark said: The current force of 12 carriers and 12 amphibious groups is the minimum we can have to sustain the operations we are in. In the 2002 naval posture statement: Aircraft carrier force levels have been set at 12 ships as a result of fiscal constraints. However, real-world experience and analysis indicate that a carrier force of at least 15 ships is necessary to meet the warfighting Commander in Chief's requirements for carrier presence in all regions of importance to the United States.

What has happened in the last 2 years? Nothing to restrain or think that these threats are less than they were before. We are still in the war on terrorism. China is building up their navy. They are passing anticession laws, threatening Taiwan more than ever. So while we are standing down, to some extent, our building of a navy, then reducing a carrier which would not be available to be in Japan in that theater of concern, it is illogical to take away this flexibility of protecting our security interests in the Indian Ocean as well as, for that matter, the Pacific Ocean. I believe a plan to mothball the *Kennedy* at this time is shortsighted, especially in this time of war and with the rapid buildup of the Chinese Navy.

The PRESIDING OFFICER. The Senator from Virginia has used 2 minutes.

Mr. STEVENS. How much time remains?

Mr. ALLEN. I ask unanimous consent for an additional 30 seconds.

Mr. WARNER. Mr. President, might I inquire as to the total time remaining under my control?

The PRESIDING OFFICER. The Senator from Virginia has 7 minutes remaining and the Senator from Alaska has 5 minutes remaining.

Mr. WARNER. I yield 30 additional seconds to the Senator from Virginia.

Mr. ALLEN. The threats in the western Pacific are greater than they were before. Even last year, the funding was put in for this year for the refurbishment and the maintenance of the JFK. For the sake of our security and the flexibility we need for projecting our power, protecting our interests in the Far East, the wise thing to do is accept the amendment of the Senator from Virginia, which is shared by cosponsors from Florida and elsewhere.

I yield to the Senator from Florida.

The PRESIDING OFFICER. The Senator from Florida is recognized.

Mr. MARTINEZ. Mr. President, I rise in support of Senator WARNER's amendment. I believe it is of crucial importance to our Nation that we maintain the readiness of our carrier force.

I thank my colleagues from Virginia, and also the senior Senator from my State, Mr. NELSON, who has been so dogged in his fight in this effort. I believe we have made a lot of progress since we began to talk about keeping the *Kennedy* and keeping 12 carriers in the fleet.

The thing that has impressed me as this discussion has proceeded is a commentary from the Secretary of the Navy, as well as the Chief of Naval Operations as they have discussed the need for readiness of 12 carriers, as well as the fact there is a need for maintaining operations on the east coast of the United States with two ports available to our Navy.

I believe as this debate and this discussion has ensued, it has become increasingly clear that at a time of great stress upon our Armed Forces, at a time when we expect our global reach to be just that, global, we cannot make do with 11 carriers to satisfy short-term budgetary goals.

The fact is our Nation is best served by a 12-carrier force. Our Nation is also best served by having two ports on the east coast that can handle nuclear carriers. I believe we should move forward in that regard as well to allow that diversity and that opportunity.

I yield the remainder of my time and thank the Senator from Virginia.

The PRESIDING OFFICER. The Senator from Missouri.

Mr. TALENT. Mr. President, I thank the chairman for yielding. I am the chairman of the Seapower Subcommittee, which is kind of strange given that I am from Missouri. It is not as though we have ports or shipyards in Missouri, although we do build the planes that go on these carriers.

I want to endorse this amendment, which I have cosponsored, and endorse what other Senators have said in support of it and briefly give the Senate the broader picture. Several years ago the Chief of Naval Operations opined that we needed about 375 ships in the U.S. Navy to meet the national military strategy, basically to protect our security. We now have around 288.

A Quadrennial Defense Review is underway. It is going to be completed

next year. We are looking very carefully in the Armed Services Committee at how many ships we need and what we need to do to the shipbuilding budget and what we need to do to demand more efficiency from our shipyards and our shipbuilders.

I am very hopeful in the next year or so we will move forward with a major package in this area. I know the chairman of the full committee feels the same way.

In the meantime, especially given the rising tensions in the western Pacific, I think allowing the Navy to go from 12 to 11 carriers would send exactly the wrong statement. We need to make the point to everyone around the world that we are going to sustain naval strength at the level necessary to protect the security of the United States. So we as a Congress need to begin resolving now that we are going to do what is necessary to accomplish that, which means in part, yes, not allowing the number of carriers to shrink, at least not before the Quadrennial Defense Review is finished, but also it means sustaining the shipbuilding and conversion account at a funding level that is necessary to buy the ships we need to sustain a 300-ship or more Navy.

There is going to be more on this next year. We have to stand by on that. I am sympathetic with the concerns of the Senator from Alaska, but I sponsored the amendment and I support it now. Passing it would be the prudent thing to do.

I yield back.

The PRESIDING OFFICER. The Senator from Alaska.

Mr. STEVENS. Mr. President, I have 5 minutes?

The PRESIDING OFFICER. That is correct, the Senator has 5 minutes.

Mr. STEVENS. Please notify me when I have 1 minute remaining.

Mr. President, pursuant to rule VI, paragraph 2, I ask unanimous consent that Senator BYRD be considered necessarily absent and he be excused from any further service of the Senate for the remainder of today.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. STEVENS. Mr. President, this amendment says the money will come out of this bill. Now, it is true that for 2005 we did appropriate money to the Navy for the CV–67, the *John F. Kennedy*. But I have in my hand the cancellation of the complex overhaul. We know exactly where the money has been reallocated. It has been reallocated to a series of functions. Some of those functions are already prepared.

I say to my colleagues, no matter what we do, the money will come out of this bill because the money that was allocated in the 2005 bill has been used for the *Stennis*, for the *George Washington*, support travel for the CVN–73 and 74, for the USS *Truman*, CVN–75, for additional work at Hampton Roads, for the USS *Charlotte*, which is the SSN–766, a submarine, and for work inactivation of the carrier at Mayport. As a practical matter, they have already spent the $288 million in the 2005 bill—at least obligated it. The Senator from Virginia, I understand, disputes that. But that is the information we have received.

What I am saying, for our committee I oppose this amendment of Senator WARNER because it, No. 1, will preserve 12 carriers; No. 2, it will take money from this bill or somewhere to go back and reinstate the basic complex overhaul which, as I said to the Senate, the Navy now believes is unwarranted because of the age of this vessel. This vessel is so old and it did not have a midlife service program. So there is no reason to suspect it will have 10 years' service after this overhaul is completed.

What this will do, if we spend the money, we are going to delay the modernization of the Navy. We know throughout the world nations are building more ships. We cannot keep up with them. We cannot keep up with them because we are keeping old hulls. It is time we woke up. We need smaller, faster, more capable vessels than these vessels we are talking about. To prolong their life is wrong.

The Secretary of the Navy and the CNO have taken a different position than they did 6 months ago on this issue. They finally came to the conclusion they could not do what they wanted to do, and they told us that in our committee. I am reporting that to the Senate.

The choice of the Senate is to support the Navy's position now as expressed by the Secretary and the Chief of Navy Operations and spend this money the way they want to spend it for the future, or to go back and reverse that decision and try to maintain a 40-year-old carrier and extend its life for 10 years when the experts say you can spend all this money and it still will not be a serviceable vessel to meet the needs of the Navy.

I reserve the remainder of my time.

Mr. WARNER. Mr. President, I simply say to my good friend in a very dispassionate, calm way, you read from a document that is only 10 days old. They learned that I differed with them, and they have done everything they can to build a case to stop it. But not a dollar has gone out of the Navy Treasury. It is still there. You will see that that was done just 10 days ago.

I say to my good friend, they made the decision to keep this in the budget. It was in the budget up until the last 2 days when down came a cut in dollars and they decided to go to where they maybe cut a few bucks out. They can restore them and that ship can stay alive and that ship can be added to address any problem to defend our interests in that area for an indefinite period of time because it is in good condition as certified today—am I correct, Senator?—by the admiral in charge of that ship?

Mr. NELSON of Florida. The Senator is absolutely correct; just 30 minutes ago from the admiral.

Mr. WARNER. So as a former Secretary of the Navy myself, I feel very strongly. I do not know of any Senator who stood on this floor more times to defend the Department of the Navy—I say with a sense of humility—than I. But I believe this time the decision was driven by the budget, and it is not a correct one given the status of forces in that area, given the uncertainty about the ability to continue the homeporting of a Navy carrier in our expensive base that we have maintained—as a matter of fact, as Secretary I put it together—in Yokosuka.

If there is more time, I yield the time back and suggest the Senate work its will.

The PRESIDING OFFICER. The Senator from Alaska.

Mr. STEVENS. Mr. President, how much time do I have remaining?

The PRESIDING OFFICER. The Senator has 1 minute 30 seconds.

Mr. STEVENS. Mr. President, I regret being here with this argument because I have such deep respect for Senator WARNER, the Senator from Virginia, the former Secretary of Navy. But I think this year I am going to be at this desk saying this again and again. We are in a program of reshaping our military. We are looking out to the future, based on the lessons we have learned in Afghanistan and Iraq and the war on terrorism.

We note some of the failures of our system. One of them is the failure to modernize in time. We got behind. The very fact that this 40-year-old vessel is out there with overhaul appropriations was wrong to begin with. We should be looking to the future and to the needs of this Navy. I congratulate the Secretary of the Navy and the CNO for being willing to reverse their stand and come to us and say: Please oppose this amendment. Keep the schedule we have decided on and let us modernize the Navy.

That is the decision before the Senate. Are we going to go forward with the people making the tough decisions? Are we going to do it after BRAC? Are we going to do it for the Air Force? We are going to have some tough ones for the Air Force. Are we going to do it for the Army? We are going to have some tough decisions on the Army. Every single part of the military is going to be realigned in terms of spending this year, and this is the beginning.

I leave it to the Senate. Make the decision. Shall we follow the Chief of Naval Operations and the Secretary of Navy, their current position, or shall we follow the position they had just 6 months ago?

The PRESIDING OFFICER. All time has expired.

Mr. STEVENS. Mr. President, I ask for the yeas and nays.

The PRESIDING OFFICER. All time has expired. The yeas and nays have been ordered.

Mr. WARNER. I ask Senator COLLINS be added to those as cosponsor, and that the list remain open because we have received a lot of calls from people who want to support this amendment.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. WARNER. I thank the Chair.

The PRESIDING OFFICER. The question is on agreeing to the amendment. The yeas and nays have been ordered. The clerk will call the roll.

The assistant legislative clerk called the roll.

Mr. DURBIN. I announce that the Senator from West Virginia (Mr. BYRD), the Senator from North Dakota (Mr. CONRAD), the Senator from Vermont (Mr. JEFFORDS), and the Senator from Massachusetts (Mr. KENNEDY) are necessarily absent.

The vote was announced—yeas 58, nays 38, as follows:

[Rollcall Vote No. 106 Leg.]

YEAS—58

Akaka	DeWine	Lott
Allen	Dodd	Martinez
Baucus	Dole	Mikulski
Bayh	Durbin	Murray
Biden	Ensign	Nelson (FL)
Bingaman	Feinstein	Nelson (NE)
Boxer	Graham	Obama
Brownback	Hagel	Pryor
Burr	Harkin	Reed
Cantwell	Hatch	Reid
Carper	Inhofe	Salazar
Chambliss	Inouye	Sarbanes
Clinton	Isakson	Snowe
Coburn	Kerry	Stabenow
Coleman	Landrieu	Talent
Collins	Lautenberg	Thune
Cornyn	Leahy	Vitter
Corzine	Levin	Warner
Craig	Lieberman	
Dayton	Lincoln	

NAYS—38

Alexander	Feingold	Rockefeller
Allard	Frist	Santorum
Bennett	Grassley	Schumer
Bond	Gregg	Sessions
Bunning	Hutchison	Shelby
Burns	Johnson	Smith
Chafee	Kohl	Specter
Cochran	Kyl	Stevens
Crapo	Lugar	Sununu
DeMint	McCain	Thomas
Domenici	McConnell	Voinovich
Dorgan	Murkowski	Wyden
Enzi	Roberts	

NOT VOTING—4

Byrd	Jeffords
Conrad	Kennedy

The amendment (No. 498) was agreed to.

Mr. ENSIGN. Mr. President, I move to reconsider the vote.

Mr. COCHRAN. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

The PRESIDING OFFICER. By previous order, the Senator from Louisiana is to be recognized.

The Senator from Louisiana.

AMENDMENT NO. 414

Ms. LANDRIEU. Mr. President, I call up amendment No. 414.

The PRESIDING OFFICER. The clerk will report the amendment.

The assistant legislative clerk read as follows:

The Senator from Louisiana [Ms. LANDRIEU] proposes an amendment numbered 414.

The amendment is as follows:

(Purpose: To encourage that funds be made available to provide assistance to children affected by the tsunami)

On page 194, line 13, after ''tsunami:'' insert ''*Provided further*, That of the funds appropriated under this heading, not less than $25,000,000 should be made available to support initiatives that focus on the immediate and long-term needs of children, including the registration of unaccompanied children, the reunification of children with their immediate or extended families, the facilitation and promotion of domestic and international adoption for orphaned children, the protection of women and children from violence and exploitation, and activities designed to prevent the capture of children by armed forces and promote the integration of war affected youth:''.

Ms. LANDRIEU. Thank you.

Mr. President, I ask unanimous consent that Senator BINGAMAN be recognized for 1 minute.

The PRESIDING OFFICER. Is there objection?

Without objection, it is so ordered.

Mr. BINGAMAN. Mr. President, I thank my colleague, the Senator from Louisiana.

AMENDMENT NO. 483, AS MODIFIED

Mr. President, I ask unanimous consent that the pending amendments be set aside and that amendment No. 483 be called up.

The PRESIDING OFFICER. Is there objection?

Without objection, it is so ordered.

The amendment is pending.

Mr. BINGAMAN. Mr. President, I send a modification to the amendment to the desk and ask that it be considered.

The PRESIDING OFFICER. Is there objection to the amendment being modified?

The Senator from Nevada.

Mr. ENSIGN. Reserving the right to object, which amendment is this?

The PRESIDING OFFICER. The amendment previously offered by the Senator from New Mexico——

Mr. BINGAMAN. No. 483.

The PRESIDING OFFICER. No. 483.

Mr. ENSIGN. No objection.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment, as modified, is as follows:

On page 202, lines 22 through 24, strike ''*recent Supreme Court decisions and recently enacted legislation, $60,000,000*'' and insert ''increased immigration-related filings, recent Supreme Court decisions, and recently enacted legislation, $65,000,000''.

Mr. BINGAMAN. Mr. President, this modification would provide that instead of the $60 million that is in the bill now for the operation of our Federal courts, there would be $65 million, and that the additional funding could be used for both responding to recent Supreme Court decisions, responding to recently enacted legislation, and responding to the increased immigration-related filings in the Federal court. This is a good amendment. It is one that is important, particularly for the States where these immigration-related filings are happening. I believe this is an acceptable amendment to both sides, and I urge my colleagues to support it. I believe it can be agreed to on a voice vote.

The PRESIDING OFFICER. Is there further debate on the amendment?

If not, the question is on agreeing to amendment No. 483, as modified.

The amendment (No. 483), as modified, was agreed to.

Mr. COCHRAN. Mr. President, I move to reconsider the vote by which the amendment was agreed to.

Mr. BINGAMAN. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 414, AS MODIFIED

Ms. LANDRIEU. Mr. President, I am glad I was able to accommodate our colleague. At this time I send a modification to amendment No. 414 to the desk and ask unanimous consent that we discuss this slightly modified version.

The PRESIDING OFFICER. Is there objection to the modification of the amendment?

Without objection, the amendment is so modified.

The amendment, as modified, is as follows:

On page 194, line 13, after ''tsunami:'' insert ''*Provided further*, That of the funds appropriated under this heading, not less than $25,000,000 should be made available to support initiatives that focus on the immediate and long-term needs of children for protection and permanency, including the registration of unaccompanied children, the reunification of children with their immediate or extended families, assistance to improve the capacity of governments and appropriate private entities to facilitate domestic and international adoption of orphaned children, the protection of women and children from violence and exploitation, and activities designed to prevent the capture of children by armed forces and promote the integration of war affected youth:''.

Ms. LANDRIEU. Mr. President, as we continue to discuss the supplemental bill, it is not the largest bill in terms of dollar amounts that we have talked about on the Senate floor. Of course, we manage to move through 13 appropriations bills most years. That is billions and billions of dollars in priorities that we are trying to reflect on behalf of our constituents in our States and around the Nation.

One of the important components of this $80 billion supplemental bill is

about $1 billion for relief for tsunami victims. We remember all too vividly and dramatically and traumatically when on Sunday, December 26, a wave of about 50 feet hit several countries in the Indian Ocean, primarily Indonesia, and within a few hours or a few days, 120,000 people were dead, some of them children who were simply unable to get out of the way of the wave; there was no warning.

The Senators who have forwarded this supplemental are very aware of the needs. I offer this amendment on behalf of Senator CRAIG and myself because part of the effort to reconstruct this region is to help not only rebuild the roads, rebuild the houses, rebuild the schools, reinvest in the health and education infrastructure. I argue that it is most important for us to rebuild the families. We talk about nation rebuilding. We talk about building nations. We talk about reconstruction. All of that is wonderful and terrific, but I don't know if people are understanding that nations are built, communities are built, cities are built on families.

When I read through the many pages of this very well put together bill, one of the problems was there was not a mention under the title for USAID of this Government's efforts to reunite orphans and parents, to establish strong programs or initiatives to help reunite children with parents who are still alive or with extended family relatives so that those family units can be strong.

I can tell you, I know from experience—and I think every Republican and Democrat on this floor would agree with me—you can build the strongest buildings in the world. You can build the mightiest interstate systems. You could have the finest school buildings and the finest universities. But if you don't have strong families, the nation, the community, is not going to thrive, and there will be no future. The future is passed from parent to child, from grandparent to grandchild, not from a bureaucratic government. Governments do a lot of things well, but let me stand here on behalf of the Coalition on Adoption, which represents 180 Members of Congress, to say, governments do a lot of things well. Raising children is not one of them. Parents raise children.

Senator CRAIG and I—and I see the Senator on the floor, and I would like him to add his insights—want to strongly go on the record saying that if we are going to spend a billion dollars to help tsunami victims, certainly we can carve out of that money, not adding money to this, $25 million for the express purpose of strengthening families, identifying those children who have been orphaned, working to see if some relative would adopt them. If that relative who wants to adopt has lost their fishing boat and is no longer able to provide for their surviving children and the orphans of the sister or brother who was lost next to them in the wave, then these programs we are establishing could help to reunite that family and keep them together and not pull these children out of these family units and send them to be raised in an orphanage or in a boarding school and give them food.

They need more than food. They need emotional support. They need spiritual support. They need care. I could go on and on for hours, which I won't do, to give you documents that are alarming to me from people whose salaries we pay saying that this is not important.

I want to say to the Members—and all of us feel it is quite important—it is a real problem when these pages do not reflect that principle and that priority.

I know Senator CRAIG's time may be short. Let me yield at the moment to him. He may want to add a word. I am hoping we can get this adopted without a vote.

The PRESIDING OFFICER. The Senator from Idaho.

Mr. CRAIG. Mr. President, the Senator from Louisiana has made the point so very clearly. We are sending a billion dollars to the tsunami region and the tsunami victims. We speak not once about reuniting families.

The Senator from Louisiana traveled with our majority leader to the tsunami area immediately following that tragedy. She saw firsthand the phenomenal difficulties. I was in India recently on behalf of the congressional coalition on adoption and children and once again heard about the tremendous problems that are real to this region.

One of the things that both the Senator from Louisiana and I know, because we immediately extended our assistance and opened our arms and said, Americans are ready to adopt these orphan children, we got a very nice, polite response: No, we will work to take care of our own.

The reason that response was appropriate was because in those regions of that part of our world, in those cultures and religions, the extended family is phenomenally important. They work very hard at taking care of their own under most difficult situations of the kind we have seen. It isn't just that they can reach out their arms for love and care; it is that they have the resources to assume those children into their families who are part of the extended family.

I do believe this is an appropriate amendment. It does some targeting within. It is not adding money to; it is not taking money away from; it is simply defining and shaping a very important use. I would hope we could agree on that and accept this amendment of the Senator from Louisiana as an appropriate amendment to the underlying bill.

Ms. LANDRIEU. I thank the Senator from Idaho for his insight and his addition to the record. Let me make two additional points. As we know, President Bush has asked former President Bush and former President Clinton to head up an international private sector effort, so the money that we lay down, the $1 billion, is sort of a guide to the private dollars being raised.

This Congress cannot, with the power that we have, let this budget go out without a mention or a specific dedication or at least an underscore that we in the Congress think families are important, we would like to send that message out to private donors saying: Please, let's rebuild the highways, let's rebuild the schools, let's rebuild the hospitals. But while we are doing that, let's respect the family. Let's honor the family. Let's try to keep children within families through extended kinship adoption, through adoption domestically and, if not, through international adoption with all the proper safeguards.

Second, we have spent a lot of time coming up with new rules and regulations about child trafficking, child exploitation. It is terrible to see children sold into the sex trade, and many of these children are sold into the sex trade because they don't have parents who are watching them and protecting them. Yet in some cultures it is unfortunate that even children have children and the parents are not strong enough, either economically or in a strong enough physical position, to protect these children from these exploitations.

So I say to my friends in this room, if we want to protect children from exploitation, if we want to protect children from child trafficking, then, heavens, help them find a parent. Parents do a lot better job of protecting children than any army in the world. Nobody could get my children out from underneath my watchful eye. So I know. We all hover around our children and protect them. The least our Government can do is honor the work parents in the United States of America do in trying to protect their children, and when their parents are killed or separated from them, move them to adoptive parents who will protect them and keep them away from the traffickers.

So I say to the leaders, the managers of the bill, we are not adding money to the bill; $25 million is not that much money when you are talking about continents and nations and hundreds of thousands of families that could benefit. Please consider accepting this amendment. If not, you can understand why Senator CRAIG and I would have to ask for a vote. We are not asking for any more money. We have mentioned everything in this bill—physical disabilities, mental illness, loss of fishing boats, highways, houses, schools. I have read every page of it, and I am on the Appropriations Committee. I cannot find a mention in here about the

U.S. Government—after many of us have traveled to the region and taken pictures with orphans and with the families and promised aid, I don't see why we cannot earmark and set as a priority $25 million, which is a small amount of money, to this end.

That is basically the argument. I hope the leadership will accept it. I thank the chairman, the Senator from Mississippi, for his great help and support. I know it is a difficult bill to move through. Whether he wants to vote now or if he wants to stack it for later, I am open to that.

The PRESIDING OFFICER. The Senator from Mississippi is recognized.

Mr. COCHRAN. Mr. President, I know of no other requests for debate on the amendment. I have no objection to our proceeding to a voice vote on the amendment.

The PRESIDING OFFICER. Is there further debate on the amendment? If not, the question is on agreeing to the amendment.

The amendment (No. 414), as modified, was agreed to.

Mr. COCHRAN. Mr. President, I move to reconsider the vote.

Mr. ENSIGN. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

The PRESIDING OFFICER. The Senator from Nevada is recognized.

AMENDMENT NO. 475

Mr. ENSIGN. Mr. President, I call for the regular order with respect to amendment No. 475 and make a point of order that the amendment is not germane under the provisions of rule XXII.

The PRESIDING OFFICER. The point of order is well taken and sustained. The amendment falls.

The Senator from Idaho is recognized.

Mr. CRAIG. Mr. President, let me say how disappointed I am that the action taken by the Senator from Nevada has just happened. We were working very hard to solve a very specific problem that the administration had chosen to rule by regulation, what I believe is a total subversion of a law that was critically necessary and helpful to our agricultural people. But that has now happened, and the Senator was in his right, as disappointed as I am, by what I believe is a near bushwhack, but then again that is chosen.

I yield to the Senator from Georgia.

AMENDMENT NO. 472, AS MODIFIED

Mr. CHAMBLISS. Mr. President, at this time, I ask unanimous consent to call up amendment No. 472, as modified, which is at the desk.

Mr. ENSIGN. I object.

The PRESIDING OFFICER. Objection is heard.

Mr. CHAMBLISS. Mr. President, I ask unanimous consent that Senators LUGAR, ROBERTS, HARKIN, DORGAN, ENZI, and JOHNSON be added as cosponsors of amendment No. 472, as modified.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Senator from Indiana is recognized.

Mr. BAYH. Mr. President, I ask unanimous consent to withdraw amendments Nos. 388 and 406.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 520

Mr. BAYH. Mr. President, I call up amendment No. 520.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Indiana [Mr. BAYH] proposes an amendment numbered 520.

Mr. BAYH. Mr. President, I ask unanimous consent that further reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To appropriate an additional $213,000,000 for Other Procurement, Army, for the procurement of Up-Armored High Mobility Multipurpose Wheeled Vehicles (UAHMMWVs))

On page 169, between lines 8 and 9, insert the following:

UP-ARMORED HIGH MOBILITY MULTIPURPOSE WHEELED VEHICLES

SEC. 1122. (a) ADDITIONAL AMOUNT FOR OTHER PROCUREMENT, ARMY.—The amount appropriated by this chapter under the heading ''OTHER PROCUREMENT, ARMY'' is hereby increased by $213,000,000, with the amount of such increase designated as an emergency requirement pursuant to section 402 of the conference report to accompany S. Con. Res. 95 (108th Congress).

(b) AVAILABILITY OF FUNDS.—Of the amount appropriated or otherwise made available by this chapter under the heading ''OTHER PROCUREMENT, ARMY'', as increased by subsection (a), $213,000,000 shall be available for the procurement of Up-Armored High Mobility Multipurpose Wheeled Vehicles (UAHMMWVs).

(c) REPORTS.—(1) Not later 60 days after the date of the enactment of this Act, and every 60 days thereafter until the termination of Operation Iraqi Freedom, the Secretary of Defense shall submit to the congressional defense committees a report setting forth the current requirements of the Armed Forces for Up-Armored High Mobility Multipurpose Wheeled Vehicles.

(2) Not later than 60 days after the date of the enactment of this Act, the Secretary shall submit to the congressional defense committees a report setting forth the most effective and efficient options available to the Department of Defense for transporting Up Armored High Mobility Multipurpose Wheeled Vehicles to Iraq and Afghanistan.

Mr. BAYH. Mr. President, I call up this amendment to address what has been a chronic and pressing need on the part of our military forces in both Iraq and Afghanistan.

Mr. President, there is an old saying we are all familiar with: Fool me once, shame on you. Fool me twice, shame on me.

Mr. President, fool me nine times, and it qualifies as an emergency that must be addressed, particularly when the lives and limbs of our military men and women are at stake. Specifically, I refer to the fact that the United States Army has now, on nine consecutive occasions, underestimated the need for uparmored humvees in the theater of Iraq. This has been a matter of some public attention in Newsweek Magazine and elsewhere. It is a chronic need we need to address now.

The figure the Army indicates they currently need—and allegedly have met—would not have been met at all if, last year, we had not taken similar action to do what I am currently requesting. They would have had funding for thousands of fewer vehicles and not met the need that currently they suggest is imperative. The figure they are saying is sufficient today includes—think about this—a range of attrition of 226 vehicles throughout the combat in Iraq. They have only lost 226 uparmored humvees throughout the last 2 years in that theater. This is below the attrition rate of 10 to 15 percent, suggesting strongly that they are erring yet again—for the tenth time.

I ask my colleagues, when it comes to something this important, with a track record of underestimating the need this clear, should we not err on the side of doing more, rather than less, when it comes to protecting the lives and safety of our military men and women?

I note some of my colleagues, who I esteem greatly on the other side of the aisle, will suggest the generals are simply saying we don't have an additional need at this time. Mr. President, that is not what the troops are saying. Do you remember the one brave soldier who brought to the attention of the Secretary of Defense the fact that they were having to resort to what he called ''hillbilly armor'' for their protection? We should not allow this deplorable condition to continue.

I remind my colleagues again, in spite of what the generals are currently saying in a letter circulating, they have been wrong nine consecutive times. The credibility on this issue is not that great. It is also suggested perhaps we should take our resources—and I understand they are scarce—and allocate them instead to have striker vehicles instead of uparmored humvees.

Mr. President, I submit this is a false choice. When it comes to protecting our troops, we should do whatever it takes to get the job done and not leave some exposed to unnecessary harm while choosing instead to protect others. We can afford to do both.

Mr. President, I conclude my comments by saying how much I respect Senator COCHRAN and Senator STEVENS but the track record here is very clear. On nine consecutive occasions, the Army has underestimated the need. The need wouldn't be met today for the number of vehicles suggested in their letter if we had not acted last year. Let

us err on the side of doing more rather than less. Let us take this action to protect our troops. It is the very least we can do when they are in harm's way on our behalf.

Mr. President, on behalf of Senator KENNEDY, myself, and others, I ask we take this action.

I yield back the remainder of my time and ask for the yeas and nays.

The PRESIDING OFFICER. Is there a sufficient second?

There is a sufficient second.

The yeas and nays were ordered.

The PRESIDING OFFICER. The Senator from Alaska.

Mr. STEVENS. Mr. President, the global war on terrorism requirement for these uparmored humvees is 10,079 units. I have a letter from the Department of the Army signed by David Melcher, Lieutenant General, U.S. Army, and James Lovelace, Lieutenant General, Deputy Chief of Staff, which states the amount already appropriated and supported in reprogramming actions will fund the total requirement of 10,079 humvees by June of this year.

Without any money from this supplemental request, the total requirements have been set down for this system for this fiscal year.

This, after all, is a supplemental request, and we will be dealing with the Army's 2006 requirements in the full bill for the fiscal year 2006. We have appropriated and programmed moneys to meet the requirements. As a matter of fact, the funds we put up already will exceed that requirement by 266 vehicles. The manufacturer is currently producing these humvees at the maximum capacity of 550 per month and will exceed the Department's requirements in June.

I am sad to oppose my good friend from Indiana, but the requirement for these uparmored humvees is not going to expand, in our judgment. The Army maintains they do not need more uparmored humvees in Afghanistan because they are too heavy to maneuver in the mountainous Afghan terrain. In the areas where they are capable of being used, we are bringing more and more critically needed equipment, such as the Strikers, into Iraq.

We should focus on the total funding for validated global war on terrorism requirements. These requirements were validated by the Army through its team system. There is no question that the procurement we have already paid for is sufficient to meet the total needs of the Army through the remainder of this fiscal year.

As I said, we are going to look at this in terms of 2006. The Army procurement request so far for 2005 has been sufficient. We do have critical force protection requirements, but we also have the problem of recapitalization of equipment used in operation and equipment that is coming up for rotation.

This is a very expensive time for the Army with the rotations that are going on. If we fund unvalidated requirements as proposed by this amendment at this time, that will come at the expense of validated requirements that have not been met.

We will look at this again in conference, I promise the Senator from Indiana. There is no question this is a system we provided in recent months for the global war on terrorism. This capacity of 550 per month is an enormous amount of production. We commend the manufacturer for increasing its rate of production, but what happens when you increase rate of production is you get to the end sooner.

We validated these requirements. We have met the requirements, and we do not need any additional money from this emergency bill to be spent for uparmored humvees.

I do not know if anyone else wishes to speak on the matter, but I oppose it. I urge a ''no'' vote on the amendment.

Again, at the request of the Department of Defense and the Department of the Army I oppose the Senator's amendment.

If there is no further debate, I am pleased to have the vote on this matter.

The PRESIDING OFFICER. Is there further debate?

Mr. BAYH. I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. STEVENS. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. STEVENS. I ask unanimous consent that the rollcall vote ordered on this amendment commence at 5:45 p.m.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. STEVENS. I suggest the absence of a quorum, Mr. President.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. STEVENS. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

EPILEPSY AND RETURNING WOUNDED SOLDIERS

Mr. OBAMA. Mr. President, I thank the senior Senator from Alaska for joining me to discuss an issue of growing importance for our service members wounded in Iraq and Afghanistan.

Mr. STEVENS. I am pleased to join the Senator from Illinois to discuss this issue.

Mr. OBAMA. Recently, USA Today reported that many of our injured soldiers are returning from Iraq with a condition known as traumatic brain injury, or TBI. Even though new technology and better body armor are helping soldiers survive bomb and rocket attacks, the blasts are still causing brain damage to them. As of January, 437 cases have been diagnosed in Army hospitals alone, and some doctors are saying that it could become the ''signature wound of the Iraq war.''

TBI is the greatest risk factor for developing epilepsy. In fact, a study of Vietnam vets showed that 51 percent of those who suffered TBI went on to develop this disorder. That is why I filed an amendment to provide $1 million to the Department of Defense Peer Reviewed Medical Research Program for epilepsy research—including research on the relationship between TBI and epilepsy. The Epilepsy Foundation of America supports the amendment.

However, I understand that this important issue is more appropriately addressed in the fiscal year 2006 appropriations process. With that understanding, I will not offer the amendment at this time.

Mr. STEVENS. I appreciate the Senator not offering the amendment at this time.

Mr. OBAMA. I look forward to working with the Senator from Alaska on this issue. Because epilepsy is a disorder that remains latent for many years, it is important that we work now to better understand the relationship between TBI and epilepsy and prevent the onset of epilepsy in these service members.

Mr. STEVENS. I look forward to working with the Senator from Illinois on this issue during the appropriations process and ensuring that the needs of our service members are being met.

Mr. OBAMA. I thank the Senator.

AMENDMENT NO. 440, AS MODIFIED

Mr. STEVENS. Mr. President, I call up amendment No. 440 and ask that it be brought before the Senate.

The PRESIDING OFFICER. The amendment is already pending.

Mr. STEVENS. Mr. President, I send to the desk a modification of that amendment.

The PRESIDING OFFICER. Is there objection to the modification? Without objection, the amendment is so modified.

The amendment, as modified, is as follows:

AMENDMENT NO. 440

On page 169, between lines 8 and 9, insert the following:

SENSE OF SENATE ON FUNDING FOR VACCINE HEALTH CARE CENTERS

SEC. 1122. It is the sense of the Senate that, of the amount appropriated or otherwise made available by this chapter under the heading ''DEFENSE HEALTH PROGRAM'', not less than $6,000,000 should be available for the Vaccine Health Care Centers.

Mr. STEVENS. I ask that the amendment be adopted.

The PRESIDING OFFICER. Is there further debate on the amendment? If

not, the question is on agreeing to the amendment.

The amendment (No. 440), as modified, was agreed to.

AMENDMENT NO. 518, AS MODIFIED

Mr. STEVENS. Mr. President, I send to the desk a modification of amendment No. 518.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Alaska [Mr. STEVENS], for Mr. BUNNING, proposes an amendment numbered 518.

Mr. STEVENS. Mr. President, I ask unanimous consent that the reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To provide funding to meet critical needs for ceramic armor plates for military vehicles)

On page 231, between lines 3 and 4, insert the following:

SEC. . SILICON CARBIDE ARMOR INITIATIVE.

Of amounts available to the Department of Defense in this Act, $5,000,000 may be used for the purpose of funding a silicon carbide armor initiative to meet the critical needs for silicon carbide powders used in the production of ceramic armor plates for military vehicles.

The PRESIDING OFFICER. Is there objection to the modification? Without objection, the amendment is modified.

The amendment, as modified, is as follows:

At the appropriate place, insert the following:

SEC. . SENSE OF THE SENATE.

It is the sense of the Senate that the Department of Defense should provide funding sufficient, but not less than $5,000,000, under the Defense Production Act Title III to increase the domestic manufacturing capability to produce silicon carbide powders for use in the production of ceramic armor plates for armored vehicles, personal body armor systems, and other armor needs.

Mr. STEVENS. Mr. President, I ask for the adoption of the amendment, as modified.

The PRESIDING OFFICER. The question is on agreeing to the amendment.

The amendment (No. 518), as modified, was agreed to.

AMENDMENT NO. 519, AS MODIFIED

Mr. STEVENS. I send to the desk a modification of amendment No. 519.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Alaska [Mr. STEVENS], for Mr. BUNNING, proposes an amendment numbered 519.

The amendment is as follows:

(Purpose: To provide funding to meet critical needs for urban assault and structure breaching)

On page 231, between lines 3 and 4, insert the following:

SEC. . RAPID WALL BREACHING KITS.

Of amounts available to the Department of Defense in this Act, $5,000,000 may be used for procurement of Rapid Wall Breaching Kits.

The PRESIDING OFFICER. Is there objection to the modification of this amendment?

Without objection, it is so ordered.

The amendment, as modified, is as follows:

At the appropriate place, insert the following:

SEC. . SENSE OF THE SENATE.

It is the sense of the Senate that—

(1) the Department of Defense should allocate sufficient funding, but not less than $5,000,000, in Fiscal Year 2005 to procure Rapid Wall Breaching Kits for use in Operation Iraqi Freedom, Operation Ensuring Freedom, and other uses;

(2) the Department of Defense should submit to Congress an amendment to the proposed Fiscal Year 2006 budget to procure sufficient Rapid Wall Breaching Kits for use in Operation Iraqi Freedom, Operation Enduring Freedom, and other uses in Fiscal Year 2006; and

(3) the Department of Defense should include in its budget requests for Fiscal Year 2007 and beyond funds to procure sufficient Rapid Wall Breaching Kits for use in Operation Iraqi Freedom, Operation Enduring Freedom, and other uses.

Mr. STEVENS. I ask for adoption of the amendment.

The PRESIDING OFFICER. The question is on agreeing to the amendment.

The amendment (No. 519), as modified, was agreed to.

Mr. STEVENS. I move to reconsider the votes, and to lay the motions on the table, en bloc.

The motions to lay on the table were agreed to.

Mr. STEVENS. I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. STEVENS. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 480, AS MODIFIED

Mr. STEVENS. Mr. President, I send to the desk a modification of No. 480.

The clerk will report the amendment.

The legislative clerk read as follows:

The Senator from Alaska [Mr. STEVENS], for Ms. LANDRIEU, proposes an amendment numbered 480.

Mr. STEVENS. Mr. President, I ask unanimous consent that the reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To appropriate an additional $17,600,000 for Operation and Maintenance, Army Reserve, and make the amount available for tuition assistance programs for members of the Army Reserve)

On page 169, between lines 8 and 9, insert the following:

TUITION ASSISTANCE PROGRAMS OF THE ARMY RESERVE

SEC. 1122. (a) ADDITIONAL AMOUNT FOR OPERATION AND MAINTENANCE, ARMY RESERVE.—The amount appropriated by this chapter under the heading ''OPERATION AND MAINTENANCE, ARMY RESERVE'' is hereby increased by $17,600,000, with the amount of such increase designated as an emergency requirement pursuant to section 402 of the conference report to accompany S. Con. Res. 95 (108th Congress).

(b) AVAILABILITY OF FUNDS.—Of the amount appropriated or otherwise made available by this chapter under the heading ''OPERATION AND MAINTENANCE, ARMY RESERVE'', as increased by subsection (a), $17,600,000 shall be available for tuition assistance programs for members of the Army Reserve as authorized by law.

The PRESIDING OFFICER. Is there objection to modifying this amendment?

Without objection, it is so ordered.

The amendment, as modified, is as follows:

On page 169, between lines 8 and 9, insert the following:

IT IS THE SENSE OF THE SENATE THAT

The amount appropriated by this chapter under the heading ''OPERATION AND MAINTENANCE, ARMY RESERVE'' may be increased by $17,600,000, with the amount of such increase designated as an emergency requirement pursuant to section 402 of the conference report to accompany S. Con. Res. 95 (108th) Congress).

(b) AVAILABILITY OF FUNDS.—Of the amount appropriated or otherwise made available by this chapter under the heading ''OPERATION AND MAINTENANCE, ARMY RESERVE'', as increased by subsection (a), $17,600,000 may be available for tuition assistance programs for members of the Army Reserve as authorized by law.

Mr. STEVENS. I ask for adoption of that amendment.

The PRESIDING OFFICER. The question is on agreeing to amendment No. 480, as modified.

The amendment (No. 480), as modified, was agreed to.

Mr. STEVENS. Mr. President, I move to reconsider the vote, and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

The PRESIDING OFFICER. The Senator from Alaska.

Mr. STEVENS. Mr. President, we have gone through a series of amendments that have been offered to the Defense portion of this bill and have been able to work out substantial changes and modifications to meet the objectives of the sponsor as well as the urgency to get this bill done.

For the portion of the bill that represents Defense, I urge Members to come and discuss with us these amendments so we may find out how we can handle them. We are informed there are still three amendments that affect the Defense portion of the supplemental. There may be other Defense amendments, but those are all we have been notified of so far.

Again, I urge Members to contact us to see if we can work out these remaining Defense amendments.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. STEVENS. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 444, AS MODIFIED

Mr. STEVENS. Mr. President, I send to the desk a modification of amendment No. 444.

The PRESIDING OFFICER. Is there objection to modifying the pending amendment?

Without objection, the amendment is so modified.

The amendment, as modified, is as follows:

At the appropriate place, insert the following:

DEPLOYMENT OF WARLOCK SYSTEMS AND OTHER FIELD JAMMING SYSTEMS

SEC. __ It is the sense of the Senate that—

(1) $60,000,000 may be made available for the rapid deployment of Warlock and other field jamming systems; and

(2) in conference, the Senate should recede to the House position.

Mr. STEVENS. I ask for adoption of the amendment. It is now a sense-of-the-Senate amendment and I urge its approval.

The PRESIDING OFFICER. The question is on agreeing to the amendment.

The amendment (No. 444), as modified, was agreed to.

Mr. STEVENS. Mr. President, I move to reconsider the vote, and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. COCHRAN. I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. FEINGOLD. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 416

Mr. FEINGOLD. Mr. President, I ask unanimous consent to set aside the pending amendment and I call up amendment No. 416 and ask for its immediate consideration.

The PRESIDING OFFICER. Is there objection to setting aside the pending amendment?

Without objection, it is so ordered.

The clerk will report.

The bill clerk read as follows:

The Senator from Wisconsin [Mr. FEINGOLD] proposes an amendment numbered 416.

Mr. FEINGOLD. Mr. President, I ask unanimous consent that the reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To authorize travel and transportation for family members of members of the Armed Forces hospitalized in the United States in connection with non-serious illnesses or injuries incurred or aggravated in a contingency operation)

On page 169, between lines 8 and 9, insert the following:

TRAVEL AND TRANSPORTATION FOR FAMILY OF MEMBERS OF THE ARMED FORCES HOSPITALIZED IN UNITED STATES IN CONNECTION WITH NON-SERIOUS ILLNESSES OR INJURIES INCURRED OR AGGRAVATED IN A CONTINGENCY OPERATION

SEC. 1122. (a) AUTHORITY.—Subsection (a) of section 411h of title 37, United States Code, is amended—

(1) in paragraph (2)—

(A) by inserting ''and'' at the end of subparagraph (A); and

(B) by striking subparagraphs (B) and (C) and inserting the following new subparagraph:

''(B) either—

''(i) is seriously ill, seriously injured, or in a situation of imminent death (whether or not electrical brain activity still exists or brain death is declared), and is hospitalized in a medical facility in or outside the United States; or

''(ii) is not described in clause (i), but has an illness or injury incurred or aggravated in a contingency operation and is hospitalized in a medical facility in the United States for treatment of that condition.''; and

(2) by adding at the end the following new paragraph:

''(3) Not more than one roundtrip may be provided to a family member under paragraph (1) on the basis of clause (ii) of paragraph (2)(B).''.

(b) CONFORMING AMENDMENTS.—

(1) HEADING FOR AMENDED SECTION.—The heading for section 411h of such title is amended to read as follows:

''§ 411h. Travel and transportation allowances: transportation of family members incident to illness or injury of members''.

(2) CLERICAL AMENDMENT.—The item relating to such section in the table of sections at the beginning of chapter 7 of such title is amended to read as follows:

''411h. Travel and transportation allowances: transportation of family members incident to illness or injury of members.''.

(c) FUNDING.—Funds for the provision of transportation in fiscal year 2005 under section 411h of title 37, United States Code, by reason of the amendments made by this section shall be derived as follows:

(1) In the case of transportation provided by the Department of the Army, from amounts appropriated for fiscal year 2005 by this Act and the Department of Defense Appropriations Act, 2005 (Public Law 108–287) for the Military Personnel, Army account.

(2) In the case of transportation provided by the Department of the Navy, from amounts appropriated for fiscal year 2005 by the Acts referred to in paragraph (1) for the Operation and Maintenance, Navy account.

(3) In the case of transportation provided by the Department of the Air Force, from amounts appropriated for fiscal year 2005 by the Acts referred to in paragraph (1) for the Operation and Maintenance, Air Force account.

(d) REPORT ON TRANSPORTATION IN EXCESS OF CERTAIN LIMIT.—If in any fiscal year the amount of transportation provided in such fiscal year under section 411h of title 37, United States Code, by reason of the amendments made by this section exceeds $20,000,000, the Secretary of Defense shall submit to the congressional defense committees a report on that fact, including the total amount of transportation provided in such fiscal year under such section 411h by reason of the amendments made by this section.

AMENDMENT NO. 416, AS MODIFIED

Mr. FEINGOLD. I ask unanimous consent to modify the amendment.

The PRESIDING OFFICER. Is there objection? Without objection, it is so ordered.

Mr. FEINGOLD. I send a modification to the desk.

Mr. STEVENS. Reserving the right to object, can we have a copy of that.

Mr. FEINGOLD. I sent a copy to the desk.

Mr. STEVENS. We have no objection.

The PRESIDING OFFICER. Without objection, it is so ordered. The amendment is so modified.

The amendment (No. 416), as modified, is as follows:

On page 169, between lines 8 and 9, insert the following:

TRAVEL AND TRANSPORTATION FOR FAMILY OF MEMBERS OF THE ARMED FORCES HOSPITALIZED IN UNITED STATES IN CONNECTION WITH NON-SERIOUS ILLNESSES OR INJURIES INCURRED OR AGGRAVATED IN A CONTINGENCY OPERATION

SEC. 1122. (a) AUTHORITY.—Subsection (a) of section 411h of title 37, United States Code, is amended—

(1) in paragraph (2)—

(A) by inserting ''and'' at the end of subparagraph (A); and

(B) by striking subparagraphs (B) and (C) and inserting the following new subparagraph:

''(B) either—

''(i) is seriously ill, seriously injured, or in a situation of imminent death (whether or not electrical brain activity still exists or brain death is declared), and is hospitalized in a medical facility in or outside the United States; or

''(ii) is not described in clause (i), but has an illness or injury incurred or aggravated in a contingency operation and is hospitalized in a medical facility in the United States for treatment of that condition.''; and

(2) by adding at the end the following new paragraph:

''(3) Not more than one roundtrip may be provided to a family member under paragraph (1) on the basis of clause (ii) of paragraph (2)(B).''.

(b) CONFORMING AMENDMENTS.—

(1) HEADING FOR AMENDED SECTION.—The heading for section 411h of such title is amended to read as follows:

''§ 411h. Travel and transportation allowances: transportation of family members incident to illness or injury of members''.

(2) CLERICAL AMENDMENT.—The item relating to such section in the table of sections at the beginning of chapter 7 of such title is amended to read as follows:

''411h. Travel and transportation allowances: transportation of family members incident to illness or injury of members.''.

(c) FUNDING.—Funds for the provision of transportation in fiscal year 2005 under section 411h of title 37, United States Code, by reason of the amendments made by this section shall be derived as follows:

(1) In the case of transportation provided by the Department of the Army, from amounts appropriated for fiscal year 2005 by this Act and the Department of Defense Appropriations Act, 2005 (Public Law 108–287) for the Military Personnel, Army account.

(2) In the case of transportation provided by the Department of the Navy, from amounts appropriated for fiscal year 2005 by the Acts referred to in paragraph (1) for the Operation and Maintenance, Navy account.

(3) In the case of transportation provided by the Department of the Air Force, from amounts appropriated for fiscal year 2005 by the Acts referred to in paragraph (1) for the Operation and Maintenance, Air Force account.

(d) REPORT ON TRANSPORTATION IN EXCESS OF CERTAIN LIMIT.—If in any fiscal year the amount of transportation provided in such fiscal year under section 411h of title 37, United States Code, by reason of the amendments made by this section exceeds $20,000,000, the Secretary of Defense shall submit to the congressional defense committees a report on that fact, including the total amount of transportation provided in such fiscal year under such section 411h by reason of the amendments made by this section.

The PRESIDING OFFICER. The Senator from Wisconsin.

Mr. FEINGOLD. My amendment is designed to correct a flaw in the current law that unintentionally but severely restricts the number of families of injured servicemembers that qualify for assistance to travel to the bedside of their wounded loved ones.

This issue came to my attention when Tina Justice, the wife of Wisconsin Army National Guard 1LT Christopher Justice, contacted my office late last fall. First Lieutenant Justice and eight other members of Company B of the 118th Medical Battalion were traveling in a three vehicle convoy near Baghdad on September 12, 2004 and were waiting to clear a roadblock when they noticed a suspicious vehicle racing towards them. Members of Company B quickly responded, but the driver was still able to blow up his vehicle. The swift reaction undoubtedly saved many lives that day, but eight of the nine members of Company B still sustained injuries from the powerful blast, three severe enough to require evacuation to the United States.

First Lieutenant Justice was one of the three soldiers seriously injured and evacuated, first to Germany, and finally to Walter Reed, where he underwent several surgeries for his injuries. All three injured Wisconsin guardsmen received exceptional medical care from the outstanding medical staff at Walter Reed. The guardsmen were also very grateful to be able to see their families who quickly rushed to be with them during this very traumatic time. Tina Justice was one of those who immediately went to Walter Reed to be with her husband, bringing along her 4-year-old daughter and 1-year-old son.

Congress has enacted legislation to help family members of injured servicemembers like First Lieutenant Justice. We have passed a law that provides Federal assistance to help pay for the travel and transportation costs of family members of very seriously or seriously ill or injured servicemembers. With her husband being injured seriously enough to require evacuation to Germany and then Walter Reed, Mrs. Justice naturally assumed that she would qualify for help under this provision. However, she found something quite different. According to the Army, her husband's injuries, which required evacuation to Europe and then to the U.S., did not qualify as ''serious,'' and therefore she would not be eligible for reimbursement. Despite her many attempts to reverse this decision, the Army continued to deny her claim.

After much frustration, Mrs. Justice contacted my office. When I heard about the case, I believed there must have been some sort of bureaucratic mix-up. After all, it makes no sense that the Army would spend all that money to evacuate personnel out of the theater, on to Germany, and finally to the United States if that person was not seriously injured. However, my inquiries to the Army and to Secretary of Defense Donald Rumsfeld did not satisfactorily resolve Mrs. Justice's problem.

The Justices are not alone. I was also recently contacted by the Carter family from Ladysmith, WI. Their son, SPC Andrew Carter, sustained shrapnel injuries to his legs and feet while serving his country in Iraq and was evacuated to Walter Reed. He and his family were also frustrated by the fact that they did not qualify for travel cost reimbursement because Specialist Carter's injuries weren't classified as serious by the Army.

The Army Surgeon General's office finally helped shed some light on the problem. Although the law provides travel benefits for family members of very seriously or seriously injured military personnel, what constitutes a very serious or serious injury to the Army is very different from what the average American may think. The Army's technical definition of very seriously ill or injured, VSI, is that the soldier is in imminent danger of death. In order to be classified as seriously ill or injured, SI, the soldier must require a very high level of care, such as being in the intensive care unit, but be expected to survive. All other injuries, including those that may require extensive and multiple surgeries and months of hospital care are listed as not seriously ill or injured, NSI.

Now I think that the average American would agree with the VSI classification. However, if someone has taken major shrapnel and other wounds from a suicide car bomber requiring several surgeries and is evacuated all the way to the United States from Iraq, my guess is that the average American would call that pretty serious. I know I did and I know that Mrs. Justice, the Carters, and others have as well. I also think that Congress, in passing laws to allow family members to visit their injured loved ones, had a definition of VSI and SI in mind more closely aligned to that of the average American rather than the technical definition used by the Army. What we have, therefore, is a well-intentioned law that is creating expectations that just aren't being met because our definitions don't match up.

The denial of travel benefits, known as Invitational Travel Orders, ITO, to families like the Justices and Carters, because their loved ones' injuries aren't bad enough comes at the absolute worst time for the injured men and women and their families. They are in the midst of an extremely traumatic time, trying to come to grips with what has happened and working to heal physically and emotionally. They need to be concentrating on these important tasks, not worrying about whether or not they can even afford to be there and fighting the bureaucracy for travel cost reimbursement.

The unfortunate and avoidable aftereffect of the current policy is that the injured troops and their families feel unappreciated by the Defense Department and by the country for which the servicemember almost lost their life.

The amendment I introduce today will help rectify this problem and more closely align expectations with what families are provided. This legislation would make an addition to current law by allowing for one ITO for up to three family members of a servicemember medically evacuated from a war zone to the United States, whether that injured person is listed as VSI, SI or NSI. It is important that families get this first trip and don't have to worry about whether or not they can afford to pay for it. This amendment would provide that first trip.

During that first trip, families can also acquaint themselves with the many fantastic public and private programs there to help them. The Red Cross, Fisher House, Operation Hero Miles, many veterans and military service organizations, the list goes on, all provide those injured in the line of duty and their families with many resources. Families can use that first trip to learn about and tap into these resources to assist them with future needs. I know the Justices and Carters deeply appreciated the help from these and other organizations.

Some may be worried that this amendment will simply crowd out the good work being done by private organizations with another Government program. This is an understandable concern. However, after consulting with some of these organizations, I am confident that this legislation will not do so. It will, in fact, complement current private efforts to assist servicemembers and their families. The

experiences of the Justices and Carters also show that this proposed legislation fills a void in the current assistance efforts.

We are all very conscious of supporting our troops and making sure that those who have been injured receive the best possible medical care. This should be a priority. At the same time, we must not forget the families of these servicemembers. They, too, make great sacrifices and must cope with the changes in their lives brought about by the injuries and recovery of their loved ones. The amendment I introduce today will help reduce some of the burden faced by injured troops and their families so that they can concentrate on the important work of healing.

I ask the managers if they are willing to accept this amendment.

Mr. STEVENS. Mr. President, we commend the Senator for his modification and this necessary amendment. It deals with travel by dependents and loved ones with those who are seriously ill or injured or in a situation of imminent death. I do think the modification meets the increasing needs of our service men and women and their families. So we are pleased to accept the amendment.

The PRESIDING OFFICER. Is there further debate on the amendment?

The Senator from Wisconsin.

Mr. FEINGOLD. Mr. President, I thank the Senators for their support. I hope they will be willing to work to keep this small but important amendment in the conference report.

I urge adoption of the amendment.

The PRESIDING OFFICER. The question is on agreeing to the amendment.

The amendment (No. 416), as modified, was agreed to.

Mr. FEINGOLD. Mr. President, I again thank the managers very much. I would like to make a brief statement about another amendment.

Mr. STEVENS. Will the Senator mind reconsidering that amendment at this time?

The PRESIDING OFFICER. The Senator from Alaska is recognized.

Mr. STEVENS. Mr. President, I move to reconsider the vote and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 459

Mr. FEINGOLD. Mr. President, I also want to speak very briefly regarding an amendment that I had filed, amendment No. 459. Chairman COCHRAN raised a point of order against the amendment today, but I want to spend just a few minutes to explain what this amendment was about, because it concerns the success or failure of the U.S. effort in Iraq, and it concerns every American taxpayer.

In 2003 I offered an amendment to the supplemental bill for Iraq and Afghanistan that established an inspector general for the Coalition Provisional Authority so that there would be one auditing body completely focused on ensuring taxpayer dollars are spent wisely and efficiently, and that this effort is free of waste, fraud, and abuse.

Then the CPA phased out and, happily, Iraqi sovereignty was transferred back into Iraqi hands. Congress agreed that continued oversight of the reconstruction effort was important, and agreed to an amendment that I offered last year to turn the CPAIG into the Special Inspector General for Iraq Reconstruction. But even today, many months after that change, in many ways the reconstruction effort has only just begun. According to the Congressional Research Service, as of about a month ago, only a little more than $6 billion of the nearly $21 billion reconstruction fund had actually been expended. The work of the Special Inspector General must continue.

My amendment is simple and largely technical. This amendment would adjust the termination date for the Special IG to link to expenditures rather than obligated funds. Obligations are dramatically outpacing expenditures in the reconstruction effort today. If we let the Special IG sunset after the bulk of the money is obligated but not expended, we will not have a clear picture of what these billions of U.S. taxpayer dollars actually achieved on the ground. The imminent disappearance of auditors can also create a real incentive for cutting corners in actually implementing projects. So we need to make sure that Congress signals its support for the Special IG continuing to see this reconstruction effort through.

Transparency and accountability in the reconstruction effort is not about finding new things to criticize. It is about responsible stewardship of taxpayer resources, and it is about getting reconstruction right. Ultimately, it is about achieving our goals in Iraq. Congress appropriated reconstruction funds in an emergency supplemental. Congress created this IG in an emergency supplemental. It is entirely appropriate to make these technical changes to the IG's mandate in this supplemental to ensure that Congressional intent—which is to have ongoing, vigorous, focused oversight of the reconstruction effort—is respected.

I am deeply disappointed that the managers of this bill did not see fit to devote any effort to this important amendment. The amendment had been cleared on the Democratic side, but apparently there was some problem, or some lack of interest, that prevented this amendment from being accepted. This is troubling. It is difficult to understand why anyone would oppose solid oversight of the reconstruction effort. The IG's team needs some sense of certainty as the obligation rate soars and their termination grows closer and closer, yet the bulk of reconstruction funds remain unexpended. The Senate addressed this issue in the $87 billion 2003 supplemental for Iraq, and then made an important adjustment by unanimous consent last year while we considered the DOD Authorization bill. This needs to get done, and I will continue to work to make sure that happens.

The PRESIDING OFFICER. Under the previous order, the hour of 5:45 having arrived, the Senate will proceed to a vote on the Bayh amendment.

Mr. FEINGOLD. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll to ascertain the presence of a quorum.

The assistant legislative clerk proceeded to call the roll.

Mr. STEVENS. I ask unanimous consent the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 418, AS FURTHER MODIFIED

Mr. STEVENS. Mr. President, I send to the desk a modification of amendment No. 418.

The PRESIDING OFFICER. Is there objection to the modification? Without objection, the amendment is further modified.

The amendment (No. 418), as further modified, is as follows:

On page 169, between lines 8 and 9, insert the following:

PROHIBITION ON TERMINATION OF EXISTING JOINT-SERVICE MULTIYEAR PROCUREMENT CONTRACT FOR C/KC–130J AIRCRAFT

SEC. 1122. No funds in this Act may be obligated or expended to terminate the joint service multiyear procurement contract for C/KC–130J aircraft that is in effect on the date of the enactment of this Act.

The PRESIDING OFFICER. Is there further debate?

Mr. STEVENS. I urge the adoption of the amendment as modified.

The PRESIDING OFFICER. Is there further debate? The question is on agreeing to the amendment.

The amendment (No. 418), as further modified, was agreed to.

Mr. STEVENS. Mr. President, I move to reconsider the vote and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. COCHRAN. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. COCHRAN. Mr. President, I ask unanimous consent that the order for the quorum call be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 493, AS MODIFIED

Mr. COCHRAN. Mr. President, I ask unanimous consent that I be permitted

to send to the desk a modification of amendment No. 493 in behalf of Senator LEAHY.

The PRESIDING OFFICER. Is there objection to modifying the amendment? Without objection, it is so ordered.

The clerk will report.

The legislative clerk read as follows:

The Senator from Mississippi [Mr. COCHRAN], for Mr. LEAHY, proposes an amendment numbered 493, as modified.

Mr. COCHRAN. Mr. President, I ask unanimous consent that reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

On page 176, line 12, after the colon insert the following:

Provided further, That of the funds appropriated under this heading, not less than $5,000,000 should be made available for assistance for families and communities of Afghan civilians who have suffered losses as a result of the military operations:

On page 183, line 23, add the following new section:

MARLA RUZICKA IRAQI WAR VICTIMS FUND

SEC. . Of the funds appropriated by chapter 2 of title II of PL 108–106 under the heading ''Iraq Relief and Reconstruction Fund'', not less than $30,000,000 should be made available for assistance for families and communities of Iraqi civilians who have suffered losses as a result of the military operations. *Provided*, That such assistance shall be designated as the ''Marla Ruzicka Iraqi War Victims Fund''.

The PRESIDING OFFICER. Without objection, the amendment is so modified.

Is there further debate? If not, the question is on agreeing to the amendment.

The amendment (No. 493), as modified, was agreed to.

Mr. COCHRAN. Mr. President, I move to reconsider the vote, and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 489, AS MODIFIED

Mr. COCHRAN. Mr. President, I send to the desk another modification in behalf of Senator DURBIN.

The PRESIDING OFFICER. Is there objection to the modification? Without objection, the amendment is modified.

The clerk will report.

The legislative clerk read as follows:

The Senator from Mississippi [Mr. COCHRAN], for Mr. DURBIN, proposes an amendment numbered 489, as modified.

Mr. COCHRAN. Mr. President, I ask unanimous consent that reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 489), as modified, is as follows:

On page 194, line 9, after the colon insert the following:

Provided further, That of the funds appropriated under this heading, not less than $10,000,000 should be made available for programs and activities which create new economic opportunities for women:

The PRESIDING OFFICER. Is there further debate on the amendment? If not, the question is on agreeing to the amendment.

The amendment (No. 489), as modified, was agreed to.

Mr. COCHRAN. Mr. President, I move to reconsider the vote, and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 342, AS MODIFIED

Mr. COCHRAN. Mr. President, I send to the desk another modification of an amendment in behalf of Senator DEWINE, No. 342.

The PRESIDING OFFICER. The amendment is pending.

Is there objection to the modification? Without objection, the amendment is so modified.

The amendment (No. 342), as modified, is as follows:

On page 183, after line 23, add the following:

ASSISTANCE FOR HAITI

SEC. . Of the funds appropriated by title II, chapter 2 of this Act, not less than $20,000,000 shall be made available for assistance for Haiti: *Provided*, That this assistance should be made available for election assistance, employment and public works projects, and police assistance: *Provided further*, That the obligation of such funds shall be subject to prior consultation with the Committees on Appropriations.

The PRESIDING OFFICER. Is there further debate on the amendment, as modified? If not, the question is on agreeing to the amendment.

The amendment (No. 342), as modified, was agreed to.

Mr. COCHRAN. Mr. President, I move to reconsider the vote, and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 425, AS MODIFIED

Mr. COCHRAN. Mr. President, I send to the desk another modification to amendment No. 425, in behalf of Mr. BENNETT.

The PRESIDING OFFICER. Is there objection to the modification of the amendment? Without objection, the amendment is so modified.

The clerk will report.

The assistant legislative clerk read as follows:

The Senator from Mississippi [Mr. COCHRAN], for Mr. BENNETT, proposes an amendment numbered 425, as modified.

Mr. COCHRAN. Mr. President, I ask unanimous consent that reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 425), as modified, is as follows:

On page 194, line 13, after ''tsunami:'' insert ''*Provided further*, That of the funds appropriated under this heading, not less that $20,000,000 should be made available for microcredit programs in countries affected by the tsunami, to be administered by the United States Agency for International Development:''.

The PRESIDING OFFICER. Is there further debate on the amendment, as modified? If not, the question is on agreeing to the amendment.

The amendment (No. 425), as modified, was agreed to.

Mr. COCHRAN. Mr. President, I move to reconsider the vote, and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. COCHRAN. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. ISAKSON. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. ISAKSON. Mr. President, I ask unanimous consent to address the Senate for 2 minutes.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Senator is recognized.

AMENDMENT NO. 429 WITHDRAWN

Mr. ISAKSON. Mr. President, as the Senate is aware, I proposed an amendment identified as No. 429, which is still pending in the Senate. That amendment is verbatim the amendment that came out of the House of Representatives with regard to the REAL ID and came to us on the supplemental appropriations emergency bill.

I am about to ask unanimous consent to withdraw that amendment. Prior to doing so, I want to be clear for the record I believe the House position on the REAL ID, the 9/11 Commission position, which is where that came from, and the security of our borders is truly an emergency situation and an appropriate place for that amendment to be on the emergency supplemental for Iraq and Afghanistan.

I respect those who had differences, and I respect those who have withdrawn amendments to this bill. Because of that, and because we are reaching a conclusion, I will respectfully ask unanimous consent my amendment be withdrawn with the express understanding that I sincerely hope the conferees and the conference committee, before this bill finally comes to rest, will have agreed that position is correct; that REAL ID will have been included, and they will have addressed the security of our borders and the identification of those entering the United States of America.

I ask unanimous consent amendment No. 429 be withdrawn.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 429) was withdrawn.

Mr. KENNEDY. Mr. President, today I rise in opposition to the inclusion of the so-called REAL ID bill in the emergency supplemental appropriations conference report. That bill is harmful and unnecessary. The Intelligence Reform Act we approved overwhelmingly last year provides real border security solutions. The so-called REAL ID bill contains controversial provisions we rejected last year and should reject again. It's a false solution on border security. There's no need to revisit these issues again, and they serve no purpose except to push an anti-immigrant agenda.

The supporters of the REAL ID bill continue to say that loopholes exist in our immigration and asylum system that are being exploited by terrorists, and this bill will close them. In fact, it does nothing to improve national security, and leaves other big issues unresolved.

Asylum seekers would find no refuge. Battered women would be exposed to abuse. Many Americans would have problems getting driver's licenses, and law enforcement would be outsourced to bounty hunters. All of our laws, including labor laws, would be waived to build a wall. For the first time since the Civil War, habeas corpus would be prohibited.

Each year, countless refugees are forced to leave their countries, fleeing persecution. America has always been a haven for those desperate for that protection. At the very beginning of our history, the refugee Pilgrims seeking religious freedom landed on Plymouth Rock. Ever since we've welcomed refugees, and it's made us a better nation. They represent the best of American values. They have stood alone, at great personal cost, against hostile governments for fundamental principles like freedom of speech and religion. With this legacy, we have a responsibility to examine our asylum policies carefully, to see that they are fair and just.

The REAL ID bill would trample this noble tradition and make it devastating for legitimate asylum-seekers fleeing persecution. It would make it more difficult for victims fleeing serious human rights abuses to obtain asylum and safety, and could easily lead to their return to their persecutors.

Supporters of the REAL ID bill want us to believe that its changes will keep terrorists from being granted asylum. But current immigration laws already bar persons engaged in terrorist activity from asylum. Before they receive asylum, all applicants must also undergo extensive security checks, covering all terrorist and criminal databases at the Department of Homeland Security, the FBI, and the CIA.

Another section of the REAL ID bill contains a provision that would complete the US-Mexico border fence in San Diego. But it goes much further than that. It would require DHS to waive all laws necessary to build such fences, not just in San Diego, but anywhere else along our 2,000 mile border with Mexico and our 4,000 mile border with Canada. This unprecedented and unchecked power covers all Federal or State law deemed necessary to build the barriers, even child labor laws, worker health and safety laws, minimum wage laws, and environmental laws. It would even take away the rights of Native Americans to control their land.

The cost of building such fences is into the hundreds of millions of dollars, and still won't stop illegal immigration. Immigrants who can find jobs in the U.S. and have no legal visas to enter will simply go around these walls. What we need are safe and legal avenues for immigrants to come here and work, not more walls.

The REAL ID driver's license provisions don't make us safer either. The Intelligence Reform Act sets up a process for States and the Federal Government to work together to establish Federal standards for driver's licenses and identification cards, and progress is being made to implement these important measures. The REAL ID bill would repeal the driver's license provisions and replace them with highly problematic and burdensome requirements. According to the National Conference of State Legislatures, the REAL ID prescribes ''unworkable, unproven, costly mandates that compel States to enforce federal immigration policy rather than advance the paramount objective of making State-issued identity documents more secure and verifiable.''

The bill does nothing to address the threat of terrorists or to address legitimate security concerns. It would not have prevented a single 9/11 hijacker from obtaining a driver's license, or a single terrorist from boarding a plane. All 13 hijackers could have obtained licenses or IDs under this proposal, and foreign terrorists can always use their passports to travel.

The REAL ID bill contains other broad and sweeping changes to laws that go to the core of our national identity. If enacted, it would deny judicial review and due process which could result in devastating consequences for immigrants and refugees.

By restricting judicial review and habeas corpus, it could force people to be deported before they can challenge basic errors made in their cases. It would deny the constitutionally protected writ of habeas corpus, which has not been changed since the Civil War. Habeas corpus is a fundamental principle of American justice. It's called the ''great writ'' for a reason—because it's brought justice to people wrongly detained.

Just as absurd, the bill will outsource law enforcement by giving ''bounty hunters'' unprecedented authority to apprehend and detain immigrants, even if a bond has not been breached. Bonding agents would be given the discretion and decision-making power that belongs to judges who have the necessary legal training to make these determinations.

A major additional problem in the REAL ID bill is that it could result in the deportation even of long-time legal permanent residents, for lawful speech or associations that occurred twenty years ago or more. It raises the burden of proof to nearly impossible levels in numerous cases.

A person who made a donation to a humanitarian organization involved in Tsunami relief could be deported if the organization or any of its affiliates was ever involved in violence. The burden would be on the donor to prove by clear and convincing evidence that he knew nothing about any of these activities. The spouse and children of a legal permanent resident could also be deported too based on such an accusation, because of their relationship to the donor.

The provision could be applied retroactively, so that a permanent resident who had once supported the lawful, nonviolent work of the African National Congress in South Africa, Sinn Fein in Northern Ireland, the Northern Alliance in Afghanistan, or the contras in Nicaragua would be deportable. It would be no defense to show that the only support was for lawful nonviolent activity. It would be no defense to show that the United States itself supported some of these groups.

More than 600 organizations across the political spectrum oppose this legislation. A broad coalition of religious, immigrant, human rights, and civil liberties groups have expressed their own strong opposition. Also opposing the bill are the National Governors Association, the American Association of Motor Vehicle Administrators, and the National Conference of State Legislators, and a 9/11 family group, the September 11 Families for Peaceful Tomorrows.

In these difficult times for our country, we know that the threat of terrorism has not ended, and we must do all we can to enact genuine measures to stop terrorists before they act, and to see that law enforcement officials have the full support they need. The REAL ID bill will not improve these efforts. It will not make us safer or prevent terrorism and it is an invitation to gross abuses.

It is a false solution to national and border security. I urge the Senate to oppose the REAL ID bill.

Mr. LEAHY. Mr. President, there are many Members on both sides of the aisle with strong objections to the REAL ID Act, which the House included in its version of the emergency supplemental and which Senator

ISAKSON has offered as an amendment. I oppose the REAL ID Act because I value our Nation's historic commitment to asylum, and do not want to see severe restrictions placed on the ability of asylum seekers to obtain refuge here. I oppose it because I value States rights, and side with the National Governors Association, the National Conference of State Legislatures, and the Council of State Governments in objecting to the imposition of unworkable Federal mandates on State drivers license policies. And I oppose the REAL ID Act because I support environmental protection and the rule of law, both of which the act would subvert by requiring the DHS Secretary to waive all laws, environmental or otherwise, that may get in the way of the construction of border fences or barriers, and by forbidding judicial review of the Secretary's actions.

Although I oppose the REAL ID Act, I respect Senator ISAKSON's desire to debate it in the Senate. The Senate should have a debate and vote on his amendment, and state clearly where we stand. I fear that if we do not, the Senate's silence will be treated as acquiescence by the Republican conferees from both Chambers. As a result, we will see this highly objectionable legislation included in an unamendable conference report. Such a backdoor approach may be the preferred course of action for the Senate's Republican leadership, but it is no way for us to conduct our business.

In addition to my substantive objections to the Isakson amendment, I oppose it because it would deprive the Judiciary Committee of the opportunity to consider and review these wide-ranging provisions. If the majority party believes this is good legislation, it should schedule committee consideration and move it through the regular order.

The majority leader has indicated in recent weeks that the Senate will be considering immigration reform this year. The provisions in the REAL ID Act should be considered at that time and in conjunction with a broader debate about immigration. We should consider the Isakson amendment and we should vote it down.

Mr. LIEBERMAN. Mr. President, I rise to speak in opposition to the House legislation known as the REAL ID Act and to urge that it not be included in the conference report for this spending bill. Last year Congress enacted comprehensive antiterrorism legislation, the Intelligence Reform and Terrorism Prevention Act, which implemented the recommendations of the 9/11 Commission. Some of the most important provisions we enacted strengthen our borders against terrorist infiltration and provide the government with new weapons in tracking terrorist travel around the globe. The act also requires minimum Federal standards to ensure that State-issued drivers' licenses are always secure and reliable forms of identification.

The REAL ID Act would repeal much of our work from last year, and replace it with provisions that impose on State governments unworkable standards for drivers' licenses. The REAL ID Act also includes punitive immigration provisions that we rejected last year, and that have no place on an emergency spending bill. Do not be fooled. Our nation is safer if we implement the protections we passed just last December. We must not allow an ideological debate over immigration policy to derail initiatives vital to the war against terrorism.

Last year I was privileged to work with my colleagues on both sides of the aisle and in both Chambers to develop antiterrorism and intelligence reform legislation of which we can all be proud. Among other things, the Intelligence Reform Act called for large increases in the numbers of Border Patrol agents, immigration enforcement agents, and detention beds. It strengthened consular procedures for screening visa applicants. It closed a gaping vulnerability by requiring people entering the United States at our land borders to show a passport. And it required minimum Federal standards to ensure that State-issued drivers' licenses are always secure and reliable forms of identification.

At the same time, I joined with my fellow conferees to ensure that the intelligence reform bill focused on genuine antiterrorism measures and excluded extraneous measures. In particular, in conference we rejected a number of antiasylum and anti-immigration provisions. The REAL ID Act simply recycles several of the controversial immigration provisions which we rejected last year. When the REAL ID Act was debated on the House floor this year many of its supporters claimed that these provisions had been recommended by the 9/11 Commission, and are essential to the war on terrorism. That is simply not the case.

Last October, the 9/11 Commissioners made clear that the immigration provisions in the House bill were irrelevant to fighting terrorism. I would like to quote from a letter the conferees received from Gov. Thomas Kean and Congressman Lee Hamilton, a letter that reflected the unanimous view of the commissioners. Referring to the House provisions on immigration, they said, ''We believe strongly that this bill is not the right occasion for tackling controversial immigration and law enforcement issues that go well beyond the Commission's recommendations. We note in this regard that some of these provisions have been advocated in response to Commission recommendations. They are not Commission recommendations.'' The commissioners then added, ''We believe we are better off with broad bipartisan agreement on key recommendations of the Commission in support of border security than taking up a number of controversial provisions that are more central to the question of immigration policy than they are to the question of counterterrorism.''

As the commissioners made clear, the provisions in the REAL ID Act have more to do with immigration than with national security. These are controversial provisions that need to be fully considered by our Judiciary Committee. The legislation would make it harder for refugees fleeing oppressive regimes to get asylum. That provision does not target terrorists because current law already states that no member of a terrorist organization can be eligible for asylum. The REAL ID Act would suspend habeas corpus review in deportation proceedings. Not since the Civil War has habeas corpus been suspended. The House bill would allow the Department of Homeland Security to waive all laws so that fences and barriers can be built on any of our land borders. There is no limitation as to what laws can be waived environmental laws, labor laws, laws allowing property owners to be compensated for the confiscation of their land. These provisions have serious negative consequences and should be more carefully considered. I do not believe they could ever be enacted if they were carefully considered with our normal procedures.

I would also like to address the provisions in the REAL ID Act that would establish new Federal standards for drivers' licenses. My colleagues no doubt remember that just last December Congress enacted standards for drivers' licenses, as recommended by the 9/11 Commission, to ensure drivers' licenses are secure and identities are verified. The standards are now being implemented through a rulemaking, in which state governments are given a seat at the table to share their expertise. These legislative standards were a great accomplishment, a result of fine work done by Senators MCCAIN, DURBIN, COLLINS, ALEXANDER, and other colleagues. Last year the administration declared that the Senate's provisions were preferable to those drafted by the House, and the 9/11 Commission endorsed them.

The REAL ID Act would repeal the work Congress did last year. It would replace our provisions with much more rigid provisions from last year's House bill. The provisions are so unrealistic that States could not implement them. All Americans applying for drivers' licenses would have to wait for weeks while State DMVs tried to confirm the authenticity of paper birth certificates and other records, records filed away at county offices across the country. State governments would have no opportunity to provide input for the regulations, as they have under current law.

That is why the State government organizations think the REAL ID Act is a terrible idea. The National Governors' Association, the National Conference of State Legislatures, the Council of State Governments, and the American Association of Motor Vehicle Administrators have all announced their strong opposition to the REAL ID Act. The organizations have written to congressional leadership that the REAL ID Act would impose requirements on state governments which, ''are beyond the current capacity of even the federal government.'' The State government groups have asked that the law we passed last December be given a chance to work. I ask unanimous consent that a joint letter from these four organizations be printed in the CONGRESSIONAL RECORD following the conclusion of my remarks.

The PRESIDING OFFICER. Without objection, it is so ordered.

(See exhibit 1.)

Mr. LIEBERMAN. Mr. President, when the State governments of our Nation say that these drivers' license provisions are unworkable, we need to take notice. State governments have been issuing drivers' licenses for decades. They are the experts, and we will need their input and coordination if we are going to implement the drivers' license standards recommended by the 9/11 Commission.

I urge my colleagues to oppose the REAL ID Act. We must ask our Senate conferees not to allow such a controversial measure to be pushed through Congress on an emergency spending bill. The REAL ID Act contradicts our historic identity as a nation that provides a haven for the oppressed. The REAL ID Act would not make us safer. It would make us less safe. It would repeal provisions enacting a central recommendation of the 9/11 Commission, and it would undermine a vital counterterrorism initiative.

EXHIBIT 1

MARCH 17, 2005.

Hon. WILLIAM H. FRIST,
Majority Leader, U.S. Senate,
Washington, DC.
Hon. HARRY REID,
Minority Leader, U.S. Senate,
Washington, DC.

DEAR SENATOR FRIST AND SENATOR REID: We write to express our opposition to Title II of H.R. 418, the ''Improved Security For Driver's Licenses and Personal Identification Cards'' provision, which has been attached to H.R. 1268, the fiscal year 2005 supplemental spending measure. While Governors, state legislatures, other state elected officials and motor vehicle administrators share your concern for increasing the security and integrity of the driver's license and state identification processes, we firmly believe that the driver's license and ID card provisions of the Intelligence Reform and Terrorism Prevention Act of 2004 offer the best course for meeting those goals.

The ''Driver's Licenses and Personal Identification Cards'' provision in the Intelligence Reform Act of 2004 provides a workable framework for developing meaningful standards to increase reliability and security of driver's licenses and ID cards. This framework calls for input from state elected officials and motor vehicle administrators in the regulatory process, protects state eligibility criteria, and retains the flexibility necessary to incorporate best practices from around the states. We have begun to work with the U.S. Department of Transportation to develop the minimum standards, which must be completed in 18 months pursuant to the Intelligence Reform Act.

We commend the Members of the U.S. House of Representatives for their commitment to driver's license integrity; however, H.R. 418 would impose technological standards and verification procedures on states, many of which are beyond the current capacity of even the federal government. Moreover, the cost of implementing such standards and verification procedures for the 220 million driver's licenses issued by states represents a massive unfunded federal mandate.

Our states have made great strides since the September 11, 2001 terrorists attacks to enhance the security processes and requirements for receiving a valid driver's license and ID card. The framework in the Intelligence Reform Act of 2004 will allow us to work cooperatively with the federal government to develop and implement achievable standards to prevent document fraud and other illegal activity related to the issuance of driver's licenses and ID cards.

We urge you to allow the provisions in the Intelligence Reform Act of 2004 to work. Governors, state legislators, other state elected officials and motor vehicle administrators are committed to this process because it will allow us to develop mutually agreed-upon standards that can truly help create a more secure America.

Sincerely,

RAYMOND C. SCHEPPACH,
Executive Director, National Governors Association.
WILLIAM T. POUND,
Executive Director, National Conference of State Legislatures.
LINDA R. LEWIS,
President and CEO, American Association of Motor Vehicle Administrators.
DAN SPRAGUE,
Executive Director, Council of State Governments.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. LEVIN. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 563

Mr. LEVIN. Mr. President, I send an amendment to the desk and ask for its immediate consideration.

The PRESIDING OFFICER. Is there objection to laying aside the pending amendments?

Mr. LEVIN. I thank the Chair and ask unanimous consent that be done.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will report.

The assistant legislative clerk read as follows:

The Senator from Michigan [Mr. LEVIN] proposes an amendment numbered 563.

The amendment is as follows:

(Purpose: To authorize the Secretary of Labor to convey the Detroit Labor Building to the State of Michigan)

At the appropriate place, insert the following:

SEC. ___. The Secretary of Labor shall convey to the State of Michigan, for no consideration, all right, title, and interest of the United States in and to the real property known as the ''Detroit Labor Building'' and located at 7310 Woodward Avenue, Detroit, Michigan, to the extent the right, title, or interest was acquired through a grant to the State of Michigan under title III of the Social Security Act (42 U.S.C. 501 et seq.) or the Wagner-Peyser Act (29 U.S.C. 49 et seq.) or using funds distributed to the State of Michigan under section 903 of the Social Security Act (42 U.S.C. 1103).

Mr. ENZI. Mr. President, may I enquire of the Senator from Michigan what his amendment seeks to accomplish?

Mr. LEVIN. My amendment will release the 55-percent equity position of the Department of Labor in the State-owned Detroit Labor Building in anticipation of its sale.

Mr. ENZI. It is my understanding that the equity the Department of Labor has acquired is attributable to Federal grants extended to the State and used for leasehold improvements over the last 50 years. These grants were provided under the auspices of Federal jobs programs including job training and unemployment compensation. Before consenting to this amendment, I seek assurance that the portion of the sale proceeds in question be used solely for job training purposes by the State of Michigan.

Mr. LEVIN. I have been assured by the Office of the Governor of Michigan that should my amendment be accepted, the entirety of the 55 percent of the proceeds from the sale of the building that would have otherwise been remitted to the Federal Government will instead be used by the State of Michigan to provide job training grants.

Mr. ENZI. With that assurance, I do not object to this amendment. I thank the Senator from Michigan for addressing my concerns.

Mr. LEVIN. Mr. President, I understand this amendment has been cleared on both sides. I know it has been cleared by Senator ENZI.

The PRESIDING OFFICER. Is there further debate on the amendment? If not, the question is on agreeing to the amendment.

The amendment (No. 563) was agreed to.

Mr. COCHRAN. I move to reconsider the vote.

Mr. LEVIN. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. LEVIN. Mr. President, I thank my dear friend from Mississippi for his understanding of this matter. I know it held up the Senate for a few minutes. I greatly appreciate it.

The PRESIDING OFFICER. The Senator from Mississippi.

AMENDMENT NO. 537

Mr. COCHRAN. Mr. President, I ask for the regular order with respect to amendment No. 537.

The PRESIDING OFFICER. The amendment is now pending.

Mr. COCHRAN. I make the point of order that the amendment is not germane.

The PRESIDING OFFICER. The point of order is sustained, and the amendment falls.

AMENDMENT NO. 454

Mr. COCHRAN. Mr. President, on behalf of the Senator from Colorado, Mr. SALAZAR, I call up amendment No. 454 and ask that it be reported.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Mississippi [Mr. COCHRAN], for Mr. SALAZAR, proposes an amendment numbered 454.

The amendment is as follows:

(Purpose: To ensure that Afghan security forces who receive training provided with United States assistance are professionally trained and that certain minimum standards are met)

On page 169, between lines 8 and 9, insert the following:

REPORT ON AFGHAN SECURITY FORCES TRAINING

SEC. 1122. (a) Notwithstanding any other provision of law, not later than 60 days after the date on which the initial obligation of funds made available in this Act for training Afghan security forces is made, the Secretary of Defense, in conjunction with the Secretary of State, shall submit to the appropriate congressional committees a report that includes the following:

(1) An assessment of whether the individuals who are providing training to Afghan security forces with assistance provided by the United States have proven records of experience in training law enforcement or security personnel.

(2) A description of the procedures of the Department of Defense and Department of State to ensure that an individual who receives such training—

(A) does not have a criminal background;

(B) is not connected to any criminal or terrorist organization, including the Taliban;

(C) is not connected to drug traffickers; and

(D) meets certain age and experience standards;

(3) A description of the procedures of the Department of Defense and Department of State that—

(A) clearly establish the standards an individual who will receive such training must meet;

(B) clearly establish the training courses that will permit the individual to meet such standards; and

(C) provide for certification of an individual who meets such standards.

(4) A description of the procedures of the Department of Defense and Department of State to ensure the coordination of such training efforts between these two Departments.

(5) The number of trained security personnel needed in Afghanistan, an explanation of how such number was determined, and a schedule for training that number of people.

(6) A description of the methods that will be used by the Government of Afghanistan to maintain and equip such personnel when such training is completed.

(7) A description of how such training efforts will be coordinated with other training programs being conducted by the governments of other countries or international organizations in Afghanistan.

(b) Not less frequently than once each year the Secretary of Defense, in conjunction with the Secretary of State, shall submit a report to the appropriate congressional committees that describes the progress made to meet the goals and schedules set out in the report required by subsection (a).

(c) In this section the term ''appropriate congressional committees'' means the Committee on Appropriations, the Committee on Armed Services, and the Committee on Foreign Relations of the Senate and the Committee on Appropriations, the Committee on Armed Services, and the Committee on International Relations of the House of Representatives.

AMENDMENT NO. 454, AS MODIFIED

Mr. COCHRAN. Mr. President, I send a modification to the desk to amendment No. 454, and I ask unanimous consent that the modification of the amendment be considered.

The PRESIDING OFFICER. Without objection, the amendment is so modified.

The amendment, as modified, is as follows:

On page 183, line 23 after the period, insert the following:

REPORT ON AFGHAN SECURITY FORCES TRAINING

SEC. 112. (a) Notwithstanding any other provision of law, not later than 90 days after the date on which the initial obligation of funds made available in this Act for training Afghan security forces, including police, border security guards and members of the Afghan National Army, is made, the Secretary of State, in conjunction with the Secretary of Defense, shall submit to the appropriate congressional committees a report that includes the following:

(1) An Assessment of whether the individuals who are providing training to Afghan security forces with assistance provided by the United State have proven records of experience in training law enforcement or security personnel.

(2) A description of the procedures of the Department of State and Department of Defense to ensure that an individual who receives such training—

(A) does not have a criminal background;

(B) is not connected to any criminal or terrorist organization, including the Taliban;

(C) is not connected to drug traffickers; and

(D) meets certain age and experience standards.

(3) A description of the procedures of the Department of State and Department of Defense that—

(A) clearly establish the standards an individual who will receive such training must meet;

(B) clearly establish the training courses that will permit the individual to meet such standards; and

(C) provide for certification of an individual who meets such standards.

(4) A description of the procedures of the Department of State and Department of Defense to ensure the coordination of such training efforts between these two Departments.

(5) A description of methods that will be used by the Government of Afghanistan to maintain and equip such personnel when such training is completed.

(6) A description of how such training efforts will be coordinated with other training programs being conducted by the governments of other countries or international organizations in Afghanistan.

(b) In this section the term ''appropriate congressional committees'' means the Committee on Appropriations, the Committee on Armed Services, and the Committee on Foreign Relations of the Senate and the Committee on Appropriations, the Committee on Armed Services, and the Committee on International Relations of the House of Representatives.

The PRESIDING OFFICER. Is there further debate on this amendment? If not, the question is on agreeing to the amendment.

The amendment (No. 454), as modified, was agreed to.

Mr. COCHRAN. I move to reconsider the vote, and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 517, AS MODIFIED

Mr. COCHRAN. Mr. President, I ask unanimous consent to send a modification of amendment No. 517 to the desk and that it be reported.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Mississippi [Mr. COCHRAN], for Mr. CORZINE, proposes an amendment numbered 517.

The amendment is as follows:

(Purpose: To impose sanctions against perpetrators of crimes against humanity in Darfur, Sudan, and for other purposes)

On page 183, after line 23, insert the following:

DARFUR ACCOUNTABILITY

SEC. 2105. (a) It is the sense of the Senate that—

(1) the atrocities unfolding in Darfur, Sudan, have been and continue to be genocide;

(2) the United States should immediately seek passage at the United Nations Security Council of a resolution that—

(A) imposes additional sanctions or additional measures against the Government of Sudan, including sanctions that will affect the petroleum sector in Sudan, individual members of the Government of Sudan, and entities controlled or owned by officials of the Government of Sudan or the National Congress Party in Sudan, that will remain in effect until such time as the Government of Sudan fully complies with all relevant United Nations Security Council resolutions;

(B) establishes a military no-fly zone in Darfur and calls on the Government of Sudan to immediately withdraw all military aircraft from the region;

(C) urges member states to accelerate assistance to the African Union force in Darfur, sufficient to achieve the expanded mandate described in paragraph (5);

(D) calls on the Government of Sudan to cooperate with, and allow unrestricted movement in Darfur by, the African Union force, the United Nations Mission in Sudan (UNMIS), international humanitarian organizations, and United Nations monitors;

(E) extends the embargo of military equipment established by paragraphs 7 through 9 of United Nations Security Council Resolution 1556 and expanded by Security Council Resolution 1591 to include a total prohibition of sale or supply to the Government of Sudan; and

(F) expands the mandate of UNMIS to include the protection of civilians throughout Sudan, including Darfur, and increases the number of UNMIS personnel to achieve such mandate;

(3) the United States should not provide assistance to the Government of Sudan, other than assistance necessary for the implementation of the Sudan North-South Peace Agreement, the support of the southern regional government in Sudan, or for humanitarian purposes in Sudan, unless the President certifies and reports to Congress that the Government of Sudan has fully complied with all relevant United Nations Security Council resolutions and the conditions established by the Comprehensive Peace in Sudan Act of 2004 (Public Law 108–497; 118 Stat. 4018);

(4) the President should work with international organizations, including the North Atlantic Treaty Organization (NATO), the United Nations, and the African Union to undertake action as soon as practicable to eliminate the ability of the Government of Sudan to engage in aerial bombardment of civilians in Darfur and establish mechanisms for the enforcement of a no-fly zone in Darfur;

(5) the African Union should extend its mandate in Darfur to include the protection of civilians and proactive efforts to prevent violence;

(6) the President should accelerate assistance to the African Union in Darfur and discussions with the African Union, the European Union, NATO, and other supporters of the African Union force on the needs of the African Union force, including assistance for housing, transportation, communications, equipment, technical assistance such as training and command and control assistance, and intelligence;

(7) the President should appoint a Presidential Envoy for Sudan to support peace, security and stability in Darfur and seek a comprehensive peace throughout Sudan;

(8) United States officials, at the highest levels, should raise the issue of Darfur in bilateral meetings with officials from other members of the United Nations Security Council and other relevant countries, with the aim of passing a United Nations Security Council resolution described in paragraph (2) and mobilizing maximum support for political, financial, and military efforts to stop the genocide in Darfur; and

(9) the United States should actively participate in the UN Committee and the Panel of Experts established pursuant to Security Council Resolution 1591, and work to support the Secretary-General and the United Nations High Commissioner for Human Rights in their efforts to increase the number and deployment rate of human rights monitors to Darfur.

(b)(1) At such time as the United States has access to any of the names of those named by the UN Commission of Inquiry or those designated by the UN Committee the President shall—

(A) submit to the appropriate congressional committees a report listing such names;

(B) determine whether the individuals named by the UN Commission of Inquiry or designated by the UN Committee have committed the acts for which they were named or designated;

(C) except as described under paragraph (2), take such action as may be necessary to immediately freeze the funds and other assets belonging to such individuals, their family members, and any associates of such individuals to whom assets or property of such individuals were transferred on or after July 1, 2002, including requiring that any United States financial institution holding such funds and assets promptly report those funds and assets to the Office of Foreign Assets Control; and

(D) except as described under paragraph (2), deny visas and entry to such individuals, their family members, and anyone the President determines has been, is, or may be planning, carrying out, responsible for, or otherwise involved in crimes against humanity, war crimes, or genocide in Darfur, Sudan.

(2) The President may elect not to take action described in paragraphs (1)(C) and (1)(D) if the President submits to the appropriate congressional committees, a report—

(A) naming the individual named by the UN Commission of Inquiry or designated by the UN Committee with respect to whom the President has made such election, on behalf of the individual or the individual's family member or associate; and

(B) describing the reasons for such election, and including the determination described in paragraph (1)(B).

(3) Not later than 30 days after United States has access to any of the names of those named by the UN Commission of Inquiry or those designated by the UN Committee, the President shall submit to the appropriate congressional committees notification of the sanctions imposed under paragraphs (1)(C) and (1)(D) and the individuals affected, or the report described in paragraph (2).

(4) Not later than 30 days prior to waiving the sanctions provisions of any other Act with regard to Sudan, the President shall submit to the appropriate congressional committees a report describing the waiver and the reasons for such waiver.

(c)(1) The Secretary of State, in conjunction with the Secretary of Defense, shall report to the appropriate congressional committees on efforts to deploy an African Union force in Darfur, the capacity of such force to stabilize Darfur and protect civilians, the needs of such force to achieve such mission including housing, transportation, communications, equipment, technical assistance, including training and command and control, and intelligence, and the status of United States and other assistance to the African Union force.

(2)(A) The report described in paragraph (1) shall be submitted every 90 days during the 1-year period beginning on the date of the enactment of this Act, or until such time as the President certifies that the situation in Darfur is stable and that civilians are no longer in danger and that the African Union is no longer needed to prevent a resumption of violence and attacks against civilians.

(B) After such 1-year period, and if the President has not made the certification described in subparagraph (A), the report described in paragraph (1) shall be included in the report required under section 8(b) of the Sudan Peace Act (50 U.S.C. 1701 note), as amended by section 5(b) of the Comprehensive Peace in Sudan Act of 2004 (Public Law 108–497; 118 Stat. 4018).

(d) In this section:

(1) The term 'appropriate congressional committees' means the Committee on Foreign Relations and the Committee on Appropriations of the Senate and the Committee on International Relations and the Committee on Appropriations of the House of Representatives.

(2) The term ''Government of Sudan'' means the National Congress Party-led government in Khartoum, Sudan, or any successor government formed on or after the date of the enactment of this title.

(3) The term ''member states'' means the member states of the United Nations.

(4) The term ''Sudan North-South Peace Agreement'' means the comprehensive peace agreement signed by the Government of Sudan and the Sudan People's Liberation Army/Movement on January 9, 2005.

(5) The term ''those named by the UN Commission of Inquiry'' means those individuals whose names appear in the sealed file delivered to the Secretary-General of the United Nations by the International Commission of Inquiry on Darfur to the United Nations Security Council.

(6) The term ''UN Committee'' means the Committee of the Security Council established in United Nations Security Council Resolution 1591 (29 March 2005); paragraph 3.

The PRESIDING OFFICER. Is there objection to the modification? Without objection, the amendment is so modified.

The amendment, as modified, is as follows:

On page 183, after line 23, insert the following:

DARFUR ACCOUNTABILITY

SEC. 2105. (a) It is the sense of the Senate that—

(1) the atrocities unfolding in Darfur, Sudan, have been and continue to be genocide;

(2) the United States should immediately seek passage at the United Nations Security Council of a resolution that—

(A) imposes additional sanctions or additional measures against the Government of Sudan, including sanctions that will affect the petroleum sector in Sudan, individual members of the Government of Sudan, and entities controlled or owned by officials of the Government of Sudan or the National Congress Party in Sudan, that will remain in effect until such time as the Government of Sudan fully complies with all relevant United Nations Security Council resolutions;

(B) establishes a military no-fly zone in Darfur and calls on the Government of Sudan to immediately withdraw all military aircraft from the region;

(C) urges member states to accelerate assistance to the African Union force in Darfur, sufficient to achieve the expanded mandate described in paragraph (5);

(D) calls on the Government of Sudan to cooperate with, and allow unrestricted movement in Darfur by, the African Union force, the United Nations Mission in Sudan (UNMIS), international humanitarian organizations, and United Nations monitors;

(E) extends the embargo of military equipment established by paragraphs 7 through 9 of United Nations Security Council Resolution 1556 and expanded by Security Council Resolution 1591 to include a total prohibition of sale or supply to the Government of Sudan; and

(F) expands the mandate of UNMIS to include the protection of civilians throughout Sudan, including Darfur, and increases the number of UNMIS personnel to achieve such mandate;

(3) the United States should not provide assistance to the Government of Sudan, other than assistance necessary for the implementation of the Sudan North-South Peace Agreement, the support of the southern regional government in Sudan, or for humanitarian purposes in Sudan, unless the President certifies and reports to Congress that the Government of Sudan has fully complied with all relevant United Nations Security Council resolutions and the conditions established by the Comprehensive Peace in Sudan Act of 2004 (Public Law 108–497; 118 Stat. 4018);

(4) the President should work with international organizations, including the North Atlantic Treaty Organization (NATO), the United Nations, and the African Union to undertake action as soon as practicable to eliminate the ability of the Government of Sudan to engage in aerial bombardment of civilians in Darfur and establish mechanisms for the enforcement of a no-fly zone in Darfur;

(5) the African Union should extend its mandate in Darfur to include the protection of civilians and proactive efforts to prevent violence;

(6) the President should accelerate assistance to the African Union in Darfur and discussions with the African Union, the European Union, NATO, and other supporters of the African Union force on the needs of the African Union force, including assistance for housing, transportation, communications, equipment, technical assistance such as training and command and control assistance, and intelligence;

(7) the President should appoint a Presidential Envoy for Sudan to support peace, security and stability in Darfur and seek a comprehensive peace throughout Sudan;

(8) United States officials, at the highest levels, should raise the issue of Darfur in bilateral meetings with officials from other members of the United Nations Security Council and other relevant countries, with the aim of passing a United Nations Security Council resolution described in paragraph (2) and mobilizing maximum support for political, financial, and military efforts to stop the genocide in Darfur; and

(9) the United States should actively participate in the UN Committee and the Panel of Experts established pursuant to Security Council Resolution 1591, and work to support the Secretary-General and the United Nations High Commissioner for Human Rights in their efforts to increase the number and deployment rate of human rights monitors to Darfur.

(b)(1) At such time as the United States has access to any of the names of those named by the UN Commission of Inquiry or those designated by the UN Committee the President shall—

(A) submit to the appropriate congressional committees a report listing such names;

(B) determine whether the individuals named by the UN Commission of Inquiry or designated by the UN Committee have committed the acts for which they were named or designated;

(C) except as described under paragraph (2), take such action as may be necessary to immediately freeze the funds and other assets belonging to those named by the UN Commission of Inquiry and those designated by the UN Commission, their family members, and any assets or property that such individuals transferred on or after July 1, 2002, including requiring that any United States financial institution holding such funds and assets promptly report those funds and assets to the Office of Foreign Assets Control; and

(D) except as described under paragraph (2), deny visas and entry to those named by the UN Commission of Inquiry and those designated by the UN Commission, their family members, and anyone the President determines has been, is, or may be planning, carrying out, responsible for, or otherwise involved in crimes against humanity, war crimes, or genocide in Darfur, Sudan.

(2) The President may elect not to take action described in paragraphs (1)(C) and (1)(D) if the President submits to the appropriate congressional committees a report—

(A) naming the individual or individuals named by the UN Commission of Inquiry or designated by the UN Committee with respect to whom the President has made such election, on behalf of the individual or the individual's family member or associate; and

(B) describing the reasons for such election, and including the determination described in paragraph (1)(B).

(3) Not later than 30 days after United States has access to any of the names of those named by the UN Commission of Inquiry or those designated by the UN Committee, the President shall submit to the appropriate congressional committees notification of the sanctions imposed under paragraphs (1)(C) and (1)(D) and the individuals affected, or the report described in paragraph (2).

(4) Not later than 30 days prior to waiving the sanctions provisions of any other Act with regard to Sudan, the President shall submit to the appropriate congressional committees a report describing the waiver and the reasons for such waiver.

(c)(1) The Secretary of State, in conjunction with the Secretary of Defense, shall report to the appropriate congressional committees on efforts to deploy an African Union force in Darfur, the capacity of such force to stabilize Darfur and protect civilians, the needs of such force to achieve such mission including housing, transportation, communications, equipment, technical assistance, including training and command and control, and intelligence, and the status of United States and other assistance to the African Union force.

(2)(A) The report described in paragraph (1) shall be submitted every 90 days during the 1-year period beginning on the date of the enactment of this Act, or until such time as the President certifies that the situation in Darfur is stable and that civilians are no longer in danger and that the African Union is no longer needed to prevent a resumption of violence and attacks against civilians.

(B) After such 1-year period, and if the President has not made the certification described in subparagraph (A), the report described in paragraph (1) shall be included in the report required under section 8(b) of the Sudan Peace Act (50 U.S.C. 1701 note), as amended by section 5(b) of the Comprehensive Peace in Sudan Act of 2004 (Public Law 108–497; 118 Stat. 4018).

(d) In this section:

(1) The term 'appropriate congressional committees' means the Committee on Foreign Relations and the Committee on Appropriations of the Senate and the Committee on International Relations and the Committee on Appropriations of the House of Representatives.

(2) The term ''Government of Sudan'' means the National Congress Party-led government in Khartoum, Sudan, or any successor government formed on or after the date of the enactment of this title.

(3) The term ''member states'' means the member states of the United Nations.

(4) The term ''Sudan North-South Peace Agreement'' means the comprehensive peace agreement signed by the Government of Sudan and the Sudan People's Liberation Army/Movement on January 9, 2005.

(5) The term ''those named by the UN Commission of Inquiry'' means those individuals whose names appear in the sealed file delivered to the Secretary-General of the United Nations by the International Commission of Inquiry on Darfur to the United Nations Security Council.

(6) The term ''UN Committee'' means the Committee of the Security Council established in United Nations Security Council Resolution 1591 (29 March 2005); paragraph 3.

The PRESIDING OFFICER. Is there further debate on this amendment? If not, the question is on agreeing to the amendment.

The amendment (No. 517), as modified, was agreed to.

Mr. COCHRAN. I move to reconsider the vote.

Mr. LEVIN. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. COCHRAN. Mr. President, I ask unanimous consent that the following list of cosponsors to the Corzine amendment be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

CO-SPONSORS OF THE CORZINE DARFUR ACCOUNTABILITY AMENDMENT

Brownback, DeWine, Bill Nelson, Mikulski, Kerry, Johnson, Bingaman, Schumer, Coleman, Leahy, Wyden, Feinstein, Lautenberg, Murray, Jeffords, Obama, Ben Nelson, Boxer, Specter, Kohl, Landrieu, Feingold, Bayh, Levin, Durbin, Lieberman, Clinton, Salazar, and Talent.

AMENDMENT NO. 488

Mr. COCHRAN. Mr. President, on behalf of Senator MCCONNELL, I call up amendment No. 488.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Mississippi [Mr. COCHRAN], for Mr. MCCONNELL, proposes an amendment numbered 488.

Mr. COCHRAN. I ask unanimous consent that the reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

On page 183, line 23 after the period insert the following:

CANDIDATE COUNTRIES

SEC. . Section 616(b)(1) of the Millennium Challenge Act of 2003 (Public 108–199) is amended—

(1) by striking ''subparagraphs (A) and (B) of section 606(a)(1)''; and,

(2) inserting in lieu thereof ''subsection (a) or (b) of section 606''.

The PRESIDING OFFICER. Is there further debate on the amendment? If

not, the question is on agreeing to the amendment.

The amendment (No. 488) was agreed to.

Mr. COCHRAN. I move to reconsider the vote, and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. COCHRAN. Mr. President, I am pleased, on behalf of the leader, to present the following agreement that has been cleared.

I ask unanimous consent that the only remaining amendments to the bill be the Ensign amendment No. 487 and the Bayh amendment No. 520; provided further, that all time be considered expired under rule XXII, with the exception of 15 minutes prior to the votes; provided further, that on Thursday, at a time to be determined by the majority leader, after consultation with the Democratic leader, the Senate resume consideration of the bill and that there be 15 minutes for debate equally divided between the chairman and Senator BAYH or his designee prior to votes in relation to the remaining amendments, and that following the disposition of the amendments, the bill be read a third time and the Senate proceed to vote on passage, with no intervening action or debate; finally, I ask unanimous consent that following passage of the bill, the Senate insist on its amendments, request a conference with the House, and the Chair be authorized to appoint the Appropriations Committee as conferees on the part of the Senate.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. COCHRAN. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. INHOFE. Mr. President, I ask unanimous consent the order for the quorum call be rescinded.

The PRESIDING OFFICER (Mr. VITTER). Without objection, it is so ordered.

Mr. INHOFE. Mr. President, I ask unanimous consent that I be allowed to speak up to 25 minutes as in morning business.

The PRESIDING OFFICER. Without objection, it is so ordered.

CHINA'S INCREASING GLOBAL INFLUENCE

Mr. INHOFE. Mr. President, today I will deliver my third speech in 2 weeks on the issue of China's increasing global influence. In these past speeches I addressed alarming trends such as China's proliferation problem, the distressing potential that the EU may drop their Arms embargo, and other events that have obvious impact on our national security.

In 2000, Congress established the bipartisan U.S.-China Economic and Security Review Commission to collect and provide Congress with authoritative information on how our relationship with China affects our economy and industrial base, the impact of China's military and weapons proliferation on our security, and the status of our national interests in Asia. I fear that the Commission's findings have largely been ignored. I will continue to draw America's attention to the issue until we address it.

As China becomes increasingly interdependent with its Asian neighbors, it is presenting its economic rise as a win-win situation for its trade and investment partners. According to political economist Francis Fukuyama:

> Over the long run, [China] wants to organize East Asia in a way that puts them in the center of regional politics.

The implications of this are disturbing. As the 2004 Commission report points out:

> . . . the United States' influence and vital long-term interests in Asia are being challenged by China's robust regional economic engagement and diplomacy, and that greater attention must be paid to U.S. relations in the region.

The Commission recommends that the U.S. increase visibility in Asia through initiatives that demonstrate our commitment to regional security. One avenue for this is the Asia-Pacific Economic Cooperation forum—APEC.

A careful look will show that China's regional outreach is at best inconsistent. It certainly has not offered win-win benefits to Taiwan or Hong Kong. As the tense situation in Taiwan continues to simmer, China's ongoing intimidation of this country seems to undermine the rosy picture they are trying to paint. A few weeks ago the Chinese Communist Party formalized a new stance on Taiwan. This is a total diversion from their old policy. The following was approved by the National Peoples Congress:

> If possibilities for a peaceful reunification should be completely exhausted, the state shall employ nonpeaceful means and other necessary measure to protect China's sovereignty and territorial integrity.

This represents a change from earlier ambiguous language that would have allowed China flexibility to consider other options should conflict arise. As it is, China has taken away its own alternatives.

China has also backed itself into a troubling situation with its skyrocketing demand for oil; since my floor speeches in 1999 its oil imports have doubled, and last year alone surged upwards of 57 percent. Some analysts project China's oil needs will double again by 2010 and it will use up its reserves within 14 years. China's alarming need for oil has caused it to look around the world for new sources, sources that are often problematic states with security concerns for the United States.

In Venezuela, anti-American President Hugo Chavez announced a $3 billion trade strategy with China, including provisions for oil and gas. This came on the heels of his statement, ''We have invaded the United States, [not with guns] but with our oil.''

Beijing recently signed a $70 billion oil/gas deal with Iran, from whom it receives 11 percent of its oil imports. Naturally, China has come out firmly against the U.N. Security Council holding Iran economically accountable for its nuclear program.

Likewise, in Sudan, China seeks to defuse or delay any U.N. sanctions against Khartoum. It hardly seems coincidence that 4 percent of its oil imports come from that conflict stricken country, a supply that China seems ready to protect at all costs.

Keep in mind we are talking about the same area in northern Uganda and southern Sudan where they have the terrorist attacks that have consistently gone out, where they abduct these young children, train them to be soldiers, instruct them to kill their parents, and if they do not do it, they cut their arms off, their lips off, and their ears off. That makes no difference to China. If it means 4 percent of its oil imports potential in the future, they are willing to do it.

The United States and the European Union have sanctioned Zimbabwe, hoping to pressure its corrupt regime into reforms. China, on the other hand, has boosted aid and investment, working to blunt the sanctions.

The sources China has used to meet its oil needs and increase its world standing are clearly questionable. The Commission makes an unpopular but straightforward observation:

> . . . [China's] pursuit of oil diplomacy may support objectives beyond just energy supply. Beijing's bilateral arrangements with oil-rich Middle Eastern states also helped create diplomatic and strategic alliances with countries that were hostile to the United States. For example, with U.S. interests precluded from entering Iran, China may hope to achieve a long-term competitive advantage relative to the United States. Over time, Beijing's relationship-building may counter U.S. power and enhance Beijing's ability to influence political and military outcomes. One of Beijing's stated goals is to reduce what it considers U.S. superpower dominance in favor of a multipolar global power structure in which China attains superpower status on par with the United States.

And while the search for energy is not yet a zero-sum game, the way the U.S. and China acquire oil is strikingly different. James Caverly, of the U.S. Department of Energy states, ''The U.S. strategic framework makes certain that plenty of oil is available in the world market so that the price will remain low and the economy will benefit.'' China, in contrast, seeks to ''gain control of the oil at the source.

Geopolitically, this could soon bring the United States and Chinese energy interests into conflict.'' I have a chart that shows the countries that China has been buying oil from. This is the most up-to date information available. What I would like to point out is how China is using whatever leverage it can to find new energy sources, particularly in Africa. If you add up these amounts, China is acquiring about one third of its oil from African countries like Angola, Sudan, Congo, Equatorial Guinea, Nigeria and Libya. Other countries China has begun seeking oil from are Algeria, Cameroon, Chad, Gabon, and Guinea.

I have had occasion to go there. And any of these countries that you go to, you see that China is giving them everything they want.

I have been traveling to Africa for many years. I just got back from a trip through Tanzania, Ethiopia and Uganda. Chinese influence is everywhere. I see conference centers and sports stadiums being constructed, donated by the Chinese. China has been expanding its influence throughout Africa with projects like this. The one thing I keep hearing is, ''The U.S. tells you what you need, but China gives you what you want.'' Has China suddenly become compassionate and generous? No. One thing consistent with all of these countries where they are building these stadiums, sports complexes, and arenas, if you go to them, is they are places that the Chinese are depending on for their oil in the future. I think the fact these countries have large oil and mineral deposits is the reason for their generosity.

Last year, China spent nearly $10 billion on African oil. As I said, this is nearly one third of its total crude oil imports. To gain access to these resources, China shows no qualms about catering to some of the worst governments. The fact is that China is ignoring western sanctions and redrawing the usual geopolitical map to help it level whatever advantages the U.S. may have.

The U.S.-China Comission—again, talking about the Commission that spent 4 years looking at this—has been doing an outstanding job in translating how recent these events affect our national security. Their observations in the 2004 U.S.-China Economic and Security Review Commission report demand our attention.

The Commission outlines how China's energy search has both economic and security concerns for the United States:

China's rising energy demand has put added pressure on global petroleum supplies and prices. Indeed, the recent escalation in gasoline prices in the United States has been attributed, in part, to the impact of China's growing pressure on world oil supplies and the absence of any mechanism in place to counter this pressure and maintain stable prices for consumers . . . China's growing energy needs, linked to its rapidly expanding economy, are creating economic and security concerns for the United States. China's energy security policies are driving it into bilateral arrangements that undermine multilateral efforts to stabilize oil supplies and prices, and in some cases may involve dangerous weapons transfers.

I plan on giving another speech highlighting the significance of these illegal weapons transfers, followed by a resolution to effect the Commission's recommendations. This is a critical issue and will become a greater threat as we continue to ignore it; I hope America is listening.

I would like to say it goes far beyond that. When you have people like Chavez making statements that they would defeat America not with guns but with the economy, or with oil, we have a very serious problem.

I was disturbed over the last few years with not just the nuclear capabilities that China has and is trading with other countries, such as North Korea and Iran, but also with their conventional weapons. It took a lot of courage back in 1998 for General John Jumper to stand up and say publicly that now the Russians have a better strike vehicle than we have in the United States—better than our F–15s and F–16s, speaking of the SU–30 and SU–31 series. Yet China purchased about 240 of these vehicles. It is not just their nuclear and economic capability in trading with countries that are potentially dangerous to the United States but also their nuclear and conventional base.

I will look forward to delivering a floor speech on China.

MORNING BUSINESS

Mr. COCHRAN. Mr. President, I ask unanimous consent that there now be a period of morning business with Senators permitted to speak for up to 10 minutes each.

The PRESIDING OFFICER. Without objection, it is so ordered.

ENERGY PLAN

Mr. BURR. Madam President, I rise to talk about the overdue need for a long-term domestic energy plan, one that reflects the needs of a 21st century economy that will depend on a reliable, modernized electric grid.

As a Member of the House of Representatives, I introduced bipartisan, comprehensive energy legislation in each of the three previous Congresses and, as a member of that body's Energy and Commerce Committee, examined and investigated the energy crisis in California and the massive blackouts in the Northeast two summers ago.

Out of these two fiascoes emerged a common theme: Without an aggressive rehabilitation and modernization of this Nation's transmission grid, we are bound for more brownouts, blackouts, and forced outages, and an inability to deal with the capacity needs of an economy that grows in the future.

Earlier this year, I introduced, along with Senators LANDRIEU and LOTT, S. 498, the Interstate Transmission Act, which addresses the fundamental elements necessary for a successful electricity policy. The bill sets out to achieve three goals:

No. 1, to ensure reliability;

No. 2, to modernize the transmission grid;

No. 3, to reaffirm the role of State and Federal regulators.

In this year's State of the Union Address, President Bush challenged the Congress to pass an energy bill that modernizes the electricity grid. S. 498 achieves exactly that goal. How do we do it?

No. 1, mandatory reliability standards. The Interstate Transmission Act makes a mandatory set of reliability standards for the electric grid. Currently, the North American Electric Reliability Council, or, as we call it, NERC, has standards and guidelines and criteria for assuring the transmission of electricity through the system is secure and reliable. However, compliance with the standards of NERC is voluntary. It is not subject to any Government oversight.

The standards in our bill are the product of consensus and cooperation, and the language is identical to the reliability language from the energy conference report that received 58 votes in the Senate.

In its 2004 report on the U.S.-Canadian blackout of 2003, the bilateral committee tasked with investigating the blackout made as its No. 1 recommendation that Congress enact mandatory reliability standards.

Without mandatory rules on the books for reliability standards, we will continue to leave our grid and our country vulnerable to another massive blackout like the one the Northeast experienced.

No. 2, we need to attract new investment in transmission. While investment in the generation sector of electricity has resulted in the construction of new powerplants, these gains in supply are negated by a substandard electric transmission grid. It is estimated that the transmission investment over the past 25 years has declined at a rate of $115 million per year.

Additional research further indicates that there needs to be an investment of at least $56 billion in the transmission sector to upgrade existing lines and add additional capacity in order to meet existing peak electricity demands over the course of the next decade. It is currently projected, however, that the industry will only spend an average of $3 billion each year during the decade on upgrades and new transmission lines.

Wall Street is not promoting the transmission sector as a worthy investment. Why? Because it is not particularly profitable to invest in transmission today because it takes over 30 years to realize gains on transmission investments. Even with the good news we continue to hear about the economy, people can invest in other places and realize greater profits and quicker returns on their investment. Thus regulators must implement policies that ensure quicker, more attractive returns on investment in transmission.

The legislation I have introduced allows FERC to adopt transmission rules to promote capital investment in the system, improve operation of the system, and allow for returns to investors reflecting financial, operational, and other risks inherent in transmission investments.

Let me give you a great example of how innovative capital investments can spur the upgrade of the grid. It is estimated that electricity consumption in the West has grown 60 percent in the last 20 years. Yet transmission capacity has only grown 20 percent.

Last week, the Governors of California, Nevada, Utah, and Wyoming unveiled the ''Frontier Line Project,'' a series of new transmission lines spanning 1,300 miles from Wyoming to California. Knowing of how fast southern California and Nevada are growing, it would seem that as an investor, one would naturally be drawn to providing capital to build out this project. Yet these Governors are relying on State money and matching funds from DOE to make up the $2 billion it will cost to have the lines up and running by 2011. Granted the utility customers receiving the power will pay back the States for the project, but is the rate of return on what looks like such a needed project so low that we have to ask cash-strapped States to put money upfront to pay for these lines?

Mr. President, I sense the need to conclude. I believe my colleagues understand just how severe the challenge and the threat is to this country. We have to address these three things. We have to have a vibrant transmission grid. The Interstate Transmission Act will accomplish all these goals.

In the State of the Union Address, the President made it clear that 4 years of debate is enough; Congress needs to pass legislation that makes America more secure and less dependent upon foreign energy. I agree with the President that 4 years is enough. A fundamental, sound economy is only as stable as a fundamental, sound energy policy. I urge my colleagues to support S. 498. Let's get back on track and be prepared for the future.

NATIONAL PARKS WEEK

Mr. THOMAS. Mr. President, one of the things that all of us enjoy a great deal and are very proud of are our national parks. I call attention to this week, which is National Parks week, April 18 to 24. It is the time when we can recognize all of those wonderful places that have been set aside. We will have a number of events take place this week to commemorate our national parks.

Famed western author Wallace Stegner once said:

> National parks are the best idea we ever had. Absolutely American, absolutely democratic—they reflect us at our best rather than our worst.

Our uniquely American idea began with the creation of Yellowstone Park, the world's first national park, in 1872. I am very proud to say that this park is in Wyoming, my home State. As a matter of fact, I grew up 25 miles out of the gates of Yellowstone Park, and I certainly believe it is one of the great parks we have.

Since that time, of course, we have adopted more. We have exported and adopted worldwide this idea of parks, something of which we can be very proud. America's gift to the world is the theme of our National Parks Week this year, a very fitting theme.

Each year, more than 260 million people from all over the world visit our 388 national park units in our national park system. Collectively, of course, these sites reflect our heritage. We have an amazing array of resources, whether it is Teton Park, the Everglades of Florida, or Alaska, and the Service includes natural resources, cultural resources, historic sites commemorating events, significant people and places in our history, and memorials to fallen defenders of our Nation. Visitors to the parks enjoy these through the services provided by employees and, increasingly, the park volunteers and partners. I am amazed at the number of people who volunteer to not only show people around the parks but to do much of the work there.

I recognize and thank these employees, these volunteers, the partners who work in organizations that support the foundations of our parks. I certainly suggest to all of you that you give some thought this week to our national parks.

As the chairman of the subcommittee, I will work to continue to assure the national parks meet the standard of our world today.

SENATOR JIM JEFFORDS

Mr. LEAHY. Mr. President, it is with sadness and appreciation I come to the floor today to speak about the announcement my colleague from Vermont, Senator JEFFORDS, just made this afternoon in Burlington. He announced he will retire from the Senate at the end of his current term.

Not surprisingly, Senator JEFFORDS went back to his native State, our native State, of Vermont to make the announcement. When I called him this morning to talk with him, I said, ''JIM, how are you doing?'' He said, ''The air is so clear and so nice here in Vermont.'' He was speaking about the fact, of course, that he felt so much at peace. I know that is the case because JIM and I have known each other and we have worked with each other since the days, long ago, when he was the attorney general of Vermont and I was prosecuting criminals as State's Attorney of Chittenden County.

Our wives, Liz Jeffords and Marcelle Leahy, knew each other even before that from their high school days in Burlington. When JIM and I speak of our wives, we have to admit, we both married way above ourselves. We both chose extremely well. Our thoughts and thanks today are also with Liz and their children, Leonard and Laura.

JIM JEFFORDS is beloved by the people of Vermont, as well as by millions of Americans nationwide who have come to know him through the courage and independence he showed in making the difficult decision to become an Independent. Since then, JIM has had a national following. He has never had more public support and popularity in Vermont than he does today.

Though many Americans outside of Vermont only came to know of his independence in recent years, the truth is that, throughout his public service, JIM Jeffords has shown that same streak of Vermont independence. It is deep, it is wide, and it is genuine—from his days as a State senator from Rutland County, to being Attorney General, to being a Member of the House of Representatives, to being a Senator.

JIM has ably continued the Vermont legacy of national leadership on the environment in the tradition of Senator Bob Stafford of Vermont, from JIM's early days in the other body, to his chairmanship and now being ranking member in the Environment and Public Works Committee in this body.

Vermonters, no matter what their political affiliation, are good stewards of the gorgeous land that surrounds us. With our pristine mountains and lush valleys, we have sometimes said we have air so clean it has never been breathed. That is the air JIM JEFFORDS was enjoying this morning in Vermont.

So we consider the pollution that creeps across our borders from dirty powerplants upwind of our State to be an offense not only against our health but against the natural environment we want to enjoy and pass on to our children and grandchildren. JIM JEFFORDS has been a stalwart national leader in that fight.

JIM JEFFORDS also feels passionately about improving education in America and his imprint can be found on innumerable laws and initiatives over the years in pursuit of that goal.

Children with disabilities, they especially have had a champion in Senator JEFFORDS.

Senator JEFFORDS of Vermont and I have also been partners in defending the hard-working dairy farmers of our States and—I might say—of a lot of other States. Vermonters and I will miss the seniority that he has gained in this body, which has been put to so many good purposes not only for our States but for our Nation.

When the time comes for him to carve his initials in his desk and retire from the Senate, JIM JEFFORDS will leave with a legacy of principled public service of which he and Vermonters can be proud.

I know that, for the Senator from Vermont, nothing compares to the scarce and precious days he has been able to spend on his farm in Shrewsbury. We are both native Vermonters and we feel that tug of the land. Our colleagues may remember the time years ago when he broke his leg doing farm chores.

He was doing them instead of hiring somebody else because it felt good. He believed it brought him closer to his native State. Down the road I am sure that my good friend looks forward to a time when those precious days at home will be a little less scarce.

So with fondness and with appreciation, I will conclude with a phrase that was often heard from Vermonters, even seen on bumper stickers during his last reelection campaign: Thanks, JIM.

I yield the floor.

The PRESIDING OFFICER. The Democratic leader.

Mr. REID. Mr. President, if the distinguished chairman of the committee would allow me to say a few words prior to getting back on the important legislation before us, JIM JEFFORDS, above all else, is a gentleman. I am so sorry he is not going to be running for reelection. The people of Vermont would have elected him again, as they have on so many occasions.

The reason I mentioned what a gentleman he is, as everyone knows, he made a very important decision a few years ago that changed the balance of power in the Senate. I can remember his telling me of the difficulty of the decision he made, not because of what he wanted to do—he knew it was the right thing—but how it affected his friends with whom he had served for so long. He mentioned specifically Senator WARNER.

I know the decision he has made today was a difficult one for him, as it was when he switched the balance of power in the Senate and in the country. I am sure he believes, as he indicated to me last night in a private meeting I had with him, he is making the right decision, but he hates to let down his friends. I want everyone to know within the sound of my voice that JIM JEFFORDS has not let us down. He is going to finish this term with dignity.

JIM JEFFORDS is an interesting man. I don't know of a recent Senator or House Member who could walk into a restaurant in Washington and other places in the country and people would stand and clap for him, give him a cheer. He is a man who is revered and loved around the country.

He was so kind to me in my last reelection. I asked him if he could send a fundraising letter for me. He did. It was the most successful fundraising event I did during my whole reelection campaign. He is somebody who is so well thought of around the country.

He has done a wonderful job as chairman of the Environment and Public Works Committee. The record now is pretty clear. This is his love. But to show the dignity and class of this man, that wasn't part of the deal in making the arrangements to become part of our caucus. That was done after he had made the decision.

He is a fighter. I realized that when, as the chairman of the Energy and Water Subcommittee of Appropriations, we didn't put enough money, Senator DOMENICI and I, in that bill for alternative energy. And, frankly, I didn't have a lot of seniority at the time, but it was enough to be chairman of that subcommittee. But Senator DOMENICI had a lot of seniority. He was a member of Senator DOMENICI's party, and he took us both on and won. He offered an amendment on the floor of the Senate and opposed REID and DOMENICI and JEFFORDS won.

I have great respect and admiration for him as being a person who believes a certain way, and he won't let anyone get in the way of his beliefs.

Those people he met with before he decided to make that decision a number of years ago, to a man and to a woman because there was at least one woman there, would acknowledge that he is their friend.

I will have more to say about JIM JEFFORDS at a later time. But I want everyone to know within the sound of my voice that America is a better place because of JIM JEFFORDS.

The PRESIDING OFFICER. Without objection, the Senator from Montana is recognized.

Mr. BAUCUS. Mr. President, not too many years ago, Senator Mike Mansfield, a great former Senator from Montana, would have breakfast every morning with Senator George Aiken of Vermont. That helped develop a strong relationship between the two of them. It helped bridge party differences. In addition to the goodwill of Senator George Aiken of Vermont, those daily breakfasts contributed to the collegiality in the Senate.

I like to think that there is something about Vermont, about the people of Vermont, that is basic. They are down to earth. They know their roots. Their rudder is well set. They are good people, commonsense people. That is why they elected George Aiken to come to the Senate.

It must also be why they elected JIM JEFFORDS because JIM JEFFORDS is a real person. What he says is true. He doesn't speak in long paragraphs or long treatises because he doesn't have to. He gets straight to the point. He is a man of few words because he doesn't have to equivocate, doesn't have to qualify, doesn't have to dissemble. He just gets straight to the point.

I have found that in my relationship with that wonderful man, JIM JEFFORDS. We work together on the Environment and Public Works Committee. Time and time again he turns to me, defers to me, and says: Max, whatever you want to do, that is fine with me.

I know that he is also saying: Just keep me informed of what you are doing. And I do. It is a wonderful personal relationship. We know each other. We trust each other eminently, immediately. We don't have to ask questions such as: What do you really mean? We don't question assumptions. We just know.

That is JIM JEFFORDS.

It has been said that he believes strongly in a few issues, and he does. The environment certainly is one. There are other issues in which my friend from Vermont believes. If you will pardon the overworked phrase, one might possibly disagree with JIM, but he does so in such an agreeable manner that you don't know that there is really a disagreement.

It has been said on the floor of the Senate not too long ago that it is hard to name a Senator who could walk into a restaurant and get the same applause, stand-up applause, as JIM JEFFORDS has so many times around this country.

It is true, he does and he did. It is because people recognize his intestinal fortitude. It took a lot of courage for him to decide he was, after all, an Independent and not a Republican. It was a very difficult decision. But he did it. He did it on the basis of principle. People know that. They see that. They sense that, and they understand that. That is why they stand and applaud JIM JEFFORDS. It is not just the United States, it is in other cities around the world, where people would stand up and applaud when the U.S. Senator from Vermont would walk into the room. In his usual way, JIM would be very humble about it, and it would not go to his head. He would not take it seriously. Obviously, it was not something he disagreed with, but it didn't go to his head.

I am hard-pressed to think of any man I know who is as wonderful as my good friend and colleague from Vermont. I am sad to see him retire. The Senate needs more people like

Senator JEFFORDS. I hope whoever replaces him as Senator from Vermont is in the mold of JIM JEFFORDS.

I yield the floor.

OBSERVANCE OF THE ARMENIAN GENOCIDE

Mr. REID. Mr. President, I rise today to honor the victims and commemorate the 90th anniversary of the tragic Armenian Genocide, where over 1.5 million Armenian men, women and children were systematically killed, and over 500,000 Armenians were displaced. This was the first genocide of the 20th century, and one where the international community failed to intervene to stop the killing.

We have learned a great deal since those dark days. We learned that the world cannot sit on the sidelines as systematic massacres of innocents take place. We learned that the rule of law must be upheld, and that violations of law must have consequences. And, we learned that the Armenian people are a strong, proud and persevering people who could not be defeated. Today, hundreds of thousands of Armenian Americans live in the United States, and I am proud to represent a thriving Armenian-American population—3,000 strong—in Nevada.

But we must never forget the painful lessons learned from the Armenian Genocide. This week, events around my State and the Nation will recognize this important anniversary. I am grateful for the strong and active work of the Armenian-American community in Las Vegas, who will hold their annual commemoration on April 24. To the Armenian American Cultural Society of Las Vegas and to the work of Mr. John Dadaian, I say thank you for all that you have done for the people of Nevada, and Armenia.

I am also proud of the fine work done by the University of Nevada's Center of Holocaust, Genocide and Peace Studies to inform the public about the horrors of the Armenian Genocide. Raising awareness and educating today's generations about the horrors of genocide is crucial for a safer, more peaceful future. That is why I was so proud to join my friend and colleague, Senator ENSIGN, in cosponsoring a resolution commemorating the signing of the Genocide Convention.

The people of Armenia suffered greatly during the 20th century. We cannot allow genocide to occur ever again. So today I come to the Senate floor to honor the victims of the Armenian Genocide and pledge to uphold their sacrifice by standing against genocide and the systematic killing of innocents wherever it may occur again.

NATIVE AMERICAN APOLOGY RESOLUTION

Mr. BROWNBACK. Mr. President, I rise today to speak about a joint resolution that seeks to address an issue that has lain unresolved for far too long. That issue is our Nation's relationship with the Native peoples of this land.

Long before 1776 and the establishment of the United States of America, this land was inhabited by numerous nations. Like our Nation, many of these peoples held a strong belief in the Creator and maintained a powerful spiritual connection to this land. Since the formation of the American Republic, there have been numerous conflicts between our Government and many of these tribes conflicts in which warriors on all sides fought courageously and in which all sides suffered. However, even from the earliest days of the Republic, there existed a sentiment that honorable dealings and peaceful coexistence were preferable to bloodshed. Indeed, our predecessors in Congress in 1787 stated in the Northwest Ordinance, ''The utmost good faith shall always be observed toward the Indians.''

Many treaties were made between this Republic and the American Indian tribes. Treaties, as my colleagues in this Chamber know, are far more than words on a page. Treaties are our word, our bond. Treaties with other governments are not to be treated lightly. Unfortunately, too often the United States of America did not uphold its responsibilities as stated in its covenants with the Native American tribes. Too often our Government broke its oaths to the Native peoples.

I want my fellow Senators to know that the resolution I have introduced this week does not dismiss the valiance of our American soldiers who bravely fought for their families in wars between the United States and a number of the Indian tribes. Nor does this resolution cast all the blame for the various battles on one side or another. What this resolution does do is recognize and honor the importance of Native Americans to this land and to our Nation in the past and today—and offers an official apology to the Native peoples for the poor and painful choices our Government sometimes made to disregard its solemn word.

This is a resolution of apology and a resolution of reconciliation. It is a first step toward healing the wounds that have divided us for so long—a potential foundation for a new era of positive relations between tribal governments and the Federal Government. It is time—it is past time—for us to heal our land of division, all divisions, and bring us together as one people.

Before reconciliation, there must be recognition and repentance. Before there is a durable relationship, there must be understanding. This resolution will not authorize or serve as a settlement of any claim against the United States, nor will it resolve the many challenges still facing Native peoples. But it does recognize the negative impact of numerous deleterious Federal acts and policies on Native Americans and their cultures. Moreover, it begins the effort of reconciliation by recognizing past wrongs and repenting for them.

Martin Luther King, a true reconciler, once said, ''The end is reconciliation, the end is redemption, the end is the creation of the beloved community.'' This resolution is not the end. But, perhaps it signals the beginning of the end of division and the faint first light and first fruits of the creation of beloved community.

In the 108th Congress, I worked with the chairman and ranking member of the Indian Affairs Committee, Senator Campbell and Senator INOUYE, in crafting this apology resolution. I also reached out to the Native tribes as this bill was being formed, and I continue to receive helpful and supportive feedback from them. The resolution I submitted this week, S.J. Res. 15, is identical to the version that was approved unanimously by the Indian Affairs Committee last year. I ask that my colleagues in this Chamber, and those in the House of Representatives, join in support of this important resolution.

THE 90TH ANNIVERSARY OF THE ARMENIAN GENOCIDE OF 1915–1923

Mr. KOHL. Mr. President, this is in observance of the 90th anniversary of the Armenian Genocide where atrocities were committed against the Armenian people of the Ottoman Empire during the First World War. In April 1915, the Ottoman government embarked upon the systematic decimation of its civilian Armenian population. The Armenian genocide was centrally planned and administered against the entire Armenian population of the Ottoman Empire. The Armenian people were subjected to deportation, expropriation, abduction, torture, massacre, and starvation. The great bulk of the Armenian population was forcibly removed from Armenia and Anatolia to Syria, where the vast majority was sent into the desert to die of thirst and hunger.

Large numbers of Armenians were methodically massacred throughout the Ottoman Empire. Women and children were abducted and horribly abused. After only a little more than a year of calm at the end of WWI, the atrocities were renewed between 1920 and 1923, and the remaining Armenians were subjected to further massacres and expulsions. In 1915, 33 years before the UN Genocide Convention was adopted, the Armenian Genocide was condemned by the international community as a crime against humanity.

In 1923, the people of the region overthrew the Ottoman government and established modern day Turkey. Since its establishment, the Republic of Turkey has disputed the tragic suffering inflicted on the Armenian people during

this period. Sadly, it is estimated that 1.5 million Armenians perished between 1915 and 1923.

Affirming the truth about the Armenian genocide has become an issue of international significance. The recurrence of genocide in the twentieth century has made the recognition of the criminal mistreatment of the Armenians by Turkey all the more a compelling obligation for the international community. It is a testament to the perseverance and determination of the Armenian people that they were able to overcome one of the most egregious acts in history. I support this important annual commemoration of a horrible chapter of history so that it is never repeated again. Congress should continue to show support for Armenia and their struggle to set the historical record straight on this tragedy.

Mr. FEINGOLD. Mr. President, we solemnly remember the men and women who perished in the Armenian genocide 90 years ago. A million and a half Armenians were systematically massacred at the hands of the Ottoman Empire and more than 500,000 fled their homeland.

When the Armenian genocide occurred from 1915 to 1923, the international community lacked a name for such atrocities. In January 1951, the Convention on the Prevention and Punishment of the Crime of Genocide entered into force to affirm the international commitment to prevent genocide and protect basic human decency. Today, we have the words to describe this evil, and we have an obligation to prevent it. But we must also have the will to act.

During the Holocaust, and later in the former Yugoslavia and in Rwanda, the world has seen the crimes of ethnic cleansing and genocide recur again and again. Too often, the will to stop atrocities has been lacking, or far too late in coming. Today, as we read report after report detailing the horrific plight of the people of Darfur, Sudan, we must muster the will and the sense of urgency required to save lives.

The international community has made the first steps, but it has a long way to go in punishing and, especially, preventing genocide. As we move forward, we must learn the lessons of Armenia's genocide. We cannot be misled by the rhetorical veils of murderous leaders, thrown up to disguise the agenda at hand. We cannot respond to evidence of methodical, brutal violence by wringing our hands and waiting for some definitive proof that these events qualify as genocide. Enforcing a collective, international commitment to prevent and stop genocides from occurring is imperative. We owe the victims of the Armenian genocide this commitment.

This is why we must remember the Armenian genocide. To forget it is to enable more genocides and ethnic cleansing to occur. We must honor its victims by reaffirming our resolve to not let it happen again.

SMALL BUSINESS HEALTH FAIRNESS ACT OF 2005

Mr. COLEMAN. Mr. President, of the 27 million working uninsured, 63 percent are working in firms with fewer than 100 employees. It is crucial that we develop a comprehensive plan to remedy the problem of the working uninsured. For this reason I support legislation that would allow for the creation of association health plans, which would allow small businesses to band together to purchase health insurance for their employees.

Because of the current structure of the health care industry, too many small business owners and their employees do not have access to affordable health insurance. When I talk to small business owners as I travel the State, I have found that most of them want to provide this benefit because it not only helps provide the uninsured with coverage but it also helps small businesses retain good employees.

A recent Census Bureau report says slightly more than 45 million Americans now lack health coverage. While Minnesota is out front in tackling the issue of the uninsured, with uninsured in my State at about 7 percent, I still believe that providing affordable access to health care is a critically important national interest, that there are no silver bullet solutions, and so we need as many tools to fix this problem as possible. According to Kaiser Family Foundation, employer-based health insurance has decreased markedly from covering 66 percent of the non-elderly in 2000 to 62 percent by 2003. The Census Bureau says the drop-off in employer health coverage occurred in the small business sector, largely in firms with fewer than 25 employees. It's no coincidence that these events are taking place as the cost of insurance continues to skyrocket double-digit increases year after year, pricing more and more small firms out of the market.

I want to thank the chairwoman of the Small Business Committee, Senator SNOWE, for her strong leadership and sponsorship of S. 406, The Small Business Health Fairness Act of 2005. I also want to thank my very good friend and colleague, Senator JIM TALENT of Missouri, who has long championed this issue in the same thoughtful and forward looking way that he is renowned for in tackling all important public policy issues in which he gets engaged. I look forward to working with members of the committee to enact this legislation.

ADDITIONAL STATEMENTS

IN MEMORY OF EDWARD MOSKAL

● Ms. MIKULSKI. Mr. President, I honor the life and legacy of Edward J. Moskal.

Edward Moskal was a giant in the Polish-American community. He was President of the Polish American Congress and the Polish National Alliance. These are empowering organizations—rooted in heritage, history and philanthropy. Their members are humanitarians and patriots—dedicated to Polish history and culture, and to strengthening the historic links between America and Poland. Because of Ed Moskal's leadership, these organizations have flourished.

The Polish American Congress and the Polish National Alliance were created during one of the darkest periods in Polish history. We know that the history of Poland has, at times, been a melancholy one. Every king, kaiser, czar or comrade who ever wanted to have a war in Europe always started by invading Poland. But we know that while Poland was occupied, the heart and soul of the Polish nation has never been occupied.

The Polish American community never abandoned Poland. We supported them during the long, cold years of Soviet domination. And then in 1980, when an obscure electrician in the Gdansk Shipyard jumped over a wall proclaiming the Solidarity movement, he took the Polish people and the whole world with him, to bring down the Iron Curtain. Ed Moskal and the Polish American community played an important role—sending supplies to the strikers and their families and educating the world about what was going on in Poland.

After the fall of the Iron Curtain, I worked with Mr. Moskal for NATO membership for Poland. Mr. Moskal and the Polish American community helped Poland take its rightful place as a member of the family of democratic nations. Poland is now a full, contributing member of NATO. Our Polish allies serve alongside Americans in Afghanistan and in Iraq.

Now, after so many years of foreign domination, Poland has made the difficult transition to democracy and a free market. Poland is now a real democracy with a vibrant market economy, as well as a reliable NATO ally.

And so, today, we in the Polish community mourn the loss of Ed Moskal. We send our thoughts and prayers to his wife, Wanda Sadlik, and to his family.●

TRIBUTE TO PETER F. FLAHERTY

● Mr. SANTORUM. Mr. President, today I rise to reflect on the passing of Peter F. Flaherty. On Monday, April 18, 2005, Peter Flaherty passed away at

his home in Mount Lebanon, PA, after a battle with cancer. The Flaherty family has suffered a tremendous loss, and I offer them my condolences and deepest sympathy during this difficult time.

Pete Flaherty has had incredible influence over the Pittsburgh region and also over his party. As a Democrat, Pete Flaherty did not always follow the party line, which sometimes got him into trouble, but mostly made him an effective leader.

Pete's roots extend back to Alpine Avenue in the north side of Pittsburgh where he was born. He attended St. Peters, a Catholic elementary school, went on to Latimer Middle School, and graduated from Allegheny High School. His family, devout Irish Catholics, attended St. Peters in Pittsburgh, where Pete served as an altar boy.

Before attending Carlow University and Notre Dame Law School, Pete joined the Army Air Corps and was trained as a navigator. As the war was coming to a close, Pete was shipped to a B–29 squadron in Guam.

It was after law school that Pete began his political career. He was elected to his first office as city council in 1965. It did not take long for Pete to make his mark on Pittsburgh.

In more than 40 years of public service, Pete was three times the Democratic nominee for statewide office, served as deputy U.S. attorney general, was mayor of Pittsburgh, and was a county commissioner for 12 years. His career of public service was truly remarkable.

Pete Flaherty not only leaves behind a legacy but also a wonderful family. My thoughts and prayers are with the Flaherty family during the days and months ahead.●

PAUL DAVIS

● Mr. SHELBY. Mr. President, I rise today to recognize Mr. Paul Davis, who was recently awarded with the 2005 Alabama Press Association Lifetime Achievement Award. Paul Davis has been in the newspaper business for more than 35 years, and his career has been filled with courageous accomplishments.

The Alabama Press Association Lifetime Achievement Award honors outstanding service in journalism for individuals who have spent a large percentage of their newspaper career in Alabama. Paul has been recognized for standards of excellence in journalism, courage and controversy on tough issues, and a voice for those less fortunate.

Paul has spent most of his professional career in Alabama. From 1969 to 1973, he was a reporter, columnist and then associate editor at the Tuscaloosa News, my hometown newspaper. Following his time at the Tuscaloosa News, he moved on to serve as editor of the Selma Times Journal and then as vice president and general manager of the Natchez Democrat in Mississippi. From 1983 to 1998, Paul served as editor, publisher and president of the Auburn Bulletin, the Spirit Magazine, and the Tuskegee News. Today, he serves as the president and publisher of Davis Publications of Auburn.

I believe that Paul is well-known for his work as a young reporter at the Tuscaloosa News. Through his investigative reporting, he exposed the abuse of retarded youth and adults at Partlow School and the horrific treatment of patients at the state mental institution, Bryce Hospital. He uncovered the unthinkable details about patients living in wards with no air-conditioning during hot Alabama summers with only one psychiatrist to care for some 5,000 patients. He reported that attendants would dispense pills every hour to keep patients sedated day after day. Even worse, we learned that patients helped construct caskets in the basement and buried their fellow patients in fields behind the hospital, using only numbers to identify the graves. His work on this issue earned him a nomination by his publisher, Buford Boone, for the Pulitzer Prize.

Paul also played an important role in the Federal case regarding the treatment of mental patients. In this important case, U.S. District Judge Frank M. Johnson, Jr. ruled that mental patients have a constitutional right to treatment. Following Judge Johnson's ruling, Paul was asked to serve as chairman of the Human Rights Committee at Bryce Hospital. Indeed, his investigative work in this area helped reform Alabama's mental health hospitals.

Long before his reporting exposed the horrific conditions of the mental hospital in Tuscaloosa, Paul spent many days during his youth at Partlow School, visiting and playing games with the residents. Later in life, as president of the Civitan Club in Tuscaloosa, he helped open the first rehabilitation center at Partlow.

Paul Davis has also been an outspoken critic of the leadership at Auburn University. A devoted Tiger fan himself, he has written numerous articles about the school's board of trustees. Supporters and opponents alike agree that, while you may not like what he has to say, he is in-depth and thorough in his reporting. He was recently honored with the Academic Freedom Award from the Auburn University chapter of the American Association of University Professors for his articles on governance issues at Auburn.

In addition to the Lifetime Achievement Award and the Academic Freedom Award, Paul has received numerous professional and civic awards and has twice been nominated for the Pulitzer Prize. Paul is a member of the American Political Science Association; Society of Professional Journalists, Sigma Delta Chi; and the National Mental Health Association. He also served as past presidents of both the Alabama Press Association and the Alabama Press Association Journalism Foundation.

His company, Davis Publications, publishes the Tuskegee News weekly, and he is a columnist for the Auburn-Opelika News. Paul and his wife Gayle have five sons, one daughter, and thirteen grandchildren.

I have tremendous respect for Paul Davis and his devotion to uncovering the truth. He is most deserving of the Alabama Press Association Lifetime Achievement Award, and I am pleased to congratulate him on this important achievement.●

HONORING THE CAREER OF ROBERT H. McKINNEY

● Mr. BAYH. Mr. President, today I rise to pay tribute to the career of a distinguished civil servant and friend, Bob McKinney, who is retiring as chairman of First Indiana Corporation this week. His long career has been filled with acts of conscientious service on behalf of friends, family members, and Hoosiers. The contributions he made through his work in financial services and public service have touched the lives of many across the country.

A resident of Indianapolis, Bob is a graduate of the U.S. Naval Academy at Annapolis, the Naval Justice School, and the Indiana University School of Law. He served his country in the Navy in the Pacific following his graduation and again during the Korean war.

Bob's career has been long and illustrious. Throughout it, his commitment to the public good has been remarkable. Bob retires from his post as the chairman of First Indiana Corporation, a publicly traded bank holding company, which operates First Indiana Bank, the largest bank based in Indianapolis. Bob was previously chairman of the Somerset Group. He is also a founding partner of Bose McKinney & Evans LLP, one of the largest law firms in Indianapolis.

These posts are impressive on their own, and yet Bob also devoted himself to a number of philanthropic and nonprofit organizations. Aside from his duties as the chairman of First Indiana Bank, he has served as the trustee or director of the Hudson Institute, the U.S. Academy Foundation, the Indiana University Foundation, the Sierra Club Foundation, the Indianapolis Economic Club, the Indiana Chamber of Commerce, the Chief Executives Organizations, Inc., the World Presidents' Organization, and the Indianapolis Committee on Foreign Relations. He is also a member of the Presidential Advisory Board for Cuba and a director of Lynx

Capital Corporation, a minority investment fund. In honor of his service to the community, Bob was the recipient of a number of awards including the Indianapolis Archdiocese Spirit of Service Award.

Bob's career shows his belief in the power of public policy to improve people's lives. I can personally attest to Bob's talent as a public servant, as I worked with him during my gubernatorial and senatorial campaigns. As Governor, I frequently called on Bob to serve the State of Indiana, and he was always responsive. As Senator, I was lucky enough to have the honor of appointing Bob to the Naval & Merchant Marine Academy Selection Committee.

His involvement in national politics dates back to 1960, and since then he has chaired the Indiana campaigns of Presidential candidates Kennedy, Muskie, Carter, and Mondale. He served under President Carter as Chairman of the Federal Home Loan Bank Board, the Federal Home Loan Mortgage Corporation, the Federal Savings & Loan Insurance Corporation, and the Neighborhood Reinvestment Corporation.

Bob is a man who walks with kings but has never lost the common touch. It is a rare man who can make such an impact on so many people over the course of a career. Bob McKinney is admired by those who know him professionally and personally for his great integrity, commitment to serving the community, his concern for those less fortunate than himself, his unswerving loyalty and dedication to his friends, family, and country. We will continue to recognize Bob as a loving friend and an incredible leader and colleague. As he retires from First Indiana, and leaves the corporation in his daughter's capable hands, he is merely moving on to the next great challenge, which—like all of his work—will undoubtedly make the world a better place.

I am proud to honor Bob McKinney, a truly great man, and enter his name in the CONGRESSIONAL RECORD on the occasion of his retirement.●

CONGRATULATING HEATHER BOLEJACK

● Mr. LUGAR. Mr. President, I rise today to call to the attention of my colleagues the appointment of Heather Bolejack to the position of executive director of the Indiana Criminal Justice Institute, CJI. I am pleased that Governor Mitch Daniels has nominated her to this important position, and I am confident that she will serve my home State of Indiana with distinction.

A product of Indianapolis, Heather graduated with high honors including being named a Fund for Hoosier Excellence Lugar Scholar, an honor bestowed upon the top minority students in Indiana. Heather attended Butler University and graduated with a degree in Spanish and journalism. She then went on to earn a law degree from the Indiana University School of Law, Indianapolis, where she received the Zazas Award, a full academic merit based scholarship. Heather served as General Corporate Council for McFadden Solutions Group, a law clerk and associate for Bingham McHale, and since 2004 has worked as a litigation associate at Ice Miller, an Indianapolis law firm, where she concentrated on practicing in the areas of drug and medical devices, as well as insurance coverage. I am pleased that she is not only a member of the 2004–2005 Richard G. Lugar Excellence in Public Service Class, but also a board member of the Fund for Hoosier Excellence.

I am proud that Heather has taken this opportunity to heed the call of public service in this tremendously significant capacity. I join her family, friends, and colleagues in acknowledging this noteworthy achievement.●

HONORING FAIR OAKS FARMS AND RANDY KRAHENBUHL

● Mr. BAYH. Mr. President, I rise today to commend Fair Oaks Farms for winning the 2005 U.S. Championship Cheese Contest. Fair Oaks Farms was founded in 1999 and is a large dairy operation in northwest Indiana committed to producing the highest quality milk and dairy products.

The U.S. Championship Cheese Contest included more than 1,000 entries from 25 different states. Despite such tough competition, Fair Oaks Farms took home first prize with Randy Krahenbuhl's 45-pound wheel of nutty Emmenthaler Swiss. The cheese was awarded a score of 98.55 out of a possible 100. Randy Krahenbuhl's sweet Swiss also won honors as the second gold-medal cheese in the championship round.

Although nearly half of the entries for top honors were from Wisconsin, Krahenbuhl put Indiana on the cheese map with his incredible quality cheeses. I come from a tradition of family farming, so I know firsthand that Indiana's farmers have played a key role in Indiana's rich history. Our farms have long been recognized as some of the best in the country and this contest is yet another example of Hoosier farming representing the very best of Indiana.

Randy Krahenbuhl presides over the dairy operation at Fair Oaks Farm, where he has the chance to design his own cheese and ice cream factory, and the freedom to run it as he pleases. I am pleased to congratulate Randy Krahenbuhl and Fair Oaks Farm on winning such an honor and bringing recognition to Indiana. We are proud to have him in the Hoosier State.●

HONORING DAKOTA STATE UNIVERSITY

● Mr. JOHNSON. Mr. President, I am proud to rise today to commend Dakota State University in Madison, SD, for its outstanding commitment to the national security of the United States through Dakota State University's information assurance program. The program has developed important technologies to protect community banks from information breaches, simultaneously training its undergraduate and graduate students to be leaders in this highly technical field.

In 2004, DSU was one of 10 universities receiving National Security Agency designation for this bank-focused program and DSU is the only National Center of Academic Excellence in information assurance that tailors its information assurance curriculum to the banking industry. Recent security breaches by information brokers and financial institutions highlight the importance of DSU's work in this area. I believe strongly that the future of information security will include a combination of careful review and oversight of laws, but also looking to security innovators like DSU and other institutions around the country to protect our financial information.

As security innovators, graduates and employees of Dakota State University have engineered a new information technology security company called Secure Banking Solutions, SBS. With 93 banks in South Dakota, SBS will soon be able to provide IT security to most of the community banks in my home State, as well as to protect the personal information of the hard-working South Dakotans that bank at those institutions.

The Independent Community Bankers of South Dakota and I have encouraged the replication of the SBS model in other States. The security of banking in all of South Dakota has been greatly enhanced by the university's commitment to innovation in the area of IT security, and I thank Dakota State University for its pioneering leadership in this arena.●

TRIBUTE TO REVEREND T. F. TENNEY

● Mr. VITTER. Mr. President, today I recognize Reverend T. F. Tenney, United Pentecostal Church District Superintendent for the State of Louisiana. Reverend Tenney retired on March 31, 2005, after 26 years of service in central Louisiana and throughout the State. More than 4,000 people attended a celebration of his service to offer heartfelt appreciation and best wishes at his retirement ceremony, and I join in their sentiments today.

Through his role as district superintendent he was responsible for overseeing all of Louisiana's United Pentecostal Churches. Reverend Tenney created a level of stability in the church

and brought the United Pentecostal Church to a new level during his 26 years of service. His professionalism and guidance in handling Louisiana's churches and their congregations will be missed, as will his great wisdom and leadership.

I personally commend, honor and thank Reverend Tenney on the occasion of his retirement from service to the people of Louisiana after 26 years as United Pentecostal Church District Superintendent for the State of Louisiana.●

IN MEMORY OF CLARENCE EDWARD ''BIG HOUSE'' GAINES

● Mr. BURR. Mr. President, today I mourn the passing of a great North Carolinian. Clarence ''Big House'' Gaines of Winston-Salem, NC passed away yesterday at the age of 81. He is survived by his lovely wife, Clara, and by his two children, Lisa and Clarence, Jr. All of North Carolina mourns his passing and our thoughts, prayers, and blessings are with his family.

Clarence ''Big House'' Gaines was an institution in Winston-Salem, where he coached at Winston-Salem State University for 47 years. Coach Gaines won 828 basketball games during his 47 years, fifth best of all time. To understand just how successful a coach he was, Gaines won more games than legends John Wooden and Phog Allen, and finished not too far behind Dean Smith. Perhaps Gaines' most successful season came in 1967 when he coached the Rams to a 31–1 record and an NCAA Division II National Championship.

His was the first predominantly black college team to win an NCAA title and he became the first black coach to be named NCAA Coach of the Year. He went on to win eight Central Intercollegiate Athletic Association titles and was named the CIAA's Coach of the Year five times. Coach Gaines was named to the Naismith Memorial Hall of Fame in 1982. Winston-Salem State University honored Clarence Gaines by naming the Athletic Department facility and the school's Hall of Fame for him.

It would be a mistake, however, to merely list his coaching accomplishments. Clarence ''Big House'' Gaines was more than a coach. He was a community leader, an educator, a mentor and a father figure. His most important achievement was the near 80 percent graduation rate of his student athletes, a legacy that all college coaches should look to emulate.

Coach Gaines taught school up to his retirement from coaching in 1993 and continued to involve himself in the lives of the young people at Winston-Salem State. His marriage and family served as an example to the young people he coached. In his memoirs, published last year, Clarence Gaines wrote that ''When these boys, most growing into old men themselves, continue to call their old coach and thank him for helping them get a college degree, it makes me proud to answer to the nickname of Big House.'' He will not be forgotten in North Carolina or in the hearts and memories of the many young lives he touched.●

LEXINGTON CATHOLIC HIGH SCHOOL GIRLS BASKETBALL TEAM

● Mr. BUNNING. Mr. President, I pay tribute in the Senate to the Lexington Catholic Girls' Basketball Team. The team won the Kentucky State Girls Basketball State Championship.

Lexington Catholic's Lady Knights finished the most successful season in school history by capturing the program's third State championship in seven seasons with a 59–54 victory over Clinton County. The team finished the season with a 36–1 record and ranked No. 6 nationally.

The Commonwealth of Kentucky should be very proud of this team. Their example of hard work and determination should be followed by all in the Commonwealth.

Congratulation to the members of the team for their success. But also, I want to congratulate their coach, Greg Todd, along with their peers, faculty, administrators, and parents for their support and sacrifices they have made to help the Lady Knights meet their achievements and dreams. Keep up the good work.●

MESSAGE FROM THE HOUSE

At 11:48 a.m., a message from the House of Representatives, delivered by Ms. Niland, one of its reading clerks, announced that the House has passed the following bills and joint resolutions, in which it requests the concurrence of the Senate:

H.R. 683. An act to amend the Trademark Act of 1946 with respect to dilution by blurring or tarnishment.

H.R. 1038. An act to amend title 28, United States Code, to allow a judge to whom a case is transferred to retain jurisdiction over certain multidistrict litigation cases for trial, and for other purposes.

H.J. Res. 19. Joint resolution providing for the appointment of Shirley Ann Jackson as a citizen regent of the Board of Regents of the Smithsonian Institution.

H.J. Res. 20. Joint resolution providing for the appointment of Robert P. Kogod as a citizen regent of the Board of Regents of the Smithsonian Institution.

The message also announced that the House has passed the following bill, without amendment:

S. 167. An act to provide for the protection of intellectual property rights, and for other purposes.

The message further announced that the House has agreed to the following concurrent resolution, in which it requests the concurrence of the Senate:

H. Con. Res. 53. Concurrent resolution expressing the sense of the Congress regarding the issuance of the 500,000th design patent by the United States Patent and Trademark Office.

ENROLLED BILLS SIGNED

The message also announced that the Speaker has signed the following enrolled bill:

H.R. 787. An act to designate the United States courthouse located at 501 I Street in Sacramento, California, as the ''Robert T. Matsui United States Courthouse''.

The enrolled bill was signed subsequently by the President pro tempore (Mr. STEVENS).

MEASURES REFERRED

The following bills and joint resolutions were read the first and the second times by unanimous consent, and referred as indicated:

H.R. 683. An act to amend the Trademark Act of 1946 will respect to dilution by blurring or tarnishment; to the Committee on the Judiciary.

H.R. 1038. An act to amend title 28, United States Code, to allow a judge to whom a case is transferred to retain jurisdiction over certain multidistrict litigation cases for trial, and for other purposes; to the Committee on the Judiciary.

H.J. Res. 19. Joint resolution providing for the appointment of Shirley Ann Jackson as a citizen regent of the Board of Regents of the Smithsonian Institution; to the Committee on Rules and Administration.

H.J. Res. 20. Joint resolution providing for the appointment of Robert P. Kogod as a citizen regent of the Board of Regents of the Smithsonian Institution; to the Committee on Rules and Administration.

The following concurrent resolution was read, and referred as indicated:

H. Con. Res. 53. Concurrent resolution expressing the sense of the Congress regarding the issuance of the 500,000th design patent by the United States Patent and Trademark Office; to the Committee on the Judiciary.

MEASURES PLACED ON THE CALENDAR

The following bills were read the second time, and placed on the calendar:

H.R. 8. An act Reserved.

S. 839. A bill to repeal the law that gags doctors and denies women information and referrals concerning their reproductive health options.

S. 844. A bill to expand access to preventive health care services that help reduce unintended pregnancy, reduce the number of abortions, and improve access to women's health care.

S. 845. A bill to amend title 10, United States Code, to permit retired servicemembers who have a service-connected disability to receive disability compensation and either retired pay or Combat-Related Special Compensation and to eliminate the phase-in period with respect to such concurrent receipt.

S. 846. A bill to provide fair wages for America's workers.

S. 847. A bill to lower the burden of gasoline prices on the economy of the United

States and circumvent the efforts of OPEC to reap windfall oil profits.

S. 848. A bill to improve education, and for other purposes .

S. 851. A bill to reduce budget deficits by restoring budget enforcement and strengthening fiscal responsibility.

EXECUTIVE AND OTHER COMMUNICATIONS

The following communication was laid before the Senate, together with accompanying papers, reports, and documents, and was referred as indicated:

EC–1832. A communication from the Acting Assistant Secretary—Water and Science, Bureau of Reclamation, Department of the Interior, transmitting, pursuant to law, the report of a rule entitled, ''43 CFR Part 423, Public Conduct on Bureau of Reclamation Lands and Projects (extension of expiration date)'' (RIN1006–AA49) received on March 28, 2005; to the Committee on Energy and Natural Resources.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM–37. A resolution adopted by the City Commission of the City of Lauderdale Lakes of the State of Florida relative to the community development financial institutions programs (''CDFI''); to the Committee on Banking, Housing, and Urban Affairs.

POM–38. A joint resolution adopted by the Legislature of the State of Maine relative to the Brunswick Naval Air Station in Maine; to the Committee on Armed Services.

JOINT RESOLUTION

Whereas within the year, Secretary of Defense Donald Rumsfeld, through the Base Realignment and Closure (BRAC) Commission, will make recommendations about which military installations are to be considered for closure in cost-cutting measure for the military and has indicated that reduction may total 25% or an estimated 100 bases; and

Whereas the State of Maine has a distinct and important military installation that is at risk of closure, the Brunswick Naval Air Station; and

Whereas Brunswick Naval Air Station is one of 4 remaining bases at the corners of the continental United States that are perfectly situated for maritime interdiction of weapons of mass destruction threats; and

Whereas Brunswick Naval Air Station is the only fully capable active duty military airfield in the northeastern United States and is indispensable in both our current and future efforts to counter threats to our security; and

Whereas Brunswick Naval Air Station has more than 63,000 square miles of unencumbered airspace for training and exercise missions and has plenty of space for expansion, even for housing other branches of the military; and

Whereas Brunswick Naval Air Station is the only airfield in the region with a completely secured perimeter for military operations, and Brunswick's 2 parallel runways allow for the operation of all aircraft the Department of Defense possesses today and anticipates for the future; and

Whereas Brunswick Naval Air Station has an outstanding force protection layout, is on the coast and is easily accessible by all forms of transportation, and aircraft can take off and land there without flying over major centers of population; and

Whereas the Maine National Guard is coordinating an initiative to construct an Armed Forces Reserve Center on Brunswick Naval Air Station. Tenants would include the Maine Army National Guard, the Maine Air National Guard and the Marine Corps Reserves; and

Whereas the Army National Guard has begun the process of replacing its current fixed-wing utility fleet with a fixed-wing cargo fleet; and

Whereas Brunswick Naval Air Station has been selected by the National Guard Bureau as one of its regional cargo hubs, and the bureau's recommendation has been sent to the Department of the Army; and

Whereas the Maine Army National Guard is evaluating the possibility of stationing 2 UH–60 Blackhawk helicopters at Brunswick Naval Air Station to provide search-and-rescue missions along the Maine coast; and

Whereas the people of the State of Maine have long been at the forefront of our Nation's defense, and first to join and send troops in any conflict and have a strong tradition of support and appreciation for the bases within our borders: Now, therefore, be it

Resolved, That we, your Memorialists, take this opportunity to convey our appreciation for the advocacy and support for Brunswick Naval Air Station that the Congress of the United States and the Maine Congressional Delegation have provided over the years, and we strongly urge the Congress of the United States to consider the importance of this installation in this time of war on terrorism and the vital need to protect our Nation; and be it further

Resolved, That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the President of the United States Senate, to the Speaker of the United States House of Representatives and to each Member of the Maine Congressional Delegation.

POM–39. A Senate concurrent resolution adopted by the Legislature of the State of Kansas relative to the Purple Heart medal; to the Committee on Armed Services.

SENATE CONCURRENT RESOLUTION 1607

Whereas Marine Corporal Travis Eichelberger, a native of Atchison, Kansas, enlisted in the United States Marine Corps in 2000 and was awarded the Purple Heart medal for injuries received while in Iraq. After being hospitalized for some time at the National Naval Medical Center in Bethesda, Maryland, and returning to Kansas awaiting a medical discharge from the medical service, he was notified that the award of his medal was a mistake and would be withdrawn; and

Whereas Corporal Eichelberger is included in a group of 11 marines whose Purple Heart medals have been withdrawn for injuries received while serving in Operation Iraqi Freedom; and

Whereas it is through the patriotic efforts of young men such as Corporal Eichelberger that the United States is able to take military action to bring freedom and democracy to nations such as Iraq. Corporal Eichelberger is very proud of his service in the Marine Corps and would gladly serve again if physically able: Now, therefore, be it

Resolved by the Senate of the State of Kansas, the House of Representatives concurring therein, That the Kansas Legislature memorializes the Congress of the United States to direct that necessary action be taken so that Corporal Eichelberger retain the Purple Heard medal he so richly deserves; and be it further

Resolved, That the Secretary of State provide enrolled copies of this resolution to the President of the United States Senate, to the Speaker of the United States House of Representatives and to each member of the Kansas Congressional delegation.

POM–40. A resolution adopted by the House of Representatives of the General Assembly of the Commonwealth of Pennsylvania relative to the Congressional Medal of Honor; to the Committee on Armed Services.

HOUSE RESOLUTION 23

Whereas United States Army and Department of Defense officials are reviewing a recommendation to upgrade Major Winters' Distinguished Service Cross to the Congressional Medal of Honor; and

Whereas Major Winters was originally nominated for the Medal of Honor by Colonel Robert F. Sink, commander of the 506th Regiment, for heroic actions on June 6, 1944, during the Allied invasion of Normandy, France, as 1st Lieutenant, Acting Commanding Officer of E Company, 2nd Battalion, 506th Parachute Infantry Regiment, 101st Airborne Division, VII Corps; and

Whereas Major Winters' extraordinary planning, fighting and commanding on that day 60 years ago in Nazi-occupied Normandy during his regiment's first combat operation saved countless lives and expedited the Allied inland advance; and

Whereas with his company outnumbered by German soldiers, Major Winters destroyed German guns at Brecourt Manor and secured causeways for troops coming off Utah Beach; and

Whereas Major Winters' battle plan for a small-unit assault on German artillery has been taught at the United States Military Academy at West Point; and

Whereas Major Winters accomplished a hazardous mission with valor, inspired his service colleagues through example and effectively organized his company into support and assault teams on the day of invasion in the campaign for European liberation during World War II: Therefore be it

Resolved, That the House of Representatives of the Commonwealth of Pennsylvania urge the Congress of the United States to award the Congressional Medal of Honor to Major Richard D. Winters without further delay; and be it further

Resolved, That a copy of this resolution be transmitted to the presiding officers of each house of Congress and to each member of Congress from Pennsylvania.

POM–41. A resolution adopted by the General Assembly of the State of Ohio relative to the protection of the Defense Supply Center Columbus (DSCC) from the Base Realignment and Closure process; to the Committee on Armed Services.

HOUSE RESOLUTION 16

Whereas the DSCC is the twelfth largest employer in central Ohio, employing more than six thousand Ohioans; and

Whereas the DSCC is known throughout the world by more than twenty-four thousand military and civilian customers as one of the largest suppliers of weapons systems parts; and

Whereas the proud men and women of our armed forces rely on the proven competence, efficiency, and effectiveness of the DSCC; and

Whereas the DSCC is economically vital to central Ohio, managing almost two million items and accounting for more than two billion dollars in annual sales; and

Whereas the employees of the DSCC, along with the employees' family members, are active members of central Ohio's communities, schools, and neighborhoods; and

Whereas State and local leaders and leaders from businesses, organizations, and various associations around central Ohio have formed a team, known as ''Team DSCC,'' to promote and preserve the DSCC. ''Team DSCC'' has made strong efforts to save DSCC from closure, which include increasing local- and federal-level advocacy, increasing awareness about DSCC, and striving to relocate military personnel to the base: Now, therefore be it

Resolved, The members of the House of Representatives offer support of the Defense Supply Center Columbus, its mission, and its employees, recognizing that they are an integral part of central Ohio's economy and community, as well as the nation's defense. The members of the House of Representatives join ''Team DSCC'' in recognizing and promoting the current capabilities and future growth opportunities of the DSCC. The members of the House of Representatives stand ready to assist as necessary to protect the DSCC from the Base Realignment and Closure process; and be it further

Resolved, That the Clerk of the House of Representatives transmit duly authenticated copies of this resolution to the President of the United States, to the Secretary of Defense, to the members of the Ohio Congressional delegation, to the Speaker and Clerk of the United States House of Representatives, to the President Pro Tempore and Secretary of the United States Senate, and to the news media of Ohio.

POM–42. A resolution adopted by the House of Representatives of the General Assembly of the Commonwealth of Pennsylvania relative to the military death gratuity payment and the Servicemembers' Group Life Insurance program; to the Committee on Armed Services.

HOUSE RESOLUTION 59

Whereas the United States Armed Forces, a total force comprised of active, National Guard and reserve personnel, are now undertaking courageous and determined operations against insurgents in Iraq and terrorist forces in Afghanistan and other parts of the world; and

Whereas the men and women of our armed forces, while continuously in harm's way, perform their duties and missions in all military conflicts in which the United States is currently engaged; and

Whereas in time of war, each member of our armed forces may have to pay the ultimate sacrifice in the performance of duty to our nation; and

Whereas an increase in the current Servicemembers' Group Life Insurance (SGLI) program's maximum coverage amount of $250,000 and an increase in the current $12,420 death gratuity payment would greatly benefit the surviving family of an armed forces member killed in action; and

Whereas a program change to require the Federal Government to pay the SGLI program's premiums for each armed forces member would greatly benefit those men and women who served our nation in times of need: Therefore be it

Resolved, That the House of Representatives of the Commonwealth of Pennsylvania memorialize the President and Congress of the United States to increase the military death gratuity payment and the SGLI maximum benefit and to require the Federal Government to pay the SGLI premiums for members of our armed forces; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the presiding officers of each house of Congress and to each member of Congress from Pennsylvania.

POM–43. A joint resolution adopted by the Legislature of the State of Maine relative to the Portsmouth Naval Shipyard in Kittery, Maine; to the Committee on Armed Services.

JOINT RESOLUTION

Whereas within the year, Secretary of Defense Donald Rumsfeld, through the Base Realignment and Closure (BRAC) Commission, will make recommendations about which military installations are to be considered for closure in cost-cutting measures for the military; and

Whereas the State of Maine has a distinct and important military installation that is potentially at risk for closure, the naval shipyard in Kittery, a shipyard located on an island in the Piscataqua River between New Hampshire and Maine, which specializes in maintaining and overhauling nuclear submarines; and

Whereas the Portsmouth Naval Shipyard in Kittery is one of only 4 public shipyards in the nation, is vital to our maritime strength and is of major importance to the local economies of 3 states, employing almost 5,000 people from Maine, New Hampshire and Massachusetts; and

Whereas the naval shipyard in Kittery has unobstructed access to the open ocean, delivers submarine overhauls ahead of schedule, is in a very secure location and has the space to accommodate more personnel and duties; and

Whereas the people of the state of Maine have long been at the forefront of our nation's defense, are first to join and send troops in any conflict and have a strong tradition of support and appreciation for the military bases within our borders: Now, therefore, be it

Resolved, That we, your memorialists, take this opportunity to convey our appreciation for the advocacy and support for the naval shipyard in Kittery that the Congress of the United States and the Maine Congressional Delegation have provided over the years, and we strongly urge the Congress of the United States to consider the importance of the naval shipyard in Kittery in this time of war on terrorism and the vital need to protect our nation; and be it further

Resolved, That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the President of the United States Senate, to the Speaker of the United States House of Representatives and to each Member of the Maine Congressional Delegation.

POM–44. A joint resolution adopted by the Legislature of the State of Nevada relative to the sale of land in Nevada to lower the federal deficit; to the Committee on the Budget.

SENATE JOINT RESOLUTION 2

Whereas in 1998, Congress passed the Southern Nevada Public Land Management Act, Public Law No. 105–263, which allows the Bureau of Land Management to sell certain federal lands in Clark County, Nevada, for possible development, which also allowing for the acquisition, conservation and protection of environmentally sensitive lands in the State of Nevada; and

Whereas at the time of the passage of the Act, and to this day, the Las Vegas Metropolitan Area was the fastest growing urban area in the United States, and the Act was passed in response to that growth in an effort to offset negative environmental impact on national recreational and conservation areas surrounding the Las Vegas Valley; and

Whereas under the provisions of the Act, 5 percent of the profits from sales of the land is allocated to fund education in Nevada, 10 percent is allocated for water and airport infrastructure projects, and the remaining 85 percent is deposited into an account to acquire other environmentally sensitive land in Nevada, to develop a multispecies habitat plan, to develop parks and trails and to provide for other conservation initiatives; and

Whereas the passage of the Southern Nevada Land Management Act was intended to replace lost state revenue resulting from 84 percent of the land in the State of Nevada being owned by the Federal Government at the time of the passage of the Act, uniquely depriving this State of receiving any tax proceeds from a substantial majority of the land located in this State; and

Whereas in addition to the benefits provided in Southern Nevada and in other areas of the State where environmentally sensitive lands have been acquired, the Lake Tahoe Basin is now benefiting from a 2003 amendment to the Act which allocated $300 million to be administered for the preservation of the Lake Tahoe Basin, the first installment of which was received in August 2004; and

Whereas since the first auction of land in 1999, this program has generated approximately $1.6 billion, which has assisted the State of Nevada in funding education and numerous land and water conservation projects, and in acquiring environmentally sensitive lands; and

Whereas in the face of a soaring federal deficit, estimated at $527 billion, President Bush has proposed to change federal law and reallocate 70 percent of the profits from the land sales, generously approximated to reach $70 million in future years, which would do little to offset the deficit; and

Whereas the loss of such a substantial source of revenue for this State would have a direct and devastating impact on the State, negatively impacting dozens of ongoing and future projects: Now, therefore, be it

Resolved by the Senate and Assembly of the State of Nevada, That the members of the Nevada Legislature urge President Bush to reverse his position on this matter, abandoning his proposal to divert from this State profits from the sales of land in the State of Nevada that rightfully belong in this State to replace lost revenue resulting from the uniquely high percentage of federally owned property in this State; and be it further

Resolved, That Congress is similarly urged to reject this portion of President Bush's budget proposal and to allow the State of Nevada, its residents and visitors to be the sole beneficiaries of the proceeds from the sales of land in Nevada; and be it further

Resolved, That the Secretary of the Senate prepare and transmit a copy of this resolution to the President of the United States, the Vice President of the United States as the presiding officer of the United States Senate, the Speaker of the House of Representatives, and each member of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM–45. A joint resolution adopted by the Legislative Assembly of the State of Oregon relative to the Secure Rural Schools and Community Self-Determination Act of 2000; to the Committee on Energy and Natural Resources.

HOUSE JOINT MEMORIAL 1

Whereas the National Forest System, managed by the Forest Service of the United States Department of Agriculture, was established in 1907 and has grown to include approximately 192,000,000 acres of federal lands, of which more than 15,000,000 acres are in Oregon; and

Whereas the revested Oregon and California Railroad (''O & C'') grant lands and the reconveyed Coos Bay Wagon Road grant lands, which are managed predominantly by the Bureau of Land Management, were once in private ownership but were returned to federal ownership in 1916 and 1919 and now comprise approximately 2,600,000 acres of federal lands, all of which are in Oregon; and

Whereas Congress recognized that, by its decision to secure these lands in federal ownership, the counties across the United States where these lands are situated, of which 33 counties are located in Oregon, would be deprived of opportunities for economic development and of tax revenues they would otherwise receive if the lands were held in private ownership; and

Whereas these same counties have expended public funds year after year to provide services such as road construction and maintenance, search and rescue, law enforcement, waste removal and fire protection that directly benefit these federal lands and the people who use these lands; and

Whereas to accord a measure of compensation to these affected counties for the critical services they provide to county residents and to visitors to these federal lands and for the lost economic opportunities stemming from federal ownership as compared to private ownership, Congress determined that the federal government should share with these counties a portion of the revenues the United States receives from these federal lands; and

Whereas Congress enacted in 1908 and subsequently amended a law that requires that 25 percent of the revenues derived from the National Forest System lands be paid to the states for use by counties where the lands are situated for the benefit of public schools and roads; and

Whereas Congress enacted in 1937 and subsequently amended the O & C Art (50 Stat. 874; 43 U.S.C. 1181 et seq.) that requires that revenues derived from the O & C grant lands and the Coos Bay Road grant lands be shared with the counties in which those lands are situated and be used for a broad range of essential public services as other county funds are used; and

Whereas Oregon counties dependent on and supportive of these federal lands received and relied on shared revenues from these lands for many decades to provide essential funding for schools, road maintenance and other critical public services; and

Whereas in recent years, the principal source of these revenues, federal timber sales, has been sharply curtailed, and as the volume of timber sold annually from the federal lands in Oregon has decreased substantially, so too have the revenues shared with the affected counties, adversely affecting funding for education, road maintenance and other public programs and services; and

Whereas in the Secure Rural Schools and Community Self-Determination Act of 2000, Congress recognized this trend and temporarily mitigated the adverse consequences by providing annual safety-net payments through 2006 to counties across the United States, including all counties in Oregon that traditionally shared in timber receipts from national forest lands, O & C grant lands and Coos Bay Wagon Road grant lands; and

Whereas the authority for these safety-net payments will expire in 2006, and, if that occurs and thereafter revenue sharing is based on actual federal timber receipts, Oregon will experience a net loss of more than $230 million per year in payments for schools and counties under Titles I and III of the Secure Rural Schools and Community Self-Determination Act of 2000, with associated losses of essential programs and services and thousands of jobs in both the government and private sectors, and will lose an additional $26 million per year that is currently spent by counties on special projects under Title II of the Secure Rural Schools and Community Self-Determination Act of 2000, for a total loss of more than $512 million per biennium, most of which is currently spent on programs and services that the state would have no ability to replace; and

Whereas there is a need to maintain funding for education, road maintenance and other public services through predictable payments to the affected counties, as well as job creation in those counties and other opportunities associated with restoration, maintenance and stewardship of federal lands available under the Secure Rural Schools and Community Self-Determination Act of 2000: Now, therefore, be it

Resolved by the Legislative Assembly of the State of Oregon, That we, the members of the Seventy-third Legislative Assembly, respectfully urge the Congress of the United States to pass legislation that will reauthorize and extend the Secure Rural Schools and Community Self-Determination Act of 2000 for an additional 10-year period through federal fiscal year 2016, and that the Act be continued in its present form and be funded through a mandatory, continuing appropriation; and be it further

Resolved, That a copy of this memorial shall be sent to the President of the United States, to the Senate Majority Leader and the Speaker of the House of Representatives and to each member of the Oregon Congressional Delegation.

POM–46. A joint resolution adopted by the Legislature of the State of Wyoming relative to the funding match for a flood control feasibility study in the Bear River Basin; to the Committee on Environment and Public Works.

JOINT RESOLUTION 1

Whereas the ongoing drought in the State of Wyoming and surrounding states has a profound impact throughout the area, including Bear River Basin. Bear Lake is the major reservoir for containing floodwaters of the Bear River within the Bear River Basin. The effects of drought in the Bear River Basin could be significantly reduced in the event alternative storage sites were available; and

Whereas the Bear River Basin encompasses a portion of the State of Wyoming. Originating in Utah's Uintah Mountains, the Bear River crosses state boundaries five times, has tributaries in Idaho, Utah and Wyoming, and ultimately discharges into the Great Salt Lake; and

Whereas the Bear River did not naturally divert into Bear Lake. The Utah Sugar Company and the Telluride Power Company first proposed diversion of the Bear River into Bear Lake for water storage in 1898. That project was taken over by Utah Power and Light for the purpose of producing hydropower. The project, which included a diversion dam on the Bear River, a canal, and a pumping station was completed in 1918; and

Whereas a multi-state compact between the states of Idaho, Utah and Wyoming, known as the Bear River Compact, was entered into in 1958 and amended in 1980. The Compact governs the operation of Bear River and, for management purposes, the Compact divides the river into three segments. The three segments are known as the upper division, located in Utah and Wyoming, the central division, located in Wyoming and Idaho, and the lower division, located in Idaho and Utah. The Bear River Commission, made up of three members from each of the Compact states, a Chairman appointed by the President of the United States, and engineer/manager, manage the day-to-day operation of the river; and

Whereas as a result of two lawsuits against Utah Power and Light Company during the 1970s, which claimed damaged to crops due to flooding along Bear River, the power company is under court order to keep Bear River within its banks. Based on the court order, in the event the irrigation season ends with Bear Lake above five thousand nine hundred eighteen (5,918) feet in elevation, water is released downstream to make room in Bear Lake for the spring runoff; and

Whereas since the 1970s, millions of acre-feet of water have been released from Bear Lake to provide capacity for flood control. The most recent releases were in 1997, 1998, and 1999; and

Whereas lowering the elevation of Bear Lake for flood control potentially also impacts water users in the upper and central divisions. Under the Compact, storage allocations under the amended Bear River Compact located in the upper division are not allowed to fill whenever the elevation of Bear Lake is below five thousand nine hundred eleven (5,911) feet above sea level; and

Whereas dredging has been necessary to provide water for irrigation releases from Bear Lake due to low lake levels; and

Whereas if alternative storage sites were available, water that is usually available during the spring runoff, could be stored and could prevent any flooding of the Bear River. The water could then be used for irrigation, domestic and commercial development and recreation. Alternative storage sites would provide for the conservation, preservation and best utilization of the water to which the state is entitled. This storage is desperately needed to allow residential, commercial and municipal development in the Bear River drainage without reducing irrigated agricultural lands; and

Whereas the United States Army Corps of Engineers is the federal agency responsible for flood control. The Corps has indicated a willingness to conduct a feasibility study or possible water storage sites upstream of Bear Lake, which could be used for flood control of the Bear River. Costs of the study could range from six hundred thousand dollars ($600,000.00) to two million dollars ($2,000,000.00) depending on the areas the study would include. The study will require an equal match of federal and nonfederal funds. However, with congressional approval, past local expenditures may be used as the local match; and

Whereas past local expenditures that have been made include one hundred seventy-four thousand dollars ($174,000.00) by the State of Wyoming for the Cokeville Reservoir Project

on Smith's Fork, three hundred fifty thousand dollars ($350,000.00) by the State of Wyoming for the Bear River Plan, and over two million ($2,000,000.00) of state funds from Idaho, Wyoming, and Utah throughout the Bear River Commission for stream gaging; and

Whereas concerned citizens of the Bear River Drainage, including the Bear Lake County Commissions, the Bear Lake Regional Commission, Lake Watch, Inc., and Love Bear Lake, Inc., are asking for Congressional approval to recognize past expenditures as the local match to make the Corps of Engineers feasibility study possible: Now, therefore, be it

Resolved by the members of the legislature of the State of Wyoming:

Section 1. That Congress is urged to pass and vote for legislation that will authorize and fund a feasibility study by the United States Corps of Engineers relating to the possibilities, benefits and costs of providing flood control above Bear Lake.

Section 2. That Congress is urged to allow and approve past local expenditures, equivalent to fifty percent of the total cost of the allowed and approved one hundred seventy-four thousand dollars ($174,000.00) by the State of Wyoming for the Cokeville Reservoir Project on Smith's Fork, three hundred fifty thousand dollars ($350,000.00) by the State of Wyoming for the Bear River Basin Plan and two million dollars ($2,000,000.00) of state funds from Idaho, Wyoming and Utah for stream gaging.

Section 3. That the Secretary of State of Wyoming transmit copies of this resolution to the President of the United States, to the President of the Senate and the Speaker of the House of Representatives of the United States Congress and to the Wyoming Congressional Delegation.

POM–47. A resolution adopted by the Senate of the Legislature of the State of New Jersey relative to the Passaic River Restoration Initiative; to the Committee on Environment and Public Works.

SENATE RESOLUTION 75

Whereas the Passaic River Restoration Initiative (PRRI), a new cooperative approach to restore the Passaic River, will utilize the leadership of the United States Army Corps of Engineers, in partnership with the United States Environmental Protection Agency, and various concerned federal, state and local agencies; and

Whereas the Passaic River and its surrounding wetlands have been degraded as a result of commercial growth in the State that brought industrial development to the shores of the Passaic River and surrounding properties; and

Whereas the Passaic River, which traverses New Jersey through Newark, is an ideal pilot project to showcase nationally the restoration of urban waterways, wildlife habitat, and one of America's most historic rivers; and

Whereas the PRRI, the United States Army Corps of Engineers will engage in a cooperative project planning and development process to identify and apply feasible solutions to achieve environmental restoration and economic revitalization of the Passaic River; and

Whereas the results of the project development process will be incorporated in a report to Congress from the Chief of Engineers as project implementation will require authorization by Congress; and

Whereas the PRRI is related to several other current major federal initiatives, such as those under brownfields redevelopment, the NY/NJ Harbor Estuary Program, and the Natural Resources Damage Assessment and Restoration Program; and

Whereas on April 11, 2000 the Committee on Transportation and Infrastructure in the United States House of Representatives approved a resolution authorizing the United States Army Corps of Engineers to conduct the Passaic River Environmental Restoration reconnaissance study, which is currently underway by the New York district of the United States Army Corps of Engineers; and

Whereas it is in the best interest of the State to support the enactment of the Passaic River Restoration Initiative in order to restore and preserve healthy environmental and economic conditions in and along the Passaic River: Now, therefore, be it

Resolved by the Senate of the State of New Jersey:

1. This House urges the United States Congress to support the Passaic River Restoration Initiative in order to restore and preserve the Passaic River to healthy environmental and economic conditions, and to provide the funding for the federal share of the project development process and the necessary study funds of the United States Army Corps of Engineers to advance the Passaic River Restoration Initiative.

2. Duly authenticated copies of this resolution, signed by the President of the Senate and attested by the Secretary thereof, shall be transmitted to the Vice President of the United States, the Speaker of the United States House of Representatives, the majority and minority leaders of the United States Senate and the United States House of Representatives, and each member of Congress elected from this State.

POM–48. A resolution adopted by the House of Representatives of the Legislature of the State of Michigan relative to highway reauthorization legislation; to the Committee on Environment and Public Works.

HOUSE RESOLUTION 31

Whereas the sixth short-term extension of the federal road and transit funding authorization act known as the Transportation Equity Act for the 21st Century, or TEA 21, expires on May 31, 2005. The uncertainty regarding long-term federal funding hampers Michigan's ability to effectively plan investments in infrastructure and may contribute to delays in critical highway and transit projects; and

Whereas Michigan has long been a ''donor state,'' contributing a greater share to the Federal Highway Trust Fund and Mass Transit Account than the share of federal transportation funds returned for use in Michigan; and

Whereas last session, the United States Senate passed highway reauthorization legislation that would have provided $318 billion for highways and transit systems nationwide over six years and increased Michigan's rate of return on our federal transportation taxes from 90.5 percent to 95 percent. In addition, the bill would have provided up to $300 million more for Michigan transportation systems each year, and could have created several thousand new jobs. The House passed reauthorizing legislation that would have provided $284 billion for highways and transit systems and would have reduced Michigan's rate of return below the current level of 90.5 percent. The Conference Committee narrowed the funding difference to between $284 and $299 billion, but left unresolved the question of funding equity for donor states such as Michigan: Now, therefore, be it

Resolved by the House, That we memorialize Congress to enact highway reauthorization legislation with a level of funding that closes the gap between federal fuel tax dollars paid by Michigan motorists and dollars received to address Michigan's transportation needs; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM–49. A resolution adopted by the Senate of the Legislature of the State of Michigan relative to highway reauthorization legislation; to the Committee on Environment and Public Works.

SENATE RESOLUTION 14

Whereas the sixth short-term extension of the federal road and transit funding authorization act known as the Transportation Equity Act for the 21st Century, or TEA 21, expires on May 31, 2005. The uncertainty regarding long-term federal funding hampers Michigan's ability to effectively plan investments in infrastructure and may contribute to delays in critical highway and transit projects; and

Whereas Michigan has long been a ''donor state,'' contributing a greater share to the Federal Highway Trust Fund and Mass Transit Account than the share of federal transportation funds returned for use in Michigan; and

Whereas last session, the United States Senate passed highway reauthorization legislation that would have provided $318 billion for highways and transit systems nationwide over six years and increased Michigan's rate of return on our federal transportation taxes from 90.5 percent to 95 percent. In addition, the bill would have provided up to $300 million more for Michigan transportation systems each year, and could have created several thousand new jobs. The House passed reauthorizing legislation that would have provided $284 billion for highways and transit systems and would have reduced Michigan's rate of return below the current level of 90.5 percent. The Conference Committee narrowed the funding difference to between $284 and $299 billion, but left unresolved the question of funding equity for donor states such as Michigan: Now, therefore, be it

Resolved, That we memorialize Congress to enact highway reauthorization legislation with a level of funding that closes the gap between federal fuel tax dollars paid by Michigan motorists and dollars received to address Michigan's transportation needs; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM–50. A resolution adopted by the Legislature of the State of Arizona relative to the Collegiate Housing and Infrastructure Act; to the Committee on Finance.

SENATE MEMORIAL 1001

Whereas colleges and universities nationwide are experiencing severe housing shortages due to increasing student enrollment; and

Whereas dormitory rooms are filled to capacity, requiring colleges and universities to employ such creative housing measures as placing students in student lounges and

study rooms, converting two-student rooms into three-student rooms and housing students in nearby hotels; and

Whereas quality collegiate housing options will become an even greater challenge if current predictions, that postsecondary enrollment will increase fifteen percent between 1999 and 2011, hold true; and

Whereas fraternities and sororities greatly help alleviate the housing burden of colleges and universities by housing 250,000 students each year. Yet fraternal housing faces several unique challenges in accommodating student populations, particularly the lack of funds to install badly needed safety upgrades; and

Whereas the Collegiate Housing and Infrastructure Act (S. 1246/H.R. 1523), introduced in April 2003, would allow tax-deductible charitable contributions to fraternity and sorority foundations to be used to add such fraternal housing improvements as fire sprinklers, new roofing and security equipment, along with other infrastructure improvements. The passage of this important legislation would allow fraternal educational foundations to use tax-deductible charitable contributions to make the same student infrastructure improvements that colleges and universities currently can make with tax-deductible funds; and

Whereas the Collegiate Housing and Infrastructure Act is critical to ensuring the long-term availability and safety of collegiate and university housing nationwide.

Wherefore your memorialist, the Senate of the State of Arizona, prays:

1. That the Congress and President of the United States take immediate steps to ensure the passage and enactment of the Collegiate Housing and Infrastructure Act.

2. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM–51. A resolution adopted by the House of Representatives of the General Assembly of the Commonwealth of Pennsylvania relative to grants received as payment for damage done by natural disaster; to the Committee on Finance.

HOUSE RESOLUTION 84

Whereas the Internal Revenue Service has recently issued a ruling that grant moneys received by homeowners who incurred damage due to a natural disaster shall include those payments as gross income under section 61 of the Internal Revenue Code and therefore subject the payments to Federal income taxation; and

Whereas many homeowners in the Commonwealth of Pennsylvania incurred flood damage due to the 2004 hurricane season; and

Whereas at least 19 homeowners along the Neshaminy Creek have received grants to elevate their homes in accordance with the Federal Emergency Management Agency Hazard Mitigation Grant Program; and

Whereas the Federal income tax burden on these homeowners, who are required to include the emergency grant payments in their income, could total several thousand dollars; and

Whereas the Internal Revenue Service may try to make its ruling apply retroactively, further impacting homeowners who have received emergency grant payments in the past: Therefore be it

Resolved, That the House of Representatives of the Commonwealth of Pennsylvania urge the Congress to direct the Internal Revenue Service to rescind its ruling that certain emergency grant payments be subject to Federal income tax; and be it further

Resolved, That copies of this resolution be transmitted to the presiding officers of each house of Congress and to each member of Congress from Pennsylvania.

POM–52. A joint resolution adopted by the Legislature of the State of Maine relative to the reform of Social Security offsets of the government pension offset and the windfall elimination provision; to the Committee on Finance.

JOINT RESOLUTION

Whereas under current federal law, individuals who receive a Social Security benefit and a public retirement benefit derived from employment not covered under Social Security are subject to a reduction in the Social Security benefits; and

Whereas these laws, contained in the federal Social Security Act, 42 United States Code, Chapter 7, Subchapter II, Federal Old-Age, Survivors, and Disability Insurance Benefits, and known as the Government Pension Offset and the Windfall Elimination Provision, greatly affect public employees, particularly women; and

Whereas the Windfall Elimination Provision reduces by a formula the Social Security benefit of a person who is also receiving a pension from a public employer that does not participate in Social Security; and

Whereas the Government Pension Offset and the Windfall Elimination Provision are particularly burdensome on the finances of low-income and moderate-income public service workers, such as school teachers, clerical workers and school cafeteria employees, whose wages are low to start; and

Whereas the Government Pension Offset and the Windfall Elimination Provision both unfairly reduce benefits for those public employees and their spouses whose careers cross the line between the private and public sectors; and

Whereas since many lower-paying public service jobs are held by women, both the Government Pension Offset and the Windfall Elimination Provision have a disproportionately adverse effect on women; and

Whereas in some cases, additional support in the form of income, housing, heating and prescription drug and other safety net assistance from state and local governments is needed to make up for the reductions imposed at the federal level; and

Whereas other participants in Social Security do not have their benefits reduced in this manner; and

Whereas to participate or not to participate in Social Security in public sector employment is a decision of employers, even though both the Government Pension Offset and the Windfall Elimination Provision directly punish employees and their spouses; and

Whereas although the Government Pension Offset was enacted in 1977 and the Windfall Elimination Provision was enacted in 1983, many of the benefits in dispute were paid into Social Security prior to that time; and

Whereas bills are present in Congress in both the House of Representatives and the Senate, known as ''The Social Security Fairness Acts,'' that would amend the federal Social Security Act, 42 United States Code, Chapter 7, Subchapter II and totally repeal both the Government Pension Offset and the Windfall Elimination Provision: Now, therefore, be it

Resolved, That we, your memorialists, request that the President of the United States and the United States Congress work together to support reform proposals that include the following protections for low-income and moderate-income government retirees:

1. Protections permitting retention of a combined public pension and Social Security benefits with no applied reductions;

2. Protections permanently ensuring that level of benefits by indexing it to inflation; and

3. Protections ensuring that no current recipient's benefit is reduced by the reform legislation; and be it further

Resolved, That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable George W. Bush, President of the United States; the President of the United States Senate; the Speaker of the House of Representatives of the United States; and each Member of the Maine Congressional Delegation.

POM–53. A joint memorial adopted by the Legislature of the State of Idaho relative to the Pocatello Proton Accelerator Cancer Treatment Facility in Pocatello, Idaho; to the Committee on Health, Education, Labor, and Pensions.

HOUSE JOINT MEMORIAL 3

Whereas proton therapy is a form of radiation that provides numerous advantages over conventional radiation and surgery in the treatment of many cancers, some of which are not otherwise treatable, based on the fact that it is noninvasive, painless and is performed on an outpatient basis. Protons provide a superior dose to tumors while sparing surrounding healthy tissue, eliminating painful and life-impairing side effects associated with surgery and other forms of radiation therapy; and

Whereas Loma Linda University Medical Center located in California, established a research team in 1987 for the purpose of developing and designing the world's first proton beam treatment center. The research team, now known as ''Optivus,'' maintains exclusive worldwide rights to the Loma Linda University Medical Center proprietary technology. In over a decade, the facility at Loma Linda University Medical Center has delivered in excess of 200,000 patient treatments and the market for the technology continues to grow; and

Whereas the concept of a proton accelerator cancer treatment facility in Pocatello, Idaho, has been under study for a number of years; and

Whereas the Portneuf Medical Center, located in Pocatello, Idaho, is in the process of an eight-year expansion program with a goal of providing a single hospital facility with many services decentralized into five centers of excellence; and

Whereas Optivus has the expertise to deliver, operate and maintain a proton beam treatment center, with FDA cleared technology, capable of delivering a high volume of patient treatments each year in Pocatello, Idaho; and

Whereas the City of Pocatello, Bannock County, Portneuf Medical Center, and other available resources have agreed, in concept, to provide support for the development of the Pocatello Proton Accelerator Cancer Treatment Facility at or near the campus of the new Portneuf Medical Center; and

Whereas the facility will provide state-of-the-art medical services to the communities of rural Idaho, the surrounding states, and other national and international markets for cancer treatment, as well as create numerous high paying jobs and generate significant revenue for the local economy; and

Whereas funding for the facility will be secured through a combination of funds, debt and/or financial guarantees: Now, therefore, be it

Resolved by the members of the First Regular Session of the Fifty-eighth Idaho Legislature, the House of Representatives and the Senate concurring therein, That we urge the President and Congress to vigorously support the campaign to develop the Pocatello Proton Accelerator Cancer Treatment Facility in Pocatello, Idaho, supporting the concept that rural health is a significant issue affecting every rural community in this nation and that the development of the Pocatello Proton Accelerator Cancer Treatment Facility will not only provide much needed medical care to rural Idaho, but also to surrounding states and other national and international markets; be it further

Resolved, That the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

POM–54. A resolution adopted by the Senate of the Legislature of the State of New Jersey relative to the reauthorization of the assault weapons ban; to the Committee on the Judiciary.

SENATE RESOLUTION 84

Whereas the provision included in the federal Violent Crime Control and Law Enforcement Act of 1994 which banned the sale of semi-automatic assault weapons is set to expire on September 13, 2004; and

Whereas the assault weapons covered by the ban are not designed for sport use, but incorporate military features intended for combat in a war setting; and

Whereas the ban not only required domestic gun manufacturers to stop producing semi-automatic assault weapons and ammunition clips which held more than 10 rounds, except for military or police use, but also halted imports of assault weapons not already banned; and

Whereas prior to their ban, semi-automatic assault weapons had become the ''weapon of choice'' for drug traffickers, gangs and paramilitary extremist groups; and

Whereas many major national law enforcement organizations support the federal assault weapons ban, in light of their high firepower and ability to penetrate body armor; and

Whereas one in five police officers slain in the line of duty during the years 1998 through 2001 were killed with an assault weapon; and

Whereas assault rifles have been used in some of the nation's most shocking crimes, including the Stockton schoolyard massacre, the CIA headquarters shootings, and the Branch-Davidian standoff in Waco, Texas; and

Whereas the continuing confiscation of assault weapons from crime scenes will result in criminals having less access to these dangerous weapons; and

Whereas there are various bills pending in Congress which would have the affect of reauthorizing the assault weapons ban, including a proposal to postpone the sunset of the provision for ten years and another to repeal the sunset date entirely: Now therefore, be it

Resolved by the Senate of the State of New Jersey:

1. The President and the Congress of the United States are urged to enact a reauthorization the assault weapons ban. The members of this State's Congressional delegation are urged to work diligently to achieve the enactment of this legislation.

2. Duly authenticated copies of this resolution, signed by the President of the Senate and attested by the Secretary thereof, shall be transmitted to the Vice President of the United States, the Speaker of the United States House of Representatives, the majority and minority leaders of the United States Senate and the United States House of Representatives, and each member of Congress elected from this State.

POM–55. A resolution adopted by the City Commission of the City of Lauderdale Lakes of the State of Florida relative to the community development block grant program (''CDBG''); to the Committee on Banking, Housing, and Urban Affairs.

INTRODUCTION OF BILLS AND JOINT RESOLUTIONS

The following bills and joint resolutions were introduced, read the first and second times by unanimous consent, and referred as indicated:

By Mr. LUGAR:

S. 853. A bill to direct the Secretary of State to establish a program to bolster the mutual security and safety of the United States, Canada, and Mexico, and for other purposes; to the Committee on Foreign Relations.

By Mr. FEINGOLD:

S. 854. A bill to require labeling of raw agricultural forms of ginseng, including the country of harvest, and for other purposes; to the Committee on Agriculture, Nutrition, and Forestry.

By Ms. COLLINS:

S. 855. A bill to improve the security of the Nation's ports by providing Federal grants to support Area Maritime Transportation Security Plans and to address vulnerabilities in port areas identified in approved vulnerability assessments or by the Secretary of Homeland Security; to the Committee on Homeland Security and Governmental Affairs.

By Mr. ROCKEFELLER (for himself and Mr. DURBIN):

S. 856. A bill to amend title XVIII of the Social Security Act to extend the minimum medicare deadlines for filing claims to take into account delay in processing adjustment from secondary payor status to primary payor status; to the Committee on Finance.

By Mr. SUNUNU (for himself, Mr. BROWNBACK, and Mr. DEMINT):

S. 857. A bill to reform Social Security by establishing a Personal Social Security Savings Program and to provide new limitations on the Federal Budget; to the Committee on Finance.

By Mr. VOINOVICH (for himself and Mr. INHOFE):

S. 858. A bill to reauthorize Nuclear Regulatory Commission user fees, and or other purposes; to the Committee on Environment and Public Works.

By Mr. SANTORUM (for himself, Mr. KERRY, Mr. SMITH, Ms. STABENOW, Mr. ALLARD, and Mr. SARBANES):

S. 859. A bill to amend the Internal Revenue Code of 1986 to allow an income tax credit for the provision of homeownership and community development, and for other purposes; to the Committee on Finance.

By Mr. ALEXANDER (for himself and Mr. KENNEDY):

S. 860. A bill to amend the National Assessment of Educational Progress Authorization Act to require State academic assessments of student achievement in United States history and civics, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

By Mr. ISAKSON (for himself and Mr. ROCKEFELLER):

S. 861. A bill to amend the Internal Revenue Code of 1986 to provide transition funding rules for certain plans electing to cease future benefit accruals, and for other purposes; to the Committee on Finance.

By Mr. SANTORUM (for himself and Ms. LANDRIEU):

S. 862. A bill to amend title XVIII of the Social Security Act to increase inpatient hospital payments under the Medicare Program to Puerto Rico hospitals; to the Committee on Finance.

By Mr. CONRAD (for himself, Mr. ALLEN, Mr. ALEXANDER, Mr. BAUCUS, Mr. BINGAMAN, Mr. CHAFEE, Mr. COCHRAN, Mr. CORZINE, Mr. CRAIG, Mr. DODD, Mr. DORGAN, Mr. DURBIN, Mrs. FEINSTEIN, Mr. HAGEL, Mr. JEFFORDS, Mr. KENNEDY, Mr. KERRY, Mr. LAUTENBERG, Mr. LEVIN, Mr. MCCAIN, Mr. NELSON of Florida, Mr. NELSON of Nebraska, Mr. PRYOR, Mr. ROCKEFELLER, Mr. SALAZAR, Mr. SCHUMER, Ms. STABENOW, Mr. STEVENS, and Mr. WARNER):

S. 863. A bill to require the Secretary of the Treasury to mint coins in commemoration of the centenary of the bestowal of the Nobel Peace Prize on President Theodore Roosevelt, and for other purposes; to the Committee on Banking, Housing, and Urban Affairs.

By Mr. INHOFE (for himself and Mr. VOINOVICH):

S. 864. A bill to amend the Atomic Energy Act of 1954 to modify provisions relating to nuclear safety and security, and for other purposes; to the Committee on Environment and Public Works.

By Mr. VOINOVICH:

S. 865. A bill to amend the Atomic Energy Act of 1954 to reauthorize the Price-Anderson provisions; to the Committee on Environment and Public Works.

By Mrs. MURRAY:

S.J. Res. 16. A joint resolution authorizing special awards to World War I and World War II veterans of the United States Navy Armed Guard; to the Committee on Armed Services.

SUBMISSION OF CONCURRENT AND SENATE RESOLUTIONS

The following concurrent resolutions and Senate resolutions were read, and referred (or acted upon), as indicated:

By Mr. CRAPO:

S. Res. 114. A resolution recognizing the 100th anniversary of the American Thoracic Society, celebrating its achievements, and encouraging the Society to continue offering its guidance on lung-related health issues to the people of the United States and to the world; to the Committee on Health, Education, Labor, and Pensions.

By Mr. SALAZAR (for himself, Mrs. MURRAY, Mr. COLEMAN, Mr. WYDEN, Mrs. DOLE, Mr. DURBIN, Mr. BUNNING, Mr. KENNEDY, and Mrs. FEINSTEIN):

S. Res. 115. A resolution designating May 2005 as ''National Cystic Fibrosis Awareness Month''; to the Committee on the Judiciary.

By Mrs. DOLE (for herself, Mr. BURR, Mr. CORZINE, and Mr. SANTORUM):

S. Res. 116. A resolution commemorating the life, achievements, and contributions of Frederick C. Branch; to the Committee on the Judiciary.

By Mrs. FEINSTEIN (for herself and Mr. SANTORUM):

S. Res. 117. A resolution designating the week of May 9, 2005, as ''National Hepatits B Awareness Week''; to the Committee on the Judiciary.

ADDITIONAL COSPONSORS

S. 98

At the request of Mr. ALLARD, the name of the Senator from Louisiana (Ms. LANDRIEU) was added as a cosponsor of S. 98, a bill to amend the Bank Holding Company Act of 1956 and the Revised Statutes of the United States to prohibit financial holding companies and national banks from engaging, directly or indirectly, in real estate brokerage or real estate management activities, and for other purposes.

S. 154

At the request of Ms. LANDRIEU, her name was added as a cosponsor of S. 154, a bill to grant a Federal charter to the National American Indian Veterans, Incorporated.

S. 185

At the request of Mr. NELSON of Florida, the names of the Senator from Hawaii (Mr. INOUYE), the Senator from Michigan (Ms. STABENOW) and the Senator from Iowa (Mr. HARKIN) were added as cosponsors of S. 185, a bill to amend title 10, United States Code, to repeal the requirement for the reduction of certain Survivor Benefit Plan annuities by the amount of dependency and indemnity compensation and to modify the effective date for paid-up coverage under the Survivor Benefit Plan.

S. 211

At the request of Mrs. CLINTON, the name of the Senator from Iowa (Mr. HARKIN) was added as a cosponsor of S. 211, a bill to facilitate nationwide availability of 2–1–1 telephone service for information and referral on human services, volunteer services, and for other purposes.

S. 217

At the request of Mr. BINGAMAN, the name of the Senator from South Dakota (Mr. JOHNSON) was added as a cosponsor of S. 217, a bill to amend title 49, United States Code, to preserve the essential air service program.

S. 246

At the request of Mr. BUNNING, the name of the Senator from North Carolina (Mr. BURR) was added as a cosponsor of S. 246, a bill to repeal the sunset of the Economic Growth and Tax Relief Reconciliation Act of 2001 with respect to the expansion of the adoption credit and adoption assistance programs.

S. 300

At the request of Ms. CANTWELL, her name was added as a cosponsor of S. 300, a bill to extend the temporary increase in payments under the medicare program for home health services furnished in a rural area.

At the request of Ms. COLLINS, the name of the Senator from California (Mrs. BOXER) was added as a cosponsor of S. 300, supra.

S. 371

At the request of Mr. KENNEDY, the name of the Senator from Massachusetts (Mr. KERRY) was added as a cosponsor of S. 371, a bill to provide for college quality, affordability, and diversity, and for other purposes.

S. 432

At the request of Mr. ALLEN, the name of the Senator from Arkansas (Mrs. LINCOLN) was added as a cosponsor of S. 432, a bill to establish a digital and wireless network technology program, and for other purposes.

S. 440

At the request of Mr. BUNNING, the names of the Senator from Louisiana (Ms. LANDRIEU) and the Senator from New Mexico (Mr. BINGAMAN) were added as cosponsors of S. 440, a bill to amend title XIX of the Social Security Act to include podiatrists as physicians for purposes of covering physicians services under the medicaid program.

S. 473

At the request of Ms. CANTWELL, the name of the Senator from Massachusetts (Mr. KENNEDY) was added as a cosponsor of S. 473, a bill to amend the Public Health Service Act to promote and improve the allied health professions.

S. 500

At the request of Mr. NELSON of Florida, the name of the Senator from New York (Mrs. CLINTON) was added as a cosponsor of S. 500, a bill to regulate information brokers and protect individual rights with respect to personally identifiable information.

S. 501

At the request of Ms. COLLINS, the name of the Senator from Pennsylvania (Mr. SPECTER) was added as a cosponsor of S. 501, a bill to provide a site for the National Women's History Museum in the District of Columbia.

S. 515

At the request of Mr. BYRD, the name of the Senator from Louisiana (Mr. VITTER) was added as a cosponsor of S. 515, a bill to amend title 32, United States Code, to increase the maximum Federal share of the costs of State programs under the National Guard Youth Challenge Program, and for other purposes.

S. 521

At the request of Mrs. HUTCHISON, the name of the Senator from California (Mrs. BOXER) was added as a cosponsor of S. 521, a bill to amend the Public Health Service Act to direct the Secretary of Health and Human Services to establish, promote, and support a comprehensive prevention, research, and medical management referral program for hepatitis C virus infection.

S. 559

At the request of Mr. BIDEN, the names of the Senator from Illinois (Mr. DURBIN) and the Senator from Maryland (Ms. MIKULSKI) were added as cosponsors of S. 559, a bill to make the protection of vulnerable populations, especially women and children, who are affected by a humanitarian emergency a priority of the United States Government, and for other purposes.

S. 604

At the request of Mr. CRAIG, the names of the Senator from Arkansas (Mrs. LINCOLN), the Senator from Washington (Mrs. MURRAY), the Senator from South Carolina (Mr. GRAHAM), the Senator from Minnesota (Mr. DAYTON), the Senator from North Dakota (Mr. CONRAD), the Senator from Indiana (Mr. LUGAR), the Senator from Louisiana (Ms. LANDRIEU), the Senator from New Jersey (Mr. CORZINE), and the Senator from Arkansas (Mr. PRYOR) were added as cosponsors of S. 604, a bill to amend title XVIII of the Social Security Act to authorize expansion of medicare coverage of medical nutrition therapy services.

S. 629

At the request of Mr. SESSIONS, the name of the Senator from Utah (Mr. HATCH) was added as a cosponsor of S. 629, a bill to amend chapter 97 of title 18, United States Code, relating to protecting against attacks on railroads and other mass transportation systems.

S. 643

At the request of Mr. THOMAS, his name was added as a cosponsor of S. 643, a bill to amend the Agricultural Credit Act of 1987 to reauthorize State mediation programs.

S. 740

At the request of Mr. BINGAMAN, the name of the Senator from Louisiana (Ms. LANDRIEU) was added as a cosponsor of S. 740, a bill to amend title XIX and XXI of the Social Security Act to expand or add coverage of pregnant women under the medicaid and State children's health insurance program, and for other purposes.

S. 756

At the request of Mr. BENNETT, the name of the Senator from California (Mrs. BOXER) was added as a cosponsor of S. 756, a bill to amend the Public Health Service Act to enhance public and health professional awareness and understanding of lupus and to strengthen the Nation's research efforts to identify the causes and cure of lupus.

S. 758

At the request of Mr. ALLEN, the name of the Senator from Arizona (Mr. MCCAIN) was added as a cosponsor of S. 758, a bill to amend the Internal Revenue Code of 1986 to ensure that the federal excise tax on communication

services does not apply to internet access service.

S. 783

At the request of Mr. KYL, the name of the Senator from Alabama (Mr. SESSIONS) was added as a cosponsor of S. 783, a bill to repeal the sunset on the 2004 material-support enhancements, to increase penalties for providing material support to terrorist groups, to bar from the United States aliens who have received terrorist training, and for other purposes.

S. 784

At the request of Mr. THOMAS, the names of the Senator from California (Mrs. BOXER) and the Senator from New Mexico (Mr. BINGAMAN) were added as cosponsors of S. 784, a bill to amend title XVIII of the Social Security Act to provide for the coverage of marriage and family therapist services and mental health counselor services under part B of the medicare program, and for other purposes.

S. 802

At the request of Mr. BAUCUS, the name of the Senator from Nebraska (Mr. NELSON) was added as a cosponsor of S. 802, a bill to establish a National Drought Council within the Department of Agriculture, to improve national drought preparedness, mitigation, and response efforts, and for other purposes.

S. 817

At the request of Ms. STABENOW, the name of the Senator from Michigan (Mr. LEVIN) was added as a cosponsor of S. 817, a bill to amend the Trade Act of 1974 to create a Special Trade Prosecutor to ensure compliance with trade agreements, and for other purposes.

S. 821

At the request of Mr. STEVENS, the name of the Senator from Pennsylvania (Mr. SPECTER) was added as a cosponsor of S. 821, a bill to require the Secretary of the Treasury to mint coins in commemoration of the founding of America's National Parks, and for other purposes.

S. 841

At the request of Mrs. CLINTON, the names of the Senator from Washington (Mrs. MURRAY) and the Senator from Wisconsin (Mr. FEINGOLD) were added as cosponsors of S. 841, a bill to amend the Fair Labor Standards Act of 1938 to provide more effective remedies to victims of discrimination in the payment of wages on the basis of sex, and for other purposes.

AMENDMENT NO. 342

At the request of Mr. DEWINE, the name of the Senator from Vermont (Mr. LEAHY) was added as a cosponsor of amendment No. 342 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 380

At the request of Mr. KOHL, the names of the Senator from South Dakota (Mr. JOHNSON), the Senator from Kansas (Mr. ROBERTS), the Senator from North Carolina (Mrs. DOLE), the Senator from Indiana (Mr. LUGAR), the Senator from New Mexico (Mr. BINGAMAN), the Senator from Maryland (Mr. SARBANES), the Senator from Nebraska (Mr. NELSON), the Senator from Nebraska (Mr. HAGEL), the Senator from Missouri (Mr. BOND) and the Senator from Delaware (Mr. BIDEN) were added as cosponsors of amendment No. 380 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 414

At the request of Ms. LANDRIEU, the name of the Senator from Idaho (Mr. CRAIG) was added as a cosponsor of amendment No. 414 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 443

At the request of Mr. DURBIN, the names of the Senator from Connecticut (Mr. DODD) and the Senator from Wisconsin (Mr. FEINGOLD) were added as cosponsors of amendment No. 443 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 466

At the request of Mr. SHELBY, the name of the Senator from North Dakota (Mr. DORGAN) was added as a cosponsor of amendment No. 466 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 482

At the request of Mrs. LINCOLN, the name of the Senator from Arkansas (Mr. PRYOR) was added as a cosponsor of amendment No. 482 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 493

At the request of Mr. LEAHY, the name of the Senator from California (Mrs. BOXER) was added as a cosponsor of amendment No. 493 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 498

At the request of Mr. WARNER, the name of the Senator from Maine (Ms. COLLINS) was added as a cosponsor of amendment No. 498 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

At the request of Ms. SNOWE, her name was added as a cosponsor of amendment No. 498 proposed to H.R. 1268, supra.

AMENDMENT NO. 504

At the request of Mrs. CLINTON, the name of the Senator from Maryland

(Ms. MIKULSKI) was added as a cosponsor of amendment No. 504 intended to be proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 516

At the request of Mr. BYRD, the name of the Senator from New Mexico (Mr. BINGAMAN) was added as a cosponsor of amendment No. 516 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

AMENDMENT NO. 549

At the request of Mr. BAUCUS, the names of the Senator from Idaho (Mr. CRAIG), the Senator from Georgia (Mr. CHAMBLISS), the Senator from Kansas (Mr. ROBERTS), the Senator from Wyoming (Mr. ENZI), the Senator from North Dakota (Mr. DORGAN), the Senator from Iowa (Mr. HARKIN), the Senator from Indiana (Mr. LUGAR) and the Senator from South Dakota (Mr. JOHNSON) were added as cosponsors of amendment No. 549 proposed to H.R. 1268, making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. LUGAR:

S. 853. A bill to direct the Secretary of State to establish a program to bolster the mutual security and safety of the United States, Canada, and Mexico, and for other purposes; to the Committee on Foreign Relations.

Mr. LUGAR. Mr. President, I rise to introduce the North American Cooperative Security Act, NACSA. The purpose of this bill is to enhance the mutual security and safety of the United States, Canada, and Mexico by providing a framework for better management, communication and coordination between the Governments of North America. To advance these goals, this bill would: Improve procedures for exchanging relevant security information with Mexico and Canada; improve our military-to-military relations with Mexico; improve the security of Mexico's southern border; establish a database to track the movement of members of Central American gangs between the United States, Mexico, and Central American countries; require U.S. government agencies to develop a strategy for achieving an agreement with the Mexican government on joint measures to impede the ability of third country nationals from using Mexico as a transit corridor for unauthorized entry into the United States.

Our Nation is inextricably intertwined with Mexico and Canada historically, culturally, and commercially. The flow of goods and people across our borders helps drive our economy and strengthen our culture. The Department of Transportation reports that goods worth more than $633 billion crossed our land borders in 2004. According to the Census Bureau more than 26 million of the 39 million individuals of Hispanic-origin who are legal residents in the United States are of Mexican background.

But our land borders also serve as a conduit for illegal immigration, drugs, and other illicit items. Given the threat of international terrorism, there is great concern that our land borders could also serve as a channel for international terrorists and weapons of mass destruction.

The threat of terrorist penetration is particularly acute along our southern border. In 2004, fewer than 10,000 inividuals were apprehended entering the U.S. illegally through our 5,000 mile land border with Canada. This compared with the more than 1.1 million that were apprehended while trying to cross our 2,000 mile border with Mexico. The Department of Homeland Security reports that about 996,000 of these individuals were Mexicans crossing the border for economic or family reasons.

The Homeland Security Department refers to the rest as ''other than Mexicans,''—or ''OTMs.'' Of the approximately 100,000 OTMs apprehended, 3,000 to 4,000 were from so-called ''countries of interest'' like Somalia, Pakistan, and Saudi Arabia, which have produced or been associated with terrorist cells.

A few of the individuals who have been apprehended at our southern border were known to have connections to terrorists or were entering the U.S. under highly suspicious circumstances. For example, one Lebanese national, who had paid a smuggler to transport him across the U.S.-Mexican border in 2001, was recently convicted of holding a fundraiser in his Michigan home for the Hizbollah terrorist group.

Last July, a Pakistani woman swam across the Rio Grande River from Mexico to Texas. She was detained when she tried to board a plane to New York with $6,000 in cash and a severely altered South African passport. Her husband's name was found to be on a terrorism watch list. She was convicted on immigration charges and deported in December 2004.

Since September 11, 2001, progress has been made in deterring cross-border threats, while maintaining the efficient movement of people and cargo across North America. The United States signed ''Smart Border'' agreements with Canada and Mexico, in December 2001 and March 2002, respectively. These agreements seek to improve pre-screening of immigrants, refugees, and cargo. They include new documentation requirements and provisions for adding inspectors and updating border security technologies. We also have established Integrated Border Enforcement Teams to coordinate law enforcement efforts with Canada.

Additional initiatives are included in the Presidents' Security and Prosperity Partnership of North America Agreement announced on March 23, 2005, at the North American Summit meeting in Texas. But, additional work lies ahead. We must sustain attention and accountability at home for enhancing our Continental security, and continue to press our neighbors for improved cooperation in combating security threats.

I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 853

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''North American Cooperative Security Act''.

SEC. 2. NORTH AMERICAN SECURITY INITIATIVE.

(a) IN GENERAL.—The Secretary of State shall enhance the mutual security and safety of the United States, Canada, and Mexico by providing a framework for better management, communication, and coordination between the Governments of North America.

(b) RESPONSIBILITIES.—In implementing the provisions of this Act, the Secretary of State shall carry out all of the activities described in this Act.

SEC. 3. IMPROVING THE EXCHANGE OF INFORMATION ON NORTH AMERICAN SECURITY.

(a) REPORT.—Not later than 6 months after the date of enactment of this Act, and every 6 months thereafter, the Secretary of State, in coordination with the Secretary of Homeland Security and the Secretary of Defense, each responsible for their pertinent areas of jurisdiction, shall submit a joint report, to

the congressional committees listed under subsection (b) that contains a description of the efforts to carry out this section and sections 4 through 7.

(b) APPROPRIATE CONGRESSIONAL COMMITTEES DEFINED.—The congressional committees listed under this subsection are—

(1) the Committee on Foreign Relations of the Senate;

(2) the Committee on Homeland Security and Governmental Affairs of the Senate;

(3) the Committee on International Relations of the House of Representatives;

(4) the Select Committee on Homeland Security of the House of Representatives;

(5) the Committee on Armed Services of the Senate; and

(6) the Committee on Armed Services of the House of Representatives.

(c) CONTENTS.—A report submitted under subsection (a) shall contain a description of each of the following:

(1) SECURITY AND THE MOVEMENT OF GOODS.—The progress of the development and expansion of public-private partnerships to secure the supply chain of goods coming into North America and expedite the movement of low-risk goods, including the status of—

(A) the Fast and Secure Trade program (referred to in this subsection as ''FAST'') at major crossings, and the progress made in implementing the Fast and Secure Trade program at all remaining commercial crossings between Canada and the United States;

(B) marketing programs to promote enrollment in FAST;

(C) finding ways and means of increasing participation in FAST; and

(D) the implementation of FAST at the international border between Mexico and the United States.

(2) CARGO SECURITY AND MOVEMENT OF GOODS.—The progress made in developing and implementing a North American cargo security strategy that creates a common security perimeter by enhancing technical assistance for programs and systems to support advance reporting and risk management of cargo data, improved integrity measures through automated collection of fees, and advance technology to rapidly screen cargo.

(3) BORDER WAIT TIMES.—The progress made by the Secretary of State, in consultation with national, provincial, and municipal governments, to—

(A) reduce waiting times at international border crossings through low-risk land ports of entry facilitating programs, including the status of the Secure Electronic Network for Travelers Rapid Inspection program (referred to in this section as ''SENTRI'') and the NEXUS program—

(B) measure and report wait times for commercial and non-commercial traffic at the land ports, and establish compatible performance standards for operating under normal security alert conditions; and

(C) identify, develop, and deploy new technologies to—

(i) further advance the shared security goals of Canada, Mexico, and the United States; and

(ii) promote the legitimate flow of both people and goods across international borders.

(4) BORDER INFRASTRUCTURE.—Efforts to pursue joint investments in and protection of border infrastructure, including—

(A) priority ports of entry;

(B) plans to expand dedicated lanes and approaches and improve border infrastructure in order to meet the objectives of FAST;

(C) the development of a strategic plan for expanding the number of dedicated FAST lanes at major crossings at the international border between Mexico and the United States; and

(D) an inventory of border transportation infrastructure in major transportation corridors.

(5) SECURITY CLEARANCES AND DOCUMENT INTEGRITY.—The development of more common or otherwise equivalent enrollment, security, technical, and biometric standards for the issuance, authentication, validation, and repudiation of secure documents, including—

(A) technical and biometric standards based on best practices and consistent with international standards for the issuance, authentication, validation, and repudiation of travel documents, including—

(i) passports;

(ii) visas; and

(iii) permanent resident cards;

(B) working with the Governments of Canada and Mexico to encourage foreign governments to enact laws controlling alien smuggling and trafficking, use, and manufacture of fraudulent travel documents and information sharing;

(C) applying the necessary pressures and support to ensure that other countries meet proper travel document standards and are equally committed to travel document verification before transit to other countries, including the United States; and

(D) providing technical assistance for the development and maintenance of a national database built upon identified best practices for biometrics associated with visa and travel documents.

(6) IMMIGRATION AND VISA MANAGEMENT.—The progress on efforts to share information on high-risk individuals that might attempt to travel to Canada, Mexico, or the United States, including—

(A) immigration lookout data on high risk individuals by implementing the Statement of Mutual Understanding on Information Sharing, which was signed by Canada and the United States in February 2003; and

(B) immigration fraud trends and analysis, including asylum and document fraud.

(7) VISA POLICY COORDINATION AND IMMIGRATION SECURITY.—The progress made by the Governments of Canada, Mexico, and the United States to enhance North American security by cooperating on visa policy and identifying best practices regarding immigration security, including—

(A) enhancing consultation among visa issuing officials at consulates or embassies of Canada, Mexico, and the United States throughout the world to share information, trends, and best practices on visa flows;

(B) comparing the procedures and policies of Canada and the United States related to visitor visa processing, including—

(i) application process;

(ii) interview policy;

(iii) general screening procedures;

(iv) visa validity;

(v) quality control measures; and

(vi) access to appeal or review;

(C) converging the list of ''visa waiver'' countries;

(D) providing technical assistance for the development and maintenance of a national database built upon identified best practices for biometrics associated with immigration violators;

(E) developing and implementing a North American immigration security strategy that works toward the development of a common security perimeter by enhancing technical assistance for programs and systems to support advance automated reporting and risk targeting of international passengers;

(F) the progress made toward sharing information on lost and stolen passports on a real-time basis among immigration or law enforcement officials of the Governments of Canada, Mexico, and the United States; and

(G) the progress made by the Department of State in collecting 10 fingerprints from all visa applicants.

(8) NORTH AMERICAN VISITOR OVERSTAY PROGRAM.—The progress made to implement parallel entry-exit tracking systems between Canada and the United States—

(A) to share information on third country nationals who have overstayed in either country; and

(B) that respect the privacy laws of each country.

(9) TERRORIST WATCH LISTS.—The progress made to enhance capacity of the United States to combat terrorism through the coordination of counterterrorism efforts, including—

(A) bilateral agreements between Canada and the United States and between Mexico and the United States to govern the sharing of terrorist watch list data and to comprehensively enumerate the uses of such data by the governments of each country;

(B) establishing appropriate linkages between Canada, Mexico, and the United States Terrorist Screening Center; and

(C) working to explore with foreign governments the establishment of a multilateral watch list mechanism that would facilitate direct coordination between the country that identifies an individual as an individual included on a watch list, and the country that owns such list, including procedures that satisfy the security concerns and are consistent with the privacy and other laws of each participating country.

(10) MONEY LAUNDERING, INCOME TAX EVASION, CURRENCY SMUGGLING, AND ALIEN SMUGGLING.—The progress made to improve information sharing and law enforcement cooperation in organized crime, including—

(A) information sharing and law enforcement cooperation, especially in areas of currency smuggling, money laundering, alien smuggling and trafficking in alcohol, firearms, and explosives;

(B) implementing the Canada-United States Firearms Trafficking Action Plan;

(C) the feasibility of formulating a firearms trafficking action plan between Mexico and the United States;

(D) developing a joint threat assessment on organized crime between Canada and the United States;

(E) the feasibility of formulating a joint threat assessment on organized crime between Mexico and the United States;

(F) developing mechanisms to exchange information on findings, seizures, and capture of individuals transporting undeclared currency; and

(G) developing and implementing a plan to combat the transnational threat of illegal drug trafficking.

(11) COUNTERTERRORISM PROGRAMS.—Enhancements to counterterrorism coordination, including—

(A) reviewing existing counterterrorism efforts and coordination to maximize effectiveness; and

(B) identifying best practices regarding the sharing of information and intelligence.

(12) LAW ENFORCEMENT COOPERATION.—The enhancement of law enforcement cooperation through enhanced technical assistance for the development and maintenance of a national database built upon identified best practices for biometrics associated with known and suspected criminals or terrorists, including—

(A) exploring the formation of law enforcement teams that include personnel from the United States and Mexico, and appropriate procedures from such teams; and

(B) assessing the threat and risk of the St. Lawrence Seaway System and the Great Lakes and developing appropriate marine enforcement programs based on the integrated border team framework.

(13) BIOSECURITY COOPERATION.—The progress made to increase and promote cooperation in the analysis and assessments of intentional threats to biosecurity, including naturally occurring threats, as well as in the United States prevention and response capacity and plans to respond to these threats, including—

(A) mapping relationships among key regulatory and border officials to ensure effective cooperation in planning and responding to a biosecurity threat; and

(B) working jointly in support of the Public Health Security and Bioterrorism Preparedness and Response Act of 2002 (Public Law 107–188; 116 Stat. 594) to develop a regime that employs a risk management approach to the movement of foods and food products in our countries and across our shared border, and which builds upon and harmonizes with customs processes.

(14) PROTECTION AGAINST NUCLEAR AND RADIOLOGICAL THREATS.—The progress made to increase cooperation to prevent nuclear and radiological smuggling, including—

(A) identifying opportunities to increase cooperation to prevent smuggling of nuclear or radioactive materials, including improving export controls for all materials identified on the high-risk sources list maintained by the International Atomic Energy Agency;

(B) working collectively with other countries to install radiation detection equipment at foreign land crossings to examine cargo destined for North America;

(C) enhancing border controls through effective technical cooperation and other forms of cooperation to—

(i) prevent the smuggling of radiological materials; and

(ii) examine related next-generation equipment;

(D) enhancing physical protection of nuclear facilities in North America through effective technical and other forms of cooperation; and

(E) developing a program on physical protection for Mexican nuclear installations that increases the level of the ''nuclear security culture'' of those responsible for the physical protection of nuclear installations and transport of nuclear material.

(15) EMERGENCY MANAGEMENT COOPERATION.—The progress made regarding the appropriate coordination of our systems and planning and operational standards for emergency management, including the development of an interoperable communications system or the appropriate coordination of existing systems for Canada, Mexico, and the United States for cross-border incident management.

(16) COOPERATIVE ENERGY POLICY.—The progress of efforts to—

(A) increase reliable energy supplies for the region's needs and development;

(B) streamline and update regulations concerning energy;

(C) promote energy efficiency, conservation, and technologies;

(D) work with the Governments of Canada and Mexico to develop a North American energy alliance to bolster our collective security by increased reliance on North American energy sources; and

(E) work with the Government of Mexico to—

(i) increase Mexico's crude oil and natural gas production by obtaining the technology and financial resources needed by Mexico for energy sector development;

(ii) attract sufficient private direct investment in the upstream sector, within its constitutional framework, to foster the development of additional crude oil and natural gas production; and

(iii) attract the private direct investment in the downstream sector, within its domestic legal framework, to foster the development of additional domestic refining capacity to reduce costs for consumers and to move Mexico toward self-sufficiency in meeting its domestic energy needs.

(17) FEASIBILITY OF COMMON EXTERNAL TARIFF AND DEVELOPMENT ASSISTANCE TO THE ECONOMY OF MEXICO.—The progress of efforts to determine the feasibility of—

(A) harmonizing external tariffs on a sector-by-sector basis to the lowest prevailing rate consistent with multilateral obligations, with the goal of creating a long-term common external tariff;

(B) accelerating and expanding the implementation of existing ''smart border'' actions plans to facilitate intra-North American travel and commerce;

(C) working with Mexican authorities to devise a set of policies designed to stimulate the Mexican economy that—

(i) attracts investment;

(ii) stimulates growth; and

(iii) commands broad public support and provides for Mexicans to find jobs in Mexico; and

(D) working to support the development of Mexican industries, job growth, and appropriate improvements to social services.

SEC. 4. INFORMATION SHARING AGREEMENTS.

The Secretary of State, in coordination with the Secretary of Homeland Security and the Government of Mexico, is authorized to negotiate an agreement with Mexico to—

(1) cooperate in impeding the ability of third country nationals from using Mexico as a transit corridor for unauthorized entry into the United States; and

(2) provide technical assistance to support stronger immigration control at the border with Mexico.

SEC. 5. IMPROVING THE SECURITY OF MEXICO'S SOUTHERN BORDER.

(a) TECHNICAL ASSISTANCE.—The Secretary of State, in coordination with the Secretary of Homeland Security, the Canadian Department of Foreign Affairs, and the Government of Mexico, shall establish a program to—

(1) assess the specific needs of Guatemala and Belize in maintaining the security of the borders of such countries;

(2) use the assessment made under paragraph (1) to determine the financial and technical support needed by Guatemala and Belize from Canada, Mexico, and the United States to meet such needs;

(3) provide technical assistance to Guatemala and Belize to secure issuance of passports and travel documents by such countries; and

(4) encourage Guatemala and Belize to—

(A) control alien smuggling and trafficking;

(B) prevent the use and manufacture of fraudulent travel documents; and

(C) share relevant information with Mexico, Canada, and the United States.

(b) IMMIGRATION.—The Secretary of Homeland Security, in consultation with the Secretary of State and appropriate officials of the Governments of Guatemala and Belize, shall provide robust law enforcement assistance to Guatemala and Belize that specifically addresses migratory issues to increase the ability of the Government of Guatemala to dismantle human smuggling organizations and gain tighter control over the border.

(c) BORDER SECURITY BETWEEN MEXICO AND GUATEMALA OR BELIZE.—The Secretary of State, in consultation with the Secretary of Homeland Security, the Government of Mexico, and appropriate officials of the Governments of Guatemala, Belize, and neighboring contiguous countries, shall establish a program to provide needed equipment, technical assistance, and vehicles to manage, regulate, and patrol the international border between Mexico and Guatemala and between Mexico and Belize.

(d) TRACKING CENTRAL AMERICAN GANGS.—The Secretary of State, in coordination with the Secretary of Homeland Security, the Director of the Federal Bureau of Investigation, the Government of Mexico, and appropriate officials of the Governments of Guatemala, Belize, and other Central American countries, shall—

(1) assess the direct and indirect impact on the United States and Central America on deporting violent criminal aliens;

(2) establish a program and database to track Central American gang activities, focusing on the identification of returning criminal deportees;

(3) devise an agreed-upon mechanism for notification applied prior to deportation and for support for reintegration of these deportees; and

(4) devise an agreement to share all relevant information with the appropriate agencies of Mexico and other Central American countries.

(e) AERIAL INTERDICTION OF NARCOTRAFFICKING THROUGH CENTRAL AMERICA AND PANAMA.—The Secretary of State shall examine the feasibility of entering into an agreement with Panama and the other countries of Central America regarding the aerial interdiction program commonly known as ''Airbridge Denial''.

SEC. 6. NORTH AMERICAN DEFENSE INSTITUTIONS.

(a) IN GENERAL.—The Secretary of Defense, in consultation with the Secretary of State, shall examine the feasibility of—

(1) strengthening institutions for consultations on defense issues among the United States, Mexico, and Canada, specifically through—

(A) the Joint Interagency Task Force South;

(B) the Permanent Joint Board on Defense;

(C) joint-staff talks; and

(D) senior Army border talks;

(2) proposing mechanisms to reach agreements with the Government of Canada or Mexico regarding contingency plans for responding to threats along the international borders of the United States;

(3) in consultation with the Governments of Canada and Mexico, and with input from the United States Northern Command—

(A) developing bilateral and trilateral capabilities and coordination mechanisms to address common threats along shared borders; and

(B) work together to clearly define the term ''threats'' to only encompass military or defense-related threats, rather than other threats to homeland security;

(4) offering technical support to willing regional parties to maintain air space security, including consultation mechanisms with the Joint Interagency Task Force and the North American Aerospace Defense Command, to

improve security in the North American and Central American space; and

(5) proposing mechanisms to strengthen communication information and intelligence sharing on defense issues among the United States, Mexico, and Canada.

SEC. 7. REPATRIATION.

The Secretary of State shall—

(1) apply the necessary pressure on, and negotiate with, other countries to accept the International Civil Aviation Organization Annex 9 one-time travel document provided by the United States in lieu of official travel documents if an inadmissible immigrant has not presented official travel documents or has presented fraudulent ones; and

(2) provide the proper support and international pressure necessary to facilitate the removal of inadmissible aliens from the United States and their repatriation in, or reinstatement by, a responsible country, with a focus on criminal aliens that are deemed particularly dangerous or potential terrorists.

By Mr. FEINGOLD:

S. 854: A bill to require labeling of raw agricultural forms of ginseng, including the country of harvest, and for other purposes; to the Committee on agriculture, Nutrition, and Forestry.

Mr. FEINGOLD. Mr. President, I would like to discuss legislation I am introducing that would protect ginseng farmers and consumers by ensuring that ginseng is labeled accurately with where the root was harvested. The ''Ginseng Harvest Labeling Act of 2005'' is similar to bills that I introduced in previous Congresses and developed after hearing suggestions from ginseng growers and the Ginseng Board of Wisconsin.

I would like to take the opportunity to discuss American ginseng and the problems facing Wisconsin's ginseng growers so that my colleagues understand the need for this legislation. Chinese and Native American cultures have used ginseng for thousands of years for herbal and medicinal purposes. As a dietary supplement, American ginseng is widely touted for its ability to improve energy and vitality, particularly in fighting fatigue or stress.

In the U.S., ginseng is experiencing increasing popularity as a dietary supplement, and I am proud to say that my home State of Wisconsin is playing a central role in ginseng's resurgence. Wisconsin produces 97 percent of the ginseng grown in the United States, and 85 percent of the country's ginseng is grown in just one Wisconsin county, Marathon County. Ginseng is also grown in a number of other States such as Maine, Maryland, New York, North Carolina, Oregon, South Carolina, and West Virginia.

For Wisconsin, ginseng has been an economic boon. Wisconsin ginseng commands a premium price in world markets because it is of the highest quality and because it has a low pesticide and chemical content. In 2002, U.S. exports of ginseng totaled nearly $45 million, much of which was grown in Wisconsin. With a huge market for this high-quality ginseng overseas, and growing popularity for the ancient root here at home, Wisconsin's ginseng industry should have a prosperous future ahead.

Unfortunately, the outlook for ginseng farmers is marred by a serious problem—smuggled and mislabeled ginseng. Wisconsin ginseng is considered so superior to ginseng grown abroad that smugglers will go to great lengths to label ginseng grown in Canada or Asia as ''Wisconsin-grown.''

Here's how the switch takes place: Wisconsin ginseng is shipped to China to be sorted into various grades. While the sorting process is itself a legitimate part of distributing ginseng, smugglers too often use it as a ruse to switch Wisconsin ginseng with Asian- or Canadian-grown ginseng considered inferior by consumers. The lower quality ginseng is then shipped back to the U.S. for sale to American consumers who think they are buying the Wisconsin-grown product.

There is good reason consumers should want to know that the ginseng they buy is American-grown considering that the only accurate way of testing ginseng to determine where it was grown is to test for pesticides that are banned in the United States. The Ginseng Board of Wisconsin has been testing some ginseng found on store shelves, and in many of the products, residues of chemicals such as DDT, lead, arsenic, and quintozine (PCNB) have been detected. Since the majority of ginseng sold in the U.S. originates from countries with less stringent pesticide standards, it is vitally important that consumers know which ginseng is really grown in the U.S.

To capitalize on their product's preeminence, the Ginseng Board of Wisconsin has developed a voluntary labeling program, stating that the ginseng is ''Grown in Wisconsin, U.S.A.'' However, Wisconsin ginseng is so valuable that counterfeit labels and ginseng smuggling have become widespread around the world. As a result, consumers have no way of knowing the most basic information about the ginseng they purchase—where it was grown, what quality or grade it is, or whether it contains dangerous pesticides.

My legislation, the Ginseng Harvest Labeling Act of 2005, proposes some common sense steps to address some of the challenges facing the ginseng industry. My legislation requires that ginseng, as a raw agricultural commodity, be sold at retail with a label clearly indicating the country that the ginseng was harvested in. ''Harvest'' is important because some Canadian and Chinese growers have ginseng plants that originated in the U.S., but because these plants were cultivated in a foreign country, they may have been treated with chemicals not allowed for use in the U.S. This label would also allow buyers of ginseng to more easily prevent foreign companies from mixing foreign-produced ginseng with ginseng harvested in the U.S. The country of harvest labeling is a simple but effective way to enable consumers to make an informed decision.

These common sense reforms would give ginseng growers the support they deserve and help consumers make informed choices about the ginseng that they consume. We must ensure that when ginseng consumers reach for a high-quality ginseng product—such as Wisconsin-grown ginseng—they are getting the real thing, not a knock-off.

I ask unanimous consent that the text of my bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 854

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Ginseng Harvest Labeling Act of 2005 ''.

SEC. 2. DISCLOSURE OF COUNTRY OF HARVEST.

The Agricultural Marketing Act of 1946 (7 U.S.C. 1621 et seq.) is amended by adding at the end the following:

''Subtitle E—Ginseng

''SEC. 291. DISCLOSURE OF COUNTRY OF HARVEST.

''(a) DEFINITION OF GINSENG.—In this section, the term 'ginseng' means an herb or herbal ingredient that—

''(1) is derived from a plant classified within the genus Panax; and

''(2) is offered for sale as a raw agricultural commodity in any form intended to be used in or as a food or dietary supplement under the name of 'ginseng'.

''(b) DISCLOSURE.—

''(1) IN GENERAL.—A person that offers ginseng for sale as a raw agricultural commodity shall disclose to potential purchasers the country of harvest of the ginseng.

''(2) IMPORTATION.—A person that imports ginseng into the United States shall disclose the country of harvest of the ginseng at the point of entry of the United States, in accordance with section 304 of the Tariff Act of 1930 (19 U.S.C. 1304).

''(c) MANNER OF DISCLOSURE.—

''(1) IN GENERAL.—The disclosure required by subsection (b) shall be provided to potential purchasers by means of a label, stamp, mark, placard, or other clear and visible sign on the ginseng or on the package, display, holding unit, or bin containing the ginseng.

''(2) RETAILERS.—A retailer of ginseng shall—

''(A) retain disclosure provided under subsection (b); and

''(B) provide disclosure to a retail purchaser of the raw agricultural commodity.

''(3) REGULATIONS.—The Secretary of Agriculture shall by regulation prescribe with specificity the manner in which disclosure shall be made in transactions at wholesale or retail (including transactions by mail, telephone, or Internet or in retail stores).

''(d) FAILURE TO DISCLOSE.—The Secretary of Agriculture may impose on a person that fails to comply with subsection (b) a civil penalty of not more than—

''(1) $1,000 for the first day on which the failure to disclose occurs; and

''(2) $250 for each day on which the failure to disclose continues.''.

SEC. 3. EFFECTIVE DATE.

This Act and the amendments made by this Act take effect on the date that is 180 days after the date of enactment of this Act.

By Ms. COLLINS:

S. 855. A bill to improve the security of the Nation's ports by providing Federal grants to support Area Maritime Transportation Security Plans and to address vulnerabilities in port areas identified in approved vulnerability assessments or by the Secretary of Homeland Security; to the Committee on Homeland Security and Governmental Affairs.

Ms. COLLINS. Mr. President, I rise today to introduce the Port Security Grants Act of 2005. This legislation would establish a dedicated grant program within the Department of Homeland Security to enhance terrorism prevention and response efforts at our ports. It would provide the resources needed to better protect the American people from attack through these vital yet still extremely vulnerable centers of our economy and points of entry.

I am very pleased that my partner in this effort, Representative JANE HARMAN, today is introducing the same legislation in the House of Representatives. Congresswoman HARMAN knows well the vulnerability of our Nation's ports. Indeed, earlier this year, I accompanied her to the ports of Long Beach and Los Angeles to witness first hand the incredible volume of activity that occurs at these thriving economic centers—and the incredible security challenges that they pose. Congresswoman HARMAN's dedication to the security of our ports and our Nation as a whole makes her one of Congress' acknowledged leaders on homeland security matters. I am pleased that we have been able to join forces on this important initiative.

Funding to date to address security needs at our ports has been woefully inadequate. The Coast Guard estimates that implementing the provisions of the Maritime Transportation Security Act and similar requirements for international port security will cost $7.3 billion over the next decade. Yet, since MTSA was enacted, only the fiscal year 2005 budget request contained a line item for this crucial need, and that at a mere $46 million. Although the Administration's fiscal year 2006 budget request includes $600 million for infrastructure protection, it does not contain a dedicated line item for port security grant funding.

As a point of comparison, the Transportation Security Administration's fiscal year 2006 budget dedicates $4.9 billion for aviation security. As Dr. Stephen Flynn of the Council on Foreign Relations testified at a Homeland Security and Governmental Affairs Committee hearing in January, port security has received approximately 5 cents on the dollar—with the remaining 95 cents going to aviation security.

The legislation we propose will break the hand-to-mouth cycle that ports have faced for years. It does the following: First, it creates a competitive grant program administered by the Office of State and Local Government Coordination and Preparedness at the Department of Homeland Security. This is the same office that administers the State Grant and Urban Area Security Initiative programs.

Second, under our bill, grant funds will be used to address port security vulnerabilities identified through Area Maritime Transportation Security Plans, currently required by Federal statute, or through other DDS-sanctioned vulnerability assessments. In other words, grant dollars must be spent consistent with an established plan, not through a process divorced from efforts already underway.

Authorized uses of these grant funds include: acquiring, operating, and maintaining equipment that contributes to the overall security of the port area; conducting port-wide exercises to strengthen emergency preparedness; developing joint harbor operations centers to focus resources on port area security; implementing Area Maritime Transportation Security Plans; and covering the costs of additional security personnel during times of heightened alert levels.

Third, we require DHS to prioritize efforts to promote coordination among port stakeholders and integration of port-wide security, as well as information and intelligence sharing among first responders and federal, state, and local officials.

Fourth, we authorize funding for port security grants at $400 million per year for fiscal years 2007 through 2012. This steady, dedicated stream of funding would represent a substantial down payment on the billions of dollars of port security needs identified by the Coast Guard. It is also the amount the American Association of Ports Authorities believes needs to be dedicated annually to port security in order to begin addressing serious vulnerabilities.

Under our bill, port security dollars will originate from duties collected by Customs and Border Protection, and—with exceptions made for small or extraordinary projects—recipients will be required to contribute 25 percent of the cost. This cost-sharing requirement has precedents in other transportation funding and will ensure the development of true partnerships between the federal government and grant recipients.

Fifth, our legislation includes strong accountability measures—including audits and reporting requirements—to ensure the grant funds awarded under the bill are properly accounted for and spent as intended.

This legislation does call for a major commitment of resources. I am confident, however, that my colleagues recognize, as I do, that this commitment is fully proportional to what is at stake.

Approximately 95 percent of our Nation's trade, worth nearly $1 trillion, enters through one of our 361 seaports on board some 8,555 foreign vessels, which make more than 55,000 port calls per year. Clearly, an attack on the U.S. maritime transportation system could devastate our economy.

The potential for this devastation was amply demonstrated by the 2002 West Coast dock labor dispute, which cost our economy an estimated $1 billion per day, affected operations in 29 West Coast ports, and harmed businesses throughout the country. An unanticipated and violent act against a cargo port could result in economic costs that are incalculable, not to mention a potential loss of life that would be horrifying.

Much of the discussion regarding port security revolves around the security of inbound containers. At his confirmation hearing, Homeland Security Secretary Chertoff stated that his major concern is the introduction into the United States of chemical, biological, radiological, nuclear, or explosive threats via a shipping container. Secretary Chertoff is absolutely correct in identifying this as a major vulnerability.

But there are many other threats against ports. Just last month, the State Department issued a warning concerning information that terrorists may attempt to mount a maritime attack using speedboats against a Western ship, possibly in East Africa. This isn't the first instance of this type of attack—the USS *Cole* in 2000 and the French tanker *Limberg* in 2002 were both attacked by this method. The repeated use of suicide bombers and truck bombs around the world also raises great concern about our ports, and the critical infrastructure and population centers located around them.

Coming from a State with a strong maritime tradition and vital maritime industry, I am keenly aware of what is at stake. Maine has three international cargo ports. Each is a vital and multifaceted part of our economy: State, regional, and even national.

The Port of Portland, for example, is the largest port by tonnage in New England and the largest oil port on the East Coast. Ninety percent of its foreign cargo was crude oil. In addition, Portland has a booming cruise-ship industry, a vigorous fishing fleet, and an international ferry terminal. This wide range of activity provides economic opportunity and also provides terrorism vulnerability.

It is not my intention to suggest that our security agencies and ports are at

a standstill. Indeed, much has been done to improve port security. The Coast Guard's Sea Marshals program places armed units on ships at sea to ensure their safe arrival and departure. The Container Security Initiative Bureau of Customs and Border Protection works with foreign governments to target high-risk cargo and to prevent terrorists from exploiting cargo containers. Detailed information is now required on each ship and its passengers, crew, and cargo. To upgrade security at international ports, the United States worked with the International Maritime Organization for the adoption of the International Ship and Port Security Code, the first multilateral port security standard ever created.

It is, however, my intention to assert that we must do more to improve port security on the front lines—the ports that line the harbor of cities and towns along our vast coastlines, the Great Lakes, our immense inland river network and in Alaska and Hawaii.

We observed this week two anniversaries that bear upon this issue. Monday was Patriot's Day, the 230th anniversary of the ride of Paul Revere. While I am not suggesting ''one if by land, two if by sea'' be adopted as a funding formula for homeland security, that famous phrase does remind us of the bond between security and transportation that has existed since our nation's very first days.

On a far more somber note, Tuesday was the 10th anniversary of Oklahoma City. As we paused to reflect on that horrific attack, we once again were confronted with the harsh reality that terrorists—whether foreign or domestic—will strike wherever they see vulnerability.

Our seaports are vulnerable. I urge my colleagues to join me in cosponsoring this legislation that will help deny terrorists an opportunity to strike at a vulnerable target.

By Mr. VOINOVICH (for himself and Mr. INHOFE):

S. 858. A bill to reauthorize Nuclear Regulatory Commission user fees, and or other purposes; to the Committee on Environmental and Public Works.

Mr. VOINOVICH. Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 858

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''Nuclear Fees Reauthorization Act of 2005''.

(b) TABLE OF CONTENTS.—The table of contents of this Act is as follows:

Sec. 1. Short title; table of contents.
TITLE I—NRC USER FEES
Sec. 101. Nuclear Regulatory Commission user fees and annual charges.
TITLE II—NRC REFORM
Sec. 201. Treatment of nuclear reactor financial obligations.
Sec. 202. Period of combined license.
Sec. 203. Elimination of NRC antitrust reviews.
Sec. 204. Scope of environmental review.
Sec. 205. Medical isotope production.
Sec. 206. Cost recovery from government agencies.
Sec. 207. Conflicts of interest relating to contracts and other arrangements.
Sec. 208. Hearing procedures.
Sec. 209. Authorization of appropriations.
TITLE III—NRC HUMAN CAPITAL PROVISIONS
Sec. 301. Provision of support to university nuclear safety, security, and environmental protection programs.
Sec. 302. Promotional items.
Sec. 303. Expenses authorized to be paid by the Nuclear Regulatory Commission.
Sec. 304. Nuclear Regulatory Commission scholarship and fellowship program.
Sec. 305. Partnership program with institutions of higher education.
Sec. 306. Elimination of pension offset for certain rehired Federal retirees.
Sec. 307. Authorization of appropriations.

TITLE I—NRC USER FEES

SEC. 101. NUCLEAR REGULATORY COMMISSION USER FEES AND ANNUAL CHARGES.

(a) IN GENERAL.—Section 6101 of the Omnibus Budget Reconciliation Act of 1990 (42 U.S.C. 2214) is amended—

(1) in subsection (a)—

(A) in paragraph (1), by striking ''Except as provided in paragraph (3), the'' and inserting ''The''; and

(B) by striking paragraph (3); and

(2) in subsection (c)(2)—

(A) in subparagraph (A)—

(i) in clause (i), by striking ''and'' at the end;

(ii) in clause (ii), by striking the period at the end and inserting ''; and''; and

(iii) by adding at the end the following:

''(iii) amounts appropriated to the Nuclear Regulatory Commission for the fiscal year for implementation of section 3116 of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005 (118 Stat. 2162; 50 U.S.C. 2601 note)''; and

(B) in subparagraph (B)(v), by inserting ''and each fiscal year thereafter'' after ''2005''.

(b) NUCLEAR REGULATORY COMMISSION ANNUAL CHARGES.—Section 7601 of the Consolidated Omnibus Budget Reconciliation Act of 1985 (42 U.S.C. 2213) is repealed.

TITLE II—NRC REFORM

SEC. 201. TREATMENT OF NUCLEAR REACTOR FINANCIAL OBLIGATIONS.

Section 523 of title 11, United States Code, is amended by adding at the end the following:

''(f) TREATMENT OF NUCLEAR REACTOR FINANCIAL OBLIGATIONS.—Notwithstanding any other provision of this title—

''(1) any funds or other assets held by a licensee or former licensee of the Nuclear Regulatory Commission, or by any other person, to satisfy the responsibility of the licensee, former licensee, or any other person to comply with a regulation or order of the Nuclear Regulatory Commission governing the decontamination and decommissioning of a nuclear power reactor licensed under section 103 or 104 b. of the Atomic Energy Act of 1954 (42 U.S.C. 2133, 2134(b)) shall not be used to satisfy the claim of any creditor in any proceeding under this title, other than a claim resulting from an activity undertaken to satisfy that responsibility, until the decontamination and decommissioning of the nuclear power reactor is completed to the satisfaction of the Nuclear Regulatory Commission;

''(2) obligations of licensees, former licensees, or any other person to use funds or other assets to satisfy a responsibility described in paragraph (1) may not be rejected, avoided, or discharged in any proceeding under this title or in any liquidation, reorganization, receivership, or other insolvency proceeding under Federal or State law; and

''(3) private insurance premiums and standard deferred premiums held and maintained in accordance with section 170 b. of the Atomic Energy Act of 1954 (42 U.S.C. 2210(b)) shall not be used to satisfy the claim of any creditor in any proceeding under this title, until the indemnification agreement executed in accordance with section 170 c. of that Act (42 U.S.C. 2210(c)) is terminated.''.

SEC. 202. PERIOD OF COMBINED LICENSE.

Section 103 c. of the Atomic Energy Act of 1954 (42 U.S.C. 2133(c)) is amended by striking ''forty years'' and inserting ''40 years from the authorization to commence operations''.

SEC. 203. ELIMINATION OF NRC ANTITRUST REVIEWS.

Section 105 c. of the Atomic Energy Act of 1954 (42 U.S.C. 2135(c)) is amended by adding at the end the following:

''(9) APPLICABILITY.—This subsection does not apply to an application for a license to construct or operate a utilization facility or production facility under section 103 or 104 b., if the application is filed on or after, or is pending on, the date of enactment of this paragraph.''.

SEC. 204. SCOPE OF ENVIRONMENTAL REVIEW.

(a) IN GENERAL.—Chapter 10 of title I of the Atomic Energy Act of 1954 (42 U.S.C. 2131 et seq.) is amended—

(1) by redesignating sections 110 and 111 as section 111 and 112, respectively; and

(2) by inserting after section 109 the following:

''SEC. 110. SCOPE OF ENVIRONMENTAL REVIEW.

''In conducting any environmental review (including any activity conducted under section 102 of the National Environmental Policy Act of 1969 (42 U.S.C. 4332)) in connection with an application for a license or a renewed license under this chapter, the Commission shall not give any consideration to the need for, or any alternative to, the facility to be licensed.''.

(b) CONFORMING AMENDMENTS.—

(1) The table of contents of the Atomic Energy Act of 1954 (42 U.S.C. prec. 2011) is amended by striking the item relating to section 110 and inserting the following:

''Sec. 110. Scope of environmental review.
''Sec. 111. Exclusions.
''Sec. 112. Licensing by Nuclear Regulatory Commission of distribution of certain materials by Department of Energy.'';

(2) Section 57 b. of the Atomic Energy Act of 1954 (42 U.S.C. 2077(b)) is amended in the last sentence by striking ''section 111 b.'' and inserting ''section 112 b.''.

(3) Section 131 a.(2)(C) of the Atomic Energy Act of 1954 (42 U.S.C 2160(a)(2)(C), by striking ''section 111 b.'' and inserting ''section 112 b.''.

(4) Section 202 of the Energy Reorganization Act of 1974 (42 U.S.C. 5842) is amended—

(A) by striking ''section 110 a.'' and inserting ''section 111 a.''; and

(B) by striking ''section 110 b.'' and inserting ''section 111 b.''.

SEC. 205. MEDICAL ISOTOPE PRODUCTION.

Section 134 of the Atomic Energy Act of 1954 (42 U.S.C. 2160d) is amended—

(1) by redesignating subsections a. and b. as subsections b. and a., respectively, and by moving subsection b. (as so redesignated) to the end of the section;

(2) in subsection b. (as so redesignated), by striking ''b. The Commission'' and inserting ''b. RESTRICTIONS.—Except as provided in subsection c., the Commission''; and

(3) by adding at the end the following:

''c. MEDICAL ISOTOPE PRODUCTION.—

''(1) DEFINITIONS.—In this subsection:

''(A) MEDICAL ISOTOPE.—The term 'medical isotope' includes Molybdenum 99, Iodine 131, Xenon 133, and other radioactive materials used to produce a radiopharmaceutical for diagnostic, therapeutic procedures or for research and development.

''(B) RADIOPHARMACEUTICAL.—The term 'radiopharmaceutical' means a radioactive isotope that—

''(i) contains byproduct material combined with chemical or biological material; and

''(ii) is designed to accumulate temporarily in a part of the body for therapeutic purposes or for enabling the production of a useful image for use in a diagnosis of a medical condition.

''(C) RECIPIENT COUNTRY.—The term 'recipient country' means Belgium, Canada, France, Germany, and the Netherlands.

''(2) LICENSES.—The Commission may issue a license authorizing the export (including shipment to and use at intermediate and ultimate consignees specified in the license) to a recipient country of highly enriched uranium for medical isotope production if, in addition to any other requirements of this Act (except subsection b.), the Commission determines that—

''(A) a recipient country that supplies an assurance letter to the United States Government in connection with the consideration by the Commission of the export license application has informed the United States Government that any intermediate consignees and the ultimate consignee specified in the application are required to use the highly enriched uranium solely to produce medical isotopes; and

''(B) the highly enriched uranium for medical isotope production will be irradiated only in a reactor in a recipient country that—

''(i) uses an alternative nuclear reactor fuel; or

''(ii) is the subject of an agreement with the United States Government to convert to an alternative nuclear reactor fuel when alternative nuclear reactor fuel can be used in the reactor.

''(3) REVIEW OF PHYSICAL PROTECTION REQUIREMENTS.—

''(A) IN GENERAL.—The Commission shall review the adequacy of physical protection requirements that, as of the date of an application under paragraph (2), are applicable to the transportation and storage of highly enriched uranium for medical isotope production or control of residual material after irradiation and extraction of medical isotopes.

''(B) IMPOSITION OF ADDITIONAL REQUIREMENTS.—If the Commission determines that additional physical protection requirements are necessary (including a limit on the quantity of highly enriched uranium that may be contained in a single shipment), the Commission shall impose such requirements as license conditions or through other appropriate means.

''(4) FIRST REPORT TO CONGRESS.—

''(A) NATIONAL ACADEMY OF SCIENCES STUDY.—The Secretary shall enter into an arrangement with the National Academy of Sciences to conduct a study to determine—

''(i) the feasibility of procuring supplies of medical isotopes from commercial sources that do not use highly enriched uranium;

''(ii) the current and projected demand and availability of medical isotopes in regular current domestic use;

''(iii) the progress that is being made by the Department of Energy and others to eliminate all use of highly enriched uranium in reactor fuel, reactor targets, and medical isotope production facilities; and

''(iv) the potential cost differential in medical isotope production in the reactors and target processing facilities if the products were derived from production systems that do not involve fuels and targets with highly enriched uranium.

''(B) FEASIBILITY.—For the purpose of this subsection, the use of low enriched uranium to produce medical isotopes shall be determined to be feasible if—

''(i) low enriched uranium targets have been developed and demonstrated for use in the reactors and target processing facilities that produce significant quantities of medical isotopes to serve United States needs for such isotopes;

''(ii) sufficient quantities of medical isotopes are available from low enriched uranium targets and fuel to meet United States domestic needs; and

''(iii) the average anticipated total cost increase from production of medical isotopes in such facilities without use of highly enriched uranium is less than 10 percent.

''(C) REPORT BY THE SECRETARY.—Not later than 5 years after the date of enactment of the Nuclear Fees Reauthorization Act of 2005, the Secretary shall submit to Congress a report that—

''(i) contains the findings of the National Academy of Sciences made in the study under subparagraph (A); and

''(ii) discloses the existence of any commitments from commercial producers to provide domestic requirements for medical isotopes without use of highly enriched uranium consistent with the feasibility criteria described in subparagraph (B) not later than the date that is 4 years after the date of submission of the report.

''(5) SECOND REPORT TO CONGRESS.—If the study of the National Academy of Sciences determines under paragraph (4)(A)(i) that the procurement of supplies of medical isotopes from commercial sources that do not use highly enriched uranium is feasible, but the Secretary is unable to report the existence of commitments under paragraph (4)(C)(ii), not later than the date that is 6 years after the date of enactment of the Nuclear Fees Reauthorization Act of 2005, the Secretary shall submit to Congress a report that describes options for developing domestic supplies of medical isotopes in quantities that are adequate to meet domestic demand without the use of highly enriched uranium consistent with the cost increase described in paragraph (4)(B)(iii).

''(6) CERTIFICATION.—At such time as commercial facilities that do not use highly enriched uranium are capable of meeting domestic requirements for medical isotopes, within the cost increase described in paragraph (4)(B)(iii) and without impairing the reliable supply of medical isotopes for domestic utilization, the Secretary shall submit to Congress a certification to that effect.

''(7) SUNSET PROVISION.—After the Secretary submits a certification under paragraph (6), the Commission shall, by rule, terminate the review of the Commission of export license applications under this subsection.''.

SEC. 206. COST RECOVERY FROM GOVERNMENT AGENCIES.

Section 161 w. of the Atomic Energy Act of 1954 (42 U.S.C. 2201(w)) is amended—

(1) by striking ''for or is issued'' and all that follows through ''1702'' and inserting ''to the Nuclear Regulatory Commission for, or is issued by the Nuclear Regulatory Commission, a license or certificate'';

(2) by striking ''483a'' and inserting ''9701''; and

(3) by striking '', of applicants for, or holders of, such licenses or certificates''.

SEC. 207. CONFLICTS OF INTEREST RELATING TO CONTRACTS AND OTHER ARRANGEMENTS.

Section 170A b. of the Atomic Energy Act of 1954 (42 U.S.C. 2210a(b)) is amended—

(1) by redesignating paragraphs (1) and (2) as subparagraphs (A) and (B), respectively, and indenting appropriately;

(2) by striking ''b. The Commission'' and inserting the following:

''b. EVALUATION.—

''(1) IN GENERAL.—Except as provided in paragraph (2), the Commission''; and

(3) by adding at the end the following:

''(2) NUCLEAR REGULATORY COMMISSION.—Notwithstanding any conflict of interest, the Nuclear Regulatory Commission may enter into a contract, agreement, or arrangement with the Department of Energy or the operator of a Department of Energy facility, if the Nuclear Regulatory Commission determines that—

''(A) the conflict of interest cannot be mitigated; and

''(B) adequate justification exists to proceed without mitigation of the conflict of interest.''.

SEC. 208. HEARING PROCEDURES.

Section 189 a. (1) of the Atomic Energy Act of 1954 (42 U.S.C. 2239(a)(1)) is amended by adding at the end the following:

''(C) HEARINGS.—A hearing under this section shall be conducted using informal adjudicatory procedures unless the Commission determines that formal adjudicatory procedures are necessary—

''(i) to develop a sufficient record; or

''(ii) to achieve fairness.''.

SEC. 209. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to carry out this title and the amendments made by this title such sums as are necessary for fiscal year 2006 and each subsequent fiscal year.

TITLE III—NRC HUMAN CAPITAL PROVISIONS

SEC. 301. PROVISION OF SUPPORT TO UNIVERSITY NUCLEAR SAFETY, SECURITY, AND ENVIRONMENTAL PROTECTION PROGRAMS.

Section 31 b. of the Atomic Energy Act of 1954 (42 U.S.C. 2051(b)) is amended—

(1) by striking ''b. The Commission is further authorized to make'' and inserting the following:

''b. GRANTS AND CONTRIBUTIONS.—The Commission is authorized—

''(1) to make'';

(2) in paragraph (1) (as designated by paragraph (1)) by striking the period at the end and inserting ''; and''; and

(3) by adding at the end the following:

''(2) to provide grants, loans, cooperative agreements, contracts, and equipment to institutions of higher education (as defined in section 102 of the Higher Education Act of 1965 (20 U.S.C. 1002)) to support courses, studies, training, curricula, and disciplines pertaining to nuclear safety, security, or environmental protection, or any other field that the Commission determines to be critical to the regulatory mission of the Commission.''.

SEC. 302. PROMOTIONAL ITEMS.

Chapter 14 of the Atomic Energy Act of 1954 (42 U.S.C. 2201 et seq.) is amended by adding at the end the following:

''SEC. 170C. PROMOTIONAL ITEMS.

''The Commission may purchase promotional items of nominal value for use in the recruitment of individuals for employment.''.

SEC. 303. EXPENSES AUTHORIZED TO BE PAID BY THE NUCLEAR REGULATORY COMMISSION.

Chapter 14 of the Atomic Energy Act of 1954 (42 U.S.C. 2201 et seq.) (as amended by section 302) is amended by adding at the end the following:

''SEC. 170D. EXPENSES AUTHORIZED TO BE PAID BY THE COMMISSION.

''The Commission may—

''(1) pay transportation, lodging, and subsistence expenses of employees who—

''(A) assist scientific, professional, administrative, or technical employees of the Commission; and

''(B) are students in good standing at an institution of higher education (as defined in section 102 of the Higher Education Act of 1965 (20 U.S.C. 1002)) pursuing courses related to the field in which the students are employed by the Commission; and

''(2) pay the costs of health and medical services furnished, pursuant to an agreement between the Commission and the Department of State, to employees of the Commission and dependents of the employees serving in foreign countries.''.

SEC. 304. NUCLEAR REGULATORY COMMISSION SCHOLARSHIP AND FELLOWSHIP PROGRAM.

Chapter 19 of the Atomic Energy Act of 1954 is amended by inserting after section 242 (42 U.S.C. 2015a) the following:

''SEC. 243. SCHOLARSHIP AND FELLOWSHIP PROGRAM.

''(a) SCHOLARSHIP PROGRAM.—To enable students to study, for at least 1 academic semester or equivalent term, science, engineering, or another field of study that the Commission determines is in a critical skill area related to the regulatory mission of the Commission, the Commission may carry out a program to—

''(1) award scholarships to undergraduate students who—

''(A) are United States citizens; and

''(B) enter into an agreement under subsection (c) to be employed by the Commission in the area of study for which the scholarship is awarded.

''(b) FELLOWSHIP PROGRAM.—To enable students to pursue education in science, engineering, or another field of study that the Commission determines is in a critical skill area related to its regulatory mission, in a graduate or professional degree program offered by an institution of higher education in the United States, the Commission may carry out a program to—

''(1) award fellowships to graduate students who—

''(A) are United States citizens; and

''(B) enter into an agreement under subsection (c) to be employed by the Commission in the area of study for which the fellowship is awarded.

''(c) REQUIREMENTS.—

''(1) IN GENERAL.—As a condition of receiving a scholarship or fellowship under subsection (a) or (b), a recipient of the scholarship or fellowship shall enter into an agreement with the Commission under which, in return for the assistance, the recipient shall—

''(A) maintain satisfactory academic progress in the studies of the recipient, as determined by criteria established by the Commission;

''(B) agree that failure to maintain satisfactory academic progress shall constitute grounds on which the Commission may terminate the assistance;

''(C) on completion of the academic course of study in connection with which the assistance was provided, and in accordance with criteria established by the Commission, engage in employment by the Commission for a period specified by the Commission, that shall be not less than 1 time and not more than 3 times the period for which the assistance was provided; and

''(D) if the recipient fails to meet the requirements of subparagraph (A), (B), or (C), reimburse the United States Government for—

''(i) the entire amount of the assistance provided the recipient under the scholarship or fellowship; and

''(ii) interest at a rate determined by the Commission.

''(2) WAIVER OR SUSPENSION.—The Commission may establish criteria for the partial or total waiver or suspension of any obligation of service or payment incurred by a recipient of a scholarship or fellowship under this section.

''(d) COMPETITIVE PROCESS.—Recipients of scholarships or fellowships under this section shall be selected through a competitive process primarily on the basis of academic merit and such other criteria as the Commission may establish, with consideration given to financial need and the goal of promoting the participation of individuals identified in section 33 or 34 of the Science and Engineering Equal Opportunities Act (42 U.S.C. 1885a, 1885b).

''(e) DIRECT APPOINTMENT.—The Commission may appoint directly, with no further competition, public notice, or consideration of any other potential candidate, an individual who has completed the academic program for which a scholarship or fellowship was awarded by the Commission under this section.''.

SEC. 305. PARTNERSHIP PROGRAM WITH INSTITUTIONS OF HIGHER EDUCATION.

Chapter 19 of the Atomic Energy Act of 1954 (42 U.S.C. 2015 et seq.) (as amended by section 304) is amended by inserting after section 243 the following:

''SEC. 244. PARTNERSHIP PROGRAM WITH INSTITUTIONS OF HIGHER EDUCATION.

''(a) DEFINITIONS.—In this section:

''(1) HISPANIC-SERVING INSTITUTION.—The term 'Hispanic-serving institution' has the meaning given the term in section 502(a) of the Higher Education Act of 1965 (20 U.S.C. 1101a(a)).

''(2) HISTORICALLY BLACK COLLEGE AND UNIVERSITY.—The term 'historically Black college or university' has the meaning given the term 'part B institution' in section 322 of the Higher Education Act of 1965 (20 U.S.C. 1061).

''(3) TRIBAL COLLEGE.—The term 'Tribal college' has the meaning given the term 'tribally controlled college or university' in section 2(a) of the Tribally Controlled College or University Assistance Act of 1978 (25 U.S.C. 1801(a)).

''(b) PARTNERSHIP PROGRAM.—The Commission may establish and participate in activities relating to research, mentoring, instruction, and training with institutions of higher education, including Hispanic-serving institutions, historically Black colleges or universities, and Tribal colleges, to strengthen the capacity of the institutions—

''(1) to educate and train students (including present or potential employees of the Commission); and

''(2) to conduct research in the field of science, engineering, or law, or any other field that the Commission determines is important to the work of the Commission.''.

SEC. 306. ELIMINATION OF PENSION OFFSET FOR CERTAIN REHIRED FEDERAL RETIREES.

Chapter 14 of the Atomic Energy Act of 1954 (42 U.S.C. 2201 et seq.) (as amended by sections 302 and 303) is amended by adding at the end the following:

''SEC. 170E. ELIMINATION OF PENSION OFFSET FOR CERTAIN REHIRED FEDERAL RETIREES.

''(a) IN GENERAL.—The Commission may waive the application of section 8344 or 8468 of title 5, United States Code, on a case-by-case basis for employment of an annuitant—

''(1) in a position of the Commission for which there is exceptional difficulty in recruiting or retaining a qualified employee; or

''(2) when a temporary emergency hiring need exists.

''(b) PROCEDURES.—The Commission shall prescribe procedures for the exercise of authority under this section, including—

''(1) criteria for any exercise of authority; and

''(2) procedures for a delegation of authority.

''(c) EFFECT OF WAIVER.—An employee as to whom a waiver under this section is in effect shall not be considered an employee for purposes of subchapter II of chapter 83, or chapter 84, of title 5, United States Code.''.

SEC. 307. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to carry out this title and amendments made by this title such sums as may be necessary for fiscal year 2006 and each fiscal year thereafter.

By Mr. SANTORUM (for himself, Mr. KERRY, Mr. SMITH, Ms. STABENOW, Mr. ALLARD, and Mr. SARBANES):

S. 859. A bill to amend the Internal Revenue Code of 1986 to allow an income tax credit for the provision of homeownership and community development, and for other purposes; to the Committee on Finance.

Mr. SANTORUM. Mr. President, I rise today to introduce the Community Development Homeownership Tax Credit Act. I am very pleased to be joined in this effort by Senators KERRY, SMITH, STABENOW, ALLARD, and SARBANES, who are original cosponsors of this legislation.

Homeownership is a key component of the American Dream. Many people around this country dream of and plan for the day they can buy a home of their own in which to raise their children, to settle down in a community,

and to build equity and wealth. They see the importance of homeownership and the stability it can bring to families and neighborhoods. It is often homeownership that financially anchors American families and civically anchors our communities. But I believe our focus on homeownership also returns our attention to the basic ideals of the American Dream. Ensuring access to homeownership is among the most significant ways we can empower our citizens to achieve the happy, productive and stable lifestyle everyone desires.

Having a house of one's own that provides security and comfort to one's family and that gives families an active, vested interest in the quality of life their community provides is central to our collective ideas about freedom and self-determination. As a nation, we know that homeownership helps the emotional and intellectual growth and development of children. We know that homeowners show greater interest and more frequent participation in civic organizations and neighborhood issues. We know that when people own homes, they are more likely to accumulate wealth and assets and to prepare themselves financially for such things as their children's education and retirement.

In America today, homeownership is at a record high. Unfortunately, there remains a significant homeownership gap between minority and non-minority populations, leaving homeownership an elusive financial prospect for many. According to the Census Bureau, in 2004, the homeownership rate for non-Hispanic whites reached 76 percent, compared to 49.1 percent for African-Americans and 48.1 percent for Hispanics or Latinos.

The bill I introduce today enjoys strong bipartisan support in the Senate and will encourage increased homeownership rates, more stable neighborhoods and strong communities. This legislation would give developers and investors an incentive to participate in the rehabilitation and construction of homes for low- and moderate-income buyers. It will also spur economic development in low- and moderate-income communities across our country and provide an important stimulus for the development of our nation's economy.

This proposal is modeled after the very successful low-income rental tax credit. It will allow states to allocate tax credits to developers and investors to construct or substantially rehabilitate homes in economically disadvantaged communities, including rural areas, for sale to low- or moderate-income buyers. These tax credits will help bridge the gap between the cost of developing affordable housing and the price at which these homes can be sold to eligible buyers in low-income neighborhoods where housing is scarce. It provides investors with a tax credit of up to 50 percent of the cost of home construction or rehabilitation. It is estimated that this legislation will encourage the construction and substantial rehabilitation of up to 500,000 homes for low- and moderate-income families in economically distressed areas over the next ten years.

President Bush has long supported the creation of a homeownership tax credit as have the majority of both the House and Senate in the last Congress. This proposal also has the backing of a large and broad coalition of housing-related groups, including the National Association of Home Builders, the National Council of State Housing Agencies, and the National Association of Realtors. In addition, this initiative has the backing of major non-profit groups, including Habitat for Humanity, as well as the Local Initiatives Support Corporation and the Enterprise Foundation.

This important legislation addresses a key issue facing many Americans today, housing affordability. It also addresses the community development needs of many neighborhoods. It continues to have strong bipartisan support, and I am hopeful that it will be enacted this year. I ask my colleagues to join me in supporting homeownership by cosponsoring this legislation.

By Mr. ALEXANDER (for himself and Mr. KENNEDY):

S. 860. A bill to amend the National Assessment of Educational Progress Authorization Act to require State academic assessments of student achievement in United States history and civics, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

Mr. ALEXANDER. Mr. President, today I am introducing the ''American History Achievement Act'' and am pleased to be joined in this effort by the senior Senator from Massachusetts. This is part of my effort to put the teaching of American history and civics back in its rightful place in our schools so our children can grow up learning what it means to be an American.

The ''American History Achievement Act'' gives the National Assessment Governing Board (NAGB) the authority to administer a ten State pilot study of the National Assessment of Education Progress (NAEP) test in U.S. history in 2006. They already have that authority for reading, math, science, and writing. The bill also includes a new provision that would permit a 10-state pilot study for the Civics NAEP test if funding is available.

This modest bill provides for improved testing of American history so that we can determine where history is being taught well—and where it is being taught poorly—so that improvements can be made. We also know that when testing is focused on a specific subject, states and school districts are more likely to step up to the challenge and improve performance.

We could certainly use improvement in the teaching of American history. According to the National Assessment of Education Progress (NAEP), commonly referred to as the ''Nation's Report Card,'' fewer students have just a basic understanding of American history than have a basic understanding of any other subject which we test—including math, science, and reading. When you look at the national report card, American history is our children's worst subject.

Yet, according to recent poll results, the exact opposite outcome is desired by the American people. Hart-Teeter conducted a poll last year of 1300 adults for the Educational Testing Service (ETS), where they asked what the principal goal of education should be. The top response was ''producing literate, educated citizens who can participate in our democracy.'' Twenty-six percent of respondents felt that should be our principal goal. ''Teach basics: math, reading, writing'' was selected by only 15 percent as the principal goal of education. You can't be an educated participant in our democracy if you don't know our history.

Our children don't know American history because they are not being taught it. For example, the state of Florida recently passed a bill permitting high school students to graduate without taking a course in U.S. history.

And when our children are being taught our history, they're not learning what's most important. According to Harvard scholar Samuel Huntington, ''A 1987 study of high school students found that more knew who Harriet Tubman was than knew that Washington commanded the American army in the Revolution or that Abraham Lincoln wrote the Emancipation Proclamation.'' Now I'm all for teaching about the history of the Underground Railroad—my ancestor, the Reverend John Rankin, like Harriet Tubman, was a conductor on the Underground Railroad—but surely children ought to learn first about the most critical leaders and events in the Revolution and the Civil War.

Let me give a few examples of just how bad things have gotten:

The 4th grade NAEP test asks students to identify the following passage: ''We hold these truths to be self-evident: That all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. . . .'' Students were given four choices for the source of that passage: (a) Constitution, (b) Mayflower Compact, (c) Declaration of Independence, and (d) Article of the Confederation.

Only 46 percent of students answered correctly that it came from the Declaration of Independence. The Declaration is the fundamental document for the founding of our Nation, but less than half the students could identify that famous passage from it.

The 8th grade test asks students to ''Imagine you could use a time machine to visit the past. You have landed in Philadelphia in the summer of 1776. Describe an important event that is happening.'' Nearly half the students—46 percent were not able to answer the question correctly that the Declaration of Independence was being signed. They must wonder why the Fourth of July is Independence Day.

We can't allow this to continue. Our children are growing up without even learning the basics of our Nation's history. Something has to be done. This legislation aims to help in that effort.

The pilot program authorized in the bill should collect enough data to attain a state-by-state comparison of 8th and 12th grades student's knowledge and understanding of U.S. history. That data will allow us to know which States are doing a better job of teaching American history and allow other States to model their programs on those that are working well. It will also put a spotlight on American history that should encourage States and school districts to improve their efforts at teaching the subject.

I suspect that the pilot program will tell us that history programs like those of the House Page School, right here on Capitol Hill, are the model to follow. On January 25, the College Board announced that the House page school ranked first in the Nation among institutions with fewer than 500 pupils for the percentage of the student body who achieved college-level mastery on the advanced placement exam in U.S. history. The page school achieved this result not only by teaching American history, but also because teachers highlight American history in all of their classes—from science to literature—as well as taking students on field trips around the Washington area, from Monticello to the American History Museum here in Washington, to historical sites in Philadelphia. The House Page School's success is evidence that we can succeed in teaching our children the history of this great Nation. I suspect we will uncover more effective models for the teaching of American history with the enactment of this legislation.

Our children are growing up ignorant of our Nation's history. Yet a recent poll tells us that Americans believe the principal goal of education is ''producing literate, educated citizens who can participate in our democracy.'' It is time to put the teaching of American history and civics back in its rightful place in our schools so our children can grow up learning what it means to be an American. This bill takes us one step closer to achieving that noble goal. I urge my colleagues to support it.

Mr. KENNEDY. Mr. President, I'm pleased to join Senator ALEXANDER again this year in introducing the American History Achievement Act. This bill is part of a continuing effort to renew the national commitment to teaching history and civics in the Nation's public schools. It lays the foundation for more effective ways of teaching children about the Nation's past and the value of civic responsibility. It contains no new requirements for schools, but it does offer a more frequent and effective analysis of how America's schoolchildren are learning these important subjects.

Our economy and our future security rely on good schools that help students develop specific skills, such as reading and math. But the strength of our democracy and our standing in the world also depend on ensuring that children have a basic understanding of the nation's past and what it takes to engage in our democracy. An appreciation for the defining events in our nation's history can be a catalyst for civic involvement.

Helping to instill appreciation of America's past—and teaching the values of justice, equality, and civic responsibility—should be an important mission of public schools. Thanks to the hard work of large numbers of history and civics teachers in classrooms throughout America, we're making progress. Results from the most recent assessment under the NAEP show that fourth and eighth graders are improving their knowledge of U.S. history. Research conducted in history classrooms shows that children are using primary sources and documents more often to explore history, and are being assigned historical and biographical readings by their teachers more frequently.

But much more remains to be done to advance the understanding of both of these subjects, and see to it that they are not left behind in classrooms.

A recent study by Dr. Sheldon Stern—the Chief Historian Emeritus at my brother's Presidential Library—suggests that State standards for teaching American history need improvement. His research reveals that 22 States have American history standards that are either weak or lack clear chronology, appropriate political and historical context, or sufficient information about real events and people. As many as 9 States still have no standards at all for American history.

Good standards matter. They're the foundation for teaching and learning in every school. With the right resources, time, and attention, it's possible to develop creative and effective history standards in every State. Massachusetts began to work on this effort in 2000, through a joint review of history standards that involved teachers, administrators, curriculum coordinators, and university professors. After monthly meetings and three years of development and revision, the state released a new framework for teaching history in 2003. Today, our standards in American history and World history receive the highest marks.

School budget problems at the local level are also a serious threat to these goals.

Other accounts report that schools are narrowing their curriculums away from the social sciences, arts, and humanities, in favor of a more concentrated approach to the teaching of reading and math in order to meet the strict standards of the No Child Left Behind Act.

Meeting high standards in reading and math is important, but it should not come at the expense of scaling back teaching in other core subjects such as history and civics. Integrating reading and math with other subjects often gives children a better way to master literacy and number skills, even while learning in a history, geography, or government lesson. That type of innovation deserves special attention in our schools. Making it happen requires added investments in teacher preparation and teacher mentoring, so that teachers are well prepared to use interdisciplinary methods in their lesson plans.

Our bill today takes several important steps to strengthen the teaching of American history and civics, and raise the standing of these subjects in school curriculums. Through changes to the National Assessment for Educational Progress, schools will be better able to achieve success on this important issue.

First, we propose a more frequent national assessment of children in American history under the NAEP. For years, NAEP has served as the gold standard for measuring the progress of students and reporting on that progress. Students last participated in the U.S. history NAEP in 2001, and that assessment generated encouraging results. But the preceding assessment with which we can compare data—was administered in 1994—too long before to be of real assistance.

It makes sense to measure the knowledge and skills of children more frequently. This bill would place priority on administering the national U.S. history NAEP assessment, to generate a more timely picture of student progress. We should have an idea of children's knowledge and skills in American history more often than every 6 or 7 years, in order to address gaps in learning.

The bill also proposes a leap forward to strengthen State standards in American history and civics, through a new State-level pilot assessment of these

subjects under NAEP. The assessment would be conducted on an experimental basis in 10 States, in grades 8 and 12. The National Assessment Governing Board would ensure that States with model standards, as well as those that are still under development, participate in this assessment.

Moving NAEP to the State level does not carry any high stakes for schools. But it will provide an additional benchmark for States to develop and improve their standards. It's our hope that states will also be encouraged to undertake improvements in their history curricula and in their teaching of civics, and ensure that both subjects are a beneficiary and not a victim of school reform.

America's past encompasses great leaders and great ideas that contributed to our heritage and to the principles of freedom, equality, justice, and opportunity for all. Today's students will be better citizens in the future if they learn more about that history and about the skills needed to participate in our democracy. The American History Achievement Act is an important effort toward that goal, and I encourage my colleagues to support it.

By Mr. ISAKSON (for himself and Mr. ROCKEFELLER):

S. 861. A bill to amend the Internal Revenue Code of 1986 to provide transition funding rules for certain plans electing to cease future benefit accruals, and for other purposes; to the Committee on Finance.

Mr. ISAKSON. Mr. President, today I join with Senator ROCKEFELLER to introduce the Employee Pension Preservation Act of 2005. This bill seeks to eliminate the threat that airline employees are facing to their earned pensions as a result of funding laws that make pension funding schedule volatile and unpredictable. The Employee Pension Preservation Act of 2005 would allow their employers to make the required pension payments in a more predictable and manageable way. This common sense, industry specific approach is supported by airline employees and their employers.

We are giving airlines the ability to fund their pension obligations to their employees on a more manageable and stabilized 25-year schedule using stable long-term assumptions. It is analogous to refinancing a short-term adjustable rate mortgage to a more predictable long-term fixed rate mortgage. It protects the interests of the American taxpayer by capping the Pension Benefit Guarantee Corporation's liabilities at current levels, and ensures that a uniform evenhanded policy is taken with respect to the entire industry. Finally, this must be a joint decision made by the airline and its employees.

We are establishing a payment schedule for unfunded liabilities that is both affordable and practical, while properly protecting the interests of airline employees, airlines, and the American taxpayer. I commend Senator ROCKEFELLER for joining me in introducing this important legislation, and look forward to its passage so that we can provide stability to airline employees with regards to the funding of their earned pensions.

Mr. ROCKEFELLER. Mr. President, the U.S. airline industry continues to teeter on the brink of financial collapse. The industry lost over $9 billion in 2004 and the airlines are expected to lose another $1.9 billion in 2005. Our Nation cannot afford to let this vital part of our economy collapse. Our economic prosperity is tied to a healthy and growing aviation industry.

As we saw after the events of September 11, 2001, the shutdown of our aviation systems caused a massive disruption to the flow of people and goods throughout the world. Without a healthy airline industry, our economy will not grow. I do not believe the significance of aviation to our economy can be overstated. I do not think many in Congress and across the country realize that over 10 million people are employed directly in the aviation industry. For every job in the aviation industry, 15 related jobs are produced. In my State of West Virginia, aviation represents $3.4 billion of the State's gross domestic product and directly and indirectly employs 51,000 people.

The airline industry has been hard hit in recent years by high oil prices, weak revenue, and low fare competition. Since 2001, the airline industry has lost more than $30 billion collectively, and while aviation analysts expect 2005 will be a significant improvement over recent years, most estimates assume oil prices drop significantly from current levels—a matter that increasingly remains in doubt.

Many airlines have aggressively cut costs through a number of means, most notably by reducing labor expenditures and through decreasing capacity by cutting flight frequencies, using smaller aircraft, or eliminating service to some communities.

Despite the airlines' efforts, they have not been able to return to financial stability. The Federal Government is faced with serious and difficult choices in how to ensure both the short-term and long-term viability of the Nation's aviation industry. The one choice we do not have is the choice not to act. Although Congress cannot restore profitability to the airline industry with a law, we can create the atmosphere for the industry to succeed, grow, and bring people back to work. If we fail to act, tens of thousands of employees will lose their jobs on top of the 200,000 that have already lost their jobs, small communities will lose their air service, and the United States will lose its global leadership in aviation.

One of the greatest threats to the future financial viability of the airlines is pension funding. Congress needs to reform the pension rules to provide the tools airlines need to maintain their pension plans. As a step in the right direction, I am pleased to introduce legislation today with Senator ISAKSON that protects the retirement plans airline employees depend on.

The Employee Pension Preservation Act of 2005 provides critical pension funding relief to the commercial airline industry by allowing the airlines to fund their pension obligations over a 25-year time horizon. Last year, recognizing that the airlines were facing extraordinary circumstances, Congress provided airlines a temporary reprieve from deficit reduction contributions.

However, when that temporary relief expires at the end of the year, airlines will face immediate and crushing pension bills. Congress needs to provide permanent, appropriate remedies that enable airlines to maintain their pension plans. If we do not provide any flexibility in paying the pension obligations, then certainly more airlines will be forced to terminate their plans altogether. The legislation that Senator ISAKSON and I are offering enables airlines to meet all of their pension obligations on a reasonable schedule.

Some people may worry that by granting airlines an extended payment period we are increasing the risks to the Pension Benefit Guaranty Corporation, which insures the airlines' defined benefit plans. However, I am hopeful that by making the funding rules more flexible this bill will actually decrease the likelihood that pension plans will be terminated and the PBGC saddled with unfunded obligations. Let me be clear, this legislation requires airlines to fully fund all of their past and future pension promises. It merely provides a more reasonable schedule for recovering from the recent downturn that hurt many pension plans.

Moreover, the bill includes provisions to limit the liability potentially faced by the Government insurance agency. In contrast to the status quo, any pension plans that take advantage of the funding relief offered by our legislation would accrue no additional PBGC obligation. To the extent that any additional pension benefits are earned by employees, the benefits would have to be immediately and fully funded by the employer.

As a member of the Senate Finance Committee, I have been working for years to improve our defined benefit pension system. I recognize that there are few easy answers or quick fixes. And I do not suggest that the legislation we are introducing today is a silver bullet for the airlines' defined benefit plans. Still, I am pleased to support this bill because it is a responsible compromise agreed to by both the labor and management representatives in the airline industry. That is very

important to me, because this legislation will require some difficult sacrifices especially on the part of workers who may no longer accrue guaranteed benefits. While I have reservations about any agreement to limit the PBGC guarantee of pensions, I have been assured that in this particular case employees support this compromise and see it as the best opportunity to save their hard earned retirement benefits.

I hope that my colleagues will carefully examine this proposal and join Senator ISAKSON and me in a debate about how we can better secure the pensions of airline employees. I appreciate that our legislation is not likely to pass the Congress without negotiation and compromise. Indeed, I welcome opportunities to improve this legislation. But I do not believe that we can ignore the plight that the airlines face, and I will work to enact prudent reforms as soon as possible.

By Mr. CONRAD (for himself, Mr. ALLEN, Mr. ALEXANDER, Mr. BAUCUS, Mr. BINGAMAN, Mr. CHAFEE, Mr. COCHRAN, Mr. CORZINE, Mr. CRAIG, Mr. DODD, Mr. DORGAN, Mr. DURBIN, Mrs. FEINSTEIN, Mr. HAGEL, Mr. JEFFORDS, Mr. KENNEDY, Mr. KERRY, Mr. LAUTENBERG, Mr. LEVIN, Mr. MCCAIN, Mr. NELSON of Florida, Mr. NELSON of Nebraska, Mr. PRYOR, Mr. ROCKEFELLER, Mr. SALAZAR, Mr. SCHUMER, Ms. STABENOW, Mr. STEVENS, and Mr. WARNER):

S. 863. A bill to require the Secretary of the Treasury to mint coins in commemoration of the centenary of the bestowal of the Nobel Peace Prize on President Theodore Roosevelt, and for other purposes; to the Committee on Banking, Housing, and Urban Affairs.

Mr. CONRAD. Mr. President, I am pleased to introduce, with Senator ALLEN, and 27 of our colleagues, the Theodore Roosevelt Commemorative Coin Act, which would commemorate the centenary of the bestowal of the Nobel Peace Prize on President Theodore Roosevelt. This bill authorizes the Secretary of the Treasury to mint and issue coins bearing the likeness of Theodore Roosevelt. The sales of these coins would support programs to educate the public about the impressive achievements of our 26th President.

President Roosevelt is one of our most celebrated presidents. Among his many achievements, Roosevelt received the Congressional Medal of Honor for leading a daring charge up San Juan Hill, which turned the tide in that battle near Santiago, Cuba.

North Dakota has a special connection with Theodore Roosevelt. Roosevelt liked to say that the years he spent in the Badlands of North Dakota were the best of his life. He even attributed his success as President to his experiences as a hunter and rancher in western North Dakota.

It is with great pride that I introduce the Theodore Roosevelt Commemorative Coin Act, which honors President Roosevelt's foreign policy achievements and commitment to conservation in this country. In particular, the bill highlights his success in drawing up the 1905 peace treaty ending the Russo-Japanese War. This accomplishment earned him the 1906 Nobel Peace Prize—making him the first citizen of the United States to receive the Peace Prize. The bill also pays tribute to his enduring respect for our nation's wildlife and natural resources. During his tenure as President, Roosevelt established 51 Bird Reserves, 4 Game Preserves, 150 National Forests, 5 National Parks, and 18 National Monuments, totaling nearly 230 million acres of land placed under public protection.

It is fitting that the proceeds from the surcharge associated with the coin be used for educational programs at two very important sites in the life of Theodore Roosevelt—his home in New York, Sagamore Hill National Historic Site, and the national park that bears his name and honors his conservation efforts, Theodore Roosevelt National Park, located in Medora, North Dakota. These two sites played a significant role in the development of Teddy Roosevelt's policies and offered him refuge away from the stress associated with public life.

As a North Dakotan and an American, it is my hope that this bill will renew interest in the life of Theodore Roosevelt. Roosevelt's courage, patriotism, optimism, and spirit reflect what is best about our country, and he is remembered not only as a great statesman, but also a friend to the environment. I encourage my colleagues to support this important legislation to honor Theodore Roosevelt's contributions to U.S. foreign and domestic policy and build upon his efforts to promote respect for our Nation's lands.

By Mr. INHOFE (for himself and Mr. VOINOVICH):

S. 864. A bill to amend the Atomic Energy Act of 1954 to modify provisions relating to nuclear safety and security, and for other purposes; to the Committee on Environment and Public Works.

Mr. INHOFE. Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 864

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Nuclear Safety and Security Act of 2005''.

SEC. 2. DEFINITION OF COMMISSION.

In this Act, the term ''Commission'' means the Nuclear Regulatory Commission.

SEC. 3. GENERAL PROVISIONS.

Section 161 of the Atomic Energy Act of 1954 (42 U.S.C. 2201) is amended—

(1) by striking ''SEC. 161'' and all that follows through ''authorized to—'' and inserting the following:

''SEC. 161. GENERAL PROVISIONS.'';

(2) in each of subsections a., b., c., d., e., f., h., i., j., m., n., o., p., s., t., v., and w., by inserting ''In carrying out the duties of the Commission, the Commission may'' after the subsection designation;

(3) in subsection u., by striking ''(1) enter into'' and inserting ''In carrying out the duties of the Commission, the Commission may—

''(1) enter into'';

(4) in subsection x., by striking ''Establish'' and inserting ''In carrying out the duties of the Commission, the Commission may establish'';

(5) in each of subsections a., b., c., d., e., f., h., j., m., n., s., and v., by striking the semicolon at the end and inserting a period;

(6) in subsection o., by striking ''; and'' at the end and inserting a period;

(7) in subsection t., by striking the semicolon at the end; and

(8) by indenting each subdivision appropriately.

SEC. 4. USE OF FIREARMS BY SECURITY PERSONNEL.

The Atomic Energy Act of 1954 is amended by inserting after section 161 (42 U.S.C. 2201) the following:

''SEC. 161A. USE OF FIREARMS BY SECURITY PERSONNEL.

''(a) DEFINITIONS.—In this section, the terms 'handgun', 'rifle', 'shotgun', 'firearm', 'ammunition', 'machinegun', 'short-barreled shotgun', and 'short-barreled rifle' have the meanings given the terms in section 921(a) of title 18, United States Code.

''(b) AUTHORIZATION.—Notwithstanding subsections (a)(4), (a)(5), (b)(2), (b)(4), and (o) of section 922 of title 18, United States Code, section 925(d)(3) of title 18, United States Code, section 5844 of the Internal Revenue Code of 1986, and any law (including regulations) of a State or a political subdivision of a State that prohibits the transfer, receipt, possession, transportation, importation, or use of a handgun, a rifle, a shotgun, a short-barreled shotgun, a short-barreled rifle, a machinegun, a semiautomatic assault weapon, ammunition for any such gun or weapon, or a large capacity ammunition feeding device, in carrying out the duties of the Commission, the Commission may authorize the security personnel of any licensee or certificate holder of the Commission (including an employee of a contractor of such a licensee or certificate holder) to transfer, receive, possess, transport, import, and use 1 or more such guns, weapons, ammunition, or devices, if the Commission determines that—

''(1) the authorization is necessary to the discharge of the official duties of the security personnel; and

''(2) the security personnel—

''(A) are not otherwise prohibited from possessing or receiving a firearm under Federal or State laws relating to possession of firearms by a certain category of persons;

''(B) have successfully completed any requirement under this section for training in the use of firearms and tactical maneuvers;

''(C) are engaged in the protection of—

''(i) a facility owned or operated by a licensee or certificate holder of the Commission that is designated by the Commission; or

''(ii) radioactive material or other property owned or possessed by a licensee or certificate holder of the Commission, or that is

being transported to or from a facility owned or operated by such a licensee or certificate holder, and that has been determined by the Commission to be of significance to the common defense and security or public health and safety; and

''(D) are discharging the official duties of the security personnel in transferring, receiving, possessing, transporting, or importing the weapons, ammunition, or devices.

''(c) BACKGROUND CHECKS.—A person that receives, possesses, transports, imports, or uses a weapon, ammunition, or a device under subsection (b) shall be subject to a background check by the Attorney General, based on fingerprints and including a background check under section 103(b) of the Brady Handgun Violence Prevention Act (Public Law 103–159; 18 U.S.C. 922 note) to determine whether the person is prohibited from possessing or receiving a firearm under Federal or State law.

''(d) EFFECTIVE DATE.—This section takes effect on the date on which regulations are promulgated by the Commission, with the approval of the Attorney General, to carry out this section.''

SEC. 5. FINGERPRINTING AND CRIMINAL HISTORY RECORD CHECKS.

Section 149 of the Atomic Energy Act of 1954 (42 U.S.C. 2169) is amended—

(1) in subsection a.—

(A) by striking ''a. The Nuclear'' and all that follows through ''section 147.'' and inserting the following:

''a.(1)(A)(i) The Commission shall require each individual or entity described in clause (ii) to fingerprint each individual described in subparagraph (B) before the individual described in subparagraph (B) is permitted access under subparagraph (B).

''(ii) The individuals and entities referred to in clause (i) are individuals and entities that, on or before the date on which an individual is permitted access under subparagraph (B)—

''(I) are licensed or certified to engage in an activity subject to regulation by the Commission;

''(II) have filed an application for a license or certificate to engage in an activity subject to regulation by the Commission; or

''(III) have notified the Commission in writing of an intent to file an application for licensing, certification, permitting, or approval of a product or activity subject to regulation by the Commission.

''(B) The Commission shall require to be fingerprinted any individual who—

''(i) is permitted unescorted access to—

''(I) a utilization facility; or

''(II) radioactive material or other property subject to regulation by the Commission that the Commission determines to be of such significance to the public health and safety or the common defense and security as to warrant fingerprinting and background checks; or

''(ii) is permitted access to safeguards information under section 147.'';

(B) by striking ''All fingerprints obtained by a licensee or applicant as required in the preceding sentence'' and inserting the following:

''(2) All fingerprints obtained by an individual or entity as required in paragraph (1)'';

(C) by striking ''The costs of any identification and records check conducted pursuant to the preceding sentence shall be paid by the licensee or applicant.'' and inserting the following:

''(3) The costs of an identification or records check under paragraph (2) shall be paid by the individual or entity required to conduct the fingerprinting under paragraph (1)(A).''; and

(D) by striking ''Notwithstanding any other provision of law, the Attorney General may provide all the results of the search to the Commission, and, in accordance with regulations prescribed under this section, the Commission may provide such results to licensee or applicant submitting such fingerprints.'' and inserting the following:

''(4) Notwithstanding any other provision of law—

''(A) the Attorney General may provide any result of an identification or records check under paragraph (2) to the Commission; and

''(B) the Commission, in accordance with regulations prescribed under this section, may provide the results to the individual or entity required to conduct the fingerprinting under paragraph (1)(A).'';

(2) in subsection c.—

(A) by striking '', subject to public notice and comment, regulations—'' and inserting ''requirements—''; and

(B) in paragraph (2)(B), by striking ''unescorted access to the facility of a licensee or applicant'' and inserting ''unescorted access to a utilization facility, radioactive material, or other property described in subsection a.(1)(B)'';

(3) by redesignating subsection d. as subsection e.; and

(4) by inserting after subsection c. the following:

''d. The Commission may require a person or individual to conduct fingerprinting under subsection a.(1) by authorizing or requiring the use of any alternative biometric method for identification that has been approved by—

''(1) the Attorney General; and

''(2) the Commission, by regulation.''.

SEC. 6. UNAUTHORIZED INTRODUCTION OF DANGEROUS WEAPONS.

Section 229 of the Atomic Energy Act of 1954 (42 U.S.C. 2278a) is amended—

(1) by striking ''SEC. 229, TRESPASS UPON COMMISSION INSTALLATIONS.—'' and inserting the following:

''SEC. 229. TRESPASS ON COMMISSION INSTALLATIONS.'';

(2) by adjusting the indentations of subsections a., b., and c. so as to reflect proper subsection indentations; and

(3) in subsection a.—

(A) in the first sentence, by striking ''a. The'' and inserting the following:

''a.(1) The'';

(B) in the second sentence, by striking ''Every'' and inserting the following:

''(2) Every''; and

(C) in paragraph (1) (as designated by subparagraph (A))—

(i) by striking ''or in the custody'' and inserting ''in the custody''; and

(ii) by inserting '', or subject to the licensing authority of the Commission or certification by the Commission under this Act or any other Act'' before the period.

SEC. 7. SABOTAGE OF NUCLEAR FACILITIES, FUEL, OR DESIGNATED MATERIAL.

(a) IN GENERAL.—Section 236a. of the Atomic Energy Act of 1954 (42 U.S.C. 2284(a)) is amended—

(1) in paragraph (2), by striking ''storage facility'' and inserting ''treatment, storage, or disposal facility'';

(2) in paragraph (3)—

(A) by striking ''such a utilization facility'' and inserting ''a utilization facility licensed under this Act''; and

(B) by striking ''or'' at the end;

(3) in paragraph (4)—

(A) by striking ''facility licensed'' and inserting '', uranium conversion, or nuclear fuel fabrication facility licensed or certified''; and

(B) by striking the comma at the end and inserting a semicolon; and

(4) by inserting after paragraph (4) the following:

''(5) any production, utilization, waste storage, waste treatment, waste disposal, uranium enrichment, uranium conversion, or nuclear fuel fabrication facility subject to licensing or certification under this Act during construction of the facility, if the destruction or damage caused or attempted to be caused could adversely affect public health and safety during the operation of the facility;

''(6) any primary facility or backup facility from which a radiological emergency preparedness alert and warning system is activated; or

''(7) any radioactive material or other property subject to regulation by the Commission that, before the date of the offense, the Commission determines, by order or regulation published in the Federal Register, is of significance to the public health and safety or to common defense and security;''.

(b) CONFORMING AMENDMENT.—Section 236 of the Atomic Energy Act of 1954 (42 U.S.C. 2284) is amended by striking ''intentionally and willfully'' each place it appears and inserting ''knowingly''.

By Mr. VOINOVICH:

S. 865. A bill to amend the Atomic Energy Act of 1954 to reauthorize the Price-Anderson provisions; to the Committee on Environment and Public Works.

Mr. VOINOVICH. Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 865

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Price-Anderson Amendments Act of 2005''.

SEC. 2. EXTENSION OF INDEMNIFICATION AUTHORITY.

(a) INDEMNIFICATION OF NUCLEAR REGULATORY COMMISSION LICENSEES.—Section 170c. of the Atomic Energy Act of 1954 (42 U.S.C. 2210(c)) is amended—

(1) in the subsection heading, by striking ''**LICENSES**'' and inserting ''**LICENSEES**'';

(2) by striking ''December 1, 2003'' and inserting ''December 1, 2025''; and

(3) by striking ''December 31, 2003'' each place it appears and inserting ''December 31, 2025''.

SEC. 3. REPORTS.

Section 170p. of the Atomic Energy Act of 1954 (42 U.S.C. 2210(p)) is amended by striking ''August 1, 1998'' and inserting ''August 1, 2025''.

SEC. 4. EFFECTIVE DATE.

The amendments made by this Act take effect on December 1, 2003.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 114—RECOGNIZING THE 100TH ANNIVERSARY OF THE AMERICAN THORACIC SOCIETY, CELEBRATING ITS ACHIEVEMENTS, AND ENCOURAGING THE SOCIETY TO CONTINUE OFFERING ITS GUIDANCE ON LUNG-RELATED HEALTH ISSUES TO THE PEOPLE OF THE UNITED STATES AND TO THE WORLD

Mr. CRAPO submitted the following resolution; which was referred to the Committee on Health, Education, Labor, and Pensions.

S. RES. 114

Whereas in 1905, Drs. Olser, Trudeau, Janeway, and Knopf, leaders in the fight in the United States against tuberculosis, created the American Sanatorium Association, an organization dedicated to the improvement of tuberculosis care and treatment at tuberculosis sanatoriums in the United States;

Whereas in 1939, the name of the American Sanatorium Association was changed to the American Trudeau Society, honoring Dr. Edward Livingston Trudeau and recognizing the growing scientific interest in the study of lung diseases beyond tuberculosis, and in 1960 the American Trudeau Society became the American Thoracic Society in keeping with the evolution of the medical specialty area from phthisiology to pulmonology, that is, from tuberculosis to the whole range of respiratory disorders;

Whereas in 1917, to fulfill its mission as a scientific society, the American Sanatorium Association began the publication of an academic journal, the American Review of Tuberculosis, a text that carried articles on the classification of tuberculosis, diagnostic standards, and related topics on the diagnosis, treatment, cure and prevention of tuberculosis, and in the following years, the journal was renamed the American Review of Tuberculosis and Pulmonary Disease, and finally, the American Journal of Respiratory and Critical Care Medicine;

Whereas in 1989, the American Thoracic Society began publication of the American Journal of Respiratory Cell and Molecular Biology to recognize the contribution of basic research to the field of respiratory medicine;

Whereas the American Thoracic Society hosts the largest global scientific meeting dedicated to highlighting and disseminating research findings and clinical advances in the prevention, detection, treatment, and cure of respiratory diseases;

Whereas the American Thoracic Society continues to meet its clinical and scientific mission through its publication of academic journals and clinical statements on the prevention, diagnosis, treatment, and the cure of respiratory-related disorders, and through providing continued medical education in respiratory medicine; and

Whereas the American Thoracic Society has a long tradition of working in collaboration with the Federal Government to improve the respiratory health of all Americans: Now, therefore, be it

Resolved, That the Senate—

(1) recognizes the scientific, clinical, and public health achievements of the American Thoracic Society as its members and staff commemorate and celebrate the milestone of its 100th anniversary;

(2) recognizes the great impact that the American Thoracic Society has had on improving the lung-related health problems of people in the United States and around the world; and

(3) congratulates the American Thoracic Society for its achievements and trusts that the organization will continue to offer scientific guidance on lung-related health issues to improve the public health of future generations.

SENATE RESOLUTION 115—DESIGNATING MAY 2005 AS ''NATIONAL CYSTIC FIBROSIS AWARENESS MONTH''

Mr. SALAZAR (for himself, Mrs. MURRAY, Mr. COLEMAN, Mr. WYDEN, Mrs. DOLE, Mr. DURBIN, Mr. BUNNING, Mr. KENNEDY, and Mrs. FEINSTEIN) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 115

Whereas cystic fibrosis, characterized by chronic lung infections and digestive disorders, is a fatal lung disease;

Whereas cystic fibrosis is 1 of the most common genetic diseases in the United States and 1 for which there is no known cure;

Whereas more than 10,000,000 Americans are unknowing carriers of the cystic fibrosis gene and individuals must have 2 copies to have the disease;

Whereas 1 of every 3,500 babies born in the United States is born with cystic fibrosis;

Whereas newborn screening for cystic fibrosis has been implemented by 12 States and facilitates early diagnosis and treatment which improves health and longevity;

Whereas the Centers for Disease Control and Prevention and the Cystic Fibrosis Foundation recommend that all States consider newborn screening for cystic fibrosis;

Whereas approximately 30,000 people in the United States have cystic fibrosis, many of them children;

Whereas the average life expectancy of an individual with cystic fibrosis is in the mid-thirties, an improvement from a life expectancy of 10 years in the 1960s, but still unacceptably short;

Whereas prompt, aggressive treatment of the symptoms of cystic fibrosis can extend the lives of people who have the disease;

Whereas recent advances in cystic fibrosis research have produced promising leads in gene, protein, and drug therapies beneficial to people who have the disease;

Whereas this innovative research is progressing faster and is being conducted more aggressively than ever before, due in part to the establishment of a model clinical trials network by the Cystic Fibrosis Foundation;

Whereas the Cystic Fibrosis Foundation marks its 50th year in 2005, continues to fund a research pipeline for more than 2 dozen potential therapies, and funds a nationwide network of care centers that extend the length and the quality of life for people with cystic fibrosis, but lives continue to be lost to this disease every day; and

Whereas education of the public on cystic fibrosis, including the symptoms of the disease, increases knowledge and understanding of cystic fibrosis and promotes early diagnosis: Now, therefore, be it

Resolved, That the Senate—

(1) designates May 2005 as ''National Cystic Fibrosis Awareness Month'';

(2) calls on the people of the United States to promote awareness of cystic fibrosis and actively participate in support of research to control or cure cystic fibrosis, by observing the month with appropriate ceremonies and activities; and

(3) supports the goals of—

(A) increasing the quality of life for individuals with cystic fibrosis by promoting public knowledge and understanding in a manner that will result in earlier diagnoses;

(B) encouraging increased resources for research; and

(C) increasing levels of support for people who have cystic fibrosis and their families.

Mr. SALAZAR. Mr. President. I rise today to submit a bipartisan resolution deeming May 2005 as ''National Cystic Fibrosis Month.'' I wish more than anything that this resolution were not necessary, and that we had already cured this terrible disease. But CF continues to haunt thousands of families, and with this resolution, the Senate is saying to those families that we hear your suffering and we are going to do all we can to ensure we help stop it.

I have seen many advances in medicine since my childhood on the ranch in Conejos County, CO. These advances have opened up opportunities for people living with disabilities and debilitating disease. People are living longer and healthier lives, even as they face debilitating diseases.

One such disease is Cystic Fibrosis, a genetic disease that leads to life-threatening lung infections. Through advances in medication and other treatments, people with CF are living longer lives. In the 1950s, people with CF rarely lived to school age. Today, life expectancy for people with CF has reached into the thirties. That is an improvement—and as a result people with CF get many more years to spend with their families and to follow their dreams—but it is not good enough.

This resolution supports the CF Foundation's goal of increased screening of newborns for CF. The earlier the disease is detected, the more likely that treatments can extend life. It also applauds the Cystic Fibrosis Foundation's work to create and maintain communication among researchers on Cystic Fibrosis across the nation. As a result of the CF Foundation's efforts, close to 200 centers across the nation are sharing information. That research and experience can improve lives.

Following the tradition of my predecessor and fellow Coloradan, Ben Nighthorse Campbell, I have submitted this resolution to send a clear signal to the country that we are dedicated to defeating this disease. The resolution has broad and deep bipartisan support, and I thank my colleagues for the dedication to health research on Cystic Fibrosis.

SENATE RESOLUTION 116—COMMEMORATING THE LIFE, ACHIEVEMENTS, AND CONTRIBUTIONS OF FREDERICK C. BRANCH

Mrs. DOLE (for herself, Mr. BURR, Mr. CORZINE, and Mr. SANTORUM) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 116

Whereas Frederick C. Branch was born on May 31, 1922, in Hamlet, North Carolina, studied at Johnson C. Smith University, and graduated from Temple University with a degree in Physics;

Whereas Frederick C. Branch was drafted in May of 1943, and was one of 20,000 African American Marines to serve in World War II;

Whereas Frederick C. Branch was one of the original Montford Point Marines, having received training alongside other African American Marines during World War II at the Marine Barracks in New Point, North Carolina, which was separated by 5 miles from the training grounds for all other Marines at Camp Lejeune, North Carolina;

Whereas Frederick C. Branch, after having served in the South Pacific during World War II, was offered the opportunity to receive officer training;

Whereas Frederick C. Branch excelled by making the dean's list as an officer trainee, and was the sole African American candidate in a class of 250 future officers;

Whereas Frederick C. Branch became the first African American to be commissioned as an officer of the United States Marine Corps, having earned the rank of second lieutenant on November 10, 1945;

Whereas Frederick C. Branch proudly served our nation during the Korean War, and left the service after having risen to the rank of Captain;

Whereas Frederick C. Branch established a science department at Dobbins High School in Philadelphia, Pennsylvania, where he taught until his retirement in 1988;

Whereas in 1997 the United States Marine Corps recognized Frederick C. Branch's contributions to integration, and named a training facility in his honor at Marine Corps Officer Candidate School in Quantico, Virginia;

Whereas Frederick C. Branch was widowed upon the death of his wife and partner of 55 years, Camilla ''Peggy'' Robinson, and is survived by 2 brothers, William and Floyd, and a godson, Joseph Alex Cooper;

Whereas Frederick C. Branch passed away on April 10, 2005, having paved the way for the 1,700 African American Marine Officers serving our nation today; and

Whereas Frederick C. Branch was buried with full military honors at Marine Corps Base Quantico on April 20, 2005; Now, therefore, be it

Resolved, That the Senate—

(1) honors the life, achievements, and contributions of Frederick C. Branch; and

(2) extends its deepest sympathies to the family of Frederick C. Branch for the loss of a great, courageous, and pioneering man.

SENATE RESOLUTION 117—DESIGNATING THE WEEK OF MAY 9, 2005, AS ''NATIONAL HEPATITIS B AWARENESS WEEK''

Mrs. FEINSTEIN (for herself and Mr. SANTORUM) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 117

Whereas hepatitis B is the most common serious liver infection in the world;

Whereas chronic hepatitis B infections cause 80 percent of all primary liver cancer cases worldwide;

Whereas 10,000,000 to 30,000,000 people will be infected with the hepatitis B virus worldwide in 2005;

Whereas approximately 100,000 people in the United States will become infected with hepatitis B virus this year alone;

Whereas fewer than 10 percent of diagnosed chronic hepatitis B patients in the United States are currently receiving treatment for their disease;

Whereas healthcare and work loss costs from liver disease and liver cancer-caused hepatitis B infections total more than $700,000,000 annually;

Whereas the Centers for Disease Control and Prevention (CDC) estimates that 1,250,000 Americans are already infected with hepatitis B and nearly 6,000 will die of liver complication each year;

Whereas a person who has become infected with hepatitis B may not have symptoms for up to 40 years after the initial infection has occurred, and there is currently no routine screening in place for early detection;

Whereas the CDC has identified African-Americans, Asian-Americans, and Pacific Islanders, as well as Native Americans and Alaskan Natives, as having higher rates of hepatitis B infection in the United States;

Whereas Asian-Americans and Pacific Islanders account for more than half of the chronic hepatitis B cases and half of the deaths resulting from chronic hepatitis B infection in the United States; and

Whereas there is need for a comprehensive public education and awareness campaign designed to help infected patients and their physicians identify and manage the secondary prevention of the disease and to help increase the length and quality of life for those diagnosed with chronic hepatitis B: Now, therefore, be it

Resolved, That the Senate—

(1) designates the week of May 9, 2005, as ''National Hepatitis B Awareness Week'';

(2) calls upon the people of the United States to observe the week with appropriate programs and activities; and

(3) supports raising awareness of the consequences of untreated chronic hepatitis B and the urgency to seek appropriate care as a serious public health issue.

AMENDMENTS SUBMITTED AND PROPOSED

SA 563. Mr. LEVIN submitted an amendment intended to be proposed by him to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes.

TEXT OF AMENDMENTS

SA 563. Mr. LEVIN submitted an amendment intended to be proposed by him to the bill H.R. 1268, Making emergency supplemental appropriations for the fiscal year ending September 30, 2005, to establish and rapidly implement regulations for State driver's license and identification document security standards, to prevent terrorists from abusing the asylum laws of the United States, to unify terrorism-related grounds for inadmissibility and removal, to ensure expeditious construction of the San Diego border fence, and for other purposes; as follows:

At the appropriate place, insert the following:

SEC. ___. The Secretary of Labor shall convey to the State of Michigan, for no consideration, all right, title, and interest of the United States in and to the real property known as the ''Detroit Labor Building'' and located at 7310 Woodward Avenue, Detroit, Michigan, to the extent the right, title, or interest was acquired through a grant to the State of Michigan under title III of the Social Security Act (42 U.S.C. 501 et seq.) or the Wagner-Peyser Act (29 U.S.C. 49 et seq.) or using funds distributed to the State of Michigan under section 903 of the Social Security Act (42 U.S.C. 1103).

AUTHORITY FOR COMMITTEES TO MEET

COMMITTEE ON BANKING, HOUSING, AND URBAN AFFAIRS

Mr. COCHRAN. Mr. President, I ask unanimous consent that the Committee on Banking, Housing, and Urban Affairs be authorized to meet during the session of the Senate on April 20, 2005, at 10 a.m., to conduct a hearing on ''Regulatory Reform of the Housing Government-Sponsored Enterprises.''

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON ENVIRONMENT AND PUBLIC WORKS

Mr. COCHRAN. Mr. President, I ask unanimous consent that the Committee on Environment and Public Works be authorized to meet on Wednesday, April 20, 2005, at 9:30 a.m. to conduct a hearing regarding the following nominations: Gregory B. Jaczko—Nominated by the President to be a Member of the Nuclear Regulatory Commission;

Peter B. Lyons—Nominated by the President to be a Member of the Nuclear Regulatory Commission on Wednesday, April 20, 2005 at 9:30 a.m. SD 406.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON HEALTH, EDUCATION, LABOR, AND PENSIONS

Mr. COCHRAN. Mr. President, I ask unanimous consent that the Committee on Health, Education, Labor, and Pensions, Subcommittee on Education and Early Childhood Development, be authorized to hold a hearing during the session of the Senate on Wednesday, April 20, 2005 at 10:00 a.m. in SD–430.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON SMALL BUSINESS AND ENTREPRENEURSHIP

Mr. COCHRAN. Mr. President, I ask unanimous consent that the Committee on Small Business and Entrepreneurship be authorized to meet during the session of the Senate for a hearing entitled, ''Solving the Small Business Health Care Crisis: Alternatives for Lowering Costs and Covering the Uninsured'' on Wednesday, April 20, 2005, beginning at 10:00 a.m. in room 428A of the Russell Senate Office Building.

The PRESIDING OFFICER. Without objection, it is so ordered.

SELECT COMMITTEE ON INTELLIGENCE

Mr. COCHRAN. Mr. President, I ask unanimous consent that the Select Committee on Intelligence be authorized to meet during the session of the Senate on April 20, 2005, at 2:30 p.m., to hold a briefing.

The PRESIDING OFFICER. Without objection, it is so ordered.

SUBCOMMITTEE ON READINESS AND MANAGEMENT SUPPORT

Mr. COCHRAN. Mr. President, I ask unanimous consent that the Subcommittee on Readiness and Management Support be authorized to meet during the session of the Senate on April 20, 2005, at 2 p.m., in open session to receive testimony on the readiness of military units deployed in support of Operation Iraqi Freedom and Operation Ending Freedom in review of the defense authorization request for fiscal year 2006.

The PRESIDING OFFICER. Without objection, it is so ordered.

SUBCOMMITTEE ON SCIENCE AND SPACE

Mr. COCHRAN. Mr. President, I ask unanimous consent that the Subcommittee on Science and Space be authorized to meet on Wednesday, April 20, 2005, at 10 a.m., on International Space Station Research Benefits.

The PRESIDING OFFICER. Without objection, it is so ordered.

SUBCOMMITTEE ON TERRORISM, TECHNOLOGY, AND HOMELAND SECURITY

Mr. COCHRAN. Mr. President, I ask unanimous consent that the Subcommittee on Terrorism, Technology, and Homeland Security be authorized to meet to conduct a hearing on ''A Review of the Material Support to Terrorism Prohibition Improvements Act'' on Wednesday, April 20, 2005, at 2:30 p.m., in Dirksen 226.

Witness List

Wednesday, April 20, 2005, at 2:30 p.m., Dirksen Senate Office Building Room 226.

Mr. Barry Sabin, Chief of Counterterrorism Section, Criminal Division, Department of Justice; and Mr. Dan Meron, Deputy Assistance Attorney General, Civil Division, Department of Justice.

The PRESIDING OFFICER. Without objection, it is so ordered.

PRIVILEGE OF THE FLOOR

Mr. KENNEDY. Mr. President, I ask unanimous consent that Douglas Thompson, a Navy fellow in my office, be granted the privileges of the floor during consideration of H.R. 1268, the emergency supplemental.

The PRESIDING OFFICER. Without objection, it is so ordered.

UNANIMOUS CONSENT AGREEMENT EXECUTIVE CALENDAR

Mr. INHOFE. Mr. President, I ask unanimous consent that on Thursday, April 21, at a time to be determined by the majority leader, after consultation with the Democratic leader, the Senate proceed to executive session to consider the following nomination on the calendar: No. 69, John Negroponte to be Director of National Intelligence.

I further ask unanimous consent that there be 4 hours of debate equally divided between the two leaders or their designees, and that the Democratic time be equally divided between Senators ROCKEFELLER and WYDEN; provided further that at the expiration or yielding back of that time the Senate proceed to a vote on confirmation of the nomination with no intervening action or debate; provided further that immediately following the vote the President be notified of the Senate's action and the Senate then resume legislative session.

The PRESIDING OFFICER. Without objection, it is so ordered.

MEASURES PLACED ON THE CALENDAR—S. 839, S. 844, S. 845, S. 846, S. 847, S. 848, S. 851, H.R. 8

Mr. INHOFE. Mr. President, I understand that there are eight bills at the desk that are due for a second reading. I ask unanimous consent that they be read for a second time, en bloc.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will read the bills for a second time by title.

The assistant legislative clerk read as follows:

A bill (S. 839) to repeal the law that gags doctors and denies women information and referrals concerning their reproductive health options.

A bill (S. 844) to expand access to preventive health care services that help reduce unintended pregnancies, reduce the number of abortions, and improve access to women's health care.

A bill (S. 845) to amend title 10, United States Code, to permit retired servicemembers who have a service-connected disability to receive disability compensation and either retired pay or Combat-Related Special Compensation and to eliminate the phase-in period with respect to such concurrent receipt.

A bill (S. 846) to provide fair wages for America's workers.

A bill (S. 847) to lower the burden of gasoline prices on the economy of the United States and circumvent the efforts of OPEC to reap windfall profits.

A bill (S. 848) to improve education, and for other purposes.

A bill (S. 851) to reduce budget deficits by restoring budget enforcement and strengthening fiscal responsibility.

A bill (H.R. 8) making repeal of the estate tax permanent.

Mr. INHOFE. Mr. President, in order to place the bills on the Calendar under the provisions of rule XIV, I would object to further proceeding en bloc.

The PRESIDING OFFICER. The objection is heard. The bills will be placed on the calendar.

ORDERS FOR THURSDAY, APRIL 21, 2005

Mr. INHOFE. I ask unanimous consent when the Senate completes its business today, it stand in adjournment until 9:30 a.m. on Thursday, April 21. I further ask that following the prayer and pledge, the morning hour be deemed expired, the Journal of proceedings be approved to date, the time for the two leaders be reserved, and there then be a period for morning business for up to 60 minutes, with the first 30 minutes under the control of the majority leader or his designee and the second 30 minutes under the control of the Democratic leader or his designee; provided that following morning business, the Senate proceed to executive session for the consideration of the Negroponte nomination as provided under the previous order.

The PRESIDING OFFICER. Without objection, it is so ordered.

PROGRAM

Mr. INHOFE. Tomorrow, following morning business, the Senate will consider the nomination of John Negroponte to be Director of National Intelligence. Following that debate, the Senate will resume consideration of the emergency supplemental for the final two amendments. Therefore, Senators can expect a series of votes tomorrow on the two supplemental amendments, final passage, and the Negroponte nomination.

The PRESIDING OFFICER. Without objection, it is so ordered.

ADJOURNMENT UNTIL 9:30 A.M. TOMORROW

Mr. INHOFE. If there is no further business to come before the Senate, I ask unanimous consent the Senate stand in adjournment under the previous order.

There being no objection, the Senate, at 7:11 p.m. adjourned until Thursday, April 21, 2005, at 9:30 a.m.

HOUSE OF REPRESENTATIVES—Wednesday, April 20, 2005

The House met at 10 a.m.

Monsignor George B. Flinn, Vicar General, Pastoral Life in Ministry, Diocese of Altoona-Johnstown, Pennsylvania, offered the following prayer:

Almighty God, source of all that is good and holy, be with us today. These men and women gather here as representatives of the people, honored by such a call to service, but also fully aware of the awesome responsibility such a vocation demands.

Grant them the insight to discern what is in the best interest of all our citizens, the wisdom to choose what is good and moral and just, and the courage to do what is necessary, even in the face of adversity, misunderstanding and opposition.

Help them to grasp the nobility of their calling to serve in the arena of politics, aptly named the ''art of the possible,'' as they face the challenge of making possible the growth of our citizens and our Nation, in virtue and integrity and prosperity.

May all that is accomplished today reflect a true spirit of justice, compassion, concern and real dedication to the well-being of all the citizens of our beloved country. Amen.

THE JOURNAL

The SPEAKER. The Chair has examined the Journal of the last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

PLEDGE OF ALLEGIANCE

The SPEAKER. Will the gentleman from Pennsylvania (Mr. SHUSTER) come forward and lead the House in the Pledge of Allegiance.

Mr. SHUSTER led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER

The SPEAKER. The Chair will entertain 10 one-minutes on each side.

WELCOMING MONSIGNOR GEORGE B. FLINN

(Mr. SHUSTER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SHUSTER. Mr. Speaker, I rise today to thank, honor and express my sincere appreciation for Monsignor George Flinn, our guest chaplain. Reverend Flinn, originally from Cresson, Pennsylvania, and as we say back home, up the mountain, has dedicated his life to faith and community outreach. His service has made the Altoona-Johnstown area a better place to live because of his commitment to our local parishes.

Reverend Flinn has been assigned to a number of churches in central Pennsylvania, including Sacred Heart and Saint Rose of Lima in Altoona, and Saint Monica of Chest Springs. Most notable to me, though, is his service at Saint John Gualbert, where he organized a major campaign to renovate the interior walls of the cathedral.

This drive became known as ''This is Our Church,'' while Monsignor Flinn uniquely reached out to local businesses, community leaders and the Diocese of Altoona-Johnstown. This type of outreach has truly made our neighborhoods and small towns a much better place and a more memorable place. His story is a reminder to us all to take a moment from our busy schedules to help others and reach out to the community.

As we mourn the passing of Pope John Paul and celebrate the appointment of Pope Benedict, we should also commend and thank our local church leaders like Monsignor Flinn, because their hard work is truly making our Nation a better place to live.

END THE FILIBUSTERS ON QUALIFIED NOMINEES

(Mr. PITTS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTS. Mr. Speaker, John Bolton is the President's nominee to be U.S. ambassador to the U.N. The Senate has not yet voted on his nomination. A few Members are holding up that vote so they can explore his treatment of lower-level staffers.

Janice Rogers Brown and Priscilla Owen are two of the President's nominees to be Federal judges. The Senate has not yet voted on their nominations. A few Democrats have promised to hold up these votes so they can prove a political point.

What do these three have in common, I mean, other than being victims of the Senate's partisan machinations? They are all highly qualified. They would all do a great job. They would all receive the support of a majority of Senators. They are all nominated for jobs that are currently vacant. That is right; the jobs the President has asked these people to do are not being done.

That is not the President's fault. That is not BILL FRIST's fault. Some Democrats paid a political price for obstructionism last November. It seems that some of them are still slow learners.

AN INDEPENDENT JUDICIARY

(Mr. INSLEE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. INSLEE. Mr. Speaker, over in Baghdad, we are attempting to establish a democracy which will require an independent judiciary. Iraqis will learn that to have a society of laws, you need an independent judiciary to enforce them. But here in Washington, D.C., we have a majority leader who is attempting to demagogue and abuse the independence of our American judicial system, to intimidate them to one particular ideological position.

This is undemocratic, it is unhealthy, and it does not respect the democratic traditions that require an independent judiciary in this country. It is a case of an abuse of power and it needs to stop.

We see today in the energy bill a provision to ignore the independence of the law to give immunity to a polluter. We need the majority leader of the U.S. House to understand that our freedoms come from an independent judiciary. The freedom of speech, the freedom of religion that would be taken away in one single moment from the U.S. Congress stands because of an independent judiciary.

This arrogance and abuse of power needs to stop.

FINANCIAL LITERACY

(Mr. PRICE of Georgia asked and was given permission to address the House for 1 minute.)

Mr. PRICE of Georgia. Mr. Speaker, balancing a checkbook and principles such as saving and investing seem like a foreign language to much of our Nation's youth. Sadly, many of our high school graduates lack the basic skills to handle their own finances. Combine that with the spending power of teenagers, $150 billion annually, and it should come as no surprise that when

they go off to college, credit card companies cannot hand out the plastic fast enough to these new customers who have no credit history, no income and no job. In fact, in 2001, more young people filed for bankruptcy than graduated from college.

With April being Financial Literacy Month, it is time to show that finance and economic lessons simply do not end in the classroom. The earlier students learn about dollars and cents, the better equipped they will be to enter the world with knowledge about how to save, how to earn and how to spend.

Mr. Speaker, studies have shown financial education has been linked to lower delinquency rates for mortgage borrowers, higher participation and contribution rates in retirement plans, improved spending and saving habits and higher net worth.

The need for financial education in our classrooms and at home has never been more apparent. Increasing financial literacy is key to helping our next generation reach their full potential.

THE ENERGY BILL

(Mr. DEFAZIO asked and was given permission to address the House for 1 minute.)

Mr. DEFAZIO. Mr. Speaker, I have nothing against classics. I drove a 1968 Barracuda to work today. But I am looking at hybrids because of the high cost of gas and to get a little more efficient.

The Republicans are offering us a classic energy bill today, firmly rooted in the 1950s: no improvements in efficiency, no investment in energy-efficient technologies, no breakthroughs. Even worse, $8 billion of subsidies to the oil and gas industry. Well, heck, they need it. That was only the quarterly profit of ExxonMobil gouging people at the pump last quarter. They want to give us more of the same.

The President's own energy information administration says this bill will, quote, have only negligible impact on production, consumption and imports of oil. In fact, they said it will probably increase the price of gasoline by 3 cents per gallon. I guess that is to pay for the new subsidies to the suffering oil and gas industry.

That is an energy policy for the 21st century?

THE PROMISING PARTNERSHIP OF INDIA AND THE UNITED STATES

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, under the leadership of President George W. Bush and Indian Prime Minister Manmohan Singh, India and the United States continue to make progress toward strengthening our strategic partnership.

Last week, President Bush and Secretary Rice met with Indian External Affairs Minister Natwar Singh. Secretary Rice highlighted, ''It is important that the U.S.-India relationship continues to grow as we recognize the growing importance of India as a global factor.'' Due to shared values as the world's largest democracy working with the world's oldest democracy, our countries are continuing on a path of cooperation that will strengthen economic opportunities and enhance national security.

After years of military conflict between India and Pakistan, the two nations recently approved numerous efforts of bilateral relations. And this week India's Prime Minister Singh met with Pakistan President Pervez Musharraf in his birthplace in New Delhi to discuss the next steps to furthering the peace process. It is mutually beneficial for both countries to cooperate for bilateral trade while helping win the war on terrorism.

In conclusion, God bless our troops and we will never forget September 11.

OIL DRILLING IN THE GREAT LAKES

(Mr. EMANUEL asked and was given permission to address the House for 1 minute.)

Mr. EMANUEL. Mr. Speaker, earlier this week the President said he would have written a different energy bill without the $8 billion in giveaways for the oil and gas companies. ''The President has made his views known, in terms of any incentives in the legislation, that oil and gas companies don't need any incentives when the price of oil is where it is right now.'' That is the President of the United States commenting on the legislation we are going to have before us. Imagine if we spent those $8 billion of taxpayer money on developing new energy-efficient cars or new types of cars that would make America free.

We have got to get rid of the old politics of special interest politics, writing legislation for special interests who give resources to campaigns, and start building a stronger America.

In addition to giving the big oil companies $8 billion of taxpayer money, imagine the oil rigs along the shores of Chicago, Pittsburgh, Buffalo, western Michigan. It is an unwelcome thought for 30 million Americans who get their daily drinking water from the Great Lakes. Drilling is currently banned on the Great Lakes, but this bill would change the law from today's outright ban.

Last night, the gentleman from Michigan (Mr. STUPAK), the gentlewoman from Illinois (Ms. SCHAKOWSKY), the gentleman from Michigan (Mr. EHLERS), the gentleman from Illinois (Mr. KIRK), the gentleman from Wisconsin (Mr. GREEN), the gentleman from New York (Mr. MCHUGH), the gentlewoman from New York (Ms. SLAUGHTER) and I offered a bipartisan amendment to permanently extend the ban on drilling in the Great Lakes.

Consequently, this bill places the Great Lakes directly in harm's way. Imagine those oil rigs. Now imagine an oil spill closing the beaches and endangering drinking water.

KEYSTONE HEIGHTS HIGH SCHOOL BAND

(Mr. STEARNS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. STEARNS. Mr. Speaker, this morning I wish to brag on my talented young constituents, the cover girls and boys that were featured in Roll Call this week. The band and color guard of the Keystone Heights Marching Indian, Florida, high school band visited Washington, D.C., this weekend. While here with Band Director Jason Dobson, they performed at the Jefferson Memorial and Capitol Hill. They played ''El Capitan,'' a John Philip Sousa march; ''Pevensey Castle'' by Robert Sheldon; ''Tis the Gift to Be Simple,'' an 18th century Shaker folk tune; and saving, of course, the best for last, student conductor Ashley Poplin conducted them in ''The Washington Post,'' another Sousa march.

French horn player Karlo Martin, still fresh after three sleepless nights, described the trip as ''really enjoyable.''

I am proud of the students in Florida's Sixth Congressional District for their hard work and their skill. Being in a marching band is strenuous enough, but central Florida with all its heat adds an extra impediment to the challenge. Job well done.

□ 1015

WEAKENED ETHICS RULES: NO WONDER REPUBLICANS ARE SO CONFIDENT

(Mr. PALLONE asked and was given permission to address the House for 1 minute.)

Mr. PALLONE. Mr. Speaker, what are House Republicans afraid of? True, there are constant newspaper reports about a member of the Republican leadership participating in questionable activities dealing with Washington lobbyists, trips overseas and questionable financial dealings. However, if Republicans are so confident that these activities do not constitute a breaking of the House rules, why have the Republicans made it virtually impossible for the Committee on Standards of Official Conduct to do its job?

Earlier this year, the Republicans weakened the ethics rules. Under the

new Republican rules, if a majority of the committee cannot determine whether or not an investigation should proceed after 45 days of receiving a complaint, it would simply be dropped. Under the old bipartisan ethics rules, a subcommittee was created after the 45-day deadline to investigate the ethics charges.

It is no wonder Republican leaders are so confident. If they keep their Republican troops on the committee in line, they do not have to worry about an investigation. And this is no way to run an ethics committee. It is time that House Republicans join the Democrats in rejecting these new rules in favor of fair, bipartisan rules that restore confidence to the House ethics process.

F/A–22

(Mr. GINGREY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GINGREY. Mr. Speaker, I rise today in support of the F/A–22 Raptor, one of the most important weapons the Air Force has in its fight to protect our country.

On Friday the Pentagon approved the F/A–22 for full-rate production. I am glad the Pentagon is recognizing what we have known all along: the Raptor is a superior and essential weapon for our Air Force.

It is our duty in Congress to ensure the safety of every American, and fully funding the F/A–22 goes a long way toward that end. Our bloated and bureaucratic government offers many opportunities to reduce spending and balance the budget. But our Nation's defense is not the place to cut funds. The F/A–22 will let the United States military continue dominating our adversaries.

To prepare for tomorrow's threats, we need to fund these planes today. Mr. Speaker, I ask the Members to join me in supporting the F/A–22 program.

WEAKENED ETHICS RULES: ETHICS COMMITTEE NOW A SHELL

(Mr. STUPAK asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. STUPAK. Mr. Speaker, on January 4, 2005, the first day of the 109th Congress, this House adopted several changes to the House ethics rules that many in this body warned would severely weaken the ability of the House Committee on Standards of Official Conduct to enforce the highest standards of ethical conduct in its Members, officers, and employees.

In the middle of March, these warnings, sadly, came to pass when the House Committee on Standards of Official Conduct failed to adopt committee rules that would have given it the ability to investigate credible allegations of misconduct even in cases where partisan considerations caused the committee to be deadlocked.

Now we are left with a shell of a committee, a paper tiger that can perform only a fraction of the advisory, enforcement, and investigatory duties assigned it.

The absence of a functioning ethics committee and the collapse of the ethics enforcement process are untenable, unacceptable, and irresponsible. In the eyes of the American people, this can only serve to undermine the integrity and credibility of the Members of the House and the House as institution.

CLARENCE GAINES

(Ms. FOXX asked and was given permission to address the House for 1 minute and revise and extend her remarks.)

Ms. FOXX. Mr. Speaker, I rise today to pay my respects to Coach Clarence ''Big House'' Gaines, who passed away on Monday April 18, 2005. Coach Gaines was a college basketball icon, having guided the Winston-Salem State University Rams to an amazing 828 wins during his 47 seasons at Winston-Salem State University. His record of success places him fifth on the NCAA career coaching wins list, just behind Dean Smith, Adolph Rupp, Bob Knight, and Jim Phelean.

Under Coach Gaines's leadership, the Winston-Salem State Rams won 11 CIAA titles and became the first predominantly black college to ever win an NCAA basketball title.

Coach Gaines was inducted into many halls of fame and was named CIAA Coach of the Year several times. He was also named NCAA Coach of the Year in 1967.

Coach Gaines was a truly remarkable man, and he will be missed. My condolences go out to his wife, Clara, and his two children.

NORTHEAST REGIONAL ECONOMIC DEVELOPMENT COMMISSION

(Mr. MICHAUD asked and was given permission to address the House for 1 minute.)

Mr. MICHAUD. Mr. Speaker, this week a tripartisan group of original cosponsors has joined together to reintroduce our bill to create a Northeast Regional Economic Development Commission to invest in the most distressed areas of Maine, New Hampshire, Vermont, and New York.

Economic development commissions are now in existence in Alaska; Mississippi; the Midwest; and, of course, Appalachia; among other places. These bodies have a proven track record of success. For example, since its creation, the ARC has cut the number of distressed counties in their region in half.

Today, when one looks at the statistics, the border region of the Northeast has just as strong a need as the other areas. We need direct Federal investments to turn our economies around. Our bill does that and ensures both local planning and the advancement of regional goals like sustainable land use.

We are proud to have such a strong tripartisan group working together to promote economic development in the Northeast. We look forward to advancing our bill and working with other regions who want to grow their economies and bring prosperity back.

ENERGY POLICY

(Mr. MCHENRY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MCHENRY. Mr. Speaker, in recent months Americans have been struggling to cope with rising gas prices. And today the Republican majority and the U.S. House of Representatives bring forward a comprehensive, a comprehensive, energy program.

And let me tell the Members this: we need to have a comprehensive energy program so that we can avoid losing jobs due to high energy costs.

This week it is a comprehensive energy bill that will drastically reduce the costs of energy. It will lower energy prices for consumers, revitalize our economy, and create jobs. That is because the money that was diverted to high energy costs can now go to goods and services; and most importantly, this bill will reduce our dependence on foreign oil.

Mr. Speaker, our opponents on the other side of the aisle have only given blather. They have only given bluster. They have not offered a comprehensive policy. We today are going to offer a comprehensive energy policy to help all Americans and reduce the cost of gasoline.

NATIONAL WHEELCHAIR BASKETBALL ASSOCIATION PRESIDENT'S SPIRIT AWARDS

(Mr. SNYDER asked and was given permission to address the House for 1 minute.)

Mr. SNYDER. Mr. Speaker, the National Wheelchair Basketball Association is the largest and oldest wheelchair sports organization in the world. Established over 50 years ago, the NWBA has provided opportunities for people with physical disabilities, including children and disabled veterans, to play the game of basketball.

The NWBA runs on generosity and volunteers; and one of those volunteers is Harry Vines of Sherwood, Arkansas, who has served as president since 2001. Harry is known in Arkansas for many volunteer activities, most significantly

as coach of the Arkansas Rollin' Razorbacks, a five-time national championship wheelchair basketball team that he helped found in 1978. A high school All American basketball player at Central High School in Little Rock, Harry played at Oklahoma City University before returning to Arkansas as a coach and later a rehab counselor and administrator.

Harry and the NWBA award, the NWBA Spirit Awards, recognize the work of outstanding volunteers and organizations that support the NWBA. The 2005 Spirit Award recipients include long-time UT-Arlington Jim Hayes, Bluegrass Invitational Tournament director Evelyn Bologna, Division III chairman Tim Stout, and the University of Illinois' Wheelchair Sports Program.

Congratulations to all of these outstanding individuals.

PASS DR–CAFTA

(Mr. DREIER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DREIER. Mr. Speaker, it is hard to believe, but it was 2 long decades ago that we saw tyranny in Central America bring war and turmoil to our doorstep. Today, through U.S. assistance and the resolve of our neighbors to the south, civil war has been replaced by burgeoning democracies and free markets. Chaos has been replaced with the growing prevalence of the rule of law. Rather than a growing national security threat, this region has become an increasingly reliable partner in the war on terror, drug interdiction, and migration control. As fellow democracies, we are bound together by geography and a common commitment to liberty.

With the Dominican Republic Central American Free Trade Agreement, we have an opportunity to solidify this success and lock in the tremendous political and economic progress that has been made. President Bush has made it clear that advancing the cause of freedom and liberty is central to our foreign policy goals. Passage of the DR–CAFTA will be a significant step forward in ensuring that the institutions of democracy and political pluralism are firmly entrenched throughout this hemisphere.

WEAKENED ETHICS RULES: WHO ARE THEY TRYING TO PROTECT?

(Ms. WATSON asked and was given permission to address the House for 1 minute.)

Ms. WATSON. Mr. Speaker, since the beginning of this year, the House Republican leadership has worked to undermine the ethics process here. First, the leadership floated an ethics proposal that would have allowed Members of its leadership to continue to serve in leadership if they were indicted. When that did not go over too well, the leadership decided it could protect one of its own by making it more difficult to investigate unethical behavior. The leadership rushed through a new rule that would end an ethics compliant after 45 days if no agreement could be reached on how to proceed. Under the old rules, if the two parties could not come to an agreement, a subcommittee was automatically appointed to investigate.

Finally, to guarantee that Republican leadership would be able to quash any ethic complaints, they purged the committee of three members, including the chairman, who were not always willing to toe the party line. Then they replaced them with party loyalists.

Mr. Speaker, the Republican leadership is going to extreme measures to weaken our ethics rules. It makes one wonder just whom they are trying to protect. Ethics and morals have been overtaken by hypocrisy.

CONGRESS UNDER REPUBLICAN LEADERSHIP

(Mr. BURGESS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BURGESS. Mr. Speaker, I was elected to Congress just a little over 2 years ago, and our economy was in tough shape when I got in Congress. I did not really realize how tough a shape it was in. But under the leadership of this House, the leadership of the Speaker, the majority leader, we have worked on the problems of high unemployment, the low stock market. We made the tough choices and invested in our economy in 2003, and the result was a significant job growth.

Now in this Congress we have taken on additional good work. We have passed a highway bill, class action reform, bankruptcy reform. And this week, Mr. Speaker, we are going to work on our energy bill. This is important and timely legislation. Every member on our committee was heard on their concerns. Every amendment was made in order and voted on, most on a roll call vote; and the bill passed out of committee with bipartisan support.

We had an energy bill 2 years ago, and that energy bill unfortunately was derailed by a procedural motion in the other body, and it was largely derailed by trial lawyers who felt that they were not getting their just desserts from the energy bill. Mr. Speaker, that is why it was outrageous to read in ''Roll Call'' yesterday that the senior vice president of the Association of Trial Lawyers of America said that they were upset with the asbestos bill over in the other body and it may have an impact on fund-raising from this particular bar.

Mr. Speaker, this is outrageous. Where are the calls for investigation? Where are the calls for ethics from the other body?

SRI LANKA

(Mr. DAVIS of Illinois asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DAVIS of Illinois. Mr. Speaker, during the recess, I was privileged to visit the country of Sri Lanka where there exists tension and sometimes open warfare between the government and the Tamilians.

Fortunately, partially as a result of the tsunami, there is a cease fire. I trust that the cease fire will continue, that a peaceful accord will be reached. But in the meantime, I would urge that we do everything within our power to make sure that relief resources are equally and fairly deployed throughout all areas of the country that were, in fact, affected. There is a tremendous resolve to try and arrive at peace. I hope, Mr. Speaker, that we will help.

TAKE POLITICS OUT OF THE ETHICS PROCESS

(Mr. KINGSTON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KINGSTON. Mr. Speaker, we need to ask ourselves every now and then in a moment of truth on a bipartisan basis what this House is doing. Ethics rules should be there to prosecute somebody who has broken them. The same rules should be there to protect somebody who is innocent.

The Democrat members on the Committee on Standards of Official Conduct do not want to meet. They do not want to give the gentleman from Texas (Mr. DELAY) due process. They do not want to give him an up-or-down vote. They are very content to discuss it with their allies at The Washington Post or the New York Times. They do not want to talk about how many educational trips they have been on with their families, although there is a list. They do not want to talk about how many of their family members work in their campaigns and are reimbursed and on their campaign payroll, but there is a list.

□ 1030

Is this what the Democrats really want? I think that the Democrats would be serving this House well if they would say to their ethics committee members, we want you to meet. We want due process for TOM DELAY or any other Member who may have a question about things.

Right now we cannot address that because they will not come to the meetings. I ask my Democrat colleagues to

do the right thing, let us move on with the ethics process and take the politics out of this, because there are a lot of questions on both sides of the aisle right now, and the House is being underserved by this committee.

WEAKENED ETHICS RULES

(Mr. TIERNEY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TIERNEY. Mr. Speaker, in partial response to my colleague's last statements, it is The Wall Street Journal that says, it is the odor. It is the Rocky Mountain News that says it is hypocrisy. The Christian Science Monitor calls it hubris, and the New York Times says it is autocratic behavior, and the San Diego Union Tribune simply calls it disgraceful.

It turns out that there are a lot of different ways to describe the House Republicans' ethical challenges. When the Republicans took over Congress in 1994, they promised to usher in a new era of politics. For years they had tried to make the case that Democrats were corrupt, and in a new Republican era they promised to clean house and change the rules to make Congress more accountable to the people that we represent.

Well, they changed the rules. This year they changed the rules to prevent the ethics committee from doing its job, and they tried and tried and unfortunately failed to change the rules of their own caucus to allow indicted Members to retain their leadership offices.

Mr. Speaker, it is time to reinstate the ethics rules in this House. It is time that Republicans join the Democrats in supporting the Mollohan resolution, so that people can get a fair hearing, but it is done within a body that is operating properly.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore(Mr. GRAVES). Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which a recorded vote or the yeas and nays are ordered, or on which the vote is objected to under clause 6 of rule XX.

Record votes on postponed questions will be taken later today.

RAY CHARLES POST OFFICE BUILDING

Mr. MARCHANT. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 504) to designate the facility of the United States Postal Service located at 4960 West Washington Boulevard in Los Angeles, California, as the ''Ray Charles Post Office Building''.

The Clerk read as follows:

H.R. 504

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. RAY CHARLES POST OFFICE BUILDING.

(a) DESIGNATION.—The facility of the United States Postal Service located at 4960 West Washington Boulevard in Los Angeles, California, shall be known and designated as the ''Ray Charles Post Office Building''.

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the facility referred to in subsection (a) shall be deemed to be a reference to the ''Ray Charles Post Office Building''.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Texas (Mr. MARCHANT) and the gentleman from Illinois (Mr. DAVIS) each will control 20 minutes.

The Chair recognizes the gentleman from Texas (Mr. MARCHANT).

GENERAL LEAVE

Mr. MARCHANT. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on the bill, H.R. 504.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Texas?

There was no objection.

Mr. MARCHANT. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, as a member of the Committee on Government Reform, I rise in support of H.R. 504. This legislation designates this post office in Los Angeles as the Ray Charles Post Office Building to celebrate the life of the great American entertainer.

All 53 members of the California congressional delegation have cosponsored this legislation to comply with the committee policy on post office-naming bills.

Mr. Speaker, Ray Charles Robinson was born in Albany, Georgia, in 1930. He was raised in Florida, and completely lost his sight by age 7. Amazingly, he overcame his lack of sight and began to study piano, saxophone, and clarinet at a school for the blind and deaf.

He ultimately became a traveling musician and shortened his name to Ray Charles to differentiate himself from the famous boxer of that time, Ray Robinson. During his career that spanned more than 5 decades, Ray Charles won an outstanding 12 Grammy Awards, including the best R&B recording three consecutive years from 1961 through 1963: ''Hit the Road Jack,'' ''I Can't Stop Loving You,'' and ''Busted.'' He was unquestionably one of the world's most successful musicians of the 20th century.

Mr. Speaker, it is important for all of us to understand how groundbreaking his music fusion of gospel, blues, pop, country, and jazz really was.

His ingenuity paved the way for other giants in music history, including Aretha Franklin and Elvis Presley. Ray Charles passed away in Beverly Hills, California, on June 10, 2004. This post office will serve as an important memorial to Ray Charles's legacy and influence on American popular music.

I want to thank the distinguished gentlewoman from California (Ms. WATSON), my colleague on the committee, for her work on H.R. 504.

Mr. Speaker. I reserve the balance of my time.

Mr. DAVIS of Illinois. Mr. Speaker, it is my pleasure to yield such time as she might consume to the gentlewoman from California, (Ms. WATSON) who is the author of this legislation.

Ms. WATSON. Mr. Speaker, H.R. 504, a bill to rename a post office located in Los Angeles, California, the Ray Charles Post Office, is a small act to commemorate one of the true giants of the 20th century in popular music.

Ray Charles is both a national treasure and a international phenomenon. He was also a long-time resident of Los Angeles and the 33rd Congressional District, living right around the corner from me.

The story of Ray Charles's life is full of paradoxes. It is about rags to riches, the sacred and the profane, and triumph overcoming tragedy. It is the material of Horatio Alger and Mark Twain. It is a uniquely American story; and his music, a melting pot blend of pop, country, gospel, blues and jazz, brilliantly reflects the rich American cultural and musical tapestry in its various shades, shapes, and premonitions.

Much has been written about Ray Charles's life, and his rise from poverty and obscurity in St. Augustine, Florida, to his decision to migrate to Seattle, a decision he made by asking a friend to find him the farthest point from Florida on a map of the Continental United States.

Many of you have probably seen the movie ''Ray,'' and the Oscar-winning performance of Jamie Foxx. What we learned from the life of Ray Charles is that he constantly persevered in the face of adversity and often overwhelming odds. He learned very early that the two constants of life are change and adaptation. Those qualities are reflected in spades in his music.

He secularized gospel music, wed it to jazz rhythms and sensibilities, and popularized, almost singlehandedly, music known as rhythm and blues.

But the music of Ray Charles, as true to his legacy, cannot be confined to one genre or type of music. In 1962, Ray Charles spit in the eye of conventional wisdom, as well as his producers, and recorded one of the great country albums, ''Modern Sounds in Country and Western.'' Billboard Magazine listed it as the number one-selling album for 14 weeks in a row, a feat that has not been duplicated since then.

Ray Charles's accomplishments were all the more profound when we consider that the races in America were still largely segregated, particularly in the South. Ray Charles's revolutionary approach to music was also reflected in his politics and his deep and abiding commitment to Martin Luther King and the plight of the African Americans.

Ray Charles may not have been on the front lines, but he put his money where his mouth was. In his autobiography, Ray Charles wrote about his life-long love affair with music. ''I was born with the music inside me,'' he wrote. ''That is the only explanation I know of. It was, of course, already with me when I arrived on the scene. It was a necessity for me like food or like water.''

Ray Charles has provided comfort to millions of Americans from all races and backgrounds and made their lives brighter with the genius of his music.

In closing, Mr. Speaker, I would note that this legislation, to name a post office in honor of Ray Charles, is but a small tribute to a man who started from nowhere and ended up as a national treasure and a global phenomenon. God bless, Ray Charles.

Mr. MARCHANT. Mr. Speaker, I have no other speakers at the moment and reserve the balance of my time.

Mr. DAVIS of Illinois. Mr. Speaker, I yield myself such time as I might consume to close for our side.

Mr. Speaker, as a member of the House Government Reform Committee, I am pleased to join my colleagues in consideration of H.R. 504, legislation naming a postal facility in Los Angeles, California, after the legendary Ray Charles.

H.R. 504 was introduced by my good friend and colleague, the gentlewoman from California (Ms. WATSON), on February 1, 2005, and unanimously reported by our committee on April 13, 2005.

The bill enjoys the support of the entire California delegation. As we have already heard, Ray Charles was born in Albany, Georgia, on September 23, 1930, and moved with his family to Greenville, Florida.

And like later in his life, Charles's childhood was one marked by tragedy and hardship. At age 5, he watched helplessly as his brother drowned to death in the family bathtub. That same year he became inflicted with glaucoma and lost his sight altogether by the age of 7.

By age 15, both of his parents had died. Displaying courage far beyond his years, Ray Charles persevered during this time of unimaginable hardship. Determined to make something of his life, Ray Charles turned to music. After playing in local clubs, Charles decided that Florida was not the place for his budding music career.

So at age 17 he decided to move to Seattle and sing in a band playing Nat King Cole-style music at area nightclubs. In Seattle, Ray Charles's unparalleled skill drew rave reviews, and he had his first hit at age 19 with the rhythm and blues hit, ''Confession Blues.''

In all, Ray Charles would win an astounding 12 Grammy Awards, including three in 3 consecutive years for ''Hit the Road Jack,'' ''I Can't Stop Loving You,'' and ''Busted.''

Once when Ray Charles was asked if he ever considered taking it easy following all of the success he had had, Charles quickly responded, for what? Music is like a part of me. It is not something I do on the side. It is like my blood line, like my breathing apparatus.

Tragically, Ray Charles did not live long enough to witness the success of the movie hit ''Ray'' that told the story of his life. He died on June 10, last year, shortly before the movie's release. Jamie Foxx did an exemplary job portraying Ray Charles.

The story of Mr. Charles's life is so compelling that it is hard to imagine the American public not becoming engrossed in the story of his life. Ray Charles was truly a man for all seasons, and an incredible gospel, jazz, blues and big band artist, all rolled in one.

He has his own star on Hollywood Boulevard's Walk of Fame. He is the recipient of a bronze medallion presented by the French Republic. His version of Hoagy Carmichael's ''Georgia on My Mind,'' was named the Georgia State song, and he was one of the original inductees into the Rock and Roll Hall of Fame.

Mr. Speaker, I want to thank the gentlewoman from California (Ms. WATSON) for introducing this legislation. Ray Charles was and will always be an American hero and icon. He has given the American people and the entire world the everlasting gift of his beautiful music.

I commend my colleague for seeking to honor the legacy of Ray Charles in this manner. Mr. Speaker, I know that the gentleman from Michigan (Mr. CONYERS), as well as the gentleman from New York (Mr. SERRANO) who are both great patrons of the arts and tremendous lovers of music had intended to be here to make some comments.

Unfortunately, they could not. So I would urge swift passage of this legislation.

Mr. Speaker, I yield back the balance of my time.

Mr. MARCHANT. Mr. Speaker, I urge all Members to support the passage of H.R. 504.

Mr. HASTINGS of Florida. Mr. Speaker, I rise in support of naming the 4960 West Washington Boulevard, Los Angeles, California post office after one of America's greatest musical artists, Ray Charles. As an international icon who mastered many styles from blues and jazz to rock 'n' roll and gospel, Ray Charles deserves this recognition

Born Ray Charles Robinson in Albany, Georgia on September 23, 1930, he would later shorten his name to Ray Charles to avoid confusion with boxer Sugar Ray Robinson. Ray's inspirational life story is well known but deserves retelling.

Blind since childhood and orphaned as a teenager, Ray Charles lived a life that traveled from despair to fame to redemption. He had been playing piano since he was three years old. In 1937, he entered the St. Augustine School for the Deaf and Blind as a charity student, studied classical piano and clarinet, and learned to read and write music in Braille. Both his parents died by the time Ray turned 15.

At that age, Ray Charles left school and joined dance bands in Florida, then moved to Seattle, where a talent content appearance led to work playing at the Elks Club. He formed the McSon Trio with two other musicians—a group modeled on the Nat King Cole jazz group—and they soon moved to Los Angeles where they recorded their first single ''Confession Blues,'' which Charles wrote.

Throughout his life, Ray Charles overcame racial prejudice, drug addiction and other setbacks to forge a singular life in music and popular culture, and as a media celebrity. Charles' intense renditions of classic songs earned him the nickname ''The Genius.''

Charles' litany of awards is numerous. He was an original inductee into the Rock and Roll Hall of Fame. He is also a member of the Blues Foundation Hall of Fame, the Blues Hall of Fame, the Songwriters' Hall of Fame, the Grammy Hall of Fame, the Jazz Hall of Fame, the Florida Artists Hall of Fame, and the Georgia Music Hall of Fame to name some. His definitive version of Hoagy Carmichael's 1930 classic ''Georgia on My Mind'' (1960) became the official state song of Georgia.

Ray said once, ''Music's been around a long time, and there's going to be music long after Ray Charles is dead. I just want to make my mark, leave something musically good behind. If it's a big record, that's the frosting on the cake, but music's the main meal.''

Mr. Speaker, we all can dine on his wide assortment of musical treats. Ray Charles' American legacy is well served by the naming of a public building after him.

Mr. RANGEL. Mr. Speaker, it greatly pleases me that Congress has decided to name the facility of the United States Postal Service located at 4960 West Washington Boulevard in Los Angeles, California after Ray Charles. He fully deserves this honor, and I congratulate Congresswoman DIANE WATSON for sponsoring this successful and appropriate legislation.

In a career that spanned more than 50 years, Ray Charles enjoyed immense fame in the U.S. and abroad. His music unified people, crossing all lines of nationality, race, age and class. His music was universal in appeal and style, from gospel to country and everything in between. Sightless, he uniquely opened the eyes of all people to appreciate the beauty and talent of others.

He saw no differences in the aspirations of all people for freedom and justice. He advocated with equal vigor on behalf of African Americans for civil rights, freedom for South Africans and security for the people of Israel.

In his own life, he overcame blindness, poverty, racial discrimination, and personal failures, including drug abuse, to become a beacon of hope for anyone faced with challenges of any kind.

Ray Charles deserves to have a post office named after him, and more. I have introduced legislation that would award him the Congressional Gold Medal for his lifetime of achievement and service to the world community. I hope Congress supports this legislation and continues to honor this great man.

Mr. MARCHANT. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Texas (Mr. MARCHANT) that the House suspend the rules and pass the bill, H.R. 504.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

SERGEANT BYRON W. NORWOOD POST OFFICE BUILDING

Mr. MARCHANT. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 1001) to designate the facility of the United States Postal Service located at 301 South Heatherwilde Boulevard in Pflugerville, Texas, as the ''Sergeant Byron W. Norwood Post Office Building''.

The Clerk read as follows:

H.R. 1001

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SERGEANT BYRON W. NORWOOD POST OFFICE BUILDING.

(a) DESIGNATION.—The facility of the United States Postal Service located at 301 South Heatherwilde Boulevard in Pflugerville, Texas, shall be known and designated as the ''Sergeant Byron W. Norwood Post Office Building''.

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the facility referred to in subsection (a) shall be deemed to be a reference to the ''Sergeant Byron W. Norwood Post Office Building''.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Texas (Mr. MARCHANT) and the gentleman from Illinois (Mr. DAVIS) each will control 20 minutes.

The Chair recognizes the gentleman from Texas (Mr. MARCHANT).

□ 1045

GENERAL LEAVE

Mr. MARCHANT. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on H.R. 1001.

The SPEAKER pro tempore (Mr. GRAVES). Is there objection to the request of the gentleman from Texas?

There was no objection.

Mr. MARCHANT. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 1001 is an important piece of legislation that names this Pflugerville, Texas, Post Office as the Sergeant Byron W. Norwood Post Office Building.

I am proud the House is considering this bill today because Sergeant Byron Norwood is, without question, an American hero.

Mr. Speaker, Byron Norwood grew up in Pflugerville, a small town outside of Austin, and enjoyed playing the trumpet in the high school jazz band and marching band. He was a star in several high school theater productions. After graduation, he joined the Marines, following in the footsteps of both of his grandfathers who served with the Marine Corps during World War II. He ultimately became a sergeant assigned to the 3rd Battalion, 1st Marine Regiment, 1st Marine Division in Camp Pendleton, California.

Mr. Speaker, Sergeant Norwood bravely served two tours of duty in Iraq. During his second tour he was tragically killed by a sniper in the Anbar province of Iraq on November 13 of 2004. In the trying days that followed, Byron's mother, Janet Norwood, wrote a letter to President Bush to say how dedicated her son was to his country. Mrs. Norwood said in the letter that in spite all that the family had been through, they still supported the war. Afterwards, the White House invited Mr. and Mrs. Norwood to the State of the Union speech.

Mr. Speaker, I would like to thank my colleague, the gentleman from Texas (Mr. MCCAUL), for introducing this legislation and seeing it to the floor today.

Mr. Speaker, I reserve the balance of my time.

Mr. DAVIS of Illinois. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, as a member of the House Committee on Government Reform, I am pleased to join my colleague in consideration of the H.R. 1001, legislation naming a U.S. postal facility in Pflugerville, Texas, after Sergeant Byron Norwood.

H.R. 1001 was introduced by the gentleman from Texas (Mr. MCCAUL) on March 1, 2005 and unanimously reported by our committee on April 13, 2005. The bill enjoys the support and cosponsorship of the entire Texas delegation.

Sergeant Byron W. Norwood died on November 13, 2004, as a result of enemy action in Fallujah. Sergeant Norwood was assigned to the 3rd Battalion, 1st Marine Regiment, 1st Marine Division, I Marine Expeditionary Force, in Camp Pendleton in California before being deployed to Iraq.

Sergeant Norwood was recognized by the President posthumously during his State of the Union address for his bravery and sacrifice to our country. The President also recognized Sergeant Norwood's parents, Janet and Bill, for the tremendous grace they displayed in the wake of their son's death.

A native of Texas, Byron was well liked by his fellow soldiers because not only was he an exemplary soldier, but he was also a terrific person. He was described by members of his regiment as a person who was not afraid to show his emotions, and was always there to listen and lend support to his friends during difficult times.

Mr. Speaker, it is important that during times of war we take time to remember its human cost, that people as loving and caring as Sergeant Byron Norwood are sacrificing their lives to protect ours.

Mr. Speaker, I want to thank the gentleman from Texas (Mr. MCCAUL) for introducing this legislation. It is a wonderful tribute to a great man and an extraordinary soldier. I urge swift adoption of this bill.

Mr. Speaker, I yield back the balance of my time.

Mr. MARCHANT. Mr. Speaker, I yield such time as he may consume to the gentleman from Texas (Mr. MCCAUL).

Mr. MCCAUL of Texas. Mr. Speaker, I would like to thank my colleague and fellow classmate, the gentleman from Coppell, Texas (Mr. MARCHANT), for yielding me time.

Mr. Speaker, this morning I rise in support of this bill which I introduced to name the Pflugerville Post Office after Marine Sergeant Byron Norwood.

I am honored to come before the House and the American people to tell them of the sacrifice of the family and the heroics of a Marine who embodies all who are engaged in helping keep this world safe.

You may remember one of the high points of President Bush's State of the Union address is when he honored the memory of Sergeant Norwood, who was killed last November during the assault on Fallujah in Iraq.

There the President said, ''We have said goodbye to some very good men and women who died for our freedom, and whose memory this Nation will honor forever. One name we honor is Marine Corps Sergeant Byron Norwood. Ladies and gentlemen, with grateful hearts we honor our military families represented here this evening by Sergeant Norwood's mom and dad, Janet and Bill Norwood.''

The President read from a letter Byron's mother wrote to him. She said, ''When Byron was home the last time, I said that I wanted to protect him like I had since he was born. He just hugged me and said, 'You've done your job, Mom. Now it's my turn to protect you.'''

He protected not only his mother, but the Nation.

President Bush honored Sergeant Norwood's parents, Bill and Janet, who stood up to represent all of the families who have found themselves paying the ultimate price for freedom. And we all remember the embrace between Janet and Safia from Iraq right here in the Chamber of this House, up there. It was truly the defining moment of the State of the Union.

The cameras panned towards the Norwoods seated behind First Lady Laura Bush. The Members of the Congress, the Cabinet and assembled dignitaries turned and recognized Mr. and Mrs. Norwood with applause. With the eyes of the Nation on the Norwoods, a woman seated next to Mrs. Bush named Safia, an Iraqi refugee and activist against Saddam Hussein's terrible regime, turned and embraced Mrs. Norwood. It was truly a remarkable moment of gratitude that was seen around the world. And it was one of the most emotional experiences in the long history of State of the Union speeches.

In some of the fiercest fighting since the fall of Saddam Hussein, Sergeant Norwood and his fellow Marines waged an assault to liberate Fallujah from the evil that impeded our efforts to free and liberate the people of Iraq. During the fighting, Sergeant Norwood found himself positioned outside of a house where seven of his fellow Marines were being held captive by the insurgents. A trained and experienced Marine, Norwood stormed the residence and freed his band of brothers from their captors. Tragically, during his efforts to liberate his buddies, Sergeant Norwood was mortally wounded.

But by his actions Sergeant Norwood embodied the verse found in the Gospel of John, Chapter 15:13, ''Greater love hath no man than this, that a man lay down his life for his friends.''

Sergeant Byron Norwood loved his country, and we as a Nation can do something to honor the sacrifice he made in saving the lives of those seven Marines. Today I ask my colleagues' support for legislation to name the post office in Pflugerville after Sergeant Byron Norwood.

When I approached Bill and Janet Norwood with the idea of naming the post office in Pflugerville after their son, they were humble; but they wanted to make sure that this bill would honor not only Byron but all of our fallen heroes, and today we can honor their request.

In a letter sent to me by Sergeant Norwood's mother, Janet, they wrote a very compelling and powerful message to me. This is a picture of Sergeant Byron Norwood and she wrote to me, ''Representative MCCAUL, we wanted you to know how much we have appreciated your visits to our home. It was a pleasure to meet you and Linda and to be able to share more about Byron with you. Knowing that you and so many other Americans honor and respect his sacrifice helps greatly to ease our sorrows.

''Thank you also for the flag, the one that was flown over the Capitol on the day that Byron died, which will always have a special place in the beautiful display box with his other treasures from his Marine Corps service.

''He would be so amazed and so proud. The whole idea of naming the post office is such a stunning honor. One of the things we worried about was that people would soon forget about Byron. If your bill passes, that will never happen and that is such a great comfort.''

No, we will not forget about Byron and we will not forget about the other fallen heroes defending freedom. As with all the parents I have met with who have lost a loved one in this war, they all say the same thing, ''Finish the job.''

We must realize that while this Federal building will bear his name, it will also stand as a symbol for all those who have died in the name of America's freedom and security by showing the world Americans never forget their heroes. Today we can honor those heroes through Sergeant Byron Norwood by giving the post office in his hometown his name.

Mr. Speaker, naming the Pflugerville, Texas, Post Office for Marine Sergeant Byron Norwood is the very least we can do for the memory and the family whose son paid the ultimate sacrifice.

May God bless Janet and Bill Norwood and may He hold Byron in the palm of His hand.

Mr. MARCHANT. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am very pleased to be a cosponsor of House Resolution 1001 that honors Sergeant Byron Norwood. I urge all Members to support this legislation.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Texas (Mr. MARCHANT) that the House suspend the rules and pass the bill, H.R. 1001.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

RECOGNIZING A NATIONAL WEEK OF HOPE IN COMMEMORATION OF THE 10-YEAR ANNIVERSARY OF THE TERRORIST BOMBING IN OKLAHOMA CITY

Mr. MARCHANT. Mr. Speaker, I move to suspend the rules and agree to the resolution (H. Res. 184) recognizing a National Week of Hope in commemoration of the 10-year anniversary of the terrorist bombing in Oklahoma City.

The Clerk read as follows:

H. RES. 184

Whereas on April 19, 1995, at 9:02 a.m. central daylight time in Oklahoma City, Oklahoma, America was attacked in one of the worst terrorist attacks on American soil, killing 168 and injuring more than 850 Americans;

Whereas this dastardly act of domestic terrorism affected thousands of families and horrified millions of people across the State of Oklahoma and the United States;

Whereas the people of Oklahoma and the United States responded to this tragedy through the remarkable efforts of local, State, and Federal law enforcement, fire, and emergency services, search and rescue teams from across the United States, public and private medical personnel, and thousands of volunteers from the community who saved lives, assisted the injured, comforted the bereaved, and provided meals and support to those who came to Oklahoma City to help those endangered or otherwise affected by this terrorist act;

Whereas the people of Oklahoma and the United States pledged themselves to create, build, and maintain a permanent national memorial to remember those who were killed, those who survived, and those changed forever;

Whereas the Oklahoma City National Memorial draws hundreds of thousands of visitors from around the world every year to the site of this tragic event in American history;

Whereas the Oklahoma City National Memorial brings comfort, strength, peace, hope, and serenity to the many visitors who come to the memorial and museum each year to remember and to learn about this tragic event;

Whereas the 10th anniversary of the terrorist bombing of the Alfred P. Murrah Federal Building in Oklahoma City, Oklahoma, is on April 19, 2005; and

Whereas the Oklahoma City National Memorial will commemorate the anniversary of the terrorist bombing by recognizing the week of April 17–24, 2005, as the National Week of Hope, which will include a day of faith, a day of understanding, a day of remembrance, a day of sharing, a day of tolerance, a day of caring, and a day of inspiration, and the annual Oklahoma City Memorial Marathon, A Run to Remember: Now, therefore, be it

Resolved, That the House of Representatives—

(1) joins with all Americans to send best wishes and prayers to the families, friends, and neighbors of the 168 people killed in the terrorist bombing of the Alfred P. Murrah Federal Building;

(2) thanks the thousands of first responders, rescue workers, medical personnel, and volunteers from the Oklahoma City community and from communities around the Nation who answered the call for help that April morning and in the days and weeks that followed;

(3) sends best wishes and thoughts to those injured in the bombing, and expresses gratitude for their recovery;

(4) resolves to stand with all Americans to promote the goals and mission established by the Oklahoma City National Memorial as stated in the following mission statement of the memorial: ''We come here to remember those who were killed, those who survived, and those changed forever. May all who leave here know the impact of violence. May this memorial offer comfort, strength, peace, hope, and serenity.'';

(5) encourages Americans to observe a National Week of Hope—

(A) to commemorate the 10th anniversary of the Oklahoma City bombing; and

(B) to allow each American to participate in an event each day of that week to teach a lesson that—

(i) hope can exist in the midst of political violence;

(ii) good endures in the world even among those who commit bad acts; and

(iii) there is a way to resolve differences other than by resorting to terrorism or violence;

(6) congratulates the people of Oklahoma City for making tremendous progress over the past decade and for demonstrating their steadfast commitment to such lessons; and

(7) applauds the people of Oklahoma City as they continue to persevere and to stand as a beacon to the rest of the Nation and the world attesting to the strength of goodness in overcoming evil wherever it arises.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Texas (Mr. MARCHANT) and the gentleman from Illinois (Mr. DAVIS) each will control 20 minutes.

The Chair recognizes the gentleman from Texas (Mr. MARCHANT).

GENERAL LEAVE
