FREEDOM FOR ARMANDO  
BETANCOURT REINA

**HON. LINCOLN DIAZ-BALART**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Friday, June 9, 2006*

Mr. LINCOLN DIAZ-BALART of Florida. Mr. Speaker, I rise today to speak about Armando Betancourt Reina, a political prisoner in totalitarian Cuba.

Mr. Betancourt Reina is an independent journalist and has been a chronicler of truth amid the lies and deceit of Castor's villainous regime. Mr. Betancourt Reina works and writes to inform the world about the nightmare that is the Castro regime. Unfortunately, writing and reporting the truth is not allowed under Castro's tyrannical dictatorship. All attempts to portray the absolute lack of freedom in totalitarian Cuba are viciously attacked and their authors are imprisoned and harassed.

According to Directorio and the Committee to Protect Journalists, Mr. Betancourt Reina was detained on May 23, 2006, in the city of Camagüey where the police were carrying out violent evictions. He was covering yet another atrocity committed by the regime against the Cuban people. In an attempt to suppress the truth about these violent evictions from the world, Castro's thugs arrested and imprisoned Mr. Betancourt Reina. Mr. Betancourt is locked in the totalitarian gulag, but he has not yet been charged with a "crime."

I remind my colleagues that, under Castro's totalitarian regime, any freedom of the press, any effort to display the atrocities of the regime under the spotlight of truth, is met with swift and violent repression.

Let me be very clear, Mr. Betancourt Reina is currently languishing in the depraved conditions of the totalitarian gulag for his truthful articles. The U.S. State Department describes the conditions in the gulag as, "harsh and life threatening." The State Department also reports that police and prison officials beat, neglect, isolate, and deny medical treatment to detainees and prisoners. It is a crime of the highest order that people are imprisoned in these nightmarish conditions simply for reporting the facts.

Mr. Betancourt Reina is a brilliant example of the heroism of the Cuban people. Despite incessant repression, harassment, incarceration and abuse, he remains committed to the conviction that freedom of the press and democracy are the inalienable right of the Cuban people. Let us never forget and always support those who are struggling to liberate people from the grip of tyranny.

Mr. Speaker, it is as inconceivable as it is unacceptable that, while the world stands by in silence and acquiescence, independent journalists who write the truth about totalitarian regimes are systematically tortured. My colleagues, we must demand the immediate and unconditional release of Armando Betancourt Reina and every political prisoner in totalitarian Cuba.

IN RECOGNITION OF MR. JAMES  
"JIMMY" AYCOCK

**HON. WALTER B. JONES**

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

*Friday, June 9, 2006*

Mr. JONES of North Carolina. Mr. Speaker, I rise today to recognize Mr. James "Jimmy" Aycock, a native of Fremont, North Carolina, for his dedicated service to his community.

A man of strong faith, Jimmy has been blessed by God with outstanding musical talent. For years, he has shared his talent with others in his community and helped young people develop their own musical talents.

Jimmy began his expansive musical career at the age of 14 and has been a presence on the Carolina scene for more than 50 years as an accomplished pianist, composer, and musical arranger.

In May of this year, the town board of Fremont, North Carolina honored Jimmy with a resolution of appreciation for his 40 years of dedicated service to the community. The resolution expressed gratitude for Jimmy's unselfish contributions of his time and energy.

As a teacher in the North Carolina public school system for more than three decades, Jimmy has made tireless contributions to the musical education of the state's young people. Appointed by Governors Jim Martin and Jim Hunt to serve on the North Carolina Arts Council, he has also volunteered his time and talent by playing at cancer benefits and performing for the Governor of North Carolina.

In an upcoming documentary intended for national broadcast, Jimmy will be the first artist honored in a program by November Entertainment entitled "Carolina Icons." The program aims to exemplify the best of North Carolina's artistic culture. The documentary will feature interviews with Jimmy and those who know him, as well as video of his work in the classroom and in concert.

For Jimmy's long-time service to his community and generous contributions of his time and musical talent, recognition and praise are long overdue.

Jimmy Aycock is a man who has given so much of himself to God and to his fellow man, and I consider it an honor and a privilege to call him a friend.

HONORING THE SILVER CRESCENT  
FOUNDATION AND WINNERS OF  
THE 2006 SILVER CRESCENT  
AWARD

**HON. BOB INGLIS**

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

*Friday, June 9, 2006*

Mr. INGLIS of South Carolina. Mr. Speaker, I rise today to recognize the Silver Crescent Foundation and the winners of the 2006 Silver Crescent Award.

The prestigious Silver Crescent Award for Manufacturing Excellence is a salute to manufacturers in the State of South Carolina. This award is intended to promote wealth, innovation, and job creation in the State, and to recognize companies in South Carolina who excel in manufacturing.

I am pleased to announce the winners of this year's Silver Crescent Award for Manufacturing Excellence. The three award winners are Jarden Plastic Solutions, Westminster's U.S. Engine Valve, and Bridgestone Firestone's Graniteville plant. Jarden Plastic Solutions is located in my district in Greer, and they are an industry innovator specializing in high-volume precision injection molding. The company designs, engineers, and manufactures everything from recreational equipment to advanced healthcare tools. Bridgestone Firestone is one of the world's top tire producing plants. They are no strangers to success. In 2003, Bridgestone Firestone's Graniteville plant was also named one of the top 10 plants in North America by Industry Week. Finally, Westminster's U.S. Engine Valve is a first class provider of automotive engine components. This is the second time they have received the Silver Crescent Award. These three manufacturers know the keys to success, and I am proud that they call South Carolina home.

To build the next generation of manufacturers and engineers, the Silver Crescent Foundation organizes Camp Success. The goal of Camp Success is to get middle school and high school kids excited about engineering, math, and science. The camp uses state of the art technology to give kids the firm foundation they will need to become highly skilled professionals. By investing time, effort, and money in our kids, Camp Success ensures that South Carolina and our Nation will have the tools necessary to compete in tomorrow's global economy.

I am extremely proud of the Silver Crescent Foundation's efforts in the State of South Carolina. Under the leadership of President Tony Smith along with excellent award sponsors like the South Carolina Research Authority and the Advanced Technology Institute, the Silver Crescent Foundation is leading the way toward a bright future for South Carolina's manufacturers and a new generation of engineers and manufacturers.

Mr. Speaker, please join me as I commend this year's winners, the Silver Crescent Foundation, and everyone involved in the success of South Carolina manufacturing.
