

part of the natural heritage of the United States, safe and clean for the continued enjoyment of the public.

Mr. MARTINEZ. Mr. President, I rise today to submit a resolution that will honor June 28, 2006 through July 5, 2006 as National Clean Beaches Week.

I want to thank my colleague from New Jersey, Senator LAUTENBERG, for agreeing to cosponsor this resolution with me as well as Senators SNOWE, LOTT, MENENDEZ, and STABENOW so we as a nation can recognize the incredible importance beaches and coastal areas have not only for our economy but our Nation's recreational, aesthetic, and environmental wellbeing.

According to data provided by the National Oceanic and Atmospheric Administration, 85 percent of tourism revenue generated in the U.S. comes from coastal areas. The Environmental Protection Agency has also stated that a staggering 2 billion trips are made by Americans to beaches and coastal areas to fish, swim, surf, sunbathe, recreate, and enjoy our Nation's beautiful scenery.

Every year roughly 80 million people visit the Sunshine State to enjoy its beautiful beaches, exciting amusement parks, and wonderfully abundant wildlife and natural splendor. The tourism industry alone directly employs nearly 840,000 Floridians and provides an economic impact of \$57 billion to our State's economy. Of the 80 million visitors, a great deal came to Florida to enjoy its pristine coastline and wonderful climate. Families return, year after year, to their favorite vacation spots to relax under our brilliant blue skies, powdery white beaches, and crystal-clear emerald waters. The people of Florida share a love and appreciation of the Atlantic Ocean and the Gulf of Mexico, its coastal habitat, and our wetlands which make it a very complex ecosystem and a very special place to live.

Our beaches and coastline in Florida are very important to the people of Florida. The resolution I submit today will support a national effort to recognize the importance of keeping our beaches clean and vibrant, to continue to support our Nation's ecological treasures for future generations to enjoy, and to encourage Americans of all ages and backgrounds to marvel at their splendor. I urge my colleagues to become a cosponsor and support designating June 28th through July 5th 2006, as National Clean Beaches Week.

SEC. 352. REPORT ON AERIAL TRAINING AIRSPACE REQUIREMENTS OF THE DEPARTMENT OF DEFENSE.

(a) FINDINGS.—Congress makes the following findings:

(1) Access to and use of available and unfettered aerial training airspace is critical for preserving aircrew warfighting proficiency and the ability to test, evaluate, and improve capabilities of both personnel and equipment within the most realistic training environments possible.

(2) The growth of civilian and commercial aviation traffic and the rapid expansion of commercial and general air traffic lanes across the continental United States has left few remaining areas of the country available for realistic air combat training or expansion of existing training areas.

(3) Many Military Operating Areas (MOAs) originally established in what was once open and uncongested airspace are now encroached upon by a heavy volume of commercial and general air traffic, making training more difficult and increasingly hazardous.

(4) Some aerial training areas in the upper great plains, western States, and Gulf coast remain largely free from encroachment and available for increased use, expansion, and preservation for the future.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Department of Defense should—

(1) establish a policy to identify military aerial training areas that are projected to remain viable and free from encroachment well into the 21st century;

(3) undertake all necessary actions in a timely manner, including coordination with the Federal Aviation Administration, to expand and preserve those areas of airspace to meet present and future training requirements.

(c) REPORT.—Not later than 120 days after the date of the enactment of this Act, the Secretary of Defense shall submit to the congressional defense committees a report setting forth a proposed plan to preserve and expand available aerial training airspace to meet the projected needs of the Department of Defense for such airspace through 2025.

SEC. 1084. SENSE OF THE SENATE ON DESTRUCTION OF CHEMICAL WEAPONS.

(a) FINDINGS.—The Senate makes the following findings:

(1) The Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction, done at Paris on January 13, 1993 (commonly referred to as the “Chemical Weapons Convention”), requires all United States chemical weapons stockpiles be destroyed by no later than the extended deadline of April 29, 2012.

(2) On April 10, 2006, the Department of Defense notified Congress that the United States would not meet even the extended deadline under the Chemical Weapons Convention for destruction of United States chemical weapons stockpiles.

(3) Destroying existing chemical weapons is a homeland security imperative, an arms control priority, and required by United States law.

(4) The elimination and nonproliferation of chemical weapons of mass destruction is of utmost importance to the national security of the United States.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that—

(1) the United States is committed to making every effort to safely dispose of its chemical weapons stockpiles by the Chemical Weapons Convention deadline of April 29, 2012, or as soon thereafter as possible, and will carry out all of its other obligations under the Convention;

(2) the Secretary of Defense should prepare a comprehensive schedule for safely destroying the United States chemical weapons stockpiles to prevent further delays in the destruction of such stockpiles, and the schedule should be submitted annually to the congressional defense committees separately or as part of another required report; and
