

water security needs in a military field environment and the public sector.

Requesting Member: Congressman TIM MURPHY.

Bill Number: S. 3001.

Account: Department of Defense, Navy, RDT&E, Force Protection Advanced Technology Account.

Legal Name of Requesting Entity: Curtiss-Wright.

Address of Requesting Entity: 291 Westec Drive, Mt Pleasant, PA 15666.

Description of Request: Appropriation in the amount of \$1 million for Navy High Power Density Motor Drive. Funding will complete drive design and initiate prototype assembly of High Power Density Motor Drive for Naval Submarine and Surface Ship Applications to meet the Navy's need for a motor drive that is power dense, lightweight, with low distortion and noise, high efficiency and high reliability as a companion to the Extreme Torque Motor (XTM). The drive is the element which provides proper energy to the motor, allowing for variable speed and direction. Advances in control techniques and the combination of several power electronics technologies will enable the development of a drive system design that meets all of the Navy's requirements. The motor concept is based on Harmonically Neutralized Frequency Converter (HNFC) technology, a combination of proven power conversion techniques that have been used for several decades in icebreaker and cruise ship propulsion systems. Integration of this drive technology with XTM motor development offer will enable the design of a complete Navy "system", optimized for high demands of propulsion. This is an ongoing project of the U.S. Navy.

Requesting Member: Congressman TIM MURPHY.

Bill Number: S. 3001.

Account: Department of Defense, Army, RDT&E, Munitions Standardization, Effectiveness and Safety Account.

Legal Name of Requesting Entity: National Center for Defense Manufacturing & Machining.

Address of Requesting Entity: 1600 Technology Way, Latrobe, PA 15650.

Description of Request: Appropriation in the amount of \$1 million for Virtual Opportunity and Information Center (VOICe). The National Center for Defense Manufacturing & Machining (NCDMM) has been working with private industry under congressional support to produce a Virtual Opportunity and Information Center (VOICe) that matches the requirements of DoD and original equipment manufacturers to the capabilities of small to medium manufacturers in Western Pennsylvania. Many of these contracts require state-of-the-art machining tools and techniques in order for the subcontractor to be successful. To assure small manufacturers bid successfully and fulfill all contract requirements, the NCDMM will work in partnership with industry to build a Virtual Opportunity and Information Center (VOICe). VOICe will match opportunities with job shops, as well as supply best practices and requisite knowledge to solutions in high-speed machining, new machining techniques, use of advanced measuring and testing equipment and protocol, work holding, five-axis machining and other best practices.

Requesting Member: Congressman TIM MURPHY.

Bill Number: S. 3001.

Account: Department of Defense, Army, RDT&E, Weapons and Munitions Advanced Technology Account.

Legal Name of Requesting Entity: Kennametal.

Address of Requesting Entity: 1600 Technology Way, Latrobe, PA 15650.

Description of Request: Appropriation in the amount of \$1.6 million for Advanced Medium Caliber Tungsten Penetrators. Funding is needed to continue development and conduct testing of advanced Tungsten alloys that have the promise to deliver superior performance compared to Depleted Uranium, and Tungsten/Nickel/Cobalt alloys. Funding for this project will continue a multi-phased program that investigates several Tungsten alloy candidates and consolidation techniques. After laboratory characterization, multiple iterations of ballistic testing in a variety of weapons systems are planned. Successful completion of this phase will allow the Army to investigate the use of new Tungsten penetrators in current and FCS weapons systems. The effort will involve the U.S. Army Research Laboratory, Aberdeen, Maryland, and the U.S. Army ARDEC at Picatinny Arsenal, to ensure programs are properly targeted and result in new technology acquisition.

#### HONORING THE LIFE OF NORMA DANIELS

#### HON. JERRY MORAN

OF KANSAS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 24, 2008*

Mr. MORAN of Kansas. Madam Speaker, I rise today to honor the life of Norma Daniels. My thoughts and prayers go out to her husband Bob and the rest of the Daniels family during this time of loss.

I admit that I have trouble knowing where to begin when it comes to honoring Norma. You could call her Madam Chairperson—she was the chair of the Kansas Rural Development Council. You could call her “nurse,” as that was her original occupation. Thousands of people called her “Senator,” and seven people call her “Mom.”

Norma was born in Yates Center, a town of about 1800 people in Woodson County, KS. She was raised in Kansas City, MO and did her undergraduate work at St. Louis University. After becoming a registered nurse, she met a young medical student at a hospital in Kansas City named Bob Daniels. Bob went on to complete his internship at St. Francis Hospital in Wichita, and while there, the two were married. Bob and Norma raised 6 daughters and 1 son.

Knowing of her extensive service to her community through various volunteer organizations, Bob raised the question of whether Norma should run for City Council. Norma reacted in shock, saying she didn’t know anything or care about politics.

Sometime later, she was paying her city water bill and asked the city clerk what it would take to run for city council. The clerk re-

plied, “Who would like to know—certainly not you, Norma.” She answered, “Why not?” The clerk said, “City business is like big business, and women just don’t understand it.” That was all the motivation that she needed. Norma ran for and won a seat on the city council, and never looked back—winning every election she entered.

Norma knew she was a novice and became a student of government, reading through ordinance books and state laws and visiting the police and fire stations to learn the laws. Her work paid off, and her successful career on the city council and encouragement from her community led her to challenge a long time incumbent Kansas State Senator. She became the first female State Senator ever elected from Sedgwick County, winning by only 176 votes of the nearly 23,000 cast. The media called her victory a fluke, but they were wrong. She was re-elected to the Senate twice more, and in January of 1993 she retired.

I had the opportunity to serve with Norma in the Kansas State Senate. Norma was a tireless advocate for her constituents and always a professional. Her list of honors and activities is remarkable. She was one of the first to represent Kansas in Tokyo at the Japan American Grassroots Summit, a founder of the Valley Center Swim Club and a co-leader of the Girl Scouts. But she kept it all in perspective. Throughout her life she was a believer of rural America, saying that is where the real diamonds of family life are found. She found great happiness in serving others and in making life a little better for those who needed a hand, and that is why Madam Speaker, I rise to honor her today.

#### PERSONAL EXPLANATION

#### HON. JERRY WELLER

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 24, 2008*

Mr. WELLER of Illinois. Madam Speaker, had I been present for Rollcall votes 616 through 618. I was absent on Monday, September 24th due to personal reasons.

If I were present I would have voted, “Aye” on Rollcall vote 616, “Aye” on Rollcall vote 617, and “Aye” on Rollcall vote 618.

#### CELEBRATING THE 97TH NATIONAL DAY OF THE REPUBLIC OF TAIWAN

#### HON. DAN BURTON

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 24, 2008*

Mr. BURTON of Indiana. Madam Speaker, I rise as a senior member of the House Foreign Affairs Committee and member of the House Taiwan caucus, to honor the people of the Republic of China (Taiwan)—a strong strategic partner and ally not only to the United States but also among the democratic nations of our world—as they prepare to celebrate their 97th National Day on October 10th.

Taiwan’s National Day, also known as Double Ten Day for its date on October 10th,

marks the start of the revolution that toppled the Qing dynasty and established the Republic of China, the first republic in Asia. Many Chinese on Taiwan have compared the celebration of this day with our own Independence Day and celebrate with the notable spectacle of parades and fireworks.

It has been nearly a century since October 10, 1911 and the ROC on Taiwan has become a full-fledged democracy. Just twenty some years ago, Taiwan was a closed authoritarian society with no freedom of speech, no freedom of assembly, and no right to vote. It now has robust political parties, and virtually every office in Taiwan is contested through free and fair elections. This past March, Taiwan successfully concluded the fourth popular election for president since 1996, showing once again her unwavering commitment to democracy and freedom. May Taiwan long continue to be a beacon of prosperity and freedom for all of Asia.

I believe that all Americans should be proud that Taiwan and the United States have enjoyed such a strong and durable relationship. Taiwan is one of our largest trading partners and the cultural exchanges between our two peoples are as vibrant as they have ever been. We are committed to defending Taiwan under the framework of the Taiwan Relations Act, and we are fully committed to a peaceful solution of the Taiwan issue; no military conflict should ever occur in the Taiwan Strait.

Taiwan has stood shoulder to shoulder with the United States to combat the scourge of global terrorism; and the people of Taiwan have always given generously in our greatest times of need with monetary contributions to the Twin Towers Fund, Pentagon Memorial Fund and through offer of humanitarian assistance to victims of Hurricane Katrina. Taiwan and the United States are not merely allies; we are friends and partners in the truest sense of the words.

I have been a long-time supporter of Taiwan and hope that my colleagues and I will continue to improve relations not only between the United States and Taiwan but between Taiwan and the international community. It is imperative that the United States take more active steps to support Taiwan's ongoing efforts to participate in the World Health Organization, the United Nations, and the Asia-Pacific Economic Cooperation (APEC) group and other regional and multi-national organizations. It is regrettable that Taiwan has been excluded from these organizations. It has been a gross injustice to deny Taiwan's 23 million people their proper voice in the world.

I myself have been to Taiwan on numerous occasions and have supported the work of its leaders through tremendous challenges, particularly in reference to cross-strait relations. As we continue to work toward solutions in this region of the world, let us commemorate and remember the ongoing commitment to democracy exemplified by Taiwan.

Madam Speaker, I would ask all of my colleagues to join me now to thank the people of Taiwan for their friendship, to congratulate them on the 97th Anniversary of National Day, and to renew our commitment to further develop and strengthen the bonds between our two peoples.

#### EARMARK DECLARATION

##### HON. ELTON GALLEGLY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 24, 2008*

EARMARKS FOR FY 09 DEFENSE APPROPRIATIONS BILL, INCLUDED IN OF THE SENATE AMENDMENT TO H.R. 2638—CONSOLIDATED SECURITY, DISASTER ASSISTANCE, AND CONTINUING APPROPRIATIONS ACT, 2009

Mr. GALLEGLY. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of the Senate Amendment to H.R. 2638—Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009:

Requesting Member: Representative ELTON GALLEGLY, CA-24.

Bill: The Senate Amendment to H.R. 2638—Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009.

Account: Research, Development, Testing, and Evaluation, Navy, Line 94, Electronic Warfare Development.

Legal name and address of receiving entity: NAVCWD Point Mugu at Naval Base Ventura County, Point Mugu, CA 93042.

Description of Request: This \$1,600,000 would be for the development and construction of the Enhanced Electronic Warfare laboratory at NAVCWD Point Mugu. This laboratory upgrade at Point Mugu would directly support EA-18G, EA-6B, MH-60, and the E-2C platform development. In order to be effective in modern battle scenarios that contain multiple threats, the EW weapon system requires the exact location and type of all the threats in a 360 degree, or 4 quadrant, field of view. The lack of a four quadrant simulation capability does not allow for complete lab testing of modern EW weapons systems. Four quadrant lab testing results in cost savings and more accurate test results due to the repeatability of test data without having to repeat test flights.

Requesting Member: Representative ELTON GALLEGLY, CA-24.

Bill: The Senate Amendment to H.R. 2638—Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009.

Account: Other Procurement, Navy, Line #91, Aviation Support Equipment, Weapons Range.

Legal name and address of receiving entity: Argon ST, located at 2810 Bunsen Avenue, Ventura, CA 93003.

Description of request: This \$1.28 million increase to this account will be used to fabricate Advanced Ground Target Threat Simulators (AGTTS) that simulate current threats and to develop AGTTS that simulate new emerging threats that U.S. personnel and their weapon systems may have to face. The AGTTS program will provide the majority of the land-based simulators that U.S. forces will be able to use for weapons T&E and operator training. I am told that the funding will be used to design, analyze, develop, field and sustain the AGTTS.

Requesting Member: Representative ELTON GALLEGLY, CA-24.

Bill: The Senate Amendment to H.R. 2638—Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009.

Account: Other Procurement, Army, Line 118, Communications and Electronics Equipment, Items under \$5 million.

Legal name and address of receiving entity: ITT/EDO, 2193 Anchor Court, Thousand Oaks, CA 91320.

Description of request: This \$1,600,000 would upgrade and replace GPS survey tools for Army topographic engineers. The current instruments face a growing parts obsolescence problem and are subject to GPS jamming. This would create as many as fifty jobs in Ventura County. I am told that approximately half of the funding would be used to update and integrate real-time kinematic algorithms and modify SAASM software; approximately 25% of the remaining funding would be used to test data collection software and a handheld controller; and the remaining funding would be used to complete and test the prototype system.

Requesting Member: Representative ELTON GALLEGLY, CA-24.

Bill: The Senate Amendment to H.R. 2638—Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009.

Account: RDT&E, Navy, Line 70, PE# 0603795N, Land Attack Technology.

Legal name and address of receiving entity: MBDA, 5701 Lindero Canyon Road, Suite 4 100, Westlake Village, CA 91362.

Description of request: This increase in this account would allow the Navy to continue development of innovative missile solutions for an Affordable Weapons System (AWS), capable of operating from ships and with a potential Navy/USMC airborne launch capability. Phase I, under completion, will define detailed weapon system missions, system and subsystem requirements and capabilities, and system architecture to allow the Navy to begin Phase II and serve as a basis for subsequent development. The requested funding will transition AWS from Phase I to Phase II, selecting the best materiel approaches for subsystem development, testing and program risk reduction and create aerospace engineering jobs in Southern California. Specifically, \$5.8 million of this increase will provide a technical design baseline; will identify expected service life, environmental limits, reliability, maintainability, and system operational tempo; will prescribe a test program for system certification; and a plan for weapon system integration on surface vessels and aircraft to meet Service requirements. Further breakout of funds as follows: \$2.8M to MBDA, \$1.7M to Subcontractors, \$1.3M for Navy Management.

Requesting Member: Representative ELTON GALLEGLY, CA-24.

Bill: The Senate Amendment to H.R. 2638—Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009.

Account: RDT&E, Defense-Wide, Line 95, PE# 604608D8Z, Joint Capability Technology Demonstration (JCTD).

Legal name and address of receiving entity: Malibu Research, 3760-A Calle Tecate, Camarillo, CA 93012.

Description of request: This \$1,600,000 would create jobs in Ventura County that will help to further develop for deployment the Silent Guardian—Active Denial System, which provides an alternative to deadly force by generating a very focused and controllable millimeter wave energy that the skin absorbs, producing a heat sensation that rapidly becomes
