SEPTEMBER 15, 2010.—Referred to the House Calendar and ordered to be printed

Mr. McGovern, from the Committee on Rules, submitted the following

R E P O R T

[To accompany H. Res. 1620]

The Committee on Rules, having had under consideration House Resolution 1620, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 4785, the “Rural Energy Savings Program Act,” under a structured rule. The resolution provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Agriculture and by the chair and ranking minority member of the Committee on Energy and Commerce. The resolution waives all points of order against consideration of the bill except those arising under clause 9 or 10 of rule XXI. The resolution provides that in lieu of the amendment in the nature of a substitute recommended by the Committee on Agriculture now printed in the bill, the amendment in the nature of a substitute printed in part A of this report shall be considered as an original bill for the purpose of amendment and shall be considered as read. The resolution waives all points of order against the amendment in the nature of a substitute except those arising under clause 10 of rule XXI. This waiver does not affect the point of order available under clause 9 of rule XXI (regarding earmark disclosure). The resolution makes in order only those amendments printed in part B of this report. Each such amendment may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time
specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question. All points of order against the amendments in part B except for clauses 9 and 10 of rule XXI are waived. The resolution provides one motion to recommit with or without instructions. The resolution provides that the Chair may entertain a motion that the Committee rise only if offered by the chair of the Committee on Agriculture or his designee. The resolution provides that the Chair may not entertain a motion to strike out the enacting words of the bill.

EXPLANATION OF WAIVERS

The waiver of all points of order against consideration of the bill (except for clauses 9 and 10 of rule XXI) includes a waiver of clause 4(a) of rule XIII, requiring a three-day layover of the committee report. Although the rule waives all points of order against the amendment in the nature of a substitute (except for clause 10 of rule XXI), the Committee is not aware of any points of order. The waiver of all points of order is prophylactic.

SUMMARY OF THE AMENDMENT IN THE NATURE OF A SUBSTITUTE IN PART A TO BE CONSIDERED AS AN ORIGINAL BILL

The substitute for H.R. 4785 is nearly identical to the rural energy efficiency loan program language ordered reported by the Agriculture Committee on July 14, authorizing loans from the Rural Utilities Service to rural electric cooperatives for purposes of making loans to their residential and farm customers for energy efficiency measures. In addition, the substitute adds a Home Star energy efficiency loan program that is nearly identical to the energy efficiency loan program reported out by the Energy and Commerce Committee in April as part of H.R. 5019. The Home Star Energy Efficiency Loan Program authorizes loans to the States in order for States to select eligible entities to provide loans to consumers for residential energy efficiency measures.

SUMMARY OF AMENDMENTS IN PART B TO BE MADE IN ORDER

1. Holden (PA): Would clarify that loan funds under the bill may not be used to purchase manufactured homes, makes technical corrections to a Comptroller General report, prohibits provision of funds to certain contractors and makes ineligible for loans certain Federal Employees. Also requires the Secretaries of Energy and Agriculture to take steps to prevent misuse of funds. Would prohibit any additions to direct spending in regards to provisions within this Act. Would not allow an entity with an ongoing capital repayment obligation to the Treasury due to the Troubled Assets Relief Program to participate in the programs within this Act. Would ensure that funds provided under this bill would supplement and not supplant other energy efficiency funding. (20 minutes)

2. Cuellar (TX): Would direct the Secretary of Agriculture to provide assistance and technical advice to the qualified entities providing loans under this bill to increase the participation of economically distressed rural communities with unemployment rates above the national average. (10 minutes)

3. McCarthy, Carolyn (NY): Would require that lenders providing loans under this Act give priority to active duty members of the Armed Forces and to veterans. (10 minutes)

4. Inslee (WA): Would require the Department of Energy, in consultation with the Secretary of Agriculture, to consider passive house retrofits when identifying qualified energy efficiency measures. (10 minutes)
