PURPOSE AND SUMMARY
H.R. 903, the “Dental Emergency Responder Act of 2010”, was introduced on February 4, 2009, by Rep. Bart Stupak (D–MI) and subsequently referred to the Committee on Energy and Commerce. The goal of H.R. 903 is to include dental professionals and facilities into various components of the nation’s emergency response preparedness framework.

BACKGROUND AND NEED FOR LEGISLATION
Recent disasters—the terrorist attacks of September 11, 2001, and Hurricanes Katrina and Rita—have made clear the critical need for a prepared, robust national medical response structure. Currently, however, the term “medical responder” (as used in relevant disaster-related federal law) does not include an important part of such a structure—dentists, allied dental personnel, and dental facilities. These individuals and offices are both eager and willing to participate and otherwise assist in supporting medical and public health responses to disasters. The purpose of this legislation is to provide them with the statutory authority to do so. With minimal additional training, they could readily fit into an all-hazards emergency healthcare response effort.

COMMITTEE CONSIDERATION
H.R. 903, the “Dental Emergency Responder Act of 2010”, was introduced by Rep. Stupak (D–MI) on February 4, 2009, and referred to the Committee on Energy and Commerce. The bill was subsequently referred to the Subcommittee on Health on February 9, 2009. The Subcommittee met in open markup session to consider H.R. 903 on July 22, 2010. An amendment in the nature of a substitute (manager’s amendment) by Subcommittee Chairman
Pallone was adopted by a voice vote. Subsequently, H.R. 903 was forwarded to the full Committee, amended, by a voice vote. On July 28, 2010, the Committee on Energy and Commerce met in open markup session and considered H.R. 903 as approved by the Subcommittee. There were no amendments offered in full Committee and subsequently the Committee ordered H.R. 903 favorably reported to the House, as amended by the Subcommittee on Health, by a voice vote.

**Committee Votes**

Clause 3(b) of rule XIII of the Rules of the House of Representatives requires the Committee to list each record vote on the motion to report legislation and amendments thereto. A motion by Mr. Waxman ordering H.R. 903 reported to the House, as amended, was approved by a voice vote. There were no record votes taken during consideration of this bill.

**Committee Oversight Findings and Recommendations**

In compliance with clause 3(c)(1) of rule XIII and clause 2(b)(1) of rule X of the Rules of the House of Representatives, the oversight findings and recommendations of the Committee are reflected in the descriptive portions of this report, including the finding that dentists, allied dental personnel, and dental facilities should be incorporated into the nation’s emergency response preparedness framework.

**New Budget Authority, Entitlement Authority, and Tax Expenditures**

Regarding compliance with clause 3(c)(2) of rule XIII of the Rules of the House of Representatives, the Committee adopts as its own the analysis of H.R. 903 prepared by the Director of the Congressional Budget Office.

**Statement of General Performance Goals and Objectives**

In accordance with clause 3(c)(4) of rule XIII of the Rules of the House of Representatives, the performance goals and objectives of the Committee are reflected in the descriptive portions of this report, including the goal to incorporate dentists, allied dental personnel, and dental facilities into the nation’s emergency response preparedness framework.

**Constitutional Authority Statement**

Pursuant to clause 3(d)(1) of rule XIII of the Rules of the House of Representatives, the Committee finds that the constitutional authority for H.R. 903 is provided under Article I, section 8, clauses 3 and 18 of the Constitution of the United States.

**Earmarks and Tax and Tariff Benefits**

H.R. 903 does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9(d), 9(e), or 9(f) of rule XXI of the Rules of the House of Representatives.
FEDERAL ADVISORY COMMITTEE STATEMENT

The Committee finds that the legislation does not establish or authorize the establishment of an advisory committee within the definition of 5 U.S.C. App., section 5(b) of the Federal Advisory Committee Act.

APPLICABILITY OF LAW TO THE LEGISLATIVE BRANCH

Section 102(b)(3) of Public Law 104–1 requires a description of the application of this bill to the legislative branch where the bill relates to terms and conditions of employment or access to public services and accommodations. H.R. 903 contains no such provisions.

FEDERAL MANDATES STATEMENT

Section 423 of the Congressional Budget and Impoundment Control Act of 1974 (as amended by section 101(a)(2) of the Unfunded Mandates Reform Act, P.L. 104–4) requires a statement on whether the provisions of the report include unfunded mandates. In compliance with this requirement the Committee adopts as its own the estimates of federal mandates prepared by the Director of the Congressional Budget Office.

COMMITTEE COST ESTIMATE

Pursuant to clause 3(d)(2) of rule XIII of the Rules of the House of Representatives, the Committee adopts as its own the cost estimate of H.R. 903 prepared by the Director of the Congressional Budget Office pursuant to section 402 of the Congressional Budget Act of 1974.

CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

With respect to the requirements of clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 402 of the Congressional Budget Act of 1974, the Committee has received the following cost estimate for H.R. 903 from the Director of Congressional Budget Office:

AUGUST 27, 2010.

Hon. Henry A. Waxman,
Chairman, Committee on Energy and Commerce,
House of Representatives, Washington, DC.

Dear Mr. Chairman: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 903, the Dental Emergency Responder Act of 2010.

Enclosure.

H.R. 903—Dental Emergency Responder Act of 2010

H.R. 903 would amend responsibilities of federal agencies that are tasked with developing and implementing the National Health Security Strategy under the Public Health Service Act and the Na-
tional Response Plan under the Homeland Security Act of 2002. The bill would direct the Secretary of Health and Human Services to include, under the preparedness goals of the National Health Security Strategy, dental health facilities as entities to prepare for and respond to public health emergencies. The bill also would include dental personnel within the definition of emergency response provider and require federal agencies with responsibilities under the National Response Plan to address the preparedness and deployment of dental resources.

Based on the cost of similar requirements, CBO estimates that implementing H.R. 903 would have a negligible impact on federal spending over the next five years; any additional spending would be subject to the availability of appropriated funds. Enacting this legislation would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

H.R. 903 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Lisa Ramirez-Branum. The estimate was approved by Peter H. Fontaine, Assistant Director for Budget Analysis.
