JULY 14, 2014.—Referred to the House Calendar and ordered to be printed

Mr. WEBSTER, from the Committee on Rules,
submitted the following

R E P O R T

[To accompany H. Res. 669]

The Committee on Rules, having had under consideration House Resolution 669, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 5021, the Highway and Transportation Funding Act of 2014, under a closed rule. The resolution provides one hour of debate equally divided among and controlled by the chairs and ranking minority members of the Committee on Transportation and Infrastructure and Committee on Ways and Means. The resolution waives all points of order against consideration of the bill. The resolution provides that the amendment in the nature of a substitute recommended by the Committee on Ways and Means, as modified by the amendments printed in this report, shall be considered as adopted and the bill, as amended, shall be considered as read. The resolution waives all points of order against provisions in the bill, as amended. The resolution provides one motion to recommit with or without instructions.

EXPLANATION OF WAIVERS

The waiver of all points of order against consideration of the bill includes a waiver of the following:

- Clause 4(a) of rule XIII, which requires the three-day layover of a committee report. It is important to note that the text of the bill as ordered reported by the Committee on Ways and Means was made publicly available on Thursday, July 10, 2014. The report was filed July 14, 2014 to allow Members time to file views.

• Clause 10 of rule XXI, prohibiting the consideration of a bill if it has the net effect of increasing mandatory spending over the five-year or ten-year period.

• Section 302(f) of the Congressional Budget Act, prohibiting consideration of legislation providing new budget authority in excess of a 302(a) or 302(b) allocation of such authority.

• Section 401 of the Congressional Budget Act, prohibiting consideration of a measure providing new authority to enter into contracts under which the United States is obligated to make outlays, incur debt or credit authority.

Although the resolution waives all points of order against provisions in the bill, as amended, the committee is not aware of any point of order. The waiver is prophylactic in nature.

SEC. 2. FINDINGS.

Congress finds that—

(1) the existing Highway Trust Fund system is unsustainable and unable to meet our Nation’s 21st century transportation needs;

(2) MAP-21 included important reforms that must be built upon in the next reauthorization bill to increase the efficient and effective utilization of Federal funding;

(3) these reforms should include the elimination of duplicative Federal regulations and increase the authority and responsibility of the States to safely and efficiently build, operate, and fund transportation systems that best serve the needs of their citizens, including the ability of each State to implement innovative solutions, while also maintaining the appropriate Federal role in transportation; and

(4) Congress should enact and the President should sign a surface transportation reauthorization and reform bill prior to the expiration of this Act.
