PURPOSE AND SUMMARY

H.R. 1412, the Improving Job Opportunities for Veterans Act of 2013, was introduced on April 9, 2013, by Representative Mike Coffman of Colorado. H.R. 1412, as amended, would temporarily reduce the percentage of full wages paid to veterans participating in an employer’s on-the-job-training (OJT) program from the current 85 percent of full wages to 75 percent. As amended, the bill would also require the Department of Veterans Affairs to conclude agreements with other Federal agencies for those agencies to participate in the OJT program. To meet PAYGO requirements, the bill would extend the current limitation on the amount of non-service-connected pension paid to veterans residing in Medicaid nursing homes.

BACKGROUND AND NEED FOR LEGISLATION

Section 1—Short title

The Improving Job Opportunities for Veterans Act of 2013

Section 2—Authority to increase availability of private sector on-the-job training programs

The Department of Veterans Affairs (VA) offers for active duty servicemembers, veterans, and certain dependents OJT education and training under several GI Bill programs. During the recent economic recession, a relatively high percentage of veterans, especially those just leaving military service, found it difficult to obtain employment, a problem that persists today. In the past, one solution for some veterans was to use their GI Bill benefits to help support them while undergoing OJT. As structured, the GI Bill’s OJT programs offer a monthly payment while a veteran undergoes training and at the same time, the employer is required to pay a percentage of the full wage paid for the specific job for which the

veteran is receiving training. As training progressed, VA paid a smaller monthly benefit and the employer's payment increased. Under current law, under the Post-9/11 GI Bill the final training salary paid by an employer is 85 percent of the full wage.

For example, under the Post-9/11 GI Bill, VA will pay 100 percent of the beneficiary's monthly living stipend while he or she is engaged in training. That percentage would be reduced every two months by 20 percent to a minimum of 20 percent of the full stipend beginning on the 25th month of training. At the same time, when training begins, the employer would start paying a salary of at least 50 percent of the full salary with incremental increases required until the final salary equals 85 percent of the full salary.

Representatives from State Approving Agencies relayed to the Committee that employers were reluctant to offer OJT programs because of the final 85 percent training wage requirement and suggested that if the percentage was lowered more employers would offer OJT opportunities for veterans.

This section would reduce the final training wage required to be paid by employers to 75 percent for a four year period beginning on the date that is one year after the date of enactment. The Committee hopes that this temporary reduction will encourage more employers to participate in the OJT program and ultimately result in more veterans being hired.

Section 3—On-job training at Federal departments and agencies

The history of providing preferential hiring of veterans in the Federal workforce dates back to the Civil War period. Today, that preference continues as evidenced by the fact that veterans currently comprise about 25 percent of the Federal workforce. Currently under subsection (b) of section 3672 of title 38, United States Code, there is existing legal authority permitting veterans to use their GI Bill for OJT at Federal agencies however it is uncertain if Federal agencies are using this authority to its full extent.

To encourage Federal managers to utilize this authority and continue to hire qualified veterans with job-specific skills, H.R. 1412, as amended provides that beginning one year after enactment, VA would be required to enter into agreements with other Federal Agencies to operate OJT programs.

Section 4—Extension of reduced pension for certain Veterans covered by Medicaid plans for services furnished by nursing facilities

Finally, H.R. 1412, as amended, would extend for an additional month, to December 31, 2016, the VA's current authority to reduce pensions for certain veterans covered by Medicaid plans for services furnished in nursing facilities.

H.R. 1412—Improving Job Opportunities for Veterans Act of 2013

Summary: H.R. 1412 would extend for one month an expiring provision of law that limits pensions paid to certain veterans who are receiving Medicaid coverage in Medicaid-approved nursing homes. The bill also would modify the conditions for veterans to receive education benefit payments from the Department of Veterans Affairs (VA) for participating in on-the-job training and require VA to enter into agreements with other federal agencies to promote on-the-job training opportunities for veterans.

If enacted, CBO estimates that, on net, the bill would decrease direct spending by \$14 million over the 2014–2018 period and by \$12 million over the 2014–2023 period. Because the bill would affect direct spending, pay-as-you-go procedures apply. Enacting H.R. 1412 would not affect revenues. In addition, implementing H.R. 1412 would have an insignificant effect on discretionary spending.

H.R. 1412 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA).

Estimated cost to the Federal government: The estimated budgetary impact of H.R. 1412 is shown in the following table. The costs of this legislation fall within budget functions 700 (veterans benefits and services) and 550 (health).

	By fiscal year, in millions of dollars—											
	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023	2014–2018	2014–2023

Estimated Outlays	0	1	1	-18	2	1	1	0	0	0	-14	-12

Basis of estimate: For the purposes of this estimate, CBO assumes that the legislation will be enacted near the start of fiscal year 2014 and that outlays will follow historical spending patterns for similar and existing programs.

Direct spending: H.R. 1412 would reduce direct spending for veterans' pensions and increase direct spending for veterans' education benefits. On net, enacting the bill would decrease direct

spending by \$12 million over the 2014–2023 period, CBO estimates.

Pensions for Veterans in Medicaid-Approved Nursing Homes. Section 4 would extend for one month (from November 30, 2016, to December 31, 2016) the expiration date of a provision of current law that sets a \$90 per month limit on pensions paid to any veteran who does not have a spouse or child and who is receiving Medicaid benefits in a Medicaid-approved nursing home; that provision also applies to any survivor of a veteran who is receiving such coverage. Using data provided by VA, CBO estimates that about 15,000 veterans and 19,000 survivors would be affected by this provision in fiscal year 2017 and that the average monthly savings to VA in that year would be about \$1,800 per veteran and \$1,200 per survivor. (Those projections account for inflation, mortality rates, and new nursing home patients.) On that basis, CBO estimates that enacting the provision would reduce VA spending by \$50 million.

Higher Medicaid payments to nursing homes would offset some of those savings. We estimate that those costs would total about \$30 million in that month, resulting in a net reduction in direct spending of \$20 million in 2017 and over the 2014–2023 period.

Temporary Reduction to Wage Requirement for On-the-Job Training Programs. VA provides education benefits to certain veterans participating in on-the-job training programs. Under current law, for participants in such programs to be eligible, the employer must pay trainees a starting wage equaling at least 50 percent of the full-time wage for that position. That amount must steadily increase to at least 85 percent of the appropriate full-time wage by the last month of the program.

Section 2 would broaden participation by temporarily reducing the requirement for final pay to no less than 75 percent of the appropriate wage for veterans who begin training in fiscal years 2015 through 2018. CBO expects that such a change would increase the number of on-the-job training programs that VA would approve for use of education benefits; thus, CBO estimates that an additional 150 veterans would receive an average of \$8,500 in benefits from VA annually from 2015 through 2020. In total, enacting section 2 would increase direct spending by \$8 million over the 2015–2023 period, CBO estimates.

Spending subject to appropriation: Section 3 would require VA to enter into agreements with other federal departments and agencies to operate on-the-job training programs to provide training opportunities for veterans. Based on information from VA, CBO estimates that any costs to enter into those agreements would be insignificant over the 2014–2018 period.

Pay-as-You-Go considerations: The Statutory Pay-As-You-Go Act of 2010 establishes budget-reporting and enforcement procedures for legislation affecting direct spending or revenues. The net changes in outlays that are subject to those pay-as-you-go procedures are shown in the following table.

**CBO ESTIMATE OF PAY-AS-YOU-GO EFFECTS FOR H.R. 1412 AS ORDERED REPORTED BY THE
HOUSE COMMITTEE ON VETERANS' AFFAIRS ON MAY 8, 2013**

Intergovernmental and private-sector impact: H.R. 1412 contains no intergovernmental or private-sector mandates as defined in UMRA and would not affect the budgets of state, local, or tribal governments.

Estimate prepared by: Federal Costs: William Ma, Dwayne Wright. Impact on State, Local, and Tribal Governments: Lisa Ramirez-Branum. Impact on the Private Sector: Elizabeth Bass.

Estimate approved by: Theresa Gullo, Deputy Assistant Director for Budget Analysis.

ADVISORY COMMITTEE STATEMENT

No advisory committees within the meaning of section 5(b) of the Federal Advisory Committee Act would be created by H.R. 1412, as amended.

STATEMENT OF CONSTITUTIONAL AUTHORITY

Pursuant to Article I, section 8 of the United States Constitution, the reported bill is authorized by Congress' power to "provide for the common Defense and general Welfare of the United States."

APPLICABILITY TO LEGISLATIVE BRANCH

STATEMENT ON DUPLICATION OF FEDERAL PROGRAMS

Pursuant to section 3(j) of H. Res. 5, 113th Cong. (2013), the Committee finds that no provision of H.R. 1412, as amended, "The Improving Job Opportunities for Veterans Act of 2013," establishes or reauthorizes a program of the Federal Government known to be duplicative of another Federal program, a program that was included in any report from the Government Accountability Office to Congress pursuant to section 21 of Public Law 111-139, or a program related to a program identified in the most recent Catalog of Federal Domestic Assistance.

DISCLOSURE OF DIRECTED RULEMAKING

Pursuant to section 3(k) of H. Res. 5, 113th Cong. (2013), the Committee estimates that H.R. 1412, as amended, does not require any directed rule makings.
