GENERAL STATEMENT AND SUMMARY

The Legislative Branch appropriations bill provides funding for the Congress and for the agencies that serve the Congress. The agencies funded through this bill provide oversight of executive branch agencies, including objective, nonpartisan, and timely audits and analysis of Federal programs. The funding in this bill also ensures that the public has permanent access to printed and electronic information products of the Federal Government.

All accounts in the bill have been examined in detail to ensure that the funding provided is appropriate for the agencies to carry out their responsibilities and to continue to respond to Congress in a timely and accurate manner. Details on the accounts, the funding levels provided, and the Committee's justification for the funding levels are included in the report.

Conforming to longstanding practice under which each body of Congress determines its own housekeeping requirements and the other concurs without intervention, funds for the House are included in the bill at the level approved by the House on May 19, 2015 in H.R. 2250.

The Committee recommends new budget (obligational) authority of \$4,309,174,000 for the legislative branch for fiscal year 2016. This total is \$219,670,000 below the budget request and \$9,174,000 above the fiscal year 2015 appropriation.

The bill includes \$870,158,501 for the operations of the Senate, which is \$60,264,315 below the fiscal year 2016 request. The bill includes \$579,383,000 for the Architect of the Capitol to maintain, improve, and construct buildings and facilities for the Congress. The recommendation for the Architect of the Capitol is \$82,375,000 below the fiscal year 2016 request. The recommendation would allow for comprehensive repairs and life-safety systems improvements to remain on schedule in a manner that does not interfere with Presidential Inaugurals. The bill also includes \$366,465,499 for the Capitol Police; \$525,000,000 for the Government Accountability Office; \$593,163,000 for the Library of Congress; and \$119,000,000 for the Government Publishing Office.

Reprogramming Guidelines.—The Committee expects all agencies to notify the Committee of any significant departures from budget plans presented to the Committee in any agency's budget justifications. In particular, agencies funded through this bill are required to notify the Committee prior to each reprogramming of funds in excess of the lesser of 10 percent or \$500,000 between programs, projects or activities, or in excess of \$500,000 between object classifications (except for shifts within the pay categories, object class 11, 12, and 13 or as further specified in each agency's respective section). This includes cumulative reprogrammings that together total at least \$500,000 from or to a particular program, activity, or object classification as well as reprogramming of FTEs or funds to create

new organizational entities within the Agency or to restructure entities which already exist. The Committee desires to be notified of reprogramming actions which involve less than the above-mentioned amounts if such actions would have the effect of changing an agency's funding requirements in future years or if programs or projects specifically cited in the Committee's reports are affected.

SENATORS’ OFFICIAL PERSONNEL AND OFFICE EXPENSE ACCOUNT

Appropriations, 2015	\$390,000,000
Budget estimate, 2016	438,245,008
House allowance	
Committee recommendation	390,000,000

The Committee recommends an appropriation for fiscal year 2016 of \$390,000,000 for the Senators’ Official Personnel and Office

Expense Account [SOPOEA]. The recommendation is equal to the fiscal year 2015 appropriation and \$48,245,008 below the fiscal year 2016 request. Of the funding provided, \$19,121,212 is available until September 30, 2018.

This account funds salaries and benefits of Senators' staffs as well as the office expense allowance for Senators' offices. The SOPOEA is comprised of three components. Two of these are for salaries of personnel in Senators' offices.

The allowance for administrative and clerical assistance is based on the population of States, beginning with States with a population of fewer than 5 million people to States with a population of 28 million or more. The table illustrates the allowances per population category and the States which fall into those categories. The estimate for fiscal year 2016 totals \$259,685,358.

The second component of the salaries allowance is for legislative assistance to Senators, as authorized by Public Law 95-94. This allowance provides funding for three positions in each Senator's office for a total of \$477,874 per office, or \$47,787,400 for all 100 Senators.

The third component of the SOPOEA account is for official office expenses and totals \$18,921,212. Each Senator's office is allocated an amount for office expenses, as displayed in the following table. In addition, an amount of \$200,000 is provided to cover additional expenses that may be incurred in the event of the death or resignation of a Senator, and to provide for transitional expenses during election years subject to regulations set by the Committee on Rules and Administration with respect to official mail.

It should be noted that the amounts provided for the various components of the SOPOEA are interchangeable. Amounts provided for salaries may be used for expenses, and vice versa, subject to regulations set by the Committee on Rules and Administration with respect to official mail. It should also be noted that the figures in the following table are preliminary, and that official notification of member budgets is issued by the Financial Clerk of the Senate after enactment of this bill.

The following table illustrates the several components of the SOPOEA.

According to the most recent employment data compiled by the Secretary of the Senate, as of April 30, 2015, there were 4,139 individuals employed in Senators' offices throughout the United States and covered by this appropriation.

In addition to providing funds for compensation of employees within Senators' offices, this appropriation also provides for agency contributions for those employees; that is, the Senate's share, as an employer, of the various employee benefit programs for which Senate employees are eligible. These payments are mandatory, and fluctuate according to the programs in which employees are enrolled, the level of compensation, and the degree of participation. Budget requests for this account prepared by the Financial Clerk must be based on both experience and evaluation of trends. The fis-

cal year 2016 funding level for this account anticipates \$108,665,000 in agency contribution costs.

The amount recommended by the Committee for the SOPOEA is less than would be required to cover all obligations that could be incurred under the authorized allowances for all Senators. The Committee is able to recommend an appropriation of a lesser amount than potentially necessary because Senators typically do not obligate funds up to the absolute ceiling of their respective allowances.

The Committee recommends an appropriation of \$3,371,000 for the Office of the Attending Physician. The recommendation is equal to the fiscal year 2015 appropriation and \$426,000 below the fiscal

year 2016 request. The Office was first established by House Resolution 253, adopted December 5, 1928.

Committee recommendation	1,387,000

The Committee recommends \$1,387,000 for the Office of Congressional Accessibility Services. This office is a successor to the Special Services Office following enactment of the Capitol Visitor Center Act of 2008.

The Office of Congressional Accessibility Services [OCAS] provides and coordinates accessibility services for individuals with disabilities, including Members of Congress, staff, and visitors to the U.S. Capitol complex. These services include sign language interpreting, adaptive tours, and wheelchair loans. OCAS also provides information regarding accessibility for individuals with disabilities, as well as related training and staff development to Members of Congress and employees of the Senate and House of Representatives.

CAPITOL POLICE

Appropriations, 2015	\$347,959,000
Budget estimate, 2016	378,900,000
House allowance	369,000,000
Committee recommendation	366,465,499

The United States Capitol Police [USCP] is charged with the protection of the United States Congress, its legislative processes, Members, employees, visitors and facilities within the U.S. Capitol complex from crime, disruption or terrorism, so that the Congress may fulfill its constitutional responsibilities in a safe and open environment.

The Committee recommends \$366,465,499 for the USCP. The recommendation is \$18,506,499 above the fiscal year 2015 appropriation and \$12,434,501 below the fiscal year 2016 request.

SALARIES

Appropriations, 2015	\$286,500,000
Budget estimate, 2016	307,428,000
House allowance	300,000,000
Committee recommendation	300,000,000

The amount provided covers salaries, benefits, and overtime costs. USCP personnel are also eligible for hazardous duty pay and comparability pay similar to locality pay adjustments granted other Federal law enforcement personnel in the Washington, DC, area.

The Committee recommends \$300,000,000 and 2,145 FTEs for USCP salaries, which is \$13,500,000 above the fiscal year 2015 appropriation and \$7,428,000 below the fiscal year 2016 request. The total staffing level is expected to be approximately 1,775 sworn and 370 civilian staff under the Committee recommendation.

USCP Office of Inspector General.—The Committee values the work of the USCP Office of Inspector General to investigate and re-

port on waste, fraud, and abuse and to identify and make recommendations to improve USCP operations. The Committee includes funds to support not less than six FTEs within the USCP Office of Inspector General. The Committee notes that additional oversight of the USCP is conducted by the Government Accountability Office to supplement the work of the USCP Office of Inspector General, as needed.

Overtime.—The Committee recommends no more than \$30,928,000 for overtime in fiscal year 2016. This provides for approximately 502,223 hours of additional duty.

The Committee notes that overtime pay is a standard practice law enforcement entities utilize to respond to unscheduled and unanticipated events. However, the Committee finds that keeping overtime pay at a minimum should continue to be a goal of the USCP. The Committee appreciates the efforts of the USCP to better track and manage overtime pay in order to keep overtime costs to a minimum. The Committee directs the USCP to continue to keep the Committee apprised of these efforts.

The Committee directs the USCP to provide for overtime in accordance with the budget request, as provided for in the following table.

	Funding	Hours (est.)
Scheduled, (including training)	\$27,599,000	448,523
Unscheduled	1,240,000	20,000
LOC—non-reimbursable events	229,000	3,700
Conventions	1,860,000	30,000
Total	30,928,000	502,223

The recommendation does not include funds for USCP overtime for requirements associated with the restoration of the U.S. Capitol Dome, the Cannon House Renewal Project, or any other major construction projects undertaken by the Architect of the Capitol [AOC] as those funds are provided to the AOC as part of the overall project costs for those major projects and are paid to the USCP on a reimbursable basis. The Committee expects the USCP to operate within the designated funding level for requirements associated with each project. The Committee directs the USCP to provide for any additional requirement costs beyond that allocation.

GENERAL EXPENSES

Appropriations, 2015	\$61,459,000
Budget estimate, 2016	71,472,000
House allowance	69,000,000
Committee recommendation	66,465,499

Expenses include office supplies and equipment, communications, motor vehicles, uniforms and equipment, investigations, training, and miscellaneous items.

The Committee recommends \$66,465,499 for general expenses, which is \$5,006,499 above the fiscal year 2015 appropriation and \$5,006,501 below the fiscal year 2016 request.

Training.—The Committee understands that over the course of the last several years, as budgets have been tightened across the Federal Government, the Capitol Police have sacrificed some train-

ing initiatives in order to maintain the current operational force and security of the Capitol campus. The Committee appreciates that the Capitol Police have prioritized restoring training funding within increases provided for fiscal years 2014 and 2015. The increase of \$5,006,499 for fiscal year 2016 is provided in the general expenses account in order to ensure base funding for training activities in fiscal year 2016.

The Committee supports the Department's efforts to provide quality training and development of its workforce. As such, the Committee encourages the Department to consider a rotation policy for sworn personnel, so that all sworn officers have the opportunity to gain additional experience through varied assignments. The Committee intends to maintain an open dialogue with the Department on this and any other management initiatives that may be necessary for the continued improvement of the officers' work environment.

The Committee directs the Department to review duties currently performed by officers that can be done by civilians, so that USCP's highly trained officers may perform primarily sworn activities. Some areas for consideration are: the Command Center, Communications, training, firearms instruction, and Special Events. The Department shall report back to the Committee with a written report on its review within 120 days of enactment.

Cell phones.—The Committee remains concerned by the use of cell phones and other electronic devices, as well as other distractions, while officers are on post. The Department is directed to continue to address this matter and report back to the Committee on its efforts to alleviate such distractions.

Threat Vulnerabilities.—The Committee finds that it is critical to ensure that the USCP is taking every possible step to protect the Capitol now and also to prepare to implement emerging technology and operational capabilities that will decrease our potential vulnerability to threats in the future.

Within 60 days of enactment, USCP is directed to submit a report to the Committee detailing: (1) USCP's engagement with its operational partners, such as the Department of Defense, United States Secret Service, and the United States Park Police, on preparation for potential emerging threats, including regularly scheduled meetings and joint exercises; and (2) USCP's coordination with its partners and research on best practices related to threat responses currently available or soon becoming available.

Finally, the USCP is directed to keep the Committee immediately and fully apprised of resource and operational needs as emerging threats to the Capitol evolve and to robustly engage with leaders in Federal and commercial research and development on technology to counter potential emerging threats.

The Office of Compliance [OOC] is an independent nonpartisan agency established to administer and enforce the Congressional Accountability Act [CAA]. The OOC administers the dispute resolution system established to resolve disagreements that arise under the CAA; carries out an education and training program for the regulated community on the rights and responsibilities of the CAA; and advises Congress on needed changes and amendments to the CAA. The OOC General Counsel has independent investigatory and enforcement authority for certain violations of the CAA.

The Committee recommends an appropriation of \$3,959,000 for the salaries and expenses of the OOC, which is equal to the fiscal year 2015 enacted level and \$61,000 below the fiscal year 2016 request.

The Office of Compliance is directed to develop a pilot project with the Library of Congress [LOC] to provide all LOC employees an opportunity to avail themselves of the administrative dispute resolution processes under the statutory protections afforded legislative branch employees by the Congressional Accountability Act [CAA], including counseling, mediation, and administrative hearings with recommended decisions. The Office of Compliance is directed to provide an interim report to the Committee by December 1, 2015, concerning those employees who have started in the pilot project by that date. The report will include an analysis of the pilot project and make recommendations on the costs, benefits and implications of extending Congressional Accountability Act coverage to the Library of Congress. Information revealed during this period shall be included in the report to the extent pertinent to the complaint process, the application of CAA to the Library and employee/management relations generally, but only in a manner that maintains employee confidentiality where desired. The Library of Congress shall cooperate with the Office of Compliance as needed to facilitate the production of this report, and shall advise its employees of the availability of these administrative services during this period. The Library shall further advise employees that those participating in counseling may do so confidentially, and may participate in counseling, mediation, and the administrative hearing process without fear of reprisal. The LOC will reimburse the Office of Compliance for additional costs associated with this pilot project that are not already appropriated for this purpose.

The Congressional Budget Office [CBO] is responsible for providing to the Congress objective, nonpartisan, and timely analyses to aid in economic and budgetary decisions on the wide array of programs covered by the Federal budget, and the information and estimates required for the congressional budget process.

The Committee recommends an appropriation of \$45,700,000 for the CBO. The recommendation is equal to the fiscal year 2015 appropriation and \$1,570,000 below the fiscal year 2016 request.

ARCHITECT OF THE CAPITOL

The Office of the Architect of the Capitol [AOC] is responsible to the United States Congress for the maintenance, operation, development, and preservation of 16.5 million square feet of buildings and more than 450 acres of land throughout the Capitol complex. This includes the Capitol, the Capitol Visitor Center, the House and Senate office buildings, the Library of Congress buildings, the U.S. Botanic Garden, the Capitol Power Plant, and other facilities. The AOC also provides professional expertise with regard to the preservation of architectural and artistic elements entrusted to its care, and provides recommendations concerning design, construction, and maintenance of the facilities and grounds.

The Committee has recommended a funding level of \$579,383,000 for all activities of the Architect of the Capitol. The recommendation is \$20,878,000 below the fiscal year 2015 appropriation and \$82,374,687 below the fiscal year 2016 request.

The following table compares the Committee recommendation for the AOC accounts to the fiscal year 2016 request.

¹ Level recommended by the House in H.R. 2250, as passed by the House on May 19, 2015. The Committee made no alteration to this amount.

Outdoor Recycling.—The Committee commends the efforts of the Architect of the Capitol and the United States Capitol Police [USCP] for implementing outdoor recycling programs on the Capitol grounds while maintaining security of the complex. The Committee encourages the Architect of the Capitol and the USCP to continue to collaborate and work together to expand these efforts where appropriate in high-traffic areas across the Capitol complex.

Financial Management.—The Committee commends the AOC for earning an unmodified audit opinion, without any material weaknesses, on its financial statements for fiscal year 2014. An unmodified opinion is the highest rating that may be received from an external auditor, and the AOC has earned this rating for 10 consecu-

tive years. The AOC also successfully eliminated material weaknesses that were identified in the AOC’s financial controls in prior years. This positive independent assessment of the agency’s financial stewardship of taxpayer resources demonstrates the agency’s strong financial foundation as it embarks on major restoration and renovation projects.

Notification to Members of Congress.—The Committee is aware of the enormous challenges facing the Architect of the Capitol (AOC) as stewards of the buildings and grounds across the Capitol complex that are many decades and even centuries old. These symbols of American democracy are suffering from deteriorating and falling stone, aging infrastructure, and safety issues that must be addressed in order to protect the Members of Congress and staff who work in these buildings and the millions of visitors welcomed here every year. The Committee recognizes that the tasks at hand are not simple and commends the AOC for its excellent management of these projects. As all Members of Congress are impacted by the daily work performed by AOC and its contractors, the Committee expects the AOC to proactively keep all Members of Congress informed of current, on-going and planned future projects across the Capitol campus. When appropriate, this update should include a situational awareness outlook to projects on the horizon.

LIBRARY OF CONGRESS

The Library of Congress is the Nation's oldest cultural institution and largest repository of human knowledge in the world. It is the main research arm of the United States Congress. Its mission is to support the Congress in fulfilling its constitutional duties and to further the progress of knowledge and creativity for the benefit of the American people. The Library's collections include more than 147 million artifactual items (books, photographs, maps, sound recordings, films, sheet music, legal materials) in 470 languages. Digital technology is transforming the way the Library does its work, and the institution plays an important leadership role in superimposing digital library collections and services on those that are analog based. The Library of Congress houses the Congressional Research Service, U.S. Copyright Office, National Library Service for the Blind and Physically Handicapped, Law Library of Congress, and numerous other programs and services.

The Committee recommends a total of \$593,163,000 for the Library of Congress, an increase of \$2,242,000 above the fiscal year 2015 appropriation and \$31,339,000 below the fiscal year 2016 request.

In addition to the appropriation, the Library estimates receipts of \$42,127,000, funds from gifts and trusts totaling \$12,229,000, and reimbursable and revolving funds totaling \$186,015,000. Total funds available to support Library operations, including the Architect of the Capitol account, are expected to be approximately \$622,295,000 in fiscal year 2016 under the Committee recommendation.

Net, salaries and expenses	413,007,000
Budget estimate, 2016:

Committee recommendation:	
Salaries and expenses	\$421,607,000
Authority to spend receipts	– 6,350,000
Net, salaries and expenses	415,257,000

The Committee recommends an appropriation of \$415,257,000 for salaries and expenses of the Library of Congress and approves authority to spend receipts of \$6,350,000 in fiscal year 2016, for a total of \$421,607,000. The recommendation is \$2,250,000 above the fiscal year 2015 appropriation and \$22,763,000 below the fiscal year 2016 request. This amount provides for 2,492 FTEs, which may be shifted among PPAs within this appropriation. The amount recommended includes \$750,000 to begin the financial management system upgrade, \$1,500,000 for the national collection stewardship program, and \$8,231,000 for the digital collections and education curricula program.

Veterans History Project.—The Committee recommends an appropriation of \$2,041,000 for the Library of Congress’ Veterans History Project [VHP], which is consistent with the fiscal year 2016 request. VHP oversees a nationwide effort to build an archive of oral histories, from World War I through current conflicts, by collecting, preserving, and making available the personal stories of American war veterans and the civilian workers who support them. The VHP collection includes submissions from every State and is the largest oral history project in the United States. In fiscal year 2014, through an active national outreach effort to volunteer organizations, institutions, and individuals across the country, VHP gained new participants and acquired 5,535 new collections.

Teaching with Primary Sources.—The Committee recommends an appropriation of \$8,231,000 for the Library of Congress’ Teaching with Primary Sources program [TPS]. TPS is a teacher training initiative that encourages educators to incorporate the Library’s online primary sources into school curricula. Library staff harness the power of primary sources as teaching tools by providing educators with methods and materials that build student literacy skills, content knowledge, and critical thinking abilities. TPS has successfully worked with educators in 49 States, the District of Columbia, and American Samoa. The Committee notes that the Library sponsors

many educational lectures and events and encourages the Library to incorporate excerpts from these presentations into the curriculum materials it develops.

Preservation.—The Committee notes that the Library utilizes multiple preservation strategies to extend the life of its vast collections for future generations to enjoy, including building and operating climate-controlled storage facilities, preparing new acquisitions for commercial binding and shelving, deacidification, and digital reformatting. During 2014, the Library treated more than 5.6 million books, serials, prints, photographs, and other high value, high use, and at-risk items. In 2015, the Library and the Architect of the Capitol will begin construction of a fifth climate-controlled storage facility at Fort Meade, Maryland. The Committee supports the Library's preservation efforts and directs the Library to continue funding for ongoing preservation activities at not less than the current level for each ongoing preservation strategy.

Information Technology Management.—The Committee is concerned about Government Accountability Office [GAO] findings related to the Library's information technology management (GAO-15-315). In particular, GAO noted a lack of central leadership and oversight at the Library, which has resulted in duplicative, overlapping, and inefficient information technology policies and investments. The Committee notes that GAO provided a number of specific recommendations to strengthen the management of information technology. The Committee finds that it is critical that the Library efficiently acquire, protect and make accessible its digital material, as well as effectively manage its overall information technology infrastructure. The Committee is encouraged by initial steps the Library has taken to strengthen its leadership and communicate constructively. The Committee directs the Library to provide quarterly updates on progress to strengthen its information technology management and processes, including key milestones and schedule for addressing specific GAO recommendations.

The United States Copyright Office plays an important role in our Nation’s intellectual property system. Copyright law is the foundation for the creation and dissemination of American artistic works, leading to substantial economic and cultural benefits. The Copyright Office serves multiple central roles in the copyright system, overseeing the registration of copyrighted works, administering the copyright law, and providing counsel to Congress on copyright policy.

The Committee recommends the direct appropriation of \$20,713,000 for the Copyright Office and approves authority to spend receipts of \$35,777,000 in fiscal year 2016, for a total of \$56,490,000. The recommendation is \$8,000 below the fiscal year 2015 appropriation and \$2,385,000 below the fiscal year 2016 request.

Modernization.—The Committee recognizes the vital and expanding role of the Copyright Office in our economy. In particular, the Committee finds that digital technologies have profoundly changed the copyright marketplace and that, as a result of these changes, the Copyright Office’s role is different than when it was originally founded and housed within the Library of Congress in 1870. The Committee finds that it is necessary to ensure that effective, efficient, and secure systems are in place at the Copyright Office to support the needs of all copyright-related industries. The Committee notes that, in addition to ongoing technological and process improvements, modernization of the Copyright Office could include proposed alternatives to its current structure and location within the Library of Congress. The Committee encourages an open dialogue to consider all options that allow for a thriving and efficient Copyright Office in the modern economy.

At present, 57 regional libraries in 49 States, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands house and circulate books and magazines to eligible readers. GOVERNMENT PUBLISHING OFFICE

The U.S. Government Publishing Office [GPO] is the Federal Government's primary centralized resource for gathering, cataloging, producing, providing, and preserving published information in all its forms. By law and tradition, the GPO's mission is to provide expert publishing and printing services to all three branches of Government; to provide, in partnership with Federal depository libraries, permanent public access to the printed and electronic information products of all three branches of the Federal Govern-

ment; and to sell copies of authentic printed and electronic documents and other government information products to the public.

GPO's core mission dates to 1813 when Congress determined that information regarding the work of the Federal Government should be available to all Americans. Over 200 years later, GPO's mission remains unchanged. However, the means for producing and distributing that information has transformed dramatically with the advent of the digital revolution.

Today, GPO provides free online public access to more than one million searchable titles, including the Budget of the U.S. Government, the Code of Federal Regulations, the Congressional Record, and congressional bills, hearings, and reports. GPO also provides access to Government information in digital format through apps, eBooks, and related technologies. In April of 2014, GPO surpassed the milestone of one billion electronic retrievals from its Federal Digital System [FDsys], symbolizing the evolution of how Americans access information in the digital era.

The appropriation for Congressional Publishing supports transparency of the congressional process by funding digital and print publication of congressional proceedings, including the Congressional Record, bills, amendments, Committee reports, and hearing transcripts. This appropriation also supports the direct publication and printing needs of Congress.

The Committee recommends \$79,736,000 for congressional publishing. The recommendation is equal to the fiscal year 2015 appropriation and the 2016 request.

The following table compares the component categories within this account for fiscal year 2015 and the fiscal year 2016 request. The Committee has not recommended separate amounts for each activity in order to give the GPO the flexibility to meet changing requirements.

The Committee supports continued investment in the Revolving Fund as the most efficient solution to both cutting costs and ensuring efficient online access to government documents. One reason the GPO is able to meet the increased work demands and continually reduce costs is through its constant focus on capital investments to modernize information systems, production equipment, and major facility repairs. The Committee supports the GPO's continued development of its Federal Digital System and its other information technology systems given that these efforts continue to reduce costs.

Budget estimate, 2016	553,058,000

The U.S. Government Accountability Office [GAO] is an independent nonpartisan agency that was established by the Budget and Accounting Act of 1921 to act as an auditor for Congress and investigate how the Federal Government spends taxpayer dollars.

The function of the GAO includes auditing agency operations to determine whether Federal funds are being spent efficiently and ef-

fectively; investigating allegations of illegal and improper activities; reporting on how well Government programs and policies are meeting their objectives; performing policy analyses and outlining options for congressional consideration; and issuing legal decisions and opinions, such as bid protest rulings and reports on agency rules.

The Committee recommends funding of \$525,000,000 for salaries and expenses of the Government Accountability Office. The recommendation is \$3,000,000 above the fiscal year 2015 appropriation and \$28,058,000 below the fiscal year 2016 request.

Additionally, \$25,450,000 is authorized in offsetting collections derived from rent receipts and reimbursements for conducting financial audits of Government corporations, for a total of \$550,450,000.

Technology Assessment.—The Committee commends the GAO for implementing a new strategic plan for its technology assessment program that expands the scale and scope of its assessment analysis. To further enhance the GAO’s technology assessment capabilities in fiscal year 2016, the Committee encourages GAO to focus hiring efforts on increasing technology assessment staff capacity.

OPEN WORLD LEADERSHIP CENTER TRUST FUND

Appropriations, 2015	\$5,700,000
Budget estimate, 2016	8,000,000
House allowance	
Committee recommendation	5,700,000

The Committee recommends \$5,700,000 as a payment to the Open World Leadership Center Trust Fund, which is equal to the fiscal year 2015 appropriation and \$2,300,000 below the fiscal year 2016 request. The Center for Russian Leadership Development was established on December 21, 2000 (Public Law 106–554) as a legislative branch entity. The Fiscal Year 2003 Consolidated Appropriation Resolution (Public Law 108–7) carried legislation (section 1401) changing the name to the Open World Leadership Center and expanding the mission of the program to include Newly Independent States of the former Soviet Union including the Baltic States. The mission of the Center is to enable emerging leaders in Russia and Newly Independent States at all levels of civic life to gain significant, first-hand exposure to the American free market economic system and the operation of American democratic institutions through visits to comparable governments and communities in the United States.

While the Committee recognizes the ongoing U.S. national interest in maintaining constructive relations with the Russian people, the Committee includes a provision that limits the Open World Leadership Center to using appropriated funds only for Russian participants engaging in free market development, humanitarian activities, and civic engagement, and not for senior officials of the central Government of Russia.

AND DEVELOPMENT

Appropriations, 2015	\$430,000
Budget estimate, 2016	430,000
House allowance	430,000

The John C. Stennis Center for Public Service Training and Development was created by Congress in 1988. The mandate of the Center is to promote and strengthen public service. The Committee recommends the budget request of \$430,000 as authorized by 2 U.S.C. 1105, for the Center's congressional staff training and development programs.
