<sup>1</sup> Persons at work. Economic reasons include slack work, material shortages, inability to find fulltime work, etc.

<sup>2</sup> Civilian labor force (or employment) as percent of civilian noninstitutional population; and unemployment as percent of civilian labor force.

<sup>3</sup> Not strictly comparable with earlier data.

<sup>4</sup> Data beginning January 1994 are not directly comparable with data for earlier periods because of a major redesign of the household survey questionnaire.
