<sup>1</sup> Persons at work. Economic reasons include slack work, material shortages, inability to find fulltime work, etc.

<sup>2</sup> Civilian labor force (or employment) as percent of civilian noninstitutional population; and unemployment as percent of civilian labor force.

<sup>3</sup> Not strictly comparable with earlier data.

<sup>4</sup> Data beginning January 1994 are not directly comparable with data for earlier periods because of a major redesign of the household survey questionnaire.

NOTE.—Data beginning January 1998 reflect new composite estimate procedures. Data beginning January 1998 and January 1999 reflect revised population controls. For details, see February issues, *Employment and Earnings*.
