

SOURCES OF PERSONAL INCOME

Personal income rose \$100.4 billion (annual rate) in October, following an increase of \$3.4 billion in September. Wages and salaries increased \$29.4 billion in October, following an increase of \$17.3 billion in September. Personal income for October and September was affected by several special factors. In October, personal income was boosted by Federal farm subsidy payments and union contract signing bonuses in several manufacturing industries. In September, personal income was reduced by uninsured losses due to the effects of Hurricane Floyd. Excluding special factors, personal income increased \$35.7 billion in October, and \$21.4 billion in September.

[Billions of dollars; monthly data at seasonally adjusted annual rates]

Period	Total personal income	Wage and salary disbursements ¹	Other labor income ^{1,2}	Proprietors' income ³		Rental income of persons ⁴	Personal dividend income	Personal interest income	Transfer payments ⁵	Less: Personal contributions for social insurance

¹ The total of wage and salary disbursements and other labor income differs from compensation of employees (see p. 4) in that it excludes employer contributions for social insurance and the excess of wage accruals over wage disbursements.

² Consists primarily of employer contributions to private pension and private welfare funds.

³ With inventory valuation and capital consumption adjustments.

⁴ With capital consumption adjustment.

⁵ Consists mainly of social insurance benefits, direct relief, and veterans payments.
