**Ceiling Fans From the People's Republic of China; Termination of Antidumping Duty Administrative Review, Initiation and Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review, and Intent To Revoke Order**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of termination of antidumping duty administrative review, initiation and preliminary results of changed circumstances antidumping duty administrative review, and intent to revoke order.

**SUMMARY:** On February 23, 1993, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on ceiling fans from the People's Republic of China (PRC) covering the period June 5, 1991, through November 30, 1992. We are now terminating that review. Furthermore, based on the fact that this order is no longer of interest to domestic parties, we intend to revoke this order.

**EFFECTIVE DATE:** January 17, 1995.

**FOR FURTHER INFORMATION CONTACT:** Andrea Chu or Michael Rill, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th and Constitution Avenue NW., Washington, D.C. 20230; telephone: (202) 482-4733.

**SUPPLEMENTARY INFORMATION:**

**Background**

On December 9, 1991, the Department published in the **Federal Register** (56 FR 64249) an antidumping duty order on ceiling fans from the PRC. On December 31, 1992, Lasko Metal Products, Inc. (Lasko), the petitioner in this proceeding, requested that the

Department conduct an administrative review covering the period June 5, 1991, through November 30, 1992 (the first review). On February 23, 1993, we published in the **Federal Register** (58 FR 11027) a notice of initiation of that review. On September 27, 1994, Lasko submitted a request for a changed circumstances administrative review and revocation of the order on the basis that the order no longer is of interest to the petitioner. On October 14, 1994, Lasko reaffirmed its September 27, 1994, request for the revocation of the antidumping duty order, and requested that it be allowed to withdraw its request for the administrative review of the order covering the period June 5, 1991 through November 30, 1992, and that the review be terminated.

The Department's regulations at 19 CFR 353.22(a)(5) (1994) states that "the Secretary may permit a party that requests a review under paragraph (a) of this section to withdraw the request no later than 90 days after the date of publication of notice of initiation of the requested review. The Secretary may extend this time limit if the Secretary decides that it is reasonable to do so." Because no significant work has yet been done in this review and the petitioner is no longer interested in the order, we have determined that it is reasonable to extend the 90-day time limit and to allow Lasko to withdraw its request for review. *See Steel Wire Rope From Japan; Partial Termination of Antidumping Duty Administrative Reviews*, 56 FR 41118 (August 19, 1991). Furthermore, we note that no interested party objected to termination of the review. Accordingly, the Department is terminating the first review.

**Scope of Review**

Ceiling fans are electric fans that direct a downward and/or upward flow of air using a fan blade/motor unit. Ceiling fans incorporate a self-contained electric motor of an output not exceeding 125 watts. Ceiling fans are designed for permanent or semi-

permanent installation. Industrial ceiling fans are defined as ceiling fans that meet six or more of the following criteria in any combination: a maximum speed of greater than 280 revolutions per minute (RPMs); a minimum air delivery capacity of 8000 cubic feet per minute (CFM); no reversible motor switch; controlled by wall-mounted electronic switch; no built-in motor controls; no decorative features; not light adaptable; fan blades greater than 52 inches in diameter; metal fan blades; downrod mounting only—no hugger mounting capability; three fan blades; fan blades mounted on top of motor housing; single-speed motor.

The Harmonized Tariff Schedule (HTS) subheading under which ceiling fans are classifiable is 8414.51.0030. Although the HTS subheadings are provided for convenience and customs purposes, our written description of the scope of these proceedings is dispositive.

This changed circumstance administrative review covers all manufacturers/exporters of ceiling fans from the PRC.

*Initiation and Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review, and Intent To Revoke Order*

Pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act), the Department may revoke an antidumping duty order if the Department determines, based on a review under section 751(b)(1) of the Act, that changed circumstances exist sufficient to warrant revocation. Section 751(b)(1) of the Act requires a changed circumstances administrative review to be conducted upon receipt of a request containing sufficient information concerning changed circumstances.

The Department's regulations at 19 CFR 353.25(d)(2) permits the Department to conduct an administrative review under section 353.22(f) based upon an affirmative statement of no interest from the petitioner in the proceeding. Section 353.25(d)(1)(i) further provides that, if the Department determines that the order under review is no longer of interest to domestic interested parties, the Department may revoke the antidumping duty order. In addition, in the event the Department concludes that expedited action is warranted, section 353.22(f)(4) of the regulations permits the Department to combine the notices of initiation and preliminary results.

Therefore, in accordance with sections 751 (b)(1) and (c) of the Act and 19 CFR 353.25(d) and 353.22(f), based on an affirmative statement of no

interest in the proceeding by Lasko, the Department is initiating this changed circumstances administrative review. Further, based on the representation made by Lasko that other U.S. producers and potential producers of this merchandise have no interest in the order, we have determined that expedited action is warranted, and we have preliminarily determined that the order no longer is of interest to domestic interested parties. Because the Department concludes that expedited action is warranted, the Department is combining these notices of initiation and preliminary results. The Department determines that there is a reasonable basis to believe that the requirement for revocation based on the changed circumstance that the order no longer is of interest to domestic interested parties has been met. Therefore, we are hereby notifying the public of our intent to revoke the antidumping duty order on ceiling fans from the PRC.

In the event that this revocation is made final, the effective date of revocation will be June 5, 1991, which is the first day that liquidation of entries was suspended. No administrative review has been completed nor have automatic assessment instructions been issued for any companies.

If final revocation occurs, we intend to instruct the U.S. Customs Service to liquidate without regard to antidumping duties and to refund any estimated antidumping duties collected for all unliquidated entries of subject merchandise made on or after the above effective date of revocation, in accordance with 19 CFR 353.25(d)(5). We will also instruct Customs to refund with interest estimated antidumping duties collected for entries made on or after December 9, 1991, in accordance with section 778 of the Act. The current requirement for a cash deposit of estimated antidumping duties will continue until publication of the final results of this changed circumstances review.

**Public Comment**

Any interested party may request a hearing within 10 days of the date of publication of this notice. Any hearing, if requested, will be held no later than 28 days after the date of publication of this notice, or the first workday thereafter. Case briefs and/or written comments from interested parties may be submitted not later than 14 days after the date of publication of this notice. Rebuttal briefs and rebuttals to written comments, limited to the issues raised in those comments, may be filed not later than 21 days after the date of

publication of this notice. All written comments shall be submitted in accordance with 19 CFR 353.31(e) and shall be served on all interested parties on the Department's service list in accordance with 19 CFR 353.31(g). Persons interested in attending the hearing should contact the Department for the date and time of the hearing. The Department will publish the final results of this changed circumstances review including the results of its analysis of issues raised in any written comments.

This notice is in accordance with sections 751 (b)(1) and (c) of the Act and sections 353.22(a)(5), 353.22(f) and 353.25(d) of the Department's regulations.

**Color Television Receivers, Except for Video Monitors, From Taiwan; Court Decision and Suspension of Liquidation**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of court decision and suspension of liquidation.

**SUMMARY:** On October 21, 1994, in the case of *Zenith Electronics Corporation v. United States*, Slip Op. 94-170 (*Zenith*), the United States Court of International Trade (the Court) affirmed the Department of Commerce's (the Department's) third results of redetermination on remand and prior remand determinations of the final results of the first administrative review of the antidumping duty order on color television receivers, except for video monitors (CTVs), from Taiwan to the extent that they were not subsequently modified by the Court. The Court also vacated its July 29, 1991, order to the extent that the order held that "no assessment rate cap may be applied in liquidating the subject entries unless the importer paid a cash duty for an estimated dumping duty." As a result, the Court ordered the Department to apply the assessment rate cap to all subject imports entered between the publication dates of the Department's preliminary affirmative determination of sales at less than fair value (LTFV) and the International Trade Commission's (ITC's) final affirmative injury
