**POSTAL SERVICE**

**Verification Procedures for Second-  
Class Publications**

**AGENCY:** Postal Service.

**ACTION:** Proposed procedure.

**SUMMARY:** The Postal Service proposes  
to revise its procedures for determining  
whether authorized second-class  
publications continue to meet the  
applicable eligibility requirements and  
whether the proper amount of postage is  
paid on the mailings of these  
publications. Under the revised  
procedures, the Postal Service will  
conduct a postage payment review of all  
publications at least once a year at the  
time of mailing of one of the issues of  
the publications to be reviewed. A  
separate eligibility review will be  
scheduled only in certain instances. To  
facilitate the eligibility review, the  
publisher of an authorized second-class  
publication will be required to provide  
circulation data to the Postal Service  
before the review is undertaken.

**DATES:** Comments must be received on  
or before February 21, 1995.

**ADDRESSES:** Written comments should  
be mailed or delivered to the Manager,  
Business Mail Acceptance, U.S. Postal  
Service, 475 L'Enfant Plaza SW,  
Washington, DC 20260-6808. Copies of  
all written comments will be available  
for inspection and photocopying  
between 9 a.m. and 4 p.m., Monday  
through Friday, in room 8530 at the  
above address.

**FOR FURTHER INFORMATION CONTACT:**  
Edward Mayhew, (212) 613-8747.

**SUPPLEMENTARY INFORMATION:** In  
accordance with its statutory  
responsibilities, the Postal Service must  
ensure that authorized second-class  
publications continue to meet the  
second-class eligibility requirements  
and that these publications pay the  
proper amount of postage on mailings.  
See 39 U.S.C. 404, 3685.

Verifications of publications are one  
of the means used to achieve these  
goals. Currently, the Postal Service  
schedules a second-class publication for  
review every 1 to 3 years, depending on  
the number of original entries  
authorized at the post office conducting  
the review. The review procedure  
includes verification of the accuracy of

the mailing statement (postage payment) and the eligibility of the publication to qualify for second-class privileges, particularly, compliance with the circulation requirements.

After examining these procedures, the Postal Service believes that the procedures do not promote the most efficient use of postal resources. On one hand, the Postal Service believes that eligibility reviews need not be conducted for all publications. That is, where other evidence provides assurance that a publication remains eligible for second-class privileges, an on-site verification need not invariably be conducted. On the other hand, the Postal Service believes that postage payment verification for all publications should be conducted at least once a year. Accordingly, the following procedures are proposed.

The Postal Service proposes to separate the postage payment part of the review from the eligibility part. Each second-class publication will receive a postage payment review of one of the issues at least once each calendar year. This review will be conducted at the time of mailing at each post office where second-class postage is paid. Publishers claiming automation and presort rates will be required, at the review, to submit the documentation required by the Postal Service to substantiate the publication's eligibility for automation and presort rate levels.

For those publications subject to circulation standards, the Postal Service proposes using the annual Statement of Ownership, Management, and Circulation (PS Form 3526) as the basis for evaluating whether a second-class publication continues to meet the applicable eligibility requirements of being distributed to 50 percent or more persons who have paid for or requested the publication.

A review will be scheduled based on the percentage of paid or requested circulation shown by the publisher on PS Form 3526. The Postal Service still reserves its right to audit if there is a question about the eligibility of a publication.

When a second-class publication is selected for an eligibility review, the publisher will be notified by the post office serving the known office of publication. The publisher will be advised of the issue to be verified.

In order that the review may be conducted as quickly and efficiently as possible, the publisher will be asked to provide circulation information prior to the review. The Postal Service will revise PS Form 3548, Review and Verification of Circulation, for this purpose.

Accordingly, the original entry post office will mail the publisher a blank Form 3548, with a cover letter asking the publisher to complete the unshaded parts of the form for the issue specified. The publisher will be given 15 days from the receipt of the cover letter to return the completed form to the post office of the original entry office.

The unshaded parts of the Form 3548 will contain information relating to the total distribution of the issue being reviewed. The Postal Service will then send a representative to the known office of publication to examine the circulation records.

Publications that are audited by Postal Service-approved independent audit bureaus will continue to have their eligibility and postage payment reviews conducted by the independent audit bureaus. Publications mailing under the Centralized Postage Payment system will continue to have their postage payment reviews conducted annually by the New York Rates and Classification Service Center.

Appropriate procedures to reflect these changes will be implemented if the proposal is adopted.
