

conducted or sponsored by the applicant.

The agency has carefully considered the potential environmental effects of this action. FDA has concluded that the action will not have a significant impact on the human environment, and that an environmental impact statement is not required. The agency's finding of no significant impact and the evidence supporting that finding, contained in an environmental assessment, may be seen in the Dockets Management Branch (address above) between 9 a.m. and 4 p.m., Monday through Friday.

#### List of Subjects in 21 CFR Part 522

Animal drugs.

Therefore, under the Federal Food, Drug, and Cosmetic Act and under authority delegated to the Commissioner of Food and Drugs and redelegated to the Center for Veterinary Medicine, 21 CFR part 522 is amended as follows:

#### PART 522—IMPLANTATION OR INJECTABLE DOSAGE FORM NEW ANIMAL DRUGS

1. The authority citation for 21 CFR part 522 continues to read as follows:

**Authority:** Sec. 512 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360b).

2. Section 522.2477 is revised to read as follows:

##### § 522.2477 Trenbolone acetate and estradiol.

(a) *Sponsor.* See No. 012579 in § 510.600(c) of this chapter.

(b) *Related tolerances.* See §§ 556.240 and 556.739 of this chapter.

(c) *Conditions of use—(1) Feedlot steers—(i) Amount.* 120 milligrams of trenbolone acetate and 24 milligrams of estradiol (6 pellets, each pellet containing 20 milligrams of trenbolone acetate and 4 milligrams of estradiol) per animal.

(ii) *Indications for use.* For increased rate of weight gain and improved feed efficiency in feedlot steers.

(iii) *Limitations.* Implant subcutaneously in ear only. Do not use in animals intended for subsequent breeding or in dairy animals.

(2) *Heifers—(i) Amount.* 140 milligrams of trenbolone acetate and 14 milligrams of estradiol (7 pellets, each pellet containing 20 milligrams of trenbolone acetate and 2 milligrams of estradiol) per animal.

(ii) *Indications for use.* For increased rate of weight gain and improved feed efficiency in heifers fed in confinement for slaughter.

(iii) *Limitations.* Implant subcutaneously in ear only. Do not use in animals intended for subsequent breeding or in dairy animals.

Dated: January 13, 1995.

**Stephen F. Sundlof,**

*Director, Center for Veterinary Medicine.*

BILLING CODE 4160-01-F

## DEPARTMENT OF THE TREASURY

### Fiscal Service

#### 31 CFR Parts 306 and 357

#### General Regulations Governing U.S. Securities and Regulations Governing Book-Entry Treasury Bonds, Notes and Bills

**AGENCY:** Bureau of the Public Debt, Fiscal Service, Treasury.

**ACTION:** Final rule.

**SUMMARY:** This final rule amends the general regulations governing United States securities and the regulations governing book-entry Treasury securities to implement a provision of the Treasury, Postal Service and General Government Appropriations Act of 1995. The legislation authorizes the Treasury to collect a fee for each definitive Treasury security issued to customers, and to collect an annual fee for each TREASURY DIRECT securities account that exceeds a stipulated amount.

**EFFECTIVE DATE:** January 23, 1995.

**FOR FURTHER INFORMATION CONTACT:** Maureen Parker, Director, Division of Securities Systems, Bureau of the Public Debt, (304) 480-7761; Susan Klimas, Attorney-Adviser, Office of the Chief Counsel, Bureau of the Public Debt, (304) 480-5192.

**SUPPLEMENTARY INFORMATION:** The Treasury, Postal Service and General Government Appropriations Act of 1995 (Pub. L. 103-329), authorizes the Secretary to collect a fee of not less than \$46 for each definitive security issued to customers. The general regulations governing United States securities are contained in 31 CFR Part 306. A definitive security is a Treasury bond, note, certificate of indebtedness, or bill issued in engraved or printed form. Although securities in definitive form are no longer available on original issue, certain older issues of Treasury securities, by the terms of their issue, are still available in definitive form. The fees are to be imposed on each definitive security issued or reissued upon the request of a customer, to enable the Department to recoup the costs connected with such issuance. The fees must be paid in full when the transaction is requested. The Department intends to begin the

collection of these fees on January 30, 1995.

Therefore, Part 306 is amended by adding a new Section 306.24, to provide that a fee will be charged for each definitive security issued as a result of a transfer, reissue, exchange or withdrawal from book-entry form, or the granting of relief on account of loss or theft, in accordance with a fee schedule. The fee schedule applicable appears separately as a notice in this issue of the **Federal Register**. Future fee schedule changes, if any, will be announced through a notice published in the **Federal Register**.

The Treasury, Postal Service and General Government Appropriations Act of 1995 (Pub. L. 103-329) also authorizes the Secretary to collect an annual fee of not less than \$25.00 for each Treasury Direct Investor Account in the Treasury Direct book-entry securities system which exceeds \$100,000 (par value). The regulations governing such securities are contained in 31 CFR Part 357. The category of accounts covered by the legislation is referred to in Part 357 as a "Securities account", and defined in Section 357.20. Fees will be charged to reduce the cost of maintaining large Treasury Direct Investor Accounts. A bill will be mailed to the investor for each account subject to the charge. The Department intends to begin the collection of these fees for accounts in the applicable amount as of May 19, 1995.

Accordingly, Part 357 is amended to add new paragraph (f) to Section 357.20. Paragraph (f) provides that accounts above a stipulated par amount will be charged a fee. The accounts to which the fee will apply, and the amount of such fee, are published separately as a notice in this issue of the **Federal Register**.

#### Procedural Requirements

It has been determined that this final rule does not meet the criteria for a "significant regulatory action," as defined in Executive Order 12866. Therefore, the regulatory review procedures contained therein do not apply.

This final rule relates to matters of public contract and procedures for U.S. securities, as well as the borrowing power and fiscal authority of the United States. Accordingly, pursuant to 5 U.S.C. 553(a)(2), the notice, public comment and delayed effective date provisions of the Administrative Procedure Act do not apply. As no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601, *et seq.*) do not apply.

As there are no new collections of information contained in this final rule, the Paperwork Reduction Act (44 U.S.C. 3504) does not apply.

### List of Subjects in 31 CFR Parts 306 and 357

Banks, Banking, Bonds, Federal Reserve System, Government securities.

Dated: January 17, 1995.

Gerald Murphy,

Fiscal Assistant Secretary.

For the reasons set out in the preamble, 31 CFR Parts 306 and 357 are amended, as follows:

### PART 306—GENERAL REGULATIONS GOVERNING U.S. SECURITIES

1. The authority citation for Part 306 continues to read as follows:

**Authority:** 31 U.S.C. Chapter 31, 5 U.S.C. 301 and 12 U.S.C. 391.

2. A new section, 306.24, is added to subpart C to read as follows:

#### § 306.24 Collection of fees on definitive securities.

A fee shall be charged for each definitive security, as defined in § 306.115 (a), issued as a result of a transfer, exchange, reissue, withdrawal from book-entry, or the granting of relief on account of loss, theft, destruction, mutilation, or defacement. The applicable fee, and the basis for its determination, will be published by notice in the **Federal Register**.

### PART 357—REGULATIONS GOVERNING BOOK-ENTRY TREASURY BONDS, NOTES AND BILLS (DEPARTMENT OF THE TREASURY CIRCULAR, PUBLIC DEBT SERIES NO. 2-86)

3. The authority citation for Part 357 continues to read as follows:

**Authority:** 31 U.S.C. Chapter 31, 5 U.S.C. 301 and 12 U.S.C. 391.

4. Section 357.20 is amended by adding a new paragraph (f) to read as follows:

#### § 357.20 Securities account in TREASURY DIRECT.

\* \* \* \* \*

(f) *Account maintenance fees.* An annual maintenance fee shall be charged for each TREASURY DIRECT securities account holding securities that in the aggregate exceed a stipulated par amount. The amount of the fee will be published by notice in the **Federal Register**.

## DEPARTMENT OF TRANSPORTATION

### Coast Guard

#### 33 CFR Part 117

[CGD01-94-164]

RIN 2115-AE47

#### Drawbridge Operation Regulations; Lake Champlain, NY and VT

**AGENCY:** Coast Guard, DOT.

**ACTION:** Temporary final rule with request for comments.

**SUMMARY:** At the request of the Vermont Agency of Transportation (VAOT), the Coast Guard is temporarily changing the regulations governing the Route 2 Bridge over Lake Champlain at mile 91.8 between North Hero and Grand Isle, Vermont, to allow the bridge to remain in the closed position for seventy five (75) days from January 16, 1995 to April 1, 1995. This temporary change is being implemented to allow the bridge to remain in the closed position while major repairs are made to the bridge. Marine traffic which can pass under the closed span may still pass at will.

**DATES:** Effective: This temporary rule is effective from 7 a.m., January 16, 1995 through 7 a.m., April 1, 1995. Comments must be received on or before February 22, 1995.

**ADDRESSES:** Comments may be mailed to Commander (obr), First Coast Guard District, Building 135A, Governors Island, New York, 10004-5073, or may be hand delivered to the same address between 7 a.m. and 4 p.m., Monday through Friday, except federal holidays. The telephone number is (212) 668-7170. The comments will become part of this docket and will be available for inspection and copying by appointment at the above address.

**FOR FURTHER INFORMATION CONTACT:** Waverly W. Gregory, Project Manager, Bridge Branch, (212) 668-7170.

#### SUPPLEMENTARY INFORMATION:

##### Request for Comments

The Coast Guard encourages interested persons to participate in this rulemaking by submitting written views, comments, data, or arguments. Persons submitting comments should include their name and address, identify the bridge, this rulemaking (CGD01-94-164), the specific section of this temporary regulation to which each comment applies, and give reasons for concurrence with or any recommended changes to the rule.

A comment period shorter than the normal 60 days is considered adequate

for interested persons in the locality to suggest any changes that should be made to this temporary rule. Preliminary input from marine interests indicate that they have no objections provided the work is completed before April 1, 1995. The Coast Guard requests that all comments and attachments be submitted in an unbound format no larger than 8½" by 11", suitable for copying and electronic filing. If that is not practical, a second copy of any bound material is requested. Persons desiring acknowledgment that their comments have been received should enclose a stamped, self-addressed post card or envelope.

The Coast Guard will consider all comments received during the comment period, and may change this temporary regulation in light of comments received.

The Coast Guard plans no public hearing. Persons may request a public hearing by writing to the Project Manager at the address under **ADDRESSES**. The request should include reasons why a hearing would be beneficial. If the Coast Guard determines that the opportunity for oral presentations will aid this rulemaking, the Coast Guard will hold a public hearing at a time and place announced by a later notice in the **Federal Register**.

#### Drafting Information

The drafters of this notice are Mr. John W. McDonald, Bridge Management Specialist, Bridge Branch, and Lieutenant Commander Samuel R. Watkins, Project Counsel, District Legal Office.

#### Background and Purpose

The Route 2 Bridge, built circa 1952, over Lake Champlain between North Hero and Grand Isle, Vermont, has a vertical clearance of 13 feet above mean high water (MHW) and 18 feet above mean low water (MLW).

The VAOT requested that emergency repair work be conducted as a result of difficulties encountered while opening and closing the bridge during the summer of 1993. A Coast Guard letter of approval with conditions was issued in October, 1993 to perform emergency repairs on the bridge. Due to contractual difficulties, a final contract was not awarded until September 1994. The contractor requested that the Coast Guard grant a closure beginning December 1, 1994 and ending on April 1, 1995. Further discussions with the contractor resulted in a subsequent request for a closed period from January 16, 1995 through April 1, 1995. The final agreement to close the bridge beginning on January 16, 1995 did not
