Total Burden Hours .....	1,835	

**Description:** These forms request information from survivors of a deceased Federal employee which verify dependent status when making a claim for benefits and on a periodic basis in accepted claims. Some of the forms are used to obtain information on claimed dependents in disability cases. The agency uses this information to ensure that survivor benefits are paid to the correct person(s) and in the correct amount.

**Glass Ceiling Commission; Open Meeting by Teleconference**

**SUMMARY:** Pursuant to Title II of the Civil Rights Act of 1991 (Pub. L. 102-166) and Section 9 of the Federal Advisory Committee Act (FACA) (pub. L. 92-262, 5 U.S.C. app. II) a Notice of establishment of the Glass Ceiling Commission was published in the **Federal Register** on March 30, 1992 (57 FR 10776). Pursuant to section 10(a) of FACA, this is to announce an open meeting of the Commission for Monday, February 13, 1995 from 12:00 pm to 1:30 pm E.S.T. The meeting will be conducted by telephone teleconference. The purpose of the Commission is to, among other things, focus greater attention on the importance of eliminating artificial barriers to the advancement of minorities and women to management and decisionmaking position in business. The Commission has the practical task of: (a) conducting basic research into practices, policies, and manner in which management and decisionmaking positions in business are filled; (b) conducting comparative research of businesses and industries in which minorities and women are promoted or are not promoted; and (c)

recommending measures to enhance opportunities for and the elimination of artificial barriers to the advancement of minorities and women to management and decisionmaking positions.

**TIME AND PLACE:** The meeting will be held by teleconference, Monday February 13, 1995 (Eastern Standard Time) in the Department of Labor 5th Floor Seminar Room A. The meeting is open to the public, and will be held from 12 pm to 1:30 pm EST. This meeting will take the place of an earlier January 31st and February 1st meeting which had to be postponed.

The Commission will meet to discuss the status of the activities and tasks of the Commission. The agenda for the meeting include:

**Review of Report**

Individuals with disabilities should contact Ms. René A. Redwood at (202) 219-7342 no later than February 10, 1995 if special accommodations are needed.

Due to scheduling difficulties, we are providing less than 15 days of advance notice of this meeting.

**FOR FURTHER INFORMATION CONTACT:** Ms. René A. Redwood, Executive Director, Glass Ceiling Commission, U.S. Department of Labor, 200 Constitution Avenue, NW, Room C-2313, Washington, DC 20210, (202) 219-7342.

Signed at Washington, DC this 3rd day of February 1995.

**René A. Redwood,**  
Executive Director.

BILLING CODE 4510-23-M

**Women's Bureau; Commission on Family and Medical Leave; Notice of Meeting**

**AGENCY:** Office of the Secretary, Labor.

**ACTION:** Notice of Public Meeting.

**SUMMARY:** The Commission on Family and Medical Leave was established by an Act of Congress, the Family and Medical Leave Act, Pub. L. 103-3.

**TIME AND PLACE:** The meeting will be held on Tuesday, February 14, 1995, from 10 am to 12 Noon, on Capitol Hill in the Dirksen Senate Office Building, Room 562. Please take the Constitution Avenue entrance.

**PUBLIC PARTICIPATION:** The meeting will be open to the public. It will be in session from 10 am to 12 Noon. Seating will be available to the public on a first-come, first served basis. Handicapped individuals wishing to attend should contact the Office of the Commission to obtain appropriate accommodations. Individuals wishing to submit written statements should send 16 copies to Susan King, Executive Director, Commission on Family and Medical Leave, Room S-3002, Frances Perkins Building, U.S. Department of Labor, 200 Constitution Avenue, NW., Washington, DC 20210.

**FOR FURTHER INFORMATION CONTACT:** Susan King, Telephone (202) 219-4526; Ext. 102.

Signed at Washington, DC this 3rd Day of February, 1995.

**Susan King,**  
Executive Director, Commission on Leave.

**COMMISSION OF FINE ARTS**

**Notice of Meeting**

The Commission of Fine Arts' next meeting is scheduled for 16 February 1995 at 10:00 a.m. in the Commission's offices in the Pension Building, Suite 312, Judiciary Square, 441 F Street, NW, Washington, DC 20001 to discuss various projects affecting the

appearance of Washington, DC including buildings, memorials parks, etc.; also matters of design referred by other agencies of the government.

Inquiries regarding the agenda and requests to submit written or oral statements should be addressed to Charles H. Atherton, Secretary, Commission of Fine Arts, at the above address or call the above number.

Dated in Washington, DC, 30 January 1995.

**Charles H. Atherton,**  
Secretary.

## NATIONAL SCIENCE FOUNDATION

### Environmental Assessment and Request for Comments; Notice

**AGENCY:** National Science Foundation.

**ACTION:** Notice of environmental assessment and request for comments.

**SUMMARY:** The National Science Foundation (NSF) has prepared an Environmental Assessment for the construction and operation of a Laser Interferometer Gravitational-Wave Observatory (LIGO) facility at a Louisiana State University site in Livingston Parish, Louisiana. LIGO is a scientific research program for the detection and study of cosmic gravitational waves. The program shall enhance our understanding of the nature of gravity and expand our knowledge of astrophysics. Possible effects of the project on wetlands have been mitigated by the acquisition and restoration of 39 acres of wetlands at the Cypress Island Nature Preserve. NSF is inviting public comment on the Environmental Assessment.

**DATES:** The NSF welcomes any comments on the environmental assessment. In order to be assured consideration comments must be received no later than March 10, 1995.

**ADDRESSES:** Comments may be addressed to Dr. David Berley, Program Manager for LIGO, National Science Foundation, 4201 Wilson Boulevard, Room 1015, Arlington, Virginia, 22230.

**FOR FURTHER INFORMATION CONTACT:** Dr. David Berley, 703-306-1892.

Dated: February 3, 1995.

**Lawrence Rudolph,**  
Acting General Counsel, National Science Foundation.

## NUCLEAR REGULATORY COMMISSION

[Docket No. 50-213]

### Connecticut Yankee Atomic Power Company; Haddam Neck Plant; Environmental Assessment and Finding of No Significant Impact

The U.S. Nuclear Regulatory Commission (the Commission) is considering issuance of an amendment to Facility Operating License No. DPR-61, issued to Connecticut Yankee Atomic Power Company (CYAPCO, the licensee), for operation of the Haddam Neck Plant, located in Middlesex County, Connecticut.

#### Environmental Assessment

##### *Identificatjon of the Proposed Action*

CYAPCO has proposed to revise Technical Specification (TS) 3/4.4.9, "Pressure Temperature Limits, Reactor Coolant System," Figures 3.4-3, 4, and 5, and the associated Bases section. The proposed action is in accordance with the licensee's amendment request dated April 7, 1994, as supplemented November 4, 1994.

##### *The Need for the Proposed Action*

NRC Information Notice 93-58, "Nonconservatism in Low-Temperature Overpressure Protection for Pressurized-Water Reactors," alerted licensees of potential nonconservatism associated with the Low Temperature Overpressurization Protection (LTOP) system resulting from pressure drop across the core. Upon review of this information, the Haddam Neck Plant adopted a conservative set of curves until new curves could be developed for the plant. These TS changes reflect the analysis performed to evaluate the brittle fracture requirements of 10 CFR Part 50, Appendix G and the ASME XI Code.

These changes will ensure that the desired margins of safety against nonductile failure of the reactor vessel are maintained through all modes of operation, especially when the reactor coolant system (RCS) is at low temperatures.

##### *Environmental Impacts of the Proposed Action*

The Commission has completed its evaluation of the proposed revision to the TS. The staff has concluded that the proposed TS changes involving the changes in TS 3/4.4.9, "Pressure/Temperature Limits, Reactor Coolant System," Figures 3.4-3, 4, and 5, and the associated Bases Section adequately address the non-conservatism

identified in NRC Information Notice 93-58 and will ensure compliance with the 10 CFR Part 50, Appendix G requirements during normal modes of operation. The staff made this determination by reviewing the plant specific analysis to assure that the proposed heatup, cooldown, and hydrostatic test, pressure/temperature limit curves have been chosen to ensure the plant is operated safely. In addition, the new P/T curves are more restrictive and conservative than the current curves.

The proposed TS change will not increase the probability or consequences of accidents. No changes are being made in the types of any effluents that may be released offsite. And, there is no significant increase in the allowable individual or cumulative occupational radiation exposure. Accordingly, the Commission concludes that there are no significant radiological environmental impacts associated with this proposed TS amendment.

With regard to potential nonradiological impacts, the proposed amendment does involve features located entirely within the restricted area as defined in 10 CFR Part 20. It does not affect nonradiological plant effluents and has no other environmental impact. Accordingly, the Commission concludes that there are no significant nonradiological environmental impacts associated with the proposed amendment.

Accordingly, the Commission concludes that there are no significant radiological or nonradiological environmental impacts associated with the proposed amendment.

##### *Alternatives to the Proposed Action*

Since the Commission has concluded there is no measurable environmental impact associated with the proposed amendment, any alternatives with equal or greater environmental impact need not be evaluated. As an alternative to the proposed action, the staff considered denial of the proposed action. Denial of the application would result in no change in current environmental impacts. The environmental impacts of the proposed action and the alternative action are similar.

##### *Alternative Use of Resources*

This action does not involve the use of resources not considered previously in the Final Environmental Statement for the Haddam Neck Plant.

##### *Agencies and Persons Consulted*

In accordance with its stated policy, the staff consulted with the Connecticut State official regarding the
