

into twenty-eight (28) parcels of land including roadways and utilities. The airport parcel, including two (2) nonaviation revenue producing parcels, will be conveyed at no-cost via public benefit conveyance for airport purposes. The FAA has jurisdiction by law regarding reuse of the runways and associated facilities as a civilian airport. A decision, if any, by the FAA to approve an airport layout plan will be announced by a separate ROD issued by the FAA based on the analysis in the FEIS and any additional FAA analysis that may be required. Three (3) parcels will be assigned to the Department of Health and Human Services (HHS) for disposal as a public benefit conveyance for homeless assistance purposes and three (3) parcels will be assigned to the Department of Education for disposal as a public benefit conveyance for educational purposes. Seven (7) parcels are to be offered for negotiated sale, one (1) of which consists of a building only. The road network is an integral part of all the parcels. Primary roads may be conveyed by negotiated sale to an eligible public body. Secondary roadways that are completely within a parcel will be included as part of the parcel. The utility systems, such as gas and electric, are totally integrated systems, prohibiting their separation among the various parcels. Therefore, disposal of utility systems will include conditions under which the recipient must provide service to all parcels. The gas and electric systems, with appropriate easements for maintenance and repair, will be conveyed through negotiated sale to utility purveyors, or eligible public bodies. Water and wastewater systems are required to support redevelopment efforts and is contingent on the recipient continuing to provide the necessary service to all parcels. Therefore, water wastewater systems will be assigned to HHS contingent upon a formal request for conveyance for the protection of public health.

The implementation of the closure and reuse action and associated mitigation measures will proceed with minimal adverse impact to the environment. This action conforms with applicable Federal, State and local statutes and regulations, and all reasonable and practical efforts have been incorporated to minimize harm to the local public and the environment.

Any questions regarding this matter should be directed to Mr. John E.B. Smith or Ms. De Carlo Ciccel at (703) 696-5540. Correspondence should be sent to: AFBCA/SP, 1700 North Moore

Street, Suite 2300, Arlington, VA 22209-2802.

Patsy J. Conner,

Air Force Federal Register Liaison Officer.

BILLING CODE 3710-08-M

DEPARTMENT OF DEFENSE

GENERAL SERVICES ADMINISTRATION

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

OMB Clearance Request for Simplified Acquisition Procedures/FACNET

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice of new request for OMB clearance.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1980 (44 U.S.C. 3501), the Federal Acquisition Regulation (FAR) Secretariat has submitted to the Office of Management and Budget (OMB) a request to review and approve a new information collection requirement concerning Simplified Acquisition Procedures/FACNET.

DATES: Comments may be submitted on or before May 1, 1995.

ADDRESSES: Send comments to Mr. Peter Weiss, FAR Desk Officer, OMB, Room 10236, NEOB, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Beverly Fayson, Office of Federal Acquisition Policy, GSA (202) 501-4755.

SUPPLEMENTARY INFORMATION:

A. Purpose

Title IX of the Federal Acquisition Streamlining Act of 1994 (the Act) amended the Office of Federal Procurement Policy Act (41 U.S.C. 401, *et seq.*) by adding new sections regarding the establishment of a program for the development and implementation of a Federal Acquisition Computer Network (hereinafter referred to as FACNET). FACNET is to be Governmentwide and will allow the electronic interchange of procurement information between the private sector and the Federal Government and among Federal agencies. Specific functions of FACNET are set forth under Section 30 of the Act.

Regulatory coverage on FACNET is included under FAR Subpart 4.5 in the draft proposed rule (FAR case 94-770). FAR section 4.503 will require contractors to register on a one-time basis with the Federal Contractor Registration System operated by the Defense Information Megacenter, Columbus, Ohio, in order to conduct business through electronic commerce (EC) with the Federal Government. Contractor registration information will be collected electronically as a prerequisite for conducting EC with the Federal Government. The process for collection of contractor information will use the Federal Implementation Conventions ANSI X12.838, Trading Partner Profile in accordance with the Federal Information Processing Standards 161 (FIPS). These standards are published by the National Institute for Standards and Technology (NIST). The information required to be submitted as part of contractor registration is the same as that currently provided by the SF 129, Solicitation Mailing List Application; the SF 3881, ACH vendor/Miscellaneous Payment Enrollment Form for paper transactions. In addition, information pertaining to a contractor assignment of commercial and Government entity (CAGE) code (where applicable); electronic data interchange (EDI) capabilities, including ANSI X12 transaction set and version number status for production, testing, sending and receiving; and the registrant's value added network (VAN) or value added service (VAS) electronic communications number will also need to be provided as part of the registration process. Requiring information consistent with the existing forms that Government contractors are familiar with simplifies the process of gathering current, factual data to input into the Registration System. The additional information is information contractors

should have readily available when they have established EC/EDI capability.

The information submitted by contractors will permit the Megacenter to establish a central repository for all vendors doing business with the Federal Government, information that will be accessible by all Government contracting activities. This will eliminate the need for contractors to submit the information to each individual contracting activity they are doing business with, which is the current practice.

B. Annual Reporting Burden

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to General Services Administration, FAR Secretariat, 18th & F Streets, NW, Room 4037, Washington, DC 20405, and to the FAR Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503.

The annual reporting burden is estimated as follows: Respondents, 100,000; responses per respondent; 1; total annual responses, 100,000; preparation hours per response, 25; and total response burden hours, 25,000.

C. Annual Recordkeeping Burden

The annual recordkeeping burden is estimated as follows: Recordkeepers, 100,000; hours per recordkeeper, .25; and total recordkeeping burden hours, 25,000.

Obtaining Copies of Proposals: Requester may obtain copies of OMB applications or justifications from the General Services Administration, FAR Secretariat (VRS), Room 4037, Washington, DC 20405, telephone (202) 501-4755. Please cite OMB clearance request regarding Simplified Acquisition Procedures/FACNET, FAR case 94-770, in all correspondence.

Dated: February 21, 1995.

Beverly Fayson,

FAR Secretariat.

BILLING CODE 6820-34-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER95-367-000]

Century Power Corp.; Notice of Filing

February 24, 1995.

Take notice that on February 23, 1995, Century Power Corporation tendered for filing a revised Notice of Cancellation. Century states that effective March 17, 1995 the following Rate Schedules will be canceled.

FERC Rate Schedule No. 10

FERC Rate Schedule No. 12

FERC Rate Schedule No. 14

FERC Rate Schedule No. 15

Century Power Corporation is also canceling, effective March 17, 1995, Service Agreements Nos. 1 through 23 contained in Century Power Corporation's FERC Tariff No. 1.

The following rate schedules and service agreements will remain in effect: FERC Rate Schedules 1, 17 and 18 and Service Agreements 24 and 25 under Tariff No. 1.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before March 2, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

Secretary.
