Absolute Priority

Under 34 CFR 75.105(c)(3), 34 CFR 630.12 and 34 CFR 630.11(a), the Secretary gives an absolute preference to applications that meet the following priority. The Secretary funds under this competition only applications that meet this absolute priority:

Projects that respond to immediate problems or issues and that seek to improve postsecondary education opportunities.

Invitational Priorities

Under 34 CFR 75.105(c)(1) and 34 CFR 630.11(b)(1), the Secretary is particularly interested in applications that meet the following invitational priority. However, an application that meets this invitational priority does not receive competitive or absolute preference over other applications.

Institutions with innovative postsecondary projects that became integrated into the administrative structure of the institution between 1988 and 1994 and that are expected to continue into the foreseeable future, are invited to apply for funds to disseminate their practices to other campuses.

Selection Criteria

In evaluating applications for grants under this program competition, the Secretary uses the following selection criteria chosen from those listed in 34 CFR 630.32:

(a) *Significance for Postsecondary Education.* The Secretary reviews each proposed project for its significance in improving postsecondary education by determining the extent to which it would—

(1) Achieve the purposes of the particular program competition as referenced in 34 CFR 630.11;

(2) Address the program priorities for the particular program competition;

(3) Address an important problem or need;

(4) Represent an improvement upon, or important departure from, existing practice;

(5) Involve learner-centered improvements;

(6) Achieve far-reaching impact through improvements that will be useful in a variety of ways and in a variety of settings; and

(7) Increase the cost-effectiveness of services.

(b) *Feasibility.* The Secretary reviews each proposed project for its feasibility by determining the extent to which—

(1) The proposed project represents an appropriate response to the problem or need addressed;

(2) The applicant is capable of carrying out the proposed project, as evidenced by, for example—

(i) The applicant's understanding of the problem or need;

(ii) The quality of the project design, including objectives, approaches, and evaluation plan;

(iii) The adequacy of resources, including money, personnel, facilities, equipment, and supplies;

(iv) The qualifications of key personnel who would conduct the project; and

(v) The applicant's relevant prior experience;

(3) The applicant and any other participating organizations are committed to the success of the proposed project, as evidence by, for example—

(i) Contribution of resources by the applicant and by participating organizations;

(ii) Their prior work in the area; and

(iii) The potential for continuation of the proposed project beyond the period of funding (unless the project would be self-terminating); and

(4) The proposed project demonstrates potential for dissemination to or adaptation by other organizations, and shows evidence of interest by potential users.

(c) *Appropriateness of funding projects.* The Secretary reviews each application to determine whether support of the proposed project by the Secretary is appropriate in terms of availability of other funding sources for the proposed activities.

In accordance with 630.32, the Secretary announces the methods that will be used in applying the selection criteria.

The Secretary gives equal weight to the selection criteria on significance, feasibility, and appropriateness. Within

each of these criteria, the Secretary gives equal weight to each of the subcriteria listed above. In applying the criteria, the Secretary first analyzes a preapplication or application in terms of each individual criterion and subscription. The Secretary then bases the final judgment of an application on an overall assessment of the degree to which the applicant addresses all selection criteria.
