#### Environmental Impact Statements and Regulations; Availability of EPA Comments

Availability of EPA comments prepared February 27, 1995 Through March 03, 1995 pursuant to the Environmental Review Process (ERP), under Section 309 of the Clean Air Act and Section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of Federal activities at (202) 260-5076.

An explanation of the ratings assigned to draft environmental impact statements (EISs) was published in FR dated April 10, 1994 (59 FR 16807).

#### Draft EISs

ERP No. D-FHW-E40756-SC Rating EC2, Greenville Southern Connectors

Construction and Operation, I-185 at I-85 south of Donaldson Center Industrial Air Park to I-385 at US 276 and SC-153 Connector from existing SC-153 at I-85 to the Southern Connector, Funding and COE Section 404 Permit, Anderson and Greenville Counties, SC.

*Summary:* EPA expressed environmental concerns and recommended caution at floodplain crossings. EPA also requested additional information on upland resource impacts.

ERP No. D-FRC-L05206-WA Rating EC2, Snoqualmie Falls Hydroelectric Project, (FERC. Project NO.2493), Relicensing, Snoqualmie River, King County, WA.

*Summary:* EPA raised environmental concerns over potential impacts to wetlands and groundwater and requested that additional information be included in the final EIS.

ERP No. D-FRC-L05207-WA Rating EO2, Nooksack River Basin Hydroelectric Projects, Seven Projects—(FERC No. 4628) (FERC No. 4738) (FERC No. 4270) (FERC No. 4282) (FERC No. 9231) (FERC No. 4312) and (FERC No. 3721) Construction and Operation, Licensing, Whatcom County, WA.

*Summary:* EPA expressed environmental objection and identified significant potential impacts to water quality, wetlands, and fish habitat from landslides, associated soil erosion and hydraulic modifications. Additional information is needed on the feasibility of mitigation measures, impacts on wetlands and fish populations.

ERP No. D-FRC-L05208-WA Rating EO2, Skagit River Basin Hydroelectric Projects, Nine Projects—(FERC No.10100) (FERC. No. 4437) (FERC No. 4376) (FERC. No. 3913) (FERC No.9787) (FERC No. 10311) (FERC No. 6984) and (FERC No. 10269 and No. 10416) Construction and Operation, Licensing, Whatcom and Skagit Counties, WA.

*Summary:* EPA expressed environmental objections and identified significant potential impacts to water quality, wetlands, and fish habitat from landslides, associated soil erosion and hydraulic modifications. EPA requested additional information on the feasibility of mitigation measures, slope failures risks, and effects to wetlands.

#### Final EISs

ERP No. F-COE-L39050-WA Southwest Harbor Cleanup and Redevelopment Project, Construction, COE Section 10/404 Permit and NPDES Permit Issuance, SW Spokane Street to Elliott Bay and Harbor Avenue SW to the

West Waterway, Port of Seattle, King County, WA.

**Summary:** EPA had no objections to the preferred alternative as described in the final EIS based on the new analyses and information presented in the final EIS.

ERP No. F-COE-L81000-WA Auburn Thoroughbred Horse Racing Facility, Construction and Operation, COE Section 404 Permit and NPDES Permit, City of Auburn, King County, WA.

**Summary:** EPA continued to have environmental concerns regarding the adequacy of wetland mitigation and water quality monitoring plans.

ERP No. F-FHW-E40746-NC US 421 Transportation Improvement just west of the South Fork New River to NC-1361 east of the Town of Deep Gap, Funding, Land Transfer and COE Section 404 Permit(s), Watauga County, NC.

**Summary:** EPA continued to have environmental concerns about the ability to adequately contain erosion and sedimentation during construction in the mountain terrain.

Dated: March 28, 1995

### National Technical Conference on Sanitary Sewer Overflows (SSOs)

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the Environmental Protection Agency's (EPA) is sponsoring a technical conference on Sanitary Sewer Overflows (SSOs). This conference is sponsored by the EPA Office of Research and Development's Center for Environmental Research Information in Cincinnati, OH, in cooperation with the EPA Office of Wastewater Management in Washington, DC.

#### Background and Purpose

Thousands of municipalities across the nation are serviced by separate sanitary sewer systems. A chronic problem that faces many of these

systems is the occurrence of sanitary sewer overflows (SSOs). Caused mainly by the infiltration and inflow of wet weather flows and blockages and flow restrictions in the sewer system, these SSOs can pose a risk to public health and the quality of our nation's waters. The U.S. Environmental Protection Agency (EPA) is currently in the initial stages of evaluating issues associated with SSOs. To bring together individuals from across the country to discuss the technical and institutional issues related to SSOs, EPA's Office of Research and Development is holding this conference on SSOs in cooperation with the EPA Office of Wastewater Management in Washington, DC. All interested persons are invited.

The purpose of this conference is to examine each major issue relating to SSOs by providing an open forum for the presentation of papers and discussions dealing with the technical and institutional issues related to the causes, effects, management and control of SSOs. This conference will include presentations and discussions of the following issues relating to SSOs:

- Problem definition and identification
- Monitoring and reporting
- Sewer system analysis and modeling
- Infiltration (including RII) and inflow sources
- Exfiltration
- Sewer system design and construction for SSO prevention
- Sewer system inspection, operation, maintenance and rehabilitation
- Building sewer inspection and maintenance
- Treatment plant issues
- Regulatory/institutional issues

**DATES:** The Conference will be held on April 24-26, 1995. On the 24th, the meeting will begin at approximately 10:00 a.m. EST and run until about 5:00 p.m. On the 26th, the meeting will run from about 9:00 a.m. until completion.

**ADDRESSES:** The Conference will be held at the Renaissance, Washington, DC Hotel—Downtown, 999 9th Street, NW., Washington, DC 20001, (202) 898-9000, Fax: 789-4213.

**FOR FURTHER INFORMATION CONTACT:** James F. Wheeler of EPA's Office of Wastewater Management, at (202) 260-5827.

**Michael B. Cook,**

*Director, Office of Wastewater Management Designated Federal Official.*

### Conditional Exemptions from TSCA Section 4 Test Rules

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** EPA is granting conditional exemptions from the Toxic Substances Control Act (TSCA), section 4 test rule requirements to certain manufacturers of chemical substances subject to these rules.

**DATES:** These conditional exemptions are effective on March 31, 1995.

**FOR FURTHER INFORMATION CONTACT:** James Willis, Acting Director, Environmental Assistance Division (7408), Office of Pollution Prevention and Toxics, Environmental Protection Agency, Rm. E-543B, 401 M St., SW., Washington, DC 20460, (202) 554-1404, TDD (202) 554-0551.

**SUPPLEMENTARY INFORMATION:** This notice grants conditional exemptions from TSCA section 4 test rule requirements to all manufacturers of the chemical substances identified below who submitted exemption applications in accordance with 40 CFR 790.80. In each case, EPA has received a letter of intent to conduct the testing from which exemption is sought. Accordingly, the Agency has conditionally approved these exemption applications because the conditions set out in 40 CFR 790.87 have been met. All conditional exemptions thus granted are contingent upon successful completion of testing and submission of data by the test sponsors according to the requirements of the applicable test rule.

If the test requirements are not met and EPA terminates a conditional exemption under 40 CFR 790.93, the Agency will notify each holder of an affected conditional exemption by certified mail or **Federal Register** notice.

This conditional approval applies to all manufacturers which submitted exemption applications for testing of the chemical substances named in the final test rules listed below from January 1, 1994 through December 31, 1994. Any application received after that date will be addressed separately.
