SUPPLEMENTARY INFORMATION: On December 6, 1994, EPA's Office of Pollution Prevention and Toxics published a proposed rule [59 FR 62788] to amend its rules under TSCA for PCBs. Changes proposed by EPA would affect the disposal, marking, storage, use, reporting and recordkeeping requirements for PCBs. Written comments on the proposed rule were to be received on or before April 6, 1995. EPA received a request seeking a 30-day extension of the public comment period because the length and complexity of the proposal required additional time to develop comments. EPA believes that providing an additional 30 days to prepare written comments is reasonable, and is granting the request. Written comments must now be received by EPA or postmarked on or before May 5, 1995. EPA is requesting comment on the proposed rule only to the extent that it would amend or change existing regulations. EPA is not soliciting comment on provisions of existing regulations that would not be changed by this proposal. Unit V of the preamble to the proposed rule [59 FR 62788] explains how commenters may make claims of business confidentiality for information included in comments. In the March 10, 1995, **Federal Register** [60 FR 13095] EPA announced that an informal public hearing on the proposed rule would be held on May 2 and 3, 1995. As a result of the extension of the written comment period, EPA must reschedule this hearing. Provisions at 40 CFR part 750 require the informal hearing for main comments to be held at least 2 weeks after the close of the written comment period. Accordingly, EPA has rescheduled the hearing for June 6 and 7, 1995.

Each person or organization desiring to participate in the informal hearing shall file a written request to participate with the Record and Hearing Clerk (see **ADDRESSES** above). The request shall be received on or before May 15, 1995. Persons or organizations that have already submitted requests to participate in response to the March 10 notice are assumed by EPA to want to participate at the rescheduled hearing, and they need not resubmit their requests.

The request shall include: (1) A brief statement of the interest of the person or organization in the proceeding; (2) a brief outline of the points to be addressed; (3) an estimate of the time required (not to exceed 15 minutes); and

(4) if the request comes from an organization, a nonbinding list of the persons to take part in the presentation. Due to the expected number of speakers, comments must be limited to 15 minutes. An organization that has not filed main comments on the rulemaking will not be allowed to participate in the hearing, unless a waiver of this requirement is granted by the Record and Hearing Clerk (see **ADDRESSES** above) or the organization is appearing at the request of EPA or under subpoena (40 CFR 750.6(a)). The complete procedures for this informal hearing are identified in 40 CFR part 750, subpart A, and are summarized in the March 10, 1995 [60 FR 13095] hearing notice.
