

changes from 38.41 percent to 17.13 percent.

Suspension of Liquidation

In accordance with section 733(d)(1) of the Act, we are directing the U.S. Customs Service to continue to suspend liquidation of all entries of butt-weld pipe fittings from Thailand, as defined in the "Scope of Investigation" section of this notice, that are produced and sold by AST and that are entered, or withdrawn from warehouse, for consumption on or after October 4, 1994.

The Customs Service shall require a cash deposit or the posting of a bond equal to the estimated weighted-average amount by which the foreign market value of AST's subject merchandise exceeds the United States price as shown below. The suspension of liquidation will remain in effect until further notice. The amended weighted-average dumping margin is as follows:

Manufacturer/producer/exporter	Margin percent	De-posit percent
Awaji Sangyo (Thailand) Co., Ltd.	17.13	16.39

We did not determine an "all others" rate in this investigation, because all other producers and exporters of butt-weld pipe fittings from Thailand are already subject to an antidumping duty order on this merchandise, which was published in the **Federal Register** on July 6, 1992 (57 FR 29702).

Adjustment of Deposit Rate for Countervailing Duties

Article VI, paragraph 5 of the General Agreement on Tariffs and Trade provides that "[no] product * * * shall be subject to both antidumping and countervailing duties to compensate for the same situation for dumping or export subsidization." This provision is implemented by section 772(d)(1)(D) of the Act. Because antidumping duties cannot be assessed on the portion of the margin attributable to export subsidies, there is no basis to require a cash deposit or bond for that amount.

Accordingly, the level of export subsidies as determined in the most recent administrative review of the countervailing duty order, Carbon Steel Butt-Weld Pipe Fittings From Thailand; Final Results of Countervailing Duty Administrative Review, (57 FR 5248, February 13, 1992), which was 0.74 percent, will be subtracted from the margin for cash deposit or bonding purposes. This results in a deposit rate of 16.39 percent for AST.

This amended final determination is published in accordance with section 735(e) of the Act and 19 CFR 353.21.

Dated: March 29, 1995.

Susan G. Esserman,

Assistant Secretary for Import Administration.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Addition

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Addition to the Procurement List.

SUMMARY: This action adds to the Procurement List a commodity to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

EFFECTIVE DATE: May 8, 1995.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Square 3, Suite 403, 1735 Jefferson Davis Highway, Arlington, Virginia 22202-3461.

FOR FURTHER INFORMATION CONTACT: Beverly Milkman (703) 603-7740.

SUPPLEMENTARY INFORMATION: On February 3, 1995, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice (60 FR 6702) of proposed addition to the Procurement List.

Comments were received from a cup manufacturer which has not been a Government contractor for the cup at issue in this addition to the Procurement List. The commenter indicated that it considered the cup not to be suitable for production by blind individuals because it requires visual inspection during production and allowing blind people to work in close proximity to high speed machinery would be dangerous. The commenter also indicated that the Committee should meet its goal of creating employment for people with severe disabilities by giving private manufacturers an opportunity to hire such people rather than by adding commodities to the Procurement List. The commenter stated that the Committee's method of assessing impact on contractors is biased against larger companies because it looks at impact on the total company rather than a single plant or product line. The commenter indicated that the Committee should not add items to the Procurement List on an open-ended basis, but should allow occasional competitive bidding to ensure that the nonprofit agencies maintain their ability to produce effectively.

The Committee's determination that the nonprofit agency is capable of producing this cup was based on capability determinations by the Government agency which procures the
