

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard must consider whether this proposal will have a significant economic impact on a substantial number of small entities. "Small entities" may include (1) Small businesses and not-for-profit organizations that are independently owned and operated and are not dominant in their fields and (2) governmental jurisdictions with populations of less than 50,000. Because it expects the impact of this proposal to be minimal, the Coast Guard certifies under 5 U.S.C. 605(b) that this proposal, if adopted, will not have a significant economic impact on a substantial number of small entities. Therefore, the Coast Guard certifies under 5 U.S.C. 605(b) that this proposal, if adopted, will not have a significant economic impact on a substantial number of small entities. If, however, you think that your business or organization qualifies as a small entity and that this proposal will have a significant economic impact on your business or organization, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and in what way and to what degree this proposal will economically affect it.

Collection of Information

This proposal contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

The Coast Guard has analyzed this action in accordance with the principles and criteria contained in Executive Order 12612 and has determined that this proposal does not have sufficient federalism implications to warrant the preparation of a federalism assessment.

Environment

The Coast Guard considered the environmental impact of this proposed regulation and concluded that, under paragraph 2.B.2 of Commandant Instruction M16475.1B (as revised by 59 FR 38654; July 29, 1994), this proposed regulation is categorically excluded from further environmental documentation. Appropriate environmental analysis of the Lake Union Fireworks Display will be conducted in conjunction with the marine event permitting process each year. Any environmental documentation required under the National Environmental Policy Act will be completed prior to the issuance of a marine event permit for this event.

Harbors, Marine safety, Navigation (water), Reporting and record keeping requirements, Security measures, Waterways.

Proposed Regulations

In consideration of the foregoing, the Coast Guard proposes to amend Part 165 of Title 33, Code of Federal Regulations, as follows:

PART 165—[AMENDED]

1. The authority citation for Part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, and 160.5; 49 CFR 1.46.

2. A new § 165.1306 is added to read as follows:

§ 165.1306 Lake Union, Seattle, WA.

(a) *Location.* The following area is a safety zone: All portions of the waters of Lake Union bounded by the following coordinates: Latitude 47°30'32"N, Longitude 122°20'34"W; thence to Latitude 47°38'32"N, Longitude 122°19'48"W; thence to Latitude 47°38'10"N, Longitude 122°19'45"W; thence to Latitude 47°38'10"N, Longitude 122°20'24"W; thence returning to the origin. This safety zone begins 1000 feet south of Gas Works Park and encompasses all waters from east to west for 2500 feet. Floating markers will be placed by the sponsor of the fireworks demonstration to delineate the boundaries of the safety zone.

(b) *Effective dates.* These regulations become effective annually on July fourth from 9:30 p.m. to 11 p.m. unless otherwise specified by **Federal Register** notice.

(c) *Regulation.* In accordance with the general regulations in § 165.23 of this part, entry into the safety zone is prohibited unless authorized by the Captain of the Port, Puget Sound, Seattle, WA. The Captain of the Port may establish transit lanes along the east and west shorelines of Lake Union and may allow boaters to transit north and south through the safety zone in these lanes. If established, these transit lanes will remain open until 10 p.m. and then be closed until the end of the fireworks display (approximately 30 minutes).

Dated: March 29, 1995.

R.K. Softye,

Captain, U.S. Coast Guard, Captain of the Port Puget Sound.

Safety Zone Regulations; Commencement Bay, Tacoma, WA

AGENCY: Coast Guard, DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to adopt permanent safety zone regulations for the annual Forth of July Freedom Fair Airshow and Fireworks Display in Tacoma, Washington. This event is held each year on the Fourth of July on the waters of Commencement Bay. In the past, the Coast Guard has established a temporary safety zone each year to protect the safety of life on the navigable waters during this event. However, because the event recurs annually, the Coast Guard is proposing to adopt a permanent description of the event and permanent regulations to better inform the boating public.

DATES: Comments must be received on or before June 9, 1995.

ADDRESSES: Comments should be mailed to U.S. Coast Guard Group Seattle, 1519 Alaskan Way So., Seattle, WA 98134. The comments and other materials referenced in this notice will be available for inspection and copying at the above address in Building One, Room 130, Operations Division. Normal office hours are between 7 a.m. and 4 p.m., Monday through Friday, except federal holidays. Comments may also be hand-delivered to this address.

FOR FURTHER INFORMATION CONTACT: LT Susan Workman, Assistant Operations Officer, U.S. Coast Guard Group Seattle, (Telephone: (206) 217–6009).

SUPPLEMENTARY INFORMATION:

Request for Comments

The Coast Guard encourages interested persons to participate in this rulemaking by submitting written data, views, and arguments. Persons submitting comments should include their names and addresses, identify this notice, specify the section of this notice to which each comment applies, and give the reason for each comment. Two copies of each comment should be provided in an unbound format. All comments should be on paper no larger than 8½ by 11 inches and should be suitable for copying and electronic filing. Persons wanting acknowledgment of receipt of their comments should enclose stamped, self-addressed postcards or envelopes.

The proposed regulations may be changed in light of comments received.

all comments received during the comment period will be considered before final action is taken on this proposal.

The Coast Guard plans no public hearing. Persons may request a public hearing by writing to the above address. The request should include the reasons why a hearing would be beneficial. If the Coast Guard determines that the opportunity for oral presentation will aid this rulemaking, it will hold a public hearing at a time and place announced by a later notice in the **Federal Register**.

Drafting Information

The principal persons involved in drafting this document are LT Susan Workman, Assistant Operations Officer, U.S. Coast Guard Group Seattle, and LCDR John Odell, project attorney, Thirteenth Coast Guard District Legal Office.

Discussion of Proposed Regulation

The Coast Guard is proposing to adopt permanent safety zone regulations for the annual Fourth of July Freedom Fair Airshow and Fireworks Display in Tacoma, Washington. This event is held on the waters of Commencement Bay each year from 2 p.m. on July fourth to 12:30 a.m. on July fifth. In the past, the Coast Guard has established a temporary safety zone each year to protect the safety of life on the navigable waters during the event. However, because the event recurs annually, the Coast Guard is proposing to adopt a permanent description of the event and permanent regulations in the Code of Federal Regulations (CFR) to better inform the boating public. The Coast Guard, through this action, intends to promote the safety of spectators and participants in this event. The Freedom Fair Airshow and Fireworks Display is being held as part of the celebration for the Fourth of July Independence Day in Tacoma, Washington. This event is sponsored by the Tacoma Fourth of July Commission. The airshow is conducted over the waters of Commencement Bay just off shore from Ruston Way and the Old Town area. The Federal Aviation Administration (FAA) requires that the waters below the airshow aerobatics be closed to all spectators. This required closed area measures 1000 yards by 1800 yards on the waters of Commencement Bay, Tacoma, Washington, along the shoreline of Ruston Way. The fireworks display is conducted from a barge located inside the airshow closure area. The fireworks display will take place late in the evening after the airshow is complete. This one day event attracts a large number of spectators gathered on the

waters near the airshow and fireworks display. Spectators who approach the fireworks barge at close range during the event may be struck by debris falling from the overhead fireworks display. To promote the safety of both the spectators and participants, and to keep spectators away from both the airshow aerobatics area and the fireworks barge during the events, the proposed regulations would establish a safety zone and prohibit entry into the area surrounding the events. This safety zone will be enforced by representatives of the Captain of the Port, Puget Sound, Seattle, Washington. The Captain of the Port may be assisted by other federal agencies.

Regulatory Evaluation

This proposal is not a significant action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has been exempted from review by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979).

The Coast Guard expects the economic impact of this proposal to be so minimal that a full regulatory evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. The safety zone established by the proposed regulation would encompass less than a one square nautical mile on Commencement Bay adjacent to the Old Town area on Ruston Way. Entry into the safety zone would be restricted for less than nine hours on the day of the event. These restrictions would have little effect on maritime commerce in the area.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard must consider whether this proposal will have a significant economic impact on a substantial number of small entities. "Small entities" may include (1) small businesses and not-for-profit organizations that are independently owned and operated and are not dominant in their fields and (2) governmental jurisdiction with populations of less than 50,000. Because it expects the impact of this proposal to be minimal, the Coast Guard certifies under 5 U.S.C. 605(b) that this proposal, if adopted, will not have a significant economic impact on a substantial number of small entities. Therefore, the Coast Guard certifies under 5 U.S.C. 605(b) that this proposal, if adopted, will not have a significant economic

impact on a substantial number of small entities. If, however, you think that your business or organization qualifies as a small entity and that the proposal will have a significant economic impact on your business or organization, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and in what way and to what degree this proposal will economically affect it.

Collection of Information

This proposal contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

The Coast Guard has analyzed this action in accordance with the principles and criteria contained in Executive Order 12612 and has determined that this proposal does not have sufficient federalism implications to warrant the preparation of a federalism assessment.

Environment

The Coast Guard considered the environmental impact of this proposed regulation and concluded that, under paragraph 2.B.2 of Commandant Instruction M16475.1B (as revised by 59 FR 38654; July 29, 1994), this proposed regulation is categorically excluded from further environmental documentation. Appropriate environmental analysis of the Fourth of July Freedom Fair Airshow and Fireworks Display will be conducted in conjunction with the marine event permitting process each year. Any environmental documentation required under the National Environmental Policy Act will be completed prior to the issuance of a marine event permit for this event.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

Proposed Regulations

In consideration of the foregoing, the Coast Guard proposes to amend Part 165 of Title 33, Code of Federal Regulations, as follows:

PART 165—[AMENDED]

1. The authority citation for Part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05-1(g), 6.04-1, 6.04-6 and 160.5; 49 CFR 1.46.

2. A new section 165.1305 is added to read as follows:

§ 165.1305 Commencement Bay, Tacoma, WA.

(a) *Location.* The following area is a safety zone: All portions of Commencement Bay bounded by the following coordinates: Latitude 47° 17' 34" Longitude 122° 28' 36" W; thence to Latitude 47° 17' 06" N, Longitude 122° 27' 40" W; thence to Latitude 47° 16' 42" N, Longitude 122° 28' 06" W; thence to Latitude 47° 17' 10" W, Longitude 122° 29' 02" W; thence returning to the origin. This safety zone resembles a rectangle lying adjacent to the shoreline along Ruston Way. Floating markers will be placed by the sponsor of the event to delineate the boundaries of the safety zone.

(b) *Effective dates.* These regulations become effective annually on July the fourth from 2 p.m. to 12:30 a.m. July the fifth unless otherwise specified by **Federal Register** notice.

(c) *Regulation.* In accordance with the general regulations in § 165.23 of this part, entry into this safety zone is prohibited unless authorized by the Captain of the Port, Puget Sound, Seattle, WA.

Dated: March 29, 1995.

R. K. Softye,

Captain, U.S. Coast Guard, Captain of the Port of Puget Sound.

Safety Zone Regulations; Elliott Bay, Seattle, WA

AGENCY: Coast Guard, DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to adopt permanent safety zone regulations for the annual Fourth of July Ivar's Fireworks Display in Seattle, Washington. This event is held each year on the Fourth of July on the waters of Elliott Bay. In the past, the Coast Guard has established a temporary safety zone each year to protect the safety of life on the navigable waters during this event. However, because the event recurs annually, the Coast Guard is proposing to adopt a permanent description of the event and permanent regulations to better inform the boating public.

DATES: Comments must be received on or before June 9, 1995.

ADDRESSES: Comments should be mailed to U.S. Coast Guard Group Seattle, 1519 Alaskan Way So., Seattle,

WA 98134. The comments and other materials referenced in this notice will be available for inspection and copying at the above address in Building One, Room 130, Operations Division. Normal office hours are between 7 a.m. and 4 p.m., Monday through Friday, except federal holidays. Comments may also be hand-delivered to this address.

FOR FURTHER INFORMATION CONTACT:

LT Susan Workman, Assistant Operations Officer, U.S. Coast Guard Group Seattle, (Telephone: (206) 217-6009).

SUPPLEMENTARY INFORMATION:**Request for Comments**

The Coast Guard encourages interested persons to participate in this rulemaking by submitting written data, views, and arguments. Persons submitting comments should include their names and addresses, identify this notice, specify the section of this notice to which each comment applies, and give the reason concurrence with, or any recommended changes in, the proposal. Two copies of each comment should be provided in an unbound format. All comments should be on paper no larger than 8½ by 11 inches and should be suitable for copying and electronic filing. Persons desiring acknowledgment of receipt of their comments should enclose stamped, self-addressed postcards or envelopes.

The proposed regulations may be changed in light of comments received. All comments received during the comment period will be considered before final action is taken on this proposal.

The Coast Guard plans no public hearing. Persons may request a public hearing by writing to the above address. The request should include the reasons why a hearing would be beneficial. If the Coast Guard determines that the opportunity for oral presentation will aid this rulemaking, it will hold a public hearing at a time and place announced by a later notice in the **Federal Register**.

Drafting Information

The principal persons involved in drafting this document are LT Susan Workman, Assistant Operations Officer, U.S. Coast Guard Group Seattle, and LCDR John Odell, project attorney, Thirteenth Coast Guard District Legal Office.

Discussion of Proposed Regulation

The Coast Guard is proposing to adopt permanent safety zone regulations for the annual Fourth of July Ivar's Fireworks in Seattle, Washington. This event is held on the water of Elliott Bay

each year from 9:30 p.m. to 11 p.m. on July fourth. In the past, the Coast Guard has established a temporary safety zone each year to protect the safety of life on the navigable waters during the event. However, because the event recurs annually, the Coast Guard is proposing to adopt a permanent description of the event and permanent regulations in the code of Federal Regulations (CFR) to better inform the boating public. The Coast Guard, through this action, intends to promote the safety of spectators and participants in this event. The Ivar's Fourth of July Fireworks Display is being held as part of the celebration for the Fourth of July Independence Day in Seattle, Washington. This event is sponsored by Ivar's, Incorporated. The fireworks display is conducted from a barge located on the waters of Elliott Bay, Seattle, Washington. This one day event attracts a large number of spectators gathered on the waters near the fireworks display. Spectators who approach the fireworks barge at close range may be struck by falling debris from the overhead fireworks display. To promote the safety of both the spectators and participants and to keep spectators away from the fireworks barge during the fireworks display, the proposed regulations would establish a safety zone and prohibit entry into the area that surrounds the fireworks barge during the event. This safety zone will be enforced by representatives of the Captain of the Port Puget Sound, Seattle, Washington. The Captain of the Port may be assisted by other federal agencies.

Regulatory Evaluation

This proposal is not a significant action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has been exempted from review by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979).

The Coast Guard expects the economic impact of this proposal to be so minimal that a full regulatory evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. The safety zone established by the proposed regulation would encompass less than a half of one square nautical mile on Elliott Bay adjacent to Myrtle Edwards Park. Entry into the safety zone would be restricted for less than three hours on the day of the event. These restrictions would have
