

census day for this test is July 1, 1995. A second mailing will be sent to nonrespondents. There will be no other follow-up. Check-in rates and item nonresponse information will be tabulated and analyzed. A final report will be issued in December 1995. This survey is part of a program of research aimed at reducing costs and increase coverage in the decennial census. This test will help determine what form design features enhance the ability of questionnaires to be successfully electronically scanned and data captured and yet not degrade the mail response.

Affected Public: Individuals or households.

Frequency: One-time only.

Respondent's Obligation: Mandatory.

OMB Desk Officer: Maria Gonzalez, (202) 395-7313.

Copies of the above information collection proposal can be obtained by calling or writing Gerald Taché, DOC Forms Clearance Officer, (202) 482-3271, Department of Commerce, room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent to Maria Gonzalez, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: April 14, 1995.

Gerald Taché,

Departmental Forms Clearance Officer, Office of Management and Organization.

BILLING CODE 3510-07-F

Foreign-Trade Zones Board

[Docket 14-95]

Foreign-Trade Zone 104—Savannah, Georgia, Area Application for Expansion

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Savannah Airport Commission, grantee of FTZ 104, requesting authority to expand its zone in the Savannah, Georgia, area, within the Savannah Customs port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on April 12, 1995.

FTZ 104 was approved on April 18, 1984 (Board Order 256, 49 FR 17789; 4/25/84). The zone currently consists of two sites in the Savannah, Georgia, area:

Site 1: (32 acres) within the 3400-acre Savannah International Airport

Site 2: (13 acres) within the 800-acre Garden City Terminal of the Georgia Ports Authority on the Savannah River, Chatham County

The applicant is now requesting authority to expand the zone to include two new sites (proposed Sites 3 and 4):

Proposed Site 3: (1,820 acres)—Crossroads Business Center, located at I-95 and Godley Road, Chatham County, immediately northwest of the airport; and, *Proposed Site 4:* (300 acres)—SPA Industrial Park, located 1 mile east of the I-95/U.S. 80 interchange in Chatham County, immediately southwest of the airport.

Both sites are being developed by the Savannah Economic Development Authority.

No specific manufacturing requests are being made at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is June 19, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to July 3, 1995).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce District Office, 1120 Barnard Street, Room A-107, Savannah, Georgia 31401
Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 3716, 14th & Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: April 12, 1995.

Dennis Puccinelli,

Acting Executive Secretary.

[FR Doc. 95-9684 Filed 4-18-95; 8:45 am]

BILLING CODE 3510-DS-P

[Docket A(32b1)-5-95]

Foreign-Trade Zone 119—Minneapolis-St. Paul, MN; Request for Manufacturing Authority Tetra Rex Packaging Systems, Inc. (Liquid Packaging Equipment)

An application has been submitted to the Foreign-Trade Zones Board (the

Board) by the Greater Metropolitan Area Foreign Trade Zone Commission, grantee of FTZ 119 (Minneapolis-St. Paul Area), pursuant to § 400.32(b)(1) of the Board's regulations (15 CFR part 400), requesting authority on behalf of Tetra Rex Packaging Systems Inc. (Tetra Rex) (a subsidiary of Tetra Laval, Sweden), to manufacture liquid packaging equipment under zone procedures within FTZ 119. It was formally filed on April 12, 1995.

Tetra Rex operates a liquid packaging equipment manufacturing facility in the Mid-City Industrial Park, an approved site of FTZ 119. The Tetra Rex equipment is sold to food processors for the packaging of liquid food products in plastic and paper-based cartons. Certain components (about 40% of total) would be sourced from abroad, including: painter fillings, cultured crystals, plastic tubing, plastic bottles, parts of rubber, paper cartons, alloy steel fittings, stainless steel fittings/tubes, steel wire/chains, fasteners, copper tubing/fittings, pumps, fans, heat exchange units, filtering machines, parts of packing/sorting machines, drink preparation machines, valves, bearings, electrical components, semiconductors, calculating machines, thermometers, and measuring and regulating equipment (and parts). All foreign merchandise would be admitted in privileged foreign status (19 CFR 146.41). About 60 percent of the finished equipment is exported.

Zone procedures would exempt Tetra Rex from Customs duty payments on the foreign materials used in the export activity. On its domestic sales, the company would be able to defer Customs duty payments on the foreign merchandise until it is transferred from the zone for Customs entry. The application indicates that the savings from zone procedures would help improve the company's international competitiveness, primarily with respect to export activity.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is June 5, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to June 19, 1995).

A copy of the application and the accompanying exhibits will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room

3716, 14th Street & Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: April 12, 1995.

Dennis Puccinelli,

Acting Executive Secretary.

BILLING CODE 3510-DS-P

International Trade Administration

[C-475-815]

Postponement of Final Countervailing Duty Determination: Small Diameter Circular Seamless Carbon and Alloy Steel Standard, Line and Pressure Pipe ("Seamless Pipe") From Italy

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: April 19, 1995.

FOR FURTHER INFORMATION CONTACT: Peter Wilkniss, Office of Countervailing Investigations, U.S. Department of Commerce, Room B099, 14th Street and Constitution Avenue, N.W., Washington, DC 20230; telephone: (202) 482-0588.

POSTPONEMENT: On December 23, 1994, we aligned the final countervailing duty determination in this investigation with the final antidumping duty determination in the companion antidumping investigation of seamless pipe from Italy (59 FR 66296).

On February 16, 1995, we postponed the final antidumping determination in the companion antidumping investigation of seamless pipe from Italy until no later than June 12, 1995 (60 FR 9012).

Therefore, in accordance with section 705(a)(1) of the Tariff Act of 1930, as amended, the final countervailing duty determination in this investigation will also be postponed until no later than June 12, 1995.

The case briefs in this countervailing duty investigation are now due no later than May 2, 1995, and rebuttal briefs no later than May 7, 1995. We will not hold a public hearing in this investigation, because none of the interested parties requested a hearing.

This notice is published in accordance with 19 CFR 355.20(c)(3) (1994).

Dated: April 13, 1995.

Barbara R. Stafford,

Deputy Assistant Secretary for Investigations.

BILLING CODE 3510-DS-P

[C-475-817]

Postponement of Final Countervailing Duty Determination: Oil Country Tubular Goods ("OCTG") From Italy

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: April 19, 1995.

FOR FURTHER INFORMATION CONTACT: Peter Wilkniss, Office of Countervailing Investigations, U.S. Department of Commerce, Room B099, 14th Street and Constitution Avenue, N.W., Washington, DC 20230; telephone: (202) 482-0588.

POSTPONEMENT: On December 23, 1994, we aligned the final countervailing duty determination in this investigation with the final antidumping duty determination in the companion antidumping investigation of OCTG from Italy (59 FR 66295).

On February 15, 1995, we postponed the final antidumping determination in the companion antidumping investigation of OCTG from Italy until no later than June 19, 1995 (60 FR 8632).

Therefore, in accordance with section 705(a)(1) of the Tariff Act of 1930, as amended, the final countervailing duty determination in this investigation will also be postponed until no later than June 19, 1995.

The case briefs in this countervailing duty investigation are now due no later than May 2, 1995, and rebuttal briefs no later than May 7, 1995. We will not hold a public hearing in this investigation, because none of the interested parties requested a hearing.

This notice is published in accordance with 19 CFR 355.20(c)(3) (1994).

Dated: April 13, 1995.

Barbara R. Stafford,

Deputy Assistant Secretary for Investigations.

BILLING CODE 3510-DS-P

Applications for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5 (a)(3) and (4) of the regulations

and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, D.C. 20230. Applications may be examined between 8:30 A.M. and 5:00 P.M. in Room 4211, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 95-017. Applicant: USEPA, Central Regional Laboratory, 536 S. Clark St., Chicago, IL 60605. Instrument: ICP Mass Spectrometer, Model PlasmaQuad. Manufacturer: Fisons Instruments, United Kingdom. Intended Use: The instrument will be used to determine the low concentrations of metals and other elemental constituents of waters, extracts of soils, sludges or sediments and extracts of fish or other tissue samples. Application Accepted by Commissioner of Customs: March 15, 1995.

Docket Number: 95-018. Applicant: Florida State University, National High Magnetic Field Laboratory, 1800 East Paul Dirac Drive, Tallahassee, FL 32306. Instrument: Mass Spectrometer, Model 262. Manufacturer: Finnigan MAT, Germany. Intended Use: The instrument will be used to determine isotope ratios by thermal ionization mass spectrometry. The isotopes of interest (Rb-Sr, Sm-Nd, Lu-Hf, U-Th-Pb) form the naturally occurring radioactive background. The studies will concentrate on the determination of the isotopic and inferred chemical diversity and heterogeneity of different chemical reservoirs of the earth. In addition, the instrument will be used for educational purposes in the course "Advanced Topics in Geochemistry." Application Accepted by Commissioner of Customs: March 16, 1995.

Docket Number: 95-019. Applicant: Woods Hole Oceanographic Institution, Woods Hole, MA 02543. Instrument: Mass Spectrometer, Model IMS 1270. Manufacturer: Cameca Geologie, France. Intended Use: The instrument will be used for the following research activities:

A. The early evolution of the earth—determine ages of rocks based on the U-Pb decay systems in minerals such as zircon, monazite, sphene and baddelyite.

B. Upper mantle dynamics—determine trace element abundances in minerals and use as a natural tracer for deciphering geologic processes.

C. Crustal processes and evolution—investigations on how metamorphic fluids evolved, and how post-orogenic tectonic movements operate from the point of view of cooling of metamorphic and granitic terranes.
