Snapper-Grouper Fishery Off the Southern Atlantic States; Hogfish, Cubera Snapper, Gray Triggerfish Regulatory Amendment
AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.
ACTION: Final rule.

SUMMARY: In accordance with the framework procedure for adjusting management measures of the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP), NMFS establishes a daily recreational bag limit of five hogfish per person; limits the harvest and possession of cubera snapper measuring 30 inches (76.2 cm) in total length, or larger, to 2 per day; and establishes a

minimum size limit for gray triggerfish of 12 inches (30.5 cm), total length. These measures apply only in the exclusive economic zone (EEZ) off the Atlantic coast of Florida. The intended effects of this rule are to rebuild the snapper-grouper resources and enhance enforcement.
EFFECTIVE DATE: May 22, 1995.
FOR FURTHER INFORMATION CONTACT: Peter J. Eldridge, 813-570-5305.
SUPPLEMENTARY INFORMATION: Snapper-grouper species in the Atlantic Ocean off the southern Atlantic states are managed under the FMP. The FMP was prepared by the South Atlantic Fishery Management Council (Council) and is implemented through regulations at 50 CFR part 646 under the authority of the Magnuson Fishery Conservation and Management Act.
 In accordance with the framework procedure of the FMP, the Council recommended and NMFS published a proposed rule to change the management measures applicable to certain snapper-grouper species in the EEZ off the Atlantic coast of Florida (60 FR 8620, February 15, 1995). That proposed rule specified the recommended changes and described the need and rationale for the recommended changes. Those descriptions are not repeated here.
 No comments were received on the proposed rule. Accordingly, the proposed rule is adopted as final with one change. As a technical change, the title "Secretary" is revised to read

"Assistant Administrator" where it appears in the snapper-grouper regulations. "Secretary" and "Assistant Administrator" are defined at 50 CFR 620.2 to mean "the Secretary of Commerce, or a designee" and "the Assistant Administrator for Fisheries, NOAA, or a designee," respectively. This change more clearly specifies the responsible official.
Classification
 This final rule has been determined to be not significant for purposes of E.O. 12866.
 The Assistant General Counsel for Legislation and Regulation of the Department of Commerce certified to the Chief Counsel for Advocacy of the Small Business Administration when this rule was proposed that it would not have a significant economic impact on a substantial number of small entities. The reasons were summarized in the preamble to the proposed rule (60 FR 8620, February 15, 1995). As a result, a regulatory flexibility analysis was not prepared.
