

Owned Lands Both in Fulton County, Georgia.

FOR FURTHER INFORMATION CONTACT: Superintendent, Martin Luther King, Jr. National Historic Site, 526 Auburn Avenue, Atlanta, Georgia 30312.

SUPPLEMENTARY INFORMATION: Public comments will be accepted for a period of 45 days from the date of this notice.

I. The following described Federally-owned lands which were acquired by the National Park Service, have been determined to be suitable for disposal by means of exchange. The authority for this exchange is the Act of July 15, 1968 (16 U.S.C. 4601-22).

These selected Federal lands lie inside the boundary of Martin Luther King, Jr. National Historic Site. The lands include the western half of the former Martin Luther King, Jr. Community Center which the City of Atlanta conveyed via donation to the National Park Service in 1994. The Community Center property was acquired from the City of Atlanta for Service conversion of the eastern half of the building to a Visitor Center for the National Historic Site.

The western half was acquired for the purpose of disposal by exchange with Ebenezer Baptist Church who intends to construct a new sanctuary on the lands using private funds.

The selected lands have been surveyed for cultural resources and endangered and threatened species. Although no known archaeological resources exist on these lands, plans have been made to assess and/or protect archaeological resources should they be discovered during excavation of and construction on the land. The Land Protection Plan, General Management Plan Update and Environmental Assessment discuss the use of this land for exchange purposes, and these reports along with Finding of No Significant Impact are available upon request.

Both the surface and the mineral estates are to be exchanged. There are no leases or permits affecting these lands. The property has been surveyed for hazardous substances and the presence of asbestos and lead paint has been documented.

The lands to be exchanged by the United States are generally described as follows: A portion of the lands at 450 Auburn Avenue, NE., adjacent to Jackson Street.

The above lands contain a total of 1.5 acres, more or less. These lands will be conveyed in fee simple and by easement.

II. In exchange for the lands identified in Paragraph I, the United States of

America will acquire land adjacent to Ebenezer Baptist Church and a longer term lease of the existing church sanctuary building. These lands lie within the boundary of Martin Luther King, Jr. National Historic Site.

Acquisition of a long term leasehold in the Church sanctuary building will provide the National Park Service with the authority to conduct visitor interpretive tours and preserve the historic sanctuary where Dr. King served as co-pastor, one of the primary cultural resources of the National Historic Site.

The initial term of the lease shall be 50 years with the National Park Service having the option to extend the lease for an additional 50 years. Ebenezer Baptist Church shall retain the right to use the sanctuary periodically for weddings, funerals, and similar special events. Otherwise, the Service shall use the church for interpretive programs and administer the lands as part of Martin Luther King, Jr. National Historic Site upon completion of the exchange.

The land adjacent to the church to be acquired by the United States of America shall be used to provide parking for handicapped and elderly visitors to the National Historic Site. These lands are being acquired in fee simple with no reservations subject only to rights-of-way and easement of record.

The lands to be acquired and leased by the United States of America are generally described as follows: All or a portion of the lands at 407 Auburn Avenue, NE., and 410-412 Edgewood Avenue.

The above private lands contain 1.1 acres, more or less.

The value of the properties to be exchanged shall be determined by a current fair market value appraisal and if they are not appropriately equal, the values shall be equalized by donation and/or payment of cash as circumstances require.

Detailed information concerning his exchange including precise legal descriptions, Land Protection Plan, General Management Plan Update and Environmental Assessment, cultural reports, and Finding of No Significant Impact are available at the offices of the superintendent, the Martin Luther King, Jr. National Historic Site, 526 Auburn Avenue, NW., Atlanta, Georgia 30312.

For a period of 45 calendar days from the date of this notice, interested parties may submit comments to the above address. Adverse comments will be evaluated and this action may be modified or vacated accordingly. In the absence of any action to modify or vacate, this realty action will become

the final determination of the Department of the Interior.

Dated: April 28, 1995.

Office of Surface Mining Reclamation and Enforcement

Availability of Draft Supplemental Environmental Impact Statement

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Notice of Availability of the Draft Supplemental Environmental Impact Statement for the Proposed Mining Plan and Permit Application, Fence Lake Mine.

SUMMARY: The Office of Surface Mining Reclamation and Enforcement (OSM) of the United States Department of the Interior is making available for public comment, the Draft Supplemental Environmental Impact Statement (EIS) for the Proposed Mining Plan and Permit Application for the Fence Lake Mine, located in Catron and Cibola Counties, New Mexico, and Apache County, Arizona. The draft supplemental EIS has been prepared to assist OSM in determining the environmental impacts of the life-of-mine mining plan to conduct surface coal mining operations in New Mexico, and the proposed construction and operation of a railroad corridor associated with this mine.

DATES: *Written comments:* OSM will accept written comments on the draft supplemental EIS until 4:00 p.m. Mountain Daylight Time on June 28, 1995.

Public meetings: OSM has scheduled the following public meetings to receive both written and oral comments on the draft supplemental EIS: May 30, 1995, in Quemado, New Mexico, at 7:00 p.m. local time; May 31, 1995, in St. Johns, Arizona, at 7:00 p.m. local time; June 1, 1995, in Gallup, New Mexico, at 7:00 p.m. local time; June 2, 1995, in Grants, New Mexico, at 7:00 p.m. local time; and June 3, 1995, in Albuquerque, New Mexico, at 10:00 a.m. local time.

ADDRESSES: Single copies of the draft supplemental EIS may be obtained by contacting Dr. Robert H. Block at the address and telephone number listed under **FOR FURTHER INFORMATION CONTACT.**

Written comments: Written comments may be hand delivered or mailed to Dr. Robert H. Block, Western Regional

Coordinating Center, Office of Surface Mining, 1999 Broadway, Suite 3320, Denver, Colorado, 80202-5733.

Public meetings: The public meetings will be held at the Quemado High School multi-purpose room, Highway 60, Quemado, New Mexico; the St. Johns 4-H Community Center, 395 South First West Street, St. Johns, Arizona; the Best Western Gallup Inn, 3009 West Highway 66, Gallup, New Mexico; the City Council Chambers at City Hall, 600 West Santa Fe Avenue, Grants, New Mexico; and the Pueblo Indian Cultural Center, 2401 12th Street, NW, Albuquerque, New Mexico.

FOR FURTHER INFORMATION CONTACT: Dr. Robert H. Block, Western Regional Coordinating Center, Office of Surface Mining, 1999 Broadway, Suite 3320, Denver, Colorado, 80202-5733; telephone (303) 672-5610.

SUPPLEMENTARY INFORMATION: OSM is making available for public comment, the draft supplemental EIS for the Proposed Mining Plan and Permit Application for the Fence Lake Mine, located in Catron and Cibola Counties, New Mexico, and Apache County, Arizona. The draft supplemental EIS describes the environmental impacts that would result from the life-of-mine mining plan to conduct surface coal mining operations in New Mexico, and the proposed construction and operation of a railroad corridor associated with this mine.

The Salt River Project Agricultural Improvement and Power District (SRP) of Phoenix, Arizona, has applied for Federal and State permits to conduct surface coal-mining and reclamation operations in New Mexico and Arizona as part of its proposed Fence Lake project. This proposed project has two basic elements: (1) The Fence Lake mine and its site facilities and (2) a 44-mile railroad corridor that would be associated with the proposed mine. The mine and its site facilities would be located in Catron and Cibola Counties, New Mexico, approximately 14 miles north of the town of Quemado. SRP proposes to establish a total permitted area of 18,119 acres at Fence Lake; however, only an estimated 8,432 acres, or less than one half of this permit area, would actually be disturbed by the mining operations and support facilities including the railroad corridor. The railroad corridor would be constructed west of the mine—spanning about 31 miles in Catron County, New Mexico, and about 13 miles in Apache County, Arizona—and would extend to the Coronado Generating Station that is located approximately 6 miles northeast of St. Johns, Arizona.

Under the proposed mining plan, SRP would mine a total of 81.3 million tons of coal at Fence Lake. Approximately 35.6 million of those tons would be Federal coal; the remaining 45.7 million tons would be State-leased and privately owned coal. The coal would be transported by railroad 44 miles west of the minesite to be used at SRP's existing Coronado Generating Station. The total mine life would be approximately 50 years—2 years for premining development, 38 years to recover approximately 81.3 million tons of coal and complete reclamation, and 10 years to obtain final bond release.
