marketing purposes if the Agency finds that the manufacture, processing, distribution in commerce, use and disposal of the substances for test marketing purposes will not present an unreasonable risk of injury to health or the environment. EPA may impose restrictions on test marketing activities and may modify or revoke a test marketing exemption upon receipt of new information which casts significant doubt on its finding that the test marketing activity will not present an unreasonable risk of injury.

EPA hereby approves TME-95-3. EPA had determined that test marketing of the new chemical substance described below, under the conditions set out in the TME application, and for the time period and restrictions specified below, will not present an unreasonable risk of injury to health or the environment. Production volume, use, and the number of customers must not exceed that specified in the application. All other conditions and restrictions described in the application and in this notice must be met.

Inadvertently, notice of receipt of the application was not published. Therefore, an opportunity to submit comments is being offered at this time. EPA may modify or revoke the test marketing exemption if comments are received which cast significant doubt on its finding that the test marketing activities will not present an unreasonable risk of injury.

The following additional restrictions apply to TME-95-3. A bill of lading accompanying each shipment must state that the use of the substance is restricted to that approved in the TME. In addition, the Company shall maintain the following records until five years after the date they are created, and shall make them available for inspection or copying in accordance with section 11 of TSCA:

1. The applicant must maintain records of the quantity of the TME substance produced and the date of manufacture.
2. The applicant must maintain records of dates of the shipments to each customer and the quantities supplied in each shipment.
3. The applicant must maintain copies of the bill of lading that accompanies each shipment of the TME substance.

T-95-3

Date of Receipt: March 27, 1995. The extended comment period will close May 25, 1995.

Applicant: Reichhold Chemicals, Inc. Chemical: Polyurethane adhesives.

Use: Adhesive.
Production Volume: Confidential.
Number of Customers: Confidential.
Test Marketing Period: One year. Commencing on first day of commercial manufacture.

Risk Assessment: EPA identified no significant health or environmental concerns for the test market substance. Therefore, the test marketing activities will not present any unreasonable risk of injury to human health and the environment.

The Agency reserves the right to rescind approval or modify the conditions and restrictions of an exemption should any new information come to its attention which casts significant doubt on its finding that the test marketing activities will not present an unreasonable risk of injury to health or the environment.
