

continuation of lease in effect with longer time periods between drilling).

- Information on Tracts with Indicated Hydrocarbons.
- Royalty Policies for New Leases (to offer lower royalties on offered tracts and suspend or reduce royalties based on market factors).
- Royalty Policies for Active Leases (expense and capital investment-type projects).
- Other Related Issues.

The meeting is open to the public. The first day will consist of both individual and joint MMS-industry panel discussions. The morning session will focus on issues such as bid adequacy, minimum bid levels, rentals, tract sizes, longer lease terms, and information on tracts with indicated hydrocarbons. The afternoon session will address royalty rates on new leases and extensions in the primary term on existing leases through modification of drilling requirements. It will also include an overview of the proposed MMS guidelines for royalty relief on active leases and the purpose they are designed to achieve. The second day will be reserved for more detailed technical discussions of how the proposed royalty relief guidelines would apply to representative lease operations. Selected examples and case studies will be considered in the afternoon session of the second day.

Interested parties are invited to attend both sessions, but it could be especially valuable for those responsible for the preparation of applications for royalty relief under the proposed guidelines to attend on the second day. These persons would include petroleum engineers, accountants, financial analysts and production managers.

**REGISTRATION:** Since seating will be limited, those wishing to attend any part of the 2-day session should register in advance and indicate which day(s) they plan to be present. Reservations should be made by phone (703-787-1628) or facsimile (703-787-1621) no later than May 31, 1995, to Ms. Karen Decker, Minerals Management Service, Mail Stop-4200, 381 Elden Street, Herndon, Virginia 22070.

**COMMENTS:** Written comments on the workshop and/or the individual topics covered should be sent by mail to the attention of Ms. Mary Vavrina, Economic Evaluation Branch, Minerals Management Service, 381 Elden Street, MS-4220, Herndon, Virginia, 22070, or at the above facsimile number. For more detail on the issues that MMS would like respondents to address, see the Call for Comment on Proposed Policy Options published in the **Federal**

**Register** on April 20, 1995 (60 FR 19767).

**DATES:** Monday, June 12, and Tuesday, June 13, 1995.

**ADDRESSES:** The Gulf of Mexico Regional Office, Minerals Management Service, Elmwood Towers Building, Conference Rooms 111-115, 1201 Elmwood Park Boulevard, Jefferson, Louisiana 70123—Contact person: Barney Congdon, (504) 736-2595.

**FOR FURTHER INFORMATION CONTACT:**

Contact Ms. Mary Vavrina in Herndon, Virginia, at the address or facsimile number listed above, or call her directly at (703) 787-1540.

Dated: May 8, 1995.

**National Park Service**

**Notice of Issuance of a Prospectus for the Operation of a Guided Trail Ride Service Within Kalaupapa National Historic Park**

*Summary:* The National Park Service has issued a Prospectus for a Concession Contract for the operation of a guided trail ride service at Kalaupapa National Historical Park.

*Supplementary Information:* The operation will provide the public with an opportunity to take an equestrian, guided trail ride down the historic pali trail into the community of Kalaupapa. The historic trail transcends a cliff and is approximately 2 miles in length involving the negotiation 26 switchbacks. Upon arriving at the bottom of the trail, the public will be given a tour of the historic district by a local resident.

To receive a copy of the Prospectus, contact the following either by mail or telephone: National Park Service, Concession Program Management Division, 600 Harrison Street, Suite 600, San Francisco, CA 94107-1327, or call: (415) 744-3981—Teresa Jackson.

Applications must be received by June 27, 1995, at the above address by the close of business day at 4:00 p.m. Western Daylight Saving Time.

Dated: May 5, 1995.

**Stephen G. Crabtree,**

*Acting Regional Director, Western Region.*

**Final General Management Plan/ Environmental Impact Statement; Haleakala National Park, Hawaii; Notice of Availability**

*Summary:* Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (P.L. 91-190, as amended), the National Park Service, Department of Interior, has prepared a Final General Management Plan and Environmental Impact Statement (FGMP/EIS) that describes and analyzes a proposal and two alternatives for the future management, use, and development of Haleakala National Park, Maui County, Hawaii.

The General Management Plan calls for acquiring lands adjacent to the park found to contain significant natural or cultural resources; this also will permit improvements in visitor access. The plan also calls for developing new facilities and the upgrading of existing facilities to improve the quality of visitor services. These improvements are needed to accommodate the substantial increases that have occurred in Haleakala's visitation over the past few decades. Additional research programs are also called for to refine and supplement the existing resource base data.

The Draft General Management Plan/ Environmental Impact Statement (DGMP/EIS) was released for public review on May 3, 1994 and the public comment period closed on July 30, 1994. Fifteen written comments were received. The FGMP/EIS incorporates minor modifications and clarifications in response to some of these comments, although no significant new issues or concerns were surfaced. The same proposal and alternatives were evaluated in the DGMP/EIS and the FGMP/EIS.

*Supplementary Information:* The no-action period on this final general management plan and environmental impact statement will extend for 30 days after Notice of its availability is published by the Environmental Protection Agency in the **Federal Register**.

For copies of the FGMP/EIS, or for further information, please contact: Superintendent, Haleakala National Park, P.O. Box 369, Makawao, Maui 96768.

Dated: April 11, 1995.
