SUPPLEMENTARY INFORMATION: Those individuals requesting a hearing should set forth the specific reasons why a hearing on this particular request would be appropriate.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.

The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the Regulations Governing the Taking and Importing of Marine Mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered fish and wildlife (50 CFR part 222).

The applicants seek authorization to obtain blood serum and blubber samples from cetaceans taken in subsistence hunting, and incidental, stranded and captive mortalities. The applicant also requests authorization to import blood and blubber samples from Iceland, Norway, Japan, Russia, and Denmark as well as utilize samples in storage at the National Marine Mammal Lab. No specimens will be imported into the United States that were taken illegally in the country of origin. The objectives of this research are to develop a method of extracting steroid hormones from

cetacean blubber and then to compare and determine a possible correlation between blood and blubber steroid concentrations.
