**Notice of Realty Action; Recreation and Public Purposes (R&PP) Act Classification for Conveyance (Patent) of Public Lands in Grand County, Utah**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of Realty Action, UTU-71889, Recreation and Public Purposes (R&PP) Act Classification for Conveyance (Patent) of Public Lands in Grand County, Utah.

**SUMMARY:** Notice is given that the following public lands in Grand County, Utah have been examined and found suitable for classification for conveyance (patent) to the Grand County Solid Waste Management Special Service District No. 1 (District) under the provisions of the Recreation and Public Purposes Act, as amended and supplemented (43 U.S.C. 869 *et seq.*). The District proposes to use the lands for a regional sanitary landfill site.

*Salt Lake Meridian, Utah*

T. 23 S., R. 19 E.

Sec. 14, S $\frac{1}{2}$ NW $\frac{1}{4}$ .

The above described land aggregates 80.00 acres more or less.

The lands are not needed for Federal purposes. Conveyance is consistent with current BLM land use planning and would be in the public interest.

A plan amendment was completed on March 10, 1995 that made these public lands available for disposal under the Recreation and Public Purposes Act for a regional sanitary landfill site.

The patent, when issued, will be subject to the following terms, conditions and reservations:

1. Provisions of the Recreation and Public Purposes Act and to all applicable regulations of the Secretary of the Interior.

2. The provision that the patentee shall comply with all Federal and State laws applicable to the disposal, placement, or release of hazardous substances.

3. A right-of-way will be reserved for ditches and canals constructed by the authority of the United States (Act of August 30, 1890, 26 Stat, 391; 43 U.S.C. 945).

4. All minerals, including oil and gas, shall be reserved to the United States, together with the right to prospect for, mine and remove the minerals.

5. The conveyance of the land will be subject to all valid existing rights, reservations, and privileges of record. Existing rights, reservations, and privileges of record include, but are not limited to:

a. Oil and gas lease UTU-66023.

b. Any other reservations the Authorized Officer determines appropriate to ensure public access and proper management of Federal lands and interests therein.

6. The Grand County Solid Waste Management Special Service District No. 1, its successors or assigns, assumes all liability for and shall defend, indemnify, and save harmless the United States and its officers, agents, representatives, and employees (hereinafter referred to in this clause as the United States), from all claims, loss, damage, actions, causes of action, expense, and liability (hereinafter referred to in this clause as claims) resulting from, brought for, or on account of, any personal injury, threat of personal injury, or property damage received or sustained by any person or persons (including the patentee's employees) or property growing out of, occurring, or attributable directly or indirectly, to the disposal of solid waste on, or the release of hazardous substances from the land described above, regardless of whether such claims shall be attributable to: (1) the concurrent, contributory, or partial fault, failure, or negligence of the United States, or (2) the sole fault, failure, or negligence of the United States.

7. Provided, that the title shall revert to the United States upon a finding, after notice and opportunity for a hearing, that the patentee has not substantially developed the lands in accordance with the approved plan of development on or before the date five years after the date of conveyance. No portion of the land shall under any circumstance revert to the United States if any such portion has been used for solid waste disposal or for any other purpose which may result in the disposal, placement, or release of any hazardous substance.

8. If, at any time, the patentee transfers to another party ownership of any portion of the land not used for the purpose(s) specified in the application and approved plan of development, the patentee shall pay the Bureau of Land Management the fair market value, as determined by the authorized officer, of the transferred portion as of the date of transfer, including the value of any improvements thereon.

9. The above described land has been conveyed for utilization as a regional sanitary landfill. Upon closure, the site

may contain small quantities of commercial and household hazardous waste as determined in the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. 6901), and defined in 40 CFR 261.4 and 261.5. Although there is no indication these materials pose any significant risk to human health or the environment, future land uses should be limited to those which do not penetrate the liner or final cover of the landfill unless excavation is conducted subject to applicable State and Federal requirements.

Publication of this notice in the **Federal Register** constitutes notice to the grazing permittee, Dan Jorgensen, that his grazing lease is directly effected by this action. Specifically, the subject lands are presently used for livestock grazing, involving the Big Flat-Ten Mile Cattle Allotment. Mr. Jorgensen (Grazing Record # 436318-cattle) holds the grazing privileges for the 80.00 acre parcel. The estimated permitted grazing capacity of these lands is 5 AUMs, however, there would be no reduction in the permittee's grazing preference as a result of this action. The land (acreage) will have to be excluded from the allotment effective upon issuance of the patent. There are no authorized range improvements on the subject lands.

Upon publication of this notice in the **Federal Register**, the lands will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for conveyance under the Recreation and Public Purposes Act and leasing under the mineral leasing laws.

**DATES:** On or before July 10, 1995, interested persons may submit comments regarding the proposed conveyance or classification of the lands to the Moab District Manager, Bureau of Land Management, 82 East Dogwood Drive, Suite M, Moab, Utah 84532.

**CLASSIFICATION COMMENTS:** Interested parties may submit comments involving the suitability of the land for a regional sanitary landfill. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

**APPLICATION COMMENTS:** Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not

directly related to the suitability of the land for a regional sanitary landfill.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification will become effective 60 days from the date of publication of this notice in the **Federal Register**.

**SUPPLEMENTARY INFORMATION:** Detailed information concerning this action may be obtained from Mary von Koch, Realty Specialist, Grand Resource Area, 82 E. Dogwood, Suite G, Moab, Utah 84532, (801) 259-2128 or Brad Groesbeck, District Realty Specialist, Moab District Office, 82 East Dogwood Drive, Suite M, Moab, Utah 84532, (801) 259-2115.

Dated: May 12, 1995.

### Designation Order; Establishment of a Camping Moratorium on Public Lands Within San Miguel County, CO

**AGENCY:** Bureau of Land Management, Montrose District, Uncompahgre Basin Resource Area, Montrose, Colorado.

**ACTION:** Implementation of a moratorium on overnight camping on public lands administered by the Bureau of Land Management as a San Miguel River Special Recreation Management Area (SRMA) in San Miguel County, Colorado.

**SUMMARY:** Notice is given that overnight camping is prohibited on BLM Public Lands along County Road M-59 in the San Miguel River Special Recreation Management Area. The area closed to camping is bounded to the south by Deep Creek, located approximately 7 miles east of the town of Telluride on the San Miguel River and to the north by the town of Sawpit located approximately four (4) miles downstream of Deep Creek. This camping moratorium applies only to overnight camping use on BLM-administered lands along County Road M-59, and does not affect day use of the public lands within this area or overnight camping use on other BLM-administered lands within the Special Recreation Management Area.

**DATES:** This camping moratorium will be effective May 26, 1995, and continue until such time that the San Miguel River Management Plan is completed.

**SUPPLEMENTARY INFORMATION:** This camping moratorium is being established to assist the Bureau in

reducing problems associated with the camping in this problem area while it prepares a management plan for the river corridor. The moratorium will help reduce the incidences of long-term occupancy trespass being conducted under the guise of camping on public lands within the San Miguel River Special Recreation Management Area.

The camping moratorium is also necessary to prevent excessive impacts to soil, vegetation and other resources caused by long-term camping and inappropriate vehicle use. The moratorium applies to all public land users except those who have obtained prior approval from the authorized officer, and those who are specifically allowed a longer stay under terms of a Special Recreation Permit.

CFR Title 43, Chapter II, Part 8360, Subpart 8364 provides BLM authority for establishing this closure to camping. **8360.0-7 PENALTIES.** Violations of any regulations in this part by a member of the public are punishable by a fine not to exceed \$1,000 and/or imprisonment not to exceed 12 months.

**FOR FURTHER INFORMATION CONTACT:** Additional information concerning this camping moratorium for public lands administered by the BLM in San Miguel County in the state of Colorado may be obtained from Karen Tucker, Recreation Planner, Uncompahgre Basin Resource Area, Montrose District, 2505 South Townsend Ave., Montrose, Colorado 80401, (970) 249-6047.

Dated: May 15, 1995.
