

Dated: May 24, 1995.

Stephen F. Sundlof,

Director, Center for Veterinary Medicine.
[FR Doc. 95-13635 Filed 6-2-95; 8:45 am]
BILLING CODE 4160-01-F

**ENVIRONMENTAL PROTECTION
AGENCY**

40 CFR Part 52

[TX-10-1-7020; FRL-5214-8]

**Approval and Promulgation of Air
Quality Implementation Plans; Texas;
Revision to the State Implementation
Plan (SIP) Addressing Visible
Emissions**

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: The EPA published without prior proposal a **Federal Register** (FR) action approving a revision to the Texas SIP addressing visible emissions. The EPA's direct final approval was published on April 3, 1995 (60 FR 16806).

The EPA subsequently received adverse comments on the action. Accordingly, the EPA is withdrawing its direct final approval. All public comments received will be addressed in a subsequent final rule.

EFFECTIVE DATE: This withdrawal will be effective on June 2, 1995.

ADDRESSES: Copies of the documents relevant to this action are available for public inspection during normal business hours at the addresses listed below. The interested persons wanting to examine these documents should make an appointment at least twenty-four hours before the visiting day.

U.S. Environmental Protection Agency,
Region 6, Air Programs Branch (6T-A),
1445 Ross Avenue, suite 700,
Dallas, Texas 75202-2733.

Texas Natural Resource Conservation
Commission, P.O. Box 13087, Austin,
Texas 78711-3087.

FOR FURTHER INFORMATION CONTACT: Mr. Mark Sather, Planning Section (6T-AP), Air Programs Branch (6T-A), USEPA Region 6, 1445 Ross Avenue, Dallas, Texas 75202-2733, telephone (214) 665-7258.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur dioxide, Volatile organic compounds.

Authority: 42 U.S.C. 7401-7671q.

Therefore, the final rule appearing at 60 FR 16806, April 3, 1995, which was to become effective June 2, 1995, is withdrawn.

Dated: May 22, 1995.

A. Stanley Meiburg,

Acting Regional Administrator.

RIN 2060-AC31

**National Emission Standards for
Hazardous Air Pollutants: Halogenated
Solvent Cleaning; Correction**

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Corrections to final regulation.

SUMMARY: This action corrects errors and clarifies regulatory text in the final rule published on December 2, 1994 at 59 FR 61801.

EFFECTIVE DATE: These corrections become effective June 5, 1995.

FOR FURTHER INFORMATION CONTACT:

Paul Almodóvar, Coatings and Consumer Products Group, Emission Standards Division (MD-13), U.S. Environmental Protection Agency, Research Triangle Park, North Carolina 27711, telephone number (919) 541-0283.

SUPPLEMENTARY INFORMATION: On December 2, 1994 (59 FR 61801), the Environmental Protection Agency (EPA) promulgated in the **Federal Register** national emission standards for hazardous air pollutants for halogenated solvent cleaning. These standards were promulgated as subpart T in 40 CFR part 63. This document contains corrections to editorial and cross-referencing errors in the final standards. In addition, there are corrections to clarify the applicability of the final rule, and to clarify several definitions.

Paragraph (a) of § 63.460 is revised to reflect the intent of the final rule by clarifying that wipe cleaning activities, such as cleaning using a rag containing halogenated solvent or a spray cleaner containing halogenated solvent are not covered under the scope of this regulation.

Paragraph (d) of § 63.460 and the definition of an existing source under § 63.461 are being revised to clarify that any machine, the construction or reconstruction of which was commenced on or before November 29, 1993, that did not meet the definition of

a solvent cleaning machine on December 2, 1994, because it did not, on that date, use halogenated hazardous air pollutant solvent liquid or vapor covered under this subpart to remove soils, becomes an existing source when it commences to use such liquid or vapor. The Agency intended machines that use halogenated hazardous air pollutant solvent liquid or vapor covered under this subpart to be subject to the regulation regardless of when they commenced such use. This correction clarifies an oversight in the drafting of the final rule. In addition, an existing solvent cleaning machine moved within a contiguous facility or to another facility under the same ownership continues to be regulated as an existing machine.

The definition of a batch cleaning machine under § 63.461 is being revised to clarify that cross-rod degreasers are considered batch cleaning machines. A definition of a cross-rod solvent cleaning machine is being added to the final rule.

The definition of a solvent cleaning machine under § 63.461 is being revised to clarify that small buckets, pails, and beakers with capacities of 7.6 liters (2 gallons) or less are not considered solvent cleaning machines for the purpose of this subpart. The Agency did not intend to regulate these small pieces of equipment not specifically designed to carry out cleaning or drying operations using one of the covered halogenated solvents. The size limit is included to ensure that larger vessels not specifically designed to carry out cleaning or drying operations remain subject to this final rule.

Paragraph (e)(2)(i) of § 63.463 is being revised to correct the proper units of measurement for the chilled air blanket temperature that the freeboard refrigeration device shall at least maintain. The chilled air blanket temperature shall be measured in °F, instead of °F or °C.

Paragraph (a)(4) of § 63.468 is being revised to correct an editorial error in order to clarify the intent of the provisions.

Paragraph (j) of § 63.468 is being revised to correct language on the part 70 permitting requirements for area source batch vapor and in-line solvent cleaning machines to clarify the intent of the provisions.

The headings for appendix B and appendix C are being revised for editorial errors in order to clarify the intent of the provisions.
