

regulations. The Commission had earlier issued Order No. 577 on March 29, 1995. In Order 577 the Commission extended the exception from advance posting and bidding to one full calendar month. In Order No. 557-A the Commission, responding to a request for rehearing or clarification, revised the language of the regulation to substitute "31 days" for "calendar month."

Transwestern states that the purpose of this filing is to amend Transwestern's FERC Gas Tariff to conform to the provisions of this Order.

Transwestern states that copies of the filing were served on its gas utility customers, interested state commissions, and all parties to this proceeding.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C., 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. All such motions or protests should be filed on or before July 6, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Docket No. RP94-285-001]

Williston Basin Interstate Pipeline Company; Notice of Compliance Filing

June 28, 1995.

Take notice that on June 22, 1995, Williston Basin Interstate Pipeline Company (Williston Basin), tendered for filing revised tariff sheets to Second Revised Volume No. 1 of its FERC Gas Tariff.

Williston Basin states that, in accordance with the Commission's June 7, 1995 Order, the revised tariff sheets modify its nomination variance charge provisions to assess, on a pro rata basis, receipt/delivery point total charges only on those individual shippers at such receipt/delivery point which exceed the threshold tolerance for volumes under their aggregate service agreements at the affected receipt/delivery point.

Williston Basin has requested that the Commission accept this filing to become effective July 1, 1995.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). All such protests should be filed on or before July 6, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

ENVIRONMENTAL PROTECTION AGENCY

[FRL-5253-9]

Agency Information Collection Activities Under OMB Review

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected cost and burden; where appropriate, it includes the actual data collection instrument.

DATES: Comments must be submitted on or before August 4, 1995.

FOR FURTHER INFORMATION CONTACT:

For further information, or for a copy of this ICR, contact Sandy Farmer at (202) 260-2740, please refer to EPA ICR #1758.01.

SUPPLEMENTARY INFORMATION:

Office of Enforcement and Compliance Assurance

Title: Compliance Assistance Measures of Success Reporting Form. (EPA ICR #1758.01 and OMB #2060-xxxx.)

Abstract: This ICR is for a new information collection in support of the Office of Enforcement and Compliance Assurance's (OECA) efforts to evaluate

their compliance program through use of performance measures. This information will be collected on the performance of compliance assistance programs, other than those operating under section 507 of the Clean Air Act for which there is a separate ICR in use. The information will be collected so that EPA can better understand the effectiveness of compliance assistance programs vis a vis enforcement programs and so that success stories can be shared between programs. Under this Information Collection Request (ICR), State compliance assistance programs other than those operated under Section 507 of the CAA, will be responsible for reporting to EPA and associated recordkeeping.

State compliance assistance programs will be responsible for reporting: (1) Name of State or Regional program; (2) program utilization; (3) program effectiveness-improved understanding or environmental requirements, behavioral changes, changes in compliance rates and environmental improvements; and (4) data based on industry or population type.

State compliance assistance programs will be responsible for recording all applicable information pertaining to the reporting requirements.

Burden Statement: The total annual public reporting and recordkeeping burden for this collection of information is estimated to be 2650 hours, for an average of 25 hours per respondent. This includes time for reviewing instructions, searching existing data sources, gathering the data needed, completing the collection information and maintaining records.

Respondents: State Compliance Assistance Programs.

Estimated Number of Respondents: 106.

Estimated Total Annual Burden on Respondents: 2650 hours.

Frequency of Collection: Annually.

Send comments regarding the burden estimate, or any other aspect of this information collection, including suggestions for reducing the burden, (please refer to EPA ICR 1758.01 and #2060-xxxx) to:

Sandy Farmer, EPA ICR #1758.01, U.S. Environmental Protection Agency, Information Policy Branch (2136), 401 M Street, SW., Washington, DC 20460. and

Chris Wolz, OMB #2060-xxxx, Office of Management and Budget, Office of Information and Regulation Affairs, 725 17th Street, NW., Washington, DC 20503.

Dated: June 28, 1995.

SUPPLEMENTARY INFORMATION:

Office of Air and Radiation

Title: Air Pollution Regulations for Outer Continental Shelf (OCS) Activities: Reporting, Recordkeeping, and Testing Requirements. (EPA ICR#1601.03 and OMB #2060-0249.)

Abstract: this ICR is an extension of an existing information collection in support of Section 801 of the Clean Air Act (CAA) Amendments of 1990 amended Title III of the CAA by adding section 328 which is titled: Air Pollution from Outer Continental Shelf Activities. Under this ICR, owners and operators of sources involved in the recovery of oil and gas from the outer continental shelf (OCS) are the respondents and recordkeepers for this information collection request.

Owners and operators of affected facilities will be responsible for submitting the following reports: (1) Notice of intent to construct; (2) preconstruction permit application; (3) annual reporting requirements to demonstrate compliance with operating permits; (4) submission of the daily fuel log 60 days after each well drilling completion.

Owners and operators of affected facilities are responsible for maintaining records on the following topics: (1) Daily fuel use associated with each well

drilling; (2) records demonstrating compliance with operating permits.

State and local agencies will be responsible for submitting the following reports: (1) Request for EPA transfer of authority in order to enforce the OCS regulations; (2) submission of all permit applications.

Burden Statement: Public reporting burden for this collection of information is estimated to average 25,100 hours per year; the annual reporting burden per respondent is estimated to be 612 hours, including time of reviewing instructions, searching existing data sources, gathering the data needed, completing the collection of information and maintaining records.

Respondents: State and local governments and OCS stationary sources.

Estimated Number of Respondents: 41.

Estimated Total Annual Burden on Respondents: 25,100 hours.

Frequency of Collection: One-time, on occasion and annually.

Send comments regarding the burden estimate, or any other aspect of this information collection, including suggestions for reducing the burden, (please refer to EPA ICR 1601.03 and #2060-0249) to:

Agency Information Collection Activities Under OMB Review

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected cost and burden.

DATE: Comments must be submitted on or before August 4, 1995.

FOR FURTHER INFORMATION OR A COPY CALL: Sandy Farmer at EPA (202) 260-2740, please refer to ICR #1446.05.

SUPPLEMENTARY INFORMATION:

Office of Prevention, Pesticides and Toxic Substances

Title: Polychlorinated Biphenyls (PCBs)—Notification and Manifesting of PCB Waste Activities and Records of PCB Storage and Disposal. (EPA ICR No. 1446.05; OMB No. 2070-0112). This notice requests an extension of a currently approved collection.

Abstract: Under § 6(e) of the Toxic Substances Control Act (TSCA), generators of PCB waste must prepare manifests when they ship the waste for storage and disposal. The manifests enable EPA to track the chain of custody for a particular PCB waste shipment. Generators must also submit to EPA an Exception Report if, within 45 days, they do not receive a copy of the PCB waste manifest signed by the owner or operator of the PCB commercial storage and disposal facility to which the waste was shipped. They are also required to submit an annual report of unmanifested PCB waste.

All commercial storers, transporters and disposers of PCB waste must notify the EPA of their PCB waste handling activities, and they must obtain an ID number to be used on the required PCB waste manifests. Owners and operators of commercial storage and disposal facilities, must submit to the Agency an annual report of discrepancies between the quantity and type of PCB waste designated on the manifest or shipping papers, and the quantity or type of PCB waste actually delivered to, and received by, their designated facilities. Commercial storers of PCB waste must submit financial assurance and closure plans for EPA approval of their facilities. Commercial storers must also keep records of burden associated with 3rd-party notifications. In addition, users, storers, and disposers of PCB waste must keep records of all their PCB activities, including copies of manifests and all annual records of the disposition of PCBs. The Agency uses the information to monitor the movement of PCBs and their ultimate disposal, and to ensure compliance with the regulations.

Burden Statement: The estimated average public reporting burden for this collection of information is .38 hour per respondent for reporting, and 7.4 hours per recordkeeper annually. This estimate includes the time to read instructions, gather existing information and complete the required reports.
