

the Bureau of Land Management and the County of Imperial for the proposed Mesquite Regional Class III Landfill. The proposed federal action analyzes the environmental effects of a land exchange for approximately 1,750 acres, rights of way for a railroad spur and a gas pipeline plus an amendment to the California Desert Conservation Area Plan.

The Draft EIS/EIR was released on April 8, 1994, with a 90 day public review period. Two public hearings were held during the public comment period to receive verbal testimony regarding the Draft document's adequacy or accuracy. The first hearing was held at 7 p.m. PDT, Wednesday, May 25, 1994, at the El Centro Community Center, 375 South First Street, El Centro, California 92243. The second hearing was held at 7 p.m. PDT, Thursday, May 26, 1994, at the Desert Expo Center, Fine Arts Building, 46-350 Arabia Street, Indio, California 92201. Written comments were accepted through July 6, 1994. Responses to all public comments and statements given at the various public hearings are included as part of the Final EIS/EIR. Public comments were considered during preparation of the Final EIS/EIR.

**DATES:** For Public Comments: A 30-day public review period has been established for this document. Written comments concerning the adequacy or accuracy of the Final EIS/EIR must be filed no later than August 14, 1995.

**ADDRESSES:** Written comments must be filed no later than August 14, 1995, and should be addressed to: Bureau of Land Management, 1661 South 4th Street, El Centro, CA 92243.

**FOR ADDITIONAL INFORMATION CONTACT:** Thomas Zale, Multi-Resources Staff Chief, Bureau of Land Management, El Centro Resource Area, 1661 South 4th Street, El Centro, California, 92243.

**SUPPLEMENTARY INFORMATION:** Gold Fields Mining Co. (Gold Fields), Western Waste Industries, and S.P. Environmental Systems have formed a (Partnership) that would own and develop the proposed landfill located contiguous to the site of the currently operating Mesquite Gold Mine and Ore Processing Facility (Mesquite Mine) in eastern Imperial County. The proposed project would include the unloading and loading of Municipal Solid Waste (MSW) residue containers, placement of MSW into the landfill, rail and equipment maintenance, landfill gas recovery and destruction by flaring or utilization of energy recovery techniques, leachate collection and processing and waste water treatment. Temporary storage of recyclable

materials from originating transportation operations (in accordance with AB939) would also be provided.

The proposed project would involve 4,250 acres, of which 2,290 acres would be utilized for the landfill footprint and ancillary facilities. The proposed landfill is designed to accommodate up to 600 million tons of MSW residue and would have an operational life of 100 years. MSW would be collected from population centers in Southern California, including Imperial County, by local collection vehicles and taken to existing or future transfer stations/material recovery facilities (MRFs) where it would be sorted and processed to remove recyclables, hazardous materials, and other unacceptable wastes in accordance with AB939. From these locations, MSW residue would be transferred to railroad loading intermodals where it would be loaded for rail haulage to the Mesquite Regional Landfill project site. Truck transfer of Imperial County MSW residue could also occur (based on future decisions made by local officials) after processing at local transfer stations/MRFs. The estimated rate of growth of daily MSW volumes would be 4,000 tons per day (tpd) for Year 1 of operations, increasing up to 20,000 tpd after Year 7. The estimated daily number of trains that would be required would be one train during Year 1 (4,000 tpd), increasing to 5 trains after Year 7 (20,000 tpd). The proposed maximum daily volume of MSW residue would be 20,000 tons per day averaged over a two week, 12 day period. The actual rate of growth and operational life of the landfill will depend upon market conditions for MSW disposal in communities that choose to use the regional landfill.

In addition to the No Action Alternative, four alternatives to the proposed action are considered in the Final EIS/EIR and include: Smaller Landfill Footprint (Alternative I); Decreased Disposal Rate (Alternative II); Alternative Mesquite Regional Landfill Site (Alternative III); and Larger Project (increased maximum disposal rate and larger landfill footprint) (Alternative IV). The Final EIS/EIR analyzes the effects of the proposed action and alternatives on such environmental issues including but not limited to: air quality, social and economic impacts, ground and surface water quality, endangered and other special status plants and animals, cultural or historical and visual resources.

Dated: June 23, 1995.

**G. Ben Koski,**  
Area Manager.

**Notice of Realty Action; Recreation and Public Purposes (R&PP) Act Classification; Arizona**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** The following public lands in Maricopa County, Arizona, have been examined and found suitable for classification for conveyance to the Deer Valley Unified School District under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869, *et seq.*). The Deer Valley Unified School District proposes to use the lands for a school facility and community recreational facilities.

**Gila and Salt River Meridian, Arizona**

T. 5 N., R. 3 E.,

Sec. 12, lots 6, 7, 11, 14, 15, 16, 18, 19,  
NE $\frac{1}{4}$  SW $\frac{1}{4}$  NW $\frac{1}{4}$ , NW $\frac{1}{4}$  SE $\frac{1}{4}$  NW $\frac{1}{4}$ .

Containing 60.10 acres more or less.

The lands are not needed for Federal purposes. Conveyance of these lands is consistent with current BLM land use planning and would be in the public interest.

The patent, when issued, will be subject to the following terms, conditions and reservations:

1. Provisions of the Recreation and Public Purposes Act and all regulations of the Secretary of the Interior.

2. A right-of-way for ditches and canals constructed by the authority of the United States.

3. All minerals shall be reserved to the United States, together with the right to prospect for, mine, and remove the minerals.

4. Those rights for power line purposes granted to the Arizona Public Service Company by Right-of-way AZA-16829.

5. Those rights for telephone line purposes granted to U.S. West Communications Inc. by Right-of-Way AZA-17050.

6. Those rights for access road purposes granted to the Maricopa County Highway Department by Right-of-way AZA-22667.

7. Those rights for access road purposes granted to the Maricopa County Highway Department by Right-of-way AZA-23666.

**FOR FURTHER INFORMATION CONTACT:** Adrian A. Garcia, Bureau of Land Management, Phoenix Resource Area office, 2015 West Deer Valley Road, Phoenix, Arizona 85027. Telephone (602) 780-8090.

Upon publication of this notice in the **Federal Register**, the lands will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease or conveyance under the Recreation and Public Purposes Act. For a period of 45 days from the date of publication of this notice, interested parties may submit comments regarding the proposed conveyance or classification of the lands to the District Manager, Phoenix District Office, 2015 West Deer Valley Road, Phoenix, Arizona 85027.

**CLASSIFICATION COMMENTS:** Interested parties may submit comments involving the suitability of the land for a school facility and community recreational facilities. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

**APPLICATION COMMENTS:** Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a school facility and community recreational facilities.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification will become effective 60 days from the date of publication in the **Federal Register**.

Dated: July 7, 1995.

**David J. Miller,**

*Associate District Manager.*

### Conveyance of Mineral Interests in California

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of Segregation.

**SUMMARY:** The private land described in this notice, aggregating 149.61 acres, is segregated and made unavailable for

filings under the general mining laws and the mineral leasing laws to determine its suitability for conveyance of the reserved mineral interest pursuant to section 209 of the Federal Land Policy and Management Act of October 21, 1976.

The mineral interests will be conveyed in whole or in part upon favorable mineral examination.

The purpose is to allow consolidation of surface and subsurface of minerals ownership where there are no known mineral values or in those instances where the reservation interferes with or precludes appropriate nonmineral development and such development is a more beneficial use of the land than the mineral development.

**FOR FURTHER INFORMATION CONTACT:** Marcia Sieckman, California State Office, Federal Office Building, 2800 Cottage Way, Room E-2845, Sacramento, California 95825, (916) 979-2858. Serial No. CACA 34048.

### T. 30 N., R. 8 W., Mount Diablo Meridian

Sec. 14, Parcel 1 as shown and designated upon that certain Parcel Map #349-79 for John and Kathleen Bejarano filed for record in the office of the County Recorder on September 2, 1981 in Book 22 of Parcel Maps at page 43, Shasta County Records. County—Shasta.

Minerals Reservation—All coal and other minerals.

Upon publication of this Notice of Segregation in the **Federal Register** as provided in 43 CFR 2720.1-1(b), the mineral interests owned by the United States in the private lands covered by the application shall be segregated to the extent that they will not be subject to appropriation under the mining and mineral leasing laws. The segregative effect of the application shall terminate by publication of an opening order in the **Federal Register** specifying the date and time of opening; upon issuance of a patent or other document of conveyance to such mineral interest; or two years from the date of publication of this notice, whichever occurs first.

Dated: July 6, 1995.

### Notice of Availability of Approved Resource Management Plan and Record of Decision

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of Availability of the Approved Resource Management Plan

and Record of Decision for the Eugene BLM District, Oregon.

**SUMMARY:** In accordance with the National Environmental Policy Act of 1969 (40 CFR 1550.2), and the Federal Land Policy and Management Act of 1976, (43 CFR 1610.2 (g)), the Department of the Interior, Bureau of Land Management (BLM), Eugene District provides notice of availability of the Approved Resource Management Plan (ARMP) and Record of Decision (ROD) for the Eugene District. In addition to describing the decisions, the ARMP will provide the framework to guide land and resource allocations and management direction for the next 10 to 20 years in the Eugene District. This ARMP supersedes the existing Eugene District Management Framework Plan (1983), and other related documents for managing approximately 318,000 acres of mostly forested public land and 1,299 acres of non-federal surface ownership with federal mineral estate administered by the Bureau of Land Management in Benton, Douglas, Lane, and Linn counties in Oregon.

**ADDRESSES:** Copies of the ARMP/ROD are available upon request by contacting the Eugene District Office, Bureau of Land Management, 2890 Chad Drive, Eugene, Oregon 97408-7336. This document has been sent to all those individuals and groups who were on the mailing list for the Proposed Eugene District Resource Management Plan/Final Environmental Impact Statement. The full supporting record for the ARMP is available for inspection in the Eugene District Office at the address shown above. Copies of the draft RMP/EIS and proposed RMP/final EIS are also available for inspection in the public room on the 7th floor of the BLM Oregon/Washington State Office, 1515 SW Fifth Street, Portland, Oregon, and public libraries in Eugene/Springfield during normal hours.

**FOR FURTHER INFORMATION CONTACT:** Judy Nelson, District Manager, Eugene District Office, Bureau of Land Management. She can be reached by telephone at 503-683-6600 or by FAX at 503-683-6981.

**SUPPLEMENTARY INFORMATION:** The Eugene District ARMP/ROD is essentially the same as the Eugene District Proposed Resource Management Plan and Final Environmental Impact Statement (PRMP/FEIS). Virtually no changes to the proposed decisions have been made, except for some clarifying language in response to the nine valid protests BLM received on the Eugene District PRMP/FEIS and as a result of
