Title: Expanded Interconnection with Local Telephone Company Facilities, CC Docket No. 91-141, Transport Phase II (Third R&O).

Form No.: N/A.

Action: Revision to a currently approved collection.

Respondents: Businesses or other for-profit.

Frequency of Response: On occasion.

Estimated Annual Burden: 64 responses; 13 hours burden per response; 832 hours total annual burden.

Needs and Uses: Tier 1 local exchange carriers (except NECA members) are required to make tariff filings to provide certain signalling information to interested parties so that those parties can provide tandem switching services. Tandem switching providers are required to provide certain billing information to those Tier 1 local exchange carriers. The tariffs and cost support information accompanying them are used by the FCC staff to ensure that the tariff rates are paid for signalling information are just, reasonable and nondiscriminatory, as Sections 201 and 202 of the Communications Act requires. Without this information the FCC would be unable to determine whether the rates for these services are just, reasonable, nondiscriminatory, and otherwise in accordance with the law. PIU and billing allocation information are used by LECs to bill IXC's properly for interstate and intrastate access.

Title: Part 32 Uniform System of Accounts for Telecommunications Companies.

Form No.: N/A.

Action: Revision of a currently approved collection.

Respondents: Business or other for-profit.

Frequency of Response: On occasion.

Estimated Annual Burden: 239 responses; 1,2686 hours burden per response; 3,031,868 hours total annual burden.

Needs and Uses: The Uniform System of Accounts is a historical financial accounting system which reports the

results of operational and financial events in a manner which enables both management and regulators to assess these results with a specified accounting period. Subject respondents are telecommunications companies. Entities having annual revenue from regulated telecommunications operations of less than \$100 million are designated as Class B companies and are subject to a less detailed accounting system than those designated as Class A companies.

Title: Accounting and Reporting Requirements for Video Dailtone Service (RAO Letter 25).

Form No.: N/A.

Action: New collection.

Respondents: Business or other for-profit.

Frequency of Response: On occasion.

Estimated Annual Burden: 10 recordkeepers; 850 hours burden per respondent; 8,500 hours total annual burden.

Needs and Uses: Carriers offering video dialtone service are required to establish two sets of subsidiary accounting records; one to capture the investment expense and revenue wholly dedicated to video dialtone, the other to capture the investment, expense and revenue shared between video dialtone and other services. This requirement is necessary to ensure that the subsidiary records maintained by the carriers include all relevant data and to ensure that the data is auditable.
OMB Number: 3060-0065.

Title: Application for New or Modified Radio Station Authorization Under Part 5 of FCC Rules - Experimental Radio Service (Other than Broadcast).
